LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Tiverton road, Dorchester district, as a highway, from Lorna road southeasterly, bounded and described as follows:

A highway named Tiverton road is hereby laid out, from Lorna road southeasterly for a distance of approximately five hundred and five feet, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Lorna road, fifty and 32-100 feet; northeasterly by the northeasterly line of said Tiverton road as hereby laid out, five hundred three and 95-100 feet; southeasterly by the southeasterly line of said Tiverton road as hereby laid out, fifty and 44-100 feet; and southwesterly by the southwesterly line of said Tiverton road as hereby laid out, five hundred four and 90-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Tiverton road, Dorchester district, as a highway, from Lorna road southeasterly for a distance of approximately five hundred and five feet, under the order of the Board of June 7, 1935, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Lindall street, West Roxbury district, as a highway, from Cummins Highway to Murray Hill road, bounded and described as follows:

A highway named Lindall street is hereby laid out, from Cummins Highway to Murray Hill road, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Cummins Highway, forty and 1-100 feet; northwesterly by the northwesterly line of said Lindall street as hereby laid out, by two measurements, ninety-four and 51-100 feet and four hundred twenty-three and 89-100 feet; northeasterly by Murray Hill road, forty and 2-100 feet; and southeasterly by the southeasterly line of said Lindall street as hereby laid out, by two measurements, four hundred twenty-four and 70-100 feet and ninety-four and 91-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Lindall street, West Roxbury district, as a highway, from Cummins Highway to Murray Hill road, under the order of the Board of June 6, 1935, and awards no damages therefor.

FIRE DEPARTMENT ORDERS.

General Order No. 27.

I. CORNELIUS J. CROWLEY.

It is with deep regret that the Fire Commissioner announces the death, on June 2, 1935, of Hoseman Cornelius J. Crowley of Engine Company 23. Hoseman Crowley was appointed to the department August 31, 1903.

The funeral was held from his late residence, 73 Adams street, at 8.30 a. m., June 5, 1935, followed by services at St. Peter's Church, Meeting House Hill.

The Chief of Department assigned the customary detail to act as funeral escort, under command of District Chief Edward M. Montgomery of District 10. The members of Engine Company 23 were excused from duty in order to attend the funeral.

II. WILLIAM J. HURLEY.

It is with deep regret that the Fire Commissioner announces the death, on June 7, 1935, of William J. Hurley, book-keeper-clerk in the Maintenance Division of this department. Mr. Hurley was appointed to the Fire Department on November 30, 1906. He had previously served as clerk in the Public Works Department, from February 7, 1902.

The funeral was held from the Crosby Memorial Chapel, 867 Beacon street, Boston, followed by services at St. Ignatius Church, Boston College.

A detail from the Maintenance Division of this department acted as a funeral escort. The members of the Maintenance Division were excused from duty in order to attend the funeral.

III. REVEREND DENNIS J. LYNCH SCHOLARSHIP.

Notice has been received from the Reverend Principal of Boston College High School, Harrison avenue, Boston, that on Saturday, June 15, 1935, at 9 a. m., in the High School Building, James street, there will be a special examination for the Reverend Dennis J. Lynch Scholarship, founded by the members of the Boston Fire Department in memory of their late chaplain.

This scholarship is open to boys who have completed the eighth grade of grammar school this year. This is an annual scholarship to be awarded to the son of any member of the Boston Fire Department who obtains the highest average in the annual competitive entrance examinations.

IV. ACTING DISTRICT CHIEF.

Capt. James A. Gagan of Engine Company 46 has been designated as Acting District Chief of District 14 to take effect as of June 3, 1935.

V. BOSTON AUTOMATIC ASSIGNMENT.

The following addition is to be made to the running cards of the Boston Automatic Fire Alarm Company:

Signal 271, 42-48 Franklin street, corner of Hawley street. Apparatus to respond, Engine 25, Ladder 8 and chief of District 5. Nearest city box is No. 1273.

IV. AMERICAN DISTRICT TELEGRAPH ASSIGNMENTS.

The following additions are to be made to the running cards of the American District Telegraph Company:

Signal 289, The Bennington Corporation, 47 Huntington avenue. Apparatus to respond, Engine 33, Ladder 15, and

chief of District 7. Nearest city box is No. 1562.

Signal 533, Bowker & Torrey Company and Beverly Street Buildings Corporation, 6-12 Medford street, city.

Signal 535, Same, 20-24 Medford street, city.

Signal 539, Same, 43-55 Beverly street, city.

Apparatus to respond to Signals 533, 535 and 539, Engine 8, Ladder 1 and Chief of District 4. Nearest city box is No. 1311.

VII. REDUCED ASSIGNMENTS JUNE 17 AND JULY 4.

The reduced assignments and regulations promulgated in General Order No. 57, series of 1930, as amended by Special Order of June 13, 1932, will be effective between the hours of 9 p. m. June 16, and midnight, June 17, 1935, and from 9 p. m. July 3, to midnight, July 4, 1935.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

General Order No. 28.

I. CHARITY BASEBALL GAME.

His Honor, Mayor Frederick W. Mansfield, has requested the members of the Boston Fire Department to give their customary generous support to the Charity Baseball Game to be held at Fenway Park on Tuesday, July 9, 1935. Every one who purchases tickets is assured of the knowledge that he is contributing to the assistance of the less fortunate, particularly to provide funds for necessary medical assistance in the Public Welfare Department.

Among the features of this day of sport will be a baseball game between employees of the City of Boston and the City of New York. Such a game should be of particular interest to all employees of the City of Boston. An unusually attractive entertainment program, augmented by special features contributed by leaders of various departments of the sport world, will be presented during the afternoon.

To stimulate further the sale of tickets an automobile will be awarded to the holder of the lucky ticket number drawn that afternoon.

The Fire Commissioner has designated Deputy Chief Samuel J. Pope of the Fire Prevention Division and Lieut. Frederick J. Dobbratz of Ladder Company 18 to have charge of the disposition of tickets in the Fire Department. Tickets are priced at \$1 each. Three representatives from each division of the department will be designated to call on the various members of the department concerning the purchase of tickets and the commissioner requests that every courtesy be extended to these representatives when they call.

In addition, the commissioner desires every man to take a personal interest in this charitable enterprise sponsored by his Honor the Mayor and to urge their friends to join with them in guaranteeing the financial success of the occasion. With the immediate and generous support of the members of the Fire Department the success of the affair will be greatly stimulated.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

LAND-TAKING IN CITY PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of alley No. 803, Boston Proper district, as a public alley, from Northampton street to Camden street, bounded and described as follows:

A public alley named Public Alley No. 803 is hereby laid out, from Northampton street to Camden street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said public alley and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for

public alley purposes is hereby taken, is bounded and described as follows:

Northeasterly by Northampton street, fifteen feet; southeasterly by the southeasterly line of said Public Alley No. 803 as hereby laid out, two hundred seven and 28-100 feet; southwesterly by Camden street, fifteen and 6-100 feet; and northwesterly by the northwesterly line of said Public Alley No. 803 as hereby laid out, two hundred eight and 62-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Public Alley No. 803, Boston Proper district, from Northampton street to Camden street, under the order of the Board of June 11, 1935, and awards no damages therefor.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SCHOOL COMMITTEE.

Upon June 12 the School Committee approved contracts for furnishing paper, blank books and envelopes for Boston public schools, for which bids were opened Wednesday, March 20. Awards were made to the lowest bidders in accordance with specifications, and contracts executed as follows:

April 23, 1935, Milton Bradley Company, \$3,970.20; April 16, 1935, J. L. Hammett Company, \$39,331.70; May 9, 1935, Hurlbert & Hatfield, \$1,330.55; April 17, 1935, Henry S. Wolkins Company, \$1,405.75. Bids were as follows:

Memo. in re comparison of proposals for furnishing paper, blank books and envelopes for the Boston public schools:

Andrews Paper Company, the Business Manager's copy had a 2 per cent discount for payment in thirty days on page 54. This did not appear on the auditor's copy.

Arnold Roberts Company, proposal not signed in the proper place. City Auditor ruled that the bid is defective.

Carter Rice Company, no copy of the proposal filed with City Auditor.

Hurlbert & Hatfield, letter filed with the Business Manager's copy. No copy of this letter at the City Auditor's office.

Massachusetts Envelope Company, the Business Manager's copy had a 2 per cent discount for payment in ten days on page 54. This did not appear on the auditor's copy.

New England Stationery Company, letter filed with the Business Manager's copy. No copy of the letter with the auditor's copy. Discount quoted in letter not on bid form.

Storrs-Bement Company, the auditor's copy had the following notation following Group 4: "400 Line—U. S. E. Co. No. 424 White Wave Sub. 24." This notation did not appear on the Business Manager's copy.

Tileston & Hollingsworth Company, the auditor's copy had a total for Group 13 of \$2,633.65. The Business Manager's copy had \$2,632.65.

Henry S. Wolkins Company, the unit price for Item 15 was 2.79 cents for No. 1 on the Business Manager's copy. The unit price on the auditor's copy was 2.97 cents.

H. J. Dowd Company, Incorporated, the entire bid withdrawn. See letter of March 23, 1935.

Worcester Envelope Company, entire bid withdrawn. See letter to the Business Manager.

L. Hammett Company, unit price, 2.067 cents; total, \$24.80; Fort Hill Paper Company, unit price, 2.195 cents; total, \$26.34; 2 per cent for cash in ten or thirty days; Gledhill Brothers, Incorporated, unit price, 2.1 cents; total, \$25.20; VonOlker Snell Paper Company, unit price, 1.949 cents; total, \$23.38; 2 per cent for cash in thirty days; Henry S. Wolkins Company, unit price, 2.17 cents; total, \$26.04.

¹The Business Manager's copy had a 2 per cent discount for payment in thirty days on page 54. This did not appear on the auditor's copy.

²This price applies on receiving orders for all the different sizes of blocks covered by Item 14.

Item 14—25,000 Plain White Blocks, 3 by 5.—Andrews Paper Company,¹ unit price, 1.05 cents; total, \$262.50; 2 per cent cash discount for payment in thirty days; E. E. Babb & Co., Incorporated, unit price, 1.15 cents; total, \$287.50; Milton Bradley Company, unit price, 1.052 cents; total, \$263; Century Paper Company,² unit price, 1.05 cents; total, \$262.50; 2 per cent cash discount for payment in ten or thirty days; J. L. Hammett Company, unit price, 1.12 cents; total, \$280; Fort Hill Paper Company, unit price, 1.185 cents; total, \$296.25; 2 per cent cash discount for payment in ten or thirty days; Gledhill Brothers, Incorporated, unit price, 1.21 cents; total, \$302.50; VonOlker Snell Paper Company, unit price, .957 cents; total, \$239.25; 2 per cent cash discount for payment in thirty days; Henry S. Wolkins Company, unit price, 1 cent; total, \$250.

¹The Business Manager's copy had a 2 per cent discount for payment in thirty days on page 54. This did not appear on the auditor's copy.

²This price applies on receiving orders for all the different sizes of blocks covered by Item 14.

Item 14—10,000 Plain White Blocks, Two and One Half by Four.—Andrews Paper Company,¹ unit price, .7 cents; total, \$70; 2 per cent cash discount for payment in thirty days; E. E. Babb & Co., Incorporated, unit price, .82 cents; total, \$82; Milton Bradley Company, unit price, .735 cents; total, \$73.50; Century Paper Company,² unit price, .721 cents; total, \$721; 2 per cent cash discount for payment in ten or thirty days; J. L. Hammett Company, unit price, .742 cents; total, \$74.20; Fort Hill Paper Company, unit price, .85 cents;

total, \$85; 2 per cent cash discount for payment in ten or thirty days; Gledhill Brothers, Incorporated, unit price, .86 cents; total, \$86; VonOlker Snell Paper Company, unit price, .715 cents; total, \$71.50; 2 per cent cash discount for payment in thirty days; Henry S. Wolkins Company, unit price, .6 cents; total, \$60.

¹The Business Manager's copy had a 2 per cent discount for payment in thirty days on page 54. This did not appear on the auditor's copy.

²This price applies on receiving orders for all the different sizes of blocks covered by Item 14.

Item 15—25,000 Ruled White Blocks, 5 by 8.—E. E. Babb & Co., Incorporated, unit price, 2.87 cents; total, \$717.50; Milton Bradley Company, unit price, 2.75 cents; total, \$687.50; J. L. Hammett Company, unit price, 3.01 cents; total, \$752.50; Fort Hill Paper Company, unit price, 3.39 cents; total, \$847.50; 2 per cent for cash in ten or thirty days; Gledhill Brothers, Incorporated, unit price, 2.97 cents; total, \$742.50; Henry S. Wolkins Company,¹ unit price, 2.757 cents; total, \$689.25; No. 2; Henry S. Wolkins Company,² unit price, 2.97 cents; total, \$742.50, No. 1.

¹This price is contingent on receiving orders for Items 16, 17, 18, 19.

²The unit price for Item No. 15 was 2.79 cents for No. 1 on the Business Manager's copy. The unit price on the auditor's copy was 2.97 cents. The unit price as tabulated is evidently correct.

Total Bid on All Items.—Andrews Paper Company,¹ \$2,937.98; E. E. District 8.—Burns Brothers, egg, \$10.34 per ton; City Fuel Company, egg, \$10.55 per ton; Godfrey Coal Company, egg, \$10.05 per ton; Metropolitan Coal Company, egg, \$10.49 per ton; Sawtelle Coal Company, Incorporated, egg, \$10.25 per ton; Tremont Coal and Ice Company, egg, \$9.95 per ton.

District 9.—Burns Brothers, egg, \$10.34 per ton; City Fuel Company, egg, \$10.55 per ton; Godfrey Coal Company, egg, \$10.05 per ton; Metropolitan Coal Company, egg, \$10.49 per ton; Sawtelle Coal Company, Incorporated, egg, \$10.25 per ton; Tremont Coal and Ice Company, egg, \$10.15 per ton.

Entire Requirements.—Batchelder-Whittemore Coal Company, egg, \$10.96 per ton; Brookline Coal Company, egg, \$10.44 per ton; City Fuel Company, egg, \$10.55 per ton; Massachusetts Wharf Coal Company, egg, \$11.37 per ton; Metropolitan Coal Company, egg, \$10.49 per ton; Standard Coal Company, egg, \$9.54 per ton.*

District 1, City Proper. District 2, South Boston. District 3, East Boston. District 4, Roxbury. District 5, Dorchester. District 6, Charlestown. District 7, Brighton. District 8, West Roxbury. District 9, Hyde Park.

* Contract awarded.

† Price is for delivery between July 1, 1935, and September 30, 1935. For deliveries between September 30, 1935, and March 31, 1936, add 25 cents per ton. For deliveries prior to July 1, 1935, deduct 50 cents per ton and for deliveries between April 1, 1936, and June 15, 1936, deduct 25 cents per ton.

The School Committee has approved proposals for furnishing heavy, medium and light fuel oil for the Boston public schools. Bids, opened Wednesday, April 10, were received from the following concerns:

American Oil Products Company, Arthur H. Ballard, Incorporated, Cities Service Refining Company, Colonial-Beacon Oil Company, Incorporated, Hanley Oil Company, Lincoln Oil Company, Lipson Oil Company, Pennsylvania Oil Company, Petroleum Heat and Power Company, Shell Eastern Petroleum Products, Incorporated, Socony-Vacuum Oil Company, White Fuel Corporation.

Contracts were awarded to Arthur H. Ballard, Incorporated, for approximately 620,000 gallons heavy fuel oil and 335,000 gallons medium fuel oil, under date of May 15, 1935, and to Petroleum Heat and Power Company for approximately 1,080,000 gallons heavy fuel oil, under date of May 15, 1935. Contract for approximately 35,000 gallons light fuel oil was awarded to Pennsylvania Oil Company, under date of May 31, 1935. Tabulation follows:

Fuel Oil, Per 42-Gallon Barrel.—American Oil Products, heavy, \$1.57

minimum; \$1.78 maximum; heating value B. t. u. per U. S. gallon, 149,000; medium, \$1.95 minimum; \$2.16 maximum; heating value B. t. u. per U. S. gallon, 145,000; light, 6½ cents per gallon minimum; 7½ cents per gallon maximum; heating value B. t. u. per U. S. gallon, 139,000; Arthur H. Ballard, Incorporated, heavy,* \$1.57 minimum; \$1.78 maximum; heating value B. t. u. per U. S. gallon, 152,000; medium,* \$1.95 minimum; \$2.16 maximum; heating value B. t. u. per U. S. gallon, 146,000; light, 6.5 cents per gallon minimum; heating value B. t. u. per U. S. gallon, 138,000; Cities Service Refining Company, heavy, \$1.57 minimum; \$1.78 maximum; heating value B. t. u. per U. S. gallon, 150,000; medium, \$1.95 minimum; \$2.16 maximum; heating value B. t. u. per U. S. gallon, 145,000; light, 6.5 cents per gallon minimum; 7.5 cents per gallon maximum; heating value B. t. u. per U. S. gallon, 139,000; Colonial-Beacon Oil Company, Incorporated, heavy, \$1.57 minimum; \$1.78 maximum; heating value B. t. u. per U. S. gallon, 152,000; medium, \$1.95 minimum; \$2.16 maximum; heating value B. t. u. per U. S. gallon, 146,600; light, \$2.73 minimum; \$3.15 maximum; heating value B. t. u. per U. S. gallon, 138,000; Hanley Oil Company, light, 6.5 cents per gallon minimum; 7.5 cents per gallon maximum; heating value B. t. u. per U. S. gallon, 138,000; Lincoln Oil Company, light, 5.5 cents per gallon minimum; 6.5 cents per gallon maximum; heating value B. t. u. per U. S. gallon, 138,000; Lipson Oil Company, light, 5.7 cents per gallon minimum; Pennsylvania Oil Company, light,* 6.5 cents per gallon minimum; 7.5 cents per gallon maximum; heating value B. t. u. per U. S. gallon, 140,250; Petroleum Heat and Power Company, heavy,* \$1.57 minimum; \$1.78 maximum; heating value B. t. u. per U. S. gallon, 152,000; medium, \$1.95 minimum; \$2.16 maximum; heating value B. t. u. per U. S. gallon, 146,500; light, \$2.73 minimum, barrel; \$3.15 maximum, barrel; heating value B. t. u. per U. S. gallon, 138,000; Shell Eastern Petroleum Products, Incorporated, heavy, \$1.57 minimum; \$1.78 maximum; heating value B. t. u. per U. S. gallon, 149,000; medium, \$1.95 minimum; \$2.16 maximum; heating value B. t. u. per U. S. gallon, 145,000; light, 6.5 cents per gallon minimum; 7.5 cents per gallon maximum; heating value B. t. u. per U. S. gallon, 139,000; Socony-Vacuum Oil Company, heavy, \$1.57 minimum; \$1.78 maximum; heating value B. t. u. per U. S. gallon, 151,000; medium, \$1.95 minimum; \$2.16 maximum; heating value B. t. u. per U. S. gallon, 146,000; light, 6 cents per gallon minimum; 7.5 cents per gallon maximum; heating value B. t. u. per U. S. gallon, 139,000; White Fuel Corporation, light, 6½ cents per gallon minimum; heating value B. t. u. per U. S. gallon, 139,100.

Remarks.†—American Oil Products, prevailing tank wagon price at time of delivery; Arthur H. Ballard, Incorporated, discount of one quarter cent per gallon only when city schools have purchased 10,000 gallons and one half cent per gallon thereon when city schools have purchased 50,000 gallons; both discounts retroactive to start of contract; Cities Service Refining Company, to 9,999 gallons no discount; 10,000 to 49,999 gallons one quarter cent discount on entire purchases; 50,000 gallons and above one quarter cent additional discount on entire purchases; discounts will be allowed only in form of rebate payable within twenty days of the end of month

during which consumer's purchases reached required minimum, thereafter consumer will be invoiced at posted tank wagon price less applicable discount; Colonial-Beacon Oil Company, Incorporated, one quarter cent per gallon discount for quantities of 10,000 gallons and over payable when earned; one half cent per gallon discount for quantities of 50,000 gallons and over payable when earned; credit of one quarter cent per gallon will be issued to buyer after a total of 10,000 has been taken, one quarter cent per gallon discount will then be allowed on the invoice at time of delivery up to a total of 50,000 gallons, at which time the additional one quarter cent will be allowed on the gallonage already taken and applied thereafter to all deliveries; Hanley Oil Company, subject to quantity discount of one quarter cent per gallon on purchases of 10,000 gallons and discount of one half cent per gallon on purchases of 50,000 gallons; Lincoln Oil Company, market price less one cent; Pennsylvania Oil Company, price posted on day of delivery for Boston district at terminal from which delivery is made less three quarters of a cent quantity discount on 10,000 gallons or more retroactive when quantity has been taken; today's posted price six and one half cents per gallon; Petroleum Heat and Power Company, an earned discount of one quarter cent per gallon will be allowed after deliveries of over 10,000 gallons have been made; discount retroactive to date of delivery; Shell Eastern Petroleum Products, Incorporated, when 10,000 gallons have been delivered one quarter cent per gallon discount from price charged on all deliveries made or to be made, or one half cent per gallon when 50,000 gallons have been delivered on all deliveries made or to be made; Socony-Vacuum Oil Company, subject to a discount of one half cent per gallon on combined quantity which exceeds 50,000 gallons; White Fuel Corporation, less discount of eight tenths of a cent per gallon when 30,000 gallons are reached to apply on all gallonage.

* Contract awarded.

† Light fuel oil only.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon June 18 the Mayor approved a contract with R. J. Connolly, Incorporated, for furnishing and setting up new classrooms at the Brighton High School. Bids, opened June 7, were as follows:

R. J. Connolly, Incorporated, \$2,580; John Rugo, \$2,945; P. J. Cantwell & Son, \$3,064; John F. Hynes, Incorporated, \$3,116; Henry Sheils, \$3,153; Codman Hill Construction Company, \$3,200; Joseph N. Fish, \$3,257; Walter Curley & Sons, \$3,380; M. Solimando, \$3,451.

Upon June 19 the Mayor approved a contract with M. Solimando for alterations at the Dorchester High School for Boys. Bids, opened June 18, were as follows:

M. Solimando, \$7,263; Joseph N. Fish, \$7,385; Carilli Construction Company, \$7,510; John Rugo Company, \$7,792; P. J. Cantwell & Son, \$8,313; Walter Curley & Son, \$8,360; R. J. Connolly, Incorporated, \$9,390; John Capobianco, \$9,500; M. S. Kelliher Company, \$9,747; Joseph M. Concannon, \$9,859.

Upon June 19 the Mayor approved a contract with R. J. Connolly, Incorporated, for alterations at the Roxbury Memorial High School. Bids, opened June 11, were as follows:

R. J. Connolly, Incorporated, \$30,200; John Rugo, \$33,221; Carilli Construction Company, \$33,331; John F. Hynes, Incorporated, \$35,479; M. S. Kelliher Company, \$36,400; John Capobianco, \$37,888.

SUPPLY DEPARTMENT.

Upon June 15 the Mayor approved a contract with P. J. Dinn & Co. for furnishing wrought-iron pipe and fittings to the Public Works Department, Water Division. Bids, opened on May 28, were as follows:

100 20-Foot Lengths Random 6-Inch Standard Weight Genuine Wrought-Iron Pipe, Without Couplings, Threaded on Both Ends, Byers, Reading, or Equal, Per C. Feet.—Federal Steam and Gas Supply Company, \$121.34; Daly Plumbing Supply Company, \$121.34, cartage charge, \$25; Crane Company, \$155.36, out-of-stock shipment; \$121.34, mill shipment of twenty tons f. o. b. nearest railroad points; Walworth Company, \$121.34, mill shipment of twenty tons f. o. b. cars, Boston; Braman, Dow & Co., \$121.34, f. o. b. cars, Boston; P. J. Dinn & Co., \$121.34*; Boston Pipe and Fittings Company, Incorporated, \$122.30.

100 Pairs Cast-Iron Flanges (200 Flanges) 11 Inches Outside Diameter, 1 Inch Thick, One and Seven Sixteenths Inch Hub, Eight and Seven Eighths Inch Holes on Nine and One-Half Inch Diameter Bolt Circle, Flanges to be Faced, Threaded and Drilled, Per Pair.—Federal Steam and Gas Supply Company, \$2.36; Daly Plumbing Supply Company, \$2.36; Crane Company, \$2.36; Walworth Company, \$2.36; Braman, Dow & Co., \$2.36; P. J. Dinn & Co., \$2*; Boston Pipe and Fittings Company, Incorporated, \$2.36.

100 Corrugated Copper Gaskets for 6-Inch Flanges (Full-Face Gaskets), Per C.—Federal Steam and Gas Supply Company, \$20.35; Daly Plumbing Supply Company, \$31.50; Crane Company, \$28.60; Walworth Company, \$20.35; Braman, Dow & Co., \$20.35; P. J. Dinn & Co., \$35*; Boston Pipe and Fittings Company, Incorporated, \$28.60.

4 6-Inch Standard Expansion Joints for 125 Pounds Working Pressure, Flanged Ends, Joints to be Packed for Water, Crane No. 401, Walworth No. 1008-F, or Equal, Each.—Federal Steam and Gas Supply Company, \$31.44; Daly Plumbing Supply Company, \$28.07; Crane Company, \$27.35, faced only; if drilling is wanted add 97 cents per joint; Walworth Company, \$31.44, Walworth No. 1008-F; Braman, Dow & Co., \$31.44; P. J. Dinn & Co., \$27.25*; Boston Pipe and Fittings Company, Incorporated, \$28.07.

Cash Discount, Ten Days.—Federal Steam and Gas Supply Company, 2 per cent; Daly Plumbing Supply Company, 2 per cent; Crane Company, 2 per cent by 10th of following month; out-of-stock prices carry 2 per cent cash discount on face value of invoice; mill shipment carries 2 per cent cash discount on mill value only; Walworth Company, 2 per cent on pipe, on Pittsburgh, Pa., basing point value 12 cents per hundredweight 16 light rate; balance of material 2 per cent 10th proximo; Braman, Dow & Co., 2 per cent, Pittsburgh value on pipe, other material 2 per cent 10th proximo; P. J. Dinn & Co., 2 per cent*; Boston Pipe and Fittings Company, Incorporated, 2 per cent.

At Test.—Federal Steam and Gas Supply Company, \$2,752.73; Daly Plumbing Supply Company, \$2,774.05; Crane Company, \$3,441.58; Walworth

Company, \$2,808.91, gross total; Braman, Dow & Co., \$2,808.91, gross total; P. J. Dinn & Co., \$2,715.38*; Boston Pipe and Fittings Company, Incorporated, \$2,766.42.

Remarks.—Braman, Dow & Co., bid irregular, both copies filed at Supply Department; Boston Pipe and Fittings Company, Incorporated, auditor's copy filed at Supply Department.

*Contract awarded.

Upon June 15 the Mayor approved a contract with the New England Coal and Coke Company for coke for the Penal Institutions Department at Deer Island and for the Long Island Hospital. Bids, opened June 4, were as follows:

Approximate Amounts.

150 Tons Stove and Nut Coke, Mixed, to the Penal Institutions Department, Deer Island, Delivered Alongside, Per Ton of 2,000 Pounds.—New England Coke Company, \$8.45.

100 Tons of Stove Coke to the Long Island Hospital, Long Island, Delivered in the Bins, Per Ton of 2,000 Pounds.—New England Coke Company, \$8.95.

Approximate Total.—New England Coke Company, \$2,162.50.

Cash Discount, Ten Days.—New England Coke Company, 15 cents per net ton.

Upon June 15 the Mayor approved a contract with T. H. McVey for furnishing granite edgestones to the Public Works Department until December 31, 1935. Bids, opened June 10, were as follows:

Approximately 25,000 Lineal Feet Staright Edgestone, Per Lineal Foot.—H. E. Fletcher Company, 97 cents; T. H. McVey, 92 cents.

Approximately 2,400 Lineal Feet Circular Edgestone, Per Lineal Foot.—H. E. Fletcher Company, \$1.27; T. H. McVey, \$1.25.

Approximately 400 Small Corners, Each.—H. E. Fletcher Company, \$4; T. H. McVey, \$3.

Approximately 100 Lineal Feet Special Edgestone, Per Lineal Foot.—H. E. Fletcher Company, \$1.12; T. H. McVey, 50 cents.

Total.—H. E. Fletcher Company, \$29,010; T. H. McVey, \$27,250.

Cash Discount, Ten Days.—H. E. Fletcher Company, one half of 1 per cent; T. H. McVey, one half of 1 per cent.

Net Total.—H. E. Fletcher Company, \$28,864.95; T. H. McVey, \$27,113.75.

Upon June 19 the Mayor approved a contract with the Chauncy Clothing Company for men's three-piece suits for the Long Island Hospital. Bids, opened June 11, were as follows:

300 Only, Men's 3-Piece Suits, Dark Colors, 16-Ounce French Back Worsteds, Per Suit of Three Pieces.—A. I. Meyer, \$7.20; Chauncy Clothing Company, \$7.35.

Total.—A. I. Meyer, \$2,160; Chauncy Clothing Company, \$2,205.

Cash Discount, Ten Days.—A. I. Meyer, one half of 1 per cent; Chauncy Clothing Company, one half of 1 per cent.

Net Total.—A. I. Meyer, \$2,149.20; Chauncy Clothing Company, \$2,193.97.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with the several concerns noted for supplies, labor, etc. Communications from the heads of the departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, June 13, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The approval of your Honor is hereby respectfully requested, under the provisions of section 30, chapter 486 of the Acts of 1909, to the awarding of a contract, without advertising, to Louis A. Roe, 1 Liberty square, Boston, Mass., for insuring the boilers in the public schoolhouses of the City of Boston, for the period from June 18, 1935, to May 18, 1937, for the sum of \$6,875.05.

I have checked up this matter and find that due to the standardized rates used by the various companies there would be no advantage in advertising this business.

The addition of the insurance to the policy of the City of Boston, Public Buildings, is recommended due to the smaller outlay of money involved, than in the purchase of a new three-year contract, also material savings would be realized due to a number of schools being adjacent to or contiguous with locations covered under the above mentioned policy.

I believe this to be the most economical way to handle the matter and recommend that your Honor approve of the expenditure above mentioned in the sum of \$6,875.05.

Respectfully yours,

WM. W. DRUMMEY,
Superintendent of Construction.

BOSTON, June 19, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—I respectfully request that I be allowed to award, without advertising, a contract for installing steel lockers at the Continuation School, to the Hart & Hutchinson Company, Division of Tuttle & Bailey, Incorporated, 6 Beacon street, Boston, in the sum of \$1,379.71.

The above concern was the low bidder on an advertised specification on March 14, 1935, and I feel that the price quoted is fair and that the city has nothing to gain by readvertising.

Respectfully yours,

WM. W. DRUMMEY,
Superintendent of Construction.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, June 8, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to award a contract to John J. Hourihan for work to be done repairing roofs of New Prison and Dining Hall at Deer Island: To remove all old roof pans and replace with new Holt roof connections, same to be calked into present cast from roof drains; repair all leaks in tar and gravel roof; repair all metal work; replace sections of tar and gravel roof on Dining Hall, blown off by wind. This work to be completed for the sum of seven hundred and ten dollars (\$710).

Very truly yours,

JOHN J. DOUGLASS,
Commissioner.

PUBLIC WORKS DEPARTMENT (Ferry Service).

BOSTON, June 12, 1935.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract for repairing

hull, etc., of the ferryboat "Charles C. Donoghue" to the Marine Company, 173 Sumner street, East Boston, the only bidder, at an estimated cost of \$8,660.70. This bid was publicly opened and read June 11, 1935.

The only other corporations having facilities to perform this type of work are the Quincy Dry Dock and Yacht Corporation and the Bethlehem Shipbuilding Corporation, Limited. Both corporations did not submit bids but forwarded letters stating why bids were not submitted. Copies of these letters are attached.

I have also contracted the Marine Company, who submitted a bid, and they state: "We have at all times paid wages equal to, and, in most instances, greater than those required by the provisions of the ship repair code . . ." also "whether or not there was any express stipulation in a contract for work to be performed by a contractor, the provisions of section 26 of chapter 149 of the General Laws applied. The provisions of that section among other things provide that wages paid to those employed by the contractor on such work 'shall be not less than the customary and prevailing rate of wages for a day's work on the same trade or occupation in the locality where such public works are under construction or being added to or altered.'"

The Marine Company has just completed a contract for repairing the ferryboat "Ralph J. Palumbo" in a very satisfactory manner, this office receiving no complaints from any employee for nonpayment of wages, etc., and I am of the opinion that the Marine Company are qualified and competent to do the work for which they bid.

The contract calls for the completion of the work in five weeks, as on July 24 the inspection papers of this boat expires, therefore it is most urgent that the award of the contract be made immediately in order that repairs start and that the boat return to service on July 24, 1935.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

BOSTON, June 10, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—A shortage of Welfare labor furnished to the Sanitary Division has compelled said division to place in service the fourteen street sweepers owned by the city but not used during the years of 1933 and 1934.

Elgin sweeper No. 172 purchased in 1930 are in need of extensive repairs and can be placed in first-class condition by the expenditure of \$1,426.40. I respectfully request permission to enter into a contract with the G. A. Pratt Corporation, 101 Binney street, representatives of the Elgin Sweeper Company, for a sum not to exceed \$1,450, without advertising.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, June 10, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that E. R. A. projects may be carried on with as little delay as possible I believe that the

purchasing of material and equipment for these projects should be handled on an emergency basis.

Requisitions have been received in the E. R. A. Purchasing Department calling for 2,000 trees to be used by the Park Department on Project No. 2235-B15-251.

The chairman of the Park Department, Mr. William P. Long, has advised me that after a careful canvass of the available sources of supply, the Bay State Nurseries, of North Abington, Mass., offers exceptionally good trees at the following low prices:

500 *Tilia Vulgaris* at \$2.50, \$1,250; 1,500 Norway Maples (12 feet to 14 feet high, 1½ inch to 2 inch Caliper), at \$1.35, \$2,025. Total, \$3,275.

In view of the fact that the planting season is practically over and of the need for securing these trees without delay, I suggest that the recommendation of the Park Department Chairman be followed, and, therefore, respectfully request that you approve an award of this contract, amounting to \$3,275, without public advertising for bids, to this contractor.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

HOSPITAL DEPARTMENT.

John Bowen Company, contractor for Kitchen Building, has been instructed to add to the contract the sum of \$275 for furnishing and installing two access frames and covers, also two Underwriters' access doors and frames in accordance with architect's drawing No. 66, dated May 14, 1935. Original contract, \$379,000; corrected contract, as per order No. A-1821, \$411,690.27; now added, \$275; corrected contract, \$411,965.27; total added, \$35,263.87; total deducted, \$2,298.60.

John Bowen Company, contractor for Kitchen Building, has been instructed to add to the contract the sum of \$5,106.69 for partial removal of wood piles, granite pile capping and granite foundations encountered to about April 8, 1935, on site of old Kitchen and Library Buildings. Original contract, \$379,000; corrected contract as per order No. A-1820, \$406,583.58; now added, \$5,106.69; corrected contract, \$411,690.27; total added, \$34,988.87; total deducted, \$2,298.60.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

James L. Pierce has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in La Grange street, Section B, Ward 20, from Washington street to Centre street, contract dated December 31, 1934, from June 30, 1935, to August 30, 1935.

James L. Pierce has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Hyde Park avenue, Section B, Ward 18, from Cummins Highway to Metropolitan avenue, contract dated February 23, 1935, from June 30, 1935, to August 30, 1935.

Martino DeMatteo has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Hyde Park avenue, Wards 18 and 19, Section A, from Walk Hill

street to Cummins Highway, contract dated February 8, 1935, from June 30, 1935, to August 30, 1935.

A. R. Doyle, Incorporated, has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in La Grange street, Section C, Ward 20, from Vermont street to Newton line, contract dated April 2, 1935, from June 30, 1935, to August 30, 1935.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Claymont terrace, Dorchester district, as a highway, from Neponset avenue to Queen street, bounded and described as follows:

A highway named Claymont terrace is hereby laid out, from Neponset avenue to Queen street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Neponset avenue, twenty and 87-100 feet; southerly by the southerly line of said Claymont terrace as hereby laid out, three hundred sixty-nine and 50-100 feet; westerly by Queen street, twenty and 4-100 feet; and northerly by the northerly line of said Claymont terrace as hereby laid out, three hundred sixty-four and 86-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Claymont terrace, Dorchester district, as a highway, from Neponset avenue to Queen street, under the order of the Board of June 5, 1935, and awards no damages therefor.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Eleanor L. Carlson, 33 Templeton street, Dorchester, in the sum of \$54.34, as compensation for damage to automobile caused when truck belonging to the Sewer Division, Public Works Department, ran into it while it was parked on Adams street, near Lonsdale street, Dorchester, March 14, 1935.

Jacob Dashoff, 159 Dewey street, Worcester, in the sum of \$30, as compensation for damage to automobile caused by striking open sewer manhole on North Beacon street, Brighton, under the railroad bridge, April 27, 1933.

Joseph Bailey, 377 Talbot avenue, Dorchester, in the sum of \$2, as refund on awning license which was paid twice through error, April 22 and 23, 1935, for the Bailey Food Shop, 677 Washington street, Dorchester.

George L. Chapman, 60 Sterling street, Somerville, in the sum of \$1.43, as refund on thirteen unused refuse tickets which were returned to the Public Works Department, May 25, 1935.

Edward J. Dole, 669 Tremont street, Boston, in the sum of \$1.65, as refund on fifteen unused refuse tickets which were returned to the Public Works Department on May 20, 1935.

Michael J. and Mary E. Donahue, 21 Lauriat street, Dorchester, in the sum of \$35, as compensation for damage to property at above address caused by broken water main in the street, abutting their premises, which flooded the cellar, July 23, 1934.

John P. Goudy, 383 Boylston street, Boston, in the sum of 75 cents, as refund on five unused refuse tickets which were returned to the Public Works Department on May 20, 1935.

Harry Levenson, 2 Centre Street terrace, Roxbury, in the sum of \$1.20, as refund on eight unused refuse tickets returned to the Public Works Department on May 14, 1935.

Lavinia B. Nelson, 344 Park street, Dorchester, in the sum of \$14, as compensation for damage to property at above address caused by broken water main which resulted in water entering the cellar, between March 5 and April 3, 1934.

William N. Surrey, 18 Newcomb street, Roxbury, in the sum of 77 cents, as refund on seven unused refuse tickets which were returned to the Public Works Department on May 22, 1935.

Thatcher D. Taylor, 29 Avalon road, Milton, in the sum of \$21, as compensation for damage to automobile caused by defect in highway at entrance to the Boston State Hospital, 400 Walk Hill street, March 4, 1935.

George R. Byrne, 47 Cranston street, Jamaica Plain, in the sum of \$25, as compensation for personal injuries caused by defect in crosswalk in front of 33 Sheridan street, Jamaica Plain, February 20, 1935.

Helen C. Hunt, 14 Ivy street, Suite 510, Boston, in the sum of \$13.50, as compensation for damage to automobile caused by hole in highway on Huntington avenue, near Gainsborough street, in front of Gainsboro Drug Company, June 29, 1934.

Alice M. Doherty, 213 Weld street, West Roxbury, in the sum of \$75, as compensation for personal injuries and damages to property caused by hole in highway in front of 200 Weld street, February 15, 1935.

Fred Mitchell, 79 Harbor View street, Dorchester, in the sum of \$3.90, as refund on twenty-six unused refuse tickets returned to the Public Works Department in December, 1934.

Schuyler Dillon, 131 State street, Boston, in the sum of \$25, as compensation for damage to automobile caused by hole in highway on Gallivan Boulevard, near Neponset avenue, Dorchester, March 3, 1934.

Minnie Bloom, 63 Washington street, Dorchester, in the sum of \$75, as compensation for personal injuries caused by hole in sidewalk in front of premises between 9 Georgia street and vacant lot, March 6, 1935.

Robert A. Dillon, 25 Chesbrough road, West Roxbury, in the sum of \$14.40, as compensation for damage to automobile caused by hole in highway, nearly opposite No. 30 Chesbrough road, which was left unguarded by lanterns while the street was under repair, October 3, 1934.

Pacific Coast Lumber Company, 153 Medford street, Charlestown, in the sum of \$1.95, as refund on 13 unused refuse tickets returned to the Public Works Department, April 8, 1935.

Somerset Farms Creamery Company, 213 Camden street, Boston, in the sum of \$8.69, as refund on seventy-one unused refuse tickets which were returned to the Public Works Department, April 24, 1935.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 10, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Fish, Murray and Wilson.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments:

Weighers of Coal: William J. Benson, 559 East Broadway, South Boston; David Nagle, 594 East Second street, South Boston; Thomas L. Parker, Holmes road, Readville Manor, Mass.

Weighter of Goods: Horace D. Powers, 30 Cottage street, West Medford.

Severally laid over a week under the law.

ABIEL SMITH TRUST FUND.

The following was received:

City of Boston,
Office of the Mayor, June 10, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Corporation Counsel, relative to your order of April 15, 1935, concerning the status of the Boston City Council in relation to a trust created in the year 1815 by Abiel Smith of Boston and related matters.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Office of the Corporation Counsel,
June 5, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—I have received a memorandum from your office dated April 20, 1935, with which was submitted the following order of the City Council:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to render an opinion to the City Council relative to the following:

"(1) What is the status of the Boston City Council in relation to a trust created in the year 1815 by Abiel Smith of Boston, wherein Selectmen of the Town of Boston, or their successors, were named trustees under the declaration of trust.

"(2) How the income of said trust fund has been applied since 1857.

"(3) Whether or not it is the opinion of the Corporation Counsel that the income of said trust fund has been applied in accordance with the desire of the settlor of said trust.

"(4) Whether or not the property located at 46 Joy street, formerly known as the Smith School, is part of the trust *res* under the provision of the trust and whether or not the members of the Boston City Council are also trustees of said property."

You have asked me to consider and report to you with reference to the matters inquired of in said order.

I.
"What is the status of the Boston City Council in relation to a trust created in the year 1815 by Abiel Smith of Boston, wherein Selectmen of the Town of Boston, or their successors, were named trustees under the declaration of trust."

Abiel Smith was a Boston merchant who died in 1815. By his will, probated in Suffolk County (Probate Court Docket No. 24791), Smith made the following bequest:

"I bequeath to the Selectmen of the Town of Boston for the time being and to their successors in that office, all my thirty shares in the Newbury port Turnpike, all my twenty shares in the second Turnpike road in New Hampshire, my Seventeen & half shares in the Kennebeck Bridge, my five shares in the bridge across from Tiverton to Rhode Island, my five shares in the Springfield Bridge, my share in the Boston Theatre, my share in the Bathing house in Boston with four thousand dollars in the three per Cent funded Stock of the United States; in trust for the purposes following & no other, to wit, that they shall collect & receive the net income thereon and appropriate & apply the whole income to the maintenance & support of a school or schools under their direction for the instruction of people of color meaning Africans & their descendants, either clear or mixed, in reading writing and arithmetic in such place, places & manner as said Selectmen shall deem best & if said Selectmen shall & do accept this donation within one year from the time of my decease for said purpose, I then order my executor to transfer to them all my title to said property for the purposes aforesaid."

At a meeting of the Selectmen of the Town of Boston held on the twenty-fourth day of January, 1816, said bequest was accepted. (See Selectmen's Minutes in the Thirty-eighth Report Boston Records, page 160.)

It is my opinion that, by the provisions of said will, Abiel Smith made a bequest, in trust, either to the persons who were at the time of his death Selectmen of the Town of Boston and to their successors in the office of Selectman or to the persons who were at the time of his death Selectmen and to their successors in the duty of managing and superintending the schools of Boston. The members of the present City Council are clearly not successors in the office of Selectmen, that office having been abolished in 1821. Unless,

therefore, they are successors in the duty of managing the schools of Boston, they cannot be deemed "successors" as that term is used in the will of Abiel Smith.

In 1815, and for some time prior thereto, the Selectmen of the Town of Boston formed part of a group in the government of the Town of Boston charged with the management and superintendence of the schools.

In 1821, when the City of Boston was incorporated, the charter provided for the abolition of the office of selectman and for the election of one person in each ward to be a member of the School Committee for the city, and further provided that the persons so chosen should, jointly with the Mayor and Aldermen, constitute the School Committee for the city and have the care and superintendence of the public schools (section 19 of chapter 110 of the Acts of 1821). The constitution of the School Committee so established continued until about 1836, chapter 128 of the Acts of 1835 providing that the School Committee of Boston should consist of the Mayor, the President of the Common Council and twenty-four other persons, two of whom were to be chosen from each ward.

The charter amendments of 1854 (chapter 448) provided for a continuance of the School Committee as constituted under the 1835 act, and section 56 of said chapter provided as follows:

"The said committee, shall have the care and management of the public schools, and may elect all such instructors as they may deem proper, and remove the same whenever they consider it expedient. And generally, they shall have all the powers in relation to the care and management of the public schools, which the selectmen of towns, or school committees, are authorized by the laws of this Commonwealth to exercise."

Chapter 241 of the Acts of 1875 provided for a reorganization of the School Committee, including a change in its membership. The Committee was thereafter to consist of twenty-four persons elected at large and the Mayor, but not the President of the Common Council. In 1885, by section 10 of chapter 266 of the acts of that year, it was provided that the Mayor should no longer be a member of the Committee, and in 1905 (chapter 349) the School Committee was again reorganized, the membership to consist, as now, of five persons elected at large.

It is clear from the foregoing that the present members of the City Council are not the successors of the Selectmen of the Town of Boston so far as concerns the management of the schools of Boston.

I am therefore of the opinion that the members of the present City Council are not trustees under the will of Abiel Smith and are not entitled to the control or management of the property bequeathed.

(See, also, in this connection *Boston v. Doyle*, 184 Mass. 373, 382, 386 (1903).)

II.
"How the income of said trust fund has been applied since 1857."

I have received the following statement from the office of the City Auditor with reference to the use of the income from said fund:

"From the records in the Auditor's reports I find that from 1834 when the African School on Belknap Street for Colored Children was established the income from the Abiel Smith School Fund was applied directly for instructors in African School. From 1857 or 1858 when the School for Colored Children was abandoned the income of Abiel Smith Fund has been applied for salaries of school instructors or for general school purposes."

III.
"Whether or not it is the opinion of the Corporation Counsel that the income of said trust fund has been applied in accordance with the desire of the settlor of said trust."

I assume that the above inquiry is directed to the use of the income from the fund since 1857.

By his will Smith directed, that the income of the property bequeathed by him should be applied to the instruction of people of color in reading, writing and arithmetic. It is my understanding that the annual income aggregates about \$350.

At the time of Abiel Smith's death and for a considerable time thereafter colored persons were admitted only to one or two public schools in Boston, which schools were used exclusively for the instruction of colored children.

Chapter 256 of the Acts of 1855, however, forbade discrimination in the admittance of pupils to the public schools on account of color. Section 1 of said chapter provided as follows:

"In determining the qualifications of scholars to be admitted into any public school or any district school in this Commonwealth, no distinction shall be made on account of the race, color or religious opinions, of the applicant or scholar."

Since 1855 colored children have had and they now have the advantage of all public schools and colored adults have had and they now have the advantage of the night schools of the city. Both said children and adults are afforded instruction in writing, reading and arithmetic.

While the income of the fund appears not to have been used since 1857 or 1858 exclusively for the instruction of colored persons, colored persons have benefited therefrom.

It is very doubtful that the annual income can be said to have been used since 1857 or 1858 in accordance with Smith's specific intention as stated in his will. Since, however, due to changed circumstances, his specific intention can no longer,

as a practical matter, be carried out, a court of competent jurisdiction would approve the use, if it considered that Smith had a general charitable intent and that the use, which is now being made of such income, is consistent with that general charitable intent.

It is not improbable that the use which is now being made of the income would be approved by the court.

IV.

"Whether or not the property located at 46 Joy street, formerly known as the Smith School, is part of the trust *res* under the provision of the trust and whether or not the members of the Boston City Council are also trustees of said property."

By deed dated September 30, 1834, recorded with Suffolk Deeds, Book 382, page 128, Abner Phelps and Joanna Austin Stanford, widow, in consideration of \$1,935 conveyed to the City of Boston a piece of land with the buildings thereon situated on Belknap street, which is now called Joy street, at the corner of a 20-foot passageway leading from Belknap street to the African Meeting House. Upon this piece of land the Smith School was erected and funds to pay for the same were appropriated by the City of Boston.

There is nothing in the deed or in the records of the city government that shows that any of the income or any part of the trust *res* of the Smith Fund was used in the purchase of the land or in the building of the school. On the contrary, I have received information from the office of the City Auditor that the city made appropriations for the purchase of said land and the building of said school and that the amounts so appropriated were raised by taxation.

In view of the foregoing I am of the opinion that the property, formerly known as the Smith School, is the property of the City of Boston and is not included in the property held in trust under the will of Abiel Smith.

I have been informed by the Superintendent of Public Buildings that the Old Smith School is now occupied by the G. A. R. Post No. 134 which is composed entirely of colored members.

Respectfully submitted,
HENRY E. FOLEY,
Corporation Counsel.

Placed on file.

IMPROVEMENTS AT THOMAS PARK.

The following was received:

City of Boston,
Office of the Mayor, June 10, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Park Department, relative to your order of May 20, 1935, concerning necessary improvements, such as grading and loaming, at Thomas Park, Ward 7.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, June 1, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 28, with inclosure, order from the City Council that the Park Commission be requested to make the necessary improvements at Thomas Park, Ward 7, such as grading, loaming, etc., at the earliest possible date.

Please be assured any necessary improvements that are required in Thomas Park have been made for the season.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

FIRE EXTINGUISHERS IN POLICE CARS.

The following was received:

City of Boston,
Office of the Mayor, June 10, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Fire Commissioner, relative to your order of May 20, 1935, concerning the advisability of equipping police cars with chemical fire extinguishers.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Fire Department, June 3, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I return herewith to your Honor a copy of the following order, passed by the City Council under date of May 20, 1935:

"Ordered, That the Police Commissioner of Boston, through his Honor the Mayor, be requested to consider the advisability of equipping police cars with chemical fire extinguishers to handle gasoline and other small fires."

In answering this order, I have no serious objections to the police cars being equipped with chemical fire extinguishers to handle gasoline or other small fires.

However, I think it is desirable at this time to point out the dangers of police officers or anyone else trying to extinguish fires in residences or commercial buildings. As I understand it there are two men assigned to each police car, and I suggest that the proper thing for them to do if they discover a fire in a residence or business house

is for one man to sound an alarm from the nearest fire alarm box while the other should arouse the occupants of the building endangered by fire. To do otherwise, because of their lack of knowledge of fire fighting, would undoubtedly be followed by the dangers that always accrue from delayed notice to the Fire Department.

Yours very truly,
EDWARD F. McLAUGHLIN,
Fire Commissioner.

Placed on file.

ACCEPTANCE AND LAYING OUT OF STREETS.

The following was received:

City of Boston,
Office of the Mayor, June 10, 1935.
To the City Council.

Gentlemen,—I herewith transmit three letters from the Board of Street Commissioners, relative to your orders of March 11, March 25 and April 22, 1935, concerning the acceptance and laying out of streets, as follows:

- Orders of March 11, 1935:
1. Byron court, Ward 11.
2. Payson avenue, Ward 15.

- Orders of March 25, 1935:
1. Lindall street, Ward 19.
2. Martin street, Ward 20.

- Orders of April 22, 1935:
1. Walbridge street, Ward 21.
2. Garden street, Ward 20.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Street Laying-Out Department,
June 1, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Your Honor,—Inclosed please find City Council orders for the acceptance and laying out of Byron court, Ward 11, and Payson avenue, Ward 15.

In reply I wish to state that Payson avenue has already been accepted and signed by your Honor, and Byron court cannot be undertaken at the present time owing to the unavailability of funds.

It may be possible that Byron court shall receive favorable consideration in the future if we continue to receive Federal funds for street construction under the E. R. A.

Respectfully yours,
OWEN A. GALLAGHER, Chairman.

City of Boston,
Street Laying-Out Department,
June 1, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Your Honor,—Inclosed please find City Council orders for the acceptance and laying out of Lindall street, Ward 19, and Martin street, Ward 20.

I regret to report that there are no funds available at the present time for undertaking either of these projects. However, if we continue to receive Federal funds for street construction work under the E. R. A. it may be possible that these streets shall receive consideration in the future.

Respectfully,
OWEN A. GALLAGHER, Chairman.

City of Boston,
Street Laying-Out Department,
June 1, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Your Honor,—Inclosed please find City Council orders for the acceptance and laying out of Walbridge street, Ward 21, and Garden street, Ward 20, with your request for consideration and report thereon.

In reply I regret to state that there are no funds available for the construction of either of these streets at the present time. However, if the E. R. A. program continues, the Board will be pleased to give every consideration to these streets as soon as possible.

However, owing to the many demands coming from all sections of the city we are unable to make any definite promise.

Respectfully yours,
OWEN A. GALLAGHER, Chairman.

Placed on file.

FIVE-CENT BUS FARE FOR CHILDREN.

The following was received:

City of Boston,
Office of the Mayor, June 10, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Elevated Railway, relative to your order of May 20, 1935, concerning a proposed five-cent summer bus service for children, from Morton street through Peabody square to Freepoint street and Tenean Beach; also from Peabody square along Dorchester avenue to Carson Beach.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway Trustees,
June 4, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—The Board of Trustees considered at their meeting yesterday question of 5-cent summer bus service from Morton street to Tenean Beach, Peabody square to Carson Beach.

They have many requests for these independent

lines which fit limited needs and which would run in to a great deal of money in the Elevated deficit, if granted. It is true they might upon occasions be of convenience but they are in direct competition with other modes of transportation and simply add to the deficit, and the trustees do not believe under existing conditions operation of these lines would be justified.

Very truly yours,
EDWARD DANA,
Executive Vice President
and General Manager.

Placed on file.

PROPOSED ADJOURNMENT OF TAX SALES.

The following was received:

City of Boston,
Office of the Mayor, June 10, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the City Collector, relative to your order of May 27, 1935, concerning a proposed adjournment of the tax sales for unpaid 1933 taxes, so far as unpaid taxes on dwelling houses were concerned.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Collecting Department, June 4, 1935.
Mr. John F. Gilmore, Jr.,
Mayor's Office.

Dear Sir,—The statute now provides that on or before September 1 the collector shall certify to the treasurer all unpaid 1934 taxes on which there is a tax title. That necessarily means that all taxes for previous years shall be sold in order that certification may be had for the year 1934.

At least fourteen days are required between the date of advertising and the date of sale. The longest extension that could be had would be to hold the sale in July. As a sale cannot be postponed longer than three days, such an extension would necessitate readvertising at a cost to the city of about \$15,000, and such a short period would in no way be helpful to the taxpayer. Taxes for 1933 which are unpaid have been due for twenty months.

A tax sale does not mean additional hardship to the taxpayer, in view of the fact that the city now requires a 50 per cent deposit at the time of bidding, thereby eliminating the so-called "tax title sharks." As a general rule the city bids in the property. The taxpayer has at least two years from the date of sale to redeem the property and can do this by making installment payments of 25 per cent each.

The only thing I fear might be said about the City of Boston regarding its tax sales is that it is entirely too lenient. I give below the dates of 1933 tax sales held by other cities in the Commonwealth.

Lowell, April 17, 1934; Worcester, August, 1934; Springfield, August 8, 1934; Fall River, May 7, 1934; New Bedford, August 15, 1934; Lawrence, October 1, 1934.

Therefore, in view of the foregoing, there is not sufficient time to allow any postponement, and what takes place throughout the state in reference to tax sales shows conclusively that the City of Boston has extended every consideration to its taxpayers.

Yours very truly,
JOHN F. DOHERTY,
City Collector.

Placed on file.

TRAFFIC SURVEY.

The following was received:

City of Boston,
Office of the Mayor, June 10, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Work Projects Board, relative to your order of May 27, 1935, concerning a project for a traffic survey in Boston, with a view towards installing traffic lights at dangerous intersections.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Work Projects Board,
40 Central Street, June 5, 1935.

Mr. John F. Gilmore,
Assistant Secretary, Mayor's Office.
Subject: Order of City Council, May 27, 1935,
Proposed Traffic Survey of Dangerous Intersections.

Dear Sir:—In reply to your memorandum of June 3 relative to the above subject, it is the opinion of our Board, based upon conferences that we have already had, that the Boston Traffic Commission is well qualified to make this survey promptly and to report its recommendations. The commission already has available comprehensive records and studies of traffic conditions and accidents at pertinent points throughout the city.

It seems quite appropriate that the survey and recommendations from the Traffic Commission, when made, be referred to our Board, for consideration as a P. W. A. project, and with this in view we shall be glad to assist someone to cooperate with the commission in making its report if desired.

Very truly yours,
Work Projects Board,
By C. E. NICHOLS.

Placed on file.

TRAFFIC LIGHTS IN WARD 22.

The following was received:

City of Boston,
Office of the Mayor, June 10, 1935.
To the City Council.

Gentlemen,—I herewith transmit three letters from the Boston Traffic Commission, relative to your orders of May 27, 1935, concerning the proposed installation of traffic lights at the following locations, respectively:

1. Arlington and Parsons streets, Ward 22.
2. Cambridge and North Harvard streets, Ward 22.
3. Faneuil and Parsons streets, Ward 22.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, June 5, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated May 27, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install signal lights at Arlington and Parsons streets, Ward 22."

There are no funds available at the present time for the installation of the above signals.

The above intersection, however, is on a proposed list of installations when funds become available.

Very truly yours,
WILLIAM P. HICKEY, Commissioner.

City of Boston,
Traffic Commission, June 5, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated May 27, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install signal lights at Cambridge and North Harvard streets, Ward 22."

There are no funds available for the installation of the above signals. The above intersection is on a proposed list of installations when funds become available.

Very truly yours,
WILLIAM P. HICKEY, Commissioner.

City of Boston,
Traffic Commission, June 5, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated May 27, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install signal lights at Faneuil and Parsons streets, Ward 22."

There are no funds available at the present time for the installation of the above requested signals.

Very truly yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

ADDITIONAL LOAN FOR TRAFFIC TUNNEL.

The following was received:

City of Boston,
Office of the Mayor, June 7, 1935.
To the City Council.

Gentlemen,—The chairman of the Board of Transit Commissioners has advised me that the records in his department indicate that the net costs of construction of the Sumner Traffic Tunnel and its approaches will substantially exceed the \$19,000,000 heretofore authorized by the Legislature to be borrowed for this purpose. His estimate, set forth in a letter, a copy of which I submit herewith, of the excess net cost is \$600,000. As the city is definitely obligated to meet this excess cost the method by which the money shall be raised must be considered.

The City Auditor has recommended that the present Tunnel Acts be amended, so as to permit further borrowing thereunder. I submit for your consideration, in the City Auditor's statement of reasons for his recommendation. In view of the foregoing I have requested the Corporation Counsel to file with the General Court a petition for authority for increased borrowing under the Tunnel Acts. Before the Legislature will act upon this petition, approval by your Honorable Body is necessary. I am therefore recommending a vote of the Legislature on the petition for approval of the petition. I respectfully request your passage of this petition. As the petition will be drawn up in a few days, I am submitting it to you for your consideration and action. I am sure that the benefits of borrowing for the Tunnel Acts will be realized.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Department, June 7, 1935.
Hon. Frederick W. Mansfield,

Mayor of Boston.
Dear Sir:—The following is a copy of the petition for authority for increased borrowing under the Tunnel Acts, submitted to the General Court on May 27, 1935, concerning the proposed installation of traffic lights at the following locations, respectively:
1. Arlington and Parsons streets, Ward 22.
2. Cambridge and North Harvard streets, Ward 22.
3. Faneuil and Parsons streets, Ward 22.

FOUNDATION IMPROVEMENTS, BOSTON CITY HOSPITAL.

The following was received:

City of Boston,

Office of the Mayor, June 7, 1935.

To the Honorable the City Council.

Gentlemen,—The trustees of the Boston City Hospital have advised me that in the course of construction of the new Kitchen Building certain wooden piles and granite capping, formerly supporting the walls and dome of "Old Center," have been discovered, which interfere with the construction of said building. The trustees estimate that the removal of said piles and granite capping will cost approximately \$7,500. This amount includes a small contingency balance for additional work of a minor nature, which may arise in connection with the construction of the Kitchen Building.

As there is not a sufficient sum available in existing appropriations for the Kitchen Building to cover the cost of removal of said piles and granite capping and certain possible additional work, a further appropriation will be needed to provide the additional amount required. There is, however, in the Special Fund—Sales of City Property, money which may be appropriated for this purpose.

I am therefore submitting herewith an order providing for an additional appropriation for the Kitchen Building against which the appropriation for the proposed work will be charged.

The trustees have further advised me that in the course of construction of the Kitchen Building it has been discovered that certain old walls and wall foundations are defective and that the Building Department of the city has ordered the correction of these defects. The trustees estimate the cost of correcting such foundation and wall defects at \$22,500 if the work is done at the present time and before the completion of the Kitchen Building. If done later, they estimate the cost to be substantially higher.

As there is no appropriation available for this work, but there are funds in said Special Fund which may be used therefor, I am submitting herewith an order appropriating \$22,550 for this work.

I respectfully recommend passage by your Honorable Body of both orders submitted.

Respectfully submitted,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That the additional sum of seven thousand five hundred dollars be, and the same hereby is, appropriated, to be expended under the direction of the trustees of the Boston City Hospital, for Kitchen Building, etc., said sum to be met from the Special Fund—Sales of City Property.

Ordered, That the sum of twenty-two thousand five hundred dollars be, and the same hereby is, appropriated, to be expended under the direction of the trustees of the Boston City Hospital, for foundation improvements, and walls etc., said sum to be met from the Special Fund—Sales of City Property.

Referred to Executive Committee.

DORCHESTER HEIGHTS MONUMENT.

The following was received:

City of Boston,

Office of the Mayor, June 10, 1935.

To the City Council.

Gentlemen,—I am in receipt of a communication from the chairman of the Boston Art Commission in which he states that the Dorchester Heights Monument in South Boston is in an unsafe and dangerous condition and that certain repairs and structural changes should be made without delay. The structure has been examined by inspectors of the Building Department who advise the immediate reinforcing of corroded steel framing, anchors, etc., and the installation of new flashing, waterproofing, ties, etc. In the opinion of all concerned this work is absolutely necessary for the future security of the monument.

I am advised by the City Auditor that the estimated expense of this work, namely, \$3,500, may properly be charged against the income of the Phillips Street Fund, a trust fund in the possession of the city. I submit herewith an appropriation order and respectfully recommend its adoption by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That the sum of \$3,500 be, and the same is hereby, appropriated, to be expended under the direction of the Art Commission, for Dorchester Heights Monument, improvements, etc., said amount to be charged to the Phillips Street Fund Income.

Referred to Executive Committee.

SYMPATHY FOR COUNCILOR FISH.

President FITZGERALD offered the following: Resolved, That the Boston City Council hereby expresses its deep and sincere regret and sorrow at the untimely death of Mrs. Julia A. Fish, mother of Councilor Albert Fish, and extends to Councilor Fish and the other members of his family its heartfelt condolence and sympathy in their bereavement.

Passed by unanimous rising vote.

It will be noted from the above calculation that the sum of \$600,000.00 will be required to meet expenses incurred or to be incurred for the purposes of the Traffic Tunnel, and the Transit Department respectfully requests that the necessary steps be taken to make such amount available.

Respectfully yours,

T. F. SULLIVAN,
Chairman.

City of Boston,
Auditing Department, June 7, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir:—I have examined the statement submitted by the chairman of the Transit Commission concerning the net cost of construction of the Summer Traffic Tunnel to date, and containing an estimate of the additional funds required to meet the cost of the completion of the tunnel and its approaches. I have also examined the records of this office in relation to tunnel construction costs, and find that they are in agreement with the figures submitted by the Transit Commission.

The additional funds required to complete the tunnel may be secured in one of two ways,—by securing legislative approval to an increase in the amount of bonds to be issued under the Tunnel Acts to meet the cost of the tunnel, or by borrowing the amount required within the debt-incurring power of the city. While the latter method would be the easier of the two since action would be confined solely to the city government, I believe that to keep the record of the actual cost of the tunnel intact and in one account, it would be better to

secure legislative approval to an additional issue of bonds under the Tunnel Acts. If bonds within the debt-incurring power of the city were issued they would appear in future years among the ordinary debt of the city, and would be liquidated annually out of appropriations included in the budget for regular city debt requirements. All tunnel bonds issued to date have been kept separate from ordinary city debt, and their liquidation, in so far as was possible, has been provided from tunnel receipts. I feel it is desirable to continue this distinction between ordinary city debt and tunnel debt.

Moreover, if the bonds are issued as tunnel bonds they may be redeemed or liquidated from tunnel receipts; whereas, if bonds within the debt limit are issued it will be necessary to provide for their liquidation in the annual debt requirements of the city. I appreciate that tunnel receipts at the present time are not sufficient to provide for the liquidation of this additional issue. No one can tell, however, what developments may take place in the future, consequently, I believe the possibility of the tunnel becoming self-supporting should not be discounted.

The Law Department has submitted to me a form of bill authorizing an increase of \$600,000 in the amount of bonds to be issued under the Tunnel Acts to meet the cost of the tunnel. Since such legislation involves the borrowing of money, it will be necessary to secure the approval of the City Council before introducing the bill in the Legislature. I recommend that such approval be secured at the next meeting of the Council, namely next Monday.

Respectfully,
CHARLES J. FOX,
City Auditor.

Resolved, That the City Council of Boston hereby approves the enactment of legislation to authorize the city to borrow \$600,000, outside the limit of indebtedness, to meet additional costs incurred in connection with the East Boston traffic tunnel.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Boylston Wine and Liquor Company, for refund on permit for illuminated sign.

Mae C. and Peter F. Coleman, for compensation for damage to property at 102 La Grange street, caused by new sidewalk being put in.

William F. Cox, for compensation for damage to clothing in Assessing Department.

Saul Glazer, for compensation for collapse of water boiler at 63 Greenbrier street, caused by water being shut off.

Alice M. Hurley, for compensation for damage to shoes caused by an alleged defect in St. Joseph street, Jamaica Plain.

Philip J. Lane, for compensation for injuries caused by an alleged defect in front of E. B. Horn Company.

Rufina Maffei, for compensation for abatement on water bill at 125 Faywood avenue, East Boston.

Suzanne Mailman, for compensation for damage to property at 1 Goodway road, Jamaica Plain, caused by change of grade of street.

Catherine McDewitt, for compensation for damage to property at 73 Iroquois street, caused by leak in water pipe.

Mrs. Jenny Petrozillo, for compensation for damage to fire escape at 21 Cleveland place, caused by city team.

Dr. Constantine Popoff, for compensation for damage to car caused by city truck.

Harry A. Shank, for compensation for damage to car caused by an alleged defect at 577 Washington street, Dorchester.

Mrs. J. Sullivan, for compensation for damage to property at 900 East Fourth street, caused by stoppage in sewer drain.

E. V. Yeuell, for compensation for damage to car by city car.

Jitneys.

Boston Elevated Railway Company, for license to operate motor vehicles between Broad street and Atlantic avenue, and First and P streets.

Executive.

Petition of Mary E. McCallum, to be paid an annuity on account of the death of her husband, Daniel A. McCallum, late member of the Police Department.

Doris Cross, for a permit for children under fifteen years of age to appear at Copple Theatre, June 7, 1935, to take part in graduation exercises.

TRANSPORTATION FOR SUFFOLK DOWNS RACE TRACK.

The following was received:

Boston, June 7, 1935

To the Honorable City Council of Boston.

Gentlemen, The Boston Elevated Railway Company desires to construct a portion of its railway on certain private land in that part of Boston known as East Boston for the purpose of providing railway facilities for the transportation of passengers to and from the Suffolk Downs Race Track of the Eastern Racing Association, Inc., and to provide convenient terminal facilities.

Wherefore, the Boston Elevated Railway Company requests that you will approve the construction by it of its railway on Western avenue, a private way in said East Boston, and on the Boston Elevated Railway Company land, and on the eastern side of said Western avenue, and on land of the Eastern Racing Association, Inc., located on the western side of said Western avenue.

BOSTON ELEVATED RAILWAY COMPANY
By _____
General Manager

Referred to Executive Committee.

CONSTABLES' FEES.

The following Constable Fees, for the month of May, 1935, have been received and approved.

SIDEWALK ASSESSMENTS.

A sidewalk assessment schedule was received from the Commissioner of Public Works for Southampton street, Wards 7 and 8, the half cost assessed amounting to \$1,484.31, with names of owners and the accompanying order:

Ordered, That the persons named in the foregoing schedule be, and the same are hereby, assessed the sum set against their names as their proportionate parts of the cost of constructing sidewalks in front of their estates bordering on Southampton street, Massachusetts avenue to Andrew square, Wards 7 and 8, and the same is ordered to be certified and notice be given to the persons as aforesaid.

Passed under suspension of the rule.

LOAN FOR PUBLIC WELFARE.

Coun. GALLAGHER called up, under unfinished business, No. 2 on the calendar, viz.:

2. Ordered, That under the provisions of chapter 188 of the Acts of 1935 the sum of \$6,000,000 be, and hereby is, appropriated for public welfare, including mothers' aid and old age assistance, soldiers' benefits, including state aid, military aid, soldiers' burials and soldiers' relief, and Emergency Relief Administration project costs, and that to meet said appropriation the City Treasurer be authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On May 27, 1935, the foregoing order was read once and passed, yeas 16, nays 3.

The question came on giving the order a second and final reading and passage.

Coun. SHATTUCK—Mr. President, this is an order providing for a loan of \$6,000,000 to go towards the current expenses of the City of Boston for this fiscal year. I have in my hand a copy of the *City Record* published June 8, in which his Honor the Mayor took occasion to make some remarks in reply to my statement when this order first came up, and in which there is a paragraph entitled, "On Councilor Shattuck," thus honoring me with a paragraph in the *City Record*. Many lawyers, when they have a weak case, speak of some detail without going into the essence of the question. This statement refers merely to the first paragraph of my statement, in which I explained a certain parliamentary situation in which it happened that four members of the Council were able to balk the action of a membership of twenty-two. But, after explaining that situation, I went on to speak of the merits of the particular measure, and I called attention to the fact that there had not been such retrenchment in expenditures as might reasonably have been made. I called attention to the fact that this proposed bond issue, with the additional million which it was expected would come later, would absorb nearly all of our special borrowing capacity and leave practically nothing for next year. I condemned the policy of drifting and demanded that the question at issue, of balancing our budget or going as far as possible towards balancing our budget, be squarely faced. I attacked the idea that seemed to be prevalent that we can live on borrowed money. I demanded that we face the facts and set our house in order, and said, if this were wilfulness, I thought it was the kind of wilfulness we ought to have in public life. Now, let us go a little farther into this question of retrenchment. Obviously, retrenchment is necessary. It must be clear to any thinking person that we cannot go on year after year borrowing money for current expenses, as proposed this year. And if there is to be retrenchment, it should begin at the top. If we do not have retrenchment at the top we can hardly expect people down through the ranks to be interested in retrenchment. I notice in City Document 56, on page 81, under the Mayor's Office Expenses, that he has a chauffeur at \$2,800 per year, and has a telephone operator at \$2,000 per year. Those two items are not large items, but they are items in his own office. They are far in advance of any other similar classification throughout the budget, far out of line with what other people in the same line of work customarily get. Therefore, I call attention to that situation in his own house, even although it does not amount to a great deal in dollars. Then we have the situation as to constables. Those are not people who were on the pay roll until the current year. There are many of them put into departments where there are already enough people, to say the least. For instance, I found one of these constables assigned to the Building Department, a department whose activities have never been at as low an ebb as today, with the small amount of new construction that we are having. It is a department in which they have fifty-three inspectors, a large number of employees who do not have enough to do today, and there is certainly no excuse whatever for an additional employee in the nature of a constable in that department. Those inspectors and the other people now there do not have enough to do. I called attention to that when the appropriation for the Building Department came up. Then we have the Fire Department. It is true that in the rank and file vacancies have not been filled for some time, which has reduced the personnel and the appropriations in that way; but, looking through the schedule of the Fire Department, which appears on page 72 of this document, it

seems to me that they have a great many people at the top. I find, for instance, in the administrative force of the department, the commissioner at \$7,500, an executive secretary at \$3,600, and a large number of clerks and other employees. That is in the head office. Then there are a number of divisions, and each division has a chief or superintendent at the head, at \$4,500 and, in many cases, there are a number of deputies and special assistants to that person. For instance, in the Fire Alarm Branch, there is a superintendent at \$4,500, an assistant superintendent at \$3,300, and an aide to the superintendent at \$2,300. In the fire-fighting force there is a chief at \$6,500, an aide to the chief at \$2,500, two more aides at \$2,300, three aides to the commissioner at \$2,300, 104 apparatus operators at \$2,200, eighty captains at \$2,700, six deputy chiefs at \$4,500, thirty district chiefs at \$4,000, and a drill master at \$2,700—at a time when they are not taking new men into the department. That seems like a good deal of overhead in that department, and I understand that many of those people have a chauffeur, and that many who do not have a chauffeur have an automobile assigned to them, that there are a great many assigned chauffeurs and automobiles through that department. Then, in the Health Department, we have, in addition to the chief and supervisory inspectors, at \$2,700 and \$2,500 per year, seventy-six food inspectors, at from \$1,600 to \$2,300 per year. I have heard a number of times a serious question raised as to whether we needed all those food inspectors. Under the Hospital Department, attention has been recently called to the waste of food and the extraordinarily large cost of food as compared with the cost of other similar institutions throughout the country. Last winter, also, we had a very clear illustration of the waste and inefficiency in handling snow removal by the Department of Public Works—not that that is the only activity in that department in which there is waste and inefficiency. I have only touched upon a few matters which, if the Mayor is really interested in this question, he might discuss, rather than doing a little shadow-boxing. I have not suggested the discharge of any efficient and faithful employee, as I stated when the budget came up. I have suggested that in many cases transfers might be made from over-manned departments to other positions where vacancies have occurred and where needs exist. But, while there are a great many faithful and efficient employees of the City of Boston, there are unfortunately others who come late and go early and in other respects are not faithful and efficient, and in such cases a weeding out could be made. I commend these suggestions to the attention of his Honor the Mayor, and until such things are looked into and the proper action is taken, I shall vote against such bond issues as the one now suggested to cover operating expenses.

Coun. DOWD—Mr. President, the matter before us today is this loan order of \$6,000,000. I believe that the chairman of the Appropriations Committee had all the time necessary, if he so desired, to bring in a minority report on the budget. We are not discussing the budget today; we are discussing a loan order of \$6,000,000. I merely desire to make one or two suggestions in regard to the remarks we have just heard. In the first place, the councilor has criticized among these items the payment to the drill master of the Fire Department. As a matter of fact, the drill master occupies perhaps the most responsible position of any man in the department, not even excluding the commissioner himself. The gentleman also refers to the amount paid to the Mayor's chauffeur. The Mayor's chauffeur is on the job from eight o'clock in the morning until midnight. Now, the question we must decide, and the question that the gentleman from the Back Bay (Coun. Shattuck) must decide, is whether we are to vote "Yes" or "No" on this \$6,000,000 loan order. There can be no shadow-boxing on the part of any individual member of this Council on that matter. It does not matter where the money comes from, there is only one thing at stake here, and that is, if this loan order does not pass to provide money for public welfare, soldiers' relief and mothers' aid, the \$6,000,000 must be taken out of the salaries of the employees of this city. That is the situation in which we are placed today. If we vote against the order we are either going to say to the 23,000 families on welfare and mothers' aid, "We will not pay you a five-cent piece, we will not make to you the payment that would be made if this order is passed," or else we are voting to have the salaries of the thousands of city employees reduced to meet such expense. The Mayor of Boston is not responsible for this situation with which we are confronted by reason of unemployment. It is a situation that prevails in every city and town of the Commonwealth. Cambridge, for instance, has a tax rate of \$41 on the thousand. Practically every city in America faces the same situation that we are facing in Boston today. It is unfair to say that the Mayor is shadow-boxing on this issue. I say to any gentleman who votes against this loan order that he is saying to the poor people of Boston, "I do not desire to aid you any longer," and that as a result the amount paid for welfare and for mothers' aid in this city must be taken from the salaries of the city employees. Boston is not in this matter confronted by an unusual situation. It is the same situation that has been facing Chicago, New York, Philadelphia, Los Angeles, Cleveland,

Detroit, every large city in America. Every city in the country is borrowing for these purposes today, and this is not the first year that we have so borrowed. We have been borrowing for the past two years. The Legislature has recognized the situation. They passed a bill, the so-called Halliwell bill, for which I believe the gentleman from the Back Bay himself voted, to allow the City of Boston to borrow for such purposes. The issue is plain. Either we vote for the order or against it. Every member of the Council is going on the line on the question of whether he wants the poor people of Boston to continue on welfare, or wishes to say to them, "From now on, not a single, solitary five-cent piece will be paid to you." I hope and trust every member of the Council will do his duty and will vote for this loan order.

Coun. GREEN—Mr. President, I think there is no question but what this loan order will be passed this afternoon. I listened with a great deal of attention to the gentleman from the Back Bay (Coun. Shattuck), but I don't think a member of this Honorable Body will dare to stand up and vote for the discharge of a single employee at a time when the cry is "Work and Wages." That is what we are supposed to have in mind this afternoon. I believe, in a time like this, no member will vote to discharge men and women from the city pay roll.

Coun. SHATTUCK—Mr. President, I would ask the gentleman whether he would retain on the pay rolls a person who is inefficient and unfaithful?

Coun. GREEN—I might answer the gentleman from the Back Bay by stating that I don't think there is an employee of the City of Boston who is unfaithful or unfit to be on the list. They all have to take a test at the State House, they all have to pass an examination as to their qualifications, before their names are sent down to the Mayor of Boston for acceptance. After they pass that test and after they go on the city pay roll of Boston, I believe that they do their best; and it ill becomes any member of this body to get up here this afternoon and advocate the discharge of a single man or woman from the city employ, particularly in such times as these. There is not a department of the City of Boston today that is working with a full complement. There have not been any replacements. Men and women have died in every department of the City of Boston and their positions have not been filled, so that today every department of the city is working without a full complement of men and women. The councilor from the Back Bay seems to wish to have us go on record as in favor of more discharges. I don't know why.

Coun. TOBIN moved the previous question. The main question was ordered, and the order was given its second and final reading and passage, yeas 17, nays 1.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fitzgerald, Gallagher, Gleason, Goldman, Green, Kerrigan, McGrath, Roberts, Selvitella, Tobin—17.

Nays—Coun. Shattuck—1.
Later in the session Coun. Norton stated that if he had been present when the roll was called he would have voted "No."

CONFIRMATION OF CONSTABLES.

Coun. BRACKMAN, for the Committee on Constables, called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor June 3, 1935, of the following-named to be Constables, authorized to serve civil process: Clarence L. Baker, Paul Stancato, Frederick J. Galvin, Clifford L. Smith, Robert E. Donlan.

The question came on confirmation. Committee, Coun. Agnew and Selvitella. Whole number of ballots 17; yeas 16, nays 1, and the appointments were confirmed.

HALF-HOLIDAY, JUNE 17.

Coun. GREEN offered the following:
Ordered, That his Honor the Mayor request the Retail Trade Board of the Boston Chamber of Commerce to grant a half-holiday, without loss of pay, to their employees on Bunker Hill Day, Monday, June 17, at least in the Charlestown district, as this is the first time that it is to be celebrated as a legal holiday in Suffolk County, and as a number of their employees are to participate in the parade on that day as members of American Legion and Veterans of Foreign Wars Posts, fraternal societies, etc., and the committee in charge feels that they should not be prevented from performing their patriotic and civic duty.

Passed under suspension of the rule.

SNOW-REMOVAL INVESTIGATION.

Coun. GOLDMAN offered the following:
Ordered, That the Boston Finance Commission be requested, through his Honor the Mayor, to inform the City Council as to why they waited for five months, until after full payments had been made, before they started a snow-removal investigation, and why it was necessary to hire a resident of Everett as a special investigator at a cost of \$75 a week to the City of Boston.

Coun. GOLDMAN—Mr. President, I read in the paper that within ten or fifteen minutes following the passage of the budget, the Finance Commission commenced to exercise its functions in the investigation of the snow-removal contract. I was also somewhat surprised to learn that, in spite of our population of almost a million, the Finance Commission were apparently unable to discover a single citizen of our city who may be considered qualified to act as a special investigator, and to whom they are paying \$75 a week. I ask, therefore, that this order be adopted under suspension of the rule.

The order was passed under suspension of the rule.

Later in the session Coun. NORTON said: Mr. President, I would ask unanimous consent to make a statement. Before I came in, an order was introduced in regard to the employment by the Finance Commission of an investigator who comes from another city. I am very glad that the councilor from Ward 14 (Coun. Goldman) introduced that order. If he had not done so, I would have introduced an order of the same nature.

BOSTON MEN ON P. W. A.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the Federal Public Works Administrator to see that only Boston men are employed on Boston P. W. A. projects.

Coun. DOWD—Mr. President, it is evident that, in so far as the Boston P. W. A. projects are concerned, the idea and the root of these projects, that local people shall in each case be employed, is not being carried out, although that interpretation would seem to be perfectly plain and fair. It is supposed that where money is expended on Boston projects, Boston men shall be employed. I was sufficiently interested to make an investigation of the matter in connection with such a City Hospital project, for which one and one half millions is being expended, and found that 50 per cent of the people employed apparently come from Medford, Everett, Revere, Cambridge and other places outside of the City of Boston. I think that is a clear violation of the law, and I ask, therefore, that only Boston men be employed on such projects.

The order was passed under suspension of the rule.

BOSTON CITIZENS ON E. R. A.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the Federal E. R. A. Administrator for Boston to see that citizens of Boston get preference over aliens on all Boston E. R. A. projects.

Coun. DOWD—Mr. President, about a month ago I offered a similar order, and I was hopeful that things might get better. We have a very large number of citizens who need whatever help they can get through E. R. A. projects, and it does seem as though the administrator should at least give preference to citizens over aliens. I had occasion to look over one of these projects last Friday, and found eighty aliens and two citizens employed. I say it is about time that the Federal Administrator for Boston, on Boston projects, give preference to citizens over aliens.

Coun. ROBERTS—Mr. President, I had already prepared an order along lines similar to that just offered by Councilor Dowd. Certainly the situation calls for an immediate investigation. I am informed that on one of these projects in Boston there is an alien who has been in the country but two months and another one who has been here but eight months. Although I have not at the moment the names of these individuals, I am reliably informed that such is the case. It is also interesting to know that some of the directors on the musical and orchestral projects, I understand a majority of them, are already well employed outside; that in many instances worthy musicians who have dependents, A Class 1 musicians, are unable to get employment, while others who are already well employed get the positions; that a number of the people so employed do not live in Boston, and that one of these directors has employed three members of his own family, one not married and all, I am told, self-supporting. If I had in my possession the definite information that I expect to get, I would call for an immediate investigation, and would submit the names. But I have not the names at this time. I do believe, however, that an order should be passed, and I have drafted such an order, asking that the State E. R. A. Administrator make an investigation along these lines. I am in entire agreement with Councilor Dowd's order, and propose myself to offer an order along the same lines.

Coun. Dowd's order was passed under suspension of the rule.

CLASSIFICATION IN MUSIC DIVISION E. R. A.

Coun. ROBERTS offered the following:

Ordered, That the State E. R. A. Administrator be requested, through his Honor the Mayor, to investigate the classification of employees in the music and orchestra division of the E. R. A. to the end that applicants for employment in this division be treated fairly and equitably.

Passed under suspension of the rule.

CLEANING OF CATCH-BASINS.

Coun. McGRATH offered the following:

Ordered, That the Public Works Commissioner, through his Honor the Mayor, be requested to direct the cleaning of catch-basins in the Ward 13 section of Boston, with attention to be paid to the basins at the junction of Savin Hill avenue and the railroad bridge, which, on authority, have not been cleaned for a period of two years.

Passed under suspension of the rule.

LAMPS ON DORCHESTER AVENUE.

Coun. TOBIN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install boulevard type lamps on Dorchester avenue, from Adams street to Savin Hill avenue, Ward 15.

Passed under suspension of the rule.

RECESS.

The Council voted at 3.02 p. m., on motion of Coun. GREEN, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 4.06 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on the petition referred today of the Boston Elevated Railway Company to put in tracks in connection with the race track in East Boston—recommending the passage of the following:

Ordered, That the construction by the Boston Elevated Railway Company of a portion of its railway on certain private land in Boston, namely, on Washburn avenue, a private way extending between Walley street and the Boston-Revere line, in that part of Boston known as East Boston, on land of the Boston Elevated Railway Company located on the easterly side of said Washburn avenue, and on land of the Eastern Racing Association, Inc., located on the westerly side of said Washburn avenue, is hereby approved.

Report accepted, and the question came on the passage of the order.

Coun. AGNEW—Mr. President, I move that that be referred to the Committee on Jitneys.

President FITZGERALD—The Chair will rule the motion out of order.

Coun. AGNEW—Mr. President, I rise to a point of order. Why is that motion ruled out of order? Because that is not the appropriate committee?

President FITZGERALD—The Committee on Jitneys is not the committee that deals with these matters.

Coun. AGNEW—Doesn't the work of the Committee on Jitneys pertain to transportation?

President FITZGERALD—Only in so far as jitneys are concerned.

Coun. AGNEW—What committee does handle the question of street cars?

President FITZGERALD—On the question of locations, the Executive Committee.

The permit was granted under the usual conditions.

2. Report on the order (submitted by the Mayor and referred today) in regard to improvements and repairs to the Dorchester Heights Monument, at the request of the Art Commission—that the order ought to pass.

Report accepted; said order passed, yeas 16, nays 0.

3. Report on petition of Doris Cross (referred today) for a permit for children under fifteen years of age to appear at the Copley Theatre June 7, to take part in graduation exercises—that permit be granted.

Report accepted; permit granted on the usual conditions.

REPORT ON MUNICIPAL LIGHTING.

Coun. DOWD, for the Committee on Municipal Lighting, submitted the following:

The Committee on Municipal Lighting, to whom was referred the proposed contracts with the Boston Consolidated Gas Company for furnishing gas for street lights and for the equipment and lighting of gas lamps, respectfully reports that a public hearing was held by the City Council, in accordance with the provisions of section 6 of chapter 186 of the Acts of 1909, on Tuesday, May 14, 1935, at which hearing there was a public discussion of the contracts and considerable valuable information obtained.

After giving careful study to the matter the committee submits the following findings and recommendations for the consideration of the Council and his Honor the Mayor:

a. Despite the fact that the contracts call for a price of \$20.50 per lamp as against the former price of \$25.12 per lamp, a saving of \$4.62 per lamp, the committee feels that a five year contract is far too long a term in view of the possibility of a reduction in the price of gas and equipment. It is true that there is a reduction clause in the

contract for furnishing gas, but it is somewhat ambiguous and the committee is not entirely satisfied that it is as advantageous as it appears.

b. The contract calls for 9,539 gas lamps and the Commissioner of Public Works stated to the Council that 4,782 of these lamps could be replaced by electric lights at the same price. The committee believes that electric lights are preferable and have no doubt that the Commissioner of Public Works and the other city officials share that belief as they have consistently replaced gas lamps by electric lights whenever the occasion arose.

c. If the contract is approved in its present form the city will be obliged to pay for at least 9,062 gas lamps for five years no matter how advisable it may appear to be to install electric lights.

The committee accordingly recommends that the City Council refuse their approval of the two contracts—and also make the following recommendations to his Honor the Mayor:

1. To instruct the Public Works Commissioner to confer with the Public Utilities Commission and the Edison Electric Illuminating Company for the purpose of obtaining electric lights in place of the 9,539 lamps that are now illuminated by gas.

2. In the event that it is found impossible to obtain electric lighting for all the lamps, that the Commissioner of Public Works be instructed to negotiate with the Edison Company for furnishing electric lights in place of 4,782 gas lamps, and if these negotiations are successful, to make a two-year contract for lighting the 4,757 remaining gas lamps.

The report of the committee was accepted. The contracts (severally referred December 10, 1934, and April 1, 1935) were disapproved.

ASSIGNMENT TO C. C. C. CAMPS.

Coun. DOWD offered the following:

Resolved, That the City Council memorialize the United States Senators and Congressmen from Massachusetts, asking them to do whatever is possible to rescind the order issued by the Director of the Civilian Conservation Corps whereby only boys whose families are on the welfare relief rolls are eligible for assignment to C. C. C. camps.

Coun. DOWD—Mr. President, according to the reports coming to us from Washington, we understand that the Director of the Civilian Conservation Corps has issued an order whereby every C. C. C. boy whose family is not on the welfare relief rolls will be discharged and ordered home, and that in future no young man will be allowed to go to C. C. C. camps unless his family is on welfare. I say that a ruling like that is simply driving families onto the welfare rolls, in order that their boys may go to these camps. In other words, it seems to be the intention of the Government not to give the benefit of the C. C. C. to any young man whose family is not on the welfare rolls. Now, I say that we should not compel the families of these worthy young men to pauperize themselves by going on these rolls. If the Government is going to continue along that line it is going to increase the welfare rolls of the City of Boston and not decrease them. I say it is an unfair ruling, and, much as I dislike to memorialize our Congressmen and Senators, I believe we should ask them to take whatever action is possible to rescind this unfair and discriminatory ruling.

The order was passed under suspension of the rule.

UNACCEPTED RESIDENTIAL STREETS.

Coun. FINLEY offered the following:

Ordered, That his Honor the Mayor and Board of Street Commissioners be requested to petition the Federal Works Projects Board to allocate sufficient money to lay out and construct the unaccepted residential streets of the City of Boston.

Coun. FINLEY—Mr. President, one of the problems confronting the Board of Street Commissioners in the City of Boston at the present time is the problem of trying to find some method whereby the unaccepted streets in residential districts may be laid out and constructed as public highways. Prior to the depression many beautiful one and two family homes were built throughout the city, particularly in the West Roxbury section. At that time the people building these homes were given every assurance that the streets on which they were built would soon be laid out as public highways. The depression came along and a different picture was then presented. Last year there was absolutely no money appropriated for street construction work, and this year, with the financial condition of the city, we must find some other way to get ready to relieve the deplorable condition that exists in our suburban sections. At the present time the Board of Street Commissioners are being flooded with requests, petitions, time passed by, for these private ways, and they have no money to meet them. The situation is really terrible. It is obvious that the city is in a desperate financial condition and that the only way to get out of this is to get the Federal Works Projects Board to allocate sufficient money for the purpose of constructing unaccepted streets. About a year ago, I introduced a bill, the E. R. A. bill, the committee on that time very much interested. The board at that time were very much interested, concerned very much, the work being done very slowly, and I present that as

year after the streets are fixed up they will be in as bad condition as before they were fixed. The Federal Works Projects Board does seem to offer some hope along this line, and I have accordingly introduced this order. I feel very confident that if the Mayor and the Street Commissioners will press for a sufficient sum of money to be allocated for the building of these unaccepted streets, on the petitions of residents who are living on them, they will receive very favorable consideration. Mr. McLaughlin, Mr. Ellsworth and Mr. Nichols, who have been working on these projects for months, I believe would be very favorably inclined to spend money for this purpose. And we must remember, first of all, that these are self-sustaining projects. The money can be obtained under a 55 per cent appropriation by the City of Boston, and a 45 per cent grant by the Federal Government, which means that if we avail ourselves of this opportunity to secure the money, these public highways will be taken care of, so far as the City of Boston is concerned, at a cost of 55 cents on the dollar. It will mean ultimately that there will be no cost to the city, because the city will receive a return through betterment on the 55 per cent laid out. It will also mean that we will have, as we used to in the past, substantial streets built at low cost in those sections of the city. We should also remember in this connection that many small contractors today are deprived of a living, not being able to do anything since the depression started, and not even being allowed to bid on the larger projects now under consideration, and that they will have an opportunity once more to bid on this work. I think, therefore, it is essential that we should use every effort to secure money for this purpose. I believe the entire future development of the City of Boston depends on what is done now by the city to obtain money to fix up the mud holes and quagmires that exist in the various sections of suburban Boston. I hope, therefore, that this order will be unanimously passed, and that the Mayor and the Street Commissioners will bend every effort to see that a substantial sum of money, enough to take care of the requests of these petitioners in the various residential sections, may be provided for the redemption of these private ways of our city.

Coun. TOBIN—Mr. President, while I have no objection to voting for this order, I would, however, like to have it understood that I am not in agreement with what the gentleman has said in all details. I find it hard to agree with or to follow his reasoning. It seems to me it is not sound. It appears to me that, in addition to the problem as he has outlined it, of constructing new streets, the city is faced with the obligation of properly maintaining its accepted streets, the condition of many of which is such as to mean a constant threat of lawsuits against the city. So, while I have no objection to favoring a resolve to construct new streets, I certainly feel that that should not be done at the expense of the streets already existing that are in need of repair. I understand that the new program will also take into consideration the repair of public highways in the older sections of the city, where for many years the streets have been neglected. I think, Mr. President, that the people of West Roxbury and of the Hyde Park district have had their streets pretty well taken care of in the last year and a half. The E. R. A. efforts have been almost entirely devoted to rebuilding and reopening new highways in the West Roxbury and Hyde Park sections. I think those streets, which were put in as seven-year streets, have been acceptable to the city, and to the people in the neighborhood where the work has been done; and I think it still fits the representative of that district, which has secured all this money from E. R. A. funds, to now criticize the work done in his district, and to say that the city within a very short time will be put to large expense, for maintenance and repair. I am sure that in my district we would have welcomed this E. R. A. work and the expenditure of these E. R. A. funds. It is true that the work is slow, being done by hand labor in order to give employment to unemployed, but the money has been paid by the Federal Government and has given that employment. I have at present no objection to voting for the order, having in mind, however, the fact that those who come from other districts that have not had the advantage of this work do have streets that need repair and that they have a right to have their streets repaired, and that in that connection they acknowledge the good work done by E. R. A. forces. We cannot very well ask for more money from the Federal Government if we criticize the expenditures that they have already made in the city. I think, in asking for more money, we ought to thank them for what we have already obtained and for what they have so well done. They have done good work in this city and have spent a good deal of money in doing it.

Coun. NORTON—Mr. President, I agree with a good deal of what Councilor Finley has stated and also with a lot that Councilor Tobin of Dorchester has said. There has been a lot of work done in the suburban sections as compared with a few years ago, and I personally am very thankful and appreciative of what has been done. The Street Commissioners, headed by Mr. Gallagher, have been using their best efforts, and it is probably true that more E. R. A. work has been done in our sections of the city than was done before. For that, I personally am very thankful. But you must remember that our problem is greater

than that of other sections. I will live and die before my section is half built up. We have out in Ward 18 three hundred and thirty-three unaccepted streets, mud holes, in a section that comprises one sixth of the entire area of Boston. The ward that I represent has 333 unaccepted streets, while the ward represented by the councilor from Charlestown has only one. You will remember when Mayor Curley offered money to take care of six unaccepted streets in each district, and Councilor Green had only one item in his ward. We have 333 out in my ward, mud holes, so bad that children five and six years of age, from the Blue Hill avenue section or the Mattapan area, along the Cummins Highway down to West Selden street, have been at times unable to go to school, because of the mud and water, and where fire engines at times have had great difficulty in getting to fires. We need more money spent on our streets. I would like to have more E. R. A. streets throughout our Boston residential area. We could use them.

The order was passed under suspension of the rule.

THE NEXT MEETING.

It was voted, on motion of Coun. GALLAGHER, that when the Council adjourns it meet on Thursday, June 13, at 2 p. m.

MOOSE CONVENTION IN BOSTON.

Coun. FINLEY offered the following:
Resolved, That the City Council of Boston, in meeting assembled, desires to express to that great international order, the Loyal Order of Moose, its pleasure and appreciation because of its choice of Boston for its annual convention, to be held from June 30 to July 4, inclusive, and further desires to express to this vigorous benevolent and fraternal organization the belief and promise that not only will the members of the Loyal Order of Moose find pleasure and enjoyment in the attractions and beauties of historic Boston, but that the officials and citizens of our city will exert every effort to make this convention a memorable occasion to the men and women of the great Order, which is making such a wonderful contribution to humanity by its well-known activities in providing for the care and education of the dependent children of its deceased members and also providing security against want to its members who may become dependent in their declining years.

Passed under suspension of the rule.

LAYING OUT CHILTON ROAD.

Coun. FINLEY offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, lay out and construct with P. W. A. funds, Chilton road, from Gould avenue to the Brook Farm Parkway, Ward 20.

Coun. FINLEY—Mr. President, referring to the order passed a few months ago, I cannot sit in my seat and let the statements that have been made regarding how I feel about what has been done on E. R. A. streets in my district, pass. I feel that the councilor from Ward 15 (Coun. Tobin) has somewhat misrepresented my feelings in the matter. I want to say that no one appreciates more than I do the work that the Street Commissioners have been doing and the great difficulties they have had in taking care of requests for work on unaccepted streets in our ward. But we have the same picture in our ward that the councilor from Ward 18 (Coun. Norton) has in his, and I contend that under present conditions it will be ten years or more before those streets will be laid out. It simply means that, when you refer to work that has been done on certain streets that have been accepted, the people on adjacent private ways feel that they are entitled to the same consideration. We are going to have a great problem on our hands, because the people of West Roxbury are very insistent in their demands that they be given more relief. I think they are entitled to further consideration, and I think one solution that offers itself is to try to avail ourselves of this method, whereby the city can build these streets at a cost of 55 cents on the dollar. I believe we ought to take advantage of it and try to get these funds.

Coun. TOBIN—Mr. President, I have no objection to the councilor from West Roxbury obtaining every possible local improvement. I think every councilor here is desirous of getting local improvements for his ward. But I don't want to vote for an order that will injure my own district, which may result in not obtaining improvements that are very necessary there. I think we ought to be fair in this matter and not do too much for one particular section, to the possible injury of others. I was here last year and voted one million dollars for P. W. A. streets, and of that million \$400,000 went for one street in Councilor Finley's ward. There was money appropriated for the whole City of Boston, and \$400,000 of it went for one street alone. I believe every section should be properly recognized.

We can obtain only so much money, and we ought to spread it around a little more.

The order was passed under suspension of the rule.

RESANDING BEACHES IN SOUTH BOSTON.

Coun. KERRIGAN and DONOVAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to take immediate steps to properly resand the various bathing beaches in South Boston.

Passed under suspension of the rule.

SIDEWALK ON BELLFLOWER STREET.

Coun. KERRIGAN offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Bellflower street, both sides, Ward 7, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of granolithic, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

ABANDONED STREET CAR RAILS.

Coun. DOHERTY offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to have the street car rails removed from all abandoned locations of the Boston Elevated Railway Company as an E. R. A. project.

Passed under suspension of the rule.

D. P. U. NO. 4885.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to advise the Council regarding the Massachusetts Department of Public Utilities Commission No. 4885.

Coun. NORTON—Mr. President, I understand that the Massachusetts Department of Public Utilities has issued a rather unprecedented and unparalleled order. The City of Boston, through the Mayor and Corporation Counsel, petitioned for lower gas rates. That was the idea of the petition. Nothing has been done as yet, but here comes the first order issued by the Massachusetts Department of Public Utilities, ordering the city to proceed at once, to no longer wait or hold the matter in abeyance.

The order was passed under suspension of the rule.

LOW COST STREETS.

Coun. NORTON offered the following:
Ordered, That the Commissioner of Public Works, through his Honor the Mayor, consider the advisability of low-cost streets for Boston.

Coun. NORTON—Mr. President, this particularly concerns the street proposition in the suburban wards. I have introduced that order perhaps one hundred times over a period of time, asking the city authorities to install low-cost streets. That can be done here, as it has been done in other places, by putting on four inches of crushed stone, with a little hot asphalt, and rolling. Boston has 675 miles of streets, and something of that sort could be done to put streets in good condition at comparatively low cost. There is no reason why it should not be done in this way through E. R. A. But, of course, when you get contractors into these matters, it is another question.

The order was passed under the suspension of the rule.

TAXI FARES.

Coun. NORTON offered the following:
Ordered, That the Police Commissioner of Boston, through his Honor the Mayor, be requested to make a most complete examination of the Boston taxi-fare situation before ordering a reduction in rates.

Coun. NORTON—Mr. President, the average taxicab man in Boston today is slowly starving to death. He is a victim of what the Germans called "veiled starvation." I suppose there are fifteen hundred taxicabs in Boston today, and one of the results of the depression is the greater economy enforced on people, so that they are not doing so much taxicab riding. The taxicab fares in Boston today are lower than they have been for the past twenty-five years, with the possible exception of one year, 1922 or 1923, when, because of the Beacon Taxi Company lowering the rate, others had to follow suit. The return to the drivers has been constantly going down. The Mayor has recently issued a statement to this effect, that one reason why the French Lines did not come to Boston was because of the high taxicab

rate here. I don't know what kind of thinking we should call that. Possibly it is the fourth dimensional thinking that the Mayor said Councilor Shattuck resorted to! I would suggest that this might also be included in the fourth dimensional thinking. Einstein once said that fewer than twenty-five men in the world understood his theory. I would like to know if the Mayor is one? It seems to me that he must be one of the twenty-five, when we consider his statement that the reason why the French Lines have not come to Boston is because of Boston's high taxicab fares! I do believe that this taxicab situation is one that should be ironed out. It offers a highly sensitized and complex problem. To further reduce the taxicab fares will probably result in throwing two hundred or three hundred drivers on welfare. At present they bring home very little at the end of a week. I understand that the average income is under \$10 a week; and now the Mayor suggests that the rates be reduced. Perhaps they should be; I don't know, but it does seem that before that is done there should be a thorough study of what looks like a complex problem.

The order was passed under suspension of the rule.

SNOW-REMOVAL EQUIPMENT.

Coun. NORTON offered the following:

Ordered, That the Boston Finance Commission be requested to consider the advisability of looking into the matter of figures submitted on the so-called proposed \$800,000 expenditure for snow-removal equipment: (1) Did this figure include the so-called 20 per cent reduction to which a large buyer such as the city was entitled to under the list prices.

Passed under suspension of the rule.

CONSTABLES IN WATER DIVISION.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of informing the Council as to the following: (1) Are eight constables employed in the Water Income Division? (2) If so, are three of the eight performing work of the Water Income Division and the remaining five performing other duties but charging the cost of same to the Water Income Division?

Passed under suspension of the rule.

UNITED ACTION OF MASSACHUSETTS MAYORS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of immediately calling a meeting of Massachusetts Mayors to work out plans for proper representation at Washington so that Boston and other Massachusetts cities may obtain their proportionate share of Federal money during the fiscal year 1935.

Coun. NORTON—Mr. President, Boston received from the Federal Government last year, I think, seven million-odd, where other cities received twenty millions or more. We are going along in the same way this year. The Boston Municipal Research Bureau, in its bulletin of June 7, shows how badly Boston has fared compared with other cities in the country, and says, "It is to be hoped that the city will fare better under W. P. A., particularly in view of the critical condition of the city finances." This order asks the Mayor to consider the advisability of immediately calling a meeting of the Massachusetts Mayors and forming some sort of organization, so that we may know daily what the status of our requests for money from Washington is, and what chances the projects we have in view—for example, the removal of the Elevated structure from our streets—may have. I am asking the Mayor to do this because I realize the importance of having such combined efforts on the part of Massachusetts cities, in view of what has been happening. Harry Hopkins has told the mayors of cities in different parts of the United States not to come to Washington individually, but to state through an organization what they need. Here is an editorial from a Boston newspaper, written by one whom I consider one of the outstanding newspaper men of our day. It is headed, "We Want Our Share." The State of Wisconsin has received \$100,000,000 out of the first billion allotted from the Public Works Act. And it then goes on to show that Boston has received very little. I ask that this editorial be included in the minutes, and I would like to ask that the Municipal Research Bulletin be included, although it is too long. Nevertheless, it contains a very splendid study of this whole matter and shows how Boston has received less than it should receive, as compared with cities in other parts of the country, at the hands of the Federal Government.

(The editorial submitted by Coun. Norton is as follows:

"WE WANT OUR SHARE."

"The State of Wisconsin has received \$100,000,000 out of the first billion allotted from the Public Works Act. Relief Director Hopkins explains that this \$100,000,000 will probably comprise all that Wisconsin will receive.

"On the basis of \$100,000,000 for Wisconsin, Massachusetts on a population percentage alone should get about \$165,000,000. As the unemployment situation in Wisconsin is not acute while that in Massachusetts is, we should get far more than \$165,000,000.

"But, out of the first billion dollars appropriated, Massachusetts gets \$19,000,000. All of this money is for Federal projects. None is earmarked for any applications from Governor Curley or Mayor Mansfield.

"The Cape Cod Canal widening, for which \$5,000,000 is appropriated this year and which will cost at least \$15,000,000 if not more, is a War Department idea. The housing appropriations here are for Federal projects. Apparently no state or city officials were consulted.

"Wisconsin has been given a rather free swing in the expenditure of the \$100,000,000. While Washington must pass on the plans, the expenditure of the money is dictated by state officials.

"The first billion is allotted and Massachusetts, save for the highway and grade crossing money, has received little.

"Other state and city officials have presented their claims to Washington. They have been backed up by our Senators and Representatives. It may be that we asked for too much, but New York claimed an enormous sum (the city alone demanding \$2,000,000,000) and was generously treated in the first allotment.

"While the government has done well by the state and city in the matter of relief funds, it is imperative that we, at least, get our share of the Public Works Relief money. We certainly did not get it in the first allotment and a trifle more than a third of the money to be spent on public works seemed beyond our reach.

"Some definite and compelling action is needed from Massachusetts at once. It would seem sensible to concentrate on some large projects promising extensive employment and press them vigorously.

"The state is fortunate in the choice of Frank H. Foy of Quincy as Federal Administrator. He is distinctly a live wire—keen, forceful and efficient. Our officials can be sure of his cooperation."

The order was passed under suspension of the rule.

SHUTTING OFF TRAFFIC LIGHTS.

Coun. NORTON offered the following:

Ordered, That the Traffic Commissioner, through his Honor the Mayor, be requested to consider the advisability of shutting off the traffic electric light signal system at an hour that he considers suitable.

Coun. NORTON—Mr. President, this order merely asks the Traffic Commissioner, through his Honor the Mayor, to shut off the traffic electric light signal system at an hour that he considers suitable. In the suburban areas, for example, it would seem that midnight might be a suitable time to do so, and in other parts of the city according to the particular needs. In this way the city would be able to save a little money. I understand that this is a procedure that is followed in other large cities.

The order was passed under suspension of the rule.

UNPAID TAX SALES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of postponing the sale of homes for unpaid taxes in cases where the family lives in the home and in good times paid taxes promptly.

Coun. NORTON—Mr. President, I understand that the proportion of home property that is sold for unpaid taxes in any large city is very small. I was interested to receive that information, and it encourages me in continuing my request that the Mayor in this emergency sell no home for unpaid taxes where the family lives in the home and has in good times paid the taxes promptly—without a reasonable postponement. So far as the property to be sold for 1933 unpaid taxes is concerned, I don't know what he can do; but I would draw attention to the fact that in the case of home owners, those living on the property, who have in good times paid their taxes, a postponement of the sale for six months or a year might well be considered. I know that this is done in other large cities. In Chicago I understand that properties where the 1933 taxes have not been paid are not sold until 1937 or 1938; that in Philadelphia they are not sold until 1940. We find as we run down the list of cities that they are quite lenient in selling property for unpaid taxes. I am, of course, apprehensive of the fact that such a procedure is apt to interfere with the city's financial program, and would have to have careful consideration, but I am merely asking the Mayor to consider such possible postponement in cases where the family lives in the home and in good times has paid the taxes.

The order was passed under suspension of the rule.

Adjourned at 4:46 p. m., on motion of Coun. SEATTLELLA, to meet on Thursday, June 13, at 2 p. m.

UNITED STATES, GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LEAD COVERED CABLE.

The Supply Department of the City of Boston invites proposals for furnishing to the Fire Department lead-covered cable as per specifications. Blank proposals to be obtained at the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor, prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, July 3, 1935, at Room 801, City Hall Annex, at 12 o'clock noon. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
Superintendent of Supplies.

(June 22.)

CITY OF BOSTON.

POLICE DEPARTMENT.

P. W. A. DOCKET No. 8200.

Separate sealed proposals will be received at the office of the Police Commissioner of the City of Boston until twelve o'clock noon, daylight saving time, June 26, 1935, (1) for the installation of underground conduit and (2) for the installation of Headquarters Building conduit for the Police Department of the City of Boston, at which time and place they will be publicly opened and read. Specifications and form of proposal will be available to prospective bidders at the office of Jackson & Moreland, engineers, upon the deposit of twenty-five dollars (\$25) for the installation of underground conduit and fifteen dollars (\$15) for the installation of Headquarters Buildings conduit, which deposit will be returned upon surrender of the documents to Jackson & Moreland within one week after the day upon which bids are received. Proposals must be accompanied by a certified check payable to Eugene M. McSweeney, Police Commissioner, in the amount of five per cent (5%) of the total amount of the bid, which certified check or the amount thereof will be returned to the successful bidder upon execution and delivery of the agreement and bond and to each unsuccessful bidder within twenty-one calendar days from the day upon which the proposals are received. In each case upon application to the Property Clerk at Police Headquarters. The project is to be financed and constructed under the terms of the National Industrial Recovery Act and chapter 366 Massachusetts Acts of 1933, and attention is called to the Construction Regulations prescribed by P. W. A. Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid as time project. The employment money demanded by the Government for this project is Massachusetts, State Unemployment Security, two National Senate, Boston, Mass. The rules is directed to reject any or all bids. No award can be made without the approval of the State Engineer, P. W. A.

By order of the Police Commissioner of the City of Boston,

E. M. MCSWEENEY,
Police Commissioner.

Jackson & Moreland, Engineers,

31 St. James Avenue,

Boston, Mass.

PROPOSALS FOR ADDITIONS AND ALTERATIONS TO THE ROBERT GOULD SHAW INTERMEDIATE SCHOOL FOR THE DEPARTMENT OF SCHOOL BUILDINGS, CITY OF BOSTON, MASS., NATIONAL INDUSTRIAL RECOVERY PROJECT P. W. A., DOCKET NO. 4217 W. R.

Sealed proposals for erecting and completing the additions and the alterations to the Robert Gould Shaw Intermediate School, in the district of West Roxbury, will be received by the Superintendent of Construction at the office of the Department of School Buildings, 11 Beacon street, Boston, Mass., until 2 o'clock p. m., daylight saving time, of Thursday, July 11, 1935, and at the place and time will be publicly opened and read. The proposal submitted to the Superintendent of Construction shall not be separated from the book of specifications. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City at the City Hall, School street, Boston, before the time for the opening of the proposals. Consideration shall be given to the fact that this is a project constructed and financed in part by grant under the terms of the National Industrial Recovery Act and chapter 366 of the Acts of 1933 of the Commonwealth of Massachusetts, as amended by chapter 21 of the Acts of 1934. The attention of bidders is directed to the construction regulations prescribed by the P. W. A. Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project. The employment agency designated by the Government for this project is Everett L. Hanna, Manager, 100 Nashua street, Boston, Mass. All bids must be accompanied by a certified check on a bank located in the Federal Reserve District (5), payable to the City of Boston, in the sum of \$30,000. The certified check shall be attached to the proposal, sealed and delivered to the Superintendent of Construction. The right is reserved to reject any or all proposals or to accept the proposal deemed best for the City of Boston. The certified checks of the three lowest bidders will be retained until the contract has been signed by all interested parties. All other certified proposal checks will be returned not less than forty-eight hours after the date of the opening of the proposals. A bond of an approved surety company shall be given by the Contractor in the full amount of the entire contract price. The contract is subject to the approval of the Mayor. No award can be made without the approval of the State Engineer, P. W. A. Plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, 11 Beacon street, Boston, Mass. A deposit of a certified check for \$300, made payable to the City of Boston, will be required for each set of plans and specifications, said sum to be refunded if plans and specifications are returned not later than seven days after the opening of bids. Mutilation of the plans or the specifications shall be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
Superintendent of Construction,

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, JUNE 29, 1935.

No. 26

PLANNING BOARD SURVEYS SUBMITTED TO MAYOR MANSFIELD SHOW HOUSING AND HOME NEEDS FOR VARIOUS SECTIONS OF CITY — DISTRICTS OF CHARLESTOWN, BACK BAY AND NORTH END SHOWN TO BE IN NEED OF IMPROVEMENTS — SURVEYS BEING CONDUCTED IN REAL PROPERTY INVENTORY MOVE — WHOLE CITY TO BE SURVEYED SO AS TO HAVE AT HAND LATEST AND MOST COMPLETE INFORMATION.

Mayor Mansfield has received from the Planning Board the following surveys made by the Planning Board in connection with its Real Property Inventory. The three submitted cover the districts of Charlestown, Back Bay and the North End. The information assembled has been obtained in cooperation with the Bureau of Foreign and Domestic Commerce, with regard to housing and home equipment.

Real Property Inventory. District No. 2A—Charlestown. F. E. R. A. Projects 2235=F2=104; 2235=F2=104F; X2235=F2=U46; X2235=F2=U46B.

Charlestown is generally accepted as the oldest established section of the City of Boston. This fact is borne out by figures recently released by the City Planning Board in connection with its Real Property Inventory. It appears that approximately one third of the structures in the district are eighty years old or over; that wooden buildings predominate to the extent of 79 per cent; and that 25 per cent of the buildings are in need of structural repairs or unfit for occupancy. Stoves still prevail as the principal type of heating in 75 per cent of the dwelling units, and less than 3 per cent of the units are equipped with mechanical refrigeration.

The district contains 4,043 structures of all types, of which 1,353, or 33.47 per cent, are of the single-family type. Next come the three-decker type of structures with 1,192, or 29.48 per cent. There are 862, or 21.32 per cent, structures of the two-family (up-and-down) type. Flats over stores number 455, or 11.25 per cent. The balance of the structures, numbering 181, or 4.48 per cent, consist of other types.

With respect to materials of construction the survey shows that there are 3,193 structures, or 79 per cent, built of wood, 830 structures, or 20.52 per cent, are built of brick. The balance of the structures, 0.48 per cent, are built of stone, concrete, etc.

In regard to the condition of the structures, it was found that 797 were in need of structural repairs and 214 were unfit for habitation. Together, these structures amount to 25 per cent of all the structures in the district. In addition, it was found that 2,466 structures, or 60.99 per cent, were in need of minor repairs. 563 structures, or 13.92 per cent, were found in good condition.

The story of the ages of the structures in this district is interesting. It was found that 3,653 structures, or 90.35 per cent, were 50 years of age and older. 680 structures, or 16.81 per cent, are from 50 to 59 years old; 1,012, or 25.03 per cent, are from 60 to 69 years old; 719, or 17.78 per cent, are from 70 to 79 years old; and 1,242, or 30.72 per cent, are 80 years old and over. Only 2 structures are 19 years old or less.

7,977 Units.

This district contains 7,977 dwelling units, of which 6,343 units, or 79.52 per cent, are rental units and the balance, 1,634, or 20.48 per cent, are owner-occupied units. Of the 6,343 rental units there are 1,481 units, or 23.35 per cent, which are vacant. Of the 6,496 occupied units, 6,474, or 99.66 per cent, are occupied by white persons.

Of the 4,862 occupied rental units, 87 units have families doubled up, while of the 1,634 owner-occupied units there are 60 units which have families doubled up.

Of the 6,496 occupied units, 1,100 units, or 16.93 per cent, are crowded (from 1.01 to 2 persons per room).

The median monthly rental for the entire district is \$19.13. This will vary from census tract to census tract. There are 1,991 rental units, or 31.39 per cent, which rent for \$14.99 or less. There are 2,088 rental units, or 32.92 per cent, which rent for \$15 to \$19.99. There are 1,202 rental units, or 18.95 per cent, which rent for \$20 to \$24.99. The balance of the rental units, or 16.74 per cent, rent for \$25 or more per month.

There are 26,007 persons living in this district. Of this number, 18,880, or 72.59 per cent, live in rental units. 7,127 persons, or 27.41 per cent, live in owner-occupied units.

The distribution of the 7,977 dwelling units by type of structures is as follows: 3,569 units, or 44.74 per cent, are in three-deckers; 1,713 units, or 21.47 per cent, are in two-family (up-and-down) structures; 1,353 units, or 16.96 per cent, are in single-family houses; the balance, 1,342 units, or 16.83 per cent, are in other types of structures.

Of the 7,977 dwelling units in this district, 2,106 units, or 26.40 per cent, occur in structures which need structural repairs or are unfit for habitation.

Of the 7,977 dwelling units of the district, 3,186 units, or 39.94 per cent, have four (4) rooms or less, and 4,781 units, or 59.93 per cent, have five (5) rooms or more.

Of the 4,862 occupied rental units, 1,635 units have been occupied one year or less; 2,282 units have been occupied two years or less; 3,990 units have been occupied nine years or less; 549 units have been occupied ten to nineteen years; and 313 units have been occupied twenty years and over.

(Continued on page 86.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses

for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the

charges made for such service. Application may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending June 22, 1935:

Population as of July, 1935, Massachusetts State Census, 820,190; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 166; nonresidents, 40; total, 206.

Death rate per 1,000 of population. All deaths, 13.41; nonresidents deducted, 10.81.

Death rate per 1,000 population:

Last week, 13.61; corresponding week last year, 12.16.

Deaths by age periods, sex, etc.: Under one year, 19; one year to four years, inclusive, 8; sixty years and over, 97. Total deaths: Male, 110; female, 96; deaths in hospitals and institutions, 123; deaths of colored, 7.

REPORTABLE DISEASES: CASES AND DEATHS.*

MAYOR MANSFIELD NOTIFIED BOSTON EMPLOYEES BASEBALL TEAM READY TO MEET NEW YORK TEAM — BIG EVENT OF WELFARE CAR-NIVAL TO BE FIRST INTER-CITY CLASH IN BASEBALL HISTORY — MONSTER OUTPOURING OF CITIZENS EXPECTED BY SUMMER'S BIGGEST WELFARE RELIEF EVENT.

One of the fastest ball teams in this part of the country, made up of semi-pros who are capable of meeting and vanquishing any team outside of organized baseball, is promising this city a big show at Fenway Park on July 9.

This is the Boston City Employees' Team that is stepping up its speed, under the direction of Hugh McNulty, former Boston College star, preparing to meet New York City Employees in the first big inter-city departmental clash that has ever taken place.

The game will be witnessed by 45,000 fans, including a delegation from New York City, headed by Mayor LaGuardia and a host of Manhattan city officials, who will fly over for the event, bringing a band of ninety pieces with them to whoop it up for their players.

Boston will be ready for them, not only ready to outdo them musically with a selected and highly-trained E. R. A. musical organization, but with players who are determined to keep the honors of this first big municipal encounter right here in the Hub.

Here is what Hugh McNulty has to say of his players:

"They are the finest, fastest bunch of players, outside of organized baseball, that I have ever seen gathered together. Many of them have played minor league ball. They are recruited from various city departments that stand high in baseball ranks. The Park Department players are among the best in this part of the country; City Hospital players have a long record of victories. Many of the men in the group stand out for their attainments. There is Jerry Shanahan, for instance, former Holy Cross player, and star with the St. Louis Browns; and Johnny Murphy, former Notre Dame star. Tom Walsh, formerly of the New England League, is giving his strength to the outfit, and we have Paul Burns, one of the best semi-pros I know of. We are building up an organization that is well-rounded, fast-moving, sure and reliable, and New York has something to come up against."

The baseball game is only part of a big sports' carnival and musical event that the Department of Public Welfare is putting on, with the cooperation of Tom Yawkey and Eddie Collins, at Fenway Park to raise money for eyeglasses, dental work, medical needs of those on welfare who need physical rehabilitation before they can join the working forces of the country.

The Welfare Department promises a big show with lots of entertainment and sport. The tentative program includes a wrestling match between Ed Don George and Charley Strack, refereed by Jack Sharkey.

MARATHON RUNNERS TO COMPETE.

The ranks of candidates for participation in the five-mile run, to be a feature

of the Athletic and Musical Carnival at Fenway Park, on July 9, are filling up.

This event is to be given for the benefit of the Medical and Special Needs Fund of the Department of Public Welfare.

Already a number of marathon runners have entered their names in the contest. The fact that Johnny Kelley, who won the last marathon, is to head the list has acted as a magnet, drawing other long-distance runners into the competition. Jimmy Hennigan has entered his name as a contestant.

Five prizes will be offered—the first to be put up in a competition for honors in a race run for the benefit of the Department of Public Welfare. Various athletic organizations of the city are interested in this event, and Hugh McNulty, who is managing the affair for Director John C. L. Dowling, states that a cup will be the award made to the winner, and that other prizes will be announced later.

CAR TO LUCKY TICKET HOLDER.

Competition and excitement at the Public Welfare Carnival and Athletic Field Day will not be confined to the sports fraternity. The public itself is keenly interested in the chance offered to win a worthwhile prize on this occasion.

A new 1935 Plymouth Tudor sedan will go to the holder of the lucky ticket. This means that every purchaser of a ticket which is presented at the gate will stand a chance of becoming the possessor of this much-coveted prize, now on exhibition in the Packard Motor Car Company of Boston display window, at 1089 Commonwealth avenue.

The car is proving a big drawing card, and is going to insure a full attendance, for no purchaser of a ticket is going to miss the chance of becoming a winner by forgetting he has an engagement at Fenway Park on July 9.

EXTRA WORK UNDER CONTRACT.

The Marine Company has been directed to perform the following extra work under the contract for repairs to ferryboat "Lieutenant Flaherty": Items ordered, starboard bow, remove chafing irons, staving and face plate, under stiffening plate, angles, bars and water filling pipe and furnish and install new material for same, electric welding irons and butts, for the sum of \$550; port bow, remove chafing irons, wood staving, scale and paint, furnish new staving, replace irons and electric weld same, for the sum of \$250; remove four mooring springs, furnish and install by electric welding four new plates to close opening, furnish and install new ring, elbow and nipple for water filling line, and lengthen scupper pipes, blank off oil fill opening in hull, for the sum of \$150. Estimated cost of extra work, \$950. Although this is in addition to the work contemplated in the original contract, it is incidental thereto.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for doing the painting work at the Martin School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 1, at 2 p. m.

Advertises for proposals for doing painting work at the Andrew Jackson School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 1, at 2 p. m.

Advertises for proposals for doing painting work at the High School of Commerce. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 1, at 2 p. m.

Advertises for proposals for furnishing and installing a new heating system in the Weld School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$250, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 1, at 2 p. m.

Advertises for proposals for a combination teachers' and nurses' room in the Oliver Holden School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Advertises for proposals for new pump for No. 1 pumping unit, Calf Pasture pumping station. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, July 16, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing groceries to the Boston public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, July 2, at 12 m.

Advertises for proposals for furnishing shop supplies and equipment for the public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$25, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 15, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing and installing kitchen equipment at the Long Island Hospital. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$400, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 1, at 12 m.

Advertises for proposals for furnishing gasoline to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, July 2, at 12 m.

Advertises for proposals for furnishing and delivering lead-covered cable to the Fire Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, July 3, at 12 m.

Advertises for proposals for the purchase of large incandescent lamps for the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 8, at 12 m.

TRANSIT DEPARTMENT.

Advertises for proposals for ventilating fan and air duct, East Boston Tunnel. Blank forms for proposals may be obtained at the office of the Transit Department, 1 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 15, at 12 m.

CITIES MAY SHARE VIRGINIA LIQUOR PROFITS.

Virginia cities are likely to have a new source of revenue if the state continues to pile up profits at the present rate. The liquor control act gives them two-thirds of the profits above \$1,675,000 per year after deducting sums for creating a surplus up to \$1,000,000. Profits from the liquor stores, says the *United States Municipal News*, have upset all previous estimates and "have confounded, as well, estimates of the members of the A. B. C. Board themselves who at the outset of the state's experiment said they feared no profits at all would result during the first year of operation."

PLANNING BOARD SURVEY.

(Continued from page 889.)

Of the 1,481 vacant rental units, 764 units have been vacant one year and less; 199 units have been vacant two years; 243 units have been vacant three or four years; 195 units have been vacant from five to nine years; and 80 units have been vacant ten years and longer.

Of the 6,343 rental units in this district, 26 units have garages as concessions and 1 unit has mechanical refrigeration as a concession.

With regard to facilities, the following facts were disclosed: Of the 7,977 dwelling units, 121 units are without indoor water-closets in the structures; 2,111 units have water-closets easily available in the structure but not in the unit itself; there are more units having no tubs or showers than units having them, the figures being 4,228 units without and 3,737 units with; 552 units have no gas or electricity for cooking; 463 units have no gas or electricity for lighting; 6,104 units use heating stoves for the principal type of heating apparatus; 5,164 units use hard coal for the principal type of heating fuel; 4,142 units have cold running water only and 8 units have no running water; 7,764 units, or 97.33 per cent, have no mechanical refrigeration.

The miscellaneous data obtained shows that in this district there are 2,016 principal income earners who walk to work and of these 1,255 take 10 to 19 minutes; 154 income earners use automobiles to go to work; 5 income earners use the bus to go to work; 640 income earners use the street car to go to work; 16 income earners use the railway to go to work; 1,689 income earners use the rapid transit to go to work; 30 income earners use other modes to go to work. The above figures represent 4,550 principal income earners and of these 1,751, or 38.48 per cent, take 10 to 19 minutes to go to work. In addition to the 4,550 principal income earners there were reported 1,946 dwelling units which have no income earners. In other words, of the 6,496 occupied dwelling units (rental and owner) in this district, 1,946, or 29.95 per cent, have no income earner.

In this district there are 61 structures with garages and these garages have a capacity of 116 cars. There are 515 passenger cars owned.

Of the 6,496 occupied dwelling units, the occupants of 17 tended vegetable gardens in 1934.

The district shows a decrease in population of 10.91 per cent since 1930.

Samuel Shapira, technical supervisor for the City Planning Board E. R. A. Project, has had charge of field surveys and statistical work, and has prepared the foregoing abstract on housing conditions and home equipment.

REAL PROPERTY INVENTORY. DISTRICT NO. 3B—BACK BAY. F. E. R. A. PROJECTS, 2235-F2-104; 2235-F2-104F; X2235-F2-U46; X2235-F2-U46B.

The Real Property Inventory abstracts recently released by the City Planning Board show many interesting comparisons. For instance, in the 8,980 dwelling units in the Back Bay district, which includes Beacon Hill and approximately the area lying between Arlington street and the Brookline line, the Charles river and Boylston street, there are but three (3) units which have no bathtubs or showers in the building as against 1,147 units (or 16 per cent of the total) minus similar

facilities in the West End district immediately adjacent.

It also appears that single-family houses predominate in the Back Bay district, 58 per cent of the total, whereas earlier abstracts credit East Boston with 16 per cent, Roxbury 20 per cent and South Boston 25 per cent of their dwelling units given over to single-family occupancy.

The Back Bay district contains 2,444 structures of all types, of which 1,420, or 58.10 per cent, are single-family houses. There are 395 structures, or 16.16 per cent, which are large apartments exclusively residential. These are followed by 380 structures, or 15.55 per cent, which are of the hotel and rooming-house type. The above mentioned types of structures amount to 89.71 per cent, of all the structures in the district and the remaining 249 structures, or 10.29 per cent, consist of three-deckers, flats over stores, two-family and other types.

With respect to the materials of construction the survey shows that there are 2,192 structures, or 89.69 per cent, which are built of brick. There are 219 structures, or 8.96 per cent, which are built of stone. There are 6 structures built of wood.

In regard to the condition of the structures it was found that 24 were in need of structural repairs. In addition, it was found that 922 structures were in need of minor repairs.

With regard to the ages of the structures it was found that 1,647, or 67.39 per cent, are 40 years of age and older. 518 structures, or 21.19 per cent, are from 50 to 59 years of age. 342 structures, or 14.00 per cent, are 80 years of age and older. There are 3 structures which are 4 years old or less.

This district contains 8,980 dwelling units, of which 8,214 units, or 91.47 per cent, are rental units and the balance, 766 units, or 8.53 per cent, are owner-occupied units. Of the 8,214 rental units, there are 1,699 units, or 20.68 per cent, which are vacant. Of the 7,281 occupied units, there are 6,902 units, or 94.79 per cent, which are occupied by white persons.

Of the 6,515 occupied rental units, 151 units have families which are doubled up, while of the 766 owner-occupied units 15 units have families which are doubled up.

Of the 7,281 occupied units, 938 units, or 12.87 per cent, are crowded (from 1.01 to 2 persons per room).

The median monthly rental for the entire district is \$53.93. This will vary from census tract to census tract. There are 307 rental units, or 3.74 per cent, which rent for \$24.99 and less. There are 677 rental units, or 8.24 per cent, which rent for \$25 to \$29.99. There are 2,061 rental units, or 25.09 per cent, which rent for \$30 to \$39.99. There are 1,738 rental units, or 21.16 per cent, which rent for \$40 to \$49.99. There are 1,261 rental units, or 15.35 per cent, which rent for \$50 to \$74.99. There are 513 rental units, or 6.24 per cent, which rent for \$75 to \$99.99. There are 1,115 rental units, or 13.57 per cent, which rent for \$100 or more per month.

There are 16,126 persons living in this district. Of this number, 12,811 persons, or 79.44 per cent, live in rental units. 3,315 persons, or 20.56 per cent, live in owner-occupied units.

The distribution of the 8,980 dwelling units by type of structures is as follows: 6,087 units, or 67.78 per cent, occur in large apartments exclusively residential; 1,420 units, or 15.82 per cent, occur in single-family structures; 990 units, or

11.02 per cent, occur in large apartments containing nonresidential units; the balance, 483 units, or 5.38 per cent, are in other types of structures.

Of the 8,980 dwelling units in this district, 85 units, or 0.95 per cent, occur in structures which are in need of structural repairs.

Of the 8,980 dwelling units in this district, 6,216 units, or 69.22 per cent, have four (4) rooms or less and 2,302 units, or 25.64 per cent, have (5) five rooms or more. There are 1,058 units, or 11.78 per cent, which have nine (9) rooms and over.

Of the 6,515 occupied rental units, 2,693 units have been occupied one year or less; 3,604 units have been occupied two years or less; 5,664 units have been occupied nine years or less; 308 units have been occupied from ten to nineteen years; 81 units have been occupied twenty years and longer.

Of the 1,699 vacant rental units, 1,280 units have been vacant one year or less; 140 units have been vacant two years; 122 units have been vacant from three to four years; 32 units have been vacant from five to nine years; and 33 units have been vacant ten years and longer.

Of the 8,214 rental units in this district, 4,818, or 58.64 per cent, have mechanical refrigeration for concessions.

With regard to facilities the following facts were disclosed: Of the 8,980 dwelling units 2 units are without indoor water-closets in the structure; 12 units have indoor water-closets easily available in the structure but not in the unit itself. There are 3 units which have no tubs or showers in the structure and 11 units which have tubs and showers easily available in the structure but not in the unit itself. There are 164 units, or 1.83 per cent, which have no gas or electricity for cooking. There are 5 units, or 0.06 per cent, which have no gas or electricity for lighting. 7,353 units, or 81.88 per cent, use steam or vapor for the principal type of heating apparatus. 3,074 units, or 34.23 per cent, use soft coal for the principal type of heating fuel. 30 units have cold running water only. 1,883 units, or 20.96 per cent, have no mechanical refrigeration.

The miscellaneous data obtained shows that in this district there are 1,550 principal income earners who walk to work and of these 957 take 10 to 19 minutes; 1,163 income earners use automobiles to go to work; 524 income earners use the bus to go to work; 1,930 income earners use the street car to go to work; 4 income earners use the railway to go to work; 590 income earners use the rapid transit to go to work; 518 income earners use other modes to go to work. The above figures represent 6,279 principal income earners and of these 3,293, or 52.44 per cent, take 10 to 19 minutes to go to work. In addition to the 6,279 principal income earners, there were reported 1,002 dwelling units which have no income earners. In other words, of the 7,281 occupied dwelling units (rental and owner) in this district, 1,002, or 13.76 per cent, have no income earner.

In this district there are 92 structures which have garages and these garages have a capacity of 120 cars. There are 2,808 passenger cars owned.

Of the 7,281 occupied dwelling units, the occupants of 15 units tended vegetable gardens in 1934.

This district shows a decrease in population of 21.20 per cent since 1930.

This data with regard to housing and home equipment has been assembled by the City Planning Board, Frederic H.

Fay, Chairman, from the Real Property Inventory which it has been carrying on since July, 1934, as an E. R. A. project. A similar inventory was conducted by the Federal Government, Bureau of Foreign and Domestic Commerce, in sixty-four cities throughout the country. In Boston the survey has been directed by William Stanley Parker, Vice Chairman of the City Planning Board and Chairman of its Advisory Committee on Housing, assisted by Miss Elisabeth M. Herlihy, Secretary, and Frank H. Malley, Engineer.

The field work and compilation of statistics has been under the direction of the Technical Supervisor for the project, Mr. Samuel Shapira, by whom this abstract was prepared.

REAL PROPERTY INVENTORY. DISTRICT NO. 2B—NORTH END. F. E. R. A. PROJECTS 2235-F2-104; 2235-F2-104F; X2235-F2-U46; X2235-F2-U46B.

The North End section of the city has always been considered a most fertile field for the student of history or of social welfare. The Real Property Inventory recently conducted by the City Planning Board reveals that it possesses another distinction in that it contains some of the most densely populated areas in the entire country and is the most densely populated district in the city. Expressed in terms of inhabited land acres (land acres available for habitation) for the year 1934, census tract F1 shows 738.3 persons; F2, 838.3 persons; F4, 538.2 persons and F5, 619.7 persons per inhabited acre.

Other significant facts disclosed by the recently released abstract are that more than 17 per cent of the structures in the district are eighty years of age or older; more than 86 per cent of the dwelling units have no bathtubs or showers; and not a single dwelling structure has a garage although 108 passenger cars are owned in the district.

The survey of housing and home equipment has been conducted by the City Planning Board in cooperation with the Bureau of Foreign and Domestic Commerce. The work has been under the supervision of Frederic H. Fay, Chairman of the Board, William Stanley Parker, Vice Chairman and Chairman of its Advisory Committee on Housing, assisted by Miss Elisabeth M. Herlihy, Secretary, and Frank H. Malley, Engineer. The results here presented have been abstracted and compiled by Samuel Shapira, director of surveys and technical supervisor.

The complete abstract, so far as the North End section is concerned, follows:

The North End district contains 1,127 structures of all types, of which 398, or 35.32 per cent, are large apartments containing nonresidential units. Next come the large apartments, exclusively residential, with 274 structures, or 24.31 per cent. These are followed by flats over stores numbering 207 structures, or 18.37 per cent. There are 107 structures, or 9.49 per cent, which are of the three-decker type. The above-mentioned types amount to 87.49 per cent of all the structures in the district and the remaining 141 structures, or 12.51 per cent, consist of other types, of which there are 27 single-family houses, 1 two-family (side-by-side), and 14 two-family (up-and-down) houses.

With respect to materials of construction, the survey shows that there are 1,042 structures, or 92.46 per cent, built of brick. 74 structures, or 6.56 per cent,

are built of wood. There are only four structures built of stone and two built of concrete.

In regard to the condition of the structures it was found that 110 were in need of structural repairs and that 22 were unfit for habitation. Together these amount to 11.72 per cent of all the structures in the district. In addition, it was found that 804 structures, or 71.34 per cent, were in need of minor repairs.

With regard to the ages of the structures, it was found that 660, or 58.56 per cent, are 40 years of age and older; 194 structures, or 17.21 per cent, are 80 years of age and older; 7 structures are from 5 to 9 years old and 2 structures are 4 years old or less.

This district contains 5,477 dwelling units, of which 5,030, or 91.84 per cent, are rental units and the balance, 447, or 8.16 per cent, are owner-occupied units. Of the 5,030 rental units, there are 721 units, or 14.33 per cent, which are vacant. Of the 4,756 occupied units, 4,754, or 99.96 per cent, are occupied by white persons.

Of the 4,309 occupied rental units, 27 units have families doubled up, while of the 447 owner-occupied units there are 3 which have families doubled up.

Of the 4,756 occupied units, 2,153 units, or 45.27 per cent, are crowded (from 1.01 to 2 persons per room). There are also 233 occupied units, or 4.90 per cent, which are overcrowded (from 2.01 to 3 persons per room). Together, these figures on crowded conditions amount to 50.17 per cent of all the occupied units in this district and is evidence of the extreme density of population that exists in this area.

The median monthly rental for the entire district is \$20.15. This will vary from census tract to census tract. There are 1,513 rental units, or 30.08 per cent, which rent for \$14.99 or less. There are 1,360 units, or 27.04 per cent, which rent for \$13 to \$19.99. There are 1,164 units, or 23.14 per cent, which rent for \$20 to \$24.99. The balance of the rental units, or 19.74 per cent, rent for \$25 or more per month.

There are 20,769 persons living in this district. Of this number, 18,636, or 89.73 per cent, live in rental units. 2,133 persons, or 10.27 per cent, live in owner-occupied units.

The distribution of the 5,477 dwelling units by type of structures is as follows: 2,881 units, or 52.60 per cent, occur in large apartments containing nonresidential units; 1,605 units, or 29.30 per cent, occur in large apartments exclusively residential; 549 units, or 10.02 per cent, occur in flats over stores; the balance, 442 units, or 8.08 per cent, are in other types of structures.

Of the 5,477 dwelling units in this district, 553 units, or 10.09 per cent, occur in structures which need structural repairs or are unfit for habitation.

Of the 5,477 dwelling units of this district, 4,587, or 81.92 per cent, have four (4) rooms or less, and 890 units, or 18.08 per cent, have five (5) rooms or more.

Of the 4,309 occupied rental units, 1,044 units have been occupied one year or less; 1,604 units have been occupied two years or less; 3,498 units have been occupied nine years or less; 558 units have been occupied ten to nineteen years; and 247 units have been occupied twenty years and over.

Of the 721 vacant rental units, 458 units have been vacant one year or less; 92 units have been vacant two years; 95 units have been vacant three to four

years; 55 units have been vacant five to nine years; and 21 units have been vacant ten years and longer.

Of the 5,030 rental units in this district, 81 units have mechanical refrigeration as concessions.

With regard to facilities the following facts were disclosed: Of the 5,477 dwelling units, 7 units are without indoor water-closets in the structure; 2,323 units have water-closets easily available in the structure but not in the unit itself; there are 4,735 units, or 86.45 per cent, that have no tubs or showers in the structure; 198 units have no gas or electricity for cooking; 65 units have no gas or electricity for lighting; 5,052 units use heating stoves for the principal type of heating apparatus; 3,356 units use hard coal for the principal type of heating fuel; 6 units have no running water and 2,809 units have cold running water only; 5,280 units, or 96.40 per cent, have no mechanical refrigeration.

The miscellaneous data obtained shows that in this district there are 2,168 principal income earners who walk to work and of these 1,035 take 10 to 19 minutes; 43 income earners use automobiles to go to work; 4 income earners use the bus to go to work; 307 income earners use the street car to go to work; 21 income earners use the railway to go to work; 506 income earners use the rapid transit to go to work; 38 income earners use other modes to go to work. The above figures represent 3,087 principal income earners and of these 1,101, or 35.66 per cent, take 10 to 19 minutes to go to work. In addition to the 3,087 principal income earners, there were reported 1,669 dwelling units which have no income earner. In other words, of the 4,756 occupied dwelling units (rental and owner) in this district, 1,669, or 35.09 per cent, have no income earner.

In this district there are no dwelling structures with garages and there are 108 passenger cars owned.

Of the 4,756 occupied dwelling units, the occupants of 2 tended vegetable gardens in 1934.

The district shows a decrease in population of 4.59 per cent since 1930.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, June 27:

BUILDING DEPARTMENT.

Leave of absence, without pay, has been granted to Francis A. McAdams, building inspector, from June 11.

Leave of absence, without pay, has been granted to Daniel F. Lamphier, elevator inspector, from June 11.

FIRE DEPARTMENT.

Captain William Levis of Engine Company 18 has been pensioned, effective 8 a. m. July 1, at \$1,350 a year.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, June 20:

Temporary.—John Fife, Thomas Birmingham, Frank Previte, ambulance drivers, \$34.50 a week; Gertrude McIntosh, Madeline Finnegan, Grace MacKay, special nurses, \$4.50 a day.

South Department.

Irving Epstein, temporary, orderly, \$13 a week.

East Boston Relief Station.

Howard Pierce, ambulance driver, \$34.50 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, June 20:

Catherine Fowler, Louis Hurwitz, George Cockinos, maids (patients) (temporary), \$240 a year; Thomas Kennedy, George Hodge, male nurses (patients) (temporary), \$480 a year; Frank Brown, maid (patient) (temporary), \$240 a year; Thomas H. Thompson, night supervisor (temporary), \$3 a day; John T. Murphy, druggist (temporary), \$5 a day; Thomas Mitchell, male nurse (temporary), \$480 a year.

The following person has ceased to be employed:

Thomas Mitchell, male nurse (patient), \$480 a year.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Approval has been given to appoint the following as assistant draftsmen at \$1,700 a year, from June 21 to about September 22, 1935, to fill vacancies during the vacation season:

John T. Ryder, John F. Fife, Robert T. Killam, John F. Hannigan.

PUBLIC WORKS DEPARTMENT (Water Service).

Approval has been given for the following step-rate increases in salaries of \$100 a year, respectively:

Agnes L. Hughes, Henry E. Lannin, William J. Linehan, clerks, \$1,500 to \$1,600 a year; Cornelius M. Lanning, clerk, \$1,300 to \$1,400 a year; Lawrence J. Holmes, clerk, \$1,200 to \$1,300 a year; Albert P. McGann, clerk, \$1,100 to \$1,200 a year; Michael J. McBrien, clerk, \$1,000 to \$1,100 a year; Samuel I. Blum, Frank G. Tucker, draftsmen, \$2,500 to \$2,600 a year; Henry M. Carven, James M. Mcyear, Edward J. Pinkul, assistant engineers, \$3,400 to \$3,500 a year; George G. Hyland, assistant engineer, \$2,600 to \$2,700 a year; William F. Donnelly, assistant engineer, \$2,400 to \$2,500 a year; Edward J. Pinkul, assistant engineer, \$1,800 to \$1,900 a year; Patrick J. Feeney, foreman, \$2,300 to \$2,400 a year; Patrick J. Mealey, foreman, \$2,200 to \$2,300 a year; Thomas F. Donovan, Jr., John J. Gilmore, John D. Gregory, Alfred J. Rolfe, inspectors, \$2,200 to \$2,300 a year; William J. Dawley, inspector, \$2,100 to \$2,200 a year; Hugh J. McCauley, inspector, \$2,000 to \$2,100 a year; John J. Barry, inspector, \$1,900 to \$2,000 a year; John J. Humphrey, investigator, \$2,300 to \$2,400 a year.

SOLDIERS' RELIEF DEPARTMENT.

Joseph F. Daly, chief clerk, has been given an increase in salary from \$2,000 to \$2,200 a year.

FIRE DEPARTMENT ORDERS.*General Order No. 29.***I. RETIREMENTS.**

The following retirements are hereby announced to take effect at 8 a. m., July 1, 1935:

Captain William Levis, Engine Company 18.

Hoseman Lawrence J. O'Donnell, Engine Company 52.

Captain Levis was appointed to the Fire Department on January 13, 1893. His promotions were as follows: To lieutenant, June 26, 1908; to captain, January 2, 1920.

Hoseman O'Donnell was appointed to the Fire Department on September 14, 1925.

Both these men leave the department with the best wishes of their associates.

II. POLL TAXES.

The Fire Commissioner is in receipt of the following communication from his Honor the Mayor, concerning the payment of poll and personal taxes:

To the Heads of Departments.

The heads of the various city departments are requested to instruct all employees to pay their Poll and Personal Taxes immediately and to require the exhibition of a receipt showing that they have been paid.

Yours truly,

FREDERICK W. MANSFIELD,
Mayor.

In accordance with the instructions contained in the foregoing letter, members of the department will show to their company commanders receipts for these taxes for 1935. Company commanders will forward communications to the Fire Commissioner on or before Friday, July 5, 1935, giving the names of any members who have not shown a receipted poll tax bill for 1935. The same procedure will be followed in the Fire Prevention, Fire Alarm, Maintenance and Wire Divisions of the department.

III. NEW ASSIGNMENT CARDS.

New assignment cards for Boxes 6252 and 6253, as announced in General Orders No. 26, c. s., are being issued to the department today.

IV. CHANGES IN ASSIGNMENT CARDS.

Effective at 8 a. m., Friday, June 28, 1935, the following changes will be made in the covering assignments of district chiefs:

Drop District 10 to Division 3 (Ladder 23) on the following boxes:

2154, 2158, 2162, 2165, 2166, 2168, 2173, 2174, 2175, 2176, 2177, 2179, 218, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2191, 2192, 2193, 2273, 2275, 2276, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2394, 2395, 2411, 2412, 2413, 2414, 2415, 2416, 242, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 243, 2431, 2432, 2433, 2435, 2436, 2437, 2438, 2439, 244, 2441, 2442, 2443, 2445, 2447, 2448, 245, 2451, 2452, 2453, 2454, 2455, 2457, 2459.

Drop District 12 to Division 3 (Ladder 23) on the following boxes:

216, 2161, 2163, 217, 2171, 2172, 3128, 3136, 3141, 3142, 3144, 3146, 3147, 315, 3151, 3152, 3153, 3154, 3155, 3157, 3161, 3162, 3163, 3164, 3165, 3167, 3168, 3171, 3172, 3173, 3174, 3175, 3176, 3177, 3178, 3179, 3182, 3183, 3184, 3185, 3186, 3187, 3188, 3191, 3192, 3195, 3196, 3198, 3221, 3222, 3223, 3224, 3226, 3228, 3229, 3231, 3233, 3234, 3235, 3236, 3237, 3238, 3239, 3241, 3242, 3243, 3244, 3245, 3246, 3247, 3248, 3251, 3252, 3254, 3255, 3256, 3257, 3261, 3262, 3263, 3264, 3266, 3271, 3272, 3273, 3274, 3275, 3276, 3277, 3278, 3281, 3282, 3283, 3284, 3285, 3286, 3291, 3292, 3293, 3294, 3295, 3296, 3297, 3311, 3312, 3313, 3314, 3315, 3316, 3317, 3318, 3321, 3322, 3323, 3324, 3325, 3326, 3327, 3331, 3332, 3334, 3335, 3336, 3341, 3342, 3343,

3344, 3345, 3346, 3347, 335, 3351, 3352, 3353, 3354, 3355, 3356, 3362, 3363, 3364, 3365, 3366, 3368, 337, 3371, 3372, 3373, 3374, 3376, 3377, 3378, 3379, 338, 3381, 3382, 3383, 3384, 3387, 3388, 341, 3411, 3412, 3413, 3414, 3415, 3416, 3417, 3418, 3421, 3423, 3424, 3425, 3427, 3428, 3429, 3431, 3432, 3433, 3435, 3436, 3437, 3441, 3442, 3443, 3445, 3446, 345, 3451, 3452, 3453, 3454, 3455, 3456, 3457, 3458, 3461, 3463, 3464, 3465, 3467, 3471, 3472, 3474, 3475, 3476, 3477, 3478, 3479, 3481, 3482, 3483, 3484, 3485, 3486, 3487, 3511, 3512, 3513, 3514, 3516, 3517, 3519, 352, 3521, 3522, 3523, 3524, 3525, 3526, 3527, 3528, 3529, 353, 3531, 3532, 3533, 3534, 3536, 3537, 3538, 3539, 354, 3541, 3542, 3544, 3552, 3553, 3554, 3556, 3557, 3559, 3611, 3612, 3613, 3614, 3615, 3616, 3617, 3618, 3621, 3622, 3623, 3624, 3625, 3626, 3627, 3631, 3632, 3633, 3634, 3625, 3641, 3642, 3643, 3644, 3645, 3646, 3647, 3651, 3652, 3654, 3656.

The location of Box 7129 should read: Metropolitan Coal Pier, foot of Harbor street.

Company commanders will arrange to have assignment cards corrected in accordance with the foregoing changes.

V. A. D. T. COMPANY.

The following addition is to be made to the assignment cards of the A. D. T. Company:

Signal No. 66, 78 West Second street, Arnold Roberts Company. Apparatus to respond: Engine 15, Ladder 5 and chief of District 6. Nearest city box is No. 7135.

New assignment cards for pages 8, 10, 13 and 19, in the A. D. T. assignment book, are being issued to the department today. These cards are dated June 21, 1935, and are to replace page 8, dated July 1, 1933, page 10, dated July 1, 1923, page 13, dated June 1, 1934, and page 19, dated July 1, 1933. Old assignment cards will be returned to department headquarters in the envelopes provided on or before Monday, July 1, 1935.

VI. BOSTON AUTOMATIC FIRE ALARM COMPANY.

A new assignment card, dated June 14, 1935, to replace page 11, dated December 24, 1930, in the Boston Automatic Fire Alarm Book, is being issued to the department today. The old assignment cards will be returned to department headquarters in the envelopes provided on or before Monday, July 1, 1935.

VII. COMMENDATION.

Ladderman Thomas R. McConologue of Ladder Company 22 is hereby commended for responding to and working at fire, Box 4139, June 17, 1935, while off duty.

By order of Fire Commissioner Edward F. McLaughlin.

HENRY A. FOX,
Chief of Department.

\$50,000,000 WATER SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the West Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the county of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

CONTRACTS AWARDED.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing lumber to the Boston public schools. Bids were opened Wednesday, April 3. Contracts were executed with the following bidders:

May 6, 1935, Barris Lumber Company, \$815.78; Downes Lumber Company, \$2,191; May 9, 1935, Palmer & Parker Company, \$6,505.15; May 13, 1935, Henry J. Winde Company, \$2,708.63.

List of Dealers Who Submitted Bids on Lumber.—Palmer & Parker Company, Charlestown; Barris Lumber Company, Charlestown; Blacker & Shepard Company, Boston; Dix Lumber Company, Cambridge; Downes Lumber Company, Boston; Holt & Bugbee Company, Charlestown; Johnson-Collins Company, Boston; Pope Lumber Company, West Roxbury; Henry J. Winde Company, Charlestown; Herbert F. Hunter, Boston.

Memo. in re comparison of proposals for furnishing lumber for the Boston public schools:

Walter J. Barris Lumber Company, Group 21, the auditor's copy had a unit price of 72 cents and a total of \$162 for the first item; a unit price of 96 cents and a total of \$24 for the second item; total for the group of \$186. There were no bids for this group on the Business Manager's copy.

Tabulations were as follows:

GROUP 1—ASH, P2S.

NAME OF BIDDER.	Total for Group.	Cash Discount.	Allowance per M. Feet for Lumber Ordered in Rough (see Section 2).
Palmer & Parker Company.....	\$172 63	2 per cent, 10 days.	
Barris Lumber Company.....	215 00	2 per cent, 10 days.	
Blacker & Shepard Company.....	195 65	2 per cent, 10 days.	
Dix Lumber Company.....	216 15	2 per cent, 10 days.	\$7 00
Downes Lumber Company.....	* 152 25	2 per cent, 10 days.	3 00
Holt & Bugbee Company.....	202 50	1½ per cent, 10 days.	5 00
Henry J. Winde Company.....	182 25	2 per cent, 10 days.	3 00
Herbert F. Hunter.....	225 00	2 per cent, 10 days.	6 00

* Contract awarded.

GROUP 2—BALSA, PRIME OR AEROPLANE GRADE.

NAME OF BIDDER.	Total for Group.	Cash Discount.	Allowance per M. Feet for Lumber Ordered in Rough (see Section 2).
Palmer & Parker Company.....	\$108 00	2 per cent, 10 days.	
Barris Lumber Company.....	* 108 00	2 per cent, 10 days.	
Blacker & Shepard Company.....	124 20	2 per cent, 10 days.	
Downes Lumber Company.....	130 50	2 per cent, 10 days.	\$3 00

* Contract awarded.

GROUP 3—BASS, P2S.

POLICE DEPARTMENT ORDERS.

General Order No. 55.

Patrolmen William A. Cohen of Division 1 and George J. Smith of Division 2, both detailed to B. C. I. and assigned to cruising car at night, are commended for efficient police duty performed on May 8, 1935, in connection with the arrest of three persons who had committed several holdups and assaults and robberies upon persons in automobiles while awaiting traffic signal changes at street intersections.

The commissioner is pleased to recognize and commend the alertness and initiative shown by these officers in accomplishing the arrest of these desperate characters.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 56.

The resignation of Patrolman Richard T. Dale of Division 17, having been presented while charges against him are pending, is hereby accepted to take effect as of Tuesday, June 25, 1935, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 57.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by James F. Daley, captain, Division 4, against Martin J. Coakley, patrolman, Division 4, for alleged violation of Rules 38 and 41 of the Rules and Regulations of the Police Department, to wit:

Charge 1: Absence from duty.

Specification: In that on the sixth day of June, 1935, the said Patrolman Martin J. Coakley did absent himself from duty at the 5.45 p. m. roll call without the consent of the Police Commissioner, Superintendent of Police, Deputy Superintendent of Police or his commanding officer.

Charge 2: Conduct unbecoming an officer.

Specification: In that on the sixth day of June, 1935, the said Patrolman Martin J. Coakley while not on duty or in uniform was found at his home under the influence of intoxicating liquors to such an extent that he was unfit to perform police duty if called upon so to do,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty by the said Patrolman Martin J. Coakley. The Board has taken into consideration the fact that Patrolman Coakley has taken a pledge with his spiritual adviser and his promise to the Board to abstain from the use of intoxicating liquor in the future. Therefore the Board respectfully recommends that the said Patrolman Martin J. Coakley be suspended from duty for a period of thirty days, effective as of June 12,

1935, and that at the expiration of the said period of suspension the said Patrolman Martin J. Coakley be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Martin J. Coakley be suspended from duty for a period of thirty days, effective as of June 12, 1935, at 7.45 o'clock a. m. and that at the expiration of the said period of suspension the said Patrolman Martin J. Coakley perform 210 hours of punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Caltha road, Brighton district, as a highway, from Undine road southerly, bounded and described as follows:

A highway named Caltha road is hereby laid out, from Undine road southerly for a distance of approximately three hundred feet, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Undine road, by two measurements, twenty-four and 3-100 feet and twenty-six and 48-100 feet; southeasterly by the southeasterly line of said Caltha road as hereby laid out, sixteen and 98-100 feet on a curve of ten feet radius; easterly by the easterly line of said Caltha road as hereby laid out, two hundred thirty-four and 73-100 feet; easterly, southerly and westerly by a curved line, one hundred twenty-four and 90-100 feet on a curve of twenty-five feet radius; westerly by the westerly line of said Caltha road as hereby laid out, two hundred forty and 78-100 feet; and southwesterly by the southwesterly line of said Caltha road as hereby laid out, fourteen and 57-100 feet on a curve of ten feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Caltha road, Brighton, as a highway, from Undine road southerly for three hundred feet, under the order of the Board of June 20, 1935, and awards no damages therefor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of experimental two-way Boston Elevated Railway bus service, estimated to be thirty (30) days, parking of vehicles is prohibited during twenty-four (24) hours each day, in Washington street, west side, from Broadway to Stuart street, effective June 22, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted March 14, 1935, and were effective March 23, 1935, for a trial period of three (3) months, are hereby extended for a further trial period of three (3) months from June 23, 1935:

On Saturdays and the day immediately preceding a public holiday, parking of vehicles is prohibited in the following streets during the hours indicated:

Faneuil Hall Square.

North side, southerly arm, 5 p. m. to 12 p. m.

South side, northerly arm, 5 p. m. to 12 p. m.

North Street.

South side, from Cross street to Dock square, 2 p. m. to 12 p. m.

North Market Street.

South side, from Commercial street to Merchants row, 5 p. m. to 12 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be one (1) month, vehicles are excluded from Savin Hill avenue, Dorchester, northerly arm, between the bridge over the New York, New Haven & Hartford Railroad and Grampian way, at Evandale road, effective June 22, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of experimental Boston Elevated Railway bus service, estimated to be thirty (30) days, parking of vehicles is prohibited in Essex street, both sides, from Harrison avenue to Washington street, effective June 24, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, parking of vehicles is prohibited in Cross street, northeast side, from Hanover street to Haymarket square, effective June 25, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, the following temporary rule is effective June 26, 1935:

The operator of a vehicle shall not make the following left turn:

Cross Street.

Into Hanover street, southwesterly.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted March 25, 1935, and were effective March 26, 1935, for a trial period of three (3) months, are

hereby extended for a further trial period of three (3) months from June 26, 1935:

The following streets are hereby declared to constitute "Stop" streets:

Arborway, East Drive, West Roxbury.

At Centre street.

Pond Street, West Roxbury.

At Prince street.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 66 Endicott street, Ward 3, is open to trespass, also the present condition of structure is unfit for occupancy. The owner, John F. Holland of 234 Quinobequin road, Waban, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. The owner states that several years ago the property was sold for taxes and that he has received no income from the building since 1930. He further states that he is financially unable to pay for the removal of the building.

To vacate the building at 125 Linden Park street, Ward 9, as the said building is in an unsafe and dangerous condition.

The building at 276 Princeton street, Ward 1.

ASSESSMENTS ABATED.

The Mayor has approved the following vote of the Board of Street Commissioners:

In the matter of the applications for revision of assessments levied February 8, 1933, on account of the construction of sewerage works in Edgemere road, West Roxbury district, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said applications, *Order*, That the amounts hereinafter specified, being the annual apportionments of said assessments for the year 1933, be, and the same are hereby, abated.

Alice M. Devine, Plan 1932-2, lot 18, \$8.03; lot 19, \$8.03; lot 20, \$8.03; lot 21, \$8.03; lot 22, \$8.03; lot 23, \$8.03.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

MEDICAL SOCIAL WORKER, BOSTON CITY HOSPITAL, JULY 26, 1935.

Last date for filing applications, Friday, July 12, 1935, at 5 p. m.

Salary: \$1,200 per year.

Duties: To determine accurately the social eligibility of patients for admission to the Out-Patient Department. To interview applicants for admission. To evaluate the information obtained. To arrange a plan for the patient, *i. e.*, immediate admission, future appointment, rejection, or reference elsewhere.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon June 20 the Mayor approved a contract with the Roxbury Concrete Construction Company for sewerage works in Tennis road, from 700 feet northwest of Blue Hill avenue, 150 feet northwesterly, Dorchester. The following bids were received June 10, 1935:

Clay Pipe.—Roxbury Concrete Construction Company, Incorporated, \$1,266.47; The Prompt Contractors, Incorporated, \$1,324.15; John Williams, \$1,476.83; J. D'Amico, Incorporated, \$1,703.12; Hyde Park Construction Company, \$2,259.15; R. Zeppo, \$2,313.52.

Concrete Pipe.—Roxbury Concrete Construction Company, Incorporated, \$1,266.47; The Prompt Contractors, Incorporated, \$1,317.40; John Williams, \$1,521.83; J. D'Amico, Incorporated, \$1,714.37; Hyde Park Construction Company, \$2,274.90; R. Zeppo, \$2,313.52.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon June 20 the Mayor approved a contract with the Sulmona Construction Company, Incorporated, for laying and relaying water pipes in Providence Turnpike cut-off, Spring street connection, West Roxbury. The following bids were received June 5:

Sulmona Construction Company, Incorporated, \$1,094.55; Roxbury Concrete Construction Company, \$1,206.25; The Prompt Contractors, Incorporated, \$1,268.50; Joseph Capone, \$1,355.50; M. DeSisto Company, \$1,363.50; Standard Contracting Company, \$1,435.75; Appel & O'Toole Company, \$2,013.50.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with the several firms indicated for supplies and work. Communications from the heads of the departments interested were as follows:

ART DEPARTMENT.

BOSTON, June 18, 1935.

Upon June 19 the Mayor approved a contract with the D. F. & W. G. Burns, Incorporated, for alterations, repairs to the Dorchester Heights monument, without advertising, because of the emergency nature of this work. Three bids were received as follows:

J. T. Wilson & Son, Incorporated, \$3,170; Angus MacDonald & Sons, \$3,048; D. F. & W. G. Burns, Incorporated, \$2,390.

The D. F. & W. G. Burns, Incorporated, the lowest bidder, is well fitted to undertake without further delay the operation of re-enforcing the corroded steel framing, anchors, etc., pronounced unsafe and in a critical condition by the Building Department, as well as the new flashing, waterproofing, ties, etc., necessary for the future security of the monument.

The contract, based on working drawings and specifications, is for \$2,390.

Respectfully yours,

ROBERT P. BELLOWS,
Chairman, Boston Art Commission.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Carilli Construction Company has been ordered to add to the contract for the Beethoven District School, the following, which will be paid in accordance with the unit prices contained in the contract: 13.41 cubic yards blasting below six feet at \$9, \$120.69; 22.15 cubic yards earth excavation below six feet at \$2.50, \$55.37; 9.56 cubic yards concrete at \$13, \$124.28; 19 cubic yards backfill at 75 cents, \$14.25—\$314.59; 57 cubic yards of reinforced concrete in the play yard curbing at \$4 per cubic yard, being the difference between the unit price of reinforced and unreinforced concrete, \$228; this addition, \$542.59, and the amount of \$542.59 will be added thereto, making the account as follows: Contract price, \$142,268; total additions, \$4,575.06; total deductions, \$333.70; amount of contract, \$146,509.36.

Rugo Construction Company, Incorporated, has been allowed to add the following change in the contract for Shurtleff District School, P. W. A. No. 4217: Additional dampproofing on inside of brick walls from ceiling furring up to under side of roof slabs; work to be same as dampproofing already required up to the ceiling level; above work to be done for the sum of, \$895.40, and the amount of \$895.40 will be added thereto, making the account as follows: Contract price \$636,800; total additions, \$2,580.55; amount of contract, \$639,380.55.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 3-foot 10-inch by 4-foot 6-inch concrete and 30 feet of 10-inch pipe catch-basin drain, P. W. A. Docket No. 4193-L (Tenean creek), in Pope's Hill street, between New way and 95 feet westerly, in the Dorchester district, at an estimated cost of \$3,000.

A surface drain of 3-foot 10-inch by 4-foot 6-inch concrete and 20 feet of 15-inch pipe catch-basin drain, P. W. A. Docket No. 4193-L (Tenean creek), in New way, between Pope's Hill street and 140 feet northerly, in the Dorchester district, at an estimated cost of \$5,000.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe in Tennis road (formerly Dyer avenue), between 700 feet northwest of Blue Hill avenue and 150 feet northwesterly, in the Dorchester district, at an estimated cost of \$1,110.

A surface drain of 24-inch pipe (E. R. A. Project) in private land (Forest Hills Cemetery), between Canterbury street and Morton street, in the West Roxbury district, at an estimated cost of \$12,000.

A surface drain of 3-foot 10-inch by 4-foot 6-inch concrete, P. W. A. Docket No. 4193-L (Tenean creek), in private land, between New way and 819 feet northwesterly, in the Dorchester district, at an estimated cost of \$30,000.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe in Tennis road (formerly Dyer avenue), between 700 feet northwest of Blue Hill avenue, and 150 feet northwesterly, in the Dorchester district, at an estimated cost of \$2,000.

CONTRACTS AWARDED.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, September 16.
 Worcester, Wednesday, September 18.
 Springfield, Thursday, October 17.
 Pittsfield, Friday, October 18.
 Boston, Monday, November 4.
 Lowell, Wednesday, November 6.
 Boston, Monday, December 2.
 New Bedford, Wednesday, December 4.
 New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
 PAYSON SMITH,
 STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of July 17, 1934, as amended March 12, 1935, determining damages caused by the making of the public improvement consisting of the extension of Greaton road, be, and the same hereby is, amended by adding to said order the amount \$40 as an award to Charles W. Mahoney and Margaret M. Mahoney; that the amount \$40 be, and the same hereby is, awarded to Charles W. Mahoney and Margaret M. Mahoney for the damages so sustained.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

POPULATION OF MASSACHUSETTS, 1930.

Total population, 4,249,614 (2,071,672 males and 2,177,942 females; total white, 4,192,926 (2,042,213 males and 2,150,713 females); total native white, 3,138,290 (1,532,751 males and 1,605,539 females); native white of native parentage, 1,429,784 (702,983 males and 726,801 females); native white of foreign or mixed parentage, 1,708,506 (829,768 males and 878,738 females); 1,202,191 (584,705 males and 617,486 females) of them being of foreign parentage; foreign-born white, 1,051,636 (509,462 males and 542,174 females); Negro, 52,365 (26,097 males and 26,268 females); Indian, 874 (458 males and 416 females); Chinese, 2,973 (2,530 males and 443 females); Japanese, 201 (151 males and 50 females); Mexican, 66 (43 males and 23 females); all other races, 209 (180 males and 29 females).

AIRPORTS AND LANDING FIELDS IN THE UNITED STATES.

The latest report of the Aeronautics branch of the Department of Commerce, dated January 1, 1931, states that there were 2,188 airports and landing fields in the United States on that date, an increase of 71 since January 1, 1928. These figures do not include new airports which are being established in the various states by the State Civil Works Administration Committees.

PROCEEDINGS OF CITY COUNCIL.

Thursday, June 13, 1935.

Adjourned meeting of the City Council in the Council Chamber at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Gleason, McGrath, Norton and Wilson.

ALLOCATION OF \$6,000,000 LOAN.

The following was received:

City of Boston,
Office of the Mayor, June 10, 1935.

To the City Council.

Gentlemen,—I submit herewith an appropriation order in which is allocated by specific budget items the \$6,000,000 loan approved at the last meeting of your Honorable Body. The detail of the allocation is as follows:

Public Welfare.....	\$5,170,773 00
Soldiers' Relief.....	450,000 00
Emergency Relief Projects.....	379,227 00

Total.....	<u>\$6,000,000 00</u>
------------	-----------------------

Approval of appropriations recommended in the budget order is absolutely necessary in order to carry on activities under the three above-mentioned divisions.

I therefore respectfully recommend adoption of the accompanying order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the sums hereinafter specified be, and hereby are, appropriated for the several departments and for the objects and purposes hereinafter stated, that the same be met from a loan of \$6,000,000 authorized under chapter 188 of the Acts of 1935, adopted by the City Council on June 10, 1935, and approved by the Mayor on June 10, 1935.

GENERAL ITEMS.

CITY OF BOSTON,
Auditing Department.

H. Emergency Relief Projects...	<u>\$200 00</u>
---------------------------------	-----------------

City Planning Board.

---	-----------

COUNTY OF SUFFOLK.

Suffolk County Courthouse Custodian.

H. Emergency Relief Projects... \$3,500 00

Medical Examiner Service, Southern Division.

H. Emergency Relief Projects... \$27 00

Coun. SHATTUCK—Mr. President, I observe in a newspaper dispatch from New York that his Honor the Mayor has seen fit to attack me again. That is his privilege, but why, like a lawyer with a weak case, does he set up a man of straw and then knock it down? Why does he not meet the issue, instead of misrepresenting what I said? In summing up, I said (and I quote from the official stenographic report of my speech last Monday):

"I have not suggested the discharge of any efficient and faithful employee, as I stated when the budget came up. I have suggested that in many cases transfers might be made from over-manned departments to other positions where vacancies have occurred and where needs exist. But, while there are a great many faithful and efficient employees of the City of Boston, there are unfortunately others who come late and go early and in other respects are not faithful and efficient, and in such cases a weeding out could be made."

When speaking on the same subject at the Council meeting of June 3d, referring to the many faithful and efficient employees, I said:

"I have come to know, as the private citizen can seldom know, many men and women who are giving splendid service to the citizens of Boston, and there are many more with whom I have not had the good fortune to come in contact. Their service too seldom receives the public notice and praise that it deserves. To them I am glad to pay this tribute of respect. But I am also aware that there are others who come late and go early; who are lax and neglectful in the performance of their duties, and who do not appreciate the privilege of serving their fellow citizens in steady jobs at regular pay. In part through transfers from over-manned departments, and in part through elimination of slackers, all reductions in personnel which are in the interest of economy and efficiency can be accomplished. To this end, an effective plan of personnel supervision should be put into effect, a reasonable degree of discipline should be enforced, and political favoritism should be laid aside. If this course is pursued, no faithful and efficient city employee need fear for his or her job."

Is there anything cold about that statement? Can it be that the Mayor objects to such transfers as I have suggested? Can it be that he objects to enforcing a reasonable degree of discipline? Can it be that he would keep on the pay roll those who come late to their jobs and go early, and who are otherwise unfaithful or inefficient? He says I am an obstructionist. I admit that I do not always agree with him. I admit that I am not a "Yes" man. Whether I was right, for example, in opposing that ill-considered proposal to borrow a million dollars for snow-removal equipment, I leave to the public to decide. I said then that there was no emergency demanding that we rush into an extravagant program. Looking back, there can be no question but that I was right. But let us get back to this budget program. His Honor in his inaugural message said:

"An additional phase of the tax rate problem is the stern necessity facing this administration of halting the pyramiding of our deficit."

He was quite right. I am with him on that. The trouble is, he is no longer with himself. If he gets out of step with himself, how does he expect me to keep in step with him? I stand with the Mayor before he shifted. I also stand with the following significant statement made by Franklin D. Roosevelt in a speech in Pittsburgh on October 19, 1932. Mr. Roosevelt said (I quote from an extract recently printed in the *Boston American*):

"The other bad effect of this fiscal mismanagement is not at all technical. It is the burden of high cost on the backs of all our people."

"I can state the condition best by quoting one paragraph from a document published a week ago and signed by both Alfred E. Smith and Calvin Coolidge:

"All the costs of local, state, and national governments must be reduced without fear and without favor. Unless the people, through unified action, arise and take charge of their Government, they will find that their Government has taken charge of them. Independence and liberty will be gone and the general public will find itself in a condition of servitude to an aggregation of organized and selfish minorities."

"Every word of that warning is true, and the first and most important and necessitous step in balancing our Federal Budget is to reduce expense."

In failing to cooperate by letting this budget go by without a word of protest I appear to be in good company. Speaking of the need for continuing pay reductions, the Mayor in his inaugural said:

"But it is better to suffer pay reductions for another year, than, by restoring them, to hazard the chance of so impairing the financial position of the city that city and county employees might have to forego receiving any salary whatever. In other words, there would be danger of payless pay days. It is better to suffer the hardship and inconvenience of the reductions that have already

(Continued on page 906.)

PROCEEDINGS OF CITY COUNCIL.

(Continued from page 905.)

been made and yet to receive reduced salaries, than to restore the original salaries, which would sound well to the ear of the employee, but which might result in terminating all salaries."

The same principle applies to padded pay rolls, and to keeping unfaithful or inefficient employees on the pay roll. It applies all the more to adding new people to the pay roll as the present administration has done. In previous debates on the budget I have referred to examples of this. Another example is the Welfare Department. In 1929 the personal service appropriation, in round figures, was \$100,000; in 1933, with a larger case load than now, it was \$349,000; and in 1934, also with a larger case load than now, it was \$476,000. For this year it is \$775,000. It is true that the work is now being done more effectively, and that some increase in personnel was justified, but that over twice the pay roll of 1933 is needed, for the care of fewer cases, seems to me hardly possible. It may be said that the reduction in Welfare cost was brought about by and therefore justifies this huge increase in personnel. The fact is, however, that this reduction is mainly due to increased E. R. A. expenditures. In April, 1934, Boston had an E. R. A. grant of \$453,000; whereas, in May, 1935, the E. R. A. grant was \$1,700,000. The remarkable thing is that, as so large a proportion of these E. R. A. workers are taken from the Welfare lists, there has not been a much greater reduction in these lists. Now I do not say that millions could be saved by any program put into effect at this date in the present year. I do say that substantial sums could be saved, and that a foundation could be laid for further savings next year. I believe, as I have said repeatedly, that a part of the burden should be met by new or additional taxes on sources other than real estate. I should be willing in the meantime to vote for a reduced current expense borrowing. One of the chief characteristics which is supposed to distinguish civilized man from the savage is foresight. We should exercise foresight. As the Mayor said in his inaugural, some temporary hardship is to be preferred to complete collapse. We should be mindful of the fact that we cannot keep the city solvent if, thinking only of the immediate present, we continue to make huge borrowings for current expenses. We should be mindful of the fact that city jobs are not worth much unless we keep the city solvent. We should think of all the citizens, both those who hold the jobs and those who pay the bills. We should think not only of today, next week, and next month, but also of next year and the years to come.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Thomas F. Bailey, for refund on refuse tickets.
Mary A. Buckley, for refund on building permit.
Athena Condell, for compensation for injuries caused by city employees.

John H. A. Davis, for compensation for injuries caused by city truck.

Raffaella DeStefano, for compensation for damage to concrete walls at 483-494 Hyde Park avenue, caused by change of grade of street.

Mrs. Catherine Fetting, for compensation for injuries caused by fall in Institutions Department.

Helen R. Claffey, for compensation for damage to property at 49 Dale street, Roxbury, caused by break in water main.

Mrs. M. E. Murphy, for compensation for garbage can taken by ashmen from 122 St. Botolph street.

Emma F. Sullivan, for compensation for damage to property at 56 N street, caused by construction of sewer.

Executive.

Petition of Jennie E. Reagan, to be paid an annuity on account of death of her husband, John J. Reagan, late member of Fire Department.

APPROVAL OF LOAN FOR WELFARE PURPOSE.

Notice was received from the State Emergency Finance Board of its approval on June 12, 1935, of the borrowing by the City of Boston, under the provisions of chapter 188 of the Acts of 1935, of \$6,000,000 for public welfare, soldiers' relief and E. R. A. costs.

Placed on file.

REPORT OF COMMITTEE ON CLAIMS.

Coun. BRACKMAN, for the Committee on Claims, submitted the following:

1. Report on petition of Joseph P. Kolf (referred June 3), to be reimbursed for amount of execution issued against him on account of his acts as operator

of motor truck belonging to Sanitary Division, Public Works Department—recommending passage of the accompanying order, viz.:

Ordered, That the sum of two hundred two dollars and eighty-five cents be allowed and paid to Joseph P. Kolf in reimbursement for the amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Reserve Fund.

Report accepted; order passed.

2. Report on petition (referred June 3) of John F. Kelly to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to the Sewer Division, Public Works Department—recommending passage of the accompanying orders, viz.:

Ordered, That the sum of sixty-two dollars and thirty-five cents be allowed and paid to John F. Kelly in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sewer Division, Public Works Department, said sum to be charged to the Reserve Fund.

Ordered, That the sum of two hundred twenty-two dollars and seventy cents be allowed and paid to John F. Kelly in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sewer Division, Public Works Department, said sum to be charged to the Reserve Fund.

Reports accepted; said orders passed.

NAMES ON JURY LIST.

Coun. FITZGERALD offered the following: Ordered, That the City Clerk be hereby directed to cause the names on the Jury List, when transmitted to him by the Election Commissioners and contained in City Document 58, to be written each on a separate ballot, and said ballots to be properly folded and placed in the box provided for the purpose.

Passed under suspension of the rule.

RECESS.

On motion of Coun. SELVITELLA, the Council voted at 2:23 p. m., to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by Chairman GALLAGHER, at 4:45 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) allocating specific budget items in \$6,000,000 loan—that same ought to pass.

Report accepted, order passed, yeas 15, nays 1: Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Gallagher, Green, Kerrigan, Murray, Roberts, Selvittella, Tobin—15.

Nays—Coun. Shattuck—1.

2. Report on message of Mayor and orders (referred June 10) appropriating sums of \$7,500 and \$22,500 for hospital buildings—that same ought to pass.

Report accepted.

It was voted, on motion of Coun. TOBIN, that the items be voted upon separately.

The \$7,500 item was passed, yeas 14, nays 0.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Gallagher, Green, Kerrigan, Murray, Shattuck, Tobin—14.

Nays—0.

The question came on the passage of the \$22,500 item.

Coun. AGNEW—Mr. President, before the roll call is taken on this, I would like to say just a word. During the Executive Session the question was asked of the architect as to the need of this money for these two walls at the present time. It is my recollection that the architect said that at the present time the \$22,500 was not needed, that it could be easily deferred to a later date. I am going to vote against this order not only on the strength of what the architect told us, but I cannot see why the cost of building two brick walls should amount to \$22,500. Before voting favorably on the order, I think we should have some information from the contractor or the builder, so that we might know something about what really is needed and why the cost for two brick walls should reach \$22,500.

Coun. DOWD—Mr. President, I do not like to disagree with my colleague, but I attended the Executive Committee meeting and to my knowledge the architect did not make any such statement, that the walls were not necessary. The architect did say that in his estimation one side should be done immediately, but the Building Commissioner sent a letter to the trustees of the hospital stating emphatically that, to his mind, the situation there was a dangerous menace and that if something happened some one would have

to assume the responsibility. If my memory is correct, one of the trustees stated very bluntly that he would not accept the responsibility. This is evidently work that should be done. It is hospital work, and I don't think anyone in the Council would dare to endanger the lives of those going to the City Hospital. I believe in competitive bidding, but I can understand how a contractor working on the kitchen would not allow another contractor to go in and work on the same ground where he is working. Certainly, whatever can be done up there to save or protect life of pedestrians, patients and others, anything that will add to the safety of those concerned, should be done.

Coun. SHATTUCK—Mr. President, I agree in substance with what has been said by the last speaker. I, too, was present in the committee and heard what was said by the architect and by Inspector Curley. Mr. Curley thought that both walls should be fixed now, and the architect thought that one could be postponed. The architect, however, did say that he thought the cost ought to be about \$19,000, and in that respect he had a difference of opinion with the contractor. The contractor started at \$25,000, and has come down to \$22,500. I would not be averse to having the contractor come down a little more in his figure, nearer to what the architect said was the right figure. I move, therefore, that this order be amended by reducing the figure from \$22,500 to \$20,000.

The question came on the amendment offered by Coun. Shattuck.

Coun. AGNEW—Mr. President, I am rather in favor of the amendment offered by Councilor Shattuck, but let me say before the vote is taken, whether it is a matter involving the City Hospital or any other institution, that I am not being stampeded to vote favorably for the expenditure of any money unless it appears to be judicious, and when an architect comes before us and tells us that it can be deferred until a later date, I see no reason why his judgment should not be accepted, even though the Building Commissioner or a representative of the Building Commissioner disagrees with him. We sit here as a body of capable, intelligent men, able to use our own judgment and justify our vote on any particular matter, and the fact that this concerns the City Hospital should make no difference to members of the Council. The question simply is, Is this a proper expenditure at this time, and what do we know about it? Because it concerns the City Hospital is no reason why we should vote for it if we are not satisfied in our minds, any more than if it concerned any other city institution. I think we should always be satisfied in our minds before voting upon any such order.

Coun. SHATTUCK—Mr. President, I think the gentleman is mistaken as to just what was said, or at least he got an impression that I did not get, at any rate. Of course, the architect said that it could be postponed. Anything can be postponed. We don't have to do it at all before ten years from now, or some other time. But he said that in his opinion the condition of one of the walls was such that the work should not be postponed, and Mr. Curley said that in his opinion the condition of both walls was such that the work should not be postponed. I have no personal knowledge of the situation, and if I should see the walls I would probably not know much about them, personally. But I did feel strongly that Mr. Curley, whom I never saw before, appeared to be a competent man, and I did hear the architect, and several of the trustees seemed to be of the opinion that the work should be done. With a reduction of the figure down to what the architect thinks is about the right price, I am going to vote for this order.

Coun. Shattuck's amendment, to reduce the amount from \$22,500 to \$20,000, was carried, and the question came on the passage of the order as amended. The clerk started to call the roll and when Coun. Green's name was reached, he said:

Mr. President, before voting on this order I would like to ask the councilor from the Back Bay (Coun. Shattuck) if, in his opinion, reducing the \$22,500 to \$20,000 is going to impair the character of the work up there?

President FITZGERALD—The question is not in order at this time, the question being on the passage of the order, and the roll call being in progress.

The order as amended was passed, yeas 16, nays 0.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Gallagher, Green, Kerrigan, Murray, Roberts, Selvittella, Shattuck, Tobin—16.

Nays—0.

COMMITTEE ON COUNTY ACCOUNTS.

Coun. ROBERTS, for the Committee on County Accounts, submitted the following:

1. Report on message of the Mayor and order (referred April 27) accepting chapter 158 of Acts of 1935—recommending that same ought to pass.

Coun. ROBERTS—Mr. President, this simply means the acceptance of an act passed by the Legislature this year placing the court education messengers in the Supreme Judicial Court in the same category as those in the Superior Court.

Report accepted; order passed.

BETTER STREET LIGHTING FACILITIES, WARD 7.

Coun. KERRIGAN offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide better street lighting facilities for Ward 7, by replacing the present gas lamps throughout the ward with electric lights.

Passed under suspension of the rule.

TRAFFIC CONDITIONS, COLUMBIA ROAD.

Coun. KERRIGAN offered the following: Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make a survey of traffic conditions along Columbia road, South Boston, from H to N streets, and report to the City Council relative to same, for the purpose of relieving congestion due to the parking of automobiles along this area while the owners are bathing at the various beaches.

Passed under suspension of the rule.

RECOVERY OF LAND DAMAGE PAYMENTS.

Coun. SHATTUCK offered the following: Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to inform the City Council what action he contemplates toward recovering from the recipients a part of the East Boston Tunnel land damage payments recently under investigation by the Finance Commission, and toward recovering the profits on sales of bonds to the Sinking Fund and other trust funds by or under the name of the Legal Securities Corporation.

Passed under suspension of the rule.

THE NEXT MEETING.

Coun. DOWD—Mr. President, I move that when we adjourn it be to meet on Monday, July 15, at 2 p. m.

The question came on the passage of Coun. Dowd's motion.

Coun. MURRAY—Mr. President, I would move as an amendment that we adjourn to some time next week, so that we may be able to get an opinion from the Law Department in regard to the matter that has been laid on the table in Executive Committee, and after that meeting we can then adjourn to July 15.

Chairman GALLAGHER—In reply to the councilor, the Chair would say that if necessary a special meeting can be called.

Coun. TOBIN—Mr. President, I don't think we ought to adjourn to the date proposed at this time. By our own vote in Executive Committee we have laid upon the table an important matter upon which legislative action is necessary, and if we now adjourn without acting further upon that matter until July 15 the chance for legislative action at this session will have gone by. We will thereby be showing by our action in adjourning to that date an intention to kill that matter. I think, therefore, that when we adjourn today it should be to some day next week; because if we do not so act, and if the Mayor should call a special session to act upon the matter referred to, it could easily be made to appear that, unless he had called one special meeting, action upon this pending matter would have been killed by the Council itself. For that reason I don't think we should adjourn until July 15.

The motion that when the Council adjourns it be to meet on Monday, July 15, at 2 p. m., was declared carried. Coun. Murray declared the vote and asked for the yeas and nays.

Coun. AGNEW—Could the yeas and nays be taken on that we adjourn subject to the call of the Chair?

Chairman GALLAGHER—A special meeting can be called at any time, Mr. Councilor.

The Council voted that when the Council adjourns it be to meet on Monday, July 15, 1935, at 2 p. m., yeas 13, nays 5.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Gallagher, Green, Kerrigan, Roberts, Selvittella, Shattuck—13.

Nays—Coun. Finley, Murray, Tobin—5.

Adjourned, on motion of Coun. FITZGERALD, at 5:04 p. m., to meet on Monday, July 15, 1935, at 2 p. m.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

A. Piattelli and C. DiMartino have been granted an extension of the time of the completion of the contract for the building of sewerage works in Stony Brook, section 12, West Roxbury, P. W. A. Project No. 1193 A, from June 19, 1935 to August 19, 1935, a period of sixty-one days.

PROCEEDINGS OF SCHOOL COMMITTEE.

June 3, 1935.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:15 o'clock P. M., the Chairman presiding.

Present: Messrs. Hurley, Lyons, Mackey, Sullivan, and Tobin.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

DEATH

The Superintendent reported the death of the following-named teacher who had been retired on pension:

Hancock District—Fanny L. Rogers, May 13, 1935.

Placed on file.

RESIGNATION

The following resignation, reported by the Superintendent to take effect on the date stated, was presented:

Horace Mann School—Mary E. O'Neil, teacher of physical education, May 14, 1935.

Accepted.

APPOINTMENTS

The following appointments by the Superintendent certified by him as being in accordance with the rules and regulations to take effect on the dates stated were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancies caused by increase in numbers.)

High School of Practical Arts—Marie A. Broderick, assistant, June 10, 1935.

Department of Household Science and Arts—Dorothy P. Ewing, S. Agnes Porter, teachers of sewing, elementary, June 10, 1935.

The rules were suspended and the appointments approved.

(Replacement)

Girls' Latin School—Angela M. Cadigan, assistant, June 10, 1935.

The rules were suspended and the appointment approved.

(To fill vacancy caused by promotion.)

Solomon Lewenberg Intermediate District—Jennie W. McKnight, assistant, intermediate, June 10, 1935.

The rules were suspended and the appointment approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence for rest was granted the following-named teacher for the term specified:

Mary E. Curley Intermediate District—Stella F. Thomas, assistant, intermediate, from Sept. 1, 1935, to Aug. 31, 1936, for rest.

On the report of the head supervisor of attendance, leave of absence

was granted the following-named supervisor of attendance for the term specified on account of accident which occurred in the performance of duty:

Department of Attendance—Henry F. Barry, supervisor of attendance, Jan. 28, 1935, to Feb. 1, 1935, without loss of pay.

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted the following-named teachers for the terms specified:

Girls' Latin School—Janet Crawford, assistant, Mar. 1, 1935 to May 31, 1935, without pay.

Clarence R. Edwards Intermediate District—Louise Leary, assistant, intermediate, June 1 to June 30, 1935, without pay.

ASSIGNMENTS

A communication was received from the Superintendent, under date of June 3, 1935, reporting that subject to the approval of the School Committee, he has assigned the following-named teachers to speech improvement classes, without change of rank or salary, said assignments to take effect Sept. 1, 1935, and to continue during the school year ending Aug. 31, 1936, unless earlier terminated by the Superintendent with the approval of the School Committee:

Mary Hemenway District—Rita M. Sherry, assistant, elementary.

Wells District—M. Frances McNellis, assistant, elementary.

Placed on file and the assignments approved, to take effect on the date stated.

DESIGNATIONS

A communication was received from the Superintendent, under date of June 3, 1935, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations but not beyond Aug. 31, 1935:

Robert Treat Paine District—Louise C. Galvin, assistant, kindergarten, as acting first assistant, kindergarten (vice Anina L. Fitzsimmons), May 24, 1935.

Department of Penmanship—Katharine O'Brien, assistant director, as acting director (vice Bertha A. Connor, absent on leave), Apr. 29, 1935.

Placed on file.

TRANSFER OF MICHAEL J. PERKINS SCHOOL TO JOHN A. ANDREW DISTRICT

On motion of the Superintendent, it was

ORDERED, That the Michael J. Perkins School is hereby transferred from the Shurtleff District to the John A. Andrew District, to take effect Sept. 1, 1935.

EARLY CLOSING OF SHURTLEFF SCHOOL

The Superintendent offered the following:

ORDERED, That the Shurtleff School shall be closed this year for the summer vacation on Friday,

June 21, 1935, in order that the Shurtleff School building may be turned over to the Superintendent of Construction for immediate demolition.

The regulations were suspended and the order passed.

EARLY CLOSING OF KINDERGARTENS

The Superintendent offered the following:

ORDERED, That the kindergartens shall be closed this year at noon on Wednesday, June 26, 1935, in order that kindergarten teachers shall attend the annual convention of the Association for Childhood Education at Swampscott, June 26 to 30, 1935.

The regulations were suspended and the order passed.

CORRECTION OF SALARY SCHEDULE

On motion, it was

ORDERED, That the salary schedule for teachers, members of the supervising staff and others for the year ending Aug. 31, 1935, is hereby corrected as follows:

Under Boston Trade School, Continuation School, and Department of Manual Arts, strike out the minimum salary for Shop Instructors, namely, \$1536, and insert in place thereof the minimum, \$1824, so that the item shall read as follows:

Shop Instructors..\$1824 \$96 \$2592

TRANSFERS OF APPROPRIATIONS

The following communication was received:

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS

May 28, 1935.

School Committee,
City of Boston,
15 Beacon Street,
Boston, Mass.

Gentlemen:—

On May 28, 1935, the Board of Commissioners of School Buildings received the following proposed order:

ORDERED, That of the amounts appropriated by the School Committee under date of July 22, 1932 (see p. 155), the following amount is hereby transferred to the item of school accommodations as listed below:

FROM

Item 13, 1932—Robert Gould Shaw District, West Roxbury: Construction of four classroom addition to Randall G. Morris School.....\$614.12

TO

Item 5, 1934—Beethoven District, West Roxbury: Furnishing of six classrooms and kindergarten of thirteen classroom building.....\$614.12

It was stated in the order that this money was needed to meet the cost of furnishing the building known as the Joyce Kilmer School in addition to the sum already appropriated for this purpose and the Board of Commissioners of School Buildings have voted to approve same.

Very truly yours,

Board of Commissioners of School Buildings.

By Richard J. Lane, Chairman.

Placed on file.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under date of July 22, 1932 (see p. 155), the following amount is hereby transferred to the item of school accommodations as listed below:

FROM

Item 13, 1932—Robert Gould Shaw District, West Roxbury: Construction of four-classroom addition to Randall G. Morris School..\$614.12

TO

Item 5, 1934—Beethoven District, West Roxbury: Furnishing of six classrooms and kindergarten of thirteen-classroom building...\$614.12

Passed by the following vote:

YEAS—Messrs. Hurley, Lyons, Mackey, Sullivan and Tobin—5.

NAYS—0.

The following communication was received:

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS

May 28, 1935.

School Committee, City of Boston, 15 Beacon Street, Boston, Mass.

Gentlemen:—

On May 8, 1935, the Board of Commissioners of School Buildings received the following proposed order:

ORDERED, That of the amounts appropriated by the School Committee under dates of Feb. 7, 1927 (see pp. 40-41) and June 3, 1929 (see p. 135), the following amounts are hereby transferred to the 1930 item of school accommodations as listed below:

FROM

Item 4, 1927—Bennett District, Brighton: Land for intermediate school

Item 21, 1929—Agassiz-Bowditch District, Jamaica Plain: Plans for addition to Jamaica Plain High School, including gymnasium, study hall, library and classrooms

Total

TO

Item 41 (d), 1930—Francis Parkman District, Jamaica Plain: Plans for four classroom addition to Francis Parkman school building

This transfer is necessary in order to meet executions of Court and the Board of Commissioners of School Buildings have voted to approve same.

Very truly yours,

Board of Commissioners of School Buildings,

By Richard J. Lane,

Placed on file. Chairman.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under dates of February 7, 1927 (see pp. 40-41) and June 3, 1929 (see p. 135), the following amounts are hereby transferred to the 1930 item of school accommodations as listed below:

FROM

Item 4, 1927—Bennett District, Brighton: Land for intermediate school

Item 21, 1929—Agassiz-Bowditch District, Jamaica Plain: Plans for addition to Jamaica Plain High School, including gymnasium, study hall, library and classrooms

Total

TO

Item 41 (d), 1930—Francis Parkman District, Jamaica Plain: Plans for four-classroom addition to Francis Parkman school building

Passed by the following vote:
YEAS—Messrs. Hurley, Lyons, Mackey, Sullivan and Tobin—5.

APPROPRIATIONS—LAND AND BUILDINGS AND ALTERATIONS AND REPAIRS

The following communication was received:

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS

May 31, 1935.

School Committee

City of Boston

15 Beacon Street

Boston, Mass.

Gentlemen:

Under date of May 28th, the School Committee forwarded to the Board of Commissioners of School Buildings the following proposed orders:

ORDERED, That in accordance with the provisions of Chapter 206 of the Special Acts of 1919 and Acts in amendment thereof and in addition thereto, and in accordance with the provisions of Chapter 284 of the Acts of 1935, the following appropriations are hereby made:

LAND AND BUILDINGS FOR SCHOOLS	
Item 1—Administration Expenses Department of School Buildings	\$84,225.00
Item 2—Rent of Hired Accommodations	35,775.00
Total	\$120,000.00

ORDERED, That in accordance with the provisions of Chapter 206 of the Special Acts of 1919 and Acts in amendment thereof and in addition thereto, and in accordance with the provisions of Chapter 284 of the Acts of 1935, the sum of \$1,037,558.50 is hereby appropriated for "alteration and repair of school buildings and for furniture, fixtures and means of escape in case of fire, and for fire protection for existing buildings and for improving existing school yards" during the financial year January 1 to December 31, 1935.

ORDERED, That in accordance with the provisions of Chapter 206 of the Special Acts of 1919 and Acts in amendment thereof and in addition thereto, and in accordance with the provisions of Chapter 284 of the Acts of 1935, the sum of \$172,441.50 is hereby appropriated for administration expenses of the Department of School Buildings in connection with the "alteration and repair of school buildings and for furniture, fixtures and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing school yards," during the financial year January 1 to December 31, 1935.

The Board of Commissioners of School Buildings having considered the same and acting under authority of Chapter 351 of the Acts of 1929 approve said appropriation orders. Accompanying the foregoing orders are detailed figures on which the amount of the orders are based. It is understood that these detailed figures accompanying the order do not constitute a part of the orders as passed.

We note that on the accompanying order that item "Rent of Hired Accommodations" is set down as \$35,775.00. When Superintendent

Drumme submitted his estimate for Rent of Hired Accommodations the figure was \$21,547.50. From information received we are led to believe that the School Committee have increased Mr. Drumme's estimate to the larger figure of \$35,775.00 to meet the cost of hired accommodations in connection with the Christopher Gibson District School, namely to provide hired accommodations for the children who, if accommodations were available would be housed in the J. E. Burke High School. After consideration in relation to this matter the Board of Commissioners of School Buildings has forwarded a letter to your Board in relation thereto.

Understanding however that the appropriation orders of the School Committee must be immediately acted upon we are approving these orders as submitted.

Respectfully yours,

Board of Commissioners of School Buildings,

By Richard J. Lane,

Chairman.

Placed on file.

The following is the detail for administration expenses in connection with land and buildings for schools, as submitted by the Department of School Buildings. The amount specified is required for rental of hired accommodations during the current financial year:

Salaries	
1 Superintendent of Construction	\$4,500.00
1 Deputy Superintendent of Construction	5,500.00
1 Executive Secretary	*1,750.00
1 Stenographer	*1,150.00
1 Stenographer	*750.00
1 Civil Engineer	*1,900.00
1 Civil Engineer	*1,500.00
1 Assistant Civil Engineer	2,200.00
1 Designing Engineer	2,100.00
1 Designing Draughtsman	*1,200.00

BUDGET AND ANNUAL APPROPRIATION ORDER FOR MAINTENANCE EXCLUSIVE OF "ALTERATIONS, REPAIRS, FURNITURE AND FIXTURES."

The Business Manager submitted, in compliance with the rules, the Budget and Annual Appropriation Order with Detailed Estimates for the Fiscal Year 1935 to provide for the maintenance of the Boston Public Schools covering the cost of administration, instruction, supervision of instruction, promotion of health, custodians' services, fuel and light, supplies, equipment and incidentals; and the cost of sundry other services and expenses, exclusive of "Alterations, Repairs, Furniture and Fixtures."

To the School Committee of the City of Boston:

In compliance with the Rules of the School Committee, I submit herewith budget and annual appropriation order with detailed estimates for the fiscal year 1935 to provide for the maintenance of the Boston Public Schools covering the cost of administration, instruction, supervision of instruction, promotion of health, custodians' services, fuel and light, supplies, equipment and incidentals; and the cost of sundry other services and expenses, exclusive of "Alterations, repairs, furniture and fixtures."

Prior to the passage of chapter 284 of the Acts of 1935 the School Committee was authorized to appropriate the following sums:

(a) Seven dollars and twenty cents upon each one thousand dollars of the average valuation of the city for three years for general school purposes. (Chapter 206 of the Special Acts of 1919, chapter 249 of the Special Acts of 1919, chapter 641 of the Acts of 1920, chapter 309 of the Acts of 1925, and chapter 283 of the Acts of 1930.)

(b) Ninety-one cents upon each one thousand dollars of the average valuation of the city for three years for the alteration and repair of school buildings, and for furniture, fixtures, and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing school yards. (Chapter 206 of the Special Acts of 1919, chapter 524 of the

Acts of 1920, chapter 488 of the Acts of 1923, and chapter 153 of the Acts of 1926.)

(c) Fifteen cents upon each one thousand dollars of the average valuation of the city for three years for organizing and conducting physical training and exercises, athletics, sports, games and play, and for providing apparatus, equipment, athletic wearing apparel, and facilities for the same in buildings, yards and playgrounds under the control of the School Committee, or upon any other land which the committee may have the right to use for this purpose, under the provisions of chapter 295 of the Acts of 1907. (Chapter 206 of the Special Acts of 1919, chapter 249 of the Special Acts of 1919, chapter 641 of the Acts of 1920, chapter 309 of the Acts of 1925, chapter 153 of the Acts of 1926, and chapter 145 of the Acts of 1934.)

(d) Twelve cents upon each one thousand dollars of the average valuation of the city for three years for the employment of one supervising female nurse and so many district female nurses as, in the opinion of said committee, are necessary, in accordance with the provisions of chapter 357 of the Acts of 1907, and for the employment of such number of school physicians as, in the opinion of the School Committee, may be necessary, and for the care of the teeth of school children. (Chapter 206 of the Special Acts of 1919, chapter 249 of the Special Acts of 1919, chapter 641 of the Acts of 1920, chapter 309 of the Acts of 1925, chapter 153 of the Acts of 1926, and chapter 283 of the Acts of 1930.)

(e) Four cents upon each one thousand dollars of the average valuation of the city for three years for the purpose of conducting educational and recreative activities in or upon school property under the control of the School Committee, and the use thereof by individuals and associations in accordance with the provisions of chapter 195 of the Acts of 1912 and chapter 86 of the Special Acts of 1916. (Chapter 206 of the Special Acts of 1919, chapter 641 of the Acts of 1920, and chapter 309 of the Acts of 1925.)

(f) Five cents upon each one thousands of the average valuation of the city for three years for the payment of pensions to members of the teaching or supervising staff of the public schools of the city, and to persons who were annuitants of the Boston Teachers' Retirement Fund at the time when chapter 589 of the Acts of 1908 took effect, and other teachers who had retired prior to said time, in accordance with the provisions of said chapter 589, chapter 537 of the Acts of 1909, chapter 617 of the Acts of 1910, chapter 569 of the Acts of 1912, and acts in amendment thereof, chapter 206 of the Special Acts of 1919, chapter 382 of the Acts of 1928, and chapter 155 of the Acts of 1931.

(g) Three cents upon each one thousand dollars of the average valuation of the city for three years for promoting the Americanization and better training for citizenship of foreign-born persons. (Chapter 206 of the Special Acts of 1919, and chapter 309 of the Acts of 1925.)

(h) Three cents upon each one thousand dollars of the average valuation of the city for three

years for vocational guidance. Chapter 206 of the Special Acts of 1919, and chapter 309 of the Acts of 1925.)

(i) the unexpended balance for the financial year 1934.

(j) The excess of income, if any, for the financial year 1934 over that estimated.

(k) The estimated income for the financial year 1935.

The average valuation of the city for the three years 1932, 1933 and 1934 with all abatements allowed up to December 31, 1934, as certified to His Honor the Mayor by the Board of Assessors is \$1,744,959,500. This is the sum upon which appropriations by the School Committee for the fiscal year 1935 would ordinarily have been based. Due in the main to the restoration of salaries to their old levels on January 1, 1935, and to a constantly shrinking valuation, the School Committee petitioned the Legislature for an increase in its tax limit appropriating power of \$1.22 (\$1.20 for "General School Purposes" and \$.02 for "Salaries of School Physicians, Salaries of School Nurses and Care of Teeth"). The passage, however, of chapter 284 of the Acts of 1935 set forth below eliminated tax limit appropriations allowed for a great many years and authorized the School Committee to appropriate for the year 1935 \$10.07 on each one thousand dollars of the Assessors' valuation of taxable property for the year 1935, and in addition thereto, the unexpended balances in the various appropriations for the year 1934, the excess of income for the year 1934; and the estimated income for the year 1935. At the present time it is estimated that the Assessors' valuation of taxable property for the year 1935 will be \$1,630,000,000.

CHAPTER 284 OF THE ACTS OF 1935

An Act Relative to Appropriations by the City of Boston for School and other Municipal Purposes.

Be it enacted, etc., as follows:

Section 1. Subject, except as herein provided, to the provisions of chapter two hundred and six of the Special Acts of nineteen hundred and nineteen and acts in amendment thereof and in addition thereto, the school committee of the City of Boston may, by vote of four fifths of all its members, taken by yeas and nays, make appropriations for all school purposes to be met by moneys raised by taxation for the financial year ending December thirty-first, nineteen hundred and thirty-five, in a sum which shall not exceed the yield of a tax at the rate of ten dollars and seven cents on each one thousand dollars of the assessors' valuation of the taxable property therein for the year nineteen hundred and thirty-five, and which shall be in addition to the money that may be given for such purposes, the income collected and the balance of appropriations of preceding years, and the amount so appropriated and raised shall be allocated by the school committee to the purposes set forth in the several items specified in section one of said chapter two hundred and six, as amended; provided, that the sums so allocated

to Americanization, physical education, extended use of schools, pensions to teachers, alterations and repairs, and land and buildings shall not exceed the amounts authorized to be appropriated and raised by taxation for said purposes, respectively, under the provisions of said section one, as amended. The provisions of said section one, as amended, in so far as they are inconsistent with this act, shall not be operative during the financial year ending December thirty-first, nineteen hundred and thirty-five.

Section 2. The City of Boston may, by vote of the city council, with the approval of the mayor, in the manner specified in section three of chapter four hundred and eighty-six of the acts of nineteen hundred and nine, make appropriations for municipal purposes, except school and other purposes heretofore excluded from the statutory tax limit, to be met by moneys raised by taxation for the financial year ending December thirty-first, nineteen hundred and thirty-five, in a sum which, when added to all other sums to be raised by taxation for said year including the sum authorized under section one of this act to be so raised for appropriations for school purposes, shall not exceed the yield of a tax at a rate of thirty-seven dollars and twenty cents on each one thousand dollars of the assessors' valuation of the taxable property therein for the year nineteen hundred and thirty-five.

Section 3. This act shall take effect upon its passage

Approved May 24, 1935.

ESTIMATED TOTAL MONEY AVAILABLE FOR MAINTENANCE, 1935.

The sums made available under the provisions of chapter 284 of the Acts of 1935 for the fiscal year 1935 to provide for the estimated cost of the school system covering the items enumerated in the preceding chapters are as follows:

\$10.07 per thousand on each \$1,000 of the Assessors' valuation of taxable property for the year 1935 estimated at present to be \$1,630,000,000	\$16,411,100.00
---	-----------------

Under the provisions of

chapter 284 of the Acts of 1935 the School Committee shall allocate the sum of \$16,411,100 to the following appropriation items:

General school purposes—Physical education—School physicians, school nurses and care of teeth—Extended use of the public schools—Pensions to teachers—Promoting Americanization—Vocational guidance—Alterations, repairs, furniture and fixtures—Lands, plans and construction of school buildings. In addition to the sum of \$16,411,100 herein referred to and to be raised by taxation, the School Committee is also authorized to appropriate and allocate the income collected and the balance of appropriations of preceding years.

Unexpended balance, general appropriation, 1934...	254,526.29
Unexpended balance, Americanization, 1934...	1,773.88
Unexpended balance, physical education, 1934...	5,587.78
Unexpended balance, school purposes, 1934...	21,935.91
Unexpended balance, vocational guidance, 1934...	1,297.41

Unexpended balance, school physicians, school nurses, and care of teeth, 1934	4,931.53
Unexpended balance, appropriation for the alteration and repair of school buildings, and for furniture, fixtures, and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing school yards, 1934....	16,700.68
Excess of income over amount estimated, general, 1934	44,874.77
Excess of income over amount estimated, physical education, 1934	—
Excess of income over amount estimated, extended use of the public schools, 1934	1,163.70
Estimated income, general, including Smith-Hughes Fund, 1935	630,694.73
Estimated income, promoting Americanization, 1935	10,000.00
Estimated income, physical education, 1935	8,000.00
Estimated income, extended use of the public schools, 1935	7,500.00
Total	\$17,423,100.00
Deduct amounts to be allocated in separate appropriation orders for "Alterations, repairs, furniture and fixtures" (\$1,210,000); and for "Lands, plans and construction of school buildings" (\$120,000)	1,330,000.00
Estimated total amount available for maintenance, 1935, excluding "Alterations, repairs, furniture and fixtures," for which separate appropriation orders are made	\$16,093,100.00

DETAILED ESTIMATES

The accompanying detailed estimates show the ranks and salaries of all permanent and temporary personnel in actual employment on January 1, 1935, separated for each school, department and activity. The vacancies reported by the Superintendent of Schools as at December 1, 1934, are shown separately as are the expansion items recommended by the Board of Apportionment and approved by the School Committee. The allowance for supplies for each school, department or activity is recorded. These detailed estimates contain approximately three thousand items exclusive of totals and afford the opportunity of studying school costs in great detail as they present a collection of facts properly organized and classified for presentation and discussion. Classification by ranks and by salaries of all permanent and temporary personnel enables the School Committee and its officers to give information on salaries of teachers and others which is being sought constantly by boards of education, educational associations and other agencies throughout the country.

APPROPRIATION ORDER.

I recommend the passage of the accompanying order appropriating the sum of \$16,093,100 for the fiscal year 1935 to provide for the maintenance of the Boston Public Schools covering the cost of administration, instruction, supervision of instruction, promotion of health, custodians' services, fuel and light, supplies, equipment and incidentals; and the cost of sundry other services and expenses, exclusive of "Alterations, repairs, furniture and fixtures" for which a separate budget is made.

SUMMARIZED APPROPRIATIONS FOR 1935 AND 1934.

	General School Purposes and Special Items.	Alteration and Repair of School Buildings, Furniture and Fixtures.†	New School Buildings, Lands, Yards, Etc.†	Totals.
1. Appropriations for 1935	\$16,093,100.00	\$1,210,000.00	\$120,000.00	\$17,423,100.00
2. Appropriations for 1934	13,929,181.00	1,211,746.59	489,692.25	15,630,619.84
3. Increase in appropriations, 1935	\$2,163,919.00	*\$1,746.59	*\$369,692.25	\$1,792,480.16

*Decrease.

†Separate appropriation orders, details not shown in this budget.

The foregoing table shows that the total amount appropriated last year for maintenance and for new school buildings was \$15,630,619.84, and that the appropriations for 1935 for the same purposes amounted to \$17,423,100—an increase in appropriations of \$1,792,480.16.

INCREASES IN ESTIMATED EXPENDITURES FOR THE YEAR 1935 OVER THE YEAR 1934.

This year the full cost of the restoration of salaries to their old levels effective from January 1, 1935, is being felt. Such general restoration of salaries for the year 1935, from January 1 to December 31, approximates \$1,945,000. Last year (1934) the amount saved by the reduction in salaries approximated \$1,920,000. There is also the cumulative cost of annual increments restored on January 1, 1934. Annual increments cost over \$250,000 in 1934 and will cost about the same amount in 1935. The cumulative cost from January 1, 1934, to December 31, 1935, is about \$500,000.

In a school system as large as Boston's there is usually, if not always, a substantial number of vacancies existing at any date. Practically all of these vacancies are due to deaths, resignations and increased attendance at high schools. In nearly all cases these vacancies are covered by temporary teachers pending the filling of them by permanent appointments. These vacancies have to be provided for in this budget. Vacancies are also created when teachers are promoted.

Due to the N. R. A. code regulations the schools, like all other city departments have been faced with constantly increasing prices for equipment, general supplies and fuel. When competitive bids had been secured last year it was discovered that some items had increased in price as much as 75 and 80 per cent as compared with prices previously obtained. In some instances prices paid for paper increased 100 per cent in the year 1934. An allowance has been made in this budget for a 5 per cent increase on an average in prices to be paid this year over and above those paid last year for equipment, fuel and general supplies. It is hoped that the cost of books will not increase to any extent. The fuel expenses have also substantially increased because of the decision of the U. S. Government to allow carriers to increase railroad freight rates on coal by 15 cents per net ton.

In a large school system there is always considerable of what is known as "slack" and a deduction of \$150,000 has been made to cover such "slack." This saving during the year is brought about by teachers resigning on maximum salaries

and others taking their places on minimum salaries; also, by the amount saved in making deductions from the salaries of teachers on leave of absence. The amounts deducted from salaries of teachers on leave of absence are more than ample to pay their substitutes. Savings are also made because of delayed appointments. Appointments sometimes scheduled for the opening of school are not made until the first of October or later. The deduction of \$150,000 for "slack" takes into consideration the various factors that bring about savings on salaries during the year.

RATIO (SALARIES, PENSIONS, FUEL AND LIGHT AND SUPPLIES).

Of the total amount appropriated in this budget, viz., \$16,093,100, the division between salaries, pensions, fuel and light, supplies and incidentals is as follows:

(a.) Salaries of all permanent and temporary personnel	\$14,708,696.56
(b.) Pensions—tax levy only (paid under the provisions of non-contributory pension law in operation prior to the establishment of the contributory Boston Retirement System)	39,860.00
(c.) Fuel and light, including electric current for power (including extended use of Schools)	471,582.50
(d.) Supplies and incidentals for all purposes....	872,960.94

Totals, exclusive of "Alterations, Repairs, Furniture and Fixtures"; and "Lands, Plans and Construction of School Buildings" for which separate budgets are made for all items of repairs, construction, etc., including personnel employed by the Department of School Buildings

\$16,093,100.00

The above figures show that 91.4 per cent of this budget is for salaries of all permanent and temporary personnel; 0.3 per cent for pensions; 2.9 per cent for fuel and light, including electric current for power; and 5.4 per cent for equipment, supplies and incidental expenses.

Respectfully submitted,

Alexander M. Sullivan,
Business Manager.

The following was offered:

Ordered, That to meet the estimated cost of maintenance of the Boston public schools for the fiscal year 1935 based on the detailed estimates which do not include "alterations, repairs, furniture and fixtures," for which separate appropriation orders are made, the following amounts are hereby appropriated for the purposes indicated below:

(For complete details, see pages indicated below in Budget on file.)

For general school purposes:

Salaries of administrative officers, clerks, stenographers, supervisors of attendance and other employees	\$428,841.56 .. Pages 1-5
Salaries of principals, teachers, members of the supervising staff and others	12,718,395.55 .. Pages 6-102
Salaries of custodians and salaries of matrons ..	983,809.07 .. Pages 103-118
Fuel and light, including electric current for power ..	465,582.50 .. Page 119
Supplies, equipment and incidentals	834,848.94 .. Pages 120-131
Pensions to supervisors of attendance and custodians ..	360.00 .. Page 132
Pensions to veterans	9,500.00 .. Page 133
Promoting the Americanization and better training for citizenship of foreign-born persons—salaries and supplies	27,113.75 .. Page 134
Vocational guidance—salaries and supplies	55,074.16 .. Page 135
Physical education in day schools and on playgrounds—salaries, equipment and supplies	231,989.32 .. Pages 136-138
Salaries of school physicians, salaries of school nurses and care of teeth	235,829.00 .. Pages 139-140
Extended use of the public schools—salaries and supplies	71,756.05 .. Pages 141-142
Pensions to teachers	30,000.00 .. Page 143
Total	\$16,093,100.00

Question came on the acceptance of the budget with detailed estimates and the passage of the order making appropriations totaling \$16,093,100.00.

The budget with detailed estimates was accepted and placed on file, and the order making appropriations totaling \$16,093,100.00 was passed by the following vote:

YEAS—Messrs. Hurley, Lyons, Mackey, Sullivan, and Tobin—5.

NAYS—0.

The following statement showing maintenance appropriations by items for 1935 as compared with 1934, which accompanied the budget, was placed on file.

MAINTENANCE APPROPRIATIONS, EXCLUSIVE OF THE ITEM "ALTERATIONS, REPAIRS, FURNITURE AND FIXTURES."

ITEMS	Maintenance Appropriations for 1935.*	Maintenance Appropriations for 1934.*	Increases in Appropriations for 1935 as Compared with Appropriations for 1934.	Expenditures for 1934.	Increases in Appropriations for 1935 as Compared with Expenditures for 1934.
General school purposes:					
Salaries of Administrative Officers, Clerks, Stenographers, Supervisors of Attendance and Other Employees...	\$428,841.56	\$364,961.18	\$63,880.38	\$353,222.77	\$75,618.79
Salaries of Principals, Teachers, Members of the Supervising Staff and Others	12,718,395.65	10,803,258.68	1,915,136.97	10,645,874.76	2,072,520.89
Salaries of Custodians and Salaries of Matrons	983,809.07	809,959.06	173,850.01	803,086.76	180,722.31
Fuel and Light, including electric current for power	465,582.50	463,935.00	1,647.50	449,651.85	15,930.65
Supplies, Equipment and Incidentals ..	834,848.94	874,893.50	40,044.56 (2)	813,943.70	20,905.24

Totals	\$16,093,100.00*	\$13,929,181.00*	\$2,163,919.00	\$13,639,114.85*	\$2,453,985.12

*Excluding appropriations for "Alterations, Repairs, Furniture and Fixtures."
(1) Raised by taxation only to meet part of expenditures.
(2) Decreases.

RECERTIFICATION OF AREAS

A communication was received from the Schoolhouse Custodian, under date of June 3, 1935, transmitting a recertification of the areas of the Randall G. Morris School-house, upon which the compensation for custodian service is based, to take effect May 31, 1935.

Placed on file and the Chairman authorized to approve said recertification, to take effect on the date stated.

RETIREMENT OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of May 20, 1935, reporting the retirement from duty of Samuel A. Dodds, custodian, Administration Building, a member of the Boston Retirement System, to take effect May 31, 1935.

Placed on file

LEAVE OF ABSENCE

A communication was received from the Schoolhouse Custodian, under date of June 3, 1935, recommending that James W. Graham, custodian, Samuel Adams School-house, be granted leave of absence on one-half net compensation for the period May 7, 1935 (one-half day) to and including May 25, 1935, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

PAYMENT OF SALARY DUE AT DEATH

A communication was received from the Schoolhouse Custodian, under date of June 3, 1935, recommending that the salary due Daniel J. Cooney, late custodian of the Lucretia Crocker School-house, be paid to his widow, Mary Cooney.

Placed on file.

On motion, it was ORDERED, That the salary due Daniel J. Cooney, late custodian of the Lucretia Crocker School-house, be paid to his widow, Mary Cooney.

APPOINTMENT OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of June 3, 1935, reporting that he has considered the candidates certified by the Division of Civil Service as eligible for appointment as regular substitute custodians, and recommending that John J. Geary, Frederic A. Gross and John A. Gustus, who stand Nos. 1, 2 and 3 on the list, be appointed to take effect June 9, 1935; and that Edwin G. McCaff-

rey and William F. Tobin, who stand Nos. 4 and 5 on the list, be appointed to take effect June 16, 1935.

Placed on file and the appointments approved, to take effect on the dates stated.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of June 3, 1935, recommending that the Committee rescind its action of May 6, 1935, approving the transfer of William A. McCarthy, from the Samuel W. Mason to the Dillaway School-house, to take effect May 5, 1935.

Placed on file and the action rescinded.

A communication was received from the Schoolhouse Custodian, under date of June 3, 1935, recommending that the following named custodians, who stand at the head of their respective lists, be transferred as indicated to take effect on the dates stated:

Edward M. Sullivan, from the Alherton to the Parkway School-house, June 2, 1935.

John J. Brennan, from the John Boyle O'Reilly to the Norcross School-house, June 9, 1935.

Frederick J. Dorian, from the Howard Avenue to the Lucretia Crocker School-house, June 9, 1935.

John F. Mahoney, from the Daniel Webster to the George Putnam School-house and Portables No. 80 and 161, June 9, 1935.

Paul E. Butler, from the Noble School-house and Annex to the George Bancroft School-house, June 9, 1935.

Arthur B. Callahan, from the Rochambeau to the Ellis Mendell School-house, June 9, 1935.

John L. Nolan, from the Farragut to the Edmund P. Tileston School-house, June 2, 1935.

John R. Hall, from the Choate Burnham to the Comins School-house, June 9, 1935.

Jeremiah L. Lynch, to the Bunker Hill School-house, June 9, 1935.

James F. Doolin, from the Bunker Hill to the Dillaway School-house, June 2, 1935.

Francis J. Wachenheim, from the Hobart Street to the Atherton School-house, June 9, 1935.

Frederick J. Wright, regular substitute custodian, to the Hobart Street School-house, June 9, 1935.

James A. Spillane, regular substitute custodian, to the Tappan School-house, June 9, 1935.

John B. Houlihan, regular substitute custodian, to the Noble School-house and Annex, June 9, 1935.

Roderick M. Carey, regular substitute custodian, to the Howard Avenue School-house, June 9, 1935.

Placed on file and the transfers approved, to take effect on the dates stated.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

PROCEEDINGS OF SCHOOL COMMITTEE.

June 4, 1935.

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 4 o'clock P. M., the Chairman presiding.

Present: Messrs. Hurley, Mackey, Sullivan, and Tobin.

ANNUAL APPROPRIATION ORDERS

The following communication was received from His Honor the Mayor:

CITY OF BOSTON

Office of the Mayor, City Hall,
June 4, 1935.

To the Members of the School Committee,

Gentlemen:

I beg to acknowledge receipt of four appropriation orders (or school budget) adopted for the fiscal year 1935 by your committee at a meeting held on Monday evening, June 3, 1935. After considering the expenditures proposed therein I notify you, in accordance with the provisions of Section 2 of Chapter 206 of the Acts of 1919 and Section 4 of the City Charter, that I have disapproved in part, and reduced, certain of the items included in these orders. These items are indicated in the following table:

1. Watchmen in school buildings..	\$23,500
2. Vocational Guidance	18,500
3. Alteration and repair of school buildings	110,000
4. Extended use of public schools.	30,580
5. Directors, supervisors, etc., in certain departments	68,192
6. Physical education (certain items)	57,576
7. School Hygiene (certain items).	34,000
	\$343,008

I suggest that the above reductions should be made in the school budget of 1935 for the following reasons:—

1. WATCHMEN IN SCHOOL BUILDINGS.

Recently for the first time in the history of the city and of the school committee twenty-five night watchmen were appointed to guard twenty-five important schools against vandalism, fire, malicious mischief and the like. These men are paid \$35 per week. It seems to me to be a wholly unnecessary expense and one that could well be saved at this time. I am informed that school buildings can be protected by insurance at the rate of \$11.25 per thousand from vandalism and malicious mischief. Thus for a sum of about \$1400 yearly, protection in the total sum of \$125,000 for the twenty-five schools would be given, whereas the salaries of the new night watchmen amount yearly to roughly \$45,000. By eliminating these night watchmen as of July 1st, a saving of \$23,500 could be effected and I suggest reducing this item by that amount. If \$2500 would be considered a large enough coverage for each school the yearly premium would be about \$700 and would afford greater protection than any loss that has ever been suffered by vandalism and malicious mischief. In this connection I beg to say, also, that welfare employees might be engaged to watch over these

schools at no cost whatever to the citizens of Boston.

2. VOCATIONAL GUIDANCE.

I recommend the entire abandonment of this department as of September 1, 1935, which would effect a saving of \$18,500. There are in this division, a director, six instructors and nine assistants and apparently they do nothing which cannot be better done by the home-room teacher who really knows the pupils better than the alleged vocational guides. When work is plentiful and there are more jobs than there are applicants so that the applicant may exercise some choice in the kind of employment he prefers, then a vocational guide might be of assistance to him. But in these times when there are hundreds of applicants for each job and persons who have been intensively trained for one kind of work are only too happy to obtain employment in any other capacity which offers itself, it seems plain that a vocational guide is wholly unnecessary.

3. ALTERATIONS AND REPAIRS.

The budget carries appropriations for this item in the amount of \$1,219,000. This is practically the same amount as was appropriated in 1932, when the same salary rates as exist today were in effect. In 1932 no funds were available from outside sources to meet the cost of maintaining the school plant and structures. In the last thirteen months, however, approximately \$825,000 has been dispersed by the federal government to meet the wages of mechanics and others employed on ERA projects in the rehabilitation of school property. In the light of this heavy expenditure it would seem that school buildings and property should be in better condition now than ever before. Under the circumstances, therefore, I feel that the disapproval of \$110,000, an amount which is only 13 per cent of the wage distribution previously mentioned, is very moderate.

4. EXTENDED USE OF PUBLIC SCHOOLS.

I respectively suggest that the allotment for this purpose be reduced by the sum of \$30,580. The very name of this department implies that its work is apart from regular school work and since funds are available only for school necessities the activities of this department could well be curtailed without interfering with the efficiency and service to the public of the school system. I am informed, for example, that such extraneous subjects as dancing, golf and bridge are taught at these school centers. The salaries of school center directors, custodians, director, and various supplies and incidentals used in this department could, and ought to be saved. There are other objections to the use by the public of school halls, chief among which is the complaint of taxpayers who have halls to rent and are unable to do so because school halls are supplied practically free of charge excepting for a nominal sum for janitor service, heat, electric light etc.

5. MANUAL ARTS DEPARTMENT.

This department seems to me to be overmanned and a saving of \$57,136 could and ought to be

effected in this department. It has one director, an associate director, four assistant directors, a shop supervisor, a first assistant, and 156 shop foremen, instructors, etc. I feel that the work of this department has been greatly over-emphasized, that much less supervision is necessary and that the training school for teachers of mechanic arts could be abandoned at least for the present. Extensive savings could easily be made in this department without impairing the efficiency of the school system.

MUSIC DEPARTMENT

This is another department which seems to me to be overmanned. It has a director, eight assistant directors, twelve other assistants, and five supervisors. In this department I suggest that a total of \$10,000 could be saved by reducing at the beginning of the next school year, the quota of supervisors and directors, and reducing the number of instructors of bands or orchestras.

6. PHYSICAL EDUCATION.

I think there are too many assistants in this department. The Park Department of the City of Boston provides facilities which apparently are duplicated in this department of the school system. I suggest here a saving of \$57,576 to be secured by reducing the quota of supervisors, physical education teachers, playground teachers and custodians, and supplies and incidentals.

7. SCHOOL HYGIENE.

I feel that a reduction of \$63,716 can be made in this department by reducing the quota of supervisors, school physicians and nurses, eliminating the supervisors of health education and the sanitary inspector. Sanitation in school buildings would appear to be a function of the School Buildings Department and such inspection is also provided by the Health Department. School physicians and nurses work only 40 weeks during the year, hence it would not appear unreasonable to require that during the school year a greater number of visits and inspections should be made by each individual. Increasing the number of visits and inspections would permit the reduction in numbers proposed.

There are before me for consideration four appropriation orders or budgets. That which provides for the cost of administration of the Department of School Buildings in connection with the rent of buildings for schools and for rent of hired accommodations is approved, as is also the appropriation to provide for the cost of administration of the Department of School Buildings in connection with alterations and repairs.

The reductions which I have suggested fall within the other two appropriation orders. These suggested reductions amount to \$343,008. If they are accepted by your committee a reduction of 20 cents in the tax rate of the city will result and the declaration of a rate less than \$37 will be possible. The grand total of the four orders, namely, \$17,423,100, is reduced by that sum which deducted from the grand total leaves an approved budget grand total of \$17,-

080,092. I am returning the two appropriation orders which I have not approved.

Yours truly,
(Signed) Frederick W. Mansfield,
Mayor.

Placed on file.

Chairman: The question comes on the passage of the first order appropriating the sum of \$16,093,100 for the maintenance of the public schools, notwithstanding the veto of His Honor the Mayor. The Secretary was directed to call the roll.

The members, as their names were called, respectively stated that they voted as follows:

Mr. Hurley—Yes.

Dr. Lyons—The following statement from Dr. Lyons was read:

I have been called from the city and will not be able to reach Boston in time for the special meeting of the School Committee to consider the message of His Honor, Mayor Mansfield, on the budget of the School Committee. If the Mayor vetoes the budget, I wish to be recorded as voting to pass the budget over the Mayor's veto.

I further state that with full knowledge of the present financial condition of the city, I have given every item in the budget careful scrutiny and thorough study. I feel that the School Committee has curtailed the activities of the schools as much as is consistent with safety and with proper consideration for the educational needs of the children.

Mr. Sullivan—Yes.

Mr. Tobin—Yes.

Dr. Mackey—Yes.

The Chairman announced passage of the appropriation order in the sum of \$16,093,100, notwithstanding the veto of His Honor the Mayor. YEAS—4, NAYS—0, ABSENT—1.

Chairman: The question comes on the passage of the order appropriating \$1,037,558.50 to provide for the cost of alterations and repairs of school buildings, notwithstanding the veto of His Honor the Mayor. The Secretary was directed to call the roll.

The members, as their names were called, respectively stated that they voted as follows:

YEAS—Messrs. Hurley, Mackey, Sullivan, and Tobin—4.

NAYS—0.

ABSENT—Dr. Lyons—1.

The Chairman stated the order appropriating the sum of \$1,037,558.50 to provide for the cost of alterations and repairs of school buildings passed, notwithstanding the veto of His Honor the Mayor.

In connection with the foregoing, the Secretary read the following statement of the Committee which was ordered spread upon the records:

The School Committee is unanimously of the opinion that the budget as passed at the meeting of June 3 should remain in effect in spite of the veto message from the Mayor. The Committee regrets that a difference in opinion between the Mayor and the School

Committee as to the curtailment and abandonment of certain school activities has led the Mayor to take this action. The Committee had given long and earnest consideration to its budget and has deliberated on the Mayor's message.

The Committee appreciates the desire of His Honor the Mayor to keep the city's tax rate down and has on its part exercised the utmost economy.

Due to economies effected in the less vital of the academic activities, supplies, school buildings, and other items, the Committee has been enabled to cut the budget from the 1930 figure of \$20,000,000 to the amount appropriated in the present budget of \$17,400,000, a reduction of \$2,600,000. This reduction has been effected in spite of the restoration of the full salary schedule, the annual step rate increases, and mounting costs of supplies. It has made in the present budget the greatest reduction which it deems possible and is of the opinion that the reductions suggested by His Honor are not consistent with the proper maintenance of the existing school system.

The Committee believes that to curtail the activities of the Department of School Hygiene, which has the duty of caring for the health of the school children of Boston, would necessarily result in a lower health average among the children, particularly since medical authorities inform us that malnutrition, consequent upon five years of depression, has lowered the powers of resistance of the children to disease and necessitates additional medical attention. The value of this Department to the children of Boston is best demonstrated by the decrease in the number of deaths caused by scarlet fever since the year 1920. In that year, 82 school children died of this dread disease. Last year but 24. Furthermore, the number of deaths caused by diphtheria in the year 1923 was 176 and in 1934 but 9. The practical elimination of deaths from scarlet fever and diphtheria is directly attributable to the immunization of the school children by the school physicians. Each school physician must now care for the health of over 2000 school children. To reduce the number of school physicians will mean the lessening of this essential health activity.

The item for alterations and repairs entails no new construction but calls merely for the maintenance of 310 existing school buildings valued at approximately \$78,000,000, in a condition that is reasonably safe for occupancy by the school children of Boston. Under the law the responsibility for the safety of school buildings rests upon the Superintendent of Construction, Department of School Buildings. The Superintendent of Construction, William W. Drummey, has told the School Committee that the Committee has cut his budget to the bone in recent years, and that he needs every cent of the appropriation in order to keep the schools safe for occupancy by the children. The necessity for this appropriation to maintain safety in school buildings is increased by the fact that during the past

of the depression, the School Committee has been very loth to increase the burden of the taxpayers by appropriating money for new school buildings. It is self evident that if we are not to build new structures, we must make an extra effort to keep the old structures in proper, safe condition.

The retrenchments suggested by the Mayor in the Department of Physical Education would cripple the playground system in the City of Boston, which was the first city in the United States to establish school playgrounds. The Committee feels it unnecessary to outline to the parents of Boston's children between the ages of five and thirteen the benefits of a system which provides the only safe and supervised play space available in most sections of the City. The playgrounds are a potent factor in reducing deaths and accidents among the children from the ever-increasing number of motor vehicles that are operated on the highways of Boston.

The other cuts which the Mayor suggests involve differences of opinion. Whether Extended Use, with its fine community activities and training of those who have not had the benefit of a high school or college education, whether the Department of Music, with its cultural aspects, should be curtailed, whether the Department of Manual Arts, which trains the children in handiwork, whether the Department of Vocational Guidance, which serves a valuable academic and vocational function, should be abandoned, whether the school buildings should be guarded against vandalism at night, whether employees in these various departments should be discharged wholesale—are all educational problems. The School Committee feels that it is much closer than the Mayor to these problems and that its judgment upon these questions is sound.

NOTICE TO BOARD OF ASSESSORS OF ANNUAL APPROPRIATIONS

A communication was received from the Business Manager, under date of June 4, 1935, reporting that under statutory provisions the School Committee is required to certify to the Board of Assessors the aggregate amount of its appropriations to be raised by taxation for the year 1935, and submitting three orders notifying that Board that the sum of \$16,414,100 is to be raised by taxation for maintenance of the public schools and for lands, plans and construction of school buildings during the current financial year, January 1 to December 31, 1935.

Placed on file.

The following were offered:

MAINTENANCE OF THE PUBLIC SCHOOLS

1. ORDERED, That the Board of Assessors is hereby notified that the School Committee of the City of Boston has appropriated under the provisions of Chapter 284 of the Acts of 1935 for the financial year 1935 the sum of \$17,303,100 for maintenance of the Boston Public Schools.

2. ORDERED, That the Board of Assessors is hereby further notified that of the amount specified in the preceding order, viz, \$17,303,100, the sum of \$16,294,100 should be included in the total amount to be raised by taxation. The balance, \$1,009,000, will be obtained as follows:

Unexpended balance, general appropriation, 1934 ...	\$ 254,528.39
Unexpended balance, vocational guidance, 1934	1,770.38
Unexpended balance, promoting Americanization, 1934	5,581.78
Unexpended balance, physical education, 1934	21,956.93
Unexpended balance, extended use of the public schools, 1934	1,297.11
Unexpended balance, school physicians, school nurses and care of teeth, 1934	4,931.53
Unexpended balance, appropriation for the alteration and repair of school buildings, and for furniture, fixtures, and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing school yards, 1934	16,700.68
Excess of income over amount estimated, general, 1934	44,874.77
Excess of income over amount estimated, physical education, 1934	—
Excess of income over amount estimated, extended use of the public schools, 1934	1,163.70
Estimated income, general, including Smith-Hughes Fund, 1935	630,694.73
Estimated income, promoting Americanization, 1935 ..	10,000.00
Estimated income, physical education, 1935	8,000.00
Estimated income, extended use of the public schools, 1935	7,500.00
	\$1,009,000.00

LAND AND BUILDINGS FOR SCHOOLS

3. ORDERED, That the Board of Assessors is hereby further notified that under the appropriations made by the School Committee in accordance with the provisions of Chapter 284 of the Acts of 1935, it shall also be necessary, to raise by taxation during the fiscal year 1935, the sum of \$120,000 for the purpose of administration expenses connected with the construction and furnishing of new school buildings, including the taking of land therefor, and for school yards and the preparing of school yards for use; and for the rent of hired school accommodations.

SUMMARY OF AMOUNTS TO BE RAISED BY TAXATION DURING THE YEAR 1935	
Maintenance of the Public Schools	\$16,294,100
Land and buildings for schools (administration expenses and rent of hired school accommodations only) ...	120,000
Total	\$16,414,100

The three orders passed by the following vote:

YEAS—Messrs. Hurley, Mackey, Sullivan and Tobin—4.

NAYS—0.

ABSENT—Dr. Lyons—1.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Catherine E. Gordon, 91 Waltham street, Boston, in the sum of \$2, as refund on lodging house license No. 761, which was paid twice through error, April 21 and April 28, 1932.

John Burke, 12 Vale street, South Boston, in the sum of \$15, to be reimbursed for shoveling snow as an emergency employee of the Paving Service, Public Works Department, on January 29, 30 and 31, 1935.

John J. Clarke, Jr., 40 Rockwell street, Dorchester, in the sum of \$32.50, to be reimbursed for shoveling snow as an emergency employee of the Paving Service, Public Works Department, during the week of January 22 to 27, 1935, and whose name was forged on the pay roll by some unknown person.

John D. Driscoll, 11 Ginita street, Dorchester, in the sum of \$30, to be reimbursed for shoveling snow as an emergency employee of the Paving Service, Public Works Department, during the week of January 29 to February 3, 1935, and whose name was forged on pay sheet by some unknown person.

Patrick Dillon, 234 Gold street, South Boston, in the sum of \$30, to be reimbursed for shoveling snow as an emergency employee of the Paving Service, Public Works Department, January, 1935, and whose name was forged on pay slip by some unknown person.

John J. Murphy, 18 Vale street, South Boston, in the sum of \$32.50, to be reimbursed for shoveling snow as an emergency employee of the Paving Service, Public Works Department, during the week of January 30, 1935, and whose name was forged on pay sheet by some unknown person.

Scott Burgess, 30 Gibson street, Dorchester, in the sum of \$32, to be reimbursed for shoveling snow as an emergency employee of the Paving Service, Public Works Department, during the period between January 24 and February 3, 1935, and whose name was forged on the pay sheet by some unknown person.

Charles J. Mantville, 637 East Sixth street, South Boston, in the sum of \$5, to be reimbursed for shoveling snow as an emergency employee of the Paving Service, Public Works Department, January 28, 1935.

John A. Mellon, 95 Pierce avenue, Dorchester, in the sum of \$25, as compensation for damage to hot water boiler due to failure of Water Service employees to notify him that the water was going to be shut off, November 3, 1934.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,771; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 30,034; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,423; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

COST OF UNEMPLOYMENT RELIEF.

The annual cost of various types of unemployment relief made by the National Industrial Conference Board, based on 3,500,000 relief cases, have been estimated at from a little less than \$1,000,000,000 for direct relief of the type received by more than half of the persons now on the relief rolls to over \$8,000,000,000 for public works relief, with full-time employment, at the "prevailing wage" rate. According to the report released February 28 the story is: "The average cost of direct relief per case during the third quarter of the past year was at the rate of slightly over \$280 per year. At this annual rate the total cost for 3,500,000 cases would amount to \$989,000,000. The average cost of work relief has been around 50 per cent greater than the cost of direct relief. The average for the third quarter of 1934 was slightly over \$35 per month, or around \$420 per year. Continuous employment for 3,500,000 persons during a period of twelve months would cost \$1,475,000,000.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR NEW PUMP FOR NO. 1 PUMPING UNIT, CALF PASTURE PUMPING STATION, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for new pump for No. 1 pumping unit, Calf Pasture pumping station, Dorchester, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for New Pump for No. 1 Pumping Unit, Calf Pasture Pumping Station, Dorchester," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Tuesday, July 16, 1935, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

C. J. CARVEN,

(June 29.) Commissioner of Public Works.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out of Bulfinch place, Boston Proper district, as a highway, from Bowdoin street to Bulfinch street, bounded and described as follows:

A highway named Bulfinch place is hereby laid out, from Bowdoin street to Bulfinch street.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Bowdoin street, twenty-

eight and 47 100 feet; northerly by the northerly line of said Bulfinch place as hereby laid out, by two measurements, one hundred seventeen and 16-100 feet and seventy-five and 37-100 feet; easterly by Bulfinch street, twenty-nine and 60-100 feet; and southerly by the southerly line of said Bulfinch place as hereby laid out, by two measurements, one hundred five and 94-100 feet and eighty-two and 17-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out of Bulfinch place, Boston Proper district, as a highway, from Bowdoin street to Bulfinch street, under the order of the Board of June 3, 1935, and awards no damages therefor.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ROOFING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for roofing work, etc., at the Roger Wolcott School, Morton and Norfolk streets, Dorchester, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 p. m., Monday, July 8, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications. This deposit shall be returned to all but the successful bidder, providing that all plans and specifications are returned to this office prior to 12 o'clock noon of Monday, July 15, 1935, otherwise said deposit shall be forfeited.

WM. W. DRUMMEY,

(June 29.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for installing new heating system in the Hemenway School and Portables, Wolcott street, Readville, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, July 12, 1935, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. Plans and specifications will be ready for distribution Wednesday, July 3, 1935. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of July 19, 1935, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

(June 29.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR ERECTING AND COMPLETING THE WASHINGTON IRVING INTERMEDIATE SCHOOL FOR THE DEPARTMENT OF SCHOOL BUILDINGS, CITY OF BOSTON, MASS., NATIONAL INDUSTRIAL RECOVERY PROJECT P. W. A., DOCKET NO. 4217 W. R.

Sealed proposals for erecting and completing the Washington Irving Intermediate School, in the district of West Roxbury, will be received by the Superintendent of Construction at the office of the Department of School Buildings, 11 Beacon street, Boston, Mass., until 2 o'clock p. m., daylight saving time, of Thursday, July 18, 1935, and at the place and time will be publicly opened and read. The proposal submitted to the Superintendent of Construction shall not be separated from the book of specifications. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City at the City Hall, School street, Boston, before the time for the opening of the proposals. Consideration shall be given to the fact that this is a project constructed and financed in part by grant under the terms of the National Industrial Recovery Act and chapter 366 of the Acts of 1933 of the Commonwealth of Massachusetts, as amended by chapter 21 of the Acts of 1934. The attention of bidders is directed to the construction regulations prescribed by the P. W. A. Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project. The employment agency designated by the Government for this project is Everett L. Hanna, Manager, 100 Nashua street, Boston, Mass. All bids must be accompanied by a certified check on a bank located in the Federal Reserve District No. 1, payable to the City of Boston, in the sum of \$30,000. The certified check shall be attached to the proposal, sealed and delivered to the Superintendent of Construction. The right is reserved to reject any or all proposals or to accept the proposal deemed best for the City of Boston. The certified checks of the three lowest bidders will be returned when the contract has been signed by all interested parties. All other certified proposal checks will be returned not less than forty-eight hours after the date of the opening of the proposals. A bond of an approved surety company must be given by the Contractor in the full amount of the entire contract price. The contract is subject to the approval of the Mayor. No award can be made without the approval of the State Engineer, P. W. A. Plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, 11 Beacon street, Boston, Mass. A deposit of a certified check of \$300, made payable to the City of Boston, will be required for each set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of July 19, 1935, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

Superintendent of Construction.

Department of School Buildings.

(June 29-July 1, 1935)

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ROOFING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for roofing work, etc., at the Old Edward Everett School, Willis street, Dorchester, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 p. m., Monday, July 8, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications. This deposit shall be returned to all but the successful bidder, providing that all plans and specifications are returned to this office prior to 12 o'clock noon of Monday, July 15, 1935, otherwise said deposit shall be forfeited.

(June 29.) *Superintendent of Construction.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR THE PURCHASE OF LARGE INCANDESCENT LAMPS.

The Supply Department of the City of Boston invites proposals for furnishing large incandescent lamps to the various city departments. The bidder must use the form of proposals to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Monday, July 8, 1935, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,

(June 29.) *Superintendent of Supplies.*

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR ARTIFICIAL STONE STEPS, SEWERAGE WORKS AND LAYING AND RELAYING WATER PIPES IN HAYDEN STREET, WARD 10, FROM HEATH STREET TO LAWN STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone steps, sewerage works and laying and relaying water pipes in Hayden street, Ward 10, from Heath street to Lawn street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Artificial Stone Steps, etc., in Hayden Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, July 8, 1935, with a certified check for eight hundred (800) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,

(June 29.) *Commissioner of Public Works.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING SHOP SUPPLIES AND EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS (CONSISTING OF GENERAL HARDWARE, ELECTRICAL SUPPLIES, STEEL AND ANGLE IRON, PRINTING SUPPLIES, SHEET METAL SUPPLIES, AUTOMOBILE SUPPLIES, PAINTING SUPPLIES, STORAGE BATTERY EQUIPMENT AND SUPPLIES, PAPER, ROPE AND TWINE, WELDING SUPPLIES, LEAD AND SMELTING PRODUCTS, MASONRY SUPPLIES, PLUMBING EQUIPMENT AND SUPPLIES, PIPE AND PIPE FITTINGS AND RADIO SUPPLIES).

The School Committee of the City of Boston invites bids for furnishing and delivering shop supplies and equipment as per schedule. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street, Boston. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Shop Supplies and Equipment." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for twenty-five dollars (\$25) payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, July 15, 1935. Copies filed with the Business Manager will be publicly opened at 12 o'clock m. of the day stated. The other copy also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. Successful bidders will be required to furnish a bond for not less than 50 per cent of the amount of the contract. If the amount of the award falls below \$1,000 said bond will not be required.

Order of the City Council of Boston of May 2, 1934. Payable \$4,000 annually, August 1, 1936, to August 1, 1950, inclusive, and \$3,000 annually, August 1, 1951, to August 1, 1955, inclusive.

SCHOOLS, WEST ROXBURY DISTRICT, \$500,000.

Order of the City Council of Boston of July 24, 1934. Payable \$25,000 annually, August 1, 1936, to August 1, 1955, inclusive.

Group "B." Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of 1 per cent; no bid to be less than par and accrued interest, and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

CITY OF BOSTON, MUNICIPAL RELIEF LOAN, ACT OF 1935, \$3,000,000.

Order of the City Council of Boston of June 10, 1935. Payable \$300,000 annually, August 1, 1936, to August 1, 1945, inclusive.

AUTOMATIC TRAFFIC SIGNALS, NORTH END SECTION, \$12,000.

Order of the City Council of Boston of December 12, 1933. Payable \$2,000 annually, August 1, 1936, to August 1, 1937, inclusive, and \$1,000 annually, August 1, 1938, to August 1, 1945, inclusive.

Group "C." Coupon Sinking Fund Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of 1 per cent; no bid to be less than par and accrued interest.

TRAFFIC TUNNEL BONDS, CITY OF BOSTON, ACT OF 1929, SERIES B, \$500,000.

(Chapter 297 Acts of Massachusetts, 1929, as Amended by Chapter 287 Acts of Massachusetts, 1932.)

These bonds shall be due on the first day of August, 1965, but may be called, retired and cancelled by the City of Boston after twenty years

from the date of this loan on any date upon which interest is payable on these bonds, by payment by the City of Boston of the amount of the face of the bond, with any unpaid accumulated interest to date fixed for redemption, and when so called, interest shall cease.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the dates specified for each loan, all with interest payable semi-annually on the first days of February and August in each year, at the office of the City Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the City (total interest for the duration of the loan from August 1, 1935, less the amount of premium bid).

The bonds will be dated August 1, 1935, and will be ready for delivery and payment on or about August 1, 1935. Interest will begin August 1, 1935, and will cease on the date on which the bonds are payable, or called for redemption.

These bonds are exempt from taxation in Massachusetts and from the Federal Income Tax.

Proposals must be sealed and addressed to John H. Dorsey, City Treasurer, Boston, Mass., endorsed "Proposals for Loans." Each proposal must be accompanied by a certified check on a Boston National Bank or Trust Company, or by cash, equal to one per cent of the amount of loans bid for, the check made payable to the City of Boston, John H. Dorsey, City Treasurer. The check or cash of any bidder to whom an award is made will be retained as part payment for the loan or loans awarded, but no interest will be allowed thereon. All other checks or cash will be returned.

Accrued interest from August 1, 1935, to date of delivery is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Tuesday, July 9, 1935, at 12 o'clock m., Eastern Daylight Saving Time. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the City.

JOHN H. DORSEY,
City Treasurer.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PAINTING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for doing painting work at the Henry Vane School, corner of Baker and Gardner streets, West Roxbury, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 p. m., Monday, July 8, 1935, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications. This deposit shall be returned to all but the successful bidder, providing that all plans and specifications are returned to this office prior to 12 o'clock noon of Monday, July 15, 1935, otherwise said deposit shall be forfeited.

WM. W. DRUMMEY,
(June 29.) Superintendent of Construction.

TRANSIT DEPARTMENT.

PROPOSALS FOR VENTILATING FAN AND AIR DUCT, EAST BOSTON TUNNEL.

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for a ventilating fan and metal air duct, East Boston Tunnel. Plans and specifications may be obtained at the office of the Department on and after Tuesday, July 2, 1935. The bids will be publicly opened and read at 12 o'clock noon, Monday, July 15, 1935. A properly certified check in the sum of one thousand (1,000) dollars, payable to the city, must accompany the proposal. A deposit of \$5, in cash or certified check, will be required for a set of plans and two sets of specifications. Multiplication of them will be deemed sufficient cause for the forfeiture of said deposit.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD T. CONDON,
(June 29.) Secretary.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR ADDITIONS AND ALTERATIONS TO THE ROBERT GOULD SHAW INTERMEDIATE SCHOOL FOR THE DEPARTMENT OF SCHOOL BUILDINGS, CITY OF BOSTON, MASS., NATIONAL INDUSTRIAL RECOVERY PROJECT P. W. A., DOCKET NO. 4217 W. R.

Sealed proposals for erecting and completing the additions and the alterations to the Robert Gould Shaw Intermediate School, in the district of West Roxbury, will be received by the Superintendent of Construction at the office of the Department of School Buildings, 11 Beacon street, Boston, Mass., until 2 o'clock p. m., daylight saving time, of Thursday, July 11, 1935, and at the place and time will be publicly opened and read. The proposal submitted to the Superintendent of Construction shall not be separated from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City at the City Hall, School street, Boston, before the time for the opening of the proposals. Consideration shall be given to the fact that this is a project constructed and financed in part by grant under the terms of the National Industrial Recovery Act and chapter 366 of the Acts of 1933 of the Commonwealth of Massachusetts, as amended by chapter 21 of the Acts of 1934. The attention of bidders is directed to the construction regulations prescribed by the P. W. A. Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project. The employment agency designated by the Government for this project is Everett L. Hanna, Manager, 100 Nashua street, Boston, Mass. All bids must be accompanied by a certified check on a bank located in the Federal Reserve District (5), payable to the City of Boston, in the sum of \$30,000. The certified check shall be attached to the proposal, sealed and delivered to the Superintendent of Construction. The right is reserved to reject any or all proposals or to accept the proposal deemed best for the City of Boston. The certified checks of the three lowest bidders will be retained until the contract has been signed by all interested parties. All other certified proposal checks will be returned not less than forty-eight hours after the date of the opening of the proposals. A bond of an approved surety company shall be given by the Contractor in the full amount of the entire contract price. The contract is subject to the approval of the Mayor. No award can be made without the approval of the State Engineer, P. W. A. Plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, 11 Beacon street, Boston, Mass. A deposit of a certified check for \$300, made payable to the City of Boston, will be required for each set of plans and specifications, said sum to be refunded if plans and specifications are returned not later than seven days after the opening of bids. Multiplication of the plans or the specifications shall be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
Superintendent of Construction,
Department of School Buildings,
(June 22-29—July 6.)

DEPARTMENT OF SCHOOL BUILDINGS.

TO IRON FENCE CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for erecting new chain link fences and wrought-iron fence at the Beethoven District School, Baker street, West Roxbury, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, July 5, 1935, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded if plans and specifications are returned not later than seven days after the opening of bids. Multiplication of the plans or the specifications shall be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(June 29.) Superintendent of Construction.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, JULY 6, 1935.

No. 27

MAYOR MANSFIELD GIVES QUICK AND POSITIVE RESPONSE TO PROTESTS AGAINST PROPOSED JUMP IN GAS RATES TO LOWER BRACKET CONSUMERS—REFUSES TO RESUBMIT TO SPECIAL MEETING OF CITY COUNCIL CONTRACT FOR FIVE-YEAR STREET LIGHTING—ALSO INSTRUCTS CORPORATION COUNSEL FOLEY TO FILE PROTEST FOR CITY WITH PUBLIC UTILITIES COMMISSION—CONFERRED WITH OFFICIALS OF BOSTON CONSOLIDATED GAS COMPANY IN EFFORT TO READJUST RATES IN INTEREST OF BOSTON CITIZENS.

Mayor Mansfield, on Tuesday afternoon, took speedy and positive action as a reply to the petition of the Boston Consolidated Gas Company to increase the rates to consumers filed with the Department of Public Utilities.

His first action was to decline to submit to the City Council a contract between the city and the gas company for five-year street lighting service. His next was to instruct Corporation Counsel Henry E. Foley to file with the Department of Public Utilities a motion objecting to allowance of the new schedule.

Mayor Mansfield also asked the Commission to establish the rate in force last September with the elimination of the service charge then in force. A special meeting of the City Council was called by the Mayor for the afternoon, at which he had planned to resubmit to the Council the contract which has been under consideration for several months and which had been rejected once by the Council.

In making these decisions and taking this action Mayor Mansfield issued the following statement:

Mayor Mansfield's Statement.

The Mayor and Corporation Counsel Foley conferred with President Barnum of the Boston Consolidated Gas Company and Robert H. Holt, its attorney.

The Mayor stated that, in view of the action of the gas company yesterday in filing with the Department of Public Utilities requests for a change in rates, he could not resubmit to the City Council at its special meeting its proposed five-year contract which the Council has already rejected.

The Mayor stated that unless the gas company withdrew its new schedule and reduced the existing schedule appreciably, he would not resubmit the proposed contract although that was one of the purposes for which the special meeting of the Council was called.

The Mayor pointed out that the Department of Public Utilities had been investigating since last September the propriety of the existing schedule of rates of the Boston Consolidated Gas Company, which schedule was filed after the Legislature had ordered the elimination of a service charge by the gas company. The City of Boston was assisting the department in this investigation and this sudden counter-move, whereby the gas company deserted the defensive and assumed the offensive, seemed most unfair under present conditions.

It was also called to Mr. Barnum's attention by the Mayor that the recent legislation authorizing the Boston Consolidated Gas Company to absorb the Dedham & Hyde Park Gas & Electric Light Company would not be attractive to the city in view of the fact that the new rates, if allowed, would probably establish a higher schedule than that now charged by the Dedham & Hyde Park Company.

The Mayor directed the Law Department to file with the Department of Public Utilities a motion objecting to the allowance of the new schedule and requesting the establishment by the Commission of the rate in force last September with the elimination of the service charge then in force. The Mayor also requested the Law Department to urge upon the Legislature a state study of the utility situation, stating that the entire method of regulating utility companies today in Massachusetts, as in many other states, was wasteful and inadequate, and that the whole problem of utility regulation should be considered by the Legislature.

It is obvious that the petition for a new schedule has for its object the increase in the revenue of the gas company. Since the large consumers under this new schedule would pay less it is equally plain that the small consumer would be the victim who would have to bear the burden of the entire increase that is sought.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses

for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the

charges made for such service. Application may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending June 29, 1935:

MAYOR MANSFIELD HAS INVITED GOVERNOR CURLEY AND STAFF TO ATTEND BOSTON'S MONSTER ATHLETIC AND MUSICAL CARNIVAL IN AID OF WELFARE RELIEF — MRS. MANSFIELD CHOSEN TO DRAW WINNING TICKET FOR PLYMOUTH SEDAN — WITH HUGE DELEGATION FROM NEW YORK, HEADED BY MAYOR LA GUARDIA, EVENT PROMISES TO BE ONE OF GREATEST EVER PRODUCED BY ANY AMERICAN CITY FOR SIMILAR PURPOSES.

Mayor Mansfield has invited Governor Curley to attend the carnival on June 9 that is being sponsored by the Welfare Department as a means of providing for the medicinal needs of those out of employment and needing assistance. With this invitation the carnival takes on the aspects of a state-wide event and the predictions are made that the event will surpass in attendance and achievement any other that has ever been held.

It also has been decided that Mrs. Mansfield shall make the drawing of the lucky ticket, the holder of which will be presented with a 1935 Plymouth Tudor sedan. This drawing and presentation will take place as one of the features of the carnival at Fenway Park.

The announcement that Governor Curley has been invited to attend the carnival means that interest has spread from City Hall to the State House, and that additional color will be added to what promises to be an unusually colorful event by the presence of the Governor and his staff.

With Mayor La Guardia of New York and the heads of his departments in attendance, with Mayor Mansfield and his official family occupying boxes, with Babe Ruth heading the New York City composite baseball team, made up of members of all city departments, to say nothing of a band of ninety fire-fighting musicians from New York, and our own E. R. A. massed bands and choruses, the event promises to be picturesque as well as exciting.

Director John C. L. Dowling, under whose auspices the carnival is being staged for the Department of Public Welfare, has planned that just before the ball game between the New York and Boston teams the proceedings will be stopped, and Mrs. Mansfield will step before the crowd and draw from the thousands of duplicate tickets that have been taken in at the box office the one stamped with the lucky number. The winner's name will then be announced by Al Schacht, master of ceremonies.

NEW HEADQUARTERS OPENED.

Headquarters for the Athletic and Musical Carnival have been opened at 264 Washington street, with Edwin Ryan, member of the general arrangement council, in charge. Mr. Ryan is assisted by John Powers.

Hugh McNulty, manager of the event for the Department of Public Welfare, announced that the use of the store used as downtown headquarters for the carnival, has been donated by C. W. Whittier and Brother, and that until July 9 it will be the scene of great activity.

Tony Shucco, Al Schacht, Jack Sharkey, Johnny Kelley, Ed Don George, and other sports stars will appear here in person to meet their friends and fans before the carnival.

Tickets are now thus on sale in the center of the newspaper and shopping district. The latest news from the sports world regarding preparations for the big event will be flashed to the public.

One hundred forty of New York City's "big shots" are coming to Boston to root for their home team. Mayor Fiorello H. La Guardia will lead the delegation and will thus launch the inter-city sports campaign which he believes will cement friendly relations between the Hub and Manhattan.

The Mayor will be accompanied by 139 members of his official family, including heads of all departments. Among them will be Lewis J. Valentine, Police Commissioner, and John J. McElligott, Fire Chief, who will bring his band of ninety musicians to live up the New York City Employees' baseball team when it meets Boston City Employees' team at Fenway Park, in what, it is believed, will prove to be one of the spectacular features of the carnival.

The New Yorkers' visit to this city will follow the Police vs. Fire Department Baseball Championship benefit to take place at the Polo Grounds on Saturday, June 29.

The leader of the New York Mayor's Committee is William W. Cohen, honorary deputy chief of the Fire Department, who is holding out the Boston trip as a reward for the hard workers among the rank and file of police and firemen.

Plans for Boston's welcome to the visitors are in the hands of Arthur J. O'Keefe of the Mayor's staff, in charge of public celebrations. The New York delegation will come over on the Eastern Steamship boat, leaving New York City on the evening of July 8, and will be met at the pier the next morning by a welcoming committee appointed by Mayor Mansfield.

BANDS TO FEATURE.

Manhattan's Fire Department band will lead the visitors to City Hall, and will give an open air concert there from 10 to 11 a. m. Following a reception by Mayor Mansfield to Mayor La Guardia and his escort, luncheon will be served, and buses will take the delegates to Fenway Park, where the carnival will open with music by massed E. R. A. bands and a chorus of 104 voices, under the direction of Frederick Lamb, assisted by William Ellis Weston. The instrumental numbers will be given by Alfonso D'Avino's band made up of E. R. A. players. Then the sports carnival will open, and will not close until after six o'clock, during which time headliners in the sports world will give their time and talent to help raise money for the rehabilitation and special needs of those on public welfare in the City of Boston.

Among the New York representatives who will accompany Mayor La Guardia are the following: Hon. William Hodson, Commissioner of Public Welfare; Hon. Francis X. Giaccone, Deputy Fire Commissioner; Hon. Harold Fowler, First Deputy Police Commissioner; Hon. Vincent J. Sweeney, Second Deputy Police Commissioner; Hon. John A. Leach, Third Deputy Police Commissioner; Hon. Harry N. Marsh, First Deputy Commissioner of Public Welfare; Hon.

Maurice P. Davidson, Commissioner of Water Supply, Gas and Electricity; Hon. Thomas W. Hammond, Commissioner of Sanitation; Hon. Frederick J. M. Kracke, Commissioner of Plant and Structures; Hon. Robert Moses, Commissioner of Parks; Hon. Langdon W. Post, Commissioner of Tenement Houses; John L. Rice, M. D., Commissioner of Health; Hon. Stanley H. Howe, Executive Secretary to Mayor La Guardia; Col. Martin H. Meaney, Fifth Deputy Police Commissioner; John J. Seery, Chief Inspector, Police Department; David J. Kidney, Assistant Chief, Fire Department; Vincent E. Finn, Chief Clerk, Police Department; and James V. Mulholland, Director of Recreation.

MAYOR MANSFIELD'S APPEAL.

Mayor Mansfield has issued the following statement to the heads of departments:

City of Boston employees can do things in a big way when they want to.

I hope that every department is getting behind the Monster Athletic and Musical Carnival for the benefit of the Medical and Special Needs Fund of the Department of Public Welfare. We want this carnival to be one hundred per cent successful, because we have so much at stake.

First, we want to raise a vast sum for the handicapped men and women on welfare who are to be its beneficiaries. These people are struggling to "come back." This is a crucial time in their lives. Let us help them out of depression.

Then, we want to plan a big demonstration and welcome for Mayor La Guardia of New York City and the 125 New York City officials who will accompany him.

Then, there is the event itself, an outstanding sports affair, with big athletic stars of the first magnitude, such as Ed Don George, the world's champion wrestler; our own Marathon winner, Johnny Kelley; Tony Shucco, Jack

Sharkey, and a host of others known to you all; Police and Fire Department demonstrations; a baseball game between our city employees and New York employees. Here is the program for the best and biggest show that Boston employees have ever put over.

Will your department attend in a group? Are you promoting the sale of tickets and attendance? Please do everything in your power. Make it an All-Boston Affair for Boston's own needy!

FREDERICK W. MANSFIELD,
Mayor of Boston.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in

(Continued on page 926.)

ACTING MAYOR JOHN I. FITZGERALD BROADCASTS PLEA FOR WELFARE RELIEF—SPEAKING OVER CITY HALL STATION OF WNAC ON SUBJECT, "LIGHTENING THE LOAD OF THE UNEMPLOYED," MAKES PLEA FOR ATTENDANCE OF ALL AT CARNIVAL AND FIELD DAY BEING PRESENTED BY WELFARE DEPARTMENT ON JULY 9.

The following is the radio address of Acting Mayor John I. Fitzgerald over Station WNAC on June 25, on the subject, "Lightening the Load of the Unemployed."

The drive of the Federal Government to reduce numbers on public relief throughout the country is having its reflection in the Department of Public Welfare of the City of Boston.

Announcement made last week by Mayor Mansfield that he will make application for \$10,000,000 from the \$4,800,000,000 allotted to work relief through the new works progress administration, means that a definite percentage of the jobs created by the expenditure of this vast sum will be allotted to those at present on welfare.

The first move of the Director of the Department of Public Welfare, John C. L. Dowling, has been to have the employable men and women on relief rolls listed, and to see that every welfare family which has a member who is a candidate for a job is registered with the local F. E. R. A., in order that when the present Federal organization is succeeded on August 1 by the new works progress administration, Boston may be in readiness to step up employment.

In carrying out these preliminaries, the department sounds a warning. The director states that since reorganization of the department a year ago, which lifted the social worker's relief load of 1,000 clients and upward, to approximately 200, an opportunity has been afforded to make a closer study of the physical condition and needs of the people receiving public aid.

It has been discovered, through this intensive and personal work, that many hundreds are in need of special aid which their welfare allowance cannot procure. Teeth are in need of dental attention, for many recipients have been unable to visit a dentist for years, with the result that their teeth are in bad condition; and in some instances, health has been undermined by this enforced neglect.

Poor vision is also causing anxiety to many white collar workers who have not been able to visit an oculist for years, and who are suffering for the lack of glasses or from using outgrown lenses. Bad teeth and defective vision are handicaps when workers must face the inspection of personnel directors, or of employment agents. Anxiety has brought minor ills, and malnutrition has also done its work among children, who are in need of special building up after the rigors of the winter. A great many other medical and health needs exist which cannot be met by the weekly welfare allowance.

The department faces today, in common with all social agencies, the tremendous task of helping to make unemployed employable, by supplying helps to physical fitness, as well as those things which will bolster their morale and give them self-

confidence. Prospective workers, as well as those who, on account of ill-health, must be classed as "unemployable" require special help to overcome these handicaps.

There is nothing much more pitiable than the sight of a man or woman who has been out of work for five or more years struggling to make himself or herself presentable so as to be able to face the scrutiny of prospective employers. The struggle of these people to "come back" after years of depression moves us all to admiration and to a determination to help them.

With these thoughts in mind, the employees of the Department of Public Welfare, under the executive director, have dedicated themselves to making a success of a great Athletic and Musical Carnival to be held at Fenway Park on Tuesday, July 9, from 1 to 6 p. m., for the benefit of Medical and Special Needs Fund of the Department of Public Welfare. Through the public sale of tickets for this carnival, they hope to raise a great sum for dental work, medical appliances, glasses, and other requirements for the thousands of clients whose special needs cannot be met in any other way.

Besides the men and women who will be helped by this fund to fit themselves for jobs under the new works progress administration, there are additional hundreds on welfare rolls who, because of illness or physical handicap, cannot work at present. Some of these people need crutches, or other special aids to relieve their infirmity. Others are in need of medical appliances which will help them later, perhaps, to rehabilitate themselves for some form of work suitable to the handicapped. Undernourished children need special diets; convalescents must be helped back to health.

ON WELFARE ROLLS.

For both classes on welfare rolls—the employables and the unemployables—we appeal to you today, in the name of the Medical and Special Needs Fund of the Department of Public Welfare. Mayor Mansfield would ask you, if he were here, to do your part to make the carnival at Fenway Park on July 9 a real success, for he is its foremost promoter.

Leading citizens are cooperating. Sport stars are donating their time and services. If you have not seen Ed Don George, world champion wrestler, here is your opportunity.

There will be musical and band entertainment by the massed E. R. A. bands and choral groups. In the choral groups are 104 voices including some of the finest voices in New England.

Jack Sharkey will act as referee when the champion meets Charley Strack. Al Schacht as master of ceremonies will keep things moving. Babe Ruth will be back in his own Boston for this occasion. He is to fly from Cleveland to be here with the New York baseball team, made

up of star players from New York city departments, who will play Boston city employees—with leading semi-pros in our all-star interdepartmental team.

Be at Fenway Park to root for your own team. In addition to all the fun you will have, and the good your admission money will do, you stand a chance of becoming the owner of a new 1935 Plymouth Tudor sedan. The lucky ticket will be drawn from those taken at the gate; so here is an added inducement to come in person.

Mayor La Guardia of New York, and other notables will fly over from Manhattan with the New York City Fire Department band; and local E. R. A. massed bands and choruses will provide musical entertainment. The Police and Fire Departments will take part in the program. All the city departments are lined up to make this event 100 per cent successful.

Tickets are on sale at Room 901, City Hall; also at the Welfare Department, 43 Hawkins street (Cap. 8320). The prices are \$1; reserved seats, \$1.50; and box seats, \$2. Make a family affair, an office affair, a neighborhood affair of the carnival, and let us show our New York visitors that we know how to stage a big event in a big way.

Remember: The time, July 9 at 1 o'clock; the place, Fenway Park; the price, \$1 or \$1.50 for a reserved seat, and \$2 for a box seat. And don't forget that you'll see Babe Ruth, and you may win a Plymouth sedan.

MAYOR MANSFIELD SECURES TEMPORARY LOAN IN ANTICIPATION OF TAXES.

Bids were opened at twelve o'clock on June 25 for a temporary loan of \$2,000,000, in anticipation of 1935 taxes, dated June 27, 1935, and payable February 17, 1936.

The lowest bidder was a group consisting of Halsey, Stuart & Co., Incorporated, Hemphill, Noyes, & Co. and G. M.-P. Murphy & Co., which bid 98 per cent plus a premium of \$44.

There were three other bidders as follows:

A group consisting of Edward B. Smith & Co., Goldman Sachs & Co., Lazard Freres & Co., Incorporated, W. O. Gay & Co., and Washburn & Co., which bid 98 per cent plus a premium of \$13.

A group consisting of Kidder, Peabody & Co., Brown Harriman & Co., Incorporated, Stone & Webster and Blodgett, Incorporated, and First Boston Corporation, which bid 1.19 per cent plus a premium of \$16.

Solomon Brothers & Hutzler, 75 Federal street, Boston, which bid 1.07 per cent plus a premium of \$19.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of October 17, 1932, as amended, determining damages caused by the making of the public improvement consisting of the widening, relocation and reconstruction of West street, be, and the same hereby be, amended by adding to said order the sum of \$15 as an award to Clara L. Jones, that the amount \$35 be, and the same hereby be, awarded to Clara L. Jones for the damages so sustained.

PROPOSALS ADVERTISED.

(Continued from page 924.)

the sum of \$25, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 15, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for the purchase of large incandescent lamps for the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 8, at 12 m.

Advertises for proposals for furnishing flour to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Gaspar Deeran, 262 Bennington street, East Boston, in the sum of \$1.05, as refund on seven unused refuse tickets, which were returned to the Public Works Department May 10, 1935.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

The Marine Company have been granted an extension of the time of completion of the contract for repairs to ferryboat "Lieutenant Flaherty" from May 24, 1935, to June 8, 1935.

This extension is requested on account of extra work not anticipated in the original contract which was ordered by the United States Steamboat Inspection Service.

P. W. A. Project No. 424.

The C. & R. Construction Company have been granted a further extension of the contract time of completion of contract for laying and relaying water pipes in Brookline avenue, between Kenmore square and the Boston-Brookline boundary line, approved August 13, 1934, from September 1, 1935, to December 31, 1935.

The reason for the above request is the necessity for allowing settlement of new filling for a period of about four months after completion of the pipe work. It is expected that the pipe work will be completed about September 1.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, parking of vehicles is prohibited in the following streets, effective July 2, 1935:

Edgerly Road, Roxbury.

West side, from Astor street to Haviland street.

Green Street, West Roxbury.

South side, from Union avenue to Washington street.

North side, from Greenley place to Washington street.

State Street.

North side, from a point twenty (20) feet west of Broad street to Commercial street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, the Traffic Regulations are amended as follows, effective July 2, 1935:

Section 40, Part 1, is amended by striking out the following:

Cedar Lane Way.

From Chestnut street to Pinckney street.

Marshall Street.

From Union street to Hanover street.

Section 40, Part 1, is amended by adding the following:

Cedar Lane Way.

From Pinckney street to Chestnut street.

Marshall Street.

From Hanover street to Union street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of games under the auspices of The Brook Farm Civic Association, vehicles are excluded from Temple street, West Roxbury, between Vermont street and Keith street, on July 4, 1935, from 8.30 a. m. to 12 m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street dancing, vehicles are excluded from Virgil road, West Roxbury, between La Grange street and the end, on July 4, 1935, from 7 p. m. to 12 p. m.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 194 F street, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, Nathan Gray of 74 Howland street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. An inspector of this department reports, after investigation, that the owner is financially unable to pay for the razing of the building.

The building at 14 Nott street, Ward 18, the structure is unsafe and dangerous, is settled and out of plumb. The sills and clapboards are rotted and miss-

ing. We have been unable to locate the owner of record, William H. Costello, but a notice of the unsafe condition has been posted on the external wall of the building, and a notice served on one Bernard Burke of 1201 Hyde Park avenue, who claims ownership. Mr. Burke states that he is financially unable to pay for the razing of the building, and an inspector from this department reports that his investigation bears out this statement.

The ell at 3 Corning street, Ward 3, the wooden ell at rear is bulged and settled, first floor framing and supports rotted, roof and supports of roof inadequate. The owner, William Clark, care of Alfred W. Ingalls, conservator, of 15 Ashburton place, Boston, has been notified of the unsafe condition of the ell, but nothing has been done to remove the cause of complaint. The conservator of the property of William Clark informs us that the estate is very much insolvent and an inspector of this department reports, after investigation, that the owner is financially unable to pay for the razing of the ell.

The ell at 5 Corning street, Ward 3, the first floor framing and sills of ell are rotted, unsafe and dangerous. The owner, William Clark, care of Alfred W. Ingalls, conservator, of 15 Ashburton place, Boston, has been notified of the unsafe condition of the ell, but nothing has been done to remove the cause of complaint. The conservator of the property of William Clark informs us that the estate is very much insolvent, and an inspector of this department reports, after investigation, that the owner is financially unable to pay for the razing of the ell.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Undine road, Brighton district, as a highway, northeasterly, bounded and described as follows:

An extension of the highway named Undine road is hereby laid out northeasterly to Lake street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Undine road (highway), thirty feet; northerly by the northerly line of said extension of said Undine road as hereby laid out, by seven measurements, fifty-seven and 41-100 feet on a curve of four hundred and twenty-three feet radius, two hundred forty-two and 28-100 feet on a curve of two hundred seventy-one and 8-100 feet radius, one hundred sixty-two and 97-100 feet, one hundred twenty-nine and 16-100 feet on a curve of two hundred seventy and 87-100 feet radius, one hundred twenty-seven and 9-100 feet, one hundred fifty-five and 22-100 feet on a curve of one hundred sixty-two and 22-100 feet radius, and twenty-one and 16-100 feet on a curve of twelve and 50-100 feet radius; southeasterly by Lake street, by two measurements, fifty and 98-100 feet, and

thirteen and 85-100 feet; westerly by the westerly line of said extension of said Undine road as hereby laid out, fifteen and 64-100 feet on a curve of twelve and 50-100 feet radius; and southerly by the southerly line of said extension of said Undine road as hereby laid out, by five measurements, one hundred twenty-seven and 70-100 feet on a curve of one hundred twenty-two and 23-100 feet radius, one hundred twenty-seven and 9-100 feet, one hundred forty-eight and 24-100 feet on a curve of three hundred ten and 87-100 feet radius, one hundred sixty-two and 97-100 feet, and two hundred fifty-five and 69-100 feet on a curve of two hundred thirty-one and 8-100 feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Undine road, Brighton district, as a highway, northeasterly to Lake street, under the order of the Board of July 1, 1935, and awards no damages therefor.

LAND-TAKING IN EAST BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Waldemar avenue, East Boston district, as a highway, to William F. McClellan Highway, bounded and described as follows:

An extension of the highway named Waldemar avenue is hereby laid out to William F. McClellan Highway.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Waldemar avenue (highway), fifty feet; southerly by the southerly line of said extension of said Waldemar avenue as hereby laid out, by six measurements, six hundred ninety-four and 68-100 feet, six hundred eighty-seven and 71-100 feet on a curve of fourteen hundred and fifteen feet radius, one hundred ninety-three and 46-100 feet on a curve of eight hundred seventy-eight and 45-100 feet radius, six hundred sixty-three and 79-100 feet, one hundred ninety-six and 74-100 feet on a curve of six hundred ninety and 61-100 feet radius and five hundred seventy-eight and 63-100 feet; northwesterly by William F. McClellan Highway, one hundred eleven and 16-100 feet; easterly by the easterly line of said extension of said Waldemar avenue as hereby laid out, sixty-three and 29-100 feet on a curve of thirty feet radius; and northerly by the northerly line of said extension of said Waldemar avenue as hereby laid out, by six measurements, four hundred ninety-five and 83-100 feet, two hundred ten and 98-100 feet on a curve of seven hundred forty and 61-100 feet radius, six hundred sixty-three and 79-100 feet, one hundred eighty-two and 45-100 feet on a curve of eight hundred twenty-eight and 45-100 feet radius, seven hundred and twelve feet on a curve of fourteen hundred and sixty-five feet radius and six hundred ninety-four and 68-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out of an extension of Waldemar avenue, East Boston district, as a highway, to William F. McClellan Highway, under the order of the Board of May 31, 1935, and awards no damages therefor.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Cash Discount, Ten Days.—The Whittemore Company, one half of 1 per cent; B. & F. Coal Company, one half of 1 per cent; William Culkeen & Sons Company, one half of 1 per cent; John J. White Company, one half of 1 per cent.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying occasions, as indicated the Mayor approved contracts with several firms for supplies, etc. Communications from the heads of the departments involved were as follows:

LIBRARY DEPARTMENT.

BOSTON, June 26, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MANSFIELD,—The trustees of the Public Library of the City of Boston respectfully request your permission to award a contract for reconstruction and improvement of certain portions of the main tile roof, Central Library Building, Copley square, to E. Stanley Wires Company, Incorporated, of Boston, without advertising for bids. Under the terms of the proposed contract the scope of operations would be expressly limited not to exceed in total cost to the city the sum of \$3,000.

During the rains of this spring, leakage from an excessive number of points in the roof has been copious and it becomes essential, for the proper protection of the building and its contents, to make good at least a part of the most deteriorated portions of the great tiled area. The present conditions of deterioration are so diverse that in undertaking the desired improvements (limited in scope as afore-

said) it is impossible to predetermine, with detailed precision requisite for competitive bidding the exact methods and remedial measures essential for efficacious procedure. Only a sequence of investigations, carried out as the work proceeds, will satisfactorily reveal the proper course to pursue and determine the details of operations.

Improvements, in previous years, of certain sections of the roof have been performed under special provisions of contracts duly approved, and it is the intention to incorporate similar provisions in the contract now contemplated. The procedure described, and submitted for your consideration and approval, is deemed to be in the interest of the city.

Very respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by F. W. BUXTON,
President.

PARK DEPARTMENT.

BOSTON, June 25, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—By vote of the Board of Park Commissioners your approval is respectfully asked to authorize the Board to award, without advertising, a contract to the Gray Line, Incorporated, of Boston, to furnish not more than nine buses per day for the transportation of about two hundred and fifty poor children per day on Randidge Fund excursions to and from Castle Island, for five days per week, from July 1 to August 30, 1935, for the sum of \$10 per bus, the total charge not to exceed the sum of \$3,960. This expense is to be charged to the Reserve Fund.

The reason for asking that this contract be awarded to the Gray Line, Incorporated, of Boston is that the Gray Line has been given this contract for the past four years and has given very satisfactory service. The price is the lowest ever submitted for this service, and the Board believes that nothing would be gained by advertising.

Very respectfully yours,

DANIEL J. BYRNE,
Secretary.

PUBLIC WORKS DEPARTMENT.

BOSTON, June 6, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—It is customary each year for the Public Works Department to request a loan for sewerage works, the appropriation of the amount requested to be made under the provisions of chapter 426 of the Acts of 1897, as amended by chapter 204 of the Acts of 1908 and by chapter 178 of the Acts of 1930.

The money obtained is used for the purpose of complying with petitions received during the year; for enlarging and rebuilding antiquated sewers which, because of their age or size, are inefficient or dangerous, and for sewer work necessary to be done in streets included in the street construction program of the year and in the streets laid out by the Board of Street Commissioners and ordered constructed, and also for the replacing of obsolete pumps at the Calf Pasture pumping station.

As of June 1, the \$250,000 loan allowed in 1934 is practically exhausted or has commitments which will use the present balance. I respectfully recommend that a loan of \$250,000 be provided this year

to permit the Sewer Division to carry on its regular program of sewer construction, etc.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

BOSTON June 24, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Supplementing my letter of June 3 requesting approval to award a contract without advertising to the G. A. Pratt Corporation, 101 Binney street, for the sum of \$1,426.40, for the repair of Elgin sweeper No. 172, and at the suggestion of the Law Department, I beg leave to state that G. A. Pratt Corporation are the New England agents for the Elgin Sweeper Company and are the only concern equipped to do repairs on Elgin sweepers. There would be no advantage to the city to advertise for bids for this particular repair work.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

BOSTON, June 24, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The use of hand-embossing addressograph machines for accurately checking and tabulating snow removal under the contracts last winter worked perfectly, with the exception of timing the snow loads arriving at the dump locations.

The time of arrival was filled in by the inspectors at the dump together with their signature on the snow-load ticket. Cognizant of this fault, the Dimond-Union Stamp Works were asked to assemble or build a time stamp clock to be attached to the addressograph machines. After considerable experimenting a time clock has been constructed which will in addition to stamping the actual time of load arrival on the back of the snow-load ticket, will also number tickets consecutively and note the inspector's number. With this addition to the addressograph machine, the system will be perfect. As a matter of fact, the only criticism of last winter's work was to the effect that the time noted by the inspectors at the dumps was not as close to the actual time per minute as it should have been.

The time-clock stamps will cost \$120 per clock, and I respectfully request permission to requisition the Supply Department for twenty-five time-clock stamps, the total cost being \$3,000; the same to be charged to Snow-Removal Loan. These clocks are a specialty and could not be obtained by the ordinary method of advertising.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

PROCEEDINGS OF CITY COUNCIL.

Thursday, June 20, 1935.

Special meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Doherty, Englert, Goldman, Shattuck.

The meeting was held pursuant to the following calls:

City of Boston,

Office of the Mayor, June 18, 1935.

To the Members of the City Council.

Gentlemen,—You are hereby requested to assemble in the City Council Chamber, City Hall, on Thursday, June 20, 1935, at two o'clock p. m., to take action on the resolution approving the proposed legislation for the borrowing of \$600,000 additional for traffic tunnel expenses and on a proposed appropriation from the Reserve Fund for Randidge Fund excursion expenses.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Office of the Mayor, June 19, 1935.

To the Members of the City Council.

Gentlemen,—In addition to the two items of business listed in the original call for the special meeting to be held in the City Council Chamber on Thursday, June 20, 1935, at 2 p. m., you are requested also to take action on an appropriation of \$250,000 for Sewerage Works, and a transfer of \$100,000 from the income of the Parkman Fund for the maintenance and improvement of the Common and Parks in existence on January 12, 1887.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

The calls were severally placed on file.

APPROPRIATION, RANDIDGE FUND EXCURSIONS.

The following was received:

City of Boston,

Office of the Mayor, June 19, 1935.

To the City Council.

Gentlemen,—I am in receipt of a request from the chairman of the Park Commissioners that an appropriation of \$5,000 be made available from the Reserve Fund to meet the expense of transporting children from various parts of the city to certain recreational centers where outings will be conducted in accordance with the provisions of the Randidge Trust Fund. The annual income of this latter fund is not sufficient to meet this transportation expense, and it has been the custom of the city in recent years to make a separate appropriation to meet this expense. I accordingly submit herewith the necessary appropriation order and respectfully recommend its adoption by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Park Department, June 19, 1935.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Sir,—You are respectfully informed that an appropriation of \$5,000 will be required for transportation and incidental expenses in connection with excursions to be arranged under the Randidge Fund for children in various sections of the city, said sum to be charged to Reserve Fund when made.

This is the usual request of \$5,000 which is made each year for the Randidge Fund excursions, which begin on July 1 and end on August 31.

Following is a copy of the order which has been presented each year to the City Council:

"Ordered, That the sum of \$5,000 be, and the same hereby is, appropriated, to be expended by the Board of Park Commissioners, for recreation purposes, by the transporting of children from the various parts of the city to certain recreational centers within and without the limits of the city, and for other incidental expenses in connection therewith, said sum to be charged to the Reserve Fund when made."

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$5,000 be, and the same hereby is, appropriated, to be expended by the Board of Park Commissioners, for recreation purposes, by the transporting of children from the various parts of the city to certain recreational centers within and without the limits of the city, and for other incidental expenses in connection therewith, said sum to be charged to the Reserve Fund.

Referred to the Executive Committee.

SEWERAGE WORKS APPROPRIATION.

The following was received:

City of Boston,

Office of the Mayor, June 19, 1935.

To the City Council.

Gentlemen,—I am in receipt of a request from the Public Works Commissioner that an appropriation of \$250,000 be made for Sewerage Works, since the loan authorized in 1934 for this purpose is practically exhausted. The money to be secured

from this appropriation will be used for the extension of sewers in residential districts, for enlarging and rebuilding existing sewers, which, because of their age or size, are inefficient or dangerous, and for other necessary construction work of the Sewer Division. Since the work contemplated under the proposed appropriation is essential and of primary importance to the sections of the city where the work is contemplated, I submit herewith an appropriation order and respectfully recommend its adoption by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Public Works Department, June 6, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—It is customary each year for the Public Works Department to request a loan for Sewerage Works, the appropriation of the amount requested to be made under the provisions of chapter 426 of the Acts of 1887, as amended by chapter 204 of the Acts of 1908 and by chapter 178 of the Acts of 1930.

The money obtained is used for the purpose of complying with petitions received during the year; for enlarging and rebuilding antiquated sewers, which, because of their age or size, are inefficient or dangerous, and for sewer work necessary to be done in streets included in the street construction program of the year and in the streets laid out by the Board of Street Commissioners and ordered constructed, and also for the replacing of obsolete pumps at the Calf Pasture pumping station.

As of June 1, the \$250,000 loan allowed in 1934 is practically exhausted or has commitments which will use the present balance. I respectfully recommend that a loan of \$250,000 be provided this year to permit the Sewer Division to carry on its regular program of sewer construction, etc.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Ordered, That under the provisions of chapter 426 of the Acts of 1887, as amended by chapter 204 of the Acts of 1908, and by chapter 178 of the Acts of 1930, the sum of \$250,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for Sewerage Works, and that the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to Executive Committee.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston

Office of the Mayor, June 14, 1935.

To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$100,000 from the income of the George F. Parkman Fund to the maintenance and improvement of the Common and Parks in existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Park Department, June 14, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$100,000, which is now available from the income for the year 1935, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of..... \$100,000

When the budget estimates were made up for the year 1935, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1935, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$100,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended, under the direction of the Park Commissioners, for the maintenance and improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of..... \$100,000

Referred to Executive Committee.

(Continued on page 956)

PLUMBING PERMITS ISSUED JUNE 27 TO JULY 3.

JUNE 27.

PROCEEDINGS OF CITY COUNCIL.

(Continued from Page 935.)

RECESS.

The Council voted at 2.26 p. m., on motion of Coun. SELVITELLA, to take a recess at the call of the Chair. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 3.26 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) for appropriation of \$5,000 for expense of transporting children to recreational centers for Randidge Trust outings—that same ought to pass.

Report accepted; order passed, yeas 18, nays 0.

2. Report on message of Mayor and appropriation of \$100,000 from Parkman Fund income—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. NORTON—Mr. President, I cannot refrain from saying with regard to this particular fund that some years ago there was a legal question whether we could use the income of the Parkman Fund for that particular purpose. At that time the Corporation Counsel sent an opinion to the Council to the effect that we could not so use it. So you see the question was then a matter of controversy. It is very interesting to know now that the income can be used for the purposes for which it is now being used so admirably.

Report accepted; order passed, yeas 18, nays 0.

3. Report on message of Mayor and order appropriating \$250,000 for sewerage works—that order ought to pass.

Report accepted; said order read once and passed, yeas 17, nays—Coun. Wilson—1.

President FITZGERALD—The order is now referred to the Committee on Finance.

4. Report on message of Mayor and resolution (referred June 10) approving legislation for authority to borrow \$600,000 outside debt limit—recommending passage in accompanying new draft, viz.:

Resolved, That the City Council of Boston hereby approves the enactment of legislation to authorize the city to borrow \$600,000 outside the limit of indebtedness, to meet additional costs incurred in connection with the East Boston traffic tunnel, provided that such legislation contains a referendum to the Mayor and the City Council.

The report was accepted and the question came on the passage of the new draft.

Coun. McGRATH—Mr. President, this is either an additional appropriation for a \$19,000,000 traffic tunnel or a \$30,000,000 traffic tunnel. The taxpayers of the City of Boston have been asking the question over a period of many months, what the cost of the East Boston tunnel really was. One of the things that has contributed, purposely or otherwise, to a further confusion in the already confused minds of taxpayers, many of whom are losing their homes, is the interpretation, in the mind of the ordinary layman, of "cost," what constitutes cost. Might I be so bold as to assume here this afternoon that anything which contributes to the cost today or forty years from today of the tunnel, whether it be in the original payment or in interest on bonds, is a part of the cost of the East Boston traffic tunnel. If I am correct in that statement, then the cost, on the authority of the man whom no one wishes to refute, we find, will eventually be \$30,000,000. But we then have the dispute and the point of disagreement as to whether that is the actual cost of rent and construction, or whether part of that would go for the payment of interest on the bonds. Taking it either way,

however, it means that the taxpayers of the City of Boston have to pay their proportionate share from now on, unless the traffic tunnel eventually becomes a paying project. That is problematical. If the traffic tunnel does eventually become a paying project, it is my understanding that those who use the tunnel will pay the total cost. If it does not become a paying project, those who will use the tunnel will simply pay a part of the cost and the taxpayers the rest, and if it is an absolute failure the citizens of Boston during the next forty years will pay \$30,000,000, the cost of the tunnel and will pay for such part of the maintenance during that period of time as is not met by tolls. I make this statement, sir, in the hope that in some way we might relieve the confusion in the minds of the taxpayers of the city as to what the East Boston tunnel will cost them. If it is to be a paying proposition and will cost them nothing, we can say, "You are getting something for nothing, and the only fellow who pays is the fellow who uses the tunnel." Also, if the cost of the tunnel is to be \$19,000,000, let us tell them so; if it is to be \$30,000,000, let us tell them so. But why should we say to an over-anxious tax-paying public at this time that the cost of the East Boston tunnel is \$19,000,000, if responsible officials who have gone over the figures say it will be \$30,000,000? I attempted this afternoon to try to find out the facts from two members of his Honor the Mayor's brain trust, the Corporation Counsel and the City Auditor, whether the cost would be \$19,000,000 or \$30,000,000. I suppose I am a picayune fellow to raise any question over a small amount like \$11,000,000, but there are men in this city, property owners, who feel that \$11,000,000 really amounts to something, especially if it is saddled on to their backs. I suppose some might say to the people of Dorchester, Jamaica Plain or West Roxbury, "Why do you want to be so picayune as to quarrel over a small amount like \$11,000,000! When there is simply this small difference between the amount stated by the Corporation Counsel, \$19,000,000, and the \$30,000,000 stated by the Auditor, why quarrel over it? If you are so small as to fight over a mere difference of \$11,000,000, you are not entitled to any consideration whatever at the hands of the fellows who are running the city!" But let me say at the risk of being called picayunish, that so far as my district is concerned, I would like to have somebody authoritatively tell me, so that I can tell my rent payers and home owners whether the cost is to be \$19,000,000 or \$30,000,000.

Coun. GLEASON—Mr. President, I am sick and tired of these people who are paying one dollar into the City of Boston telling us how to run the City Council. I think it is about time we stood on our feet and ran the place ourselves. You go to the City Hospital and you have got the trustees there telling how to run the place. What are we elected for? To appropriate this money and spend it as we see fit. I am sick and tired of the taxpayers telling us how to go through. We have a great Mayor down here and I love him. I think he has a lot of nerve and guts. I am sick and tired of having the taxpayers come in here. Why don't they run for office if they want to tell us how to run the city? I am not afraid of them or anyone else. My pal here, Joe, is on the opposite side this time. I always loved Joe, but I have to take the side of the Mayor today, because I think he is a real fellow, and never mind the taxpayers or anyone else. We are elected to run the city, and I am here to vote the way I see fit. The taxpayers do not worry me, nor the vets, nor anyone else.

Coun. NORTON—Mr. President, I think we might all wish that the tunnel could be built for nothing, that there would be no cost to the city. But what are the facts? There is the expenditure of \$19,000,000, and then over the next fifty years the city is going to pay interest amounting to \$36,400,000, making a total of about \$55,600,000. That is going to be the cost of the tunnel to the city, provided that the income from the tunnel does not reduce it by a half or a quarter, whatever it may be. So we might as well face the facts.

The resolution was passed.

President FITZGERALD—The purpose for which we were called together having been accomplished, the meeting stands adjourned.

Adjourned at 3.45 p. m., to meet on Monday, July 15, 1935, at 2 p. m.

RETIREMENT BOARD REPORT.

To the Auditor.

At a meeting of the Boston Retirement Board, held on June 14, the retirement from active service of the following named members of the Retirement System was approved to become effective at the close of business, June 30, 1935:

FIRE DEPARTMENT.

Lawrence J. O'Donnell, ladderman, salary at time of retirement \$2,100 a year.

LIBRARY DEPARTMENT.

Samuel A. Chevalier, chief, salary at time of retirement \$4,100 a year.

PARK DEPARTMENT.

Elizabeth F. Shea, matron, salary at time of retirement \$1,144 a year.

POLICE DEPARTMENT.

John J. Elbery, hostler, salary at time of retirement \$1,600 a year.

PORT AUTHORITY.

George P. Tilton, executive secretary, salary at time of retirement \$3,000 a year.

PUBLIC WORKS DEPARTMENT.

Patrick W. Cummings, first assistant drawtender, salary at time of retirement \$1,800 a year.

James H. Fitzgerald, stableman, salary at time of retirement \$1,560 a year.

Charles A. Stafford, captain, salary at time of retirement \$2,652 a year.

SUFFOLK COUNTY.

Waldo O. Whitney, carpenter, salary at time of retirement \$2,184 a year.

Attest:

JOHN H. DORSEY,
Acting Chairman.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

MEDICAL SOCIAL WORKER, BOSTON CITY HOSPITAL, JULY 26, 1935.

Last date for filing applications, Friday, July 12, 1935, at 5 p. m.

Salary: \$1,200 per year.

Duties: To determine accurately the social eligibility of patients for admission to the Out-Patient Department. To interview applicants for admission. To evaluate the information obtained. To arrange a plan for the patient, i. e., immediate admission, future appointment, rejection, or reference elsewhere.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

POLICE DEPARTMENT ORDERS.*General Order No. 58.*

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by William Lewis, captain, Division 19, against James J. Murphy, patrolman, Division 19, for alleged violation of rule 27 of the rules and regulations of the Police Department, to wit:

Charge: Not properly patrolling route.

Specification: In that on the 9th day of June, 1935, the said Patrolman James J. Murphy, while on duty and in uniform, assigned to patrol Washington street, from Columbia road to Talbot avenue, Dorchester, did enter a building of the Codman Square Theatre, 637 Washington street, without getting permission from the officer in charge of the station, not on his route and not on police business, and did remain in said building for a period of twenty minutes, thereby exposing his route to the depredations of the criminal element,—has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented, accepts the plea of guilty by the said Patrolman James J. Murphy and respectfully recommends that the said Patrolman James J. Murphy be ordered to perform seventy hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman James J. Murphy perform seventy hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 59.

On May 3, 1935, a trial board consisting of Captains McKinnon, Lewis and Kavanagh, reconvened by order of the Police Commissioner to make final disposition of a complaint made by William W. Livingston, then captain of Division 4, now Deputy Superintendent of Police, against John J. Freeman, sergeant, Division 18, then detailed to Division 4 (now of Division 17), for alleged violation of the rules and regulations of the Police Department, to wit:

Charge 1: Conduct unbecoming an officer.

Specification: In that the said Sergt. John J. Freeman, in September in the year 1930, did request from one Patrick J. Dervin, a patrolman in the Boston Police Department, a loan of \$2,500 for a period of from eight to ten weeks, further, that this sum of money was loaned to the said Sergt. John J. Freeman, and further, that this loan was not paid within the specified time. As a result of this the said Sergt. John J. Freeman gave to the said Patrolman Patrick J. Dervin a mortgage on certain property in the sum of \$2,500 for the term of one year, this mortgage being signed by the son of the said Sergt. John J. Freeman. The said mortgage loan not being paid at the expiration of one year, the said Sergt. John J. Freeman, as consideration for an extension of payment on said mortgage, endorsed the

mortgage note; all contrary to good order and discipline and tending to bring into disrepute and criticism his associates on the Police Force and the Boston Police Department as a whole.

Charge 2: Neglecting and refusing to pay a just debt.

Specification: In that the said Sergt. John J. Freeman has refused and neglected to pay a loan of \$2,500 obtained by the said Sergt. John J. Freeman from Patrolman Patrick J. Dervin of the Boston Police Department.

The Board submitted the following finding and recommendation:

"The Trial Board finds that since the issuance of General Order No. 227 on June 13, 1933, and subsequent modifications of that order by the Commissioner, the only effort made by Sergeant Freeman to comply with the order of the Commissioner was one payment of \$50 by Sergeant Freeman to Patrolman Patrick J. Dervin. The Trial Board also finds, since the issuance of General Order No. 227, that Sergeant Freeman has been adjudicated a bankrupt, which he now pleads as one justification for his failure to comply with the order of the Commissioner. While this adjudication in bankruptcy may release him from all civil liability for this debt, the Board further finds that Sergeant Freeman has committed a flagrant violation of the police rules and regulations, and has disobeyed an order of the Police Commissioner, and in so doing has acted in a manner contrary to good order and discipline.

"The Board, therefore, respectfully recommends that Sergeant John J. Freeman be discharged from the Police Department."

The findings of guilt made by the Trial Board upon the above charges on March 22, 1933, were accepted and adopted by Eugene C. Hultman, former Police Commissioner. The Commissioner accepts the findings of fact of the Trial Board made on May 7, 1935, but does not adopt the recommendation of the said Trial Board that Sergt. John J. Freeman be discharged, and hereby orders that the said Sergt. John J. Freeman be suspended from duty, effective as of June 24, 1935, at 5.45 o'clock p. m. until further order.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 60.

The Police Commissioner wishes the members of the department to know that as a result of special efforts made by them with reference to the use of fireworks over June 17, many communications were received commending the fine results obtained. The members of the department are urged to renew and extend their efforts in this direction in connection with the Fourth of July celebration.

In order to impress the public with the importance of having a safe and sane Fourth of July, warning posters are being placed by the department in the vicinity of every public and private hospital, where they may be plainly

visible, and also on every traffic box in the city, on street cars and in various other locations.

Particular attention should be given to hospitals and other places where people are confined, and commanding officers shall see to it that all hospitals on their respective divisions are visited at least once every hour to insure as far as possible freedom from disturbance.

Officers shall be instructed that it is a violation of the law to discharge or set off any kind of fireworks within three hundred yards of a hospital or building in which a patriotic concert, exhibition or exercise is in progress. The selling, keeping, exploding or discharging of any firecracker exceeding 2 inches in length and $\frac{3}{8}$ of an inch in diameter, is illegal. The use of revolvers, even to discharge blank cartridges, is a violation of law.

Attention should be given to the prevention of damage to property, such as old or unused buildings, fences, billboards, etc., which might be used to build bonfires in the public streets or vacant land adjacent to buildings.

The law provides that fireworks may be set off on Independence Day between the hours of 6 a. m. and 7 p. m., and fireworks for display, only, may be set off from 7 p. m. to 10 p. m.

The Police Department urges that parents and others cooperate to prevent the horrible accidents and mutilations which result from the careless use of fireworks.

It is not the intent or desire of the Police Department to curtail the natural demonstration of patriotism on Independence Day, but the police should be observant to the end that demonstrations are conducted in a normal manner with due regard for the peace, quietude and safety of the public.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

REVISION OF ASSESSMENT.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied November 29, 1930, on account of the construction of sewerage works in Huntington avenue, Hyde Park, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application, *Order*, That the amount hereinafter specified, being the annual apportionment of said assessment for the year 1934, be, and the same is hereby, abated.

Elizabeth J. Lombard, lots 9 and 10, Plan 1930-12, amount, \$28.40.

CLAIMS DISALLOWED.

The Law Department has disallowed twenty-three claims against the City of Boston. These claims are classed as follows:

Fire Department, one claim; Park Department, two claims; Public Buildings Department, two claims; Public Works Department, sixteen claims; School Buildings Department, one claim; Street Commissioners, one claim.

LAND-TAKING IN CITY PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Chester place, Boston Proper district, as a highway, from Shawmut avenue to Northampton street, with the name of Comet place or some other distinctive name, bounded and described as follows:

A highway named Comet place is hereby laid out, from Shawmut avenue to Northampton street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Thomas M. Smith, bounded:

Northeasterly by Chester place, twenty and 9-100 feet; southeasterly by the same, twenty and 9-100 feet; and westerly by the westerly line of Comet place as established under this order, thirty-one and 50-100 feet, containing eighty-seven square feet, more or less.

The land, owners unknown, being the private way known as Chester place, running from Shawmut avenue to Northampton street.

Said highway as hereby laid out is bounded:

Northwesterly by Shawmut avenue, twenty feet; northeasterly by the northeasterly line of said Comet place as hereby laid out, two hundred and twenty feet; southeasterly by the southeasterly line of said Comet place as hereby laid out, one hundred ten and 6-100 feet; southwest by Northampton street, eighteen feet; northwesterly by the northwesterly line of said Comet place as hereby laid out, sixty-nine and 91-100 feet; westerly by the westerly line of said Comet place as hereby laid out, thirty-one and 50-100 feet on a curve of twenty feet radius; and southwesterly by the southwesterly line of said Comet place as hereby laid out, one hundred eighty-six and 16-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Comet place (formerly Chester place), Boston Proper district, as a highway, from Shawmut avenue to Northampton street, under the order of the Board of June 24, 1935, and awards no damages therefor.

Thomas M. Smith, 87 square feet, nothing.

DOUBLE TAXATION NOT THE WHOLE TAX CONFLICT.

Double taxation, which to most people means two taxes on the same thing from different sources,—Federal and State or two states,—is only a part of the problem of conflicting taxation, says James W. Martin, Research Director of the Interstate Commission on Conflicting Taxation. The commission, set up by the Interstate Assembly representing the various states, which was called together by the American Legislators' Association in 1933, will report results of its subsequent study of conflicting taxation early in 1935.

CITIES MAY SHARE VIRGINIA LIQUOR PROFITS.

Virginia cities are likely to have a new source of revenue if the state continues to pile up profits at the present rate. The liquor control act gives them two-thirds of the profits above \$1,675,000 per year after deducting sums for creating a surplus up to \$1,000,000. Profits from the liquor stores, says the *United States Municipal News*, have upset all previous estimates and "have confounded, as well, estimates of the members of the A. B. C. Board themselves who at the outset of the state's experiment said they feared no profits at all would result during the first year of operation."

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for installing a new heating system in the Old Thornton Street School, Thornton street, Roxbury, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 15, 1935, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of July 22, 1935, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of said deposit.

WM. W. DRUMMEY,

(July 6.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

MANUFACTURERS OF STEEL LOCKERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and setting up steel lockers in the East Boston High School Addition, White street, between Brooks and Putnam streets, East Boston, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 15, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Monday, July 22, 1935, said deposit for plans and specifications shall be forfeited. Mutilation of plans or the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(July 6.) Superintendent of Construction.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for reglazing, repaving, rebuilding walls, etc., at the Mary Hemenway School, Adams and King streets, Dorchester, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, July 12, 1935, at said office with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of July 19, 1935, said deposit for plans and specifications shall be forfeited. Mutilation of plans or the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(July 6.) Superintendent of Construction.

PROPOSALS FOR ADDITIONS AND ALTERATIONS TO THE ROBERT GOULD SHAW INTERMEDIATE SCHOOL FOR THE DEPARTMENT OF SCHOOL BUILDINGS, CITY OF BOSTON, MASS., NATIONAL INDUSTRIAL RECOVERY PROJECT P. W. A., DOCKET NO. 4217 W. R.

Sealed proposals for erecting and completing the additions and the alterations to the Robert Gould Shaw Intermediate School, in the district of West Roxbury, will be received by the Superintendent of Construction at the office of the Department of School Buildings, 11 Beacon street, Boston, Mass., until 2 o'clock p. m., daylight saving time, of Thursday, July 11, 1935, and at the place and time will be publicly opened and read. The proposal submitted to the Superintendent of Construction shall not be separated from the book of specifications. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City at the City Hall, School street, Boston, before the time for the opening of the proposals. Consideration shall be given to the fact that this is a project constructed and financed in part by grant under the terms of the National Industrial Recovery Act and chapter 366 of the Acts of 1933 of the Commonwealth of Massachusetts, as amended by chapter 21 of the Acts of 1934. The attention of bidders is directed to the construction regulations prescribed by the P. W. A. Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project. The employment agency designated by the Government for this project is Everett L. Hanna, Manager, 100 Nashua street, Boston, Mass. All bids must be accompanied by a certified check on a bank located in the Federal Reserve District (5), payable to the City of Boston, in the sum of \$30,000. The certified check shall be attached to the proposal, sealed and delivered to the Superintendent of Construction. The right is reserved to reject any or all proposals or to accept the proposal deemed best for the City of Boston. The certified checks of the three lowest bidders will be retained until the contract has been signed by all interested parties. All other certified proposal checks will be returned not less than forty-eight hours after the date of the opening of the proposals. A bond of an approved surety company shall be given by the Contractor in the full amount of the entire contract price. The contract is subject to the approval of the Mayor. No award can be made without the approval of the State Engineer, P. W. A. Plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, 11 Beacon street, Boston, Mass. A deposit of a certified check for \$300, made payable to the City of Boston, will be required for each set of plans and specifications, said sum to be refunded if plans and specifications are returned not later than seven days after the opening of bids. Mutilation of the plans or the specifications shall be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
Superintendent of Construction,
Department of School Buildings.

(June 22-29—July 6.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PLUMBING CONTRACTORS.

The Superintendent of Construction of the City of Boston invites sealed proposals for plumbing work at the Phillips Brooks School, Quincy street, Dorchester, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 p. m., Friday, July 19, 1935, at said office, with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder if specifications are returned prior to noon of July 26, 1935. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(July 6.) Superintendent of Construction.

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for alterations, etc., in the machine shop in the Mechanic Arts High School, Belvidere and Dalton streets, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 15, 1935, at said office, with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Monday, July 22, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(July 6.) Superintendent of Construction.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FLOUR (BREAD AND PASTRY) TO THE VARIOUS CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing flour (bread and pastry) to the various city departments according to specifications to be obtained from the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. Bidder must use the form of proposal to be obtained at this office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Monday, July 15, 1935, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(July 6.) Superintendent of Supplies.

TAX COLLECTIONS FOR MUNICIPALITIES IMPROVE.

The results of a nation-wide survey of tax collections covering reports from 106 cities throughout the United States, just completed by Frank H. Morse of Lehman Brothers, New York, show that there has been a definite improvement in tax collections in 1934 over 1933.

Questionnaires were sent to the finance offices of the principal cities in each section of the country and 106 replies were received from city officials throughout the country. Of the 106 cities which reported, 82, or 77.3 per cent, showed an improvement in 1934 collections over those of 1933, as against 24 cities, or 22.7 per cent, which reported a decrease in 1934 collections. (From the American City Magazine.)

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, JULY 13, 1935.

No. 28

REAL PROPERTY INVENTORIES BEING CONDUCTED BY CITY PLANNING BOARD AND SUBMITTED TO MAYOR MANSFIELD SHOW THAT DORCHESTER HAS ENJOYED GREATEST POPULATION GROWTH IN PAST FIVE YEARS—INTERESTING FACTS ARE BROUGHT TO LIGHT ALSO IN SURVEYS IN EAST BOSTON AND WEST END OF CITY—MOST OLD BUILDINGS FOUND IN EAST BOSTON SECTION.

Mayor Mansfield's attention has been called to the condition of the dwelling houses in three other districts of the city as the result of the Real Property Inventory being conducted at his request by the City of Boston Planning Board. The report shows that to the Dorchester district belongs the distinction of being the section showing the greatest increase in population in the past five years. In East Boston, another district considered, 85 per cent of the buildings have been found to be of wood, and 75 per cent of them have been found to be more than forty years old. Another district that has been reported upon is that of the West End. Reports on the inventories are as follows:

Real Property Inventory. District No. 8—Dorchester. F. E. R. A. Projects 2235-F2=104; 2235-F2=104F; X2235-F2=U46; X2235-F2=U46B.

To the Dorchester district belongs the distinction of being the only section of the city thus far reported upon by the City Planning Board in connection with its Real Property Inventory to show an increase of population in the last five years. The figures recently released are to the effect that the Dorchester district shows an increase in population of 1.38 per cent since 1930 as against a decrease in other sections varying from 1.43 per cent to 21.20 per cent over the same period of time.

Also, Dorchester is to be congratulated in that but slightly more than 6 per cent of its structures are reported to be in need of major repairs or unfit for habitation, whereas Col. Horatio B. Hackett, former head of the Housing Division of the Public Works Administration, is responsible for the statement that one third of the population of the country today live in structures unfit for human habitation.

The population of the Dorchester district, according to the 1930 census, considered as a unit, was exceeded by only 46 of the principal cities of the country. Although affording excellent business and industrial opportunities, it is primarily a residential section, served by unsurpassed rapid transit facilities and housing approximately one fourth of the city's population in dwellings fairly evenly divided between single-family, two-family and the three-decker type of construction. At the present time only 3.74 per cent of the total number of structures is given over to large apartment houses.

This district contains 18,714 structures of all types, of which 6,138, or 32.80 per cent, are three deckers. There are 5,460 structures, or 29.18 per cent, which are of the single-family type. These are closely followed by 5,376 structures, or 28.72 per cent, of the two-family (up-and-down) type. There are 700 structures, or 3.74 per cent, which are large apartments, exclusively residential. The above-mentioned types of structures amount to 94.44 per cent of all the structures in the district and the remaining 1,040 structures, or 5.56 per cent, consist of other types.

With respect to the materials of construction the survey shows that there are 17,575 structures, or 93.91 per cent, built of wood. 997 structures, or 5.33 per cent, are built of brick. The remainder, or 0.76 per cent, are built of other materials.

In regard to the condition of the structures it was found that 1,106 were in need of structural repairs and that 37 were unfit for habitation. Together these amount to 6.11 per cent of all the structures in the district. In addition it was found that 10,881 structures, or 58.14 per cent, were in need of minor repairs.

Ages of Structures.

With regard to the ages of the structures it was found that 5,167 structures, or 27.61 per cent, are 40 years of age and older. 1,127 structures, or 6.02 per cent, are from 50 to 59 years of age. 438 structures, or 2.34 per cent, are 80 years of age and older. 450 structures, or 2.40 per cent, are 4 years old or less.

This district contains 42,288 dwelling units, of which 29,765 units, or 70.39 per cent, are rental units and the balance, 12,523 units, or 29.61 per cent, are owner-occupied units. Of the 29,765 rental units there are 2,625 units, or 8.82 per cent, which are vacant. Of the 39,663 occupied units there are 39,514 units, or 99.62 per cent, which are occupied by white persons.

Of the 27,140 occupied rental units, 1,100 units have families doubled up, while of the 12,523 owner-occupied units there are 912 units which have families doubled up.

Of the 39,663 occupied units, 4,967, or 12.52 per cent, are crowded (from 1.01 to 2 persons per room).

The median monthly rental for the entire district is \$34.65. This will vary from census tract to census tract. There are 319 rental units, or 1.07 per cent, which rent for \$14.99 or less. There are 3,962 rental units, or 13.31 per cent, which rent for \$15 to \$24.99. There are 5,891 rental units, or 19.78 per cent, which rent for \$25 to \$29.99. There are 12,968 rental units, or 43.57 per cent, which rent for \$30 to \$39.99. There are 1,499 rental units, or 15.11 per cent, which rent for \$40 to \$49.99. There are 1,824 rental units, or 6.12 per cent, which rent for \$50 and over per month.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, July 15, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending July 6, 1935:
Population as of July, 1935, Massachusetts State Census, 820,190; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 152; nonresidents, 28; total, 180.
Death rate per 1,000 of population. All deaths, 11.72; nonresidents deducted, 9.89.

Death rate per 1,000 population:

Last week, 13.54; corresponding week last year, 14.71.

Deaths by age periods, sex, etc.: Under one year, 18; one year to four years, inclusive, 3; sixty years and over, 92. Total deaths: Male, 94; female, 86; deaths in hospitals and institutions, 113; deaths of colored, 8.

REPORTABLE DISEASES: CASES AND DEATHS.*

PILING UNDER BOSTON'S ENTIRE WATERFRONT BEING EATEN BY MARINE INSECTS—MAYOR MANSFIELD HAS APPEALED TO STATE PUBLIC WORKS COMMISSIONER, UNDER WHOSE JURISDICTION THE CARE OF PILINGS COMES, TO REMEDY CONDITION AND REMOVE MENACE LEST SOME SERIOUS OR FATAL ACCIDENT OCCUR—CONDITION DISCOVERED AFTER INSPECTION BY BUILDING DEPARTMENT FORCES.

Mayor Mansfield has called the attention of William F. Callahan, Department of Public Works for the State, to the fact that a dangerous condition exists in the wooden piles along the entire Boston waterfront and has asked that the menace be removed lest some catastrophe occur that may find the loss of life most heavy. The Mayor's letter to the Public Works Commissioner was occasioned by a letter from Boston's Building Commissioner, Edward W. Roemer, who has caused a very careful inspection of the piling to be made. The letters in the matter follow:

Boston, July 6, 1935.

WILLIAM F. CALLAHAN, ESQ., Department of Public Works, 100 Nashua Street, Boston.

DEAR COMMISSIONER CALLAHAN,—I inclose a letter from Building Commissioner Roemer of the City of Boston in which he calls attention to the dangerous condition of many of the wooden piles on the Boston waterfront due to the operations of certain marine insects. Apparently this condition is becoming very serious and since, according to Commissioner Roemer, the City of Boston has control only over structures erected on wharves and not over the wharves or piling, apparently no steps can be taken by the city to compel private owners to undertake repairs or renovations of the piles. Assuming that Mr. Roemer's position is correct and that the Commonwealth of Massachusetts and not the City of Boston has jurisdiction here, I respectfully request that such steps may be undertaken as present themselves to your department to see that private owners of property along the Boston Harbor waterfront be made safe and secure not only for purposes of navigation but for human safety.

Yours truly,

FREDERICK W. MANSFIELD,
Mayor.

Copy of letter from Building Commissioner Edward W. Roemer to Mayor Frederick W. Mansfield.

Boston, June 24, 1935.

HON. FREDERICK W. MANSFIELD, .
Mayor of Boston.

DEAR SIR,—I am writing to call your attention to the fact that for the first time in sixty years the wooden piles, not only in Boston Harbor, but on the entire coast of Massachusetts, are being attacked by marine borers. These borers are known as *limnoria lignorum*, *teredo navalis*, and *chebura terebrans*, the last one named never having been seen previously in this country and almost entirely confined to Norwegian waters. They attack piles of all species of untreated wood, but seem to have a preference for spruce.

It has always been the opinion that because of the temperature of the water in Boston Harbor the piles in this locality were immune from attack by these borers. Therefore, to my knowledge, no precautions have ever been taken to resist their activities, and I know of no other reason that would cause the influx of these destructive borers, but they are here in such large quantities that a test block put into the water shows signs of attack in less than two hours.

The invasion of these marine borers has increased to such an extent that the Federal Government is now spending over a million dollars to repair the damage at the Army Base, the Edison Electric Illuminating Company is spending large sums of money, and I am informed that the Boston Elevated Railway is about to begin operations, as well as many owners of private wharves.

For your information, I quote part of section 10, chapter 550, Acts of 1907 as amended, which is the Building Law for the City of Boston:

"The provisions of this act shall not apply to public highway and railway bridges, quays, or wharves . . ."

From the above-quoted law it can be seen that the Building Commissioner and, to my knowledge, no other city official has any supervision over the piles under wharves except those owned by the City of Boston, such as bridges, ferries, etc. The Building Commissioner, however, is responsible for the structural safety of the buildings that may be erected on these wharves.

Therefore, I respectfully suggest that some official notification be sent to the Federal or the State authority having jurisdiction. It is my opinion that the Department of Public Works of the Commonwealth of Massachusetts has jurisdiction over these structures.

Respectfully yours,

EDWARD W. ROEMER,
Building Commissioner.

PLANNING BOARD SURVEY.

((Continued from page 941.))

There are 166,872 persons living in this district. Of this number, 111,645, or 66.90 per cent, live in rental units. 55,227 persons, or 33.10 per cent, live in owner-occupied units.

The distribution of the 42,288 dwelling units by type of structures is as follows: 18,401 units, or 43.51 per cent, occur in three-deckers; 10,728 units, or 25.36 per cent, occur in two-family (up-and-down) structures; 5,460 units, or 12.91 per cent, occur in single-family houses; 4,961 units, or 11.73 per cent, occur in large apartments exclusively residential; the balance, 2,738 units, or 6.49 per cent, are in other types of structures.

Of the 42,288 dwelling units in this district, 2,653 units, or 6.27 per cent, occur in structures which need structural repairs or are unfit for habitation.

Of the 42,288 dwelling units in this district, 7,193 units, or 17.01 per cent, have four (4) rooms or less and 34,898 units, or 82.52 per cent, have five (5) rooms or more.

Of the 27,140 occupied rental units, 10,196 units have been occupied one year or less; 14,241 units have been occupied two years or less; 24,523 units have been occupied nine years or less; 1,908 units have been occupied ten to nineteen years; and 524 units have been occupied twenty years and over.

Of the 2,625 vacant rental units, 2,222 units have been vacant one year or less; 192 units have been vacant two years; 97 units have been vacant three to four years; 66 units have been vacant five to nine years; and 33 units have been vacant ten years and longer.

Of the 29,765 rental units in this district, 1,226 have mechanical refrigeration as concessions and 4,615 units have garages as concessions.

With regard to facilities the following facts were disclosed; of the 42,288 dwelling units, 45 units are without indoor water-closets in the structure; 143 units have indoor water-closets easily available in the structure but not in the unit itself; there are 813 units, or 1.92 per cent, that have no tubs or showers in the structure; 15 units have tubs or showers easily available in the structure but not in the unit itself; 351 units, or 0.83 per cent, have no gas or electricity for cooking; 186 units, or 0.44 per cent, have no gas or electricity for lighting; 16,881 units, or 39.92 per cent, use steam or vapor for the principal type of heating apparatus; 33,513 units, or 79.25 per cent, use hard coal for the principal type of heating fuel; 3 units have no running water and 835 units have cold running water only; 35,037 units, or 82.85 per cent, have no mechanical refrigeration.

The miscellaneous data obtained shows that in this district there are 2,967 principal income earners who walk to work, and of these, 1,629 income earners take 10 to 19 minutes; 7,643 income earners use automobiles to go to work; 870 income earners use the bus to go to work; 4,480 income earners use the street car to go to work; 64 income earners use the railway to go to work; 17,987 income earners use the rapid transit to go to work; 346 income earners use other modes to go to work. The above figures represent 34,357 principal income earners and of these 13,789 income earners, or 40.13 per cent, take 30 to 39 minutes to go to work. In addition to the 3,457 principal income earners there were reported, 5,306 dwelling units which have no income earner. In

other words, of the 39,663 occupied dwelling units (rental and owner) in this district, 5,306, or 13.43 per cent, have no income earner.

In this district there are 5,852 structures having garages and these garages have a car capacity of 10,390. There are 13,690 passenger cars owned.

Of the 39,663 occupied dwelling units, the occupants of 951 tended vegetable gardens in 1934.

This district shows an increase in population of 1.38 per cent since 1930.

This inventory of housing and home equipment has been conducted by the City Planning Board in cooperation with the Bureau of Foreign and Domestic Commerce. The work has been carried forward as an E. R. A. project, the field survey and statistical work being directed by Samuel Shapira, Technical Supervisor, by whom this abstract has been prepared.

REAL PROPERTY INVENTORY. DISTRICT No. 1—EAST BOSTON. F. E. R. A. PROJECTS 2235-F2-104; 2235-F2-104F; X2235-F2-U46; X2235-F2-U46B.

The East Boston district is the subject of the third release by the City Planning Board in connection with its Real Property Inventory. The area comprises eleven census tracts in all, and includes 13,937 dwelling units contained in 5,743 structures of all types.

One of the significant results of the survey in this particular section is found in the fact that of the 5,743 structures in the district, 4,878, or nearly 85 per cent, are built of wood and nearly one half of them are of the three-decker type. Approximately 75 per cent of the buildings are 40 years of age or older.

So far as facilities are concerned, one third of the dwelling units are without either tubs or showers, while a remarkably small proportion, about 5 per cent, are recorded as having mechanical refrigeration.

This data with regard to housing and home equipment has been assembled by the City Planning Board, Frederic H. Fay, Chairman, from the Real Property Inventory which it has been carrying on since July, 1934, as an E. R. A. project. A similar inventory was conducted by the Federal Government, Bureau of Foreign and Domestic Commerce, in sixty-four cities throughout the country. In Boston the survey has been directed by William Stanley Parker, Vice Chairman of the City Planning Board and Chairman of its Advisory Committee on Housing, assisted by Miss Elisabeth M. Herlihy, Secretary, and Frank H. Malley, Engineer. The release has been abstracted and compiled by Samuel Shapira, Technical Supervisor for the project.

The complete abstract, so far as it relates to the East Boston section of the city, follows:

The East Boston district contains 5,743 structures of all types, of which 2,322 structures, or 40.43 per cent, are three-deckers. Next in order of number of structures is the two-family (up-and-down) type, of which there are 1,242, or 21.63 per cent of the total number of structures. These are followed by the single-family type of houses, of which there are 956, or 16.65 per cent. Next in order of number of structures is the flat-over-stores type, of which there are 804, or 14 per cent. The above-mentioned types of buildings comprise 92.71 per cent of all the structures in the district, and the remainder, or 7.29 per cent, consist of row houses, apartments and other types.

The survey, with respect to materials of construction, shows that of the 5,743 structures in this district, there are 4,878, or 84.94 per cent, built of wood, and of these, 2,104, or 43.13 per cent, are of the three-decker type. There are 826 structures built of brick and these amount to 14.38 per cent of the total number of structures. The above structures built of wood, together with those built of brick, constitute 99.32 per cent of all the structures in this district.

In regard to the condition of the structures it was found that 893 were in need of structural repairs and that 106 were unfit for habitation. Together these structures amount to 17.39 per cent of all the structures of the district. Further, in regard to condition, it was found that 3,803 structures, or 66.22 per cent, were in need of minor repairs.

Of the 5,743 structures, 4,182, or 72.82 per cent, are 40 years of age and older. 1,402 structures, or 24.41 per cent, are from 50 to 59 years old; 1,756 structures, or 30.58 per cent, are 60 years and older. Of the total 5,743 structures in this district there are 174 structures, or 3.03 per cent, which are 9 years old or less.

This district contains 13,937 dwelling units, of which 10,351, or 74.27 per cent, are rental units and the balance, 3,586, or 25.73 per cent, are owner-occupied units. Of the 10,351 rental units there are 940 units, or 9.08 per cent, which are vacant. Of the 12,997 occupied units, 12,977, or 99.85 per cent, are occupied by white persons.

Of the 9,411 occupied rental units, 232 have families doubled up, while of the 3,586 owner-occupied units, 251 have families doubled up.

Of the 12,997 occupied units, 3,816, or 29.36 per cent, are crowded (from 1.01 to 2 persons per room). Of the total number of occupied units there are 201 units, or 1.6 per cent, which are overcrowded (from 2.01 to 3 persons per room).

The median monthly rental for the entire district is \$21.53. This will vary from census tract to census tract. There are 1,809 rental units, or 17.38 per cent, which rent for \$14.99 or less. There are 3,255 rental units, or 31.44 per cent, which rent for \$15 to \$19.99. There are 2,472 rental units, or 23.88 per cent, which rent for \$20 to \$24.99. The balance of the rental units, or 27.3 per cent, rent for \$25 or more.

There are 57,958 persons living in this district. Of this number, 40,727, or 70.27 per cent, live in rental units. 17,231 persons, or 29.73 per cent, live in owner-occupied units.

Of the 13,937 dwelling units in this district, 7,009, or 50.3 per cent, occur in three-decker structures. Of these 7,009 dwelling units, 5,592, or 79.78 per cent, are rental units. There are 2,475 dwelling units in two-family (up-and-down) structures; 1,692 dwelling units in flats over stores; 1,145 dwelling units in large apartments exclusively residential; and 956 dwelling units in the single-family structures.

Of the 13,937 dwelling units in this district, 2,342, or 16.8 per cent, occur in structures which need structural repairs or are unfit for habitation.

Of the 13,937 dwelling units of the district, 6,331, or 45.43 per cent, have four (4) rooms or less and 7,606, or 54.57 per cent, have five (5) rooms or more.

Of the 9,411 occupied rental units, 3,321 have been occupied one year or less; 4,728 have been occupied two years or less; 8,055 have been occupied nine

years or less; 1,054 units have been occupied ten to nineteen years; and 293 units have been occupied twenty years and over.

Of the 940 vacant rental units, 633 have been vacant one year and less; 121 units have been vacant two years; 105 have been vacant three to four years; 51 units have been vacant from five to nine years; and 27 units have been vacant ten years and longer.

Of the 10,351 rental units in this district, 451 have garages as concessions and none have mechanical refrigeration as concessions.

With regard to facilities the following facts were disclosed: Of the 13,937 dwelling units, 22 units are without indoor water-closets in the structure; 1,581 units have water-closets easily available in the structure but not in the unit itself; 4,690 units are without tubs or showers; 995 units have no gas or electricity for cooking; 292 units have no gas or electricity for lighting; 9,236 units use heating stoves for the principal type of heating apparatus; 8,104 units use hard coal for the principal type of heating fuel; 11 units are reported as having no running water; and 13,108 units, or 94.05 per cent, have no mechanical refrigeration.

The miscellaneous data obtained shows that in this district there are 2,414 principal income earners who walk to work; there are 380 earners who use automobiles to go to work; there is only one principal income earner who uses the bus; there are 1,368 income earners who use the street car to go to work; there are 109 earners who use the railway to go to work; there are 4,421 earners who use the rapid transit to go to work; there are 110 earners who use other modes to go to work. The above figures represent 8,803 principal income earners, and of these 3,309, or 37.6 per cent, take 30 to 39 minutes to go to work. In addition to the 8,803 principal income earners there were reported 4,194 dwelling units which have no income earner. In other words, of the 12,997 occupied dwelling units in this district, 4,194, or 32.27 per cent, have no income earner.

In this district there are 410 structures with garages and these garages have a capacity of 862 cars. There are 1,350 passenger cars owned.

Of the 12,997 occupied dwelling units, the occupants of 1,040 units tended vegetable gardens in 1934.

The district shows a decrease in population of 1.43 per cent since 1930.

REAL PROPERTY INVENTORY. DISTRICT NO. 3A—WEST END. F. E. R. A. PROJECTS 2235-F2-104; 2235-F2-104F; X2235-F2-U46; X2235-F2-U46B.

In November, 1933, the Bureau of Foreign and Domestic Commerce, in anticipation of the need for basic facts with which to attack the housing problem, developed a plan for surveying residential properties in sixty-four selected communities.

Aside from the objective of providing work for unemployed white-collar workers, the purpose of the survey was to make a complete study of residential conditions throughout the country, both for the purpose of securing accurate data on the general housing status and of providing a guide and stimulus for industry, especially the construction industry.

Inasmuch as Boston was not included in the list of cities selected by the Federal Government for its survey, the work was undertaken by the City Planning Board as an F. E. R. A. project, with the as-

sistance and cooperation of the Bureau of Foreign and Domestic Commerce.

The survey was conducted on the basis of census tracts, since they afforded fixed geographical limitations. Abstracts have been released with regard to conditions in Roxbury, South Boston and East Boston. The district here submitted, the West End, consists of that area of Boston lying immediately to the north of the State House and bounded on the west and north by the Charles river and on the east by the North End. The district is made up of census tracts H1, H2, H3, H4 and K1, five tracts in all.

This district contains 1,701 structures of all types, of which 498, or 29.28 per cent, are large apartments exclusively residential. There are 410 structures, or 24.10 per cent, which are large apartments having non-residential units. These are followed by 289 structures, or 16.99 per cent, which are of the flats-over-stores type. There are 186 structures, or 10.90 per cent, which are of the hotel and rooming-house type. The above-mentioned types of structures amount to 81.27 per cent of all the structures in the district, and the remaining 318 structures, or 18.73 per cent, consist of single-family, two-family, three-deckers and other types.

With respect to the materials of construction, the survey shows that there are 1,654 structures, or 97.24 per cent, built of brick. There are 24 structures, or 1.41 per cent, built of wood. The remaining 23 structures, or 1.35 per cent, are built of other materials.

In regard to the condition of structures, it was found that 372 structures were in need of structural repairs and that 73 were unfit for habitation. Together these amount to 26.16 per cent of all the structures in the district. In addition, it was found that 793 structures, or 46.62 per cent, were in need of minor repairs.

With regard to the ages of the structures it was found that 860 structures, or 50.56 per cent, are 40 years of age and older. 127 structures, or 7.46 per cent, are from 70 to 79 years old. 312 structures, or 18.34 per cent, are 80 years of age and older. Only 3 structures are 4 years old or less.

This district contains 7,081 dwelling units, of which 6,681 units, or 94.35 per cent, are rental units and the balance, 400 units, or 5.65 per cent, are owner-occupied units. Of the 6,681 rental units, there are 1,092 units, or 16.34 per cent, which are vacant. Of the 5,989 occupied units there are 5,904 units, or 98.58 per cent, which are occupied by white persons.

Of the 5,589 occupied rental units, 84 units have families doubled up, while of the 400 owner-occupied units there are 16 units which have families doubled up.

Of the 5,989 occupied units, 1,348 units, or 22.51 per cent, are crowded (from 1.01 to 2 persons per room).

The median monthly rental for the entire district is \$25.63. This will vary from census tract to census tract. There are 1,194 units, or 17.87 per cent, which rent for \$14.99 or less. There are 1,492 units, or 22.33 per cent, which rent for \$15 to \$19.99. There are 1,330 units, or 19.91 per cent, which rent for \$20 to \$24.99. There are 780 units, or 11.68 per cent, which rent for \$25 to \$29.99. There are 1,040 units, or 15.57 per cent, which rent for \$30 to \$39.99. There are 740 units, or 11.07 per cent, which rent for \$40 and over per month.

There are 20,493 persons living in this district. Of this number, 18,925, or 92.34 per cent, live in rental units. 1,568 persons, or 7.66 per cent, live in owner-occupied units.

The distribution of the 7,081 dwelling units by type of structures is as follows: 3,096 units, or 43.72 per cent, occur in large apartments exclusively residential; 2,556 units, or 36.10 per cent, occur in large apartments containing non-residential units; 787 units, or 11.14 per cent, occur in flats over stores; the balance, 642 units, or 9.04 per cent, are in other types of structures.

Of the 7,081 dwelling units in this district, 1,637 units, or 23.12 per cent, occur in structures which need structural repairs or are unfit for habitation.

Of the 7,081 dwelling units in this district, 5,157 units, or 72.83 per cent, have four (4) rooms or less and 1,924 units, or 27.17 per cent, have five (5) rooms or more.

Of the 5,589 occupied rental units, 2,196 units have been occupied one year or less; 3,037 units have been occupied two years or less; 5,029 units have been occupied nine years or less; 378 units have been occupied from ten to nineteen years; 145 units have been occupied twenty years and over.

Of the 1,092 vacant rental units, 706 units have been vacant one year or less; 130 units have been vacant two years; 114 units have been vacant three to four years; 82 units have been vacant five to nine years; and 24 units have been vacant ten years and longer.

Of the 6,681 rental units in this district, 465 have mechanical refrigeration as concessions.

With regard to facilities the following facts were disclosed: Of the 7,081 dwelling units, 17 units are without indoor water-closets in the structure; 442 units have indoor water-closets easily available in the structure but not in the dwelling unit itself. There are 1,147 units, or 16.19 per cent, which have no tubs or showers in the structure; 118 units have tubs and showers easily available in the structure but not in the dwelling unit itself; 316 units, or 4.46 per cent, have no gas or electricity for cooking; 155 units, or 2.19 per cent, have no gas or electricity for lighting; 4,560 units, or 64.40 per cent, use heating stoves for the principal type of heating apparatus; 4,359 units, or 61.56 per cent, use hard coal for the principal type of heating fuel; 7 units have no running water and 987 units, or 13.94 per cent, have running cold water only; 6,080 units, or 85.86 per cent, have no mechanical refrigeration.

The miscellaneous data obtained shows that in this district there are 3,369 principal income earners who walk to work and of these, 2,090 income earners take 10 to 19 minutes; 162 income earners use automobiles to go to work; 56 income earners use the bus to go to work; 123 income earners use the street car to go to work; 24 income earners use the railway to go to work; 589 income earners use the rapid transit to go to work. 83 income earners use other modes to go to work. The above figures represent 4,406 principal income earners, and of these 2,174 income earners, or 50.15 per cent, take 10 to 19 minutes to go to work. In addition to the 4,406 principal income earners there were reported 1,583 dwelling units which have no income earner. In other words, of the 5,989 occupied dwelling units (rental and owner) in this district, 1,583, or 26.45 per cent, have no income earner.

In this district there are 4 structures which have garages and these garages have a capacity of 8 cars. There are 318 passenger cars owned.

Of the 5,989 occupied dwelling units, the occupant of 1 tended a vegetable garden in 1934.

This district shows a decrease in population of 1.59 per cent since 1930.

The field work in connection with this Real Property Inventory and the compilation of statistics has been directed by Mr. Samuel Shapira, Technical Supervisor for the City Planning Board E. R. A. Project. He is also responsible for the preparation of the above abstract.

EXTRA WORK UNDER CONTRACT.

A. R. Doyle, Incorporated, has been directed to perform the following extra work under the contract for constructing artificial stone steps, bituminous macadam pavement, and sewerage works in North Mead street, from Medford street for 254 feet southerly. Items ordered: Grade slopes to make dish gutters at each side of the artificial stone steps. Price to be paid, \$230; excavate and place cinder foundations under four (4) inch concrete base at sides of artificial stone steps, including six (6) inch pipe connections with catch-basins. Price to be paid, \$170. Estimated cost of extra work, \$400.

James Chesarone has been directed to perform the following extra work under the contract for building sewerage works for outlet for Hyde Park avenue in New York, New Haven & Hartford Railroad Company land, between Neponset river and Hyde Park avenue, Hyde Park. Items ordered: Furnish and place 140 cubic yards high early strength Portland cement concrete between station 13 + 80 and station 15 + 60 at an added cost of \$2.25 per cubic yard over the bid price of Item 17 of \$8.50 per cubic yard. Estimated cost of extra work, \$315. Although this is in addition to the work contemplated in the original contract it is incidental thereto.

P. W. A. Project No. 4193-G.

V. J. Grande Company has been directed to perform the following extra work under the contract for building sewerage works, Shepard brook in Everett street, Brighton. Items ordered: Place 24-inch pipe cradle under existing 12-inch water pipe at station 71 + 81 at agreed price of \$20. Estimated cost of extra work, \$20. Although this is in addition to the work contemplated in the original contract it is incidental thereto.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of March 6, 1935, determining damages caused by the making of the public improvement, consisting of the taking of land and buildings for school purposes on Hawthorne and Sycamore streets and Cummins Highway, be, and the same hereby is, amended, by striking from said order the amount \$3,750 awarded to Sun Chemical Company in said order and inserting in place thereof the amount \$5,000; that the amount \$5,000 be, and the same hereby is, awarded to Sun Chemical Company for the damages so sustained.

CITY'S GAS AND OIL CONTRACTS GIVE BOSTON ADVANTAGE IN PRICE FLUCTUATIONS AND CONDITIONS—NEW FORMS DRAFTED BY LAW DEPARTMENT—SUPERINTENDENT OF SUPPLIES WARREN W. LOOMIS GIVES MAYOR MANSFIELD EXPLANATION OF OPERATIONS IN AWARDED OF CONTRACTS—MAKES REPLY TO LETTER OF FINANCE COMMISSION.

The following is a copy of letter addressed to Mayor Mansfield by Warren W. Loomis, Superintendent of Supply Department:

CITY OF BOSTON,
SUPPLY DEPARTMENT,
June 26, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Referring to a letter dated June 11, 1935, addressed to you by the Finance Commission, and referring to the matter of oil and gasoline contracts negotiated for the City of Boston, I respectfully call your attention to the following matters relating to these contracts:

In general, regarding the suggested changes in contract phraseology, I do not consider these really necessary for the proper protection of the city's interests, due to the fact that the terms questioned have a perfectly definite meaning in the petroleum industry and need not be misunderstood.

However, in an effort to comply with the suggestions of the Finance Commission, these proposal and contract forms have been revised by the Corporation Counsel, for future use.

The "top price" referred to is a requirement of the Petroleum Industry Code under the N. R. A. and as the contracts referred to were written during the period that the N. R. A. codes were mandatory, the term, "top price" was necessarily included. I can see no advantage to the city in a contract which invites a price advance and still less in a "bottom price" provision which could only operate to prevent the city's receiving the benefit of any price which might be lower than the "bottom price" or "minimum price" stipulated in the contract.

It was for this reason only that the Superintendent of Supplies recommended the elimination of the proposal which specified a "minimum price." The wis-

dom of your Honor's action in accepting this recommendation is borne out by the fact that the City of Boston will pay to the present contractor for all oil delivered to date a price which is lower than the "minimum price" specified in the rejected proposal referred to.

Furthermore, a letter in the Supply Department files, dated October 5, 1934, written by the contractor who is supplying the city with light fuel oil under the contract in question, guarantees that the City of Boston will pay less for light fuel oil under this contract than would be possible on the basis of any of the other bids submitted under date of September 19, 1934 (the date bids were opened).

Regarding the matter of the range oil contract, I believe that with the N. R. A. codes no longer mandatory that in the future contracts can be negotiated which will better protect the city's interests.

Reference is also made to the contract for gasoline. During the life of this contract, which was also made during the period when certain contract provisions were definitely fixed by the N. R. A. codes for the petroleum industry, the City of Boston has received the benefit of three reductions in price and is now buying its gasoline at a price which is lower than prices being bid at the present time on contracts which involve a volume of gasoline several times larger than the city's requirements.

This particular gasoline contract, therefore, has been a very advantageous one for the city as to quality, price and service.

As your Honor knows, the bids for the city's gasoline supply for the next twelve months have been readvertised, and the revised form of proposal, prepared by the Law Department, is being used.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

PRAISE FOR MAYOR MANSFIELD.

The following is a copy of letter received by Mayor Mansfield from Michael T. Harrington, President, Health Inspectors Association, City of Boston:

HEALTH INSPECTORS ASSOCIATION,
SANITARY DIVISION,
CITY HALL ANNEX, BOSTON, MASS.,
July 5, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The Health Inspectors Association of the Sanitary Division, Health Department, at a meeting held today, directed me to convey to you their appreciation of your fairness in the treatment of city employees.

Your recent action, restoring the step-rate increase, affected a number of the

inspectors, and the members of the association were unanimous in their expression of appreciation to you.

Respectfully yours,

MICHAEL T. HARRINGTON,
President.

SPEED OF TRUCKS IN TUNNEL.

At a meeting of the Boston Traffic Commission held July 8 it was voted that for the period commencing Wednesday, July 10, 1935, and terminating Tuesday, July 23, 1935, both inclusive, no operator of any truck incapable of maintaining a speed of at least 20 miles an hour throughout the Sumner Tunnel shall proceed through said tunnel between the hours of 12.30 p. m. and 2.30 p. m.

25 Gross 36-Inch Black Shoe Laces, No. 88 Braid, Per Gross.—Samuel Lebow Company, 80 cents; United Shoe Machinery Corporation, 89 cents, No. 8818, price per gross of laces; Samuel Zoll Company, 50 cents*; Gordon Leather and Shoe Findings Company, 90 cents.

1,500 Only Medium Steel Shanks, Per C.—Samuel Lebow Company, 2 cents*; United Shoe Machinery Corporation, \$4.55 per M., Style C; Samuel Zoll Company, 75 cents; Gordon Leather and Shoe Findings Company, 78 cents.

1,000 Only Large Steel Shanks, Per C.—Samuel Lebow Company, 2 cents*; United Shoe Machinery Corporation, \$5.75 per M., Style B; Samuel Zoll Company, 75 cents; Gordon Leather and Shoe Findings Company, 78 cents.

1 Dozen No. 101 Black Marking Crayons, Per Dozen.—Samuel Lebow Company, 30 cents; United Shoe Machinery Corporation, 24 cents*; Samuel Zoll Company, \$1.75; Gordon Leather and Shoe Findings Company, \$1.75.

1 Dozen No. 101 Yellow Marking Crayons, Per Dozen.—Samuel Lebow Company, 30 cents; United Shoe Machinery Corporation, 27 cents*; Samuel Zoll Company, \$1.90; Gordon Leather and Shoe Findings Company, \$2.

1 Dozen One and One-Half Inch Camels Hair Brushes, Flat, Per Dozen.—Samuel Lebow Company, \$4.75; United Shoe Machinery Corporation, \$4.55; Samuel Zoll Company, \$4; Gordon Leather and Shoe Findings Company, \$1.75.*

One-Half Dozen Sash Brushes, Each.—Samuel Lebow Company, \$1.50; United Shoe Machinery Corporation, \$1.30 a dozen, No. 1; Samuel Zoll Company, 12.5 cents; Gordon Leather and Shoe Findings Company, 12.5 cents.*

1,000 Pairs 8 by 9 Beckwith Box Toes, Per Pair.—Samuel Lebow Company, 2 cents (equal); Samuel Zoll Company, 1.31 cents*; Gordon Leather and Shoe Findings Company, 2.25 cents.

2 Only Dressing Sponges, Approximate \$1 Quality, Each.—Samuel Lebow Company, \$1; Samuel Zoll Company, 75 cents*; Gordon Leather and Shoe Findings Company, \$1.

1 Dozen No. 2 Square Curved Point Shoe Knives, Per Dozen.—Samuel Lebow Company, \$1.65; United Shoe Machinery Corporation, \$1.65, U. S. M. C.; Samuel Zoll Company, \$1.65*; Gordon Leather and Shoe Findings Company, \$1.75.

3 Only No. 3 Curved Lip Knives, Each.—Samuel Lebow Company, 20 cents; United Shoe Machinery Corporation, 18 cents*, U. S. M. C.; Samuel Zoll Company, 20 cents; Gordon Leather and Shoe Findings Company, 20 cents.

One Half Dozen Knurles Nail Sets, Each.—Samuel Lebow Company, 10 cents; United Shoe Machinery Corporation, 90 cents a dozen; Samuel Zoll Company, 7.5 cents*; Gordon Leather and Shoe Findings Company, 10 cents.

2 Pounds One Half by No. 9 Copper Belt Rivets, Per Pound.—Samuel Lebow Company, 35 cents.*

1 Only Single Belt Punch for No. 9 Rivets, Each.—Samuel Lebow Company, 50 cents.*

2 Only Crown Stamps, Three Eighths Numbers, 3-Roll, 1-Inch Width Frame, Each.—Samuel Lebow Company, 75 cents.*

1 Only Small Pad for Same, Each.—Samuel Lebow Company, 25 cents.*

10 Pounds French Chalk, Per Pound.—Samuel Lebow Company, 10 cents; United Shoe Machinery Corporation, \$1.55 a dozen, Shoe Tale; Samuel Zoll Company, 6 cents*; Gordon Leather and Shoe Findings Company, 15 cents.

6 Cakes Soft Brown Filling Wax, Per Cake.—Samuel Lebow Company, 5 cents; United Shoe Machinery Corporation, 70 cents a dozen, U. S. M. C. Heel Ball; Samuel Zoll Company, 5 cents*; Gordon Leather and Shoe Findings Company, 5 cents.

12 Cakes Black Finishing Wax, Per Cake.—Samuel Lebow Company, 10 cents*; United Shoe Machinery Corporation, \$2.55 a carton, two dozen cakes to carton, R. E. P. Co.; Samuel Zoll Company, 11.5 cents; Gordon Leather and Shoe Findings Company, 15 cents.

1 Dozen No. 00 Toe Plates for Baseball Shoes, Per Dozen.—Samuel Lebow Company, \$3; United Shoe Machinery Corporation, \$2.50,* per dozen pairs Marathon; Samuel Zoll Company, \$2.75; Gordon Leather and Shoe Findings Company, 10 cents.

1 Dozen No. 00 Heel Plates for Baseball Shoes, Per Dozen.—Samuel Lebow Company, \$3; United Shoe Machinery Corporation, \$2.50,* per dozen pairs Marathon; Samuel Zoll Company, \$2.75; Gordon Leather and Shoe Findings Company, 10 cents.

25 Dozen Black Elk Skins, Medium Weight, Full Chrome and Grain.—Samuel Lebow Company, 18 cents a foot*; Samuel Zoll Company, 19 cents a foot, approximately 220 feet to dozen; Gordon Leather and Shoe Findings Company, 32 cents a foot.

25 Dozen Black Sheepskins, Medium Weight, Full Chrome and Full Grain.—Samuel Lebow Company, 10 cents a foot; Samuel Zoll Company, 11 cents a foot, approximately 90 feet to dozen; Gordon Leather and Shoe Findings Company, 9.5 cents a foot.*

500 Pairs Size 10 Inner Soles, No. 6 Iron, Per Pair.—Samuel Lebow Company, 13.75 cents*; Samuel Zoll Company, 17.5 cents; Gordon Leather and Shoe Findings Company, 14 cents.

500 Pairs Size 12 Inner Soles, No. 6 Iron, Per Pair.—Samuel Lebow Company, 14.75 cents; Samuel Zoll Company, 18 cents; Gordon Leather and Shoe Findings Company, 14 cents.*

500 Pairs Size 13 Inner Soles, No. 6 Iron, Per Pair.—Samuel Lebow Company, 15.75 cents; Samuel Zoll Company, 18.5 cents; Gordon Leather and Shoe Findings Company, 14 cents.*

500 Pairs Size 14 Inner Soles, No. 6 Iron, Per Pair.—Samuel Lebow Company, 17.75 cents; Samuel Zoll Company, 19 cents; Gordon Leather and Shoe Findings Company, 14 cents.*

500 Pairs Size 10 Middle Soles, No. 8 Iron, Per Pair.—Samuel Lebow Company, 11.75 cents*; Samuel Zoll Company, 17.5 cents; Gordon Leather and Shoe Findings Company, 17 cents.

500 Pairs Size 11 Middle Soles, No. 8 Iron, Per Pair.—Samuel Lebow Company, 12.75 cents*; Samuel Zoll Company, 18.5 cents; Gordon Leather and Shoe Findings Company, 17 cents.

500 Pairs Size 12 Middle Soles, No. 8 Iron, Per Pair.—Samuel Lebow Company, 13.75 cents*; Samuel Zoll Company, 19.5 cents; Gordon Leather and Shoe Findings Company, 17 cents.

500 Pairs Size 13 Middle Soles, No. 8 Iron, Per Pair.—Samuel Lebow Company, 14.75 cents*; Samuel Zoll Company, 21 cents; Gordon Leather and Shoe Findings Company, 17 cents.

500 Pairs Size 10 Outsoles, No. 10 Iron, Per Pair.—Samuel Lebow Company, 32.5 cents*; Samuel Zoll Company, 34.5 cents; Gordon Leather and Shoe Findings Company, 42 cents.

500 Pairs Size 11 Outsoles, No. 10 Iron, Per Pair.—Samuel Lebow Com-

pany, 33.5 cents*; Samuel Zoll Company, 35.5 cents; Gordon Leather and Shoe Findings Company, 46 cents.

300 Pairs Size 12 Outsoles, No. 10 Iron, Per Pair.—Samuel Lebow Company, 34.5 cents*; Samuel Zoll Company, 37.5 cents; Gordon Leather and Shoe Findings Company, 50 cents.

500 Pairs Size 13 Outsoles, No. 10 Iron, Per Pair.—Samuel Lebow Company, 35.5 cents*; Samuel Zoll Company, 39.5 cents; Gordon Leather and Shoe Findings Company, 55 cents.

200 Pairs Size 14 Outsoles, No. 10 Iron, Per Pair.—Samuel Lebow Company, 40 cents*; Samuel Zoll Company, 43 cents; Gordon Leather and Shoe Findings Company, 60 cents.

300 Pairs 9 and 10 Rubber Heels, 8-Hole, Six Eighths Inch Thick, Goodyear, Per Pair.—Samuel Lebow Company, 7 cents; Samuel Zoll Company, 7 cents*; Gordon Leather and Shoe Findings Company, 10 cents.

500 Pairs 10 and 11 Rubber Heels, 8-Hole, Six Eighths Inch Thick, Goodyear, Per Pair.—Samuel Lebow Company, 7 cents; Samuel Zoll Company, 7 cents.* Holtite; Gordon Leather and Shoe Findings Company, 10 cents.

200 Pairs 10 and 11 Rubber Heels, 8-Hole, One Half Inch Thick, Goodyear, Per Pair.—Samuel Lebow Company, 7 cents; Samuel Zoll Company, 5 cents,* Holtite; Gordon Leather and Shoe Findings Company, 6.5 cents.

200 Pairs 11 and 12 Rubber Heels, 8-Hole, One Half Inch Thick, Goodyear, Per Pair.—Samuel Lebow Company, 7 cents; Samuel Zoll Company, 5 cents,* Holtite; Gordon Leather and Shoe Findings Company, 6.5 cents.

100 Pounds Seven Eighths by 13 K. K. Rubber Heel Nails, in Half-Pound Packages, Per Pound.—Samuel Lebow Company, 12 cents; United Shoe Machinery Corporation, \$10 per hundredweight*; Samuel Zoll Company, 12 cents, Holtite; Gordon Leather and Shoe Findings Company, 12 cents.

50 Pounds Six Eighths by 13 K. K. Rubber Heel Nails (in Half-Pound Packages), Per Pound.—Samuel Lebow Company, 12 cents; United Shoe Machinery Corporation, \$10 per hundredweight*; Samuel Zoll Company, 12 cents; Gordon Leather and Shoe Findings Company, 12 cents.

50 Pounds Channel Nails, Per Pound.—Samuel Lebow Company, 14 cents*; United Shoe Machinery Corporation, \$14 per hundredweight, $\frac{5}{8}$ and longer; Samuel Zoll Company, 18 cents; Gordon Leather and Shoe Findings Company, 16 cents.

Cash Discount, Ten Days.—Samuel Lebow Company, 2 per cent; Samuel Zoll Company, 2 per cent.

Remarks.—Samuel Lebow Company, bid rejected because of lack of identification; Gordon Leather and Shoe Findings Company, auditor's copy reads, "2 per cent cash discount for payment in ten days."

WITHOUT ADVERTISING.

Upon varying dates, as indicated, the Mayor approved contracts for supplies and labor, etc., from several firms and contractors. Communications from the heads of departments interested were as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, July 1, 1935.

HON. FREDERICK W. MANSFIELD,

Mayor of Boston.

DEAR MR. MAYOR.—On June 10, 1935, the City Council disapproved two pro-

posed contracts submitted to it for consideration between the City and the Boston Consolidated Gas Company, one for furnishing illuminating gas for street lighting and the other for equipment and the lighting and extinguishing of gas lamps for street lighting in the city, each being for a term of five years beginning January 1, 1935.

At the present time the Boston Consolidated Gas Company is the only company that can furnish gas for the street lamps covered by said disapproved contracts, and to make any change in the lamps would require the lapse of a considerable length of time. In order that there may be no interruption in the service of lighting the city streets and in order that I may have ample opportunity to negotiate with the Edison Electric Illuminating Company of Boston and the Boston Consolidated Gas Company with regard to new proposed contracts or rates and to study more completely the entire situation with regard to street lighting, I respectfully request your authority to award the following contracts without inviting proposals therefor by advertisement:

1. Contract for furnishing illuminating gas for street lighting to the Boston Consolidated Gas Company for a term of two months beginning July 1, 1935, at the present rate of \$8.42 per lamp per year for single burner, 60-candle power lamps.

2. Contract for equipment and the lighting and extinguishing of gas lamps for the City of Boston to the Boston Consolidated Gas Company for a term of two months beginning July 1, 1935, at the present rate of \$14.70 per lamp per year.

Respectfully,

C. J. CARVEN,
Commissioner of Public Works.

BOSTON, June 21, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The Sanitary Division anticipated a fleet of trucks to be used in ashes and garbage collection, said trucks to be obtained under the Snow Equipment Loan of \$800,000 and after termination of snow usage to be used for the ordinary purposes of the division. At date the loan order is still in committee and we are seriously handicapped for trucks.

The Sanitary Division has been using a Ford truck with a special body for paper collection to travel all over Boston, daily, and collect papers disposed in catch-all boxes at street corners, said truck furnished by M. H. Loonie at a cost of \$1.50 per hour or \$12 per eight-hour day, until the Public Works Department obtains some new equipment. It is very desirable that the Ford truck equipped with this special body be continued in use.

I respectfully request permission to dispense with advertising and enter into a contract with M. H. Loonie for the use of a special Ford truck at a price of \$1.50 per hour equal to \$12 per day and at the rate of \$300 per month for a period of six months, total expenditure being \$1,800.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

BOSTON, July 3, 1935.

To the Mayor of Boston.

The acceptance of approximately 4,000 linear feet of Waldemar avenue, easterly from McClellan Highway, East Boston, by the Board of Street Commissioners,

as a public street, demands that said street be made safe and to prevent damage and subsequent law suits by parties using said public street.

Waldemar avenue will be one of a number of entrances to the Suffolk Downs Racing Track, and at the present time is only a cart road. The track opens on July 10, 1935, and it will be impossible to advertise a contract to perform any construction work before the date of opening.

Permission is respectfully requested to enter into a contract, without advertising, with B. F. Hanrahan, 1177 Saratoga street, East Boston, for a sum not exceeding \$2,500, to rough grade a roadway 35 feet in width, to remove trees and shrubbery, spread bank gravel, roll with steam roller, and set iron posts and place wire cable attached to said posts to safeguard against automobiles going over the bank.

The work to be performed is labor at cost plus 15 per cent, plus insurance on labor, and materials at cost. This is an emergency and can be handled most advantageously by a contract, without advertising, for the work is to be practically completed July 10.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, June 27, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

Requisition No. 344W, dated June 21, 1935, has been received from the F. E. R. A. Sewing Department, covering the rental of 445 electric and treadle sewing machines for use in F. E. R. A. Project No. 2235-D1W-20, for a period of three months.

These machines have already been used by the Sewing Department for a period of three months, at the rental price of \$2 per machine per month, and Mrs. Catherine Ahern, Suffolk County director of F. E. R. A. Sewing units, in a letter dated June 24, 1935, has requested that the use of these machines, which were supplied by F. C. Henderson Company, the low bidder, be continued for the new three-months' period.

Inasmuch as the rental price quoted for these machines is low and the equipment has proven satisfactory and is already in place I respectfully request that you approve the award, without public advertising for bids, of a contract amounting to approximately \$2,670, covering the use of these sewing machines for a three-months' period beginning June 17, 1935, at \$2 per month per machine.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, July 3, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The Paving Division of the Public Works Department has today sent to the Supply Department requisition No. 589, dated July 3, 1935, calling for 2,000 tons of gravel (run of bank), to be delivered on Waldemar street, East Boston.

As this street is to provide an approach to the new Suffolk Downs Track, which is scheduled to open Wednesday, July 10,

1935, this material has, with your verbal approval, been purchased on an emergency basis, without public advertising, from the Boston Sand and Gravel Company.

This contractor has the material available in East Boston at a location near the delivery point and will deliver the total required tonnage within the time necessary to permit the completion of Waldemar street at the desired time.

The cost of the gravel delivered will be 50 cents per ton for all tonnage delivered on regular time and 65 cents for all tonnage delivered Saturday after 12 o'clock noon, July 6, and on Sunday, July 7, 1935.

The approximate contract total will be \$1,200.

I therefore respectfully request that you formally approve the awarding of a contract, without public advertising for bids, to the Boston Sand and Gravel Company for this material.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, July 3, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—A requisition No. 588 has been received in the Supply Department from the Public Works Department, Paving Division, requesting the purchase of twenty-five time stamps for use in connection with the addressograph equipment purchased for stamping snow-removal tickets.

These stamps have been specially designed for the purpose by the Dimond-Union Stamp Works and will cost \$120 each, delivered, and mounted on stands ready for use.

The use of these stamps has already been approved by your Honor, as requested in Mr. Carven's letter dated June 24, 1935, addressed to you, copy of which is attached.

I therefore respectfully request that you approve the award, without advertising, of a contract to the Dimond-Union Stamp Works, 81 Washington street, Boston, to supply twenty-five (25) of these special time stamps, at \$120 each, total, \$3,000.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, July 8, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—In order that F. E. R. A. projects may be carried on with as little delay as possible I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

Requisition No. A-100, issued by the City Planning Board, calls for planographing the Report of Real Property Inventory, consisting of two volumes, totaling 655 pages.

Of five bids received for this work, as follows, Boston Blue Print Company, \$1,156, Adams & Abbott, \$1,300.60, Spaulding-Moss, \$1,255, Hutchinson Company, \$1,621, Modern Blue Print Company, \$1,357.51, that of the Boston Blue Print Company, at \$1,156, is the lowest.

I therefore respectfully request that you approve an award to the Boston Blue Print Company, without advertising, of a contract to cover this work at a total price of \$1,156.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

D'Amore Construction Company has been ordered to add to the contract for the East Boston High School addition, J. H. Barnes District, the following: 146 pounds $\frac{1}{2}$ -inch steel reinforcing rods for brick manhole at 5 cents, \$7.30; cutting concrete at column No. 2, 72 hours' labor at 95 cents, \$68.40; 2 cubic yards reinforced concrete at \$17, \$34—\$109.70, and the amount of \$109.70 will be added thereto, making the account as follows: Contract price, \$128,740; total additions, \$862.40; total deductions, \$1,000; amount of contract, \$128,602.40.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of races at Suffolk Downs Track, parking of vehicles is prohibited in Waldemar avenue, East Boston, both sides, from Walley street to McLellan Highway, effective July 10, 1935, to August 10, 1935, inclusive.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be three (3) days, vehicles are excluded from Waldemar avenue, East Boston, between McLellan Highway and the entrance to Suffolk Downs Race Track, effective July 5, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, parking of vehicles is prohibited in Congress street, both sides, from Milk street to Purchase street, between the hours of 7 a. m. and 6 p. m., effective July 10, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, parking of vehicles is prohibited in River street, Hyde Park, west side, from Winthrop street to a point one hundred and fifty (150) feet south of Winthrop street, effective July 12, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, the following street is one way in the direction indicated, effective July 11, 1935:

Woodfield Street, Dorchester.

From Gallivan Boulevard to Minot street.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 194 F street, Ward 6.

The ell at 5 Corning street, Ward 3.

The ell at 3 Corning street, Ward 3.

The building at 14 Nott street, Ward 18.

The building at 34 Kendall street, Ward 9, rear wall bulged outward about 6 inches at first floor line and threatens

to collapse, rear door and windows open to trespass, unsafe and dangerous. We have been informed that the owner of record, Joseph H. McCready, is deceased, but a notice of the unsafe condition has been served on Mrs. Joseph H. McCready of 38 Chipman street, Dorchester, and a notice posted on the external wall of the building.

In 1930 part of a retaining wall in the rear of Priesing street, Jamaica Plain, collapsed, leaving a section in the rear of 32 and 34 Priesing street in a dangerous condition. The property was shored by this department, and later referred to the Municipal Court because we could get no action from the owner. No satisfaction was obtained in court because the owner, one William E. Curtin of 665 Rogers street, Lowell, waived his claim to the property and the mortgagee has not foreclosed.

The building at 36 Kendall street, Ward 9, the front wall of bay badly cracked and bulged, the wooden cornice is in a dilapidated and falling condition, unsafe and dangerous. The owner, John J. Mulligan of 34 Sedgwick street, Jamaica Plain, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 17 Fabian street, Ward 9, is dilapidated and a menace, unsafe and dangerous. The owner, Celia Shurdut of 188 Winchester street, Brookline, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 15 Fabian street, Ward 9, is dilapidated and a menace, unsafe and dangerous. The owner, William R. Wheeler, Jr., of 68 West Dedham street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

URBAN POPULATION, APRIL 1, 1930.

As defined by the Census Bureau, the urban population is, in general, that residing in cities and other incorporated places having 2,500 inhabitants or more, the remainder being classified as rural.

The total urban population of the UNITED STATES is 68,954,823 (34,154,760 males and 34,800,063 females), of whom 62,836,605 (31,162,570 males and 31,674,035 females) are white; of these whites 52,109,746 (25,520,483 males and 26,589,263 females) are native; 33,497,232 (16,515,816 males and 16,981,416 females) of these latter are of native parentage and 18,612,514 (9,004,667 males and 9,607,847 females) are of foreign or mixed parentage; there are 10,726,859 (5,642,087 males and 5,084,772 females) foreign-born white; there are 5,193,913 (2,479,158 males and 2,714,755 females) Negroes; other races, 924,305 (513,032 males and 411,273 females).

The urban population is 56.2 per cent of the total population of the country; native white, 54.6 per cent and foreign-born white, 80.3 per cent; Negroes, 43.7 per cent.

The total urban population of New England is 6,311,976 or 77.3 per cent of the total population of New England. Of the 4,660,339 native white, 2,089,031 are of native parentage and 2,571,308 are of foreign or mixed parentage; foreign-born whites number 1,564,769; Negro, 81,443; other races, 5,425.

COST OF UNEMPLOYMENT RELIEF.

The annual cost of various types of unemployment relief made by the National Industrial Conference Board, based on 3,500,000 relief cases, have been estimated at from a little less than \$1,000,000,000 for direct relief of the type received by more than half of the persons now on the relief rolls to over \$8,000,000,000 for public works relief, with full-time employment, at the "prevailing wage" rate. According to the report released February 28 the story is:

"The average cost of direct relief per case during the third quarter of the past year was at the rate of slightly over \$280 per year. At this annual rate the total cost for 3,500,000 cases would amount to \$989,000,000. The average cost of work relief has been around 50 per cent greater than the cost of direct relief. The average for the third quarter of 1934 was slightly over \$35 per month, or around \$420 per year. Continuous employment for 3,500,000 persons during a period of twelve months would cost \$1,475,000,000.

GOVERNMENT REPORTS ON ELECTRIC RATES.

Two government bodies reported on electric rates in February. Indeed, the joint legislative committee of New York included gas as well as power and light rates, finding them all unfavorable to the consumer. This was on February 15, and twelve days prior to this the Electric Rate Survey of the Federal Power Commission made public a set of comparative tables showing the widely differing rates effective on January 1, 1935, in the 191 cities of 50,000 or more, constituting 49 per cent of the residential customers in the United States. All communities of 1,000 or more will eventually be covered, by June 30 next.

This latter survey, under the direction of William E. Mosher, shows that cities owning their own plants charge less than do the commercial utilities. In cities of 100,000 or more having the lowest rates, this was invariably the case. In these cities where rates were highest, Jacksonville was the only municipally served city.

36,000 TRAFFIC DEATHS IN 1934.

The automobile casualty toll for 1934 was 36,000 persons killed in 882,000 personal-injury collisions on streets and highways, according to the Travelers Insurance Company. Pedestrians accounted for 44 per cent of the fatalities.

The death gain was 16 per cent against an increase of only 6 per cent in registrations and gasoline consumption. Fast driving is given as the dominant factor. Alcohol is known to have figured with 3.16 per cent of the drivers and 4.46 per cent of the pedestrians, compared with 2.43 and 2.99 per cent respectively in 1933.

Despite figures indicating that nine out of ten cars involved in accidents were in good condition, three out of every four cars inspected were found to be defective, says the report. Defects were as follows: Brakes bad on 29 per cent of the cars; tires fair to poor on 56 per cent; lamps needed adjustment or replacement on 63 per cent.

POLICE DEPARTMENT ORDERS.

General Order No. 61.

A trial board consisting of Captains Dickinson, Fallon and Mulrey, having heard by reference a complaint made by Thomas F. Gleavey, captain, Division 17, against Frank J. McCristle, patrolman, Division 17, for alleged violation of Rule 41 of the Rules and Regulations of the Police Department, to wit:

Charge: Neglect of duty.

Specification 1: In that on the 11th day of June, 1935, the said Patrolman Frank J. McCristle did absent himself from 8 o'clock a. m. roll call at Division No. 16, to which division and at said time he was ordered to report by his commanding officer, Capt. Thomas F. Gleavey, without permission from the Police Commissioner, the superintendent or his commanding officer.

Specification 2: In that on the 11th day of June, 1935, the said Patrolman Frank J. McCristle did absent himself from the 5.45 o'clock p. m. roll call without the consent of the commissioner, the superintendent or his commanding officer,—

has submitted the following finding and recommendation:

"The Board accepts the plea of guilty made by the said Patrolman Frank J. McCristle. The Board, having carefully considered all the evidence as presented, and having taken into consideration certain extenuating circumstances, respectfully recommends that the said Patrolman Frank J. McCristle be reprimanded in General Orders."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Frank J. McCristle be reprimanded in General Orders.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 62.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Harry N. Dickinson, captain, Division 11, against Arthur J. Marks, patrolman, Division 11, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification 1: In that on the fourth day of June, 1935, the said Patrolman Arthur J. Marks, while on duty in the station and assigned to the signal desk, was under the influence of intoxicating liquor to such an extent that he was unable to properly perform his duty.

Specification 2: In that the said Patrolman Arthur J. Marks is so addicted to the habitual use of intoxicating liquor that his usefulness in the Police Department is ended,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented finds the said Patrolman Arthur J. Marks guilty of Specification 1 of said charge and not guilty of Specification 2 of said charge. In view of all the evi-

dence given in this case, the Board feels that this offense is one which would warrant imposition of the extreme penalty of dismissal. However, in view of the fact that Patrolman Marks has been a member of this department for the past eighteen years and that this is the first time that he has been before a trial board for a violation of the rules; and taking into consideration the promise of Patrolman Marks to abstain from the use of intoxicating liquors in the future, the Board is inclined to be lenient. Therefore, it respectfully recommends that the said Patrolman Arthur J. Marks be suspended from duty for a period of sixty days, effective as of June 4, 1935, and that at the expiration of the said period of suspension the said Patrolman Arthur J. Marks be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Arthur J. Marks be suspended from duty for a period of sixty days, effective as of June 4, 1935, at 7.45 o'clock a. m., and that at the expiration of said period of suspension the said Patrolman Arthur J. Marks perform 210 hours of punishment duty.

Civil Service Rule 23, section 3 requires approval of the Civil Service Commission before reinstatement.

Rule 23.

Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 63.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by John McGrath, captain, Division 14, against Charles C. Brown, patrolman, Division 14, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification 1: In that from time to time, during the past three months, the said Patrolman Charles C. Brown loitered in and around a building located at 969 Commonwealth avenue, the said building containing a licensed restaurant in which intoxicating liquors are sold, after having been repeatedly forbidden so to do by his commanding officer.

Specification 2: In that from time to time during recent months, the said Patrolman Charles C. Brown has been guilty of other acts which constitute unbecoming conduct,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, finds the said Patrolman Charles C. Brown guilty on Charge and Specifi-

cations 1 and 2 thereunder and respectfully recommends that the said Patrolman Charles C. Brown be dismissed from the Police Department."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Charles C. Brown be dismissed from the Police Department, effective as of July 3, 1935, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 64.

A trial board consisting of Captains Kavanagh, O'Connell and Mulrey, having heard by reference a complaint made by Edward W. Fallon, captain, Division 6, against James Griffin, patrolman, Division 6, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification 1: In that on the thirtieth day of May, 1935, the said Patrolman James Griffin, while in uniform and on duty, was under the influence of intoxicating liquor to such an extent that he was unable to perform his duty as a police officer.

Specification 2: In that on the thirtieth day of May, 1935, the said Patrolman James Griffin when ordered to make a written report as to his condition by his commanding officer did refuse to do so, and by refusing to make said report did disobey an order of his superior,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented, finds the said Patrolman James Griffin guilty as charged. Having taken into consideration the fact that this is the third time that Patrolman Griffin has been before a trial board within a period of eighteen months, and each succeeding offense of a more serious nature, the Board has come to the conclusion that it is for the best interests of the public and of the Police Department as a whole that the said Patrolman James Griffin cease to be a member of the department. Therefore, the Board respectfully recommends that the said Patrolman James Griffin be dismissed from the Police Department."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman James Griffin be dismissed from the Police Department, to take effect as of July 2, 1935, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013.836, of which \$20,476,034.190 was interest-bearing. This is a reduction of \$6,120,667.458 from the peak of \$26,596,701.648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281.492.

PROCEEDINGS OF CITY COUNCIL.

SPECIAL MEETING.

Tuesday, July 2, 1935.

Special meeting of the City Council held in the Council Chamber, City Hall, at 3 p. m., President FITZGERALD in the chair. Absent: Coun. Goldman and McGrath.

The meeting was held pursuant to the following calls:

City of Boston,

Office of the Mayor, July 1, 1935.

To the Members of the City Council.

You are requested to assemble at a special meeting of the City Council at City Hall on Tuesday, July 2, 1935, at 3 p. m., for the purpose of taking action on a petition of the Boston Elevated Railway Company for certain track locations, and for the further purpose of resubmitting proposed five-year contracts with the Boston Consolidated Gas Company for furnishing illuminating gas and equipment therefor to the City of Boston.

Respectfully yours,
F. W. MANSFIELD, Mayor.

City of Boston,

Office of the Mayor, July 1, 1935.

To the Members of the City Council.

Gentlemen,—In addition to the two items of business listed in the original call for the special meeting to be held in the City Council Chamber on Tuesday, July 2, 1935, at 3 o'clock p. m., namely, to take action on a petition of the Boston Elevated Railway Company for certain track locations, and for the purpose of receiving proposed five-year contracts with the Boston Consolidated Gas Company for furnishing illuminating gas and equipment to the City of Boston, you are requested also to assemble at the same time and place for the purpose of drawing jurors.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

The calls were severally placed on file.

JURORS DRAWN.

Jurors were drawn under the law, Coun. BRACKMAN presiding at the box in the absence of the Mayor, as follows:

Twenty-seven traverse jurors, Superior Criminal Court, Second Session, to appear August 5, 1935:

Burns I. Goodwin, Ward 1; John J. Annodo, Ward 2; Benjamin R. Chamberlain, Ward 2; Walter C. Doe, Ward 2; Earl P. McAndrews, Ward 3; James J. Corbett, Ward 4; Edwin A. Boardman, Ward 5; Thomas Hiland, Ward 5; Fred W. Kenney, Ward 6; William H. Walls, Ward 6; Albert A. Wieners, Jr., Ward 7; James A. Keegan, Ward 8; Frederick G. Harms, Jr., Ward 9; James Brennan, Ward 11; George E. Gordon, Ward 12; Tileston J. Bostwick, Ward 15; Norman Calderwood, Ward 16; Russel B. Gage, Ward 18; Joseph H. Norton, Ward 18; Edwin A. Lewis, Ward 19; Jeremiah J. Moynihan, Ward 19; Joseph W. Volk, Ward 19; James J. Campbell, Ward 20; John E. Cassidy, Ward 22; Edwin G. Johnson, Ward 22; Henry F. McCormick, Ward 22; Joseph Warburton, Ward 22.

Twenty-nine traverse jurors, Superior Criminal Court, Third Session, to appear August 5, 1935:

George W. Crawford, Ward 2; Hance N. Steward, Ward 2; William Foley, Ward 6; Austin F. Mulkerin, Ward 6; Edward A. Lomer, Ward 7; Thomas F. Matthews, Ward 8; Herbert Spencer, Ward 8; Frank Smolinsky, Jr., Ward 9; Michael W. Callanan, Ward 10; George E. Harrison, Ward 10; Daniel J. Singleton, Ward 10; Joseph P. Reese, Ward 11; George H. Baldner, Ward 13; Albert Rice, Ward 13; John E. Billings, Ward 14; Robert M. Feldman, Ward 14; Samuel Hamburg, Ward 14; William E. Baur, Ward 15; James J. Logan, Ward 15; Harold E. W. Stuart, Ward 16; Joseph DelleCono, Ward 18; William J. Dunn, Ward 18; Louis M. Hadjian, Ward 18; Eli V. Jolin, Ward 18; James J. Burns, Ward 19; Harry L. Cote, Ward 19; Carl A. Nelson, Ward 20; Harry C. Shea, Ward 20; Hartley J. Wildes, Ward 22.

BOSTON CONSOLIDATED GAS CONTRACT.

The following was received:

City of Boston,

Office of the Mayor, July 2, 1935.

To the City Council.

Gentlemen,—In view of the fact that the Boston Consolidated Gas Company has just filed a new rate schedule with the Department of Public Utilities I shall not submit to your Honorable Body at the special meeting today the five-year contract which had been under consideration by the Company and the City of Boston.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

APPROVAL OF TRACK LOCATIONS, WASHBURN AVENUE, EAST BOSTON, ON PETITION OF BOSTON ELEVATED RAILWAY COMPANY.

The following petition was presented from the Boston Elevated Railway Company, through its General Counsel, and read:

Boston, June 28, 1935.

To the Honorable City Council of Boston.
Gentlemen,—The Boston Elevated Railway Company desires to construct a portion of its railway on certain private land in that part of Boston known as East Boston for the purpose of providing railway facilities for the transportation of passengers to and from the Suffolk Downs Race Track of the Eastern Racing Association, Inc., and to provide convenient terminal facilities; Wherefore, The Boston Elevated Railway Company requests that you will approve the construction by it of its railway on Washburn avenue, a private way in said East Boston, on land of the Boston Elevated Railway Company located on the easterly side of said Washburn avenue, and on an unnamed private way and private land westerly of said Washburn avenue in East Boston and northerly of Waldemar avenue in part a public way and in part a private way in said East Boston.

BOSTON ELEVATED RAILWAY COMPANY.

Ordered, That the construction by the Boston Elevated Railway Company of a portion of its railway on certain private land in Boston, namely, on Washburn avenue, a private way extending between Walley street and the Boston-Revere line, in that part of Boston known as East Boston, on land of the Boston Elevated Railway Company located on the easterly side of said Washburn avenue, and on an unnamed private way and private land westerly of said Washburn avenue and northerly of Waldemar avenue in part a public way and in part a private way in said East Boston, be, and is hereby, approved.

Referred to Executive Committee.

RECESS.

The Council voted, at 3.12 p. m., to take a recess for the purpose of going into executive session. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 3.24 p. m.

EXECUTIVE COMMITTEE REPORT.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

The petition of the Boston Elevated Railway Company, referred this date, for approval of location on Washburn avenue.

The Executive Committee submitted a report recommending that the order accompanying the petition ought to pass.

The order was passed.

President FITZGERALD—The purpose for which the meeting was called having been accomplished, I declare the meeting adjourned.

Adjourned at 3.26 p. m.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

M. Cibotti & Co. have been granted an extension of the time of completion of the contract for building sewerage works in the Camp Ground Area, Hyde Park, from July 6, 1935, to September 7, 1935.

M. F. Gaddis has been granted an extension of the time of completion of the contract for repairing Northern Avenue Bridge, from July 27, 1935, to September 27, 1935.

Sulmona Construction Company has been granted an extension of the time of completion of contract for laying and relaying water pipes in Providence Turnpike cut-off, Spring street connection, West Roxbury, from June 29, 1935, to August 10, 1935.

George A. Fuller Company has been granted an extension of the time of the completion of the contract for the building of sewerage works in Stony Brook, Section 13, West Roxbury, P. W. A. Project No. 4193-B, from July 23, 1935, to August 23, 1935, a period of thirty-one days.

Season of 1935

Garden Assistants—Paul F. Boubula, Albert J. Gricius.

Assistants in School Gardens—Joseph Dunlap, Vincent P. Conners, Genoveffa Coreia, Mary E. McGinty, Kathryn M. Mahoney, Marguerite E. Scully, Mary S. Marco, Della London, Elizabeth A. Corrigan, Helen G. Conley, Evelyn Moskowitz, Ramona Braxten.

Approved.

TRANSFERS

A communication was received from the Superintendent, under date of June 18, 1935, reporting that subject to the approval of the School Committee, he has made the following transfers of teachers:

Quincy District—Helen M. Connelly, master's assistant, to the same position in the Thomas Edison Intermediate District, Sept. 1, 1935.

Shurtleff District—Mary C. O'Brien, Winifred M. Heffernan, Helen C. Brooks, assistants, elementary; Frances R. Kent, first assistant, kindergarten, two sessions; Ruth M. Galvin, assistant, kindergarten, two sessions; to the same positions in the Brighton District, Sept. 1, 1935; Esther M. Cronan, master's assistant, Essex I. Cuncen, Catherine A. Daut, Mary C. Donerty, Isabelle L. Morra, Mary C. O'Connor, Olga H. Pivack, assistants, elementary; Madeleine

C Hayes, first assistant, kindergarten; Mary E. Fahey, assistant, kindergarten, two sessions; to the same positions in the John A. Andrew District, Sept. 1, 1935.

Approved.

LEAVES OF ABSENCE

On motion of the Superintendent, it was

ORDERED, That the action of the School Committee at the meeting of Mar. 18, 1935 (see p. 36), granting the following leave of absence is hereby rescinded:

Girls' Latin School—Janet Crawford, assistant, Mar. 1, 1935, to June 30, 1935, without pay.

On the report of the Superintendent, leave of absence was granted each of the following-named teachers for the terms specified:

Dorchester High School for Girls—Grace A. Evans, assistant, May 16, 1935, one day, court summons.

Roxbury Memorial High School (Boys)—William J. Bond, junior master, June 13, 1935, one day, court summons; Edward J. Golden, junior master, June 13, 1935, one day, court summons.

Boston Trade School—Robert V. Dandrow, shop instructor, May 8 and 9, 1935, two days, court summons.

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted the following-named teacher and school nurse for the terms specified:

Girls' Latin School—Ida Cohen, assistant, Mar. 18, 1935 to June 30, 1935, without pay.

Department of School Hygiene—Mary F. Buckley, school nurse, Apr. 1, 1935 to June 3, 1935, without pay.

On the report of the Superintendent, leave of absence for rest was granted the following-named teacher for the term specified:

Girls' High School—Mary M. Sullivan, assistant, from Sept. 1, 1935 to Aug. 31, 1936, for rest.

ASSIGNMENTS

A communication was received from the Superintendent, under date of June 18, 1935, reporting that subject to the approval of the School Committee, he has assigned the following-named teacher to a class attended exclusively by boys in a grade above the third in the district herein stated:

Thomas N. Hart District—Catherine M. Hanley, assistant, intermediate, June 1, 1933.

Placed on file and the assignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of June 18, 1935, reporting that subject to the approval of the School Committee, he has assigned Mary L. Murphy, assistant, elementary, Thomas Gardner District, to the Department of Manual Arts, to take effect Sept. 1, 1935, and to continue for the school year ending Aug. 31, 1936, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of June 18, 1935, reporting that subject to the approval of the School Committee, he has re-assigned the following-named teachers, to take effect on the dates stated and to continue for the school year ending Aug. 31, 1936, unless earlier terminated by the Superintendent with the approval of the School Committee:

Mary C. Grandfield, assistant, South Boston High School, to The Teachers College, Sept. 1, 1935.

Francis J. Murphy, vocational instructor, Department of Vocational Guidance, to the Boston Trade School, without change of rank or salary, Sept. 1, 1935.

Mercedes E. O'Brien, vocational assistant, Department of Vocational Guidance, to the Department of Practice and Training, without change of rank or salary, Sept. 1, 1935.

William M. Rogers, cooperative instructor, Brighton High School, to the Department of Manual Arts, without change of rank or salary, Sept. 1, 1935.

Matthew F. Durgin, cooperative instructor, Charlestown High School, to assist in placement work, without change of rank or salary, Sept. 1, 1935.

Placed on file and the reassignments approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of June 18, 1935, reporting that subject to the approval of the School Committee, he has re-assigned Mary H. Stroup, Assistant in Charge, Day School for Immigrants, for part-time service in supervising the instruction of physically handicapped children, without change of rank or salary, to take effect Sept. 1, 1935, and to continue for the school year ending Aug. 31, 1936, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the reassignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of June 18, 1935, reporting that subject to the approval of the School Committee, he has re-assigned Edith C. Baldwin, school nurse, as school nurse, certificating office, to take effect Sept. 1, 1935, and to continue for the school year ending Aug. 31, 1936, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the reassignment approved, to take effect on the date stated.

DESIGNATION

A communication was received from the Superintendent, under date of June 18, 1935, reporting that he has made the following designation of a teacher to serve in the position indicated until such time as it shall be filled otherwise in accordance with the rules and regulations but not beyond Aug. 31, 1935:

Jefferson District—Christine M. Murphy, assistant, kindergarten, as acting first assistant, kindergarten (vice Mary M. Oswald, absent on leave), May 14, 1935.

Placed on file.

SUMMER SUPERVISION OF AGRICULTURAL PROJECTS

A communication was received from the Superintendent, under date of June 18, 1935, reporting that subject to the approval of the School Committee, he has assigned Thomas P. Dooley, master, head of department, Jamaica Plain High School, as acting coordinator in that school for the summer of 1935.

Placed on file and the assignment approved.

A communication was received from the Superintendent, under date of June 18, 1935, reporting that subject to the approval of the School Committee, he has assigned the following-named teachers for supervision of agricultural pupil projects during the summer of 1935:

Jamaica Plain High School—Dennis M. Crowley, Frederick W. Swan, Henry C. Wendler, cooperative instructors.

Placed on file and the assignments approved, to take effect on the date stated.

On motion of the Superintendent, it was

ORDERED, That the employment of Edward J. Donaghy and John W. McGuckian as temporary cooperative instructors for summer supervision of agricultural pupil projects is hereby authorized, compensation for said service to be at the rate of seven dollars (\$7) per day.

PLAYGROUND ACTIVITIES, SEASON OF 1935

The Superintendent offered the following eight orders:

ORDERED, That for the current calendar year, the playground term shall extend from June 24 to August 30, inclusive.

ORDERED, That variations in the established dates for beginning and terminating playground activities may be allowed in the discretion of the Superintendent on recommendation of the Director of Physical Education.

ORDERED, That the Director of Physical Education is hereby authorized to conduct playground activities in such schoolyards, children's corners and athletic fields as may be approved by the Superintendent during the season of 1935.

ORDERED, That the Superintendent is hereby authorized to change the days and hours on which each playground may be conducted at his discretion.

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments as may be necessary for service in the playgrounds during the season, 1935.

ORDERED, That any teacher whose name appears on the list of teachers appointed in playgrounds for the season of 1935 may

be transferred by the Superintendent from one position to another for which said teacher holds the required certificate, and said teacher shall be paid according to the schedule established for the position actually filled during any day or part of the day certified to by the Director of Physical Education.

ORDERED, That the sessions of the playgrounds shall be as follows:

June 24 to August 30, inclusive—from 9.45 o'clock, A. M. until 5 o'clock, P. M. daily, with no Saturday service.

ORDERED, That the hours of service of teachers and custodians employed in the playgrounds during the season of 1935, unless otherwise specified, be such portion of the time between 8 o'clock, A. M. and 8 o'clock, P. M. as the Superintendent may direct.

The eight orders passed.

EMPLOYMENT OF PLAYGROUND TEACHERS

On motion of the Superintendent, it was

ORDERED, That for the summer term ending Aug. 30, 1935, the Superintendent is hereby authorized in his discretion to assign playground teachers as follows:

To the Health Units in Charlestown, East Boston, North End, West End, Roxbury, South Boston, and Whittier Street.

The Long Island Hospital School.
The Prendergast Preventorium, Mattapan.

Castle Island.

The Temporary Home of the Massachusetts Society for the Prevention of Cruelty to Children, 43 Mt. Vernon Street.

ESTABLISHMENT OF ELEMENTARY MECHANIC ARTS CLASS

On motion of the Superintendent, it was

ORDERED, That an elementary mechanic arts class is hereby established in the Oliver Hazard Perry District for the school year ending Aug. 31, 1936, and to continue until otherwise ordered, with the provision that no additional compensation shall be allowed the teacher assigned to this class.

TEMPORARY CLERICAL ASSISTANT, THE TEACHERS COLLEGE

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized in his discretion to assign a temporary clerical assistant to the Dean of The Teachers College during the current summer session, compensation to be at the rate of three dollars and fifty cents (\$3.50) per day of service.

PAYMENT OF SALARY DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the amount due Marion W. Rundlett, deceased pensioned teacher in the Shurtleff District, be paid to her niece, Mabel R. Wilson.

SALARIES OF ATTENDANTS IN NUTRITION CLASSES

On motion of the Superintendent, it was

ORDERED, That the salary of the rank of nutrition class attendant is hereby established at the rate of seventeen dollars (\$17) per week, beginning June 17, 1935, with a maximum of nineteen dollars (\$19) per week, effective at the termination of a period of twelve months under this schedule.

On motion of the Superintendent, it was

ORDERED, That the salary of the rank of assistant nutrition class attendant is hereby established at the rate of thirteen dollars (\$13) per week, beginning June 17, 1935, with a maximum of fourteen dollars (\$14) per week, effective at the termination of a period of twelve months under this schedule.

AUTHORIZED LIST OF TEXT BOOKS

The Superintendent offered the following eleven orders authorizing changes in and additions to the authorized list of text books:

1. ORDERED, That the following-named books are hereby authorized for use as text books in The Teachers College of the City of Boston:

The eleven orders were laid over.

APPOINTMENTS OF SUPERVISORS OF ATTENDANCE

A communication was received from the Secretary, under date of June 18, 1935, reporting that the Division of Civil Service has authorized the appointment of Elizabeth T. Cooney by transfer from the position of assistant in the offices of the Superintendent-Secretary to the position of Supervisor of Attendance.

Placed on file

On motion, and with the approval of the Division of Civil Service, the appointment of Elizabeth T. Cooney as supervisor of attendance, third year, Department of Attendance, by transfer from the position of assistant in the offices of the Superintendent-Secretary, to take effect June 24, 1935, was approved unanimously.

A communication was received from the Secretary, under date of June 18, 1935, reporting that the Division of Civil Service has authorized the appointment of Henry P. Murphy by transfer from the position of Visitor in the Boston Public Welfare Department to the position of Supervisor of Attendance.

Placed on file.

On motion, and with the approval of the Division of Civil Service and the Executive Director of the Overseers of the Public Welfare of the City of Boston, the appointment of Henry P. Murphy as supervisor of attendance, Department of Attendance, by transfer from the position of visitor, Boston Public Welfare Department, to take effect June 24, 1935, was approved unanimously.

APPROPRIATIONS AND EXPENDITURES TO JUNE 1, 1935

A communication was received from the Business Manager, under date of May 31, 1935, submitting a statement showing the expenditures for maintenance of the public schools for the first five drafts of the current financial year, the expenditures for the first five drafts of the financial year 1934 and the increases and decreases in the several items.

Placed on file.

SALARIES OF ASSISTANTS IN OFFICES OF THE BUSINESS MANAGER

A communication was received from the Business Manager, under date of June 18, 1935, recommending in the interests of better organization in his office and in the Supply Room, and with the approval of the Department of Civil Service and Registration, changes in ratings and salaries of certain assistants in his office.

Placed on file.

The following five orders were offered:

ORDERED, That the rank of Thomas F. Barry, Assistant, Group D, in the office of the Business Manager, is hereby changed to that of Assistant Voucher Clerk, Group D, and his compensation fixed at thirty-four dollars (\$34) per week, to take effect June 21, 1935.

ORDERED, That the rank of Mary V. Hogan, Assistant, Group D, in the office of the Business Manager, is hereby changed to that of Assistant Appropriation Clerk, Group D, and her compensation fixed at thirty-five dollars (\$35) per week, to take effect June 21, 1935.

ORDERED, That the rank of Edward F. O'Donnell, Storekeeper, Group E, in the Supply Room, is hereby changed to that of Assistant Receiver, Group E, and his compensation fixed at forty-two dollars (\$42) per week, to take effect June 21, 1935.

ORDERED, That the rank of Patrick F. Granahan, Bookbinder, Group E, in the office of the Business Manager, is hereby changed to that of Assistant Head Book-

binder, Group E, and his compensation fixed at forty-five dollars and fifty cents (\$45.50) per week, to take effect June 21, 1935.

ORDERED, That the rank of William J. Gorman, Assistant, Group D, in the office of the Business Manager, is hereby changed to that of Cost Clerk, Group D, and his compensation fixed at twenty-eight dollars (\$28) per week, to take effect June 21, 1935.

The five orders passed.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of June 18, 1935, recommending that leave of absence on one-half net compensation be granted Thomas J. McDonough, custodian, Asa Gray School-house, for the period Apr. 23 to 27, 1935, and Apr. 29 to May 25, 1935, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of June 18, 1935, recommending that all custodians whose services can be dispensed with be granted leave of absence without loss of pay on Monday, July 1, 1935, to attend the Annual Field Day of the Custodians' Association.

Placed on file and leaves of absence granted under the conditions stated.

ELECTION OF CUSTODIAN REPRESENTATIVE, TRIAL BOARD

A communication was received from the Schoolhouse Custodian, under date of June 18, 1935, reporting that at a meeting of all of the custodians held on June 15, 1935, Mr. John V. Dole was unanimously elected as the custodians' representative on the Trial Board.

Placed on file.

COMMENDATION OF CAPTAIN KELLEY

Mr. Tobin offered the following: ORDERED, That Captain Albert J. Kelley, junior master, military drill, in the Hyde Park High School and the Maica Plain High School, is hereby commended by the School Committee of the City of Boston for outstanding achievement in the training of high school and intermediate school students in military drill.

Mr. Tobin: I appreciate that this order is unusual but Captain Kelley's record also is unusual. In the history of the Boston school system no other military drill instructor has ever equalled the remarkable record of Captain Kelley, and therefore I think that this recognition is warranted.

The order passed by unanimous vote.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, September 16.
Worcester, Wednesday, September 18.
Springfield, Thursday, October 17.
Pittsfield, Friday, October 18.
Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,
STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Total population by U. S. Census, 781,188.

FINANCING SEWAGE WORKS BY SPECIAL ASSESSMENT IN IOWA.

The cost of constructing sewage disposal plants in a number of states, and in Iowa in particular, may be levied against the various lots, parts of lots or parcels of ground draining to, or susceptible to drainage to, the site of the disposal plant. Such assessments must be in proportion to the benefits to each property and must not, in any case, exceed one-fourth of the fair value of the property in question. These special assessments are payable in the same manner as other municipal improvement costs; that is, in ten annual equal installments, paid at the same time and place as the March 1 installment of ordinary taxes in Iowa. Any property owner may pay off the unpaid portion of such tax at any time. Interest on the deferred payments must not exceed 6 per cent.

DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR ERECTING AND COMPLETING THE WASHINGTON IRVING INTERMEDIATE SCHOOL FOR THE DEPARTMENT OF SCHOOL BUILDINGS, CITY OF BOSTON, MASS., NATIONAL INDUSTRIAL RECOVERY PROJECT P. W. A., DOCKET NO. 4217 W. R.

Sealed proposals for erecting and completing the Washington Irving Intermediate School, in the district of West Roxbury, will be received by the Superintendent of Construction at the office of the Department of School Buildings, 11 Beacon street, Boston, Mass., until 2 o'clock p. m., daylight saving time, of Thursday, July 18, 1935, and at the place and time will be publicly opened and read. The proposal submitted to the Superintendent of Construction shall not be separated from the book of specifications. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City at the City Hall, School street, Boston, before the time for the opening of the proposals. Consideration shall be given to the fact that this is a project constructed and financed in part by grant under the terms of the National Industrial Recovery Act and chapter 366 of the Acts of 1933 of the Commonwealth of Massachusetts, as amended by chapter 21 of the Acts of 1934. The attention of bidders is directed to the construction regulations prescribed by the P. W. A. Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project. The employment agency designated by the Government for this project is Everett L. Hanna, Manager, 100 Nashua street, Boston, Mass. All bids must be accompanied by a certified check on a bank located in the Federal Reserve District (5), payable to the City of Boston, in the sum of \$30,000. The certified check shall be attached to the proposal, sealed and delivered to the Superintendent of Construction. The right is reserved to reject any or all proposals or to accept the proposal deemed best for the City of Boston. The certified checks of the three lowest bidders will be retained until the contract has been signed by all interested parties. All other certified proposal checks will be returned not less than forty-eight hours after the date of the opening of the proposals. A bond of an approved surety company shall be given by the Contractor in the full amount of the entire contract price. The contract is subject to the approval of the Mayor. No award can be made without the approval of the State Engineer, P. W. A. Plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, 11 Beacon street, Boston, Mass. A deposit of a certified check for \$300, made payable to the City of Boston, will be required for each set of plans and specifications, said sum to be refunded if plans and specifications are returned not later than seven days after the opening of bids. Mutilation of the plans or the specifications shall be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
*Superintendent of Construction,
Department of School Buildings.*
(June 29-July 6-13.)

DOUBLE TAXATION NOT THE WHOLE TAX CONFLICT.

Double taxation, which to most people means two taxes on the same thing from different sources,—Federal and State or two states,—is only a part of the problem of conflicting taxation, says James W. Martin, Research Director of the Interstate Commission on Conflicting Taxation. The commission, set up by the Interstate Assembly representing the various states, which was called together by the American Legislators' Association in 1933, will report results of its subsequent study of conflicting taxation early in 1935.

(July 13-20-27.)

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

DEPARTMENT OF SCHOOL BUILDINGS.

TO AUTOMATIC CONTROL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for renewing and repairing the automatic control apparatus in the Bigelow School, E and Fourth streets, South Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 22, 1935, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of July 29, 1935, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of said deposit.

The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of August 1, 1935, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of said deposit. Specifications will be ready Tuesday, July 16, 1935.

WM. W. DRUMMEY,
(July 13.) Superintendent of Construction.

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to furnish and deliver metal working machinery and allied equipment in the Mechanic Arts High School, Belvidere and Dalton streets, Boston, Mass., giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Friday, July 26, 1935, at said office, with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check for the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of August 2, 1935, said deposit for plans and specifications shall be forfeited. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(July 13.) Superintendent of Construction.

TAX COLLECTIONS FOR MUNICIPALITIES IMPROVE.

The results of a nation-wide survey of tax collections covering reports from 106 cities throughout the United States, just completed by Frank H. Morse of Lehman Brothers, New York, show that there has been a definite improvement in tax collections in 1934 over 1933.

Questionnaires were sent to the finance offices of the principal cities in each section of the country and 106 replies were received from city officials throughout the country. Of the 106 cities which reported, 82, or 77.3 per cent, showed an improvement in 1934 collections over those of 1933, as against 24 cities, or 22.7 per cent, which reported a decrease in 1934 collections. (From the American City Magazine.)

READVERTISEMENT.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR ARTIFICIAL STONE STEPS, SEWERAGE WORKS AND LAYING AND RELAYING WATER PIPES IN HAYDEN STREET, WARD 10, FROM HEATH STREET TO LAWN STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone steps, sewerage works and laying and relaying water pipes in Hayden street, Ward 10, from Heath street to Lawn street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Artificial Stone Steps, etc., in Hayden Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, July 19, 1935, with a certified check for eight hundred (800) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(July 13.) *Commissioner of Public Works.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Monday, July 22, 1935, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various city departments. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay. Hay must be no less than 40 per cent green. The grade of hay must comply with the federal hay grades, and No. 2 white oats to test no less than thirty-six pounds to bushel graded under federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposals to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

WARREN W. LOOMIS,
(July 13.) *Superintendent of Supplies.*

CITY PURCHASING UNDER THE CODES.

Caught between two fires, American cities are feeling the influence of the National Industrial Recovery Act codes in their purchasing in a way they had not foreseen. On one side taxpayers ask for economy in budget-making. On the other, application of codes, which has resulted in collective price-fixing, has increased prices of supplies for city use to an almost prohibitive point.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO FIRE ESCAPE (IRON) CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for erecting and completing fire escapes on the Benjamin Pope School, O and Fifth streets, South Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, eighth floor, signed by the bidder and left before 2 o'clock p. m. of Monday, July 22, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Monday, July 29, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR FIRE ALARM UNDERGROUND CONSTRUCTION.

The Fire Commissioner of the City of Boston, hereinafter designated as Commissioner, 60 Bristol street, invites proposals from citizens of the United States and corporations and other legal associations wherein the controlling interest to the extent of at least over one-half is owned by a citizen or citizens of the United States, for doing the following stated work in connection with the fire alarm service of the Fire Department of the City of Boston: The laying of about 2,716 feet single ducts, the setting of nineteen box posts and the building of one manhole and four handholes. The work to be done in accordance with plans and specifications which may be obtained at Fire Alarm Headquarters, 59 Fenway. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, where the same will be publicly opened and read at 12 o'clock noon, July 24, 1935. Proposals must be in duplicate, sealed, and marked "Proposals for Fire Alarm Work," one of which is to be deposited at the office of the Fire Commissioner, and contain a certified check, made payable to the City of Boston, for two hundred (200) dollars, and check to be forfeited if the bidder fails to carry out his proposal; the other proposal is to be deposited at the office of the City Auditor previous to the time named for the opening of the bids. The successful bidder will be required to furnish a bond in the full amount of the contract price, of an approved surety company doing business in the State of Massachusetts. The contract to be made subject to appropriation to meet payments thereunder. The Fire Commissioner reserves the right to reject any or all bids, or to award the contract as he deems best.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough, 2,560,401; Manhattan, 1,867,312; Bronx, 1,265,258; Queens, 1,079,129; Richmond, 158,346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,733 or 25.0 per cent); Philadelphia, 1,950,961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles, 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, JULY 20, 1935.

No. 29

BOSTON HAS 13,312 MEMBERS IN ITS RETIREMENT SYSTEM — ANNUAL REPORT SUBMITTED TO MAYOR MANSFIELD SHOWS TOTAL ASSETS AMOUNTING TO \$48,242,226 WITH PRESENT ASSETS OF \$24,653,219 — THERE ARE ALSO 1,385 RETIRED MEMBERS SHARING BENEFITS OF SYSTEM.

WILLIAM D. KENNEY.

"O Boston, fair City enthroned like a radiant queen,

From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam
with light all serene,
Ensured by thy sons' and thy daughters'
unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly under legislative act by the
City of Boston, Massachusetts.

STREET AGENCIES

Old South News-stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, August 12, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending July 13, 1935:

Population as of July, 1935, Massachusetts State Census, 820,190; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 158; nonresidents, 44; total, 202.

Death rate per 1,000 of population. All deaths, 13.15; nonresidents deducted, 10.28.

Death rate per 1,000 population:

Last week, 11.72; corresponding week last year, 11.77.

Deaths by age periods, sex, etc.: Under one year, 13; one year to four years, inclusive, 4; sixty years and over, 97. Total deaths: Male, 104; female, 98; deaths in hospitals and institutions, 138; deaths of colored, 9.

REPORTABLE DISEASES: CASES AND DEATHS.*

MORE INTERESTING FACTS CONCERNING CITY BROUGHT TO LIGHT IN REAL PROPERTY INVENTORY AS PREPARED BY CITY PLANNING BOARD AND SUBMITTED TO MAYOR MANSFIELD FOR APPROVAL — BRIGHTON-ALLSTON DISTRICT BEST FAVORED, WITH MOST NEW BUILDINGS AND AVERAGE HIGHER RENTALS — MORE THAN HALF BUILDINGS IN JAMAICA PLAIN OVER FORTY YEARS OLD.

The Real Property Inventory covering three more of the city's districts, work being done by the City Planning Board under the F. E. R. A., has been submitted to Mayor Mansfield and has received his approval. These districts are Jamaica Plain, Downtown and Brighton-Allston districts.

In Jamaica Plain it was found that 912 out of 5,336 structures were in need of structural repairs and 114 unfit for habitation. There were 4,067 structures that needed minor repairs. Also, it was shown that 62.22 per cent of all the structures were 40 years or more old; more than 16 per cent were between 50 and 59 years old, and there were 314 buildings 80 years old, while but 45 structures have been built in the past four years.

In downtown Boston there are 614 structures still used for habitation, including 70 single-family houses. This is in the district bounded by Milk street, Broadway on the north and south and Fort Point Channel on the east and west. Three thousand eight hundred and forty-five persons live in that district.

The Brighton-Allston district appears to be one of the most favored of all in the city, according to the inventory. Population has increased more than 16 per cent since 1930, and nearly one third of the dwellings are devoted to single-family use. Less than 6 per cent of the structures were found to be in need of structural repairs or were unfit for habitation.

Complete abstracts of the surveys are as follows:

REAL PROPERTY INVENTORY. DISTRICT NO. 7—JAMAICA PLAIN. F. E. R. A. PROJECTS 2235-F2-104; 2235-F2-104F; X2235-F2-U46; X2235-F2-U46B.

Answers to the thirty-two questions propounded in the Real Property Inventory recently conducted by the Boston City Planning Board, so far as they relate to the Jamaica Plain section of the city, are now released. The area covered is bounded on the north and northwest by Muddy river, by Brookline on the west, Roxbury on the east and West Roxbury and Roslindale on the south.

In general the questions comprised in the Real Property Inventory schedule may be divided into four classes of data:

- (a) Facts about residential structures themselves.
- (b) Facts having to do with family units.
- (c) Financial items.
- (d) Miscellaneous items.

Information has been secured with regard to the type and condition of each dwelling structure; the year it was built; the material of its construction; the number of stories; and whether or not the building has an elevator or a basement.

The number of family units in each structure has been recorded, and the number of persons living in each unit, the number of rooms, the degree of density of occupancy, the extent of doubling-up, the vacancies and the heating, plumbing, lighting and cooking facilities.

The financial information includes data on rents, concessions, property values and tenure.

The miscellaneous items are intended to reveal the time consumed and the mode of transportation used by principal wage earners in reaching their places of employment, the number of automobiles owned and the number of persons planting vegetable gardens.

Abstracts have been already released with regard to East Boston, Roxbury, South Boston, West End, Back Bay, North End, Charlestown and Dorchester. Others are in preparation covering the West Roxbury and Roslindale section, Hyde Park, Brighton and Allston, South End and the downtown section.

So far as the Jamaica Plain district is concerned, it was found to contain 6,707 structures of all types, of which 2,935, or 43.76 per cent, are three-deckers. There are 1,339 structures, or 19.96 per cent, which are of the single-family type. Next come the two-family (up-and-down) type of structures with 1,304, or 19.44 per cent. These are followed by 410 structures of the flats-over-stores type, which amount to 6.11 per cent. The above-mentioned types of structures amount to 89.27 per cent of all the structures in the district and the remaining 719 structures, or 10.73 per cent, consist of other types.

With respect to materials of construction, the survey shows that there are 5,336 structures, or 79.56 per cent, built of wood. There are 1,278 structures, or 19.05 per cent, which are built of brick. The remainder, or 1.39 per cent, are built of other materials.

In regard to the condition of the structures it was found that 912 were in need of structural repairs and that 114 were unfit for habitation. Together these amount to 16.80 per cent of all the structures in the district. In addition, it was found that 4,067 structures, or 60.64 per cent, were in need of minor repairs.

With regard to the ages of the structures it was found that 4,173, or 62.22 per cent, are forty years of age and older. 1,106 structures, or 16.49 per cent, are from 50 to 59 years old. 314 structures, or 4.68 per cent, are 80 years of age and older. 45 structures are 4 years old or less.

This district contains 18,407 dwelling units, of which 15,345, or 83.36 per cent, are rental units and the balance, 3,062, or 16.64 per cent, are owner-occupied units. Of the 15,345 rental units, there are 2,158 units, or 14.06 per cent, which are vacant. Of the 16,249 occupied units, 16,192, or 99.64 per cent, are occupied by white persons.

Of the 13,187 occupied rental units, 254 units have families doubled up, while of the 3,062 owner-occupied units there are 99 which have families doubled up.

Of the 16,249 occupied units 2,649, or 16.30 per cent, are crowded (from 1.01 to 2 persons per room).

The median monthly rental for the entire district is \$30.61. This will vary

from census tract to census tract. There are 1,299 rental units, or 8.46 per cent, which rent for \$14.99 or less. There are 2,399 units, or 15.63 per cent, which rent for \$15 to \$19.99. There are 2,545 units, or 16.59 per cent, which rent for \$20 to \$24.99. There are 2,596 units, or 16.92 per cent, which rent for \$25 to \$29.99. There are 3,469 units, or 22.61 per cent, which rent for \$30 to \$39.99. The balance of the rental units, or 19.79 per cent, rent for \$40 or more per month.

There are 61,347 persons living in this district. Of this number 48,344, or 78.80 per cent, live in rental units. 13,003 persons, or 21.20 per cent, live in owner-occupied units.

The distribution of the 18,407 dwelling units by type of structures is as follows: 8,802 units, or 47.82 per cent, occur in three-deckers; 3,521 units, or 19.13 per cent, occur in large apartments exclusively residential; 2,622 units, or 14.24 per cent, occur in two-family (up-and-down) houses; 1,339 units, or 7.27 per cent, occur in single-family houses; the balance, 2,123 units, or 11.54 per cent, are in other types of structures.

Of the 18,407 dwelling units in this district, 2,795 units, or 15.18 per cent, occur in structures which need structural repairs or are unfit for habitation.

Of the 18,407 dwelling units in this district, 7,083 units, or 38.48 per cent, have four (4) rooms or less and 11,318 units, or 61.49 per cent, have five (5) rooms or more.

Of the 13,187 occupied rental units, 5,198 units have been occupied one year or less; 7,012 units have been occupied two years or less; 11,822 units have been occupied nine years or less; 978 units have been occupied ten to nineteen years; and 379 units have been occupied twenty years and over.

Of the 2,158 vacant rental units 1,655 units have been vacant one year or less. 194 units have been vacant two years. 195 units have been vacant three to four years; 90 units have been vacant five to nine years; and 23 units have been vacant ten years and longer.

Of the 15,345 rental units in this district, 1,590 units have mechanical refrigeration as concessions. There are 892 units which have garages as concessions.

With regard to facilities the following facts were disclosed: Of the 18,407 dwell-

ing units, 32 units are without indoor water-closets in the structure; 670 units have water-closets easily available in the structure but not in the unit itself; there are 2,632 units, or 14.30 per cent, that have no tubs or showers in the structure; 145 units have tubs or showers easily available in the structure but not in the unit itself; 335 units, or 1.82 per cent have no gas or electricity for cooking; 248 units, or 1.35 per cent, have no gas or electricity for lighting; 5,896 units, or 32.03 per cent, use steam or vapor for the principal type of heating apparatus; 12,503 units, or 67.93 per cent, use hard coal for the principal type of heating fuel; 3 units have no running water and 2,063 units, or 11.20 per cent, have cold running water only; 14,596 units, or 79.30 per cent, have no mechanical refrigeration.

The miscellaneous data obtained shows that in this district there are 2,735 principal income earners who walk to work and of these, 1,637 income earners take 10 to 19 minutes; 1,884 income earners use automobiles to go to work; 103 income earners use the bus to go to work; 5,056 income earners use the street car to go to work; 65 income earners use the railway to go to work; 2,934 income earners use the rapid transit to go to work; 309 income earners use other modes to go to work. The above figures represent 13,086 principal income earners and of these, 4,442, or 33.94 per cent, take 20 to 29 minutes to go to work. In addition to the 13,086 principal income earners there were reported 3,163 dwelling units which have no income earner. In other words, of the 16,249 occupied dwelling units (rental and owner) in this district 3,163, or 19.46 per cent, have no income earner.

In this district there are 1,072 structures having garages and these garages have a car capacity of 2,135. There are 3,593 passenger cars owned.

Of the 16,249 occupied dwelling units, the occupants of 145 tended vegetable gardens in 1934.

This district shows a decrease in population of 0.68 per cent since 1930.

This abstract has been prepared by Mr. Samuel Shapira, who is Technical Supervisor for the City Planning Board E. R. A. Project.

REAL PROPERTY INVENTORY. DISTRICT NO. 4A—DOWNTOWN. F. E. R. A. PROJECTS 2235-F2-104; 2235-F2-104F; X2235-F2-U46; X2235-F2-U46B.

There are 614 structures still used for habitation in the downtown section of the city, including seventy single-family houses, according to a statement by the City Planning Board in connection with its Real Property Inventory. Roughly speaking, for the purpose of this inventory, the downtown section includes the area inclosed by Milk street and Broadway on the north and south and the Common and Fort Point Channel on the east and west. 3,845 persons are reported living within the area.

The median monthly rental for the entire district is \$18.40, the lowest for any of the fourteen districts in which the city was divided for the purposes of this inventory.

While this present inventory is confined entirely to residential properties, the City Planning Board is extending the survey by means of special schedules developed in cooperation with business and real estate interests to cover the business and industrial properties as well. The two surveys combined will give an accurate picture of every structure existing in this particular district.

According to the abstract just released, the downtown district contains 614 structures used as dwellings. Of these there are 170 structures, or 27.70 per cent, which are of the hotel and rooming-house type, 143 structures, or 23.29 per cent, are flats over stores. 87 structures, or 14.17 per cent, are large apartments containing nonresidential units. 77 structures, or 12.54 per cent, are of the three-decker type, 70 structures, or 11.40 per cent, are single-family houses. The above-mentioned types of structures amount to 89.10 per cent of all the dwelling structures in the district and the remaining 67 structures, or 10.90 per cent, consist of two-family and other types.

With respect to the materials of construction, the survey shows that there are 601 structures, or 97.88 per cent, built of brick. The remaining 15 structures, or 2.12 per cent, are built of other materials.

In regard to the condition of the structures, it was found that 268 structures were in need of structural repairs and that 84 structures were unfit for habitation. Together these amount to 57.33 per cent of all the dwelling structures in the district. In addition it was found that 238 structures, or 38.76 per cent, were in need of minor repairs.

With regard to the ages of the structures, it was found that 579 structures, or 94.30 per cent, are 40 years of age and older. 370 structures, or 60.26 per cent, are 60 years of age and older. 131 structures, or 21.34 per cent, are 80 years of age and older. Only two structures are less than 9 years of age.

This district contains 1,394 dwelling units, of which 1,315 units, or 94.33 per cent, are rental units and the balance, 79 units, or 5.67 per cent, are owner-occupied units. Of the 1,315 rental units there are 287 units, or 21.83 per cent, which are vacant.

Of the 1,028 occupied rental units, 20 units have families doubled up, while of the 79 owner-occupied units there are 10 units which have families doubled up.

Of the 1,107 occupied units, 295 units, or 26.65 per cent, are crowded or overcrowded (over 1.01 persons per room).

The median monthly rental for the entire district is \$18.40. This will vary from census tract to census tract. This median monthly rental is the lowest for any of the 14 districts in which the city was divided for the purposes of this Real Property Inventory. There are 499 units, or 37.95 per cent, which rent for \$14.99 or less. There are 362 units, or 27.53 per cent, which rent for \$15 to \$19.99. There are 255 units, or 19.39 per cent, which rent for \$20 to \$24. There are 193 units, or 14.68 per cent, which rent for \$25 and over per month.

There are 3,845 persons living in this district. Of this number 3,401, or 88.45 per cent, live in rental units. 444 persons, or 11.55 per cent, live in owner-occupied units.

The distribution of the 1,394 dwelling units by type of structures is as follows: 477 units, or 34.22 per cent, occur in large apartments containing nonresidential units; 344 units, or 24.68 per cent, occur in flats over stores; 231 units, or 16.57 per cent, occur in three-deckers; 217 units, or 15.57 per cent, occur in large apartments exclusively residential; the balance, 125 units, or 8.96 per cent, are in other types of structures.

Of the 1,394 dwelling units in this district, 781 units, or 56.02 per cent, occur in structures which need structural repairs or are unfit for habitation.

Of the 1,394 dwelling units in this district, 1,041 units, or 74.68 per cent, have four (4) rooms or less and 348 units, or 24.96 per cent, have five (5) rooms or more.

Of the 1,028 occupied rental units, 302 units have been occupied one year or less; 431 units have been occupied two years or less; 849 units have been occupied nine years or less; 128 units have been occupied from ten to nineteen years; 51 units have been occupied twenty years and over.

Of the 287 vacant rental units, 173 units have been vacant one year or less; 25 units have been vacant two years; 61 units have been vacant three to four years; 19 units have been vacant five to nine years; and 5 units have been vacant ten to nineteen years.

Of the 1,315 rental units in this district, 13 units have furnishings as concessions and none of the rental units have any other kind of concessions.

With regard to facilities the following facts were disclosed: Of the 1,394 dwelling units, 374 units, or 26.83 per cent, have water-closets easily available in the structure but not in the dwelling unit itself; there are 825 units, or 59.18 per cent, which have no tubs or showers in the structure; 56 units, or 4.02 per cent, have tubs or showers easily available in the structure but not in the dwelling unit itself; 28 units, or 2.01 per cent, have no gas or electricity for cooking; 20 units, or 1.44 per cent, have no gas or electricity for lighting; 1,169 units, or 83.85 per cent, use heating stoves for the principal type of heating apparatus; 1,119 units, or 80.27 per cent, use hard coal for the principal type of heating fuel; 697 units, or 50 per cent, have cold running water only; 1,377 units, or 98.77 per cent, have no mechanical refrigeration.

The miscellaneous data obtained shows that in this district there are 642 principal income earners who walk to work and of these 351 income earners take 10 to 19 minutes; 19 income earners use automobiles to go to work; 6 income earners use the bus to go to work; 104 income earners use the street car to go to work; 2 income earners use the railway to go to work; 60 income earners use the rapid transit to go to work; 13 income earners use other modes to go to work. The above figures represent 846 principal income earners and of these 371 income earners, or 43.85 per cent, take 10 to 19 minutes to go to work. In addition to the 846 principal income earners there were reported 261 dwelling units which have no income earner. In other words, of the 1,107 occupied dwelling units (rental and owner) in this district, 261, or 23.58 per cent, have no income earner.

In this district there are 5 structures which have garages and these garages have a capacity of 7 cars. There are 52 passenger cars owned.

Of the 1,107 occupied dwelling units, the occupant of 1 tended a vegetable garden in 1934.

This district shows a decrease in population of 24.56 per cent since 1930.

This abstract has been prepared by Mr. Samuel Shapira, who is Technical Supervisor for the City Planning Board E. R. A. Project.

REAL PROPERTY INVENTORY. DISTRICT NO. 11—BRIGHTON-ALLSTON. F. E. R. A. PROJECTS 2235-F2-104; 2235-F2-104F; X2235-F2-U46; X2235-F2-U46B.

The Brighton-Allston district appears to be one of the most favored sections of the city according to a Real Property In-

ventory by the City Planning Board. An increase of 16 per cent is shown in population figures since 1930; nearly one third of the dwellings are devoted to single-family use; less than 6 per cent were found to be in need of structural repairs or unfit for habitation; the rental curve runs pretty evenly from \$30 to \$75 a month and more than one half of the dwelling units have mechanical refrigeration.

The complete abstract is as follows:

The Brighton-Allston district contains 6,271 dwelling structures of all types, of which 2,472, or 39.42 per cent, are of the two-family (up-and-down) type. There are 1,816, or 28.96 per cent, which are single-family structures. These are followed by 813 structures, or 12.97 per cent, which are three-deckers, and 638 structures, or 10.17 per cent, which are large apartments, exclusively residential. The above-mentioned type of structures amount to 91.52 per cent of all the dwelling structures in the district and the remaining 532 structures, or 8.48 per cent, consist of other types.

With respect to the materials of construction the survey shows that there are 4,872 structures, or 77.70 per cent, built of wood. There are 1,190 structures, or 18.97 per cent, built of brick. The remainder, or 3.33 per cent, are built of other materials.

In regard to the condition of the structures it was found that 324 were in need of structural repairs and that 32 were unfit for habitation. Together these amount to 5.68 per cent of all the dwelling structures in the district. In addition it was found that 2,507 structures, or 39.98 per cent, were in need of minor repairs.

With regard to the ages of the structures it was found that 1,477 structures, or 23.56 per cent, are 40 years of age and older; 441 structures, or 7.03 per cent, are from 50 to 59 years of age; 77 structures, or 1.23 per cent, are 80 years of age and older; 188 structures, or 3 per cent, are 4 years old or less; 1,133 structures, or 18.07 per cent, are from 5 to 9 years old.

This district contains 20,352 dwelling units, of which 16,875 units, or 82.92 per cent, are rental units and the balance, 3,477 units, or 17.08 per cent, are owner-occupied units. Of the 16,875 rental units there are 1,406 units, or 8.33 per cent, which are vacant.

Of the 15,469 occupied rental units, 316 have families doubled up, while of the 3,477 owner-occupied units there are 183 units which have families doubled up.

Of the 18,946 occupied units, 2,515 units, or 13.27 per cent, are crowded (from 1.01 to 2 persons per room).

The weighted average monthly rental for the entire district is \$43.75. This figure, of course, will vary from census tract to census tract. There are 153 rental units, or 0.91 per cent, which rent for \$14.99 or less. There are 1,185 units, or 7.02 per cent, which rent for \$15 to \$24.99. There are 1,397 rental units, or 8.28 per cent, which rent for \$25 to \$29.99. There are 5,087 rental units, or 30.15 per cent, which rent for \$30 to \$39.99. There are 4,324 rental units, or 25.62 per cent, which rent for \$40 to \$49.99. There are 4,304 rental units, or 25.51 per cent, which rent for \$50 to \$74.99. There are 292 rental units, or 1.73 per cent, which rent for \$75 to \$99.99. There are 23 rental units, or 0.13 per cent, which rent for \$100 and over per month.

There are 64,421 persons living in this district. Of this number 49,296, or

76.52 per cent, live in rental units; 15,125 persons, or 23.48 per cent, live in owner-occupied units.

The distribution of the 20,352 dwelling units by type of structure is as follows: 8,623 units, or 42.37 per cent, occur in large apartments exclusively residential; 4,970 units, or 24.42 per cent, occur in two-family (up-and-down) structures; 2,441 units, or 12 per cent, occur in three-deckers; 1,816 units, or 8.92 per cent, occur in single-family houses; 1,451 units, or 7.13 per cent, occur in large apartments containing nonresidential units; the balance, 1,051 units, or 5.16 per cent, are in other types of structures.

Of the 20,352 dwelling units in this district, 761 units, or 3.74 per cent, occur in structures which need structural repairs or are unfit for habitation.

Of the 20,352 dwelling units in this district, 9,585 units, or 47.10 per cent, have four (4) rooms or less and 10,690, or 52.53 per cent, have five (5) rooms or more.

Of the 15,469 occupied rental units 7,092 units have been occupied one year or less; 9,841 units have been occupied two years or less; 14,019 units have been occupied nine years or less; 495 units have been occupied ten to nineteen years; and 113 units have been occupied twenty years or over.

Of the 1,406 vacant rental units, 1,174 have been vacant one year or less; 66 units have been vacant two years; 71 units have been vacant three to four years; 25 units have been vacant five to nine years; and 21 units have been vacant ten years and longer.

Of the 16,875 rental units in this district, 8,921 have mechanical refrigeration as concessions and 1,574 units have garages as concessions.

With regard to facilities the following facts were disclosed: Of the 20,352 dwelling units, 3 units are without indoor water-closets in the structures; 137 have indoor water-closets easily available in the structure but not in the unit itself; there are 579 units, or 2.84 per cent, that have no tubs or showers in the structure; 25 have tubs or showers easily available in the structure but not in the unit itself; 203 units, or 1 per cent, have no gas or electricity for cooking; 119 units, or 0.58 per cent, have no gas or electricity for lighting; 14,173 units, or 69.63 per cent, use steam or vapor for the principal type of heating apparatus; 8,710 units, or 42.79 per cent, use hard coal for the principal type of heating fuel; 3 units, or 0.01 per cent, have no running water; 8,050 units, or 39.35 per cent, have no mechanical refrigeration.

The miscellaneous data obtained shows that in this district there are 2,109 principal income earners who walk to work and of these 1,122 earners take 10 to 19 minutes; 5,750 income earners use automobiles to go to work; 561 income earners use the bus to go to work; 6,886 income earners use the street car to go to work; 148 income earners use the railway to go to work; 1,869 income earners use the rapid transit to go to work; 64 income earners use other modes to go to work. The above figures represent 17,387 principal income earners and of these, 5,835 earners, or 33.56 per cent, take 30 to 39 minutes to go to work. In addition to the 17,387 principal income earners there were reported 1,559 dwelling units which have no income earner. In other words, of the 18,946 occupied dwelling units (rental and owner) in this district, 1,559, or 8.23 per cent, have no income earner.

In this district there are 2,071 structures having garages and these garages have a car capacity of 3,252. There are 6,512 passenger cars owned.

Of the 18,946 occupied dwelling units the occupants of 281 tended vegetable gardens in 1934.

This district shows an increase in population of 16.40 per cent since 1930.

This Real Property Inventory has been conducted by the City Planning Board as an F. E. R. A. Project. It has furnished employment to approximately three hundred white-collar workers in field and statistical work, and the tabulations are now practically complete. Abstracts have been already released covering East Boston, Charlestown, North End, West End, Back Bay, Downtown, South End, South Boston, Roxbury, Jamaica Plain and Dorchester.

The abstracts have been prepared by Samuel Shapira, Technical Supervisor for the Project, working under the supervision of Frank H. Malley, City Planning Board Engineer, who acts as liaison officer between the Board and the Project, Elisabeth M. Herlihy, Secretary, and William Stanley Parker, Vice Chairman of the Board and Chairman of the Advisory Committee on Housing.

MAYOR MANSFIELD PRAISED BY COUNCILOR NORTON.

The following is a copy of letter received by Mayor Mansfield from Councilor Clement A. Norton:

BOSTON CITY COUNCIL,
COUNCIL CHAMBER,

July 16, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Your administration is entitled to the following credit.

Park Commissioner William P. Long has placed the Readville Playground baseball diamond in such splendid condition that experts declare the diamond is as good today as any major league diamond. The boys of Readville and Hyde Park appreciate this.

Superintendent of Public Buildings Roswell G. Hall has built on the Hyde Park Municipal Building grounds one of the finest wading pools in the country. Thousands of poor children during these hot months use it up until 10 p. m. at night. There is not one "out" about it. It is the first of its kind to be built in Boston. Perhaps a child or two will be saved from drowning in the nearby dangerous rivers because of this pool.

Respectfully,

CLEMENT A. NORTON.

PARK DEPARTMENT EMPLOYEES PRAISED.

BOSTON, July 11, 1935.

To the Employees of the Park Department.

I wish to highly commend the chauffeurs and those engaged in driving park vehicles for the manner in which they have avoided accidents during the past year. I realize our equipment is not exactly what it should be, and the fact that there have been so few accidents in the Park Departments shows the care that the chauffeurs, etc., have exercised.

The department was this day presented with a token by the Governor's Committee on Street and Highway Safety as the Group Winner of the State-Wide Commercial Vehicle Safety Contest.

BOARD OF PARK COMMISSIONERS.

by WILLIAM P. LONG,
Chairman.

OVERSEERS OF THE PUBLIC WELFARE, CITY OF BOSTON.

Remarks.—Colonial-Beacon Oil Company, Incorporated, corrosion test, Essolene contains solvent oil; end point, no higher than 410 degrees Fahrenheit; Certificate of Compliance; Socony-Vacuum Oil Company, Incorporated, tax clauses; The Quincy Oil Company, two copies filed at auditor's and Supply Department, both same; The Texas Company, see Texaco Fire Chief Gasoline specifications.

Upon July 16 the Mayor approved contracts with the Washburn-Crosby Company, Incorporated, and Thurman & Co. for a ninety-day supply of flour for the various city institutions. Bids, opened July 15, were as follows:

Approximate Amount of Bread Flour to be Delivered in Ninety Days.—280 barrels Long Island, 400 barrels Deer Island, 100 barrels Sanatorium Division, 360 barrels City Hospital.

30 Days.—Amendt Milling Company, \$6.65 a barrel.

60 Days.—Amendt Milling Company, \$6.65 a barrel.

90 Days.—Washburn-Crosby Company, Incorporated, Washburn Gold Medal, \$6.93 a barrel; King Wheat, \$6.83 a barrel; Pan Dandy,† \$6.425 a barrel*; Amendt Milling Company, \$6.65 a barrel; Thurman & Co., Commander, \$6.58 a barrel; Contender, \$6.33 a barrel; Falstaff, \$6.55 a barrel.

Approximate Amount of Pastry Flour to be Delivered in Ninety Days.—30 barrels Long Island, 38 barrels Deer Island, 25 Barrels Sanatorium Division, 45 barrels City Hospital.

30 Days.—Amendt Milling Company, \$5.65 a barrel.

60 Days.—Amendt Milling Company, \$5.65 a barrel.

90 Days.—Amendt Milling Company, \$5.65 a barrel; Thurman & Co., \$5.08 a barrel,* Snowball.

Cash Discount for Payment in Ten Days.—Washburn-Crosby Company, Incorporated, 1 per cent; Amendt Milling Company, 2 per cent; Thurman & Co., one quarter of 1 per cent.

Remarks.—Washburn-Crosby Company, Incorporated, wheat flour covered by this contract shall be shipped within ninety days from date of contract, and that if by reason of any act, request, omission, default or fault of the buyer shipment is not made within ninety days, the buyer shall pay the seller in addition to contract price, one sixth cent a barrel per day for each day the shipment is deferred or delayed beyond ninety-day limit named in contract; if contract is accepted, bidder must be notified within seventy-two hours after time of opening bids; Thurman & Co., reserve right to refuse contract if bid is not accepted within twenty-four hours; acceptance or rejection optional.

† Ash .46-.48. Protein 11.6-11.8. Above amounts must be exact.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several concerns for work and supplies. Com-

munications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, July 2, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Money is now available to demolish the defective walls of the existing old corridors in front of the Burnham and Thorndike Memorial buildings and replace with proper walls, as the Building Department has condemned these existing structures.

It is absolutely necessary that the work be done at this time and that it should be done from the Kitchen Building side, so that there will be a minimum interruption and inconvenience to the ordinary usage of the corridors by the hospital staff and employees.

It is therefore recommended that you grant permission to award a contract for this work in the sum of \$20,000, without advertising, to the John Bowen Company, who are the contractors now employed in building the new Kitchen Building, abutting the site of these defective walls.

Yours sincerely,

JOSEPH P. MANNING,
President, Board of Trustees.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, July 12, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The approval of your Honor is requested to award a contract, without publicly advertising, to F. C. Dolan & Sons Company, for the following work to be performed at the House of Correction:

Repairing roof of commissary building. Erect staging, remove present gutter and replace with a new 16-ounce copper gutter with new copper dogs and galvanized gutter bar. Replace present ridge roll with a new copper ridging. Replace present galvanized conductor with new copper conductors. Remove every other skylight board in roof and reslate these sections. Reflash with 16-ounce copper all skylights. Repair remainder of slate roof.

This company has submitted a bid of \$798 to complete this work and I believe the best interests of the City of Boston would be served by making this award.

Respectfully,

JOHN J. DOUGLASS,
Penal Institutions Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, July 16, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—A very serious condition has come to my attention through an examination just made of the joists supporting the second floor of the Quincy Market Building.

These joists should have a bearing support of at least four inches, but it was found on exposing several of them that they have in some instances as little as one half inch bearing.

The dangerous condition of these supporting beams makes it imperative that an emergency order be immediately issued to correct this condition and protect the tenants and public from any collapse of the structure.

I firmly believe that plans and specifications cannot be drawn up in order that the work might be advertised for bids and that no contractor can intelligently

figure the work to be performed by examining the premises. Therefore I am convinced that the best interests of the city would be served by awarding a contract on a time and material basis.

In consideration of the foregoing, I respectfully request permission to award a contract for making the required structural changes at the Quincy Market to the Codman Hill Construction Company in a sum in excess of \$1,000 and not in excess of \$20,000 on a time and material basis, without the usual form of advertising.

Respectfully yours,

ROSSELL G. HALL,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, July 15, 1935.

To the Mayor of Boston.

This office has received approval from the Acting State Director of the P. W. A. for the award of a contract for the construction of sewerage works for Dorchester brook, between Dudley and Quincy streets, Dorchester, P. W. A. docket No. 4193-O, to P. DeCristofaro Company, Incorporated, the third bidder, in the amount of \$81,862.50, the award being based on proposals received on April 30, 1935. This contract was advertised previously and proposals opened on December 26, 1834, but all bids were rejected by the P. W. A. officials.

On June 3, 1935, Mr. DeCristofaro of this firm appeared at this office and asked for the certified check for \$4,000 which he deposited with his bid, and he stated that he did not wish to be further considered for the work. The check was given to him. However, he was interviewed subsequently at the office of the State Engineer of the P. W. A. and stated that he would accept the contract on the basis of his bid of April 30.

As more than twenty days have elapsed since the receipt of bids, and as there would be further delay if we again advertised for proposals, I consider that it is for the best interests of the city to award this contract without further advertising.

I therefore respectfully request that I be permitted to dispense with advertising and to award the contract for the construction of sewerage works for Dorchester brook, between Dudley and Quincy streets, Dorchester, to P. DeCristofaro Company, Incorporated, 38 Glendower road, Roslindale, the third bidder on the proposals received on April 30, 1935, at an estimated cost of \$81,862.50.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, July 12, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—In order that the F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

Therefore informal bids were taken without publicly advertising for same on 5,000 cubic yards of loam for use on the George Wright Golf Course in Hyde Park, Project No. 2235-B11-66G Supp. Bids received were as follows:

M. McGinnis Company, \$1.14 per cubic yard; 2 per cent discount, ten days; John Deveny Company, \$1.15 per cubic yard; 1 per cent, discount, ten days;

R. E. Cuniff, Incorporated, \$1.15 per cubic yard; 2 per cent discount, ten days; J. A. Singarella, \$1.24 per cubic yard; 2 per cent discount, ten days.

I respectfully request your approval of an award amounting to approximately \$5,700 to M. McGinnis Company covering this loam.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, July 16, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis, and without advertising for bids.

Therefore, informal bids, as follows, were taken for the Park Department on July 15, 1935, covering unglazed ceramic mosaic tile for lining the swimming pool at the Cabot Street Bath House:

C. Stanley Wires, \$1,310; net; Galassi Mosaic Tile, \$1,300; 1 per cent cash discount; Zani Tile Company, \$1,388; 1 per cent cash discount; C. M. Tyler Company, \$1,229; net; Freeport Marble Company, \$1,349; net; Rinaldi Tile Company, \$1,310; net; Waldo Brothers, \$1,185; 2 per cent.

I respectfully request that you approve the award, without advertising, of a contract covering this tile to Waldo Brothers, the low bidder, at a total cost of approximately \$1,185 less 2 per cent cash discount.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Carilli Construction Company has been allowed to deduct from the contract for the Beethoven District School, the following: In pursuance of the terms of contract specifications, section 24 (C), there will be deducted from the amount of contract the sum of sixteen hundred and ninety six dollars and eighty cents (\$1,696.80) for unused labor during temporary heating, as follows: 2,500 hours, called for at \$1.40, \$3,500; 1,288 hours used at \$1.40, \$1,803.20; amount of deduction, \$1,696.80, and the amount of \$1,696.80 will be deducted therefor, making the account as follows: Contract price, \$142,268; total additions, \$4,576.06; total deductions, \$2,030.50; amount of contract, \$144,813.56.

MAYOR MANSFIELD PLACES WREATH TO MEMORY OF LAFAYETTE AND FRENCH ON BASTILLE DAY.

In commemoration of the great French holiday—Bastille Day—and General Lafayette, Mayor Frederick W. Mansfield placed a wreath at the Lafayette market on the Mall on Boston Common at 11 a. m. on Saturday. Bastille Day was celebrated on Sunday, July 14.

Mr. Henri A. Bergeron, French Consul at Boston, was present when his Honor the Mayor placed the wreath.

FIRE DEPARTMENT ORDERS.*General Order No. 33.***I. CHARITY BASEBALL GAME.**

The Fire Commissioner desires to extend his thanks and appreciation to the members of the department who contributed so generously to the success of the charity baseball game on Tuesday, July 9, 1935. The returns from the Fire Department were excellent and satisfactory and the Fire Commissioner is again pleased with the showing made by the department in these charitable appeals.

He also wishes to congratulate the members of the department who participated in the tug-of-war match and for the showing they made in winning this event.

II. LIEUTENANT NORMAN R. DOYLE.

It is with deep regret that the Fire Commissioner announces the death, on June 25, 1935, of Lieut. Norman R. Doyle of Ladder Company 19.

The funeral was held from his late residence, 501 East Seventh street, on June 29, 1935.

Lieutenant Doyle was appointed to the department on January 4, 1904, and was promoted to lieutenant on December 23, 1929.

Ladder Company 19 was excused from duty to attend the funeral.

III. THOMAS P. KELLEY.

It is with deep regret that the Fire Commissioner announces the death, on July 2, 1935, of Thomas P. Kelley of Engine Company 1. Hoseman Kelley was appointed to the department on April 27, 1917.

The funeral was held from his late residence, 66 Burt street, on July 4, 1935, followed by services at St. Gregory's Church, Dorchester avenue.

The chief of department made the customary detail to act as funeral escort and Engine Company 1 was excused from duty in order to attend the funeral.

IV. FIRE ALARM BOX LOCATION.

The location for fire alarm box 321 should be corrected on the assignment cards to read, Preble street and Old Colony avenue.

V. RETIREMENT.

The following retirement, which took effect at 8 a. m., July 5, 1935, is hereby announced: James Kiernan, stationary fireman.

The following retirement is hereby announced, to take effect at 8 a. m., August 1, 1935: James L. Donovan, Ladder Company 28.

Fireman Kiernan was appointed to the department on January 4, 1919, and Ladderman Donovan was appointed on July 15, 1929. Both of these men leave the department with the best wishes of their associates.

VI. COMMENDATIONS.

Hoseman Francis J. Connors of Rescue Company 2 is hereby commended for responding to and working at a fire at 121 Hamilton street, on July 1, 1935, while off duty.

Lieut. Daniel Gill of Engine Company 49 is hereby commended for responding

to and working at fire Box 12-3756, on July 2, 1935, while off duty.

Ladderman Harry Moran of Ladder Company 29 is hereby commended for responding to and assisting at an automobile accident, Box 3545, on July 2, 1935, while off duty.

Ladderman George F. Frazier of Ladder Company 3 is hereby commended for resuscitating a man who had been overcome by illuminating gas at 235 Dover street, on July 4, 1935. Ladderman Frazier revived the man and sent for the Rescue Company. This duty was performed while he was off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

*General Order No. 34.***I. ELECTRICAL FIRES.**

The Fire Commissioner is in receipt of the following letter from Mr. T. H. Haines, Superintendent of the Distribution Department of the Edison Electric Illuminating Company of Boston. The commissioner requests that this order be read at roll call to every member of the department and that the attention of all officers and members be directed to the instructions contained in this letter. Company commanders will see that the letter is called to the attention of all members when they return from vacation.

At all electrical fires in the future officers and members of the department will govern themselves in accordance with the instructions contained in this letter:

July 15, 1935.

MR. EDWARD F. McLAUGHLIN, *Fire Commissioner*, Boston, Mass.

DEAR SIR,—I would like to call attention to two recent cases in which firemen, while extinguishing fires in our street light poles, exposed themselves unnecessarily to electrical hazards.

At 4.19 p. m. on November 30, 1934, the Police Department reported a fire in the top of a lamp-pole at Hanover and Union streets, Boston. On investigating, our troubleman found that our lamp-pole No. 4928 at the above location had been burning and the high voltage cables had been cut off in the base of the pole. A policeman told the troubleman that a fireman cut the cables with bolt clippers.

At 7.26 a. m. on March 11, 1935, the Police Department reported a lamp-pole afire at South Fairview and Roberts streets, West Roxbury. On investigating our troubleman found the shaft burnt on lamp-pole 04328 at this location. A large hole had been chopped in the shaft by a fireman in order to get a hose inside to extinguish the fire.

The procedure of the firemen in the above two cases was hazardous, as it was only by chance that the cables were not energized and that no injury resulted. To the best of our belief no property was endangered by the fire in either pole.

It has been our policy to recommend to the Fire Department that when there is no liability of property damage from fires in our apparatus, no action be taken until the electrical operator arrives to make the apparatus safe for fire-fighting operations.

Our troubleman will be sent out immediately upon request to the Edison Trouble Dispatcher (Tel. Gar. 7600).

The lecturer from the Distribution Department has included mention of this in the Fire College lectures, and we trust that those in your department who have not yet been so reached can be instructed to wait, as requested, for their own safety.

Sincerely yours,

T. H. HAINES,
Superintendent Distribution Department.

II. NEW FIRE ALARM BOX.

The following new fire alarm box will shortly be established:

12-2651: Joyce Kilmer School, Baker street, near Centre street. (This box will be connected into circuit No. 23.)

Company commanders will forward to Department Headquarters, on or before Monday, July 22, 1935, the assignment cards for Box 2651, so that the location for the above box may be printed thereon. The company number should be written on the back of each card.

III. GASOLINE CONTRACT.

Beginning July 18, 1935, and until further notice, all deliveries of gasoline will be made by the Quincy Oil Company, 889 Boylston street, Boston, Mass., Telephone Commonwealth 4830.

IV. COMMENDATIONS.

At 2.24 a. m. July 9, 1935, the department responded on a still alarm, followed by Box 3291, for a fire at 30 Bloomfield street, Dorchester.

On arrival of Engine Company 17 it was found that the maid at this address had been trapped by dense smoke in an attic room. She had made her way to a window where she was observed ready to jump as the heavy smoke rolling from the window was fast making her position untenable. Conditions inside the building, resulting from heat and smoke, made rescue by the stairways impossible. By the use of a twenty-foot extension ladder, carried on the hose wagon, Engine Company 17 was able to effect the rescue of this woman.

The ladder was raised to the roof of the first floor piazza, pulled up, and then again raised from the roof to the attic window. Because of the sharply pitched roof of the piazza the footing was extremely hazardous. To keep the ladder from slipping, because of the sharply pitched angle at which it was set, it was necessary for one man to hold on to a window sill with one hand and to the foot of another man who was laying flat on the roof holding the ladder. The services of two other men were necessary to carry the maid to safety from the window.

Because of the great hazard to which these men exposed themselves in the performance of their duty and other handicaps which had to be overcome, including the excessive weight of the maid, the Fire Commissioner is pleased to commend them highly and refer this rescue to the Board of Merit for consideration. In addition the Fire Commissioner is pleased to grant each of the

following-named men, who participated in this rescue, seven days additional vacation:

Lieut. George R. Hennessy, Hoseman Thomas A. Kelley, Hoseman Herbert C. Collins, Hoseman John A. Powers.

All of these men are members of Engine Company 17.

In connection with this rescue the commissioner is pleased to acknowledge receipt of a letter from James A. Treanor, Head Master of the Grover Cleveland School, in whose home the fire occurred, in which he praises most highly the efficiency of the department on this occasion.

Ladderman Henry C. Boudreau of Ladder Company 13 is hereby commended for extinguishing a fire in an automobile opposite 114 Cross street, July 12, 1935, while off duty. Box 1252 was sounded for this fire.

By order of Fire Commissioner Edward F. McLaughlin.

HENRY A. FOX,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, the following temporary rule is effective July 17, 1935:

Vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with the right rear wheel to the curb, in the following street:

Cambridge Street, Brighton.

Northwest side, from a point one hundred and fifty-five (155) feet southwest of Hano street to North Beacon street.

Voted, That for the period commencing Wednesday, July 10, and terminating Tuesday, July 23, 1935, both inclusive, no operator of any truck which is incapable of making a speed of at least twenty miles an hour throughout the Summer Traffic Tunnel shall not proceed through said tunnel between the hours of 12.30 p. m. and 2.30 p. m.; and further

Voted, That whoever violates any of the provisions of the foregoing rule and regulation shall be punished by a fine not exceeding fifty dollars for each offence.

Voted, That as urgently required by considerations of public safety and convenience, the temporary regulation which was adopted March 7, 1935, and was effective March 13, 1935, for a trial period of thirty (30) days, and was extended for a trial period of three (3) months from April 13, 1935, is hereby extended for a further trial period of three (3) months from July 13, 1935, as follows:

Vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with right rear wheel to the curb, in the following street:

Providence Street.

North side, from Church street to a point one hundred and twenty-four (124) feet east of Arlington street.

South side, from opposite the west street line of Church street to a point two hundred and twelve (212) feet west of opposite the west street line of Church street.

POLICE DEPARTMENT ORDERS.

General Order No. 65.

Patrolman Wilbur L. Melvin of the Property Clerk's Office having arrived at the age of sixty-three and nine-twelfths years, having performed faithful service, in the Police Department for thirty-six and eight-twelfths years, and having requested to be retired from active service, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman Wilbur L. Melvin be retired

from active service and that his name be placed upon the department pension roll with pay at the rate of ten hundred and fifty (1,050) dollars per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired, to take effect at 7.45 o'clock a. m., Friday, July 12, 1935.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

A. Baruffaldi Company has been granted an extension of the time of completion of the contract for the building of sewerage works for Beaver place overflow in Beaver place, between Embankment road and Beaver street, city proper, from July 10 to August 10, 1935, thirty days.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, September 16.
Worcester, Wednesday, September 18.
Springfield, Thursday, October 17.
Pittsfield, Friday, October 18.
Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,
STEPHEN C. GARRITY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of October 11, 1934, as amended January 7, 1935, determining damages caused by the making of the public improvement consisting of the construction of Boyd street, be, and the same hereby is, amended, by adding to said order the amount \$125 as an award to John R. Dalton; that the amount \$125 be, and the same hereby is, awarded to John R. Dalton for the damages so sustained.

WORK PROJECTS BOARD AND MAYOR APPROVE PROJECTS.

The Mayor met with the members of the Work Projects Board and Corporation Counsel Foley on July 12 to consider the status of the work relief program. The conference determined upon the following program:

1. The transfer from E. R. A., now being administered by Col. Thomas F. Sullivan, to W. P. A. of about \$22,000,000 a year.

2. The early submission of necessary plans and detail of the \$10,000,000 W. P. A. program already determined upon and reported in the press recently.

3. The consideration of projects similar to those already determined upon to amount to about \$20,000,000 more—in other words, the original \$10,000,000 program is to be extended to \$30,000,000.

4. Under P. W. A. the erection of a bridge in place of the old Chelsea Street-Eastern Avenue Bridge, between East Boston and Chelsea, made necessary by orders of the War Department that it must be removed within three years as an obstruction of navigation; a new City Hall; and the erection of a new fireproof women's dormitory and hospital at Long Island to replace the existing wooden structure.

The estimated cost of the bridge varies from \$400,000 to \$750,000—the amount necessary to be paid in land damage being uncertain.

The new City Hall to cost not more than \$2,500,000.

The new dormitory and hospital building at Long Island probably to cost not more than \$500,000.

On these last P. W. A. projects the Federal Government will contribute 45 per cent and the City 55 per cent.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as nuisances or fire menaces:

The building at 17 Fabian street, Ward 9.

The building at 15 Fabian street, Ward 9.

The building at 34 Kendall street, Ward 9.

The building at 36 Kendall street, Ward 9.

The building at 193 Cabot street, Ward 9, the posts and sills of side and rear walls are rotted, general condition adapted and a menace. The owner, Julia L. Humberg, Esq., Carl A. Humberg, administrator, and Beatrice H. R. Humberg, of 28 Manthorne park, West Roxbury, have been advised of the unsafe condition of the building and nothing has been done to remove the cause of complaint.

PROCEEDINGS OF SCHOOL COMMITTEE.

June 26, 1935

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7:20 o'clock,

Present: Messrs. Hurley, Lyons, Sullivan, and Tobin.

CHAIRMAN PRO TEMPORE

In the absence of the Chairman, Mr. Tobin was elected Chairman pro tempore.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of a principal, an assistant principal, and teachers as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

DEATHS

The Superintendent reported the death of the following-named teacher:

Henry L. Higginson District—Marie G. Hassett, assistant, elementary, June 23, 1935.

Placed on file.

The Superintendent reported the death of the following-named master emeritus:

Bunker Hill District—Frank L. Keith, June 18, 1935.

Placed on file.

RESIGNATION

The following resignation reported by the Superintendent to take effect on the date stated, was presented:

Donald McKay Intermediate District—Anna T. Gallivan, assistant, intermediate, June 14, 1935.

Accepted.

RETIREMENTS ON PENSION

The Superintendent offered the following:

ORDERED, That the following-named teachers are hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as hereinafter specified:

John Cheverus District—Mary E. Brazil, first assistant, kindergarten, May 2, 1935, \$440.

Sherwin District—Evelyn L. Barrows, first assistant, kindergarten, May 31, 1935, \$600.

Passed, the four members present voting in the affirmative.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with

the rules and regulations to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancies caused by promotions)

Julia Ward Howe District—Marion H. Melledy, assistant, elementary, June 27, 1935.

Washington Allston District—Margaret B. Keefe, assistant, elementary, June 27, 1935.

The rules were suspended and the appointments approved.

(To fill vacancy caused by death)

Henry L. Higginson District—Grace N. Hickey, assistant, elementary, June 27, 1935.

The rules were suspended and the appointment approved.

(To fill vacancy caused by increase in numbers)

Boston Trade School—Edward W. Dixon, trade instructor, Sept. 1, 1935.

Laid over.

(To fill vacancy caused by resignation)

Thomas A. Edison Intermediate District—Edith Stahl, assistant, intermediate (from assistant, elementary, Washington Allston District) June 27, 1935.

The rules were suspended and the appointment approved.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted under the provisions of section 265 paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Mary A. Spencer.

Kindergartens—Alice M. Nelson. Continuation School—Marie L. Daly.

Department of Physical Education—Mary Crehan.

Special Classes—Marie L. Burke. Approved.

EVENING SCHOOLS

Term 1935-1936

Principals

Brighton Evening Commercial High School—William J. Carey.

Central Evening High School—James D. Ryan.

Charlestown Evening Commercial High School—Daniel Foley.

Dorchester Evening Commercial High School—Andrew R. McCormick.

East Boston Evening Commercial High School—Thomas F. Gately.

Girls' Evening Commercial High School—Margaret J. Griffith.

Approved.

DESIGNATION

A communication was received from the Superintendent under date of June 26, 1935, reporting that he has made the following designation of a teacher to serve in the position indicated until such time as it shall be filled otherwise in accordance with the rules and regulations but not beyond Aug. 31, 1935:

Washington Allston District—Sibyl Kuskin, assistant, kindergarten, as acting first assistant, kindergarten (vice Helen L. Dunklee, absent on leave), June 7, 1935.

Placed on file.

EVENING SCHOOLS

Term 1935-1936

The Superintendent offered the following twelve orders:

ORDERED, That evening schools are hereby established for the term 1935-1936 as follows:

HIGH SCHOOLS

Brighton Evening Commercial High School, in the Brighton High Schoolhouse.

Central Evening High School, in the English High Schoolhouse.

Charlestown Evening Commercial High School, in the Charlestown High Schoolhouse.

Dorchester Evening Commercial High School, in the Dorchester High Schoolhouse for Girls.

East Boston Evening Commercial High School, in the East Boston High Schoolhouse.

Girls Evening Commercial High School, in the Girls' High Schoolhouse.

Hyde Park Evening Commercial High School, in the Hyde Park High Schoolhouse.

Roxbury Evening Commercial High School, in the Boston Clerical Schoolhouse.

South Boston Evening Commercial High School, in the South Boston High Schoolhouse.

West Roxbury Evening Commercial High School, in the Washington Irving Schoolhouse.

ELEMENTARY SCHOOLS

Bigelow Evening School, in the Bigelow Schoolhouse.

Brighton Evening School, in the Brighton High Schoolhouse.

Edward Everett Evening School, in the Edward Everett Schoolhouse.

Franklin Evening School in the Franklin, English High, and Everett Schoolhouses.

Grover Cleveland Evening School, in the Grover Cleveland Schoolhouse.

Hyde Park Evening School, in the Hyde Park High Schoolhouse.
Joseph H. Barnes Evening School, in the Joseph H. Barnes Schoolhouse.

Lewis Evening School, in the Lewis Schoolhouse.

Michelangelo Evening School, in the Michelangelo Schoolhouse.

Phillips Brooks Evening School, in the Phillips Brooks Schoolhouse.

Roger Wolcott Evening School, in the Roger Wolcott Schoolhouse.

Washington Evening School, in the Washington and Charlestown High Schoolhouses.

Washington Irving Evening School, in the Washington Irving Schoolhouse.

ORDERED, That each evening school principal is hereby authorized to hold one evening school teachers' meeting in the schoolhouse occupied by his evening school previous to the opening of the evening school term 1935-1936, the compensation for custodian service to be in accordance with the evening school schedule.

ORDERED, That principals of evening elementary schools who are placed in charge of evening commercial high schools shall receive for such service additional compensation at the rate of one dollar (\$1.00) per evening during the evening school term 1935-1936.

ORDERED, That the principal of the Hyde Park Evening Commercial High School is hereby placed in charge of the Hyde Park Evening Elementary School during the evening school term 1935-1936.

ORDERED, That the principal of the Brighton Evening Commercial High School is hereby placed in charge of the Brighton Evening Elementary School during the evening school term 1935-1936.

ORDERED, That the principal of the Washington Irving Evening Elementary School is hereby placed in charge of the West Roxbury Evening Commercial High School during the evening school term 1935-1936.

ORDERED, That during the school term 1935-1936 the Superintendent is hereby authorized, in his discretion and subject to the approval of the School Committee, to appoint temporary clerical assistants in the evening schools in excess of the number of clerical assistants authorized by the regulations.

ORDERED, That the employment of additional first assistants is hereby authorized for the evening school term 1935-1936 in such branches of the evening elementary schools as the Superintendent may determine.

ORDERED, That the Superintendent, subject to the approval of the State Board of Education, is hereby authorized under the General Laws, Chapter 74, to conduct during the evening school term 1935-1936, evening trade classes in the Boston Trade School and in such branches thereof as he may determine.

ORDERED, That the Director of Evening and Summer Schools is hereby authorized to incur an expense not to exceed one hundred twenty dollars (\$120) for clerical work in connection with registration in the evening high schools during the evening school term 1935-1936.

ORDERED, That during the school term 1935-1936 the Superintendent is hereby authorized, subject to the approval of the School Committee, to appoint one temporary clerical assistant in the Boston Trade School (Evening Classes).

ORDERED, That during the school term 1935-1936 the Superintendent is hereby authorized, subject to the approval of the School Committee, to appoint one clerical assistant in the Boston Trade School (Evening Classes).

The twelve orders passed.

EMPLOYMENT OF SCHOOL PHYSICIANS IN SUMMER REVIEW SCHOOL AND CERTIFICATING OFFICE

On motion of the Superintendent, it was

ORDERED, That the Director of School Hygiene is hereby authorized to assign for intermittent temporary service in the Summer Review School and in the Certifying Office, during the summer months of this year, the following-named school physicians: Doctors Louis F. Salerno, Henry E. Stone, Samuel Nadel, Charles F. Stack, Morris N. Davidow, Sidney H. Weiner, Morris A. Silberg, and Joseph Laserson; compensation to be at the rate established for temporary school physicians, namely, five dollars (\$5) per day of service.

On motion of the Superintendent, it was

ORDERED, That the Director of School Hygiene is hereby authorized to make such emergency assignments of school physicians to the Summer Review School and to the Certifying Office, as may be necessary in place of regularly assigned physicians who may be absent from duty.

EMPLOYMENT OF SCHOOL NURSE IN CERTIFICATING OFFICE DURING SUMMER

On motion of the Superintendent, it was

ORDERED, That the employment of Idella Thompson, school nurse, as school nurse in the Certifying Office, is hereby authorized for the period July 8 to Aug. 3, 1935, both dates included, vice Edith C. Baldwin, school nurse assigned to the Certifying Office, absent on vacation; compensation to be at the rate established for temporary school nurses, namely, five dollars (\$5) per day for service.

On motion of the Superintendent, it was

ORDERED, That the Director of School Hygiene is hereby authorized to make such emergency assignments of school nurses to the Certifying Office as may be necessary in place of the regularly assigned nurse who may be absent from duty.

CLOSING OF ADMINISTRATIVE OFFICES ON SATURDAYS DURING SUMMER

The following was offered:

ORDERED, That the administrative offices and the supply room

of the School Committee are hereby closed on Saturday, June 29, 1935, the Saturdays during July and August, and the first Saturday in September.

The rules were suspended and the order passed.

AMENDMENTS TO RULES AND REGULATIONS

A communication was received from the Board of Superintendents, under date of June 26, 1935, recommending the amendment of the eligibility requirements for Certificate XXXIII. Intermediate as set forth in an accompanying order.

Placed on file.

The following was offered:

ORDERED, That the Regulations are hereby amended as follows:

Sect. 80, paragraph XXXIII. Intermediate. In the paragraph which provides for the acceptance of certain degrees as equivalent to one of the two required years of experience, in the seventh line, insert to immediately follow the word "board" the words—or the equivalent of such Master's Degree approved by the board of superintendents—so that the paragraph shall read as follows:

A degree from The Teachers College of the City of Boston, the Master's Degree in Education earned prior to September 1, 1928, under the plan approved by the board of superintendents, the Master's Degree in Education from a college or university approved by the board of superintendents with educational courses approved by that board, or the equivalent of such Master's Degree approved by the board of superintendents, may be accepted as equivalent to one of the two required years of experience in teaching and governing regular graded day schools.

The rules were suspended and the order passed.

The Superintendent offered the following:

ORDERED, That the Regulations are hereby amended as follows:

Sect. 308, paragraph 11. Strike out the paragraph and substitute in place thereof the following:

11. A director of educational investigation and measurement; an educational statistician; and three research assistants.

The rules were suspended and the order passed.

AUTHORIZED LIST OF TEXT BOOKS

The Superintendent offered the following three orders authorizing changes in and additions to the authorized list of text books:

1. ORDERED, That the following-named dictionary is hereby authorized for reference use in Grade VII:

Cuyas, Arturo. Appleton's New English-Spanish and Spanish-English Dictionary. D. Appleton Century Company. cpt. 1928 net \$4.00 f.o.b. N. Y.

2. ORDERED, That the following-named text books are hereby authorized for use as indicated, to take the place of any and all previous authorizations of the same books:

Jameson, Russell P. Rire et Sourire, cpt. 1926. The D. Appleton-Century Company. Grade X.	net \$1.08
Kimball, May Dickinson. Children Well and Happy. rev. cpt. 1929. F. S. Crofts and Company. Grade IX, Girls' Schools only.*	net .80
Smith, E. Ehrlich, Lowe, Orton and Simpson, I. Jewell. Adventures in Reading. Grade VI. Doubleday, Doran and Company. cpt. 1931. Grade VI.*	net .71

3. ORDERED, That the following-named books now authorized for use as text books, are hereby dropped from the list, no further copies to be purchased:

Anderson, I. C. Sentence Mastery. D. C. Heath and Company. cpt. 1931.

Bailey, C. S. For the Children's Hour. Books I, II and III. Milton Bradley Company.

Blaisdell, M. F. Tommy Tinker's Book. School ed. Little, Brown & Co.

Burk, E. E. and Smith, C. J. Easy Road to Reading. Primer. (Nature and Life Series.) Lyons & Carnahan.

Mace, W. H. Primary History Stories of Heroism. Rand, McNally and Co.

Pearson, H. C. Essentials of Latin for Beginners, revised by Supplement 1919. American Book Co. cpt. 1915.

Prescott, D. R. A Day in a Colonial Home; ed. by Dana. Marshall Jones Co. cpt. 1921.

Robinson, E. Van D. Commercial Geography. Rand, McNally & Co. cpt. 1932.

Shaw, A. H. Story of a Pioneer. School ed. Ed. by Keyes. Harper & Bros. cpt. 1929.

Taylor, E. H. and Allen, F. Junior High School Mathematics. Second Book. Henry Holt and Co. Thompson, C. M. and Hunter, M. H. Exercises and Problems in Economics. Benj. H. Sanborn & Co. cpt. 1919.

Young, C. A. Lessons in Astronomy. rev. ed. Ginn and Co. cpt. 1918.

*Not more than 45 copies to be purchased for a school or district. The three orders were laid over.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian,* under date of June 26, 1935, recommending that the following-named custodians who stand at the head of their respective lists be appointed as indicated, to take effect June 30, 1935:

John A. Callanan from the Cora L. Etheridge to the Choate Burnham School-house.

James F. Cooper from the Phillips Brooks School-house to the School Committee Administration Building.

William G. Desmond from the Nathaniel Hawthorne to the Hobart Street School-house.

Daniel J. Gibbons from the Cudworth to the Daniel Webster School-house.

Frederic A. Gross, regular substitute custodian to the Nathaniel Hawthorne School-house.

John R. Hall from the Comins to the John Boyle O'Reilly School-house.

James D. McMahan from the Frederic W. Lincoln to the Rochambeau School-house.

Thomas F. Walsh from the Gaston to the Farragut School-house.

Placed on file and the transfers approved, to take effect on the date stated.

REPORT ON AUDIT OF BOOKS AND ACCOUNTS

A communication was received from Charles E. Di Pesa and Company, under date of June 14, 1935, submitting report on the audit of the books and accounts of the four-teen school centers.

The report was accepted and referred to the Business Manager for attention.

TRIBUTE TO RETIRING CUSTODIAN

Mr. Tobin offered the following: RESOLVED, That this Committee herewith records sincere regret at the passing from the school service of Mr. Samuel A. Dodds, custodian of the School Committee Administration Building. For over thirty years Mr. Dodds has been a custodian in the School Department, for twenty-five years in various schools of the city and since April, 1930, at Headquarters. During his entire period of service his work has been of the highest order. He has endeared himself to all by his gracious manner, his willingness to serve, and his unusual ability which has made it possible for him to give far more than ordinary service. The record which he has made should be an inspiration to all custodians.

The School Committee extends to Mr. Dodds its sincere appreciation of him as a man and as a custodian, and wishes him long years of health and happiness.

The resolution was adopted by unanimous vote.

UNFINISHED BUSINESS

The eleven orders making changes in and additions to the authorized list of text books, laid over at the meeting of June 18, 1935, were taken up and passed unanimously.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough, 2,560,401; Manhattan, 1,867,312; Bronx, 1,265,258; Queens, 1,079,129; Richmond, 1,158,346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,733 or 25.0 per cent); Philadelphia, 1,950,961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles, 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 323,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claim:

Mary A. Burns, 60 Fairbanks street, Brighton, in the sum of \$15, as compensation for damage to coat caused by wire protruding from fence surrounding the Faneuil Branch of the Boston Public Library on Faneuil street, Brighton, December 25, 1934.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, the following temporary rules are effective on July 14, 1935, from 7 a. m. to 10 p. m.:

Vehicles are excluded from the following street:

Boylston Street.

Between Gloucester street and St. Cecilia street.

Parking of vehicles is prohibited in the following street:

Newbury Street.

From Gloucester street to Hereford street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of patch-paving, vehicles are excluded from Somerset street, between Beacon street and Pemberton square, from 4 p. m., July 13, 1935, to 7 a. m., July 15, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, the following temporary rule is effective July 22, 1935:

Vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with the right rear wheel to the curb, in the following street:

Washington Street North.

East side, from Stillman street to Endicott street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of emergency building repairs to the Dudley Street Baptist Church, estimated to be one (1) month, vehicles are excluded from Dana street, Roxbury, between Cliff street and Dudley street, effective July 16, 1935.

TAX COLLECTIONS FOR MUNICIPALITIES IMPROVE.

The results of a nation-wide survey of tax collections covering reports from 106 cities throughout the United States, just completed by Frank H. Morse of Lehman Brothers, New York, show that there has been a definite improvement in tax collections in 1934 over 1933.

Questionnaires were sent to the finance offices of the principal cities in each section of the country and 106 replies were received from city officials throughout the country. Of the 106 cities which reported, 82, or 77.3 per cent, showed an improvement in 1934 collections over those of 1933, as against 24 cities, or 22.7 per cent, which reported a decrease in 1934 collections. (From the American City Magazine.)

COST OF UNEMPLOYMENT RELIEF.

The annual cost of various types of unemployment relief made by the National Industrial Conference Board, based on 3,500,000 relief cases, have been estimated at from a little less than \$1,000,000,000 for direct relief of the type received by more than half of the persons now on the relief rolls to over \$8,000,000,000 for public works relief, with full-time employment, at the "prevailing wage" rate. According to the report released February 28 the story is:

"The average cost of direct relief per case during the third quarter of the past year was at the rate of slightly over \$280 per year. At this annual rate the total cost for 3,500,000 cases would amount to \$980,000,000. The average cost of work relief has been around 50 per cent greater than the cost of direct relief. The average for the third quarter of 1934 was slightly over \$35 per month, or around \$420 per year. Continuous employment for 3,500,000 persons during a period of twelve months would cost \$1,475,000,000.

DOUBLE TAXATION NOT THE WHOLE TAX CONFLICT.

Double taxation, which to most people means two taxes on the same thing from different sources,—Federal and State or two states,—is only a part of the problem of conflicting taxation, says James W. Martin, Research Director of the Interstate Commission on Conflicting Taxation. The commission, set up by the Interstate Assembly representing the various states, which was called together by the American Legislators' Association in 1933, will report results of its subsequent study of conflicting taxation early in 1935.

CITY OF BOSTON.**PUBLIC WORKS DEPARTMENT****PROPOSALS FOR REPAIRING HULL, ETC., OF FERRYBOAT "GENERAL SUMNER."**

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing hull, etc., of ferryboat "General Sumner." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex, on and after Tuesday, July 23, 1935. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Ferryboat 'General Sumner,'" and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, July 30, 1935, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two (2) dollars for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN.

(July 20.) Commissioner of Public Works.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

CITY OF BOSTON.**DEPARTMENT OF SCHOOL BUILDINGS.****TO GENERAL CONTRACTORS.**

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for doing masonry and waterproofing, etc., at the Solomon Lewenberg School, Outlook road, Dorchester, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 29, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of August 5, 1935, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY.

(July 20.) Superintendent of Construction.

CITY OF BOSTON.**FIRE DEPARTMENT.****PROPOSALS FOR FIRE ALARM UNDERGROUND CONSTRUCTION.**

The Fire Commissioner of the City of Boston, hereinafter designated as Commissioner, 60 Bristol street, invites proposals from citizens of the United States and corporations and other legal associations wherein the controlling interest to the extent of at least over one-half is owned by a citizen or citizens of the United States, for doing the following stated work in connection with the fire alarm service of the Fire Department of the City of Boston: The laying of about 2,716 feet single ducts, the setting of nineteen box posts and the building of one manhole and four handholes. The work to be done in accordance with plans and specifications which may be obtained at Fire Alarm Headquarters, 59 Fenway. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, where the same will be publicly opened and read at 12 o'clock noon, July 24, 1935. Proposals must be in duplicate, sealed, and marked "Proposals for Fire Alarm Work," one of which is to be deposited at the office of the Fire Commissioner, and contain a certified check, made payable to the City of Boston, for two hundred (200) dollars, said check to be forfeited if the bidder fails to carry out his proposal; the other proposal is to be deposited at the office of the City Auditor previous to the time stated for the opening of the bids. The successful bidder will be required to furnish a bond in the full amount of the contract price, of an approved surety company doing business in the State of Massachusetts. The contract is made subject to appropriation to meet payments thereunder. The Fire Commissioner reserves the right to reject any or all bids or to award the contract as he deems best.

EDWARD F. McLAUGHLIN.

(July 13-20.) Fire Commissioner.

PROPOSALS FOR ADDITIONS AND ALTERATIONS TO THE ROBERT GOULD SHAW INTERMEDIATE SCHOOL FOR THE DEPARTMENT OF SCHOOL BUILDINGS, CITY OF BOSTON, MASS., NATIONAL INDUSTRIAL RECOVERY PROJECT P. W. A. DOCKET No. 4217 W. R.

Sealed proposals for erecting and completing the additions and the alterations to the Robert Gould Shaw Intermediate School, in the district of West Roxbury, will be received by the Superintendent of Construction at the office of the Department of School Buildings, 11 Beacon street, Boston, Mass., until 2 o'clock p. m., daylight saving time, of Tuesday, July 30, 1935, and at the place and time will be publicly opened and read. The proposal submitted to the Superintendent of Construction shall not be separated from the book of specifications. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City at the City Hall, School street, Boston, before the time for the opening of the proposals. Consideration shall be given to the fact that this is a project constructed and financed in part by grant under the terms of the National Industrial Recovery Act and chapter 366 of the Acts of 1933 of the Commonwealth of Massachusetts, as amended by chapter 21 of the Acts of 1934. The attention of bidders is directed to the construction regulations prescribed by the P. W. A. Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project. The employment agency designated by the Government for this project is Everett L. Hanna, Manager, 100 Nashua street, Boston, Mass. All bids must be accompanied by a certified check on a bank located in the Federal Reserve District (5), payable to the City of Boston, in the sum of \$30,000. The certified check shall be attached to the proposal, sealed and delivered to the Superintendent of Construction. The right is reserved to reject any or all proposals or to accept the proposal deemed best for the City of Boston. The certified checks of the three lowest bidders will be retained until the contract has been signed by all interested parties. All other certified proposal checks will be returned not less than forty-eight hours after the date of the opening of the proposals. A bond of an approved surety company shall be given by the Contractor in the full amount of the entire contract price. The contract is subject to the approval of the Mayor. No award can be made without the approval of the State Engineer, P. W. A. Plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, 11 Beacon street, Boston, Mass. A deposit of a certified check for \$300, made payable to the City of Boston, will be required for each set of plans and specifications, said sum to be refunded if plans and specifications are returned not later than seven days after the opening of bids. Mutilation of the plans or the specifications shall be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
Superintendent of Construction,
Department of School Buildings.
(July 13-20-27.)

CITY OF BOSTON BOND SALE.

The following communication has been received by Mayor Mansfield:

Boston, July 9, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston,

SIR,—John H. Dorsey, City Treasurer, opened bids this day for \$5,437,000 City of Boston bonds dated August 1, 1935.

Five bids were received, fifty-nine investment houses participating.

The award was made to a group headed by Lehman Brothers of New York City, who bid par, plus a premium of \$5,437 for \$5,437,000 bonds bearing interest at the rate of 2½ per cent. This group consisted of nineteen investment houses.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING KITCHEN EQUIPMENT AT THE LONG ISLAND HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing and installing at the Long Island Hospital, kitchen equipment, as per specifications dated May 11, 1935, and plan dated May 11, 1935, to be obtained at the office of the Supply Department, 801 City Hall Annex. There will be a charge of twenty (\$20.00) for each blank proposal taken out. The bidder must use the form of proposal to be obtained at said office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$400, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Monday, July 29, 1935, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

WARREN W. LOOMIS,
(July 20.) Superintendent of Supplies.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO MASON CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and installing new chimney in the Edward Southworth School, Meeting House Hill, Dorchester, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 111 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Tuesday, July 30, 1935, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of August 8, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of said deposit. Specifications and plans will be ready Wednesday, July 24, 1935.

WM. W. DRUMMEY,
(July 20.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO FIRE ESCAPE (IRON) CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for erecting and completing fire escapes on the William Wirt Warren School, Waverly street, near Market street, Allston, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, eighth floor, signed by the bidder and left before 2 o'clock p. m. of Monday, July 29, 1935, at said office, with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Monday, August 5, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(July 20.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for alterations, etc., in the Girls' Trade School, 56 The Fenway, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Plans ready for contractors Wednesday, July 24, 1935. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 111 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, August 2, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Friday, August 9, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(July 20.) Superintendent of Construction.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

The second bid was presented by the National City Bank of New York in behalf of nine investment houses. Their bid was par plus a premium of \$2,169.36 for \$4,937,000 bonds bearing interest rate of 2½ per cent and \$500,000 bonds bearing interest rate of 2¾ per cent.

There was an interest saving to the City of Boston of \$40,767.64.

This is the most advantageous financing ever engaged in by the City of Boston in its history.

Respectfully submitted,

JOHN H. DORSEY,
City Treasurer.

RECEIPTS AND EXPENDITURES, FISCAL POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 females; 55 to 64 years, 63,416 (30,671 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

SAND, CINDERS AND SALT IN DULUTH.

About 385 miles of sidewalk are sanded every year and about 250 miles of streets are snow-plowed and sanded. Ordinarily, flat grades are not sanded, this work being confined to steep grades where dangerous ice conditions exist. During the past season the maintenance department used about 500 cubic yards of cinders, 500 cubic yards of sand, and 5 tons of calcium chloride on the streets.

The use of salt, or sodium chloride, has been discontinued entirely, because of its injurious effect on concrete walks and pavements. The action of salt is not clearly understood, but it is much more active during cold weather than in summer, and is apparently due to the formation of crystals after penetrating the surface, the force of which disintegrates the concrete. Calcium chloride does not seem to be entirely free from this difficulty, but is much less active than sodium chloride.

PUBLIC DEBT, JANUARY 1, 1933.

Gross funded debt, January 1, 1933, \$165,758,499.95 (including \$119,999.95 issued by State for enlargement of Court House); sinking funds, \$35,737,619.21; other redemption means, \$3,078,263.28; net debt, \$126,942,617.46 or \$7,588,429.94 more than on January 1, 1932. Of said debt (net) \$79,310,526.63 or 62.48 per cent was City debt; \$46,199,623.96 or 36.39 per cent, Rapid Transit debt (representing 4½ per cent investment); \$994,466.87 or 0.78 per cent, County debt; \$438,000 or 0.35 per cent, Water debt.

Debt paid in 1932 was \$9,935,301 but there was an increase in total gross debt of \$5,437,698.99.

Net debt per capita, \$160.62 (approx.); net debt, exclusive of Rapid Transit debt, \$80,742,993.50 or \$102.17 per capita (approx.).

Per capitas are based on U. S. Census Bureau's estimated population on January 1, 1933.

Loans authorized but not issued (within debt limit), \$1,898,000; same outside of debt limit, \$2,680,000; total, \$4,578,000.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (i. e., 10.3 per cent) over 1920. Of said total, 2,940,335 (i. e., 69.19 per cent) were in the cities and 1,309,279 (i. e., 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

POPULATION OF UNITED STATES, 1930.

Total inhabitants of continental United States, 122,775,046, or 62,137,080 males and 60,637,966 females. Total native white, 95,497,800 or 48,010,145 males and 47,487,655 females; native white of native parentage 70,136,614 or 35,460,001 males and 34,676,613 females; native whites of foreign parentage, 16,999,221 (8,438,676 males and 8,560,545 females); native whites of mixed parentage, 8,361,965 (4,111,468 males and 4,250,497 females); foreign-born whites, 13,366,407, or 7,153,709 males and 6,212,698 females; total foreign white stock, 38,727,593, or 19,703,853 males and 19,023,740 females; Negroes, 11,891,143, or 5,855,669 males and 6,035,474 females; Mexicans, 1,422,533, or 758,674 males and 663,859 females; Indians, 332,397, or 170,350 males and 162,047 females; Japanese, 138,834, or 81,771 males and 57,063 females; Chinese, 74,954, or 59,802 males and 15,152 females; all others, 50,978, or 46,960 males and 4,018 females.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

POPULATION OF MASSACHUSETTS, 1930.

Total population, 4,249,614 (2,071,672 males and 2,177,942 females); total white, 4,192,926 (2,042,213 males and 2,150,713 females); total native white, 3,138,290 (1,532,751 males and 1,605,539 females); native white of native parentage, 1,429,784 (702,983 males and 726,801 females); native white of foreign or mixed parentage, 1,708,506 (829,768 males and 878,738 females); 1,202,191 (584,705 males and 617,486 females) of them being of foreign parentage; foreign-born white, 1,054,636 (509,462 males and 545,174 females); Negro, 52,365 (26,097 males and 26,268 females); Indian, 874 (458 males and 416 females); Chinese, 2,973 (2,530 males and 443 females); Japanese, 201 (151 males and 50 females); Mexican, 66 (43 males and 23 females); all other races, 209 (180 males and 29 females).

AIRPORTS AND LANDING FIELDS IN THE UNITED STATES.

The latest report of the Aeronautics branch of the Department of Commerce, dated January 1, 1934, states that there were 2,188 airports and landing fields in the United States on that date, an increase of 71 since January 1, 1933. These figures do not include new airports which are being established in the various states by the State Civil Works Administration Committees.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, JULY 27, 1935.

No. 80

WASHINGTON OFFICIAL HERE NEXT WEEK TO CONFER WITH MAYOR MANSFIELD AND OTHER OFFICIALS RELATIVE TO REMOVAL OF ELEVATED STRUCTURE FROM SULLIVAN SQUARE TO FOREST HILLS — SEVERAL PRELIMINARY CONFERENCES HAVE SO FAR ADVANCED PLANS THAT CHIEF ENGINEER OF PUBLIC WORKS PROJECTS CLARENCE McDONOUGH HAS BEEN SENT TO BOSTON TO STUDY SITUATION — LAW DEPARTMENT AT BEHEST OF MAYOR IS PREPARING DATA AND ARGUMENTS CALCULATED TO PAVE WAY FOR SUCCESS OF UNDERTAKINGS.

Mayor Mansfield, Chief Engineer of Public Works Projects Clarence McDonough, and representatives of the Board of Directors of the Boston Elevated Road, as well as the City Law Department, are to meet in conference at the Mayor's Office next week to decide on the possibility and desirability of proceeding immediately with the project of removing the Elevated structure from Sullivan square to Forest Hills. Already several conferences have been held by the Mayor looking to that end, both with the officials at Washington and the Elevated Road, and the conference next week is the culmination of these. To show the progressive steps that have been made to date, Mayor Mansfield has issued the following statements. The first of these, on July 22, with an accompanying letter, was as follows:

Statement by Mayor.

The situation in regard to the proposed removal of the Elevated structure is this:

On June 10th I conferred informally with Joseph P. Manning and James L. Richards, representing the private directors and stockholders of the Boston Elevated Railway Company, and suggested to them a plan whereby a tunnel might be built along the right of way of the present Elevated structure from Forest Hills to Sullivan square and granting to the Elevated Railway Company of a long-term lease of this tunnel in lieu of paying the road compensation for the removal of the Elevated structure. Mr. Manning and Mr. Richards had no authority to speak for the other directors or stockholders, but speaking for themselves they said they thought the project would be looked upon favorably.

On June 14th I was in Washington and conferred with Harry L. Hopkins, Senator Walsh and Congressman McCormack being present at the interview. At that conference Mr. Hopkins said that because the removal of the Elevated structure and the substitution of a tunnel could not be finished by October, 1936, or at the very latest by the summer of 1937, this very desirable improvement would have to be accomplished in some other way. He added that under no conditions would the Federal Government allow money for damages or for compensation to the Elevated road for the demolition of the existing structure.

Today I telephoned to Col. H. B. Hackett of the Public Works Projects Office at Washington and asked him to send a representative of his office to Boston to investigate this problem and to confer with city officials and representatives of the road. He agreed to do this and is to inform me by telegram the name of his representative and the time of his arrival. This telephone conversation I confirmed by a letter (copies of which I attach).

I have also called a meeting of the private directors and representatives of the stockholders in the Boston Elevated Railway Company to be held in my office tomorrow, Tuesday morning, at eleven o'clock to discuss further the possibility of the acceptance by the directors and stockholders of a long-term lease instead of money compensation for the removal of the Elevated structure.

Plans in sufficient detail for consideration as a public works project have already been submitted to the Works Projects Board at 40 Central street, which has them under consideration.

If this work cannot be undertaken as an E. R. A. project, Mr. Hopkins intimated today he might consider it as a P. W. A. project on a 55-45 per cent basis, but I am informed by the City Auditor that it cannot be undertaken as a P. W. A. project for the following reasons:

The amount involved is in excess of the legislative authority to borrow for P. W. A. purposes. If we borrow for a new tunnel we will have to give up all other P. W. A. projects. We wouldn't have enough money then because the new project exclusive of the cost of demolishing the Elevated structure would probably cost over twenty million dollars and the total amount we are authorized to borrow by the Legislature is \$8,975,000 for P. W. A. projects.

(Continued on page 228.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, August 12, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending July 20, 1935:

Population as of July, 1935, Massachusetts State Census, 820,190; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 162; nonresidents, 33; total, 195.

Death rate per 1,000 of population. All deaths, 12.70; nonresidents deducted, 10.55.

Death rate per 1,000 population:

Last week, 13.15; corresponding week last year, 12.49.

Deaths by age periods, sex, etc.: Under one year, 12; one year to four years, inclusive, 7; sixty years and over, 87. Total deaths: Male, 95; female, 100; deaths in hospitals and institutions, 133; deaths of colored, 9.

REPORTABLE DISEASES: CASES AND DEATHS.*

REAL PROPERTY INVENTORY CONDUCTED BY CITY PLANNING BOARD COMPLETED AND ABSTRACT OF FINDINGS PRESENTED TO MAYOR MANSFIELD — 86,391 DWELLING STRUCTURES OF ALL TYPES SURVEYED SHOW BOSTON RELATIVELY BETTER OFF THAN MOST OF COUNTRY — INTERESTING FACTS DISCLOSED AS TO LIVING CONDITIONS.

Mayor Mansfield has received from the City Planning Board an abstract of its Real Property Inventory figures for the city as a whole, covering fourteen districts. Altogether the survey has considered 86,391 dwelling structures of all types, nearly a third of which were single-family houses. The survey shows, also, that Boston is in better general housing condition than most of the remainder of the country, the statement being based on word from Col. Horatio B. Hackett, former director of the Housing Division, P. W. A.

The release is as follows:

Real Property Inventory. City as a Whole. F. E. R. A. Projects 2235=F2=104; 2235=F2=104F; X2235=F2=U46; X2235=F2=U46B.

The City Planning Board has now released an abstract of its Real Property Inventory figures for the city as a whole, following individual releases covering fourteen different sections.

Starting with a total of 86,391 dwelling structures of all types, it is reported that nearly one third of them are single-family houses, with a slightly less percentage in two-family and three-decker type of construction. Less than 12 per cent of the structures were found to be in need of major structural repairs or unfit for habitation. This is a marked improvement over conditions in general throughout the country, Col. Horatio B. Hackett, former director of the Housing Division, Public Works Administration, being responsible for the statement that "one third of the population lives in structures unfit for human habitation."

With regard to equipment, more than 16 per cent of the structures have no bath tubs or showers, and only about one fifth of the dwelling units are equipped with mechanical refrigeration.

Twenty per cent of the dwelling units are reported as having no income earner, while the number of passenger cars owned exceeds the dwelling structure garage capacity by more than 14,000 cars.

The complete abstract, as presented, is to the effect that in the city there are 86,391 dwelling structures of all types, of which 26,049 structures, or 30.15 per cent, are single-family houses. There are 23,331 structures, or 27.01 per cent, which are of the three-decker type. There are 19,020 structures, or 22.02 per cent, which are of the two-family (up-and-down) type. Next come the large apartments exclusively residential of which there are 5,457 structures, or 6.32 per cent. These are followed by 4,933 structures, or 5.71 per cent, which are of the flats over stores type. There are 3,529 structures, or 4.08 per cent, which are of the hotel-rooming house type. Then there are 2,034 structures, or 2.35 per cent, which are large apartments containing nonresidential units. The above figures amount to 97.64 per cent of all the dwelling structures in the city and the balance, or 2.36 per cent, consist of other types of dwelling structures.

WOODEN STRUCTURES.

With respect to the materials of construction, the survey shows that there are 64,234 structures, or 74.35 per cent, which are built of wood. 20,690 structures, or 23.95 per cent, are built of brick. The remainder, or 1.70 per cent, are built of other materials.

In regard to the condition of the structures it was found that 8,671, or 10.04 per cent, were in need of structural repairs and 1,509, or 1.75 per cent, were unfit for habitation. In addition, it was found that 49,031 dwelling structures, or 56.75 per cent, were in need of minor repairs.

With regard to the ages of the dwelling structures it was found that 44,778 structures, or 51.82 per cent, are forty years of age and older. There are 11,328 structures, or 13.11 per cent, which are fifty to fifty-nine years of age. There are 5,833 structures, or 6.75 per cent, which are eighty years of age and older. 1,994 structures, or 2.31 per cent, are four years old or less.

The city contains in the 82,862 dwelling structures (not including hotels and rooming houses which were not considered as containing rental or owner-occupied family dwelling units in this survey), 211,528 dwelling units of which 165,250 units, or 78.12 per cent, are rental units and the balance, 46,278 units, or 21.88 per cent, are owner-occupied units. Of the 165,250 rental units there are 22,567 units, or 13.66 per cent, which are vacant. Of the 188,961 occupied units there are

182,094 units, or 96.37 per cent, which are occupied by white persons.

Of the 142,683 occupied rental units, 4,007 units, or 2.81 per cent, have families which have doubled up, while of the 46,278 owner-occupied units there are 3,046 units, or 6.58 per cent, which have families doubled up.

Of the 188,961 occupied units there are 31,335 units, or 16.56 per cent, which are crowded (from 1.01 to 2 persons per room).

The weighted average monthly rental for the entire city is \$31.24. This will vary from district to district, and from census tract to census tract. There are 18,012 rental units, or 10.90 per cent, which rent for \$14.99 or less per month. There are 23,399 rental units, or 14.16 per cent, which rent for \$15 to \$19.99 per month. There are 23,461 rental units, or 14.19 per cent, which rent for \$20 to \$24.99 per month. There are 24,122 rental units, or 14.60 per cent, which rent for \$25 to \$29.99 per month. There are 39,942 rental units, or 24.17 per cent, which rent for \$30 to \$39.99 per month. There are 19,251 rental units, or 11.65 per cent, which rent for \$40 to \$49.99 per month. There are 15,218 rental units, or 9.21 per cent, which rent for \$50 and over per month.

726,160 IN DWELLING UNITS.

There are 726,160 persons living in the dwelling units in the city. This population figure does not include those persons living in hotels, clubs, rooming houses, institutions, etc. Of the above-quoted

726,160 persons, 523,222, or 72.05 per cent, live in rental units, and 202,938 persons, or 27.95 per cent, live in owner-occupied units.

The distribution of the 211,528 dwelling units in the city by type of structures is as follows: 69,967 units, or 33.08 per cent, occur in three deckers; 45,275 units, or 21.40 per cent, occur in large apartments exclusively residential; 38,104 units, or 18.01 per cent, occur in two-family (up-and-down) structures; 26,049 units, or 12.31 per cent, occur in single-family houses; 15,711 units, or 7.43 per cent, occur in large apartments containing nonresidential units; the balance, 16,422 units, or 7.77 per cent, occur in other types of structures.

Of the 211,528 dwelling units in the city, 22,188 units or 10.49 per cent, occur in structures which need structural repairs, and 3,912 dwelling units, or 1.85 per cent, occur in structures which are unfit for habitation.

Of the 211,528 dwelling units in the city, 83,712 units, or 39.57 per cent, have four (4) rooms or less and 126,698 units, or 59.90 per cent, have five (5) rooms and over.

Of the 142,683 occupied rental units, 55,277 units, or 38.75 per cent, have been occupied one year or less; 76,207 units, or 53.44 per cent, have been occupied two years or less; 126,491 units, or 88.65 per cent, have been occupied nine years or less; 10,520 units, or 7.37 per cent, have been occupied from ten to nineteen years; and 3,867 units, or 2.71 per cent, have been occupied twenty years and longer.

Of the 22,567 vacant rental units in the city, 16,453 units, or 72.91 per cent, have been vacant one year or less; 2,169 units, or 9.61 per cent, have been vacant two years; 2,037 units, or 9.03 per cent, have been vacant three to four years; 1,184 units, or 5.25 per cent, have been vacant five to nine years; and 446 units, or 1.98 per cent, have been vacant ten years and longer.

Of the 165,250 rental units in the city, 21,687 units, or 13.12 per cent, have mechanical refrigeration as concessions. There are 12,373 rental units in the city, or 7.49 per cent, which have garages as concessions.

FACTS ON FACILITIES.

With regard to facilities the following facts were disclosed: Of the 211,528 dwelling units in the city, 493 units, or 0.23 per cent, are without indoor water-closets in the structure; 12,181 units, or 5.76 per cent, have indoor water-closets easily available in the structure, but not in the unit itself; there are 34,175 units, or 16.16 per cent, which have no tubs or showers in the structure; there are 1,949 units, or 0.92 per cent, which have tubs or showers easily available in the structure but not in the unit itself; there are 9,004 units, or 4.26 per cent, which have no gas or electricity for cooking; there are 3,149 units, or 1.49 per cent, which have no gas or electricity for lighting; with regard to the principal type of heating apparatus there are 74,414 units, or 35.18 per cent, which use steam or vapor, and 73,447 units, or 34.72 per cent, which use heating stoves, and also 31,612 units, or 14.94 per cent, which use hot water, and in addition to the above there are 30,407 units, or 14.37 per cent, which use hot air. For the principal type of heating fuel it was found that 139,925 units, or 66.15 per cent, use hard coal. In addition to the hard coal there were 23,427 units, or 11.08 per cent, which use soft coal; 17,296 units, or 8.18 per cent, which use kerosene and 15,742 units, or 7.44 per cent, which use oil. Seventy-two units, or 0.03 per cent, have no running water, while 27,075 units, or 12.80 per cent, have cold running water only. With regard to mechanical refrigeration it was found that 165,692 units, or 78.33 per cent, are without this facility.

The miscellaneous data obtained shows that in the city there are 188,961 occupied dwelling units (rental and owner occupied) and of these there are 151,052 dwelling units, or 79.94 per cent, which reported having a principal income earner. There were 37,909 dwelling units, or 20.06 per cent, which reported not having an income earner. Of the 151,052 principal income earners it was found that 47,280 earners, or 31.30 per cent, used the rapid transit to go to work and of these 21,889 earners, or 46.29 per cent, took from thirty to thirty-nine minutes to go to work. 35,407 income earners, or 23.44 per cent, used the street car to go to work. 33,306 income earners, or 22.05 per cent, used walking as a means of going to work, and of these walkers 18,283, or 54.90 per cent, took from ten to nineteen minutes. 27,472 income earners, or 18.18 per cent, used automobiles to go to work. 3,469 income earners, or 2.30 per cent, used the bus to go to work. 2,738 income earners, or 1.81 per cent, used other modes to go to work. 1,380 income earners, or 0.91 per cent, used the railway to go to work.

In the city as a whole it was found that 18,600 dwelling structures had garages

and these garages have a capacity of 31,692 cars. There are 46,404 passenger cars owned.

Of the 188,961 dwelling units in the city it was found that the occupants of 4,703 units, or 2.49 per cent, tended vegetable gardens in 1934.

The city as a whole shows a decrease in dwelling population of 1.35 per cent since 1930.

This Real Property Inventory has been conducted by the City Planning Board, Frederic H. Fay, chairman, as one of its studies under an F. E. R. A. appropriation. A similar survey was conducted by the Federal Government in sixty-four cities throughout the country. The work has been under the immediate direction of William Stanley Parker, vice chairman of the City Planning Board and chairman of the Advisory Committee on Housing, assisted by Elisabeth M. Herlihy, secretary of both groups. Frank H. Malley, engineer, has acted as liaison officer between the Board and the project, while the work of abstracting has been done by Samuel Shapira, Technical Supervisor and Director of Surveys.

The detailed figures, from which these abstracts have been prepared, are now being assembled in final shape for publication.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertisers for proposals for doing masonry and waterproofing work, etc., at the Solomon Lewenberg School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 29, at 2 p. m.

Advertisers for proposals for erecting and completing fire escapes on the William Wirt Warren School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 29, at 2 p. m.

Advertisers for proposals for furnishing and installing new chimney in the Edward Southworth School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$250, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, July 30, at 2 p. m.

Advertisers for proposals for furnishing and delivering to the various school-houses movable pupils' furniture. Surety bond will be required in a sum equivalent to the full amount of the contract price.

Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, August 1, at 2 p. m.

Advertisers for proposals for alterations, etc., at the Girls' Trade School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, August 2, at 2 p. m.

Advertisers for proposals for doing masonry work at the Warren School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, August 2, at 2 p. m.

Advertisers for proposals for furnishing and setting up steel lockers in the East Boston High School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, August 5, at 2 p. m.

Advertisers for proposals for furnishing and setting up steel lockers in the Roxbury Memorial High School for Boys. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, August 5, at 2 p. m.

Advertisers for proposals for pointing work at the Girls' High School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, August 5, at 2 p. m.

Advertisers for proposals for repairing and retubing boilers in the various schools. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$250, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, August 5, at 2 p. m.

Advertises for proposals for additions and alterations to the Robert Gould Shaw Intermediate School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$30,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, August 6, at 2 p. m.

Advertises for proposals for furnishing and installing furniture and equipment in the Intermediate School, Shurtleff District. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, August 8, at 2 p. m.

PUBLIC WORKS DEPARTMENT.

Advertises for proposals for sheet asphalt or pavement and sewerage works in Payson avenue, from Hancock street to Glendale street. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, August 6, at 12 m.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Advertises for proposals for repairing hull, etc., of the ferryboat "General Sumner." Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, July 30, at 12 m.

SUPPLY DEPARTMENT.

Readvertises for proposals for furnishing and installing kitchen equipment at the Long Island Hospital. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$400, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 29, at 12 m.

Advertises for proposals for furnishing sewer castings for the Sewer Service, Public Works Department. Surety bond will be required in a sum equivalent to one quarter of the amount of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, August 7, at 12 m.

MAYOR MANSFIELD RIDDLES THE CHARGE OF FAVORITISM IN THE AWARD OF CONTRACTS, AS MADE BY THE FINANCE COMMISSION—POINTS TO FACT THAT ONLY ONE BID WAS PRESENTED FOR WORK OF FERRYBOAT "DONOGHUE"—ALSO CHIDES THE FINANCE COMMISSION FOR NOT CONSULTING MAYOR OR PROPER AUTHORITIES AND ASCERTAINING FACTS BEFORE MAKING CHARGES.

Mayor Mansfield has issued the following statement in refutation of the charge by the Finance Commission that the city's favoritism was shown in the awarding of the contract for repair work on the ferryboat "Donoghue":

This report seems to emanate from a complaint by the Quincy Dry Dock & Yacht Corporation which has been an unsuccessful bidder on city work on several occasions. The investigator for the Finance Commission did not consult Public Works Commissioner Carven. It would seem that fair play would have required him to do this. Mr. Carven reports that bids for repairs on the ferryboat "Donoghue" were advertised on June 1st and opened June 11th and on that day only one bid had been received—viz., that of the Marine Company of 173 Sumner street, East Boston. Every other company or firm in this line of work had the privilege of bidding. Not having bid, I do not see where they have any right to complain. The rates of wages specified were higher than the code rates of the N. R. A., but the N. R. A. rates were found to be unconstitutional by the Supreme Court of the United States on May 27, 1935. Other firms could have submitted bids and reserved the right to pay the prevailing rates of wages and this would have enabled the city to compare other bids with that of the Marine Company. No other company having bid, it is impossible for the Finance Commission or anyone else to say that if they had bid the cost would have been from \$1,200 to \$1,500 less.

The Quincy Dry Dock & Yacht Corporation had a contract to repair the ferryboat "Lieutenant Flaherty," but they were so dilatory and slow that it was deemed advisable to give the work to the second low bidder on April 26, 1935. The Quincy Company was five weeks late, according to information I have received from Mr. Carven, in completing the contract. In addition to that, the work was not satisfactory and some of the welding and riveting was done at night when no city inspector was present and in violation of the specifications. The work which they did on the ferryboats "General Sumner" and "McCormack" was also unsatisfactory.

As to the steamer "Michael J. Perkins," it is not operated or maintained by the Public Works Department.

Repairs to a pump at the Calf Pasture Station was a specialized job and only companies equipped for that particular type of work were requested to submit bids. The Bethlehem Ship Building Corporation, Boston Engineering Company, Incorporated, and the Marine Company were the only bidders and the contract was awarded to the low bidder, the Marine Company. The Quincy Dry Dock & Yacht Corporation were not asked to bid because they were not considered qualified to perform that particular type of work.

In the year 1934 the Marine Company performed fifteen jobs in the Ferry Service, amounting to \$3,413.59. In 1935, two jobs, amounting to \$612.58. In the Bridge Service, in the year 1934, the Marine Company had six jobs, amounting to \$2,019, and in 1935, five jobs, amounting to \$1,371.20. In the tunnel service they performed one job in the year 1934, amounting to \$10.38 and in 1935 one job, amounting to \$6.05.

The Finance Commission did not consult with the Mayor before venturing its opinion that the present administration was showing a growing tendency to ignore low bidders. It is my intention to give all contracts to the lowest responsible bidder unless there are controlling reasons why it should go to some other bidder.

The Marine Company is a Boston taxpayer. It is perfectly plain that this complaint was inspired by a disgruntled and dissatisfied competitor of the Marine Company, but the complaint falls to the ground when it appears that the complainant did not even bid on the job in question.

The Finance Commission very apparently is following up their intention to play politics, which they started with the appointment of Charles L. Mansur as an investigator. The secretary of the Finance Commission recently informed one of my secretaries that Mansur's reports are going to be checked up by other investigators. If this is so, what was the use of hiring Mansur?

UNLICENSED DOGS TAKEN BY ANIMAL RESCUE LEAGUE OFFICERS.

The following is a copy of letter received by Mayor Mansfield from the constables of the Animal Rescue League of Boston on July 17:

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR.—We, the undersigned, authorized by warrant to collect and dispose of unlicensed dogs in the City of Boston, herewith submit the following report.

The number of dogs taken by us in the period from July 1, 1934, through June 30, 1935, was 6,993.

This number includes all dogs known by us to be unlicensed in the City of Boston.

The number of dogs reclaimed by owners who took out licenses and thereby complied with the law was 674.

These persons having complied with the provisions of the law, no complaint have been entered against them.

All of which is respectfully submitted.

FREDERICK O. Houghton,
ARCHIBALD MAC DONALD,
EDWIN L. SANDERSON.

(Continued)

ELEVATED STRUCTURE REMOVAL.

(Continued from page 993.)

A letter from Works Projects Board:

BOSTON, July 22, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

Subject: Substitution of subways for elevated structures, Sullivan square, Charlestown to Forest Hills.

DEAR MR. MAYOR,—With the assistance of the City Transit Department we have studied available facts relative to the proposed substitution of subways for the elevated structures in operating rapid transit service between Sullivan square, Charlestown, and Forest Hills. We herewith submit our findings to you.

The elevated structures and appurtenances owned by the Boston Elevated Railway Company represent an investment of between \$21,000,000 and \$22,000,000, exclusive of the Everett extension, the East Cambridge extension and the Beacon Hill section connecting to the Cambridge subway.

It has been estimated that these structures have a useful life of seventy-five years, of which approximately thirty-five years will have passed by the time substitute subways could be put in operation. It would therefore appear reasonable that the Elevated Company should be given the use of the subways without rental charge for forty years if the elevated structures are removed. Under such an arrangement no payment to the Elevated Company for the removal of the elevated structure is contemplated.

Estimates indicate that the cost of constructing subways from Sullivan square to Haymarket square, and from Broadway to Forest Hills would be approximately \$35,000,000, including approximately \$1,000,000 for land damages incidental to the construction and to the widening of certain highways which would undoubtedly be done in connection with the subway construction. Of this cost the Federal Government might contribute \$15,000,000 (45 per cent of the construction cost, exclusive of land damages) which would leave about \$20,000,000 to be furnished by the city. There is no certainty that the Federal Government would furnish 45 per cent of this cost, because of the fact that this construction, if undertaken, would require two and a half to three years for completion, whereas P. W. A. grants are generally understood to be conditioned upon completion of the work within a year or a year and a half. In other respects it would probably be acceptable as a P. W. A. project since it is estimated it would furnish from 12,000 to 15,000 man-years employment at a cost to the Federal Government of \$1,000 to \$1,250 per man-year.

It seems reasonable to assume that the city could borrow \$20,000,000 for this purpose at a cost not to exceed 4 per cent per annum, including provisions for retiring the loan in forty years. If use of the subways without rental for forty years were granted to reimburse the Elevated Company for the renewal of its elevated structures, this financing would add \$800,000 per year to the city's expenses. At the end of the forty-year period these subway extensions would be a source of revenue to the city.

In view of the ownership of the elevated structures there would seem to be no fair basis for collecting rental from the Elevated Company for the use of the new subway until the expiration of the estimated useful life of the elevated structures.

Consequently the proposed subway construction cannot be considered self-liquidating for a forty-year period. There would, however, undoubtedly be some small saving to the taxpayers due to slight reduction in operating costs, and due also to probable increased revenue to the Elevated Company, which would reduce the deficit in the rapid transit operations now borne largely by the city.

It does not seem to us reasonable to expect that the return to the city in the form of increased taxes upon real estate property which would be improved by the removal of the elevated structures would amount to more than a small fraction of the \$800,000 annual increase in expenses. On the other hand, this project is an extremely popular one and if it is ever to be undertaken, perhaps now is the time, if 45 per cent of the cost can be obtained from the Federal Administration. If the total cost were to be borne by the city, the annual expense for interest charges and sinking fund would amount to about \$1,400,000 instead of the \$800,000 based upon a 45 per cent Federal grant.

It has been suggested that the Atlantic avenue line be converted to an elevated highway. The need for the Atlantic avenue structure for local service is perhaps negligible, and if subways are substituted for the Charlestown and Forest Hills elevated lines, operation on the Atlantic avenue line would be dispensed with. If the Charlestown and Forest Hills elevated structures are retained, however, the Atlantic avenue line is an important emergency connection in case of interruptions to the Sullivan square-Forest Hills service through the Washington Street Tunnel.

We should be glad to have your instructions as to whether we should give further study to the project contemplating the construction of subways to replace the Charlestown and Forest Hills elevated structure.

Very truly yours,

WORKS PROJECTS BOARD,
C. E. NICHOLS.

RESULT OF CONFERENCE.

The Mayor conferred, on July 23, with five members of the Boston Elevated Railway Board of Directors. They were:

Joseph P. Manning, chairman, James L. Richards, Walter H. Trumbull, Bartlett Harwood, Joseph H. Soliday.

The proposal to substitute a tunnel or subway along the right of way of the elevated structure from Forest Hills to Sullivan square was discussed. The Mayor suggested that a long-term lease of such a tunnel, to run as long as the estimated life of the elevated structure might be approved by the city with rental free to the Elevated Company during that period and to be accepted by the company in lieu of money compensation for the demolition and removal of the elevated structure. The directors, while having no authority whatever to speak for the Board of Directors sitting as a Board, or for the stockholders of the road, all personally intimated that they thought the proposal would be received sympathetically and perhaps favorably by the directors and stockholders, but that until a detailed plan was submitted which they in turn could submit to the Board of Directors and the stockholders no prophesy could be made as to the acceptability of the plan. It was agreed that the Mayor should ask the Law Department to draw a detailed plan in proper and adequate form, either as a

contract, lease or agreement, which could then formally be submitted by the directors to their full Board sitting as a Board and if adopted by the Board be submitted in turn to the stockholders for ratification.

All of the directors expressed a warm desire to cooperate in every way with the citizens of Boston if this was a desirable public improvement and if it was acceptable to the taxpayers, but reserved the right to oppose any particular detailed plan.

Just as soon as the papers are prepared by the Law Department the directors agreed to call a formal meeting of the full Board to consider the proposal and stated this could be done at any time, either at a regular or specially called meeting.

The Mayor was in communication with Washington by telephone today and Clarence McDonough, chief engineer of Public Works Projects, has been designated by Col. H. B. Hackett to come to Boston and study this proposal. He will arrive Monday morning and will come immediately to the Mayor's office, at which time conferences will be arranged.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, July 25:

DEPARTMENT OF SCHOOL BUILDINGS.

Thomas F. Hogan, furniture repairman, has been reappointed as a foreman furniture repairman and refinisher, for a period of three months from July 21, at \$2,000 a year.

HEALTH DEPARTMENT.

Approval has been given for the transfer of Irene Paradis from stenographer at the Boston State Hospital to a similar position at \$900 a year.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, July 18:

Temporary.—Gustaf Westland, Arthur Feldman, transfer porters, \$16.50 a week; James Meehan, porter, \$17.50 a week; Anthony Arent, apothecary's assistant, \$27 a week; Ellen Corcoran, wardmaid, \$15 a week; Edward Day, technician, \$27 a week; Doris Denehy, technician, \$12 a week; Irene McAllister, Margaret Hughes, Douglass Spencer, Beulah Henchey, Josephine Fila, Alice Wenham, Jane Regan, special nurses, \$4.50 a day.

South Department.

Kenneth Sheldon, Emilio Mirabella, John Legelis, kitchenmen, \$17.50 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, July 18:

Anna Donlon, laundress (temporary), \$10.50 a week; Michael Black, choreman, \$14 a week; Thomas Kennedy, male nurse (patient) (temporary), \$480 a year; Joseph Prilgosky, Catherine Fowler, Glenn Ladd, Francis McCarthy, Fred Lawson, Maxime Leveroni, maids (patients) (temporary), \$240 a year; Arthur Fash, George Hodge, Herbert McGlinchey, male nurses (patients) (temporary), \$480 a year.

The following persons have ceased to be employed:

Anna Curley, general maid, \$17 a week; Arthur Powell, refrigeratorman (temporary), \$14 a week; Martin Malloy, male nurse (patient) (temporary), \$480 a year; Louis Hurwitz, maid (patient) (temporary), \$240 a year.

INSTITUTIONS DEPARTMENT.

The following changes have been made for the week ending Thursday, July 25:

Long Island Hospital.

Appointments: Sophie Shaheen, institution employee, attendant, \$600 a year, new position, on account of graduation of student nurses; Jeremiah F. Dillon, institution employee, helper in kitchen, \$526 a year, temporary, on account of resignation of Francis McAvoy; Josephine Janowick, staff nurse, \$960 a year, new position, on account of graduation of student nurses; Catherine McLaughlin, Catherine E. Chipman, institution employees, waitresses, \$316 a year, temporary; Rose A. Mulvey, institution employee, waitress, \$316 a year, temporary, on account of resignation of Margaret Foss, temporary; Eric Patterson Robbins, M. D., assistant resident physician, \$1,500 a year, on account of transfer of Phillip Schultz, M. D.; Helen Frances DeLong, institution employee, attendant, \$600 a year, new position, on account of graduation of student nurses; Henry T. Felch, institution employee, cook, \$600 a year, on account of resignation of John Moynihan; Agnes O'Malley, institution employee, waitress, \$316 a year, temporary.

Resignations: Margaret Foss, institution employee, waitress, temporary, \$316 a year, employment terminated; Marie E. Barry, Mary G. Donovan, student nurses, \$600 a year, graduation; John Moynihan, institution employee, cook, \$600 a year, voluntary.

Transfer: Agnes M. Knox, institution employee, attendant, \$600 a year, from matron, temporary, at \$700 a year.

Steamers "Hibbard and O'Meara."

Appointments: James F. Manning, oiler, \$1,900 a year, temporary, during vacation period; John J. Columbo, fireman, \$1,800 a year, temporary, during vacation period.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the permanent-intermittent appointment of the following persons as clerk-typists at \$1,000 a year.

Marion C. Coppock, Celia Glaser, Grace C. Hogan, Kathleen L. Johnson, Kathryn Kenealy, Jennie E. McShane, Selma S. Silverman, Alice K. Quinn, Rita C. Trainor, Mary E. Uriot.

Approval has been given for the continued provisional temporary employment of the following persons as aid and settlement agents, up to and including August 1, at \$1,000 a year:

Frances Bousard, Mary Breen, Jeanette Burke, Marie F. Curran, Helen Clancy, Katherine Connolly, Walter Dennis, Thomas Doyle, Mary Dowd, Mary F. Crossen, Edna Driscoll, Mary R. Feeney, Anna E. Foley, Edith Fontaine, Geraldine Fitzgerald, Helen W. Ford, Agatha Francis, Angeline Giorgione, Arthur Gold, Allan W. Grant,

Della Hatton, Mary Holmes, Stephen Hill, Elenore T. Hurley, Esther N. Jackson, Muriel A. Jordan, Katherine H. Keane, Mary J. Kennedy, Amelia Killion, Katherine Krohn, Margaret Lamb, David F. Leahy, Helen F. Lenehan, Harriet Mainzer, James Manion, Gertrude Mansfield, Florence Martineau, Frederick Mattern, John A. Molineaux, Florence M. Muldoon, Catherine F. Mullen, Katherine O. McAdams, Marion E. McAuley, Dorothy E. Macdonald, Kathryn McGrath, Mary L. Macdonald, James J. McKiernan, Florence Norton, Elenore J. Nowell, Isaac MacIsaac, Anna G. O'Hare, John C. Piggott; John E. Powers, Elizabeth Ratigan, Claire T. Reavey, Joseph Rearson, Mary R. Smith, Gladys M. Shepard, Flora G. Sullivan, Katherine V. Sullivan, Mary E. Sullivan, Mary J. Sullivan, Mary Sutton, Katherine T. Toomey, Mary T. Townsend, Grace L. Rogers, Margaret M. Warren, William A. Walsh, Albert Beck, Katherine E. Gordon, John J. Piscitelli, Austin J. McCarthy, Walter F. Sullivan, Marie J. Brooks, Mary Hurley, Helen F. Dooley, Margaret Kiley, Edmund J. McCarthy, Henry G. Mullowney, John W. Murphy, Joseph O'Neil, Joseph W. Scally, Harold Aronson, Doris L. Burke, Matthew Cooney, Eleanor M. Crosby, Joseph I. Feldman, Alice B. Hart, Annie E. Immick, Coleman Joyce, Ellen Keany, Mary King, Rita M. Maroney, Stephen J. McMahon, Hugh W. McNulty, Leo J. Pitts, Thomas Ryan, Irving Seigel, Sam Steiman, Philip Parker, Charles Brack, Albert Chase, Katherine I. Joyce, Betty Miller, John Minton, Lillian McPeake, Josephine Sullivan, Lillian Taylor, Mildred Walker, L. Lewis Williams, William L. Kelley, Joseph Leonard, Edward Ryan, Edward H. Healey, John F. Mungovan, Daniel J. McCarthy, Mary Robbins, Agnes G. Towle, William S. Cushee.

Approval has been given for continued provisional temporary employment of the following persons as aid and settlement agents, up to and including August 1, at \$900 a year; Antonio A. Cammarata, Richard E. Clancy, William J. Ferguson, William I. Leonard, Bartholomew Sullivan.

PARK DEPARTMENT.

Approval has been given for the continued temporary employment, for a period of three months, of Anna Donoghue, as statistical clerk at \$18 a week.

Approval has been given for the emergency employment of the following men at \$5 a day: George F. McGowan, Frank Rychlak, 4 days, \$20 each.

Approval has been given for the continued temporary employment, from July 16 to September 15, of the following matrons at \$22 a week:

Loretto B. Canty, Hattie Fopiano, Cecelia G. Gilroy, Mary T. Kelley, Mary E. Lynch, Nora Manning, Catherine McKillop, Margaret M. O'Reilly, Catherine M. Smith, Elizabeth I. Welch.

Approval has been given for the emergency employment of the following men at \$5 a day: Charles Bibby, George T. Bibby, Donald T. Fenton, William Stearns.

PENAL INSTITUTIONS DEPARTMENT.

The following appointments have been made:

House of Correction.

George Schwartz, M. D., physician, \$2,500 a year and maintenance, temporary.

Margaret Dolan, matron and cook, \$1,300 a year and maintenance, temporary.

John W. Allan, engineer, \$45 a week, temporary, three months during vacation period.

Steamer "Michael J. Perkins."

Thomas L. Bagley, fireman-marine, \$41.50 a week, temporary, three months during vacation period.

William Silinsky, engineer-marine (transferred from oiler at \$41.50 a week), \$44 a week, temporary.

PUBLIC BUILDINGS DEPARTMENT.

John F. Craven has been appointed temporary ambulance driver at the South Boston Ambulance Station at \$30 a week, seven days a week, for a period of fifteen weeks beginning Tuesday, July 16.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Approval has been given to pay to Joseph I. Leavy, clerk at \$1,700 a year, an additional \$300 a year, to compensate him for extra clerical and book-keeping and pay roll work performed in connection with the Sumner Tunnel Service and to take effect from May 31.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Abram J. McVicar, inspector at \$2,100 a year, has been granted a further leave of absence, without loss of pay, on account of injuries received while in the performance of duty on June 11, for thirty days from July 11.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law:

Institutions Department.

For the week ending Thursday, July 25:

Long Island Hospital.

Francis J. Berg, engineer, 8 hours, \$8.

Penal Institutions Department.

For the week ending Thursday, July 18:

House of Correction.

John P. Mulvey, fireman, 1 day, \$6.92; William J. Rourke, fireman, temporary, 4 days, \$6.92, \$27.66 (during absence of Fireman McCarthy); Albert W. Burns, engineer, 1 day, \$7.50; Justin W. McCarthy, fireman, 1 day, \$6.92 (during absence of Fireman Douglass and Engineer Para).

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe, a surface drain of 10-inch pipe and six catch-basins in Hayden street, between Heath street and Lown street, in the Roxbury district, at an estimated cost of \$3,550.

OVERSEERS OF THE PUBLIC WELFARE, CITY OF BOSTON.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon July 19 the Mayor approved a contract with M. Solimando for alterations at the Mechanic Arts High School. Bids, opened July 15, were as follows:

M. Solimando, \$3,332; C. C. Temple, \$3,425; P. J. Cantwell & Son, \$3,737; Maurice M. Devine, Incorporated, \$3,800; Carilli Construction Company, \$3,820; Porter Construction Company, \$4,172; Federal Contracting Company, Incorporated, \$4,259; Lamont Brothers Company, Incorporated, \$4,400; John F. Hynes, Incorporated, \$4,700.

Upon July 19 the Mayor approved a contract with R. H. Baker for a new heating system at the Old Thornton Street School. Bids, opened July 15, were as follows:

John Rugo Company, \$2,855; R. H. Baker, \$3,100; F. W. Zemeir, \$3,246; M. J. Flaherty Company, \$3,297; James P. Sullivan, \$3,433; R. B. Crocker, \$3,440; J. J. Hurley & Co., \$3,489.

Upon July 23 the Mayor approved a contract with Frank T. McDonald for plumbing at the Phillips Brooks School. Bids, opened July 19, were as follows:

Frank T. McDonald, \$7,779; James G. Gillespie Company, \$7,814; William N. McKenna Company, \$7,985; Capital Plumbing and Heating Company, \$8,336; Joseph P. O'Hearn, \$8,765.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon July 23 the Mayor approved a contract with the Worthington Pump and Machinery Corporation for new pump for No. 1 Pumping Unit, Calf Pasture pumping station, Dorchester, at an estimated cost of \$6,525, for the reason that this company is actually the lowest bidder who has complied with all conditions of the specifications which require a testing of the pump at the place of manufacture in the presence of a representative of the commissioner. The type of pump submitted by both the first and second bidders is one constructed by the Morris Machine Works, Baldwinville, New York. Their plant cannot test a 30-inch pump, the size called for under the specifications, at their testing laboratory. Their proposition is to build a 20-inch model pump exactly to scale, and after testing this pump at the plant construct the pump which is called for from data obtained from the test of the model pump. This is not what the specifications call for and consequently the first and second bidders are informal and cannot be considered. The following bids were received July 16:

Starkweather Engineering Company, Incorporated, \$5,300; R. H. Baker Company, Incorporated, \$5,470; Worthington Pump and Machinery Corporation, \$6,525; Turbine Equipment Company of New England, \$10,975.

SUPPLY DEPARTMENT.

Upon July 19 the Mayor approved a contract with the New England Electric Supply Company of Boston for lead-covered cable for the Fire Alarm Department. Bids, opened July 3, were as follows:

Approximate Amounts, Per M. Feet.

5,000 Feet 6-Conductor.—American Electric Supply Company, \$142; Habirshaw Cable and Wire Corporation (Division Phelps Dodge Copper Products Corporation), \$142; Milhender, Incorporated,* \$142; Durable Wire Rope Company, \$142; George H. Wahn Company, agents General Cable Corporation, \$142; Grainger-Rush Company, \$142; United States Rubber Products, Incorporated, \$142; The Okonite Company (Hazard Insulated Wire Works Division), \$142; Anaconda Wire and Cable Company, \$142; Bay State Electric Supply Company, \$142; The General Cable Corporation, \$142; Westinghouse Electric Supply Company, \$142; F. M. Ferrin, \$142; General Electric Company, \$142; Massachusetts Gas and Electric Light Supply Company, \$142; American Steel and Wire Company, \$142; Eagle Electric Supply Company, Incorporated, \$142; General Electric Supply Corporation, \$142; New England Electrical Supply Company, \$142; Graybar Electric Company, Incorporated, \$142; Bishop Wire and Cable Corporation, \$142.

5,000 Feet 10-Conductor.—American Electric Supply Company, \$194; Habirshaw Cable and Wire Corporation (Division Phelps Dodge Copper Products Corporation), \$194; Milhender, Incorporated,* \$194; Durable Wire Rope Company, \$194; George H. Wahn Company, agents General Cable Corporation, \$194; Grainger-Rush Company, \$194; United States Rubber Products, Incorporated, \$194; The Okonite Company (Hazard Insulated Wire Works Division), \$194; Anaconda Wire and Cable Company, \$194; Bay State Electric Supply Company, \$194; The General Cable Corporation, \$194; Westinghouse Electric Supply Company, \$194; F. M. Ferrin, \$194; General Electric Company, \$194; Massachusetts Gas and Electric Light Supply Company, \$194; American Steel and Wire Company, \$194; Eagle Electric Supply Company, Incorporated, \$194; General Electric Supply Corporation, \$194; New England Electrical Supply Company, \$194; Graybar Electric Company, Incorporated, \$194; Bishop Wire and Cable Corporation, \$194.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and business concerns for supplies, labor, etc. Communications from the heads of the several departments interested were as follows:

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, July 24, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval or the award of a contract, without publicly advertising, to the Bethlehem Shipbuilding Corporation, Limited, amounting to six thousand nine hundred and fifty dollars (\$6,950) for necessary repairs to the steamer "Michael J. Perkins."

This work is of an emergency nature and specifications for the repairs were forwarded to six reliable concerns, of which three companies submitted bids as follows:

General Ship and Engine Works, \$6,799; Bethlehem Shipbuilding Corporation, Limited, \$6,950; The Marine Company, \$8,120.

The Bethlehem Shipbuilding Corporation has agreed to complete the work in twelve (12) working days. The General Ship and Engine Works state that it will require nineteen (19) working days for them to complete the contract.

At this season of the year the passenger and freight transportation is extremely heavy and it is important that the boat be out of service for a minimum of time.

In view of the above facts I believe that the best interests of the city would be served by awarding this contract to the second lowest bidder, the Bethlehem Shipbuilding Corporation, Limited.

Respectfully,

JOHN J. DOUGLASS,
Penal Institutions Commissioner.

PUBLIC WORKS DEPARTMENT.
BOSTON, July 8, 1935.

To the Honorable the Mayor.

The inscription of the East Boston and Boston portals of the Summer Tunnel are incorrect in certain details and should be corrected.

The original inscription was furnished and set up by the Gorham Company, Providence, Rhode Island.

It will be a slow and delicate job to remove the present letters without dam-

aging the granite and refilling certain holes where bronze lugs were attached without showing said holes.

The Gorham Company submits a proposal for the sum of \$2,000 for removing the present letters and supplying new cast bronze letters especially sculptured and refilling certain holes where bronze lugs are now attached and which will not be used in the new design.

I respectfully request permission to enter into a contract with the Gorham Company of Providence, Rhode Island, for the sum of \$2,000, without advertising, as the Gorham Company furnished the original design and are best equipped to perform this work, and no advantage will be obtained by advertising.

Respectfully,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, July 15, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—In order that F. E. R. A. projects may be carried on with as little delay as possible I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis and without advertising for bids.

Therefore informal bids, as follows, were taken for the Park Department on July 13, 1935, covering four (4) one and one-half (1½) ton dump trucks, Ford V8 model, with two-yard capacity body:

Reardon & Woodward, \$3,380, lot; Lalime & Partridge, \$3,382.84, lot; Hayward Motors, \$3,494.16, lot.

I respectfully request that you approve the award of a contract, without advertising, to the low bidder, Reardon & Woodward, covering these four trucks at a total cost of \$3,380.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, July 16, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—A requisition (No. 88) dated July 6, 1935, covering twenty-two (22) three-fold type fire alarm boxes complete with quick-action doors; break-wheels to be blank.

The Gamewell Company, the manufacturers of this type of box, quote a price of \$121.50 each, net, or a total of \$2,673 net, for the twenty-two (22) boxes.

As we are dealing direct with the manufacturers of these boxes, there would be no advantage to the city in advertising for bids.

I therefore respectfully request that you approve an award of this contract, amounting to \$2,673, to the Gamewell Company of Newton, Mass., without advertising.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, July 17, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—On July 10, 1935, you approved an award, without advertising, to the Boston Blue Print Company (the low bidder) of a contract covering the planographing of a Report of Real Property Inventory for the Planning Board, amounting to \$1,150.

Due to a misunderstanding on the part of this bidder, regarding the amount of work to be done, an error was made in the amount of his bid. It is, therefore, necessary to cancel the award approved, as referred to above, and to make a new award.

The bids to be considered now, therefore, are the following:

Adams & Abbott, \$1,300; Spaulding-Moss Company, \$1,255; Hutchinson Company, \$1,621; Modern Blue Print Company, \$1,357.51 (that of Spaulding-Moss Company being the lowest).

I therefore respectfully request that you approve an award to the Spaulding-Moss Company, without advertising, of a contract to cover this work at a total price of \$1,255.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

CIRCULAR LETTER NO. 26.

CITY OF BOSTON,

MAYOR'S OFFICE, July 17, 1935.

To Heads of Departments.

All recommendations affecting the employment of personnel, or the adjustment of compensation, must be submitted to the office of the Mayor sufficiently far enough in advance of the actual date of appointment or change in salary so that there will be ample time to consider each individual case.

Under no circumstances may a person be placed at work before the recommendation therefor has been returned with an official approval.

Yours truly,

FREDERICK W. MANSFIELD,
Mayor.

WORK BY TAX TITLE DIVISION.

The following is the statement of work done by Tax Title Division of the City Law Department from January 1, 1935, to July 1, 1935:

Cases on hand, January 1, 1935.....	1,954	
Cases received from treasurer's office since then.....	1,437	
		3,391
Number of cases disposed of:		
a. by payment.....	556	
b. by foreclosure.....	215	
		771

Number of cases now on hand..... 2,620

Amount of money brought into the city treasury..... \$456,547 96

For the entire year of 1934, 421 cases were disposed of and this amount reached \$405,283.43.

ADDITIONS TO CONTRACT.

HOSPITAL DEPARTMENT.

Matthew Cummings Company, contractor for Surgical Operating and Ward Building, has been instructed to add to the contract the sum of \$612.07 for changes in toilet room No. 242 and store-room No. 243, adjacent to eye operating room, involving: Relocate partitions, change doors, relocate piping, provide new shower compartment, etc., to provide doctor's room, second floor, and add two AC wall outlets in room No. 247, in accordance with our drawing No. 77. Original contract, \$1,182,458.08; corrected contract, as per order No. A-1818, \$1,190,649.78; now added, \$612.07; corrected contract, \$1,191,261.85; total added, \$14,436.77; total deducted, \$5,633.

MEMBERS OF "CAMP LAGUARDIA," THE FARM RELIEF EXPERIMENT BEING CONDUCTED BY NEW YORK CITY, PRAISE AND THANK MAYOR MANSFIELD FOR VISIT AND WORDS OF CHEER—PREDICT THAT THEIR PRODUCTS WILL WIN STATE FAIR PRIZES AND URGE SIMILAR EXPERIMENT FOR BOSTON.

The following is a copy of open letter received by Mayor Mansfield, from the editor of "Camp LaGuardia News," Greycourt, New York.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

MY DEAR MR. MAYOR,—One of our camp boys came to the office door the other day, paused timidly at the threshold to scrape some of that rich, black dirt we're farming here off his boots, and then mumbled something about wondering whether the object of his visit warranted the intrusion.

I am going to let you decide that for yourself, Mr. Mayor.

It seems that this embryo farmer was deeply moved by the homely sincerity of your talk to us on the occasion of your visit and just had to tell someone about it. Well, we all thought about the same way, as you may have judged by the prolonged applause at the time, and we also feel as this man does, that we should tell someone about it—and why not you?

You know, a lot of us cooks and carpenters, bricklayers and painters and clerks and soldiers and sailors and what not came here to Camp LaGuardia to try our hand at farming. Farmers don't make much and neither do we, but we pay as we go and we were feeling just a bit "down in the mouth" just before you came to pay us your visit, because one of our big city newspapers called us "derelicts" when they wrote about us. We didn't think that was very nice coming from our own home town newspaper and felt as though we were on the receiving end of a haymaker that did not start until after the gong had sounded for the finish of a tough round.

Your sincere, soothing talk, when you concurred in our own views that we are merely passing through a temporary phase of life and might overnight change places with others now in better circumstances, were as the Balm of Gilead on a painful wound. We've learned to smile again since you spoke to us, Mr. Mayor, and may smile some more this fall if we cop some ribbons at one or another of the country fairs that are bound to be held around here, for we certainly are raising some prize-winning corn and tomatoes and lettuce and onions and cabbage and melons and beets and beans. Can you imagine "derelicts" copping prizes at country fairs? Neither can we.

There must be a lot of men around Boston who'd give anything in the world for an opportunity such as we have here at Camp LaGuardia, a place where a man may be a man, untrammelled by political belief, race, creed or color, where unbounded health and peace of mind are the open sesame to a new and better life. Why not push a program like that through for those men, Mr. Mayor? If you do, you and the other City Fathers of Boston will have achieved a noble, sensible plan that will work to perfection, a deed that will bring you more praise and glory than you've heard or read in song or story. They'll probably not erect any monuments to you for that alone, but in life's darkest moments you'll want no greater solace than just to think of the many living monuments, who, through your thoughtfulness and kindness, are again taking their places in the society of a community that looks to you for guidance. Believe us.

Sincerely,

THE EDITOR.

MAYOR MANSFIELD REPLIES TO COUNCILOR CLEMENT NORTON.

On July 22 Mayor Mansfield issued the following statement in reply to Councilor Clement Norton:

This is another one of Clem's false alarms. There is nothing in the auditor's report of the Public Welfare Department to substantiate his claim that over \$13,000,000 has been wasted. The audit, which has not yet been completed, indicates a balance of about \$12,000,000 being due to the city from the Commonwealth, but the auditor adds that it is doubtful if this balance can be collected because investigation of the cases upon which the claims have been made reveals settlements definitely chargeable to Boston or to other cities and towns. The amounts due from other cities and towns are being collected as rapidly as circumstances will allow, and Mr. Dowling reports that for the first six months of 1935 he has collected over \$770,000.

And Clem is all wrong about the City of Revere. Our records show that Boston owes Revere \$61,253, and Revere owes Boston \$70,973, a difference of \$9,720. This balance is in process of adjustment.

And he is all wrong about the dope pedler case, too. Our records show that this man was too ill to work, had no money, and needed welfare aid. This was voted on September 13, 1933, on a certificate from the Boston City Hospital of the man's illness. In addition to that, a child was recently born and another medical certificate furnished in May, 1934, indicated that the man was unable to work and the records of the Welfare Department show that the family needed aid. The case was closed on June 12, 1935.

There is nothing in the yarn that this man was wealthy and owned an expensive limousine. Welfare records show that the family was destitute and unless somebody cared for them they would starve. Under these circumstances they were helped by the Welfare Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted and was effective June 24, 1935, during the period of experimental Boston Elevated Railway bus service, estimated at that time to be thirty (30) days, is hereby extended for a further period of three (3) months, from July 24, 1935:

Parking of vehicles is prohibited in the following street:

Essex Street.

Both sides, from Harrison avenue to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, for the period commencing Wednesday, July 24, and terminating Tuesday, August 6, 1935, both inclusive, no operator of any truck which is incapable of making a speed of at least twenty miles an hour throughout the Sumner Traffic Tunnel shall proceed through said tunnel between the hours of 12.30 p. m. and 2.30 p. m.; and further

Voted, That whoever violates any of the provisions of the foregoing rule and regulation shall be punished by a fine not exceeding fifty dollars for each offence.

Voted, That as urgently required by considerations of public safety and convenience, during the period of track repairs by the Boston Elevated Railway, estimated to be two (2) weeks, parking of vehicles is prohibited in Huntington avenue, both sides, from a point one hundred (100) feet east of Gainsborough street to a point five hundred (500) feet west of Gainsborough street, effective July 22, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted January 16, 1935, and was effective January 23, 1935, for a trial period of six (6) months, is hereby extended for a further trial period of three (3) months from July 23, 1935:

Parking of vehicles is prohibited in the following street:

Melrose Street.

South side, from Broadway to a point fifty-four (54) feet west of Broadway.

Voted, That as urgently required by considerations of public safety and convenience, during the period of removal of the Elevated structure, estimated to be ten (10) days, vehicles are excluded from Castle street, between Emerald street and Shawmut avenue, effective July 22, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be one (1) month, vehicles are excluded from Belden street, Dorchester, between Dudley street and Holden street, effective July 22, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted April 2, 1935, and were effective April 22, 1935, for a trial

period of three (3) months, are hereby extended for a further trial period of three (3) months from July 22, 1935:

Parking of vehicles is prohibited, except that vehicles owned by the United States Government may be parked without time limit at the curb next to the United States Custom House, in the following streets:

Central Street.

North side, from easterly arm of McKinley square to westerly arm of McKinley square.

McKinley Square.

East side, westerly arm, from Central street to State street.

West side, easterly arm, from Central street to State street.

State Street.

South side, from easterly arm of McKinley square to westerly arm of McKinley square.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 21, 1935, and was effective June 22, 1935, during the period of experimental two-way Boston Elevated Railway bus service, estimated at that time to be thirty (30) days, is hereby extended for a further period of ninety (90) days from July 22, 1935:

Parking of vehicles is prohibited during twenty-four (24) hours each day, in the following street:

Washington Street.

West side, from Broadway to Stuart street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be two (2) days, vehicles are excluded from National street, South Boston, between East Fourth street and Thomas park, effective July 24, 1935.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 15, 1933, determining damages caused by the making of the public improvement, consisting of the laying out of Freeland street, be, and the same hereby is, amended, by striking from said order the amounts \$15 and \$25 awarded to John P. Sullivan in said order and inserting in place thereof the amount \$125; that the amount \$125 be, and the same hereby is, awarded to John P. Sullivan for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of June 28, 1934, as amended March 28, 1935, determining damages caused by the making of the public improvement, consisting of the laying out of Peak Hill road, be, and the same hereby is, amended, by adding to said order the amount \$115 as an award to Margaret C. Kent; that the amount \$115 be, and the same hereby is, awarded to Margaret C. Kent for the damages so sustained.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 15 Florence street, Ward 3, the front is bulged and settled, front basement windows and door broken, unsafe and dangerous. The owner, Associated Jewish Philanthropies, Dr. B. Selekmán, executive director, of 24 Province street, Boston, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 100 West Dedham street, Ward 9, the structure leans over toward a public way, Ivanhoe street, and is out of plumb by 10 inches, unsafe and dangerous. The owner, Rose Interest of 971 Blue Hill avenue, Dorchester, has been notified of the unsafe condition

of the building, but nothing has been done to remove the cause of complaint.

The building at 10 Parnell street, Ward 9, is dilapidated and a menace, front vestibule floor broken open, doors and windows smashed, unsafe and dangerous. The owner, William H. Woodman of 8 Perkins street, Wakefield, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 90 Maynard street, Ward 18, this structure is dilapidated, unsafe and dangerous. The owner, Benjamin F. Cobleigh, care of Arthur L. Whittemore, executor, of 235 Beech street, Roslindale, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 193 Cabot street, Ward 9.

POLICE DEPARTMENT ORDERS.

General Order No. 66.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Thomas F. Casey, captain, Division 10, against James A. Redington, patrolman, Division 10, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Neglect of duty.

Specification: In that on the 24th day of March, 1935 (police day), the said Patrolman James A. Redington did have knowledge of an important matter connected with the police of this city, to wit, that the crime of robbery had been committed, and having such knowledge, did fail to report the same to his commanding officer or other officer of the Police Department of the City of Boston,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, finds the said Patrolman James A. Redington guilty as charged. The Board has taken into consideration Patrolman Redington's physical condition, also that he was the person directly injured and the victim in this case; together with the fact that the commanding officer of Division 10 stated to the Board that Patrolman Redington is a good police officer, consequently they are inclined to be lenient in this case. Therefore the Board respectfully recommends that the said Patrolman James A. Redington be ordered to perform seventy hours of punishment duty."

The commissioner accepts the findings and the recommendation of the Trial Board and hereby orders that the said Patrolman James A. Redington perform seventy hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 67.

Patrolman Frank M. O'Neil of Division 2 and Patrolman Joseph Platt of Division 14, detailed to Division 2, are commended and each granted three days' additional vacation for efficient police duty performed in the early morning of June 24, 1935, in effecting the capture and arrest of a person who was responsible for the larceny of valuable jewelry by means of smashing the windows of several jewelry stores in the city proper.

The commissioner is pleased to recognize and commend these officers for the vigilance and devotion to duty shown by them in accomplishing this splendid piece of work after an exciting chase which terminated when the officers discovered the culprit lying beneath a parked automobile.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 68.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having

heard by reference a complaint made by Archibald F. Campbell, captain, Division 7, against John J. Mortelle, Jr., patrolman, Division 1, detailed to Division 7, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge 1: Neglect of duty.

Specification: In that on the fourth day of July, 1935, the said Patrolman John J. Mortelle, Jr., did leave his fixed traffic post from 8.30 p. m. to 10.15 p. m. without asking or receiving permission to do so from the officer in charge of his station.

Charge 2: Conduct unbecoming an officer.

Specification: In that on the fourth day of July, 1935, the said Patrolman John J. Mortelle, Jr., did make a report to me in writing on the p. m. of that day, stating that he was in William J. Kelly square in vicinity of his fixed traffic post between the hours of 7.10 p. m. and 10.45 p. m., whereas, in truth and in fact, he was not there as he reported from 8.30 p. m. to 10.15 p. m.,—has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented, accepts the plea of guilty of the said Patrolman John J. Mortelle, Jr., to Charge 1 and specification thereunder and finds the said Patrolman John J. Mortelle, Jr., guilty of Charge 2 and specification thereunder. In view of the high recommendation given this officer by Captain Campbell, Captain Mullen and Lieutenant Donovan; the fact that he has been a member of the department for eleven years; never having previously appeared before a trial board charged with a violation of the Rules and Regulations, and the fact that he had been on duty continuously since twelve o'clock that day on a hard detail, the Board respectfully recommends that the said Patrolman John J. Mortelle, Jr., be ordered to perform one hundred hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman John J. Mortelle, Jr., be ordered to perform one hundred hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

REVISION OF ASSESSMENT.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application, *Order*, That the amount hereinafter specified, being the annual apportionment of said assessment for the year 1935, be, and the same is, hereby abated.

Christina Wright, lot 41, Alabama street, Plan 1929-12, assessed December 18, 1929, amount, \$19.50.

CITY TO FINISH PLANTING E. R. A. TREES—WORK HALTED BY FOLIATING SEASON TO BE RESUMED IN FALL.

On July 24 the following communication was issued by Mayor Mansfield relative to the planting of trees by the E. R. A.:

There is no foundation for the statement that the City of Boston has no trees to plant in the holes prepared for them by E. R. A. workers. The facts are that 9,350 holes were dug and filled with loam and fertilizer and prepared for the planting of trees. Working as rapidly as circumstances would permit, the Park Department planted 3,700 trees, but by that time the remainder of the trees were in foliage and trees cannot be planted when they are in foliage. The result is that these trees must be held until October for planting. The city has plenty of trees and will plant them just as soon as conditions permit. The holes will not be filled in and will be ready for the planting in October. Mr. Foy informed me today that he did not make the statement attributed to him in some of yesterday's papers.

NEW YORK CITY EMPLOYEES BASEBALL TEAM WANT RETURN GAME TO DECIDE OWNERSHIP OF CUP AWARDED AT RECENT FENWAY CARNIVAL

The New York City Employees Baseball Team refuses to accept the victor's trophy which it was awarded when the game between its players and the Boston City team was called off in the fourth inning at Fenway Park on July 9.

In a letter received by Fire Commissioner Edward F. McLaughlin, from Mayor LaGuardia, the New York mayor stated that the trophy will be held in escrow until the 1936 game decides its rightful ownership.

He said, "In view of the fact that only three innings of the game were played, we would not have the temerity to accept the victor's trophy which the City of Boston so graciously turned over to us. I shall insist that this token be regarded as being held in escrow by neutral hands until the occasion of next year's game, when it may be won or lost by our boys on the merits.

"I am now inviting you and your baseball team to be our guests sometime in 1936, date and details to be arranged later."

It was announced yesterday by John C. L. Dowling, Director of the Department of Public Welfare, that \$3,900 of the \$11,800 so far received as a result of the carnival was collected by members of the Fire Department who worked indefatigably to promote the sale of tickets.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in Boston and Metropolitan districts as follows:

RECONSTRUCTION AIDE, BOSTON CITY HOSPITAL, AUGUST 29, 1935.

Last date for filing applications, Thursday, August 15, 1935, at 5 p. m.

Salary: \$15 per week. This position is for part-time service.

Duties: Applicants should be familiar with the physics of galvanic, sinusoidal, high frequency, faradic and static currents; ultra-violet ray of the quartz-mercury lamps and the carbon-arc lamp. Applicants should have a thorough knowledge of the technique employed when using any one of the above mentioned modalities for the purpose of treating disease.

Applicants must be registered nurses under the State Division of Registration of Nurses.

The department requests that applicants be graduated from a recognized school for nurses or graduated from a school in physical training and in the absence of the above that they have 1, a thorough knowledge of anatomy; 2, familiarity with physiology and pathology and 3, a thorough knowledge of massage and remedial exercises. Credit will be given in the examination for these qualifications.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

COST OF UNEMPLOYMENT RELIEF.

The annual cost of various types of unemployment relief made by the National Industrial Conference Board, based on 3,500,000 relief cases, have been estimated at from a little less than \$1,000,000,000 for direct relief of the type received by more than half of the persons now on the relief rolls to over \$8,000,000,000 for public works relief, with full-time employment, at the "prevailing wage" rate. According to the report released February 28 the story is: "The average cost of direct relief per case during the third quarter of the past year was at the rate of slightly over \$280 per year. At this annual rate the total cost for 3,500,000 cases would amount to \$989,000,000. The average cost of work relief has been around 50 per cent greater than the cost of direct relief. The average for the third quarter of 1934 was slightly over \$35 per month, or around \$420 per year. Continuous employment for 3,500,000 persons during a period of twelve months would cost \$1,475,000,000.

LOW FATALITY RATE IN PROVIDENCE.

The fatality rate in Providence in 1934 was the lowest in all the years since modern traffic problems have existed, according to figures compiled by the city's traffic bureau. It is believed that the activity herein described was one of the many which have contributed toward this result. Certainly, if speeds can be consistently held down or reduced, there is small doubt that accidents will be decreased.

Traffic authorities in Providence decided in 1932 that a plan of monthly "sampling" of vehicular speeds by actual measurements be carried out, covering about fifty-four locations, none of which should be in congested traffic. This system was worked out and tested in that year, and has been in full operation during 1933 and 1934.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for doing masonry, etc., at the Warren School, Pearl and Summer streets, Charlestown, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, August 2, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of August 9, 1935, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(July 27.) Superintendent of Construction.

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

MANUFACTURERS OF STEEL LOCKERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and setting up steel lockers in the Roxbury Memorial High School for Boys, Warren, Townsend and Deekard streets, Grove Hall, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, August 5, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Monday, August 12, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT AND SEWERAGE WORKS IN PAYSON AVENUE, WARD 15, FROM HANCOCK STREET TO GLENDALE STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for Sheet Asphalt Pavement and Sewerage Works in Payson Avenue, Ward 15, from Hancock street to Glendale street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be included in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement, etc., in Payson Avenue," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, August 6, 1935, with a certified check for three hundred (\$300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, with the check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The sealed duplicate, with the check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of the proposal is less than the minimum price to be determined by the City Auditor, the proposal shall be rejected. If the proposal is more than the maximum price to be determined by the City Auditor, the proposal shall be rejected. The proposal shall be made in duplicate, the sealed duplicate, with the check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of the proposal is less than the minimum price to be determined by the City Auditor, the proposal shall be rejected. If the proposal is more than the maximum price to be determined by the City Auditor, the proposal shall be rejected. The proposal shall be made in duplicate, the sealed duplicate, with the check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids.

PROPOSALS FOR ADDITIONS AND ALTERATIONS TO THE ROBERT GOULD SHAW INTERMEDIATE SCHOOL FOR THE DEPARTMENT OF SCHOOL BUILDINGS, CITY OF BOSTON, MASS., NATIONAL INDUSTRIAL RECOVERY PROJECT P. W. A. DOCKET NO. 4217 W. R.

Sealed proposals for erecting and completing the additions and the alterations to the Robert Gould Shaw Intermediate School, in the district of West Roxbury, will be received by the Superintendent of Construction at the office of the Department of School Buildings, 11 Beacon street, Boston, Mass., until 2 o'clock p. m., daylight saving time, of Tuesday, July 30, 1935, and at the place and time will be publicly opened and read. The proposal submitted to the Superintendent of Construction shall not be separated from the book of specifications. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City at the City Hall, School street, Boston, before the time for the opening of the proposals. Consideration shall be given to the fact that this is a project constructed and financed in part by grant under the terms of the National Industrial Recovery Act and chapter 366 of the Acts of 1933 of the Commonwealth of Massachusetts, as amended by chapter 21 of the Acts of 1934. The attention of bidders is directed to the construction regulations prescribed by the P. W. A. Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project. The employment agency designated by the Government for this project is Everett L. Hanna, Manager, 100 Nashua street, Boston, Mass. All bids must be accompanied by a certified check on a bank located in the Federal Reserve District (5), payable to the City of Boston, in the sum of \$30,000. The certified check shall be attached to the proposal, sealed and delivered to the Superintendent of Construction. The right is reserved to reject any or all proposals or to accept the proposal deemed best for the City of Boston. The certified checks of the three lowest bidders will be retained until the contract has been signed by all interested parties. All other certified proposal checks will be returned not less than forty-eight hours after the date of the opening of the proposals. A bond of an approved surety company shall be given by the Contractor in the full amount of the entire contract price. The contract is subject to the approval of the Mayor. No award can be made without the approval of the State Engineer, P. W. A. Plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, 11 Beacon street, Boston, Mass. A deposit of a certified check for \$300, made payable to the City of Boston, will be required for each set of plans and specifications, said sum to be refunded if plans and specifications are returned not later than seven days after the opening of bids. Mutilation of the plans or the specifications shall be deemed sufficient cause for the forfeiture of the said deposit.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SEWER CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing sewer castings to the Sewer Service. Blank proposals may be obtained at the office of the Supply Department, Room 301, City Hall Annex. There will be a charge of thirty cents (\$0.30) for each proposal taken out. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, August 7, 1935, at 12 m., at Room 301, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, AUGUST 3, 1935.

No. 31

MAYOR MANSFIELD AND CITY OFFICIALS AT WORK ON PLAN FOR REMOVAL OF ELEVATED STRUCTURE—STATEMENT ISSUED EXPLAINING THE DETAILS OF SUCH PLANS AND THE LAW DEPARTMENT AND OTHER DEPARTMENTS ARE AT WORK PREPARING LEGISLATION THAT WILL MEET WITH APPROVAL AT WASHINGTON AND ALSO WITH THE ROAD'S OFFICIALS—MAYOR POINTS OUT DIFFICULTIES OF SITUATION.

With reference to the removal of the Boston elevated structure from Charlestown and other sections of the city and the building of a tunnel, Mayor Mansfield, on July 29, issued the following statement:

The legislation which is properly applicable to the problem of the removal of the elevated structure and substitution therefor of tunnels or subways is chapter 366 of the Acts of 1933. This act has been amended in 1934 and 1935, but those amendments are not applicable to Part 2 of the original act, which is controlling in the problems that confront us in the adoption of this project. I am advised by the Law Department that the steps necessary to be taken are as follows:

1. An amendment to the 1933 statute which will allow the subway or tunnel when completed to be leased without rental charges to the Boston Elevated Railway Company for a long term of years — probably forty years — which, it is contemplated, will be accepted by the Boston Elevated Railway Company in lieu of money compensation for the abandonment of its present elevated structure which has been estimated to have forty years more of useful life.

Borrowing Limits.

2. Further amendment to the act allowing a larger borrowing capacity for P. W. A. projects. The act now provides that cities and towns may borrow for P. W. A. projects an amount not in excess of 1 per cent of the average assessed property valuation for the last three years. For Boston this means roughly a borrowing capacity between \$16,000,000 and \$17,000,000 for P. W. A. projects alone. But Boston is already committed to P. W. A. projects totaling between \$7,000,000 and \$8,000,000, leaving a borrowing capacity for further P. W. A. projects of slightly less than \$9,000,000. If the entire elevated structure were to be removed and a tunnel substituted in its place, the total cost is estimated to be about \$35,000,000. If the Federal Government supplies 45 per cent of this, which is roughly \$15,000,000, Boston would have to find the other \$20,000,000, and with a borrowing capacity limited to about \$9,000,000 it is obvious that the statute would prevent borrowing the additional \$11,000,000. But Boston could not borrow the full \$9,000,000 which it is authorized to borrow for this particular project without sacrificing other projects, such as the new Chelsea Street Bridge in East Boston, which must be completed within two years by order of the War Department, a new City Hall and a new dormitory at Long Island. But the Federal authorities are of the opinion, as informally and unofficially expressed by Mr. Clarence McDonough, that the full project would not be acceptable as a Federal project as the work could not be completed within the time allowed by the Government.

Feasible Plan.

Therefore it seems advisable to divide the project into three parts and to begin by eliminating the elevated structure in Charlestown. Building a subway or tunnel from Sullivan square to connect with the Washington Street Tunnel at Haymarket square would cost about \$11,000,000. The Federal grant of 45 per cent would be roughly \$5,000,000 and Boston would have to find the other \$6,000,000. Probably this could be done within our present power to borrow \$9,000,000 for P. W. A. works and at the same time allow the City Hall, the Chelsea Street Bridge and the dormitory to be built. But it would be a very tight squeeze and the Law Department therefore is of the opinion that this statute should be amended to allow a greater borrowing capacity even if only one third of the project is to be undertaken at this time.

3. With the statute amended so as to allow for proper financing of the project, the next step would be submission to the Boston City Council for approval as a project and upon its approval the submission to the Emergency Finance Board at the State House for its approval and the approval of the Governor, and then submission to the Federal authorities for acceptance by them.

4. Assuming that these various steps have been successfully taken the next event in order would be an agreement between the Boston Elevated Railway Company and the City of Boston under the terms of which the Elevated would accept the subway as completed in accordance with Paragraph 1 of this statement, that is, a forty-year lease.

5. The Law Department is now working upon a draft of the proposed amendments to the 1933 statute and upon the form of a proposal or agreement to be entered into between the Railway Company and the City. These papers will be ready to submit to the present Legislature before its adjournment and to the next meeting of the City Council on August 12.

These, of course, are merely the highlights in the situation. There is a mass of detail which must be attended to but which undoubtedly will be prepared and all minor considerations adjusted.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, August 12, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending July 27, 1935:
Population as of July, 1935, Massachusetts State Census, 820,190; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 151; nonresidents, 37; total, 188.
Death rate per 1,000 of population. All deaths, 12.24; nonresidents deducted, 9.83.

Death rate per 1,000 population:

Last week, 10.70; corresponding week last year, 11.77.

REPORT OF BERTHA A. CONNOR, DIRECTOR OF PENMANSHIP, AT CONVENTION OF THE NATIONAL ASSOCIATION OF PENMANSHIP TEACHERS AND SUPERVISORS, AT NEW YORK, APRIL 4 TO 6.

The following report has been received by the School Committee:

BOSTON, June 28, 1935.

MR. PATRICK T. CAMPBELL, *Superintendent of Schools*, 15 Beacon Street, Boston, Mass.

MY DEAR MR. CAMPBELL,—The following is the report of the meeting of the National Association of Penmanship Teachers and Supervisors at New York City, April 4, 5 and 6, 1935, presented by Bertha A. Connor, Director of Penmanship.

Meeting for the first time in New York City, the National Association of Penmanship Teachers and Supervisors convened at the Hotel Pennsylvania on April 4 for a well attended and in many ways a most outstanding gathering. The entire convention facilities of the great hotel had been given over to the association, with the result that the many exhibits could be most effectively displayed and making available the grand ballroom for the various sessions and social activities of the meeting.

Throughout the meeting the cooperation of the New York City public schools, represented in the New York City Convention and Hospitality Committees, was much in evidence and the presence of a complete handwriting exhibit from these schools, as well as the art and art weaving exhibits, showed how thorough this cooperation was. Dr. Lizzie E. Rector and Dr. William Rabenort, both District Superintendents of the New York City schools, directed the activities of these committees, and they themselves were in attendance at every session and function of the convention.

The meeting was opened by the president on the morning of April 4. She introduced Mr. Paul Moss, Commissioner of Licenses in the cabinet of Mayor LaGuardia, who extended a welcome on behalf of the city administration. This was responded to by Mr. Raymond C. Goodfellow, Director of Commercial Education, Newark, N. J.

In the president's address was stressed the preparations that had been made to insure a successful and instructive meeting of the association and the need which teachers are experiencing more and more for the best thought on matters pertaining to their profession.

Dr. Lizzie E. Rector, now a District Superintendent of Schools but formerly principal of Public School No. 4, Manhattan, where modern muscular movement handwriting was first introduced into New York City, and largely responsible for the great success of that first experiment, spoke on "Handwriting in Education," an inclusive subject, to be sure, but one which Doctor Rector was fully qualified to handle. She emphasized the essential nature of handwriting instruction both as a necessity in school life itself and as a preparation for business life. More handwriting supervision and more expert teaching are necessary if the needed standards are to be attained, in her opinion. She affirmed her belief in the principle that good handwriting is acquired through practice and is therefore available to all.

During the afternoon of April 4 many of the visiting members availed themselves of the opportunity to go on many of the tours which had been arranged for the association. These included sight-seeing tours, trips to the National Broadcasting Studios in Radio City, the Empire State Building and steamship visiting.

At 4.30 p. m. the president and members of the Hospitality Committees for the City and Metropolitan Area received at a tea held in the grand ballroom. This function, replacing the usual association luncheon, was most enjoyable and gave the visiting members a splendid opportunity to become better acquainted, both among themselves and with the many representatives of the New York City schools who were present.

An evening session given over to a panel and forum discussion was well attended. Dr. William Rabenort acted as panel leader, and introduced the speakers to whom had been assigned topics relating to the panel subject—"Major Teaching, Supervisory and Administrative Considerations Relating to the Development of Handwriting in the Educative Process." The speakers and their topics, in the order in which they spoke, were: Bertha A. Connor, "Subject Matter"; C. P. Gard, "Life Requirements"; William Riley, "Teaching Techniques"; Mary Ashe, "Curriculum Development"; Linda S. Weber, "Carry-Over"; Ralph E. Rowe, "Growth"; Raymond C. Goodfellow, "Individual Differences"; John G. Kirk, "Need for Supervision"; Lena Shaw, "Measurement"; Doris E. Almy, "Survey"; Mrs. Lillian Horton, "Remedial Teaching." Summing up and commentaries on various points were given by Alma Dorst, Anna Kelso, William Harrigan, Clarence L. McKelvie, Gertrude E. Toomey and Clara L. Harrison.

The Friday morning session opened with an address by Dr. Paul R. Mort, director of School Education, Teachers College, Columbia University. Speaking on "Schools Worthy of the American Tradition," Doctor Mort stated that only in the past half-century have American schools begun to come out of the lethargy in which they had existed for a full hundred years and have begun to realize the ideals of the founders of the country. Schools exist in America "to improve the cultural pattern of society" and the best teachers are therefore not those with the most experience, but those most capable of inducing right responses on the part of their pupils. Doctor Mort declared that educational costs will be higher when the new education gets into its full stride, but that education will eventually be considered as definite a productive force as raw materials or electric power, and will therefore be recognized as worth all and more than its costs.

Doctor Mort was followed on the program by Albert D. Osborn, expert in questioned documents, who, with his father, Albert S. Osborn, testified in the recent Hauptmann trial at Flemington, New Jersey. Mr. Osborn's subject was "Handwriting as Evidence." With the aid of a lantern and screen he kept his

hearers in rapt attention as he showed how the incontrovertible evidence of forgery or of identity of handwriting is arrived at. The greater part of the talk was devoted to the Hauptmann exhibits. Mr. Osborn's description of the manner in which these were prepared for trial was interesting in the extreme.

Third speaker on the morning program was Col. George H. McCaffrey, director of research for the Merchants' Association of New York. Colonel McCaffrey analyzed the complicated system by which we provide for the maintenance of our schools and declared that effective reorganization in many cases could reduce the costs to taxpayers by a considerable amount without the loss of a single essential service of the schools. In times of stress, he said, it is only right that the activities of society which can be temporarily curtailed with the least risk should be the first to relieve the burden on the public. Coming so soon after Doctor Mort's prediction that educational costs are due for a rapid rise, Colonel McCaffrey's appeal for radical reductions gave a flavor of debate to the proceedings, and revealed to the audience in a dramatic way the conflict which will probably always be in evidence between the proponents of education and those who pay for it.

The afternoon session was given over to addresses by three leading supervisors from widely separated parts of the country who presented their views on the present-day handwriting program. Miss Mary Poore, supervisor of handwriting in Birmingham, Alabama, spoke on "The Value of Handwriting Supervision"; Dr. John G. Kirk, director of handwriting and commercial education in Philadelphia, Pa., on "Organization of Handwriting in a School System," and Miss Lucretia Cavanah, supervisor of handwriting in Cleveland, Ohio, on "Handwriting Curriculum Development."

The annual association banquet was held on the evening of April 5, with the president as toastmaster, who introduced Miss Millicent Baum, formerly principal of Public School No. 101, Manhattan, and now Mayor LaGuardia's adviser on matters pertaining to the city's schools, who voiced the regrets of the Mayor that he himself could not be present.

The banquet speech was given by Dr. Stephen F. Bayne, Associate Superintendent in charge of elementary schools in New York City. Doctor Bayne called attention to the changing demands made upon the schools, which are now in some instances more directly responsible for the child's character than the home itself. For that reason we must be careful, he said, not to look upon our task as the mere development of skills and the instilling of knowledge. We must seek to form the correct attitudes which will help the personal growth and development of the individual.

The banquet closed with a reception and dance to music furnished by the Wolfscie Orchestra.

The Saturday morning session featured an address by Dr. John S. Roberts, Associate Superintendent in charge of secondary schools in New York City. Doctor Roberts outlined the present aims of secondary education and showed how the changes in economic and social trends can modify educational aims and change educational procedures.

The business meeting which closed the 1935 convention was held on Saturday afternoon. Reports of the secretary, treasurer, and of various committees were presented and approved, after which

the slate of officers for the coming year, as selected by the President's Nominating Committee, received the unanimous approval of the members. These nominations were:

President, Bertha A. Connor, Director of Handwriting, Boston, Mass. (Re-elected.)

First Vice President, Mary A. Ashe, Supervisor of Handwriting and Assistant Director of Commercial Education, Rochester, N. Y.

Second Vice President, Lucretia R. Cavanah, Supervisor of Handwriting, Cleveland, Ohio.

Secretary, Mrs. Anne W. Cox, Supervisor of Handwriting, Newport News, Va.

Treasurer, Clarence L. McKelvie, Department of Education and Psychology, West Chester State Teachers College, West Chester, Pa.

THE EXHIBITS.

As stated above, the exhibits this year seemed more numerous than ever before and they were inspected by a larger number of people. New York City contributed a comprehensive and attractively mounted exhibit of the work of pupils in all grades in different schools in the city, as well as a very fine art exhibit and an exhibit of art weaving with a number of pupils showing the work in process. From Boston was brought the famed Handwriting Evolution Exhibit Covering a Period of Three Hundred Years, which was very attractively displayed in Parlor 1. The small ballroom was completely lined on four walls with the National Handwriting Exhibit, and numerous tables as well held a number of exhibit books showing the work in different cities. Some of the cities represented by mounts and books included Birmingham, Alabama; Hartford and Manchester, Connecticut; Washington, D. C.; Pocatello, Idaho; Fort Wayne, Gary, and Lafayette, Indiana; Oak Park, Illinois; Boston, Fitchburg, Weymouth and Worcester, Mass.; Virginia, Minnesota; Nashua and Manchester, New Hampshire; Raton, New Mexico; Newark and Paterson, New Jersey; Dunkirk, Oswego, Peekskill, Rochester and Troy, New York; Cleveland, Ohio; Philadelphia and Reading, Pa.; Pawtucket and Woonsocket, R. I.; Sioux Falls, South Dakota; Nashville, Tennessee; Newport News, Virginia; Rutland, Vermont; Huntington, West Virginia.

Respectfully submitted,

BERTHA A. CONNOR,
Director of Penmanship.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for furnishing and setting up steel lockers in the East Boston High School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same

office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, August 5, at 2 p. m.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Approval has been given to transfer William H. Casey from the City Hospital Department to the Sanitary Division as laborer at \$5 a day, effective July 26.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of July 27, 1933, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Cedarwood road, be, and the same hereby is, amended, by adding to said order the amount \$85 as an award to John J. O'Hare, Jr., that the amount \$85 be, and the same hereby is, awarded to John J. O'Hare, Jr., for the damages so sustained.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Washington Heights avenue, West Roxbury district, as a highway, from Washington street northwesterly, with the name of Weymouth Heights avenue, bounded and described as follows:

A highway named Weymouth avenue is hereby laid out, from Washington street northwesterly for a distance of approximately four hundred and ten feet, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Washington street, sixty-three and 87-100 feet; westerly by the westerly line of said Weymouth avenue as hereby laid out, eighteen and 67-100 feet on a curve of eleven and 96-100 feet radius; southwesterly by the southwesterly line of said Weymouth avenue as hereby laid out, by two measurements, one hundred ninety-four and 78-100 feet on a curve of eleven hundred fifty-nine and 85-100 feet radius and two hundred and 8-100 feet; northwesterly by the northwesterly line of said Weymouth avenue as hereby laid out, forty feet; northeasterly by the northeasterly line of said Weymouth avenue as hereby laid out, by two measurements, two hundred and 8-100 feet and one hundred eighty-seven and 44-100 feet on a curve of eleven hundred nineteen and 85-100 feet radius; and northerly by the northerly line of said Weymouth avenue as hereby laid out, eighteen and 82-100 feet on a curve of eleven and 90-100 feet radius.

Voted, That this Board determines that no person sustains damages to his estate by the making of the public improvement consisting of the laying out and construction of Weymouth avenue (formerly Washington Heights avenue), West Roxbury district, as a highway, from Washington street northwesterly for a distance of approximately four hundred and ten feet, and ordered that the Board of July 26, 1933, and amendments no damages thereon.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Redgate road, West Roxbury district, as a highway, from Emmonsedale road to St. Theresa avenue, bounded and described as follows:

A highway named Redgate road is hereby laid out, from Emmonsedale road to St. Theresa avenue and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Emmonsedale road and La Grange street:

Northeasterly by Emmonsedale road, forty feet; southeasterly by the southeasterly line of said Redgate road as hereby laid out, four hundred twenty-nine and 41-100 feet; southwesterly by La Grange street, forty and 3-100 feet; and northwesterly by the northwesterly line of said Redgate road as hereby laid out, four hundred twenty-seven and 77-100 feet.

Part between La Grange street and St. Theresa avenue:

Northeasterly by La Grange street, forty and 3-100 feet; southeasterly by the southeasterly line of said Redgate road as hereby laid out, four hundred forty-three and 29-100 feet; southwesterly by St. Theresa avenue, forty-one and 21-100 feet; and northwesterly by the northwesterly line of said Redgate road as hereby laid out, four hundred fifty-four and 86-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Redgate road, West Roxbury district, as a highway, from Emmonsedale road to St. Theresa avenue, under the order of the Board of July 22, 1935, and awards no damages therefor.

ADDITIONS TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

The Rugo Construction Company, Inc., has been granted an order of change, making an addition in the sum of \$5,429.20, to the contract for the erection and completion of the Shurtleff District School, Dorchester, Seventh and F streets, South Boston. The contract for this building is a P. W. A. Project No. 4217 S. B. This addition is to install a system of tile underdrains below floor of boiler room, gymnasium, corridor, etc., build sump pit, install automatic electric sump pump, connect discharge to soil pipe and to do all miscellaneous cutting and patching, all according to drawing by architects and engineers. This work is necessary on account of a water condition which appeared after the excavation had been made to the depth required for the building. This addition has the approval of T. B. Parker, State Engineer, P. W. A.

RETIREMENT BOARD REPORT.

Boston, July 31, 1935.

To the Auditor.

At meetings of the Boston Retirement Board, held on July 15 and July 24, the retirement from active service of the following-named members of the Retirement System was approved to become effective at the close of business, July 31, 1935:

ASSESSING DEPARTMENT.

William E. Mock, special clerk and tax examiner, salary at time of retirement \$2,400 a year.

FIRE DEPARTMENT.

James L. Donovan, ladderman, salary at time of retirement \$2,000 a year.

James P. Forde, blacksmith, salary at time of retirement \$2,028 a year.

John Smith, machinist, salary at time of retirement \$1,872 a year.

HEALTH DEPARTMENT.

John M. O'Hara, dairy inspector, salary at time of retirement \$2,300 a year.

HOSPITAL DEPARTMENT.

Nellie M. Kingston, cleaner, salary at time of retirement \$1,014 a year.

PARK DEPARTMENT.

Thomas J. Murphy, assistant engineer, salary at time of retirement \$2,500 a year.

PUBLIC WORKS DEPARTMENT.

George J. Dunn, bridge caretaker, salary at time of retirement \$1,560 a year.

Angelo Lopilato, laborer, salary at time of retirement \$1,560 a year.

Timothy S. Lyons, fireman, salary at time of retirement \$1,560 a year.

Thomas Marshall, helper, salary at time of retirement \$1,560 a year.

William J. Nutley, inspector, salary at time of retirement \$2,500 a year.

Attest:

WILFRED J. DOYLE,
Chairman.

EXTRA WORK UNDER CONTRACT.

Marino Company has been directed to perform the following extra work under the contract for repairing hull, etc., ferryboat "Charles C. Donoghue." Items ordered: Fairing top of rudder balance, estimate cost \$20; installing missing rudder stock bushing, estimate cost \$35; drawing tail shaft, turning outer sleeve and replacing same, estimate cost \$500; labor to be charged at cost plus 15 per cent; materials at cost. The work contemplated under this extra work order could not be discovered until the ferryboat was actually in dry-dock and open for inspection. Estimated cost of extra work, \$555. Although this is an addition to the work contemplated in the original contract, it is incidental thereto.

A. R. Doyle, Incorporated, has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in La Grange street, Section C, from Vermont street to Newton line, P. W. A. Project, Docket No. 4205-J. Items ordered:

Furnish and lay sheet asphalt pavement on a 6-inch concrete base, set and reset edgestone, lay artificial stone sidewalks and do all incidental work in Vermont street, between La Grange street and Potomac street. Prices to be paid, the same as those bid for similar work in the contract. This extra work has been approved by the Federal authorities. Estimated cost of extra work, \$2,265.50.

CIRCULAR LETTER NO. 27.

CITY OF BOSTON,
MAYOR'S OFFICE, July 29, 1935.

To All Heads of Departments.

Attention is again called to the requirement that all official communications to the Mayor's Office be written in quadruplicate. It is frequently necessary to forward copies of these letters to different departments and officials and when only an original is received at the Mayor's Office it is necessary for his very busy office force to make copies which should have been sent with the original letters. Please instruct all secretaries and stenographers in your department so that in the future all letters received at this office may have three carbon copies attached to the original.

Yours truly,

FREDERICK W. MANSFIELD, *Mayor.*

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in Boston and Metropolitan districts as follows:

RECONSTRUCTION AIDE, BOSTON CITY HOSPITAL, AUGUST 29, 1935.

Last date for filing applications, Thursday, August 15, 1935, at 5 p. m.

Salary: \$15 per week. This position is for part-time service.

Duties: Applicants should be familiar with the physics of galvanic, sinusoidal, high frequency, faradic and static currents; ultra-violet ray of the quartz-mercury lamps and the carbon-arc lamp. Applicants should have a thorough knowledge of the technique employed when using any one of the above mentioned modalities for the purpose of treating disease.

Applicants must be registered nurses under the State Division of Registration of Nurses.

The department requests that applicants be graduated from a recognized school for nurses or graduated from a school in physical training and in the absence of the above that they have 1, a thorough knowledge of anatomy; 2, familiarity with physiology and pathology and 3, a thorough knowledge of massage and remedial exercises. Credit will be given in the examination for these qualifications.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Upon July 26 the Mayor approved a contract with the James G. Gillespie Company for plumbing at the Old Edward Everett School. Bids, opened July 22, were as follows:

James G. Gillespie Company, \$5,540; William N. McKenna Company, \$6,137; Frank T. McDonald, \$7,167.

FIRE DEPARTMENT.

Upon July 26 the Mayor approved a contract with Charles H. Howard for doing underground construction work in the Fire Alarm Division. Bids, opened July 24, were as follows:

2,716 Feet Single Duct.—Charles H. Howard, 70 cents; A. R. Doyle, Incorporated, 68 cents; Leo J. Nawn,

Incorporated, 74 cents; Keystone Engineering and Contracting Company, 78 cents; Baker & Co., 83 cents; Endicott Contracting Company, 88 cents; J. W. O'Brien, 98 cents; E. W. Matz, \$1; Hugh Nawn, Incorporated, \$1.10; M. DeSisto Company, \$1.15; The Construction Company, \$1.20; E. Recciardelli, \$1.21.

Box Posts.—Charles H. Howard, \$3.50; A. R. Doyle, Incorporated, \$7; Leo J. Nawn, Incorporated, \$4; Keystone Engineering and Contracting Company, \$5; Baker & Co., \$5; Endicott Contracting Company, \$4.77; J. W. O'Brien, \$5; E. W. Matz, \$2; Hugh Nawn, Incorporated, \$8; M. DeSisto Company, \$5; The Construction Company, \$3; E. Recciardelli, \$5.

Manholes.—Charles H. Howard, \$35; A. R. Doyle, Incorporated, \$50; Leo J. Nawn, Incorporated, \$40; Keystone Engineering and Contracting Company, \$65; Baker & Co., \$75; Endicott Contracting Company, \$81.31; J. W. O'Brien, \$50; E. W. Matz, \$15; Hugh Nawn, Incorporated, \$95; M. DeSisto Company, \$55; The Construction Company, \$70; E. Recciardelli, \$125.

Handholes.—Charles H. Howard, \$10; A. R. Doyle, Incorporated, \$10; Leo J. Nawn, Incorporated, \$10; Keystone Engineering and Contracting Company, \$15; Baker & Co., \$10; Endicott Contracting Company, \$9.93; J. W. O'Brien, \$12.50; E. W. Matz, \$90; Hugh Nawn, Incorporated, \$11; M. DeSisto Company, \$10; The Construction Company, \$10; E. Recciardelli, \$20.

Total.—Charles H. Howard, \$2,042.70; A. R. Doyle, Incorporated, \$2,069.88; Leo J. Nawn, Incorporated, \$2,165.84; Keystone Engineering and Contracting Company, \$2,318.48; Baker & Co., \$2,464.28; Endicott Contracting Company, \$2,601.74; J. W. O'Brien, \$2,856.68; E. W. Matz, \$3,129; Hugh Nawn, In-

corporated, \$3,278.60; M. DeSisto Company, \$3,313.40; The Construction Company, \$3,426.20; E. Recciardelli, \$3,586.36.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Upon July 25 the Mayor approved a contract with the W. H. Ellis & Son Company for reconstructing and improving ferry piers, South Ferry, the third bidder, at an estimated cost of \$24,980, for the following reasons:

The low bidder, the Rendle Contracting and Dock Building Company, was incorporated under the laws of Delaware July 11, 1933, succeeding the Rendle Corporation of America, incorporated under the laws of Delaware March 1, 1933, this firm succeeding the Rendle Corporation of Massachusetts, incorporated January 29, 1925, said corporation filing a petition in bankruptcy January 13, 1934. Earlier than 1925 the firm name was Rendle and Stoddard.

As the Rendle Contracting and Dock Building Company they had one contract in 1934 for repairs to the draw pier of the Chelsea North Bridge for the sum of approximately \$7,100.

Under earlier corporation names, while contracts of the type called for under this contract had been performed by the various Rendle organizations, during the years 1930, 1931, 1932 and 1933 their bids, if submitted in the Public Works Department, were not considered by the previous Commissioner of Public Works on account of complaints and protests as to nonpayment of wages, payment of wages below the scale demanded for decent living, and also the quality of the work done, hence the Commissioner of Public Works did not recommend the award be given this firm.

The second low bidder, A. Orlando, Incorporated, was incorporated under the laws of Massachusetts December 15, 1930. This concern has executed two contracts in 1932, one contract in 1933, and one contract in 1934 for the Public Works Department, but no contract was of such an extensive type as pile driving, etc., called for in this contract. The contracts executed by this company were of the nature of wall repairing, replacing bridge flooring, etc. From the records obtained, A. Orlando, Incorporated, do not own the equipment needed for a job of this size. The value of machinery, etc., as owned by them and as filed in the last Certificate of Condition under the Business Corporation Law of Massachusetts, was placed at only \$2,300 and there is nothing taxed by the Boston assessors on machinery, etc., against this firm either in 1934 or 1935, consequently the Commissioner of Public Works did not consider this firm as having experience in and equipment for the type of work called for in this contract.

The third bidder, William H. Ellis & Son Company, was incorporated under the laws of Massachusetts, and has been in business since 1897, the sons succeeding the father. This company has built ferry piers, done repair work and dock work to as great an extent as any concern for the past thirty-five years in New England.

The work of removing the present pile pier heads, pile fenders, etc., and driving new piling without interference with the regular operation of the ferries using the ferry slips while the work is in progress calls for the best type of organization, also ability in organizing and directing operations in order that the work be

service functions without danger of injury to the boats entering the slips and possibly loss of life.

The difference in price between the first and third bidders, namely, \$423, and the difference in price between the second and third bidders, namely, \$270, is more than offset by the quality of the work which the W. H. Ellis & Son Company has performed for the City of Boston and will undoubtedly perform under this contract, and for that reason the award to them is in the best interests of the city.

The work to be done under this contract is to be completed within two months of the award unless the time of completion is extended by the Commissioner of Public Works.

The following is an abstract of all bids received June 20, 1935:

Rendle Contracting and Dock Building Company, \$24,545; A. Orlando, Incorporated, \$24,710; W. H. Ellis & Son Company, \$24,980; Coleman Brothers Corporation, \$25,680; Roy B. Rendle & Co., Incorporated, \$27,257; Maurice M. Devine, Incorporated, \$27,595.

SUPPLY DEPARTMENT.

Upon July 26 the Mayor approved a contract with low bidders as indicated for hay, grain and straw for the various city departments. Bids, opened on July 22, were as follows:

Whittemore Company, approximately \$1,149.50; B. & F. Coal Company, approximately \$1,383.50; William Culkeen & Sons, approximately \$55.10; John J. White Company, approximately \$41.10. Approximate total, \$2,629.20.

Approximate Amounts on All Items.
Per Hundredweight.

90,000 Pounds Hay, Large Bales.—B. & F. Coal Company, \$1.0925*; William Culkeen & Sons Company, \$1.18; John J. White Company, \$1.13.

30,000 Pounds Hay, Small Bales.—B. & F. Coal Company, \$1.0925*; William Culkeen & Sons Company, \$1.17; John J. White Company, \$1.11.

55,000 Pounds No. 2 White Oats, 36 Pounds to Bushel.—Whittemore Company, \$1.56*; B. & F. Coal Company, \$1.665; William Culkeen & Sons Company, \$1.80; John J. White Company, \$1.65.

7,000 Pounds Straw.—Whittemore Company, 98 cents*; B. & F. Coal Company, 99 cents; William Culkeen & Sons Company, \$1.05; John J. White Company, \$1.01.

6,000 Pounds Bran.—Whittemore Company, \$1.35*; B. & F. Coal Company, \$1.41; William Culkeen & Sons Company, \$1.65; John J. White Company, \$1.45.

2,000 Pounds Cottonseed Meal.—Whittemore Company, \$1.98; B. & F. Coal Company, \$1.8125; William Culkeen & Sons Company, \$2.05; John J. White Company, \$1.85.

2,000 Pounds Linseed Meal.—Whittemore Company, \$1.95; B. & F. Coal Company, \$1.8125; William Culkeen & Sons Company, \$1.95; John J. White Company, \$1.85.

2,000 Pounds Gluten Meal.—Whittemore Company, \$1.62*; B. & F. Coal Company, \$1.8625; William Culkeen & Sons Company, \$1.90; John J. White Company, \$1.85.

2,000 Pounds Corn Meal.—Whittemore Company, \$1.86*; William Culkeen & Sons Company, \$1.88; John J. White Company, \$1.90.

1,500 Pounds Cracked Corn.—Whittemore Company, \$1.90; William Culkeen & Sons Company, \$1.88*; John J. White Company, \$1.90.

500 Pounds Whole Corn.—Whittemore Company, \$1.90; William Culkeen & Sons Company, \$1.88*; John J. White Company, \$1.90.

500 Pounds Kaffir Corn.—Whittemore Company, \$2.95; B. & F. Coal Company, \$2.09, no bid at auditor's; William Culkeen & Sons Company, \$2.85; John J. White Company, \$2.63*.

500 Pounds Wheat.—Whittemore Company, \$1.72; William Culkeen & Sons Company, \$1.70*; John J. White Company, \$1.75.

500 Pounds Buckwheat.—Whittemore Company, \$1.80; William Culkeen & Sons Company, \$1.80*; John J. White Company, \$1.75.

300 Pounds Sunflower Seed.—Whittemore Company, \$5.20; B. & F. Coal Company, \$4.85; William Culkeen & Sons Company, \$4.75; John J. White Company, \$4.25*.

100 Pounds White French Millet.—William Culkeen & Sons Company, \$9.25; John J. White Company, \$9.00.

200 Pounds Hempseed.—Whittemore Company, \$3.50; William Culkeen & Sons Company, \$3.25; John J. White Company, \$3.10*.

4,000 Pounds Crushed Oats.—Whittemore Company, \$1.67*; William Culkeen & Sons Company, \$1.90; John J. White Company, \$1.78.

100 Pounds Canary Seed.—Whittemore Company, \$5.50*; William Culkeen & Sons Company, \$5.55; John J. White Company, \$5.50.

Cash Discount, Ten Days.—Whittemore Company, one half of 1 per cent; B. & F. Coal Company, one half of 1 per cent; William Culkeen & Sons Company, one half of 1 per cent; John J. White Company, one half of 1 per cent.

* Contract awarded.

Upon July 26 the Mayor approved a contract with low bidders as indicated for butter, eggs and cheese for the various city departments during August, 1935. Bids were opened July 22 and awards were as follows:

Lewis-Mears Company, \$8,873.12; Borden Sales Company, \$3,920; Swift & Co., \$514.19; Doe-Sullivan & Co., \$165; Batchelder & Snyder Company, \$45; Armour & Co., \$33.64. Approximate total, \$13,550.95.

Approximate Amounts on All Items.

800 Cases Nearly Fresh Henney Eggs, (30 Dozen to Case), Per Dozen.—Batchelder & Snyder Company, 44.5 cents; Swift & Co., 39.88 cents; Borden Sales Company, 29 cents, bid on this item withdrawn due to misunderstanding of specifications; Lewis-Mears Company, 35.9 cents*; Doe-Sullivan & Co., 36.37 cents.

Remarks.—Faneuil Fruit Exchange, no means of identification on auditor's copy; bid rejected as irregular.

*Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for supplies, labor, etc. Communications from the several department heads concerned were as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, July 25, 1935.

To the Mayor of Boston.

On April 29, 1935, your Honor approved a contract with Edward J. Lang, 206 Princeton street, East Boston, for furnishing his services and equipment for the inspection of electric welded steel water main to be used in the work being done under P. W. A. Dockets 4212 and 7223. This contract was awarded with-

out advertising and covered the period from May 1, 1935, to August 1, 1935, at the rate of \$250 per month.

Mr. Lang's services have been entirely satisfactory, and as the work for which he was engaged has not been completed, I respectfully request permission to award another contract to him, without advertising, for an additional three months, from August 1, 1935. The rate of payment under this contract will be the same as that being paid under his present contract, namely, \$250 per month.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, July 26, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Boston Ice Company for furnishing ice to the various fountains located in the City of Boston, as required, at a price of \$5.25 per ton.

The price quoted by the Boston Ice Company is as low as could be secured from any other concern, and as prompt and efficient deliveries have always been secured from this company on contracts placed with them in prior years, I feel that the best interests of the city will be served by awarding them this contract.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the New England Telephone and Telegraph Company, estimated to be three (3) weeks, Glen road, West Roxbury, is a one-way street, from Forest Hills street to Sigourney street, effective July 27, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be two (2) weeks, vehicles are excluded from Willow street, between Chestnut street and Mt. Vernon street, effective July 30, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the annual Soap Box Races conducted by the Boston Herald-Traveler, vehicles are excluded from Columbia road, South Boston, between Kosciuszko Circle and Preble street, on July 27, 1935, from 9 a. m. to 5 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted January 16, 1935, and was effective January 23, 1935, for a trial period of six (6) months, is hereby extended for a further trial period of three (3) months from July 23, 1935:

Parking of vehicles is prohibited in the following street:

Cambridge street.

South side, from Howard street to a point eighty (80) feet west of Howard street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of removal of the Elevated structure, estimated to be one (1) week, vehicles are excluded from Castle street, between Shawmut avenue and Washington street, effective July 26, 1935.

Voted, That as urgently required by considerations of public safety and convenience, during the period of gas main construction, vehicles are excluded from Foss street, Charlestown, between Chelsea street and Water street, from 8 a. m., July 27, 1935, to 5 p. m., July 28, 1935.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Pine Ridge road, Dorchester district, as a highway, from Gallivan Boulevard to Morton street, bounded and described as follows:

A highway named Pine Ridge road is hereby laid out, from Gallivan Boulevard to Morton street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Gallivan Boulevard, sixty feet; southerly by the southerly line of said Pine Ridge road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; easterly by the easterly line of said Pine Ridge road as hereby laid out, one hundred twenty-one and 59-100 feet; southeasterly by the southeasterly line of said Pine Ridge road as hereby laid out, one hundred thirty-five and 4-100 feet on a curve of one hundred fifteen and 86-100 feet radius; again southerly by the southerly line of said Pine Ridge road as hereby laid out, one hundred sixty-six and 65-100 feet; easterly by the easterly line of said Pine Ridge road as hereby laid out, forty-six and 33-100 feet on a curve of twenty feet radius; southwesterly by Morton street, one hundred eight and 89-100 feet; northerly by the northerly line of said Pine Ridge road as hereby laid out, by two measurements, sixteen and 50-100 feet on a curve of twenty feet radius and two hundred forty and 52-100 feet; northwesterly by the northwesterly line of said Pine Ridge road as hereby laid out, eighty-eight and 42-100 feet on a curve of seventy-five and 86-100 feet radius; and westerly by the westerly line of said Pine Ridge road as hereby laid out, by two measurements, one hundred twenty-one and 59-100 feet and fifteen and 71-100 feet on a curve of ten feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Pine Ridge road, Dorchester district, as a highway, from Gallivan Boulevard to Morton street, under the order of the Board of July 26, 1935, and awards no damages therefor.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

HISTORICAL DATA ABOUT WARDS.

The term "ward" first appears in a fire-protection order, approved by the Town on August 29, 1679, dividing the Town into 4 quarters with 2 wards each. The 8 wards had previously been military districts.

On August 11, 1713, the Selectmen "agreed upon a distribution of the Town into distinct Wards or Precincts."

On February 1, 1715, it was "voted to make a new division of the Town into eight distinct Wards."

On March 9, 1735, it was voted to divide the Town into 12 wards to facilitate the work of the Overseers of the Poor.

On March 13, 1822, the Selectmen divided the Town into 12 wards on the basis of the U. S. Census of 1820.

By an ordinance which took effect on the second Monday of December, 1838, there was a revision of the wards.

On April 29, 1850, the City Council accepted Chap. 167 of the Acts of 1850, which altered the wards on the basis of legal voters rather than on the number of inhabitants.

By ordinance taking effect on November 15, 1865 new ward lines were established.

In the annexation period, 1865-1875, the number of wards was increased from twelve to twenty-one.

By Chap. 243, Acts 1875, the City Council was ordered to cause a new division of the City into twenty-four wards in the year 1875 in such manner as to include an equal number of voters in each ward. This division was made, taking effect on December 13, 1875. On May 27, 1876, the City Council, in accordance with Chap. 242, Acts of 1876, divided one of the wards in two, making a total of 25 wards for the City.

By ordinance passed April 20, 1895, under authority of Chap. 437, Acts of 1888, and Section 96 of Chap. 417, Acts of 1893, ward lines were established on the basis of the number of voters registered at the City election of 1894, there still being 25 wards.

The annexation of Hyde Park, effective January 1, 1912, made an additional ward.

By enactment of December 28, 1914, under authority of Chap. 630, Acts of 1914, the City Council reduced the City into 26 wards.

The latest redivision, established December 30, 1924, under authority of Chap. 410, Acts of 1924, consists of 22 wards.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Clare avenue, West Roxbury district, as a highway, over and including a part of the private way known as Huntington avenue, from Ramsdell avenue to Hyde Park line, bounded and described as follows:

An extension of the highway named Clare avenue is hereby laid out, from Ramsdell avenue to boundary line between the West Roxbury district and Hyde Park district, over and including part of the private way known as Huntington avenue, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Ramsdell street, one hundred four and 62-100 feet; southerly by the southerly line of said extension of said Clare avenue as hereby laid out, eighty and 75-100 feet; easterly by the easterly line of said extension of said Clare avenue as hereby laid out, two hundred sixty-three and 9-100 feet; again southerly by the boundary line between Hyde Park and West Roxbury, fifty-four and 65-100 feet; and westerly by the westerly line of said extension of said Clare avenue as hereby laid out, three hundred seventy-eight and 10-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Clare avenue, West Roxbury district, as a highway, from Ramsdell avenue to boundary line between the West Roxbury district and Hyde Park, under the order of the Board of July 23, 1935, and awards no damages therefor.

POLICE DEPARTMENT ORDERS.

General Order No. 69.

Patrolmen Raymond D. Clifford and John T. Sexton, both of Division 9, are commended, and Patrolman Clifford is granted two days and Patrolman Sexton, who had completed his tour of duty and responded and assisted Patrolman Clifford, is granted three days additional vacation, in connection with the arrest of three persons for breaking and entering on June 11, 1935, which resulted in the solving of a large number of breaks in the Roxbury district.

The commissioner is pleased to recognize the diligence and interest shown by these officers, who willingly gave of their own time in the performance of this splendid police duty.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

CIVIL SERVICE EXAMINATIONS.
(STATE.)LOCOMOTIVE INSPECTOR, DEPARTMENT OF
PUBLIC UTILITIES, SEPTEMBER 21, 1935.

Last day for filing applications, Saturday, September 7, 1935, at 12 noon.

The minimum salary is \$2,400 a year; the maximum salary is \$2,940 a year.

Duties: Under general supervision to make examination of locomotives and locomotive boilers in the enforcement of laws and regulations governing public utilities and to perform related work as required.

Applicants should have experience in mechanical engineering and the maintenance of locomotives and other railroad equipment.

Subjects and weights: Training and experience, 3; practical questions, 4; personality and fitness as determined by an oral interview, 3; total, 10.

Passing requirement: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

DIETITIAN, MEDFIELD STATE HOSPITAL,
DEPARTMENT OF MENTAL DISEASES,
SEPTEMBER 21, 1935.

Last date for filing applications, Saturday, September 7, 1935, at 12 noon.

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,560 a year.

Duties: Under direction, to have charge of the kitchen service and the planning, preparation and serving of meals and to perform related work as required.

Credit will be given in the examination to applicants who are graduates of a domestic science course and have had some experience.

Subjects and weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 15 Florence street, Ward 3.

The building at 9 Woodbury street, Ward 9.

To vacate the building at 193 Cabot street, Ward 9, as the said building is in an unsafe and dangerous condition.

The building at 32 Kendall street, Ward 9.

The building at 30 Woodbury street, Ward 9.

The building at 90 Maynard street, Ward 18.

The building at 2 Model place, Ward 1, permit issued by Building Department on November 4, 1933, to build end wall of L section, old wall was torn down and furring lath and plaster left standing with one window frame and sash attached thereto, same is in a dangerous condition. The owner, Daniel A. McLaughlin of 2 Common street, Charlestown, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports after investigation, that to the best of his knowledge the owner of record has no funds to raze the building.

The building at 30 Woodbury street, Ward 9, the front wall bulged and cracked, unsafe and dangerous. The owner, James Davis of 17 Gertrose street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. The owner is unable to pay the expense of razing.

The building at 9 Woodbury street, Ward 9, the front wall cracked over windows and door, unsafe and dangerous. The owner, James Davis of 17 Gertrose street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 32 Kendall street, Ward 9, the rear wall bulged outward at first floor line, unsafe and dangerous. The owner, Frank J. Hagerty of 96 Curlew road, Quincy, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. The owner states that he is financially unable to take down the building, and our inspector's investigation bears out this statement.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

T. J. O'Connell Company has been given a further extension of time for the completion of the contract for building of sewerage works in Ashmont street outlet in private land, between Neponset Avenue and Ashmont street, Dorchester, from July 31, 1935, to August 30, 1935, thirty days. The actual construction work should be completed by July 30, 1935. This extension is requested, because it will require more time than was anticipated for such work as covering the sides exposed of the conduit with asphaltic material, leveling surfaces and repairing fences.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Bickford avenue, Roxbury district, as a highway, from Heath street to Wensley street, bounded and described as follows:

A highway named Bickford avenue is hereby laid out, from Heath street to Wensley street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Heath street, twenty-one and 88-100 feet; westerly by the westerly line of said Bickford avenue as hereby laid out, three hundred thirteen and 10-100 feet; northerly by Wensley street, twenty-three and 9-100 feet; and easterly by the easterly line of said Bickford avenue as hereby laid out, three hundred seven and 41-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Bickford avenue, Roxbury district, as a highway, from Heath street to Wensley street, under the order of the Board of July 27, 1935, and awards no damages therefor.

COST OF UNEMPLOYMENT RELIEF.

The annual cost of various types of unemployment relief made by the National Industrial Conference Board, based on 3,500,000 relief cases, have been estimated at from a little less than \$1,000,000,000 for direct relief of the type received by more than half of the persons now on the relief rolls to over \$8,000,000,000 for public works relief, with full-time employment, at the "prevailing wage" rate. According to the report released February 23 the story is:

"The average cost of direct relief per case during the third quarter of the past year was at the rate of slightly over \$280 per year. At this annual rate the total cost for 3,500,000 cases would amount to \$989,000,000. The average cost of work relief has been around 50 per cent greater than the cost of direct relief. The average for the third quarter of 1934 was slightly over \$35 per month, or around \$420 per year. Continuous employment for 3,500,000 persons during a period of twelve months would cost \$1,475,000,000.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

NEWTON REDUCES WATER RATES.

The city of Newton reduced its water rates 10 per cent in 1932, from 25 to 22.5 cents per 100 cubic feet, and for 1934 has reduced them 11.5 per cent, to a flat price of 20 cents per 100 cubic feet. This reduction was made possible by savings effected by reorganizing the administration and maintenance methods and equipment of the department before and since the beginning of the city's "four-year plan" of water development in 1931.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING RANGE OIL.

The Supply Department of the City of Boston invites proposals for furnishing range oil to the Overseers of the Public Welfare from November 1, 1935, to April 30, 1936, inclusive. Specifications may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must leave his proposal, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., at Room 801, City Hall Annex, on Wednesday, August 14, 1935. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Aug. 3.) Superintendent of Supplies.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN FANEUIL STREET, WARD 22, FROM BIGELOW STREET TO DUNBOY STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Faneuil street, Ward 22, from Bigelow street to Dunboy street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Faneuil Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, August 12, 1935, with a certified check for seven hundred (700) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CAVEN,
(Aug. 3.) Commissioner of Public Works.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR TAR AND GRAVEL ROOF AND TAR CONCRETE PAVEMENT, SECTION 3, DORCHESTER RAPID TRANSIT.

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for a tar and gravel roof and a tar concrete pavement on the top of the covered section, Section 3, Dorchester Rapid Transit. Plans and specifications may be obtained at the office of the Department. The bids will be publicly opened and read at 12 o'clock noon, Thursday, August 15, 1935. A properly certified check in the sum of one thousand (1,000) dollars, payable to the city, must accompany the proposal. A deposit of \$5, in cash or certified check, will be required for a set of plans and two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD F. CONDON,
(Aug. 3.) Secretary.

CITY OF BOSTON.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

PROPOSALS FOR LAUNDRY WORK.

The Overseers of the Public Welfare of the City of Boston invite proposals for laundry work (sheets and pillow cases, bedspreads and blankets) according to specifications to be obtained from the office of the Board, first floor, 43 Hawkins street, Boston. There will be a charge of twenty-five cents (25 cents) for each set of blank proposals taken out. Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one fourth of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids with a certified check for two hundred (200) dollars, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Board, first floor, 43 Hawkins street, before 12 m. Wednesday, August 14, 1935, at which time and place they will be publicly opened and read. A duplicate proposal, without check, must be left with the City Auditor prior to the time stated for opening the bids. The Board of Overseers of the Public Welfare reserves the right to accept or reject any or all bids or any part of the bid and to award the contract in whole or in part. All contracts made subject to appropriations to meet payments thereunder.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

JAMES A. McMURRY,
(Aug. 3.) Chairman.

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR CLEANSING AND REPAIRING WINTER GARMENTS.

The Police Department of the City of Boston invites proposals for cleansing and repairing winter garments. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, 154 Berkeley street, Boston, Mass., and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$200, payable to and to become the property of the Police Commissioner of the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, August 9, 1935, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the City of Boston. The bidder must leave his proposal, with a certified check for \$200, payable to and to become the property of the Police Commissioner of the City of Boston if the proposal is not carried out, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The bidder must also leave a duplicate proposal, without check, at the office of the City Auditor prior to the time stated for opening the bids. The value of the different garments of the garments to be cleaned and repaired.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, AUGUST 10, 1935.

No. 32

MAYOR MANSFIELD DRAFTS BILL TO PRESENT TO LEGISLATURE SEEKING THE RAZING OF THE BOSTON ELEVATED STRUCTURE AND THE SUBSTITUTION OF TUNNEL—ACTS FOLLOWING CONFERENCE WITH WASHINGTON AND ROAD OFFICIALS—PRESENTS BILL TO GOVERNOR WITH REQUEST FOR SPECIAL MESSAGE REQUESTING QUICK ACTION—DIGEST OF BILL ALSO PRESENTED.

Mayor Mansfield has had prepared legislation looking to the razing of the Boston Elevated structure, after consultation with Washington authorities, and has presented the same to Governor Curley, together with a letter explaining the needs for the legislation and asking that he present the matter to the Legislature in a special message, as the quickest means for securing the ends desired.

The letter sent to Governor Curley and a digest of the legislation prepared by the Law Department is as follows:

BOSTON, August 2, 1935.

HON. JAMES M. CURLEY, Governor's Office, State House, Boston, Mass.

DEAR GOVERNOR CURLEY,— In order to procure the removal of the elevated structure of the Boston Elevated Railway Company, or any part of it, and the substitution of a subway or tunnel, new legislation is necessary. The Corporation Counsel has been working on this matter and has concluded that the existing statutes controlling such matters cannot easily be amended to effect the end sought. Consequently, a new bill has been drafted, a copy of which I inclose, which is broad enough to allow for the demolition of all or any part of the structure and the construction of a tunnel to be substituted for any part of the structure that may be removed.

This bill permits borrowing for this project beyond the limit of indebtedness of the city, without in any way affecting or limiting the power of the city to borrow for other P. W. A. projects. While the bill is comprehensive and grants every necessary power to the city, there is nothing of a compulsory nature in it, and none of its provisions need be availed of unless the project is approved by all necessary authorities and if upon further study of the problem it is deemed wise to proceed with it.

This bill will be filed today and of course ought to be considered at once, as without this legislation we cannot go forward with this very desirable improvement. May I suggest to your Excellency and urge upon you the apparent necessity of sending a special message to the Legislature requesting favorable action before the present Legislature adjourns. If the matter is allowed to proceed in its regular course without any special message which I have ventured to suggest, it will be necessary for the bill to receive the approval of the Committee on Rules and then, because the proposed legislation affects the Boston Elevated Railway Company, it will be necessary also to have the requisite publication before hearings could be held. These matters will consume precious time which could be saved by the special message.

Very respectfully yours,

FREDERICK W. MANSFIELD, Mayor.

The following is a digest of the bill:

The proposed bill to provide for the construction of tunnels or subways in the City of Boston and the purchase and removal of the elevated structures of the Boston Elevated Railway Company permits the following:

1. The construction of tunnels or subways:
 - a. From Union-Friend Station to Sullivan square.
 - b. From Kneeland street to Forest Hills Terminal.
 - c. Or any part of the foregoing.
2. The purchase of the elevated structures:
 - a. From Washington Street Tunnel to Sullivan square.
 - b. From Washington Street Tunnel to Forest Hills Terminal.
 - c. Atlantic avenue loop.
 - d. Or any part of the foregoing.
3. Demolition of all or any part of the elevated structure, *provided*:
 1. Approval of the Emergency Finance Board and Governor is obtained.
 2. Provided proper Federal authorities approve grant under Title 2 of N. R. A. (P. W. A.) or Emergency Relief Appropriation Act of 1935.

The bill provides that no construction is to be done until a contract is entered into between the city and the Boston Elevated Railway Company providing for the use by the company of such tunnel or subway as may be constructed for a term of forty years without rental, such use to be in full compensation for the purchase of the elevated structures to be removed and for any other damages suffered by the company.

The bill provides that the contract shall not impair any right of the Commonwealth or any subdivision thereof to take property of the Boston Elevated Railway Company by eminent domain.

Bill permits the borrowing for this project, with the approval of the Emergency Finance Board, outside of statutory limit of indebtedness and without affecting or limiting the power of the city to borrow for other P. W. A. projects.

Except for the power of the Transit Department to make preliminary surveys immediately, the bill, if enacted, will take effect upon acceptance by vote of the City Council, approved by the Mayor, and by vote of the stockholders and directors of the Boston Elevated Railway Company.

While the bill is comprehensive and grants every necessary power to the city, there is nothing of a compulsory nature in it, and none of its provisions need be availed of unless the project is approved by all necessary authority and it is determined to proceed with it.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, August 12, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catchbasins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending August 3, 1935:
Population as of July, 1935, Massachusetts State Census, 820,190; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 115; nonresidents, 51; total, 166.
Death rate per 1,000 of population; All deaths, 10.81; nonresidents deducted, 7.49.

Death rate per 1,000 population:

Last week, 12.24; corresponding week last year, 10.65.

Deaths by age periods, sex, etc.: Under one year, 10; one year to four years, inclusive, 4; sixty years and over, 82. Total deaths: Male, 85; female, 81; deaths in hospitals and institutions, 107; deaths of colored, 2.

REPORTABLE DISEASES: CASES AND DEATHS.*

BOSTON PARKS' SPECIAL GARDENS, WHERE RARE MEDICINAL PLANTS AND FRUITS HAVE BEEN GROWING DURING SUMMER, ARE ATTRACTING THOUSANDS OF VISITORS—HERB GARDENS AT FRANKLIN PARK AND IN THE FENS DELIGHT MOST—ALSO THE ECONOMIC BED IN THE PUBLIC GARDEN—ALL DONE BY PARK DEPARTMENT, UNDER DIRECTION OF MAYOR MANSFIELD, WITH PARK COMMISSIONER LONG AND SUPERINTENDENT HAYDEN IN CHARGE.

Report has been made to Mayor Mansfield by Park Commissioner William P. Long that the special gardens, arranged by Superintendent Richard J. Hayden, under his direction, in the several sections of the park area, have been and are attracting wide attention from the public and are at their best during these days.

The new Herb Garden at Franklin Park is rapidly nearing completion and several specimens of herbs have already been transplanted into the rich soil of the inner circles of the garden. The purpose of this garden is to feature, in artistic form, the various species of herbs, both common and rare, in order that the public may become better acquainted with this interesting form of plant life. This garden is being constructed by men on the E. R. A.

The Herb Garden in the Fens was designed by the Park Department employees for the same purpose, by the direction of his Honor Mayor Mansfield. Although this garden is on a much smaller scale it contains a great variety of plants.

The Economic Bed in the Public Garden is a point of interest to many as it contains several rare plants, among which are the Chilean nut (*Gevuina Avellana*) and the winged yam (*Dioscorea Alata*). The Chilean nut is an evergreen which attains the height of forty feet and produces an edible coral-red fruit about the size of a cherry. Yams are cultivated in the tropics for their edible tubers.

FLORAL DESIGNS ATTRACT.

The floral designs of the American flag and the Loyal Order of Moose are particularly interesting. There were fifteen different varieties of plants used to accomplish the color scheme. The borders beginning with the outer circle consists of *Echeveria*, *Pachyphytum*, *Haworthia*, *Pachyphytum* and *Kleina*. The background for the flag is *Althema* *autthera* *Veitchi* (black); lettering, *Sedum Japonica*; stars, *Echeveria*; blue field, *Lobelia Crystal Pallace*; red stripes, *Sedum Japonica*; outline, *Pachyphytum*; flag pole, *Althema* *autthera* *Aurea*. The Moose emblem is constructed in much the same way. The background is *Althema* *autthera* *Aurea*, antlers, *Pilea*; the eye, *Echeveria*, *Santolina* and *Veitchi*.

There is a replica of the City Seal in floral design at Copley square, the color scheme being carried out in the same manner as the American flag and the Moose emblem in the Public Garden.

Among the special attractions are a tomato tree with ripe fruit hanging from its boughs, a fine juicy ripe pineapple, growing in the center of a rosette of spiny, rigid, leathery leaves, are but two of the fifty-one rare plants growing in the economic garden at the Public Garden this season.

Superintendent Hayden has brought a number of new plants to the city parks and several are being shown for the first time in this part of the country. During a trip through the South and the Tropics he secured a paw-paw tree, which is a native of tropical America. The unripe fruit contains a digestive juice, pepsin, which is used in medicine. The ripe fruits are similar in flavor to a cantaloupe.

East Indian sweet potatoes, now grown extensively in New Jersey and Southern States commercially, the strawberry guava from Brazil, Japanese plum tree, the alligator pear, a native of tropical America and the West Indies, are among the unusual plants and fruits in the economic garden.

UNUSUAL PLANTS.

Among other unusual plants are peanuts, indigenous to Brazil, cultivated in Southern Europe and Southern United States; the ginger plant of Oriental origin; tea, a native of China and Japan, from whose leaves the tea of commerce is made; coconut palm from the Tropics; tobacco, a member of the nightshade family, *nicotiana sanderae*; bowstring hemp whose fiber is hairlike and silky and is used in the East Indies in making bow-strings; black pepper, a woody climber that produces fruit yellowish red when ripe; the unripe fruit constitutes the

black pepper of commerce and the white pepper is the ripe berry from which the epicarp is removed.

A purplish-black edible fruit is produced by the *Syzygium operculatum*; foxglove, one of the most showy, biennial spring flowering plants, from whose leaves is obtained a most important medicine, digitalis; castor oil plant, from whose seed is produced the medicinal castor oil, which oil was in great demand during the World War as a lubricant for airplanes; sugar-cane, which grows wild in subtropical Asia; New Zealand flax, which grows wild in New Zealand and the nearby islands and is used in making cloth, rope and twine and a high grade linen fabric; cocoa tree, indigenous to countries bordering on the Gulf of Mexico, the seeds furnishing the cocoa of commerce; century plant, which is of great importance to the Mexicans, affording them their national drink, pulque, which is obtained by cutting out the young flower bud when the cavity becomes filled with a liquor which is collected daily; the calabash tree, common in tropical America, whose tough and flexible wood is used in the manufacturing of domestic utensils and the hard shell of the fruit under the name of calabash is used in making pipes. All these are among the plants in the economic garden.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertisers for proposals for plumbing work at the Mary E. Curley School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Superintendent of Construction, Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$250, to be

filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, August 19, at 2 p. m.

Readvertises for proposals for erecting and completing the Washington Irving Intermediate School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$30,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, August 22 at 2 p. m.

PUBLIC WELFARE DEPARTMENT.

Advertisers for proposals for laundry work. Surety bond will be required in a

sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Overseers of Public Welfare, 43 Hawkins street, Boston. SUMNER TUNNEL RECEIPTS.

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT.

July 31, 1935.

To His Honor the Mayor.

The receipts from tolls at the Sumner Tunnel during the week from July 22 to July 28, inclusive, were as follows:

July 22.....	\$3,772 30
23.....	3,547 75
24.....	3,873 05
25.....	3,755 95
26.....	3,950 20
27.....	4,009 70
28.....	3,756 20
	<u>\$26,665 15</u>

The number of vehicles passing through the Sumner Tunnel during the week from July 22 to July 28, inclusive, was as follows:

From	At 10 Cents.	At 15 Cents.	At 25 Cents.	At 35 Cents.	At \$1 00.	At \$1 25.
Boston to East Boston.....	56	83,998	2,182	202	1	—
East Boston to Boston.....	75	85,720	2,071	159	—	3
Totals.						
Motorcycles.....	131	10-cent fares.....				\$13 10
Passenger cars.....	157,123	15-cent fares.....				23,568 45
Trucks under 2 tons.....	12,595	15-cent fares.....				1,889 25
Trucks 2 to 5 tons.....	4,253	25-cent fares.....				1,063 25
Trucks 5 to 10 tons.....	361	35-cent fares.....				126 35
Trucks 10 to 15 ton.....	1	\$1.00 fare.....				1 00
Trailer over 15 tons.....	3	1.25 fares.....				3 75
						<u>\$26,665 15</u>

The budget appropriation for the tunnel maintenance, debt requirements and Series B debt requirements for 1935 amounts to \$1,160,655.55. To have the tunnel self-supporting a daily revenue of \$3,188.57, or a weekly revenue of \$22,320, must be collected.

The deficit of tunnel operation over tunnel revenue from June 30, 1934, to March 31, 1935, was included in the tax levy. From April 1, 1935, to July 28, 1935, the actual receipts amounted to \$360,676.80. The collections to balance expenditures should have been \$375,825, indicating a deficit to date of \$15,148.20.

The total receipts for the previous week, ending July 21, 1935, were \$26,558.15.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms and contractors for supplies, labor, etc. Communications from the heads of the departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, July 30, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The approval of your Honor is hereby respectfully requested, under the provision of section 30, chapter 486 of the Acts of 1909, to the expenditure of \$6,875.05 to Louis A. Roe, Liberty square, Boston, Mass., for the insuring of the boilers in the public schoolhouses of the City of Boston for the period from June 18, 1935, to May 18, 1937.

I have checked up this matter and find that due to the standardized rates used by the various companies there would be no advantage in advertising this business.

The addition of the insurance to the policy of the City of Boston, Public Buildings, is recommended due to the smaller outlay of money involved, than in the purchase of a new three-year contract, also material savings would be realized due to a number of schools being adjacent to or contiguous with locations covered under the above-mentioned policy.

I believe this to be the most economical way to handle the matter and recommend that your Honor approve of the expenditure above mentioned in the sum of \$6,875.05.

Respectfully yours,

WM. W. DRUMMEY,
Superintendent of Construction.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, August 1, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The following bids were received at this office relative to repair work on the boilers at Deer Island:

B. F. Hanrahan, \$2,135; Acme Heating and Ventilating Company, \$2,244; S. & T. Construction Company, \$2,350.

This is emergency work as you will note by the inclosed letter received from the Travelers Insurance Company in regard to the situation. As the work must be done immediately, I would ask that the lowest bidder, B. F. Hanrahan, be awarded the contract in the sum of two thousand one hundred thirty-five (\$2,135) dollars, without further advertising.

Yours respectfully,

JOHN J. DOUGLASS,
Penal Institutions Commissioner.

SUPPLY DEPARTMENT.

BOSTON, July 31, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval of an award to the Turner Centre System, Incorporated, of a contract covering ice cream, delivered to the Boston City Hospital during the month of May, 1935, amounting to \$1,747.28.

The contract for ice cream with this company had expired previous to May, due to the fact that it was expected that the ice cream making equipment at the City Hospital would be ready for use.

As stated in the attached letter, dated July 30, 1935, from Doctor Manary, Superintendent of the City Hospital, this equipment was not ready, as expected,

and it was therefore necessary to make an emergency purchase of ice cream in order that the hospital might be supplied until their own ice cream making equipment should be ready.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, August 5, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Under date of March 8, 1935, the City of Boston entered into a contract with the Charles W. Broadbent Company relative to the purchase of surgical dressings for delivery to the various city departments.

Included in the contract is the following clause:

"It is agreed that the City of Boston, with the approval of the Mayor, and the consent of the Contractor, may, beginning August 15, 1935, continue to purchase upon the same terms and conditions as aforesaid, such quantities of said Materials as may not have been ordered up to and including August 15, 1935. This privilege may be extended to December 31, 1935."

I respectfully request that you approve the purchase on behalf of the City of Boston, pursuant to the above-quoted option, upon the same terms and conditions as are stated in said contract, such quantities of surgical dressings referred to therein, as may not have been ordered up to and including August 15, 1935, for the extended period permitted thereby, to wit, to December 31, 1935.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, August 5, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be on an emergency basis.

Bids were received on 1,500 square-inch feet of clear wire glass, 48 by 72, and 500 square feet of $\frac{1}{8}$ -inch plain, plate glass, 24 by 30, to be cut to size, as required, for the Franklin Field Locker Building, Park Department, Project No. 2235-B12-186B, as follows:

Dorchester Plate and Window Glass Company, total price, \$1,325; discount, ten days, 2 per cent; Boston Plate Glass and Window Company, total price, \$1,335; discount, ten days, 1 per cent; Beacon Plate and Window Glass Company, total price, \$1,336; Pittsburg Plate Glass Company, total price, \$1,335.

I respectfully request your approval of an award of a contract, without publicly advertising for bids, to the Dorchester Plate and Window Glass Company, the low bidder, for this window glass, amounting to \$1,325, less 2 per cent discount for cash.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, August 5, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for

these projects should be handled on an emergency basis.

The following bids were received on 5,000 cubic yards of cinders to be used by the Park Department at the East Boston Airport, on Project No. 2235-B15-388:

Dooley Brothers, \$1.20 per cubic yard; total, \$6,000; M. Doyle & Co., \$1.20 per cubic yard; total, \$6,000; D. B. Raymond, \$1.18 per cubic yard; total, \$5,900; Edward J. McHugh, \$1.20 per cubic yard; total, \$6,000; Joseph McCabe, \$1.15 per cubic yard; total, \$5,750; discount, ten days, 2 per cent.

I respectfully request your approval of an award, without public advertising for bids, to the low bidder, Joseph McCabe, amounting to \$5,750, covering these cinders.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, August 5, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Under date of March 8, 1935, the City of Boston entered into a contract with Johnson & Johnson relative to the purchase of surgical dressings for delivery to the various city departments.

Included in the contract is the following clause:

"It is agreed that the City of Boston, with the approval of the Mayor, and the consent of the Contractor, may, beginning August 15, 1935, continue to purchase upon the same terms and conditions as aforesaid, such quantities of said materials as may not have been ordered up to and including August 15, 1935. This privilege may be extended to December 31, 1935."

I respectfully request that you approve the purchase on behalf of the City of Boston, pursuant to the above-quoted option, upon the same terms and conditions as are stated in said contract, such quantities of surgical dressings referred to therein as may not have been ordered up to and including August 15, 1935, for the extended period permitted thereby, to wit, to December 31, 1935.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, August 6, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

The following bids have been received in the E. R. A. Supply Unit, covering 4,000 pounds of grass seed, for use on the George Wright Golf Course, Park Department, Project No. 2235-B11-66:

Thomas W. Emerson Company, \$1,160; 2 per cent, ten days; Hovey & Co., \$1,240; 2 per cent, ten days; Collins Seed Company, \$1,191; 1 per cent, ten days; Joseph Breck & Sons Corporation, \$1,032; 2 per cent, ten days.

I respectfully request your approval of an award, without public advertising, to Joseph Breck & Sons Corporation, the lowest bidder, of a contract amounting to approximately \$1,032, covering this seed.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

D'Amore Construction Company has been allowed to add to the contract for the East Boston High School addition, J. H. Barnes District, the following: Take down present chimney approximately 4 feet so as to eliminate present bad cracks and rebuild in sound condition before starting to extend the chimney to where called for by plans. This additional work is required by the cracked and weathered condition of the top of the present chimney which is to be extended in height under the contract; for this work, the amount of \$157 will be added therefor, making the account as follows: Contract price, \$128,740; total additions, \$1,019.40; total deductions, \$1,000; amount of contract, \$128,759.40.

R. J. Connolly, Incorporated, has been allowed to add to the contract for the Wait School, the following: Relocate present conductor and catch-basin drains which interfere with new concrete mats; remove present Akron conductor drains at each side of building; run new extra heavy cast-iron catch-basin drains and connect conductor pipes to these new drains; grade of drain on left side of building to be raised and drain to run on top of mat; install sleeves through foundation walls and allow 6 inches clearance above pipe; raise outlet in catch-basin to meet new grade; drain on right side of building to run outside of mat; do all excavating, backfilling, yard paving and repairing catch-basins as required to relocate and install new drains. This additional work is required because present conductor and catch-basin drains are located at present grade of new concrete mat which cannot be cut into; for this work the amount of \$499 will be added therefor, making the account as follows: Contract price, \$9,800; total additions, \$499; amount of contract, \$10,299.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

John F. Shea Company, Incorporated, has been directed to perform the following extra work under the contract for repairing and painting spans 1 and 2, Charlestown Bridge. Items ordered: Remove and replace additional mastic paving base, agreed price, \$900; burn off ends of all roadway stringers on Boston abutment and clean off top of stone piers, spans 1 and 2, estimated cost, \$1,075. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$1,075.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 80 Oakland street, Ward 22, has been damaged by fire. Doors and windows open and broken. The owners, William and Margaret Murphy of 27 Dickinson road, Brighton, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 37 Mitchell street, Ward 7, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner, Susan F. Morton of

Ashland, N. H., has been notified of the unsafe condition of the building, and a notice posted on the external wall of the building, but nothing has been done to remove the cause of complaint.

The building at 115 Lenox street, Ward 9, the front wall settled and cracked at basement and first story; unsafe and dangerous. The owner, Estate of William Spina, care of Frank Leveroni, administrator, of 73 Tremont street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 483 Massachusetts avenue, rear, Ward 9, the side wall of ell at public passage is in a dilapidated condition, due to cracked wall and loosened brickwork; unsafe and dangerous. The owner, Katherine Leach of 483 Massachusetts avenue, Boston, has been notified of the unsafe condition of the ell, but nothing has been done to remove the cause of complaint.

The building at 24 Gustin street, Ward 7, is in an unsafe and dangerous condition, dilapidated and a fire hazard. Two wagon sheds falling. The owner, Susan F. Morton of Ashland, N. H., has been notified by registered mail of the unsafe condition of the building, and a notice also posted on the external wall. Nothing has been done to remove the cause of complaint, and the building is now in an extremely unsafe condition: left end of building entirely gone; boarding on second floor front gone; part of floor caved in.

The buildings at 42, 44, 46, 48, 50 and 52 B street, Ward 7, are in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner of record, Ray C. Johnson of 37 Bowdoin street, Boston, has been notified of the unsafe condition of these buildings, but nothing has been done to remove the cause of complaint.

The building at 22 Woodbury street, Ward 9, the front wall is bulged and cracked; unsafe and dangerous. The owner, James Davis of 17 Gertrose street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 2 Model place, Ward 1.

The building at 93 B street, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owners, George Der Sahogian and Armenoche Der Sahogian of 928 Abany street, Roxbury, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 13 Woodbury street, Ward 9, the party and rear walls cracked, bulged and in danger of collapse. The owner, John H. D. Raynor of 13 Woodbury street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 240 West Canton street, Ward 4, the front, side and rear walls badly cracked, the side wall along Carleton street is bulged. The owner, Sarah E. Harrell of 240 West Canton street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 76 Harrison avenue, Ward 3, the front wall is cracked, settled and bulged; unsafe and dangerous. The owner, Arthur R. Dinn *et al.*, of 273 Dover street, Boston, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 5 and 7 Dana avenue, rear, Ward 18, a fire so damaged this structure as to leave the remaining portion in an unsafe and dangerous condition. The owner, W. J. Peterson of 5 Dana avenue, Hyde Park, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

DOCTOR WASHBURN REPLIES TO FINANCE COMMISSION QUERY.

The following is a copy of a letter received by Dr. Frederic A. Washburn, Commissioner, Institutions Department, City Hall, Boston, from Mr. Robert E. Cuniff, Secretary of the Finance Commission:

BOSTON, July 30, 1935.

DR. FREDERIC A. WASHBURN,
Institutions Commissioner.

DEAR DR. WASHBURN,—During the past month it has been noticed that on three occasions the Supply Department has received bids for the purchase of kitchen equipment for the Long Island Hospital. The specifications in each case required the installation of stainless steel equipment.

The Finance Commission is desirous of learning why it is necessary to purchase stainless steel cooking utensils rather than aluminum. It is well known that aluminum is cheaper and that the wearing quality is as good if not better than stainless steel in cooking utensils. The Finance Commission has consulted some expert opinion on the matter and has been advised that for the purposes desired aluminum would not only be cheaper but would wear better. The commission is therefore desirous of knowing what is the basis of your preference for stainless steel.

Yours very truly,

ROBERT E. CUNIFF,
Secretary.

Copy of letter from Dr. Frederic A. Washburn, Institutions Commissioner, to Robert E. Cuniff, Secretary, Finance Commission:

BOSTON, July 31, 1935.

MR. ROBERT E. CUNIFF,
Secretary, Boston Finance Commission.

MY DEAR MR. CUNIFF,—I have your letter of July 30 and in reply I would say that stainless steel cooking utensils were specified for the kitchen at the Long Island Hospital because of the unfortunate experiences which I and others have had with aluminum kettles. Aluminum is a soft metal undesirable to withstand steam pressure. It is apt to pit. It turns a dark color when certain kinds of foods are cooked in it. I have known instances of leaking around pipe connections and I have also known of an instance where the metal lost its shape.

I would not care to risk installing aluminum kettles at Long Island. A more durable metal is indicated and, therefore, specified.

Yours very sincerely,

FREDERIC A. WASHBURN, M. D.,
Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 36.

I. RETIREMENTS.

The following retirements are hereby announced to take effect at 8 a. m., Thursday, August 1, 1935:

John Smith, machinist in the Maintenance Division; James P. Forde, leading blacksmith in the Maintenance Division.

John Smith was appointed to the department on February 3, 1902, and James P. Forde was appointed on October 21, 1907. Both these men leave the department with the best wishes of their associates.

II. BOARD OF MERIT.

The Board of Merit of the Boston Fire Department, consisting of the Chief of Department and seven deputy chiefs, has considered all meritorious acts referred to it for the year 1934. After careful consideration and study the Board submitted the following recommendations, which are hereby approved by the Fire Commissioner:

"Case of Hoseman Patrick J. Flaherty, Engine Company 22, at fire, Box 1662, three alarms, 1821 Washington street, January 10, 1934, 4.42 a. m. While Engine Company 22 was running a line at this fire, Hoseman Flaherty observed a man standing on the coping of the sixth floor where he had climbed to escape from the building. Hoseman Flaherty immediately proceeded to the roof via Ladder Company 12's aerial ladder, laid down on his stomach, and first spoke to the man who was in a highly nervous state and bordering upon collapse, instructing him what to do. Reaching down over the side of building, after several attempts Hoseman Flaherty secured a hold on the man's wrists and raised him to the roof. He then assisted man down over aerial ladder to the street. During the performance of this act an incident occurred which placed both men in an extremely perilous position. Just as the man was being pulled over the edge of roof the keys which he was wearing on his belt caught and prevented Hoseman Flaherty from raising him up any further until the man reached down with one hand and released the keys. Investigation of this matter shows that this act could only have been accomplished by a man of unusual strength and courage. Because of his courage, coolness, ability and efficiency in a most trying situation, Hoseman Flaherty was awarded seven days additional vacation and highly commended in General Order No. 9, Series of 1934. The Board of Merit is of the opinion that the services of Hoseman Patrick J. Flaherty on this occasion were of a most extraordinary nature and also that his act was the most meritorious performed during the year 1934, and therefore recommends that he be awarded the 'John E. Fitzgerald Medal.'" (Hoseman Flaherty is now assigned to Engine 44.)

"Case of Caesar Mikolajewski *et al.*, January 11, 1934. At about 1.25 p. m., on this date, a cry for help was heard at Fire Alarm Headquarters and upon investigation a little girl, about ten years of age, was seen about thirty feet from the shore hanging on the ice in Muddy river. Edward F. Corliss Thomas A. Kelley and Caesar Mikolajewski of the Fire Alarm Division and Raymond T. Lonergan and Daniel J. Foley of the Maintenance Division immediately responded. Kelley and Foley were soon

floundering in the water but Mikolajewski by crawling on the ice managed to reach the spot where the girl was hanging when he broke through the ice. He grabbed the girl and held her until Corliss and Lonergan pushed a ladder out to him. The water is deep at this point and there was considerable hazard attached to this undertaking. All these men were highly commended in General Order No. 9, Series of 1934. While all the men concerned responded to the cry for help without thought of their own safety, Mikolajewski undoubtedly exercised the best judgment and was exposed to the greatest danger and, therefore, the Board recommends that he be awarded a Special Commendation for the meritorious service performed by him on this occasion."

The John E. Fitzgerald Medal was presented to Hoseman Patrick J. Flaherty in the office of the Fire Commissioner on Wednesday, August 7, 1935.

III. SUMNER TUNNEL.

The following notice which has been received from the Commissioner of Public Works, concerning the Sumner Tunnel, is hereby published for the information of the department:

BOSTON, July 29, 1935.

HON. EDWARD F. McLAUGHLIN, Commissioner, Fire Department, Boston.

DEAR SIR,—On and after August 1, 1935, all city-owned vehicles and ambulances which, under section 9, chapter 297, of the Acts of 1929, are permitted free passage through the Sumner Tunnel must use the lane designated for free passage of vehicles and ambulances. Admission will not be allowed through any other lane and if passage through a paying lane is insisted upon a fare will be collected and must be paid by the operator.

Very truly yours,

C. J. CARVEN,

Commissioner of Public Works.

IV. ACTING DISTRICT CHIEFS.

Capt. Joseph W. Fix of Ladder Company 7 and Capt. Charles B. Lynch of Engine Company 21 have been designated as Acting District Chiefs in District 10, effective as of July 22, 1935.

V. COAL.

In order that proper accounting records may be kept of all charges for delivery of coal, requisitions made by company commanders on and after this date must specify the exact amount needed, and should not be in excess of the amount that can be taken in station bins. Coal requirements must be anticipated by about two weeks and the practice of making emergency requisitions must be discontinued. Company commanders must see that no coal is delivered in excess of the amount requested.

VI. NEW FIRE ALARM BOXES.

At 12 noon, August 12, 1935, the following change in box number will be made:

St. Lazarus School, Ashley street, near Breed, present number 6242; new number 12-6242. This box will be connected into circuit No. 29. New assignment cards for this box will be furnished at an early date.

The following new fire alarm boxes will shortly be established:

Box 1235, Commercial and Hanover streets. This box will be connected into

circuit No. 2 and the assignments will be the same as for Box 1234.

Box 12-1591, State Theatre, Massachusetts avenue and Norway street. This box will be connected into circuit No. 7.

Box 2329, Boylston street and Fenway. This box will be connected into circuit No. 18 and the assignments will be the same as for Box 2322.

Box 2359, Longwood avenue and Riverway. This box will be connected into circuit No. 26 and the assignments will be the same as for Box 2358.

Box 2738, Peak Hill road and Burnside avenue. This box will be connected into circuit No. 85 and the assignments will be the same as for Box 2737.

Box 3551, Pleasant Hill avenue, near Morton street. This box will be connected into circuit No. 79 and the assignments will be the same as for Box 3553.

Box 3766, Milton avenue and Summit street. This box will be connected into circuit No. 57 and the assignments will be the same as for Box 3765.

Box 3775, Fairmount avenue and Prospect street. This box will be connected into circuit No. 58 and the assignments will be the same as for Box 3774.

Box 5128, Long and Glenville avenues. This box will be connected into circuit No. 51 and the assignment will be the same as for Box 5127.

Box 5149, Colborne and Ransom roads. This box will be connected into circuit No. 73 and the assignments will be the same as for Box 5147.

Box 5187, Rogers Park avenue and Willowby street. This box will be connected into circuit No. 45 and the assignments will be the same as for Box 5186.

Box 5194, Tremont street, near Tip Top street. This box will be connected into circuit No. 82 and the assignments will be the same as for Box 5199.

Box 5249, Western avenue, near Waverly street. This box will be connected into circuit No. 14 and the assignments will be the same as for Box 5248.

Box 5276, Parsons and Niles streets. This box will be connected into circuit No. 46 and the assignments will be the same as for Box 5277.

Box 6221, Addison street and William F. McClellan Highway. This box will be connected into circuit No. 6 and the assignments will be the same as for Box 6223.

VII. A. D. T. ASSIGNMENT.

The following addition will be made to the assignment cards of the American District Telegraph Company:

Signal 174, Manufacturer Building, 747-751 Washington street. Apparatus to respond, Engine 25, Ladder 17 and Chief of District 5. Nearest city box is No. 1481.

The location of Signal 429, page 15, of the A. D. T. assignment cards should be changed to read "739-745 Washington street."

VIII. COMMENDATION.

Hoseman John J. Lowney of Engine Company 38 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on July 16, 1935.

Laddermen Martin J. Powers and Henry F. McDonald of Ladder Company 31 are hereby commended for responding to and working at fire, Box 6244, second alarm, August 4, 1935, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following rules, which were effective December 3, 1934, for a trial period of thirty (30) days, and which were extended for thirty (30) days from January 3, 1935, and for ninety (90) days from February 3, 1935, and for ninety (90) days from May 3, 1935, are hereby extended for a further trial period of ninety (90) days from August 3, 1935:

The operator of a vehicle proceeding in a northerly direction in Congress street shall make only a right turn from Congress street into Dock square.

Faneuil Hall square, westerly side, is a one-way street, from South Market street to North Market street.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Addington road, West Roxbury district, as a highway, from Vermont street northerly, bounded and described as follows:

A highway named Addington road is hereby laid out, from Vermont street and La Grange street northerly to a point approximately one hundred and twenty-five feet northeast of Bonair street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Vermont street, forty-four and 43-100 feet; westerly by La Grange street, seventy-one and 89-100 feet; northerly by the northerly line of said Addington road as hereby laid out, twenty-seven and 72-100 feet on a curve of eleven and 88-100 feet radius; westerly by the westerly line of said Addington road as hereby laid out, by three measurements, four hundred twelve and 77-100 feet, eight and 89-100 feet and twelve hundred forty-four and 74-100 feet; northeasterly by the northeasterly line of said Addington road as hereby laid out, by two measurements, thirty-six and 27-100 feet and fifteen feet; easterly by the easterly line of said Addington road as hereby laid out, by two measurements, twelve hundred twenty-seven and 59-100 feet and four hundred twenty-six and 44-100 feet; and again easterly by the easterly line of said Addington road as hereby laid out, twelve and 43-100 feet on a curve of five feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Addington road, West Roxbury district, as a highway, from Vermont street and La Grange street northerly, under the order of the Board of August 2, 1935, and awards no damages therefor.

POLICE DEPARTMENT ORDERS.

General Order No. 70.

A trial board consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Harry N. Dickinson, captain, Division 11, against John F. Lowney, Jr., patrolman, Division 11, for alleged violation of Rule 41 of the Rules and Regulations of the Police Department, to wit:

Charge: Neglect of duty.

Specification: In that on the 30th day of May, 1935, the said Patrolman John F. Lowney, Jr., while on duty and in uniform, having received information of an important police matter, viz.: A collision of automobiles, the alleged operator of one of which was later arrested on the charge of drunkenness, did fail to

make a proper investigation of the complaint and did also fail to make any report of the matter to the officer in command of his station.

Charge: Conduct unbecoming an officer.

Specification: In that on the 1st day of June, 1935, the said Patrolman John F. Lowney, Jr., while not on duty and not in uniform, did visit the home of Mrs. Margaret M. Powers at 9 Ivy street, Boston, and did then and there solicit and receive a sum of money on the allegation that it was in settlement of a claim for damages to an automobile alleged to have been received in an accident in which he was not involved and in which he had no monetary interest.

has submitted the following finding and recommendations:

The Board, having heard and carefully considered all the evidence as presented, finds the said Patrolman John F. Lowney, Jr., guilty of Charge 1 and specification thereunder and not guilty of Charge 2 and specification thereunder and respectfully recommends that he be ordered to perform seventy hours of punishment duty.

The commissioner accepts the finding and recommendation of the Trial Board and hereby orders that the said Patrolman John F. Lowney, Jr., perform seventy hours of punishment duty.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 71.

Patrolman Joseph Brooks, Jr., of Division 2 is commended and granted three days additional vacation for meritorious service performed on July 10, 1935, while off duty, in rescuing a small boy from drowning.

Patrolman Brooks heard cries for help and observed a small boy struggling in the water about seventy-five feet from shore. He immediately entered the water without removing his clothing and swam to the boy and brought him to shore where he applied the prone method of resuscitation.

The commissioner is pleased to recognize and commend the courage shown by Patrolman Brooks whose prompt response, as well as the intelligent application of the prone method of resuscitation, probably prevented the loss of life, all of which reflected credit on the Police Department as well as to himself.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

General Order No. 72.

Sergeant Joseph F. Lawless of Division 2 is commended in General Orders for meritorious police duty performed on April 30, 1935, in connection with the arrest of one of two persons and the subsequent arrest of the second person, who were in the act of committing an armed robbery in a store on Tremont street.

The commissioner is pleased to recognize and commend the splendid police duty performed by Sergeant Lawless in accomplishing the arrest and successful prosecutions of these felons.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 12-inch pipe, three catchbasins and two manholes, an old sewer in Payson avenue, between Hancock street and 200 feet southerly, at the Department's office, at an estimated cost of \$2,500.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Hatherly road, Brighton district, as a highway, from Chestnut Hill avenue to Portina road, bounded and described as follows:

A highway named Hatherly road is hereby laid out, from Chestnut Hill avenue to Portina road and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Chestnut Hill avenue, forty and 3-100 feet; southerly by the southerly line of said Hatherly road as hereby laid out, five hundred seventy-seven and 39-100 feet; westerly by Portia road, forty and 5-100 feet; and northerly by the northerly line of said Hatherly road as hereby laid out, five hundred seventy-seven feet.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, said parts being the portions of said registered parcels which lie between the side lines of said Hatherly road and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered are as follows:

Harry N. Squires, Cert. No. 34088, Book 166, page 88.

Herman Blum, Cert. No. 33753, Book 164, page 153.

Joseph Levine, Cert. No. 32084, Book 156, page 84.

Harry R. Hurwitz, Cert. No. 31963, Book 155, page 163.

Harry N. Squires, Cert. No. 34088, Book 166, page 88.

Harry N. Squires, Cert. No. 34088, Book 166, page 88.

Sarah Rotman, Cert. No. 31928, Book 155, page 128.

Bella Beckwith, Cert. No. 32294, Book 157, page 94.

Max and Lena Kamins, Cert. No. 32425, Book 158, page 25.

Eva S. Oshry, Cert. No. 32409, Book 158, page 9.

Louis S. Sisto, Cert. No. 32321, Book 157, page 121.

Harry N. Squires, Cert. No. 34088, Book 166, page 88.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Hatherly road, Brighton district, as a highway, from Chestnut Hill avenue to Portina road, under the order of the Board of August 5, 1935, and awards no damages therefor.

PROCEEDINGS OF CITY COUNCIL.

Monday, July 15, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., Coun. GALLAGHER, Acting President, in the chair. Absent, Coun. Shattuck.

JURORS DRAWN.

Jurors were drawn, under the law, Coun. BRACKMAN presiding at the box in the absence of his Honor Mayor Mansfield, as follows:

Eighteen traverse jurors, Superior Criminal Court, First Session, to appear August 6, 1935:

William J. Whalen, Ward 1; Dominic G. Schiavone, Ward 3; Fred A. Atwood, Ward 4; Henry P. Cook, Ward 10; Lawrence R. Horgan, Ward 10; Richard W. Gilson, Ward 11; David Harvey, Ward 13; Edgar F. Walker, Ward 13; Frank Connally, Ward 15; Arthur M. Patterson, Ward 15; Joseph H. Burke, Ward 16; Frank P. Prout, Ward 17; Leslie C. Bowering, Ward 20; Charles S. Cooper, Ward 20; Paul Fennelly, Ward 20; George C. Fisher, Ward 20; William J. Fitzpatrick, Ward 22; Leonard J. Geiger, Jr., Ward 22.

EDGESTONES, BELLFLOWER STREET, VETO OF ORDER.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1935.
To the City Council.

Gentlemen,—I return herewith disapproved and without my signature an order adopted by your Honorable Body on June 10, 1935, for the making of a granolithic sidewalk with granite edgestones on Bellflower street, Ward 7. I am informed by the Commissioner of Public Works that Bellflower street is now partly constructed with sidewalks and the estimated cost of completing the sidewalks on this street is \$2,200, and that there are no funds available for this work at the present time. Under these circumstances I am constrained to veto the order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

REPAVING BELLFLOWER STREET.

The following was received:

City of Boston,
Office of the Mayor, June 14, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to your order of May 27, 1935, concerning the repaving of Bellflower street, Ward 7.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, June 12, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of June 3 with attached City Council order dated May 27, 1935, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Bellflower street, Ward 7."

and to state that Bellflower street, Ward 7, from Dorchester avenue to Boston street, has a length of 691 linear feet and a width of 40 linear feet and to repave with a smooth pavement on a 6-inch concrete base together with the proper regulating would cost approximately \$8,500. There are no funds available for this improvement.

Very truly yours,

C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

ORDINANCE RE ADMINISTRATION OF REAL PROPERTY.

The following was received:

City of Boston,
Office of the Mayor, July 15, 1935.
To the City Council.

Gentlemen,—On May 15, 1935, I referred to your Honorable Body certain proposed amendments to the City Ordinances and an opinion of the Corporation Counsel relative to administration of properties acquired by the city through foreclosure of tax titles. These amendments were referred to the Committee on Ordinances where they are still under consideration. I am informed by the Corporation Counsel that it is most desirable that these amendments be considered at as early a date as is possible and I respectfully suggest that they be considered and acted upon at your earliest convenience.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

TUNNEL CONNECTING HYDE PARK AVENUE AND WASHINGTON STREET, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, July 15, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to your order of June 3, 1935, concerning an estimate of the cost of constructing a tunnel connecting Hyde Park avenue and Washington street, Ward 19, to replace the present toll gate bridge.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, July 8, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note with attached order of City Council, dated June 3, 1935, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to furnish the City Council with an estimate of the cost of constructing a tunnel connecting Hyde Park avenue and Washington street, Ward 19, to replace the present toll gate bridge," and to state that the cost of building a tunnel as requested is approximately \$30,000.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

APPROPRIATION TRANSFER, SUMNER TUNNEL.

The following was received:

City of Boston,
Office of the Mayor, July 15, 1935.
To the City Council.

Gentlemen,—I submit herewith a supplementary appropriation order in the amount of \$12,550 for the expenses of the Sumner Traffic Tunnel.

Due to the increased use of the tunnel during the racing season it will be necessary to employ ten additional tollmen-guards during this period in order to facilitate the moving of traffic through the tunnel and an additional appropriation of \$5,000 is necessary. The appropriation for general repairs to the tunnel is now exhausted and an additional appropriation of \$5,000 will be needed to keep the tunnel in first-class condition.

The balance of the appropriation order, namely, \$2,550, will be used to pay additional premiums on increased amount of the bonds for the cashier and assistant cashier, stenographic work, electrical equipment, additional tools, etc., uniforms for permanent and temporary men and fuel for heating the East Boston end of the tunnel.

I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1935, an additional sum of \$12,550 be, and the same hereby is, appropriated from the income of the Public Works Department, Traffic Tunnel, for the following purposes:

A-2, Temporary employees.....	\$5,000
B-3, Advertising and posting.....	300
B-12, Bond and insurance premiums.....	150
B-29, Stenographic and copying.....	100
B-39, General repairs.....	5,000
C-3, Electrical.....	500
C-13, Tools and instruments.....	400
C-16, Wearing apparel.....	500
D-3, Fuel.....	600
	\$12,550

Referred to Executive Committee.

LICENSING BOARD SALARIES.

The following was received:

City of Boston,
Office of the Mayor, July 11, 1935.
To the City Council.

Gentlemen,—Under the provisions of chapter 355 of the Acts of 1935, the salaries of the members and the secretary of the Licensing Board of the City of Boston were increased as follows:

Chairman, from \$1,000 to \$5,000 per year; two commissioners, from \$3,500 to \$5,000 per year; secretary, from \$3,500 to \$5,000 per year.

The amount necessary to provide for the above increases from June 14, 1935, to the end of this year is \$3,266.65, and because the payment of the same is mandatory on the city and no appropriation is available in the budget of the Licensing Board, I respectfully recommend adoption of the accompanying order providing for the transfer of the above amount from the Reserve Fund.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$3,266.65, to the appropriation for Licensing Board, A-1, Permanent Employees, Chairman, 1 at \$4,000 (\$5,500) per year, \$816.67; Commissioners, 2 at \$3,500 (\$5,000) per year, \$1,633.32; Secretary, 1 at \$3,500 (\$5,000) per year, \$816.66.

Referred to the Executive Committee.

SHOP AND TOOL HOUSE, ELECTION COMMISSIONERS.

The following was received:

City of Boston,
Office of the Mayor, June 27, 1935.
To the City Council.

Gentlemen,—The building at 458 Broadway, South Boston, was formerly used by the Bridge Division of the Public Works Department, but for approximately fifteen years has been occupied by the Board of Election Commissioners as a tool house and carpenter shop.

It would be advisable to formally turn this building over to the Election Department as this would enable necessary changes to be made in the interior of the structure which would facilitate the work of the department.

I respectfully request the passage of the accompanying order transferring the building from the Public Works Department to the Election Department.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That the land and building at 458 Broadway, South Boston, belonging to the Public Works Department, be hereby transferred to the Election Department.

Referred to Committee on Public Lands.

APPROPRIATION, ICE FOR DRINKING FOUNTAINS.

The following was received:

City of Boston,
Office of the Mayor, July 2, 1935.
To the City Council.

Gentlemen,—I am in receipt of a request from the Public Works Commissioner that an appropriation be made available for the purchase of ice for the public drinking fountains. In accordance with this request I submit the attached order providing for the furnishing of the required amount from the Reserve Fund and respectfully recommend approval of this order by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, July 2, 1935.
To His Honor the Mayor.

I respectfully recommend that an appropriation of \$6,000 be made from the Reserve Fund to cover the cost of furnishing ice for drinking fountains from July 1 to September 15, 1935.

Yours respectfully,

C. J. CARVEN,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works be authorized to expend a sum not exceeding \$6,000 for the purpose of furnishing ice for the public drinking fountains during the summer season, said sum to be charged to the Reserve Fund.

Referred to Executive Committee.

QUINCY MARKET REPAIRS.

The following was received:

City of Boston,
Office of the Mayor, July 11, 1935.
To the City Council.

Gentlemen,—I am in receipt of the proposed communication from the Superintendent of Public Buildings, accompanied by a report from the Building Commissioner, relative to the hazardous structural conditions existing at the Quincy Market. In the opinion of all concerned, steps should be immediately taken to remedy these conditions as soon as possible, and it is estimated that \$20,000 will be needed to cover the cost of making the necessary repairs. Since there is not a sufficient amount available in the budget of the Public Buildings Department to cover this work, I have forwarded herewith an order transferring the sum of \$20,000 from the Reserve Fund to the Public Buildings Department, and I respectfully request that it be approved by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department, July 11, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—As I have herewith in a box of a letter just received from the Superintendent of Public Buildings, accompanied by a report from the Building Commissioner, relative to the hazardous structural conditions existing at the Quincy Market, which is a public market.

These conditions exist to the great inconvenience to the tenants of the market and to the general public.

and, in my opinion, if these conditions are allowed to persist the city will leave itself open to serious criticism and there is grave danger of a catastrophe occurring in the event of a collapse of the structure.

In view of the foregoing I respectfully suggest that the sum of \$20,000 be transferred to the B-39, General Plant, item in the current budget of the Public Buildings Department. In this connection, I have conferred with Budget Commissioner Fox and it is his suggestion that the money to meet this emergency ought to be transferred from the Reserve Fund.

Respectfully yours,
ROSSELL G. HALL,
Superintendent of Public Buildings.

City of Boston,
Building Department, July 8, 1935.
Mr. Roswell G. Hall,
Superintendent of Public Buildings.

Dear Sir,—As requested by you I assigned Mr. Hastie of this office for the investigation of the Quincy Market and he submitted the following report:

"I reported to Public Buildings Commissioner's office, Mr. Hall, as you ordered, and then accompanied Mr. Woodbury and Mr. Driscoll to the Quincy Market.

"Through openings in ceiling of stall No. 27 I found that the timbers of the second floor had but 1 inch bearing on granite shelf; also purlins in roof in first bay towards Fanell Hall not resting on gable wall.

"In my opinion these conditions are dangerous, and the whole floor should be investigated and conditions remedied at once.

"This report is in addition to reports already filed in reference to roof."

I concur with Mr. Hastie's opinion that these conditions are very dangerous and that the entire floor should be investigated and conditions remedied immediately.

Very truly yours,
EDWARD W. ROEMER,
Building Commissioner.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$20,000, to the appropriation for Public Buildings Department, B-39, General Repairs, \$20,000.
Referred to Executive Committee.

ABANDONMENT OF EASEMENT, DORCHESTER.

The following was received:

City of Boston,
Office of the Mayor, July 6, 1935.
To the Honorable the City Council.

Gentlemen,—By a resolve and order of the Board of Street Commissioners of the City of Boston, approved by the Mayor under date of December 1, 1910, an easement for sewerage purposes was taken in certain premises in Dorchester, more fully described in said resolve and order.

The Commissioner of Public Works of the City of Boston has notified me that the easement taken for sewerage purposes by said resolve and order is no longer required for public purposes in a portion of said premises. I submit herewith a letter from the commissioner with regard thereto.

I am informed that no award was made on account of the taking of said sewer easement and no money has ever been paid on account of said taking by the City of Boston.

I am also submitting herewith an order for the abandonment of said easement in that portion of the premises in which said easement, in the opinion of the commissioner, is no longer needed for public purposes and recommend that said order be passed by your Honorable Body.

Respectfully submitted,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, May 23, 1935.
To the Honorable the City Council.

Gentlemen,—The Commissioner of Public Works, having charge of that part of the easement in Ufford street, Dorchester, as shown in yellow on the accompanying plan, taken by the Board of Street Commissioners for sewerage purposes, and approved by the Mayor December 1, 1910, respectfully notifies your Honorable Body that, in his opinion, said part of easement is no longer required for public purposes.

Respectfully,
C. J. CARVEN,
Commissioner of Public Works.

City of Boston, In City Council.

Whereas, The City of Boston, by a Resolve and Order of the Board of Street Commissioners, approved by the Mayor of Boston under date of December 1, 1910, took in its sewerage works a right and easement in land situated in that part of Boston called Dorchester and more fully described in the instrument of taking, recorded with Suffolk Deeds, Book 3500, page 373; and

Whereas, The Commissioner of Public Works of the City of Boston, now having charge of said right and easement taken, has notified the City Council that said right and easement in a portion of the premises described in said instrument of

taking and hereinafter referred to is no longer required for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to abandon said right and sewer easement in the premises hereinafter described and to execute and cause to be recorded in the Registry of Deeds for Suffolk County, in the name and on behalf of the City of Boston and in form satisfactory to the Law Department of the City of Boston, upon payment to the City of Boston by the owner or owners of said premises of the sum of one dollar and upon the execution and delivery to the City of Boston by said owners of a release of any and all damages in any way growing out of or caused by said abandonment and by the abandonment of the sewerage works and pipes located within the limits of said described premises, a declaration that said right and easement is abandoned, namely, a certain parcel of land situated in that part of Boston called Dorchester, bounded and described as follows: Northwesterly by Ufford street, so called, ten feet; northeasterly by a portion of the said Ufford street supposed to belong to the Roman Catholic Archbishop of Boston, forty-eight feet; southeasterly by said Ufford street, ten feet; southwesterly by that portion of said Ufford street supposed to belong now or formerly to Mary E. Uford, containing four hundred and eighty square feet of land, more or less, being a portion of the above-mentioned land taken for sewerage purposes, which taking is shown on a plan marked "City of Boston, Plan Number 241, Sewerage Works, Dyer Avenue and Ufford Street, Dorchester, November 23, 1910, F. A. McInnes, Acting City Engineer."

Referred to Committee on Public Lands.

REVISIONS AND ADDITIONS, COUNTY CLASSIFICATION AND COMPENSA- TION PLANS.

The following was received:

City of Boston,
Office of the Mayor, July 5, 1935.
To the City Council.

Gentlemen,—I transmit for consideration by your Honorable Body revisions and additions proposed by the Acting Budget Commissioner in the County Compensation and Classification Plans.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Budget Department, July 3, 1935.
To the City Council.

Gentlemen,—Under the provisions of Rule 4 of the County Compensation and Classification Plans, "the Budget Commissioner shall, as he considers necessary, from time to time, propose amendments to the classification plan, together with the reasons therefor."

Under the provisions of chapter 182 of the Acts of 1935 the court officers and messenger of the Supreme Judicial Court were included in the list of county employees subject to classification. Because of this legislation, and acting in accordance with Rule 4, the following amendments to the Compensation and Classification Plans and Rules for the Officers and Employees of Suffolk County are suggested:

In the class "Court Officer," under the "Range of Compensation" and immediately preceding the words "Probate Court," insert the following:

"Supreme Judicial Court—
Annual \$1,772-\$1,872-\$1,972-\$2,072-\$2,172."

In the class "Messenger and Clerical Assistant," under "Duties" and before the word "Superior," insert the words "Supreme Judicial."

In the class "Messenger and Clerical Assistant," under the "Range of Compensation," strike out the line "Annual \$2,800-\$3,000-\$3,200-\$3,400-\$3,500," and insert the following:

"Supreme Judicial Court—
Annual \$2,400-\$2,600-\$2,800-\$3,000-\$3,100.

Superior Court—
Annual \$2,800-\$3,000-\$3,200-\$3,400-\$3,500.

Municipal Court—
Annual \$2,800-\$3,000-\$3,200-\$3,400-\$3,500."

Respectfully,
CHARLES J. FOX,
Acting Budget Commissioner.

Ordered, That the Compensation and Classification Plans and Rules for the Officers and Employees of Suffolk County as adopted by the City Council on April 13, 1931, and approved by the Mayor on April 15, 1931, be, and the same hereby are, amended as follows:

In the class "Court Officer" under the "Range of Compensation," and immediately preceding the words "Probate Court," insert the following:

"Supreme Judicial Court—
Annual \$1,772-\$1,872-\$1,972-\$2,072-\$2,172."

In the class "Messenger and Clerical Assistant," under "Duties" and before the word "Superior," insert the words "Supreme Judicial," so as to read as follows:

"Duties:
Under direction, to be in attendance upon the justices of the Supreme Judicial, Superior or Municipal Courts; to perform messenger and clerical services of a confidential nature; to have charge of inquests; to prepare budget estimates, marriage law waivers, and miscellaneous papers;

to receive and direct all persons desiring interviews or conferences with the justices; and to perform other related work."

In the class "Messenger and Clerical Assistant," under the "Range of Compensation," strike out the line "Annual \$2,800-\$3,000-\$3,200-\$3,400-\$3,500," and insert the following:

"Supreme Judicial Court—
Annual \$2,400-\$2,600-\$2,800-\$3,000-\$3,100.

Superior Court—
Annual \$2,800-\$3,000-\$3,200-\$3,400-\$3,500.

Municipal Court—
Annual \$2,800-\$3,000-\$3,200-\$3,400-\$3,500."

Referred to Committee on County Accounts.

ADDITIONAL AMBULANCE, CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, June 21, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Board of Trustees of Boston City Hospital, relative to your order of May 20, 1935, concerning the advisability of furnishing another ambulance for service between the hours of 1 a. m. and 8 a. m.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Hospital Department, June 7, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—At a meeting of the Board of Trustees held today, an order of the City Council was presented, whereby the trustees are requested, through his Honor the Mayor, to consider the advisability of furnishing another ambulance for service between the hours of 1 a. m. and 8 a. m.

There are available at the Main Hospital between the hours of 1 a. m. and 8 a. m., three ambulance drivers. There is available at the Haymarket Square Relief Station, one driver. There is available at the East Boston Relief Station, one driver. There are, therefore, five ambulance drivers available during the hours of 1 a. m. and 8 a. m., which we believe are sufficient to cover any ordinary service that might arise during those hours.

Yours sincerely,
JOSEPH P. MANNING,
President, Board of Trustees.

Placed on file.

USE OF UNUSED SECTION OF BROADWAY STATION FOR VEHICULAR UNDER- PASS.

The following was received:

City of Boston,
Office of the Mayor, June 28, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Transit Department, relative to your order of June 3, 1935, concerning the advisability of utilizing the unused section of Broadway Station as an underpass for vehicular traffic.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Transit Department, June 27, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In reply to the order of the City Council passed on June 3, 1935, that this department be requested, through your Honor, to consider the advisability of utilizing the unused section of Broadway Station as an underpass for vehicular traffic, I have the honor to present the following:

The portion of the Dorchester Tunnel in mind is included as a part of the premises of the Dorchester Tunnel leased to the Boston Elevated Railway Company, upon which rental at the rate of 4 1/2 per cent per annum is paid by that company.

In order to adapt this part of the tunnel for the purpose contemplated in the order, it would be necessary for the Boston Elevated Railway Company to remove their equipment, such as tracks, lighting, etc. It would be necessary to install a new lighting system and a ventilation system consisting of blowers, motors, control room, etc. Two partitions would have to be installed in the station proper for a length of about 350 feet on the platform of the upper lobby, and it would be necessary to put in a new granite block pavement. The estimated cost of this work is as follows:

Partitions.....	\$15,000
Tile.....	70,000
Paving.....	20,000
Removing present equipment.....	5,000
Water pipes, lighting, signal and fire protection.....	50,000
Ventilation, fans, motors and control...	100,000
	\$260,000
Engineering, interest and contingencies, 15 per cent.....	39,000
	\$299,000
Say.....	\$300,000

As the tunnel portion of this section for a total of about 550 feet in length is composed of two single tubes, it permits passage of only one line of vehicles in each tube, and therefore allows no opportunity for them to pass each other in case of a break down. This might create a serious situation, especially in case of a fire, as the traffic would not only be blocked, but fire apparatus from the outside would be prevented from reaching the scene of the fire quickly, making it extremely doubtful if the operation of these single lane roadways would be practicable.

Provision must be made to meet the cost of maintenance, consisting of policing and providing power for driving the ventilating equipment and supplying light, also the cost of cleaning and minor repairs. We estimate this to be at the rate of \$60,000 a year.

A summary of the yearly cost, therefore, appears to be:

Construction, \$300,000 at 4½ per cent. . .	\$13,500
Loss of rental, \$275,000 at 4½ per cent. . .	12,375
Maintenance	60,000

Total yearly cost \$85,865

Yours respectfully,

T. F. SULLIVAN, Chairman.

Placed on file.

SESSIONS OF DORCHESTER COURT.

The following was received:

City of Boston,

Office of the Mayor, June 21, 1935.

To the City Council.

Gentlemen,—I herewith transmit a letter from the clerk of the Municipal Court for the Dorchester District, relative to your order of May 27, 1935, concerning certain information desired regarding the sessions of the Dorchester Court and action taken therein on continuances, appeal and disposition cases.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

TRAFFIC SURVEY RELATIVE TO SIGNAL INSTALLATION.

The following was received:

City of Boston,
 Office of the Mayor, June 25, 1935.
 To the City Council.
 Gentlemen,—I herewith transmit a letter from the Boston Traffic Commission relative to your order of May 27, 1935, concerning a proposed survey of traffic with a view of establishing suitable signals at dangerous intersections.

Respectfully,
 FREDERICK W. MANSFIELD, Mayor.

City of Boston,
 Traffic Commission, June 18, 1935.
 Hon. Frederick W. Mansfield,
 Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated May 27, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to establish immediately as a P. W. A. project a traffic survey in the City of Boston with a view of installing, at the dangerous intersections of our city, traffic or stop lights, just as soon as may be possible, so that the great increase in summer traffic will not bring a consequent increase in deaths and injuries which will surely come unless these traffic precautions are taken without delay."

This commission maintains an Accident Analysis Division which compiles all the necessary accident data to establish at all times the dangerous intersections and areas in the city. Monthly reports are compiled listing all dangerous intersections in the order of the accident hazards. It is obvious therefore that no survey is necessary to obtain this information.

It is our opinion that with a few exceptions this list of dangerous intersections should be used as a basis for a program of installing automatic traffic signals.

In Circular Letter No. 22, May 3, 1935, from his Honor the Mayor, Frederick W. Mansfield, department heads were instructed to furnish all requested information regarding potential public works projects to the Works Project Board.

I am submitting herewith a list of dangerous intersections with estimated costs of installing traffic signals at these locations. I respectfully suggest that this commission present this proposition to the Works Project Board for consideration by the latter in an effort to have the signals installed as a P. W. A. project.

Respectfully submitted,
 WILLIAM P. HICKEY, Commissioner.

Re letter of June 3, 1935, from the office of his Honor the Mayor, ordering report on City Council order of May 27, 1935, which proposes the establishment of a P. W. A. project with a view to installing signal lights at all dangerous intersections.

APPROVAL OF CONSTABLES' BONDS.

The bonds of the following-named constables, having been duly approved by the City Treasurer, were received and approved, viz.:

Clarence L. Baker, Henry G. Dahlquist, Walter F. Delaney, Joseph Dinubile, Robert E. Donlan, Thomas Freedman, Frederick J. Galvin, John J. Miller, Bernard M. Mullen, Patrick H. Murphy, Clifford L. Smith, Paul Stancato.

INFORMATION RE BURIAL OF VETERANS.

The following was received:

City of Boston,
Office of the Mayor, June 25, 1935.
To the City Council.

Gentlemen,—I herewith transmit letters from the chairman of the Park Department and the Soldiers' Relief Commissioner, relative to your order of May 27, 1935, concerning burial charges for veterans and the use of evergreen mats and lowering devices at funerals of veterans.

Very truly yours,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, June 11, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of June 3, with inclosure, order from the City Council concerning charge for opening graves for veterans, use of mats and lowering devices for burials of veterans, etc.

In 1934 there were thirty-two (32) burials in veteran lots. No burials can be made in these lots unless authorized by the Soldiers' Relief Department and that department may have knowledge of the financial condition of the deceased. Under a ruling of the Law Department, neither the City Council nor the Park Department have any authority to give graves or lots without charge or make free burials. The veteran lots in our cemeteries were established from appropriations made through the City Council.

I would respectfully suggest that this order be submitted to the Soldiers' Relief Department for consideration, and if they comply with it, it will be necessary for them to reimburse this department the same as the Public Welfare Department does.

I might also add that the use of evergreen and lowering device will cost \$8 additional in each funeral and the department is in no position to furnish same free.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Soldiers' Relief Department, June 25, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In reply to your Honor's communication dated June 13, 1935, pertaining to the order of the City Council dated May 27, may I state that the cost of the burial of a veteran or his eligible dependents is paid in its entirety by the state and the amount of money so paid is limited. Therefore, I agree with the Park Commissioner when he says that his department is in no position to pay for this service. Neither is the Soldiers' Relief Department in a position to pay for the service in question because of the fact, as above stated, it is paid by the state. In all cases handled by this department the cost of such service has been included in the undertaker's bill as part of the undertaker's service.

Provided the total cost of burial of a veteran or certain eligible dependents does not exceed a total of two hundred and fifty dollars (\$250), the Commonwealth of Massachusetts will pay a sum of money not to exceed ninety-eight dollars (\$98). In addition to this sum of money the United States Government will pay one hundred dollars (\$100) towards the burial of a veteran or eligible dependents plus seven dollars (\$7) for a flag. Generally this money is collected by the undertaker.

The undertakers have always been ready and willing to accept work of this nature and absorb the cost of evergreen mats and lowering devices in their bill and in my opinion there is no reason now why the amount to be reimbursed by the state should be increased. The service mentioned in the order of the City Council is now being rendered and the undertaker is being paid for such service.

To stipulate that evergreen mats and lowering devices be paid as a special item would be simply increasing the amounts paid for the cost of burial and it is my opinion that in order to have the matter in question materialize it would be necessary to introduce legislation specifically authorizing this additional cost as a separate expense to be borne by the state.

Respectfully yours,
CHARLES H. CAREY, Commissioner.

Placed on file.

RECREATIONAL FACILITIES AND TREE PLANTING.

The following was received:

City of Boston,
Office of the Mayor, June 29, 1935.
To the City Council.

Gentlemen,—I herewith transmit three letters from the Boston Park Commission, relative to orders adopted by your Honorable Body, concerning subject matters respectively as follows:

1. Order of June 3, 1935, for two new tennis courts at Marine Park, Ward 6.
2. Order of June 3, 1935, to plant trees on West Broadway, as an E. R. A. project.
3. Order of June 10, 1935, to resand the bathing beaches in South Boston.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, June 28, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of June 25, with inclosure, order from the City Council that the Park Commission be requested to plant trees on West Broadway, both sides, as an E. R. A. project.

The department will be pleased to comply with this request if no serious obstruction prevents.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, June 28, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of June 25, with inclosure, order from the City Council that the Park Commission be requested to install two new tennis courts at Marine Park.

The department at the present time is attempting to build, with E. R. A. help, tennis courts at Columbus Park. Upon the completion of same, we shall be glad to consider additional courts at Marine Park, which would have to be built on the water's edge, as the area adjacent to the Aquarium is under the control of the State Department of Public Works. The location of our tennis courts at the present time is practically under the control of the State Department of Public Works.

Very careful consideration will be given to this order at the earliest possible moment.

Yours respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, June 28, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of June 25, with inclosure, order from the City Council that the Park Commission be requested to properly resand the various bathing beaches in South Boston.

I regret exceedingly to inform you that the department has no funds available for this purpose, but will attempt to keep the beaches as clean as possible during the bathing season, with its limited number of men.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Severally placed on file.

PARTIAL PAYMENTS ON UNPAID TAX BILLS.

The following was received:

City of Boston,
Office of the Mayor, June 27, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Corporation Counsel, relative to your order of May 27, 1935, concerning the right to make partial payments on unpaid tax bills.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Law Department, June 25, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—I have received a memorandum from your office, dated June 3, 1935, together with a copy of the following order passed by the City Council on May 27, 1935:

"Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to advise the City Council with reference to any statutory and ordinance provision concerning the right to make partial payments on unpaid tax bills."

You have asked me to give the advice requested in said order.

I assume from the discussion in the City Council when this order was introduced that the kind of taxes referred to in said order are real estate taxes.

There are no ordinance provisions authorizing the making or acceptance of partial payments of real estate taxes, and, in view of the statutory duties of the City Collector and the statutory provisions hereinafter set forth with reference to partial payments, an ordinance authorizing partial payments is not, in my opinion, within the competence of the City Council.

I.

PARTIAL PAYMENT OF REAL ESTATE TAXES PRIOR TO SALE.

Section 22 of chapter 60 of the General Laws, as amended and now operative, provides as follows:

"After the delivery of a tax, including assessments for betterments or other purposes but not including a poll tax, to a collector for collection the owner of the estate or person assessed or a person in behalf of said owner or person may, if the tax or assessments are upon real estate, at any time and from time to time up to the date when advertisements may be prepared for the sale of the same, and if it is a personal tax, at any time and from time to time up to the date when a warrant or other process may be issued for the enforcement and collection thereof, tender to the collector a partial payment of the tax not less than ten per cent of the total tax but in no event less in amount than ten dollars, which shall be received, receipted for and applied toward the payment of the tax. The acceptance of any partial payment in accordance with this section shall not invalidate any demand made for a tax, prior to the acceptance of such partial payment; provided that the amount stated in the demand was the amount due at the date when the demand was made. If in any court it shall be determined that the tax is more than the amount so paid, judgment shall be entered for such excess and interest upon the amount thereof to the date of the judgment, and on the amount paid to the date of payment, with costs if otherwise recoverable. The part payment authorized by this section shall not affect a right of tender, lien or other provision of law for the recovery of the amount of such tax, or interest or costs thereon remaining due, but if the part payment is more than the tax, as finally determined, the excess, without interest, shall be repaid to the person who paid it.

By virtue of the provisions of said section—

Time When Partial Payment May Be Made.

(1) At any time, and from time to time, after the delivery of a warrant to the Collector for a tax assessed upon real estate and prior to the date when advertisements are prepared for the sale of the same.

Who May Make Partial Payment.

(2) The owner of the estate or the person assessed or some one on behalf of such owner or person.

Amount of Partial Payment.

(3) May tender to the collector a partial payment of the tax assessed in an amount not less than 10 per cent of the total tax and not less than ten dollars,

and the collector is obligated to receive such partial payment, receipt for the same and apply it toward payment of the tax.

No partial payment of a tax on real estate may be made between the time advertisements have been prepared for the sale of said real estate and the time of sale.

II.

PARTIAL PAYMENT OF REAL ESTATE TAXES AFTER SALE OR TAKING. (REDEMPTION.)

Section 62 of chapter 60 of the General Laws, as amended and now operative, provides in part as follows:

"Any person having an interest in land taken or sold for non-payment of taxes, including those assessed under sections twelve, thirteen and fourteen of chapter fifty-nine, or his heirs or assigns, at any time prior to the filing of a petition for foreclosure under section sixty-five, if the estate has been taken or purchased by the town, may redeem the same by paying or tendering to the treasurer the amount of the tax and all intervening taxes, with all costs, charges and fees, and interest at eight per cent per annum on the whole, or may pay or tender to the treasurer not less than twenty-five per cent of the tax for the non-payment of which the estate was taken or purchased, together with all costs, charges and fees, and interest as aforesaid on the whole amount of the tax title account then due, which payment shall be received, receipted for, and applied toward the redemption of the estate so taken or purchased. From time to time thereafter prior to the filing of such petition for foreclosure such person may likewise pay or tender, successively in the order of their date, the balance of the tax of which partial payment was made and a first instalment and subsequent instalments of not less than twenty-five per cent each totaling the balance, if any, of each year's tax which at the time of payment or tender of such instalment has been added to the tax title account under sections fifty and sixty-one, until all taxes upon the property which have been added to the tax title account are paid or tendered in full, whereupon such estate shall be redeemed. Each payment or tender hereunder shall include, in addition to the tax or part of a tax paid, all intervening costs, charges, fees and interest which at the time of such payment or tender have become part of the tax title account. The treasurer upon accepting any payment hereunder may extend the time during which proceedings for the foreclosure of all rights of redemption may not be instituted, for a period not exceeding one year beyond the time provided by section sixty-five; but not more than one such extension shall be granted. An

extension granted hereunder shall be entered upon the tax title account, and a written statement thereof shall be given to the person who made the payment."

By virtue of the provisions of said section—

Period During Which Partial Payment May be Made.

(1) After a sale to, or taking by the city, and prior to the filing by the city of a petition for foreclosure of the title thereby acquired.

Who May Make Partial Payment.

(2) Any person having any interest in the land sold or taken or the heirs or assigns of such person.

Amount of First Partial Payment.

(3) May, first, tender to the Treasurer (a) not less than twenty-five per cent of the tax for the non-payment of which the estate was sold or taken, and (b) in addition, all costs, charges and fees, and interest on the entire amount of the tax title account, and

Amount of Subsequent Partial Payments.

(4) May, thereafter, tender to the Treasurer from time to time, successively in the order of their date, the balance of the tax of which partial payment was made and a first instalment and subsequent instalments, of not less than twenty-five per cent each, totaling the balance, if any, of each year's tax which, at the time of payment or tender of such instalments has been added to the tax title account; together with, in each instance, all intervening costs, charges, fees and interest which, at the time of such payment or tender, have become part of said tax title account. (In connection with the meaning of the term "tax" as used in section 62 and in the above statement see chapter 238 of the Acts of 1935.)

The treasurer is under a duty to receive such partial payments, receipt for them and apply them toward the redemption of the estate sold or taken, and he is authorized, upon accepting any such partial payment to extend the redemption period (two years from the date of sale or taking) for a further period not exceeding one year, although he may grant but one extension.

A bill is now under consideration by the General Court which, if enacted, would amend section 62. Said bill contemplates the continuation of partial payments.

Respectfully submitted,

HENRY E. FOLEY,
Corporation Counsel.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weighers of Goods: Francis P. Dooley, 14 Cleveland avenue, Everett; Laurence C. Malo, 16 Grant street, Dorchester.

Weighers of Coal: Harry Lloyd, 82 Park street, Medford; Edward Novick, 10 Glenwood street, Roxbury; William Irwin, 12 Westwood street, Dorchester.

Weighter of Beef: Paul W. Rycroft, 114 Naples road, Brookline.

Constables, to serve civil process upon filing bond: Abraham M. Hecht, 90 Callender street, Dorchester; Edward J. Rockett, 35 Central square, East Boston; Jacob Goldberg, 339 Charles street, Boston; Emil H. Ober, 102 Deering road, Dorchester; John B. Blotto, 599 South street, Roslindale.

Severally laid over for one week under the law.

DEPARTMENTAL TRANSFERS.

The following was received:

City of Boston,
Office of the Mayor, July 15, 1935.

To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Acting Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriation for Municipal Court, City of Boston:

From the appropriation for A-1, Permanent Employees, Justices, Special, 6 at \$30 per diem, \$300, to the appropriation for A-2, Temporary Employees, \$300.

From the appropriation for B-35, Fees, Services of Venires, etc., \$200, to the appropriation for B-39, General Repairs, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Port Authority:

From the appropriation for G, Incidentals, \$125, to the appropriation for C-9, Office, \$125.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and

hereby is, authorized to make the following transfer in the appropriations for Municipal Court, West Roxbury District:

From the appropriation for D-1, Office, \$10, to the appropriation for C-10, Library, \$10.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for steamers "Hibbard" and "O'Meara," Institutions Department:

From the appropriation for C-17, Miscellaneous Equipment, \$25, to the appropriation for C-7, Furniture and Furnishings, \$25.

From the appropriation for D-11, Gasoline, Oil and Grease, \$15, to the appropriation for D-13, Chemicals and Disinfectants, \$15.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Soldiers' Relief Department:

From the appropriation for F-8, State and Military Aid, Soldiers' Relief and Burials, \$300, to the appropriation for H, Emergency Relief Projects, \$300.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Library Department:

From the appropriation for A, Personal Service, \$220, to the appropriation for F-7, Pensions and Annuities, \$220.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department:

From the appropriation for C-12, Medical, Surgical, Laboratory, \$1,000, to the appropriation for C-17, Miscellaneous Equipment, \$1,000.

From the appropriation for D-5, Medical, Surgical, Laboratory, \$1,700, to the appropriation for D-4, Forage and Animal, \$700; D-13, Chemicals and Disinfectants, \$1,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for "City Record," publication of:

From the appropriation for B-1, Printing and Binding, \$50; B-42, Miscellaneous Services, \$100, to the appropriation for D-1, Office, \$150.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Fire Department:

From the appropriation for C-3, Electrical, \$2,500; C-13, Tools and Instruments, \$500, to the appropriation for E-10, Electrical, \$3,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for City Council:

From the appropriation for B-39, General Repairs, \$200, to the appropriation for C-17, Miscellaneous Equipment, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Suffolk County Court House, Custodians:

From the appropriation for B-39, General Repairs, \$1,500, to the appropriation for H, Emergency Relief Projects, \$1,500.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Library Department:

From the appropriation for C-7, Furniture and Furnishings, \$150, to the appropriation for C-3, Electrical Equipment, \$150.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Park Department:

From the appropriation for E-13, Miscellaneous Materials, \$986.50, to the appropriation for B-3, Advertising and Posting, \$100; B-16, Care of Animals, \$100; B-22, Medical, \$50; C-3, Electrical, \$50; C-7, Furniture and Furnishings, \$200; C-10, Library, \$86.50; C-11, Marine, \$100; C-17, Miscellaneous Equipment, \$300.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Printing Department:

From the appropriation for A-3, Overtime, \$700; B-28, Expert, \$200, to the appropriation for A-2, Temporary Employees, \$750; B-5, Express Charges, \$50; C-9, Office, \$100.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Park Department, Cemetery Division:

From the appropriation for E-13, Miscellaneous Materials, \$675, to the appropriation for B-1, Printing and Binding, \$50; C-13, Tools and Instruments, \$500, F-11, Workmen's Compensation, \$125.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Registry Department:

From the appropriation for D-1, Office, \$100, to the appropriation for D-16, Miscellaneous Supplies, \$100.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Collecting Department:

From the appropriation for D-1, Office, \$100, to the appropriation for B-10, Rent, Taxes and Water, \$100.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Buildings Department:

From the appropriation for A-1, Permanent Employees, Custodians, 15 at \$1,800 to \$2,100 per year, \$948.04, to the appropriation for Elevator Operator, 1 at \$2,000 per year, \$948.04.

From the appropriation for C-9, Office, \$160, to the appropriation for C-13, Tools and Instruments, \$160.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Ferry Service:

From the appropriation for B-5, Express Charges, \$200, to the appropriation for B-4, Transportation of Persons, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department:

From the appropriation for D-1, Office, \$500, to the appropriation for B-1, Printing and Binding, \$500.

From the appropriation for E-10, Electrical, \$200, to the appropriation for C-3, Electrical, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Bridge Service:

From the appropriation for B-39, General Repairs, \$328, to the appropriation for A-3, Overtime, \$100; B-3, Advertising and Posting, \$100; C-9, Office, \$100; C-12, Medical, Surgical, Laboratory, \$25.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Central Office:

From the appropriation for D-1, Office, \$275, to the appropriation for B-1, Printing and Binding, \$50; B-14, Motor Vehicles Repair and Care, \$225.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Street Laying-Out Department:

From the appropriation for A-1, Permanent Employees, Senior Engineers, 13 at \$2,900 to \$3,400 per year, \$2,999.82; Junior Engineers, 5 at \$2,300 to \$2,700 per year, \$703.54; Transmen, 20 at \$1,600 to \$2,100 per year, \$1,837.80, to the appropriation for A-1, Permanent Employees, Conveyancers, 2 at \$1,600 to \$1,700 per year, \$1,202.02; Laborers, 5 at \$1,600 per year, \$1,797.80; Chief Draftsman, 1 at \$2,600 to \$2,700 per year, \$351.77; Designing Draftsman, 1 at \$2,600 to \$2,700 per year, \$351.77; Conveyancer, 1 at \$2,200 per year, \$951.45; Conveyancer, 1 at \$2,000 per year, \$886.44.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Paying Service:

From the appropriation for A-2, Temporary Employees, \$1,000, to the appropriation for F-11, Workmen's Compensation, \$1,000.

From the appropriation for C-13, Tools and Instruments, \$300, to the appropriation for C-17, Miscellaneous Equipment, \$300.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, South Boston District:

From the appropriation for A-1, Permanent Employees, Clerk, 1 at \$1,000 per year, \$25, to the appropriation for C-10, Library, \$25.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Supply Department:

From the appropriation for D-1, Office, \$9, to the appropriation for B-13, Communication, \$9. Severally referred to Executive Committee.

APPROPRIATION FOR EXPENSES IN CONNECTION WITH GAS RATE PROCEEDINGS BEFORE DEPARTMENT OF PUBLIC UTILITIES.

The following was received:

City of Boston.

Office of the Mayor, July 15, 1935.

To the Honorable the City Council.

Gentlemen,—On July 1, 1935, the Boston Consolidated Gas Company filed a new schedule of rates with the Department of Public Utilities, said schedule purporting to become effective August 1, 1935. The new schedule has for its object an increase in the revenue of the Boston Consolidated Gas Company. It is clear, however, that the small consumer will, if this schedule becomes effective, be obliged to bear the burden of the increase that is sought.

Immediately after the filing of the new schedule I requested the Corporation Counsel to file my objection to the new schedule and to move that the Department of Public Utilities investigate the propriety and reasonableness of the new rate schedule; suspend, pending such investigation, said schedule and establish rates no higher than those in force last September with the elimination, however, of the service charge then in force.

I have been advised by the Corporation Counsel that in order to prepare and present adequately before the Department of Public Utilities the city's proceeding against the new schedule, the services of experts must be retained and other necessary expenses incurred. He has estimated that the sum of \$15,000 will be needed for this purpose. In view of the fact that every effort must be made to prevent the operation of the new schedule, imposing as it will a harsh burden on persons least able to bear it, I submit herewith an order for the appropriation of the sum of \$15,000, to be charged to Reserve Fund, and to be used to meet expenses for expert services and other necessary expenses to prepare for proceedings with reference to the new schedule. Immediate preparation is essential and I, therefore, recommend prompt passage by you of said order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston, in City Council.

Ordered, That the sum of \$15,000 be appropriated, to be expended under the direction of the Corporation Counsel, for the purpose of meeting expenses for expert services and meeting other necessary and proper expenditures which may be incurred in the preparation for and in the conduct of proceedings in opposition to the schedule of rates filed by the Boston Consolidated Gas Company with the Department of Public Utilities on July 1, 1935, said sum to be charged to Reserve Fund.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Ruth A. Adams, for compensation for injuries caused by patrol wagon of Station 16.

Mrs. John Balas, for compensation for damage to property at 8 Denny street, caused by water being shut-off.

Charles E. Barry, to be reimbursed for judgment issued against him on account of his acts as member of Fire Department.

Bay State Belting Company, for refund on refuse tickets.

Edna L. Bedford, for compensation for damage to car by city truck.

Frank Bertino, for compensation for damage to property and loss of business at 2586 Washington street, during installation of sewer.

John O. Brennan, for compensation for damage to car caused by an alleged defect in Sparhawk street, Brighton.

Arthur J. Boushell, for compensation for damage to car caused by an alleged defect in Medford street, Charlestown.

Anna L. Burke, for compensation for injuries caused by an alleged defect at Water and Devonshire streets.

Cornelius L. Cadogan, for compensation for damage to car caused by defective operation of Concord street gate of City Hospital.

Robert L. Cass, to be indemnified for judgment issued against him on account of his acts as operator of car of Sanitary Division.

Carminio Cataldo, to be reimbursed for land used by city for sewerage purposes at 158 Mt. Hope street, Roslindale.

John T. Caulfield, for compensation for injuries caused by an alleged defect at 195 Havre street, East Boston.

Aime J. Chasse, for compensation for damage to car caused by an alleged defect in Brookline avenue.

Rachel L. Ciccarelli, for compensation for damage to car caused by an alleged defect at 1065 Bennington street.

James H. Conlon, for compensation for damage to car caused by an alleged defect at 519½ Atlantic avenue.

Edith L. Cotton, for compensation for damage to clothing caused by oil on Temple place.

J. P. Cox Advertising Agency, Inc., for compensation for damage to car caused by an alleged defect at 303 Bellevue street.

Clara Crandall, for compensation for injuries caused by an alleged defect in Harrison avenue.

Edward J. Crawford, for compensation for damage to clothing by city car.

Wallace H. Danforth, for compensation for damage to car by ball thrown from Columbus Park.

Margaret I. Deely, for compensation for injuries caused by an alleged defect at 45 Seymour street.

George B. Delany, Esq., for compensation for damage to car caused by an alleged defect in Lansdowne street.

Ellen Donahue, for compensation for injuries caused by city truck.

Mary Donahue, for compensation for injuries caused by city truck.

Thomas G. Duggan, for compensation for damage to car caused by an alleged defect at 36 and 38 Wiglesworth street, Roxbury.

John J. Fay *et al.*, for compensation for damage to property at 97-103 Circuit street and 2584 and 2586 Washington street, caused during sewer construction.

Helen A. Feeney, for compensation for damage to property at 130 Bunker Hill street, caused by backing up of sewage.

Angela Ferrara, for compensation for loss of shoes taken from locker at North End Park.

Louise M. Ferretti, for compensation for injuries caused by an alleged defect in Winter street.

William J. Ford, for compensation for damage to car caused by an alleged defect at 118 Hamilton street, Dorchester.

Francis J. Gallagher, for compensation for damage to car caused by an alleged defect in Ruskin road, Mattapan.

Antonetta Gesminodo, for compensation for loss of shoes taken from locker at North End Park.

Gilchrist Company, to be reimbursed for money paid in error for ice cream license.

S. Gilman, for compensation for damage to truck by city truck.

Bernard F. Goldberg, for compensation for damage to car caused by an alleged defect at 49 Cheney street and at 71 Westminster street.

Thomas M. Guiney, for rebate on unused portion of tavern license.

Philip Hecht, for compensation for damage to suit caused by paint on bench of Public Garden.

Mrs. Harold Hodder, for compensation for injuries caused by fireworks on Boston Common.

Charles Indingaro, for compensation for damage to property at 87 Morris street, caused by bursting of water main.

Mrs. J. Ironside, for compensation for damage to coat caused by an alleged defect at 94 Milton avenue.

Missak Karukashian, for compensation for injuries caused by city cart.

Caroline T. Kenney, for compensation for damage to car, caused by an alleged defect at 351 South Huntington avenue.

Helen Kirby, for compensation for injuries caused by city truck.

Thomas F. Kirby, for compensation for damage to car by city truck.

M. Estelle Ladd, for compensation for injuries caused by an alleged defect at Charles and Cambridge streets.

Daniel J. Lehan, for refund on portion of tavern license.

Jacob Leve, for compensation for injuries and damage to car caused by city car.

Lynn Auto Express Company *et al.*, for compensation for damage to property and injuries caused by city truck.

Paul M. Lysaght, for compensation for loss of shoes taken from locker at Carson Beach Bath House.

Peter M. and Amelia M. MacDonald, for compensation for damage to property at 703 La Grange street, caused by construction of street.

George W. Mason, for compensation for damage to car caused by an alleged defect in Prison Point Bridge.

Patrick F. McAuliffe, for reimbursement for judgment issued against him on account of his acts as operator of city truck.

A. J. McDonnell, for compensation for damage to car caused by an alleged defect at Porter and London streets.

Catherine M. McLaughlin, for compensation for damage to property at 23 and 25 Park street, Charlestown, caused by leak in water pipe.

John F. MacKay, for compensation for damage to car caused by an alleged defect in Beacon street.

Stefano Memmolla, for compensation for damage to property at 524 Bennington street, caused by boiler bursting.

William J. Munday, for compensation for damage to property at 718 La Grange street, caused by street construction.

Thomas J. Murphy, for reimbursement for judgment issued against him.

National Cash Register Company, for compensation for damage to cash register loaned to Park Department.

N. E. Laundries, Inc., for compensation for damage to property at 48 Geneva avenue, caused by water not being turned off.

Sophie Nigam, for compensation for damage to property at 90 West Springfield street, caused by city truck.

Patrick J. O'Connor, for refund on sign permit.

Patrick J. O'Connor, for refund on ash tickets.

Joseph A. Phinney, for compensation for damage to property at 709 La Grange street, caused by putting in sidewalks.

Albert Pohl, for compensation for damage to car by city wagon.

John Randles, Inc., for compensation for damage to property at 16 Albany street, caused by workmen of Water Division.

Helen Rogers, for compensation for injuries caused by an alleged defect at Mather School.

Rose Rosenberg, for compensation for injuries caused by an alleged defect at 755 Morton street.

Cesidio Salvucci, for refund on beer license.

Elizabeth J. Smith, for compensation for damage to property at 741 La Grange street, caused by construction of street.

Pauline Solomine, for compensation for injuries caused by an alleged defect in Hanover street.

Emilie M. Spaul, for compensation for injuries caused by an alleged defect in Pilgrim road.

J. Frank Telfer, for compensation for damage to property at 716 La Grange street, caused by construction of street.

Morris Yarosh, for refund on druggist's license.

Mrs. M. Zisman, for refund on refuse tickets.

Nicholas Bonanno, for compensation for loss of clothes taken from South Boston Bath House.

Jitney License.

Petition of Boston Elevated Railway Company to operate motor vehicles from Washington and Kneeland streets to Broadway and Harrison avenue.

Executive.

Petitions for children under fifteen years of age to appear at various places of amusement, viz.:

Paul Gould, Whilton Hall, June 21, 1935.

Alice W. Bresnahan, South Boston Municipal Building, June 21, 1935.

Ellen F. Carney, Orient Palace, East Boston, June 25, 1935.

Viola K. Breiding, Current Events Hall, June 18, 1935.

NOTICE OF APPOINTMENT.

Notice was received of the appointment by the Mayor of John A. Breen, to be a member of the Zoning Board, for the term ending April 30, 1940. Placed on file.

NOTICE OF INTEREST IN CONTRACT.

Notice was received from Mary W. Cauley, an employee of the School Committee, of her interest in the contract with the city. Placed on file.

APPROVAL OF TRACK LOCATION.

A copy of the order of the Public Utilities Commission approving track location of the Boston Elevated Railway Company on Washburn avenue and private land adjacent to Suffolk Downs, was received. Placed on file.

ABSENCE OF THE MAYOR.

A notice was received from the Mayor of his absence from the city from June 21 to June 30, 1935.

Placed on file.

SALARIES OF COUNTY OFFICERS.

A communication was received from the Justice of the Chelsea District Court establishing the salaries of the probation officers of said court.

A communication was received from the Justice of the Dorchester Court establishing the salary of an assistant probation officer of said court.

A communication was received from the Justice of the Brighton District Court establishing the salary of the female probation officer of said court.

A communication was received from the Chief Justice of the Municipal Court establishing the salaries of the probation officers of the Municipal Court.

Severally referred to the Committee on County Accounts.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. DONOVAN, for the Committee on Public Lands, submitted a report on the message of the Mayor and order referred May 6, 1935, for the abandonment of a sewer easement on certain land on Delano street—recommending that the order ought to pass.

The report of the committee was accepted. The order was read once and passed, yeas sixteen, nays none.

REPORTS OF FINANCE COMMISSION.

REPORT OF BOSTON FINANCE COMMISSION RELATIVE TO ADMINISTRATION OF BOSTON CITY HOSPITAL.

City of Boston,
Finance Commission, June 28, 1935.

Hon. Frederick W. Mansfield, Mayor, and City Council.

Sirs,—A year ago the Finance Commission made the first of a series of reports upon the administration of the City Hospital. That report was the result of an investigation of the detailed management of the institution begun more than two years ago and still continuing.

In that first report the commission dealt with the effect on the development of the hospital of three of its major policies. These were (1) the continued treatment of chronic cases, (2) the treatment of paying patients, and (3) the treatment of nonresident patients. The Finance Commission raised the question of the right of the management to give treatment to these three classes under the authority granted by the Legislature to the city to maintain a hospital; and it pointed out that a large portion of the expansion of the hospital facilities has been made necessary by the requirements for space and facilities for the treatment of these three classes.

This expansion to a large extent has required the rebuilding of the hospital. Almost \$10,000,000 has been spent for new construction in the last decade, the maintenance of which has caused the annual appropriation to be doubled. The appropriation for maintenance amounted in 1935 to the very large sum of approximately \$3,250,000. This is exclusive of the cost of the Sanatorium for the treatment of tuberculosis for which the appropriation is \$600,000 more.

The report referred to also called attention to the effect of these policies of expansion on the private and semi-public hospitals of the city and on the practices of private physicians generally.

For the purpose of the present report it will suffice to say in regard to these policies that since the first report was made, the hospital authorities have tightened up on admissions by referring prospective patients with chronic diseases to chronic hospitals; by refusing to admit non-residents where the hospital has reliable information that they are nonresidents, except in emergencies; and by making serious and much more frequently successful effort to collect from patients found able to pay.

In that earlier report it was promised that later the commission would discuss some of the details of management. This report now presented deals with the question of management. It shows that as a result of a long history for which the situation rather than any one individual or group of individuals is responsible, there has developed a general lack of control and a resulting excessive maintenance cost. It shows also that the situation is one which can be substantially improved, if not completely remedied, by the adoption of the changes and policies herein recommended.

1. The Regular Personnel.

Appointment to the force of employees at the City Hospital is sometimes by the trustees, sometimes by the superintendent. It is not clearly defined when by one and when by the other. Generally it may be said that the trustees appoint to the high-salaried important positions and the superintendent to the lesser positions. All appointments, however, must be approved by the Mayor.

Normally there are about 1,850 so-called permanent employees who must be certified by the Civil Service Commission. In addition there are normally about 125 to 140 temporary employees, sometimes substituting for regular employees off duty, sometimes temporarily filling a vacancy, and sometimes as extras to the regular staff. The annual turn-over of employees in the hospital is greater than in nearly every other city department, except possibly in the Public Works Department. There is, therefore, constant application at the hospital and at City Hall for hospital jobs.

It has been customary for many years for the Hospital Department to look to the Mayor's office for the recruits for these temporary places. This has not been a voluntary delegation of its authority by the Hospital Department, but a forced one; and therein lies one of the chief causes for trouble at the institution.

When a vacancy exists at the City Hospital and a person has come from the Mayor's office to fill that vacancy, the hospital management usually assumes that there is no choice left to them in the matter. Whether or not it is a fact that the Mayor knows anything about the applicant, it is assumed in the Hospital Department, as in most departments of the city in similar situations, that the Mayor has authorized an employee of his office to convey to the appointing power that he wants a particular person appointed. Usually no questions are asked, and the result is that the Hospital Department obtains for an employee a person unknown to the administrators of the hospital and usually without experience for the work he is to be called upon to do.

Occasionally by such a method of selection the hospital will obtain a capable and reliable employee. It has, however, been stated many times by hospital authorities that in most cases suitable employees are not thus obtained. When once such an employee gets on the pay roll it is not easy to get him off whatever his shortcomings.

The lack of control of the institution starts right here. Job seekers can get on the pay roll without necessarily having the favor of the hospital authorities or of having been compelled to show capability. When they become scattered through the institution, the division heads cannot exercise a control over them that the heads of the institution never had. An employee who will not do what is expected of him can be removed only with such an effort that division heads spare themselves the pains. They ask for another employee to do the part of one man's job that the one man will not do.

Thus it is that the hospital staff is ever growing. It is no wonder, therefore, that discipline is lax, that certain standards are not maintained, and that it requires an excessively large staff to keep the institution running.

The comings and goings of employees are not carefully checked and no record is kept of them. There is no such thing as a personnel history kept in this hospital and yet it is held of great importance in other institutions. Employees are not kept, promoted, demoted, or discharged as their record, carefully kept, would warrant. Outside influence is permitted to dictate who should be employed and for how long. The low morale of the present force is not countenanced in an institution of this character elsewhere. The very evident thievery going on there must be often within the knowledge of, if not actually by, the employees.

2. Organization.

The hospital is plentifully supplied with high-salaried help. It has many assistant superintendents and division heads. None of them, however, have had their duties and responsibilities clearly defined, and none have complete jurisdiction over the work assigned to them.

There is constantly what is known as "a going-over-the-head-of" the assistant superintendents and the division heads. Most often it is to the superintendent, but it frequently is to the trustees, or to a single trustee. Sometimes it is one division head going to the superintendent to have something done that is the function of another division head. On some occasions an employee supposed to be subordinate to a division head goes directly to the superintendent.

Thus it is that the assistant superintendents know of many things they cannot do, but seldom know exactly what they can do; that an auditor keeps certain accounts but does not control all accounting; that stock records are kept, but requisitions are not numbered; that a plant superintendent knows of many things necessary to

be done to keep up the plant, but often finds things done by others that should have been taken care of by him; that a steward has some control over part of the food supply, but has no control over another very substantial part; that a dietitian can write a menu, but has no control over the kitchen help and therefore can only hope that the meals scheduled will reach the patients; that once the food leaves the kitchen it is nobody's job to see that it all reaches its intended destination, or reaches it in its intended condition.

Buildings are planned and erected often without consultation with the practical employees whose job it is intended to be to work those buildings. There is much expensive changing over after buildings are built that might have been saved had the highly paid subordinates whose duty it is to operate the buildings been given opportunity to study and suggest the plans of proposed buildings. Afterthoughts that should have been forethoughts are costing the taxpayers a lot of money.

The Finance Commission has brought some of these instances to the attention of the trustees, but has been assured that, regardless of all that, the hospital continued to function, that it has and continues to have a high reputation. The fact remains that the hospital is costing more money than it should, and its medical reputation will not be injured if more economy and efficiency is obtained.

Faulty organization is therefore another reason for a lack of control.

3. The Number of Employees.

In addition to the method of appointment of employees and their organization, another great reason for the lack of control is due to the size of the force of employees. It has been pointed out why and how the regular force became excessive.

The figures of comparison with other institutions prove it is excessive. The Boston City Hospital has thirteen employees for every ten patients. The Kings County Hospital in New York has ten employees to every thirteen patients. The Metropolitan Hospital in New York has ten employees to every thirteen patients. The Bellevue Hospital in New York has eleven employees to every ten patients, less than Boston, though Bellevue operates a training school for all the New York City hospitals and in addition to the nurses necessary to care for its patients includes several hundred other nurses in training. The following comparison further emphasizes the point that Boston has an excessive number of employees:

FIGURES FOR 1934.

	Boston.	Bellevue.	Kings County.	Metropolitan.
Daily average number of patients.....	1,401	2,189	2,715	1,721
Daily average number of paid personnel:				
Staff.....	50	57	36	15
Nurses.....	534	652	456	216
Employees.....	1,263	1,789	1,588	1,056
Total paid personnel.....	1,847	2,498	2,080	1,287

All of the employees mentioned above may be said to be theoretically under the direction of the superintendent. Yet at times large blocks of them are not, such as the internes and physicians when engaged in professional activity, the nurses, and a number under a variety of ratings who are engaged to serve the medical staff, and officially and actually are unknown to hospital personnel records.

In addition, and not included in the above figures, there is in the Boston City Hospital the force of E. R. A. employees, 1,500 in number, who are roaming all over the main institution and its branches and who are not under control of either trustees or superintendent, but under direction of an official named, paid, and accountable only to the Federal Bureau supervising the expenditure of P. W. A. funds. Parts of the latter group might be found at work anywhere from cellar to roof in any part of the institution. No one in the hospital knows any more about them than that they are assigned to the hospital management and the officials of the hospital cannot distinguish them from many others who frequent the institution with or without business there. When an official of the hospital finds a man in any part of the hospital who is not known to him as one of the hospital employees he can assume that man to be an E. R. A. man if he appears to be at work. He might be, however, a visitor, or an interloper, but there is no way by which the hospital official can determine it without investigation; and such matters are generally not investigated.

Another large group within the hospital precincts are the employees of contractors who for a period of years have been at work on the construction program. Most of the buildings have been constructed within the main hospital grounds. These employees came and went like the other groups of employees and might be found almost anywhere within the institution. The number of them has varied, but they often might number in the hundreds; and with such a group of employees there is always a number seeking to become employees.

With so many groups at work or supposedly at work, with the authority over them scattered

among so many, and in the absence of some method of distinguishing between workers and visitors and interlopers, control, of course, was lacking.

4. Freedom of Entrances.

Considering the methods by which regular employees were hired and the number of them and of the other groups within the hospital precincts, it might be expected that some effort would have been made by the management to control the comings and goings of the many, and to protect the valuable furnishings and equipment. It might have been expected that the hospital authorities would have made some effort to arrange that only those having legitimate business with the institution might enter, and that when they left the hospital and all its belongings remained after them. Nothing of that nature was provided for, however, until within a fortnight. After a conference called by the Finance Commission, during which once the matters discussed was the loss by theft at the institution and its relation to the freedom of entrance and exit, it was ordered that the gates, except one, be kept locked and guarded. Plainly, judgment by the management losses by theft, this control should have existed always. The Boston hospital is probably the only one of any size in the country where it was so long delayed. Control is not yet as effective as it might be, and as it is in other large hospitals. A representative of the Finance Commission recently visited several other large hospitals in New York and Philadelphia, and found in every one a tighter control of the comings and goings than Boston yet has.

There are twelve or thirteen entrances, doors or gates, by which anyone and everything may will. To enter the institution one need only pass by the gates, which are not guarded, and are the door of one's entrance into the institution, the gates, operated by the management, are promptly opened and no one is asked any questioning questions. The whole institution was thereupon open to the public, and anyone, or if one preferred the night porter, may enter safely.

within the high fences of the institution and go down town to other business.

One could not drive so freely through all the other gates because some are not large enough to admit automobiles, but all would admit the largest individual to walk through and there never was one to stop an outsider from walking in, nor an insider from walking out. Neither was there anyone to question the walker or the rider about what he was taking with him. His bundles might be few or many, his load might be light or heavy; ordinarily it made no difference apparently to anyone connected with the hospital.

A truck driver with a businesslike air could drive in and out at will and there was no one to ask him why, or what he brought in, or took out. A pedestrian might as freely enter any gate or door, and unless while within he held somebody by the throat while he extracted a watch or a pocketbook, his exit was as free from questioning eyes or lips as his entrance.

A contractor complained that his workmen's tools were being stolen. He kept a watchman on the gate leading to his work until 11 p. m. and the watchman saw to it that the gate was securely locked when he left. Each morning when the first workman arrived, the gate would be found unlocked, and each day brought its complaints of thievery during the night.

An employee of the hospital whose job it is to watch construction came back unexpectedly to the institution one night at 11 p. m. He noticed a large truck on which two or three men were piling large rolls of copper cable which they were taking from a building on the grounds. He ordered them to stop and to unload it all. They obliged him without a murmur.

Very recently a 90-gallon aluminum kettle was carted away from the hospital building unknown to anybody in authority and without right. It could not have gone unnoticed, and it could not have been taken under one's arm. It must have required the services of a truck to be taken away.

In the new kitchen unit, opened within a few months, approximately 125 feet of lead pipe, the main water supply to the kitchen, was cut out and carted away between a noon dinner and the time to start preparations for serving a 6 p. m. supper by some one unknown and without right. This job required hacking and sawing in full daylight at a time when many employees were supposed to be within arm's reach.

It was admitted by hospital officials recently to the Finance Commission that the food trucks used to distribute the food to patients and others seldom have all the aluminum utensils belonging to them when they return to the kitchen.

Within a few days after the opening of the new House Officers Building, it was discovered that the following list of articles had disappeared:

11 metal folding chairs, 3 metal card tables, 2 Wilton rugs (9 x 12), 2 Wilton rugs (5½ x 7), 5 smokadors, 3 floor lamps.

Within the last ten days, the steward and the housekeeper, investigating the cause of an apparently unreasonable demand for more meat from one dining room, discovered two cooked 10-pound legs of lamb tucked away in a drawer of a cabinet reserved for table linen. They could find no one who would admit knowing how the meat got there.

At one time 50 pillows disappeared, at another time 55. In the period beginning December 2, 1934, and ending February 23, 1935, a total of 138 blankets, 13 sheets, 31 pillow cases, and 26 pillows were reported unaccounted for somewhere between the ambulances and the accident floor. Two microscopes disappeared from the surgical wards within a year. Another, valued at \$200, disappeared about the same time from the Pediatrics Building. Yet these instruments were chained and bolted to the benches at which they were used. As a result, at the present time, it is considered necessary nightly to carry a \$400 microscope from the room in which it is customarily used to another part of the building and to lock it in the pay roll safe.

These instances are undoubtedly outstanding among such that occur, but they are nevertheless only a few of the many that might be cited.

This surely is evidence that there is not a proper control exercised at the institution.

Yet this is an institution in which the number of different ward patients in a year approximates 38,000 and the number of persons classed as out-patients, treatment of whom might take them to almost any part of the institution, approximates 135,000. The number of treatments to the latter, each treatment usually denoting a separate visit, approximates 500,000. These figures are taken from the hospital records. When it is remembered that many of these patients, ward patients and out-patients are accompanied or visited, it can be realized that the total number of persons entering and leaving in a year exceeds a million.

The fact that large construction was going on cannot be accepted as an excuse for the situation. It should have emphasized the necessity for control rather than excused the lack of it. In some respects the lack of it constituted a menace. The fire officials complained that in the event of a fire, the parked cars within the grounds would seriously handicap the fire apparatus in getting about and where needed.

The surest method of stopping thievery would seem to be an absolute control of entrance and exit. It is such a large institution that one entrance might not be enough for all classes; but in well-managed institutions there is one entrance and exit for all employees; there is usually only one entrance for trucks and merchandise; and there is

usually only one entrance for the visitors. However many there are, every one in well-managed institutions is carefully guarded; and parcels, bundles and merchandise of any description are carefully examined and checked, whether going in or coming out. A rule of this kind must be enforced for everybody. Exceptions only pave the way for abuses. The highest officials must therefore submit to it as regularly as anybody else.

Restriction of employees and visitors after they get inside is another practice at other institutions. Employees in the Boston Hospital Department, however, are not required to wear a button or badge with an identification mark of some kind on it. Visitors are not required to have a pass whenever they go inside.

"Roamers" about the corridors are not of sufficient interest to persons in charge. The volume of visiting and sight-seeing outside the regular visiting hours is much greater than is usually permitted in a well-controlled institution.

The parking of automobiles inside the hospital grounds is a menace to the institution. It would be more justifiable for the department to acquire an outside parking place. The hospital grounds were once most spacious. The institution consisted of many less and smaller units. Today almost all the available area has been built upon. The buildings are all crowded with humanity in various conditions of health from the new-borns to those unfortunates at the end of the trail.

A fire in any part of the institution would be naturally a calamity. It is therefore of the utmost importance that what little open space there is be kept free for the use of those whose business it will be to handle emergencies.

4. The Handling and Cost of Food.

The Finance Commission cannot find that the Hospital Department is not receiving all the food and the quality of food it pays for. The system of Federal inspection inaugurated in 1931 and continued since guarantees that. There is very little complaint by the consumers of the quality of the food and whatever there is is hardly justifiable. Sick people are very often prone to complain of food. Even the best to many such unfortunates is often disagreeable. It is usually to this condition that what little complaint there is due.

The institution receives a better grade of meats of many kinds than most citizens usually obtain; better than many first-class restaurants and hotels usually buy. Likewise the fruits and vegetables received are of No. 1 grade. Both meats and vegetables are weighed and counted by Federal inspectors. The value of this inspection has proved itself over and over.

It is therefore of great benefit to the taxpayers to continue this Federal inspection. The Finance Commission believe that efforts to defeat it began with its inauguration and have continued intermittently ever since. These efforts can be traced to employees who resent its restriction and to dealers who do not want to meet its requirements. It saves the city annually many thousands of dollars and removes the opportunity for causing public distress by revelations of poor food served to sick people.

Recently charges have been made that other institutions in other cities feed more at a lower cost. This is true, but there are many reasons for it, some of which are beyond the control of the hospital authorities and some within their control.

First of all, meats cost more in Boston than in cities of states west of Boston. The freight or express haul to Boston is longer than to these other cities from the Chicago packing houses. Transportation costs to Boston are accordingly greater. This is shown by the comparative costs of meats periodically furnished by the Bureau of Statistics of the United States Department of Labor.

The City of Boston buys for its institutions a higher grade of meat than do most other cities. Boston specifications require "top good" steer beef, New York gets "average good," and Philadelphia gets "cow beef" for patients and employees.

These do not account, however, for all the difference in cost per patient between Boston and the other cities. The first mentioned is not within the city's control. The second is. The Finance Commission has already expressed the belief that with proper cooking and handling of "average good" there would be no noticeable difference to consumers. This statement was based on the opinion of experts and by comparison with eating places which serve the lower-priced quality. The commission also questioned if the employees are entitled to have served to them a better grade than most people can afford. The same grade is purchased for all the city's institutions and served to officials, employees, doctors, patients and prisoners.

Another reason has been the inadequacy of cooking and handling accommodations. The old kitchen was not equipped or managed so as to obtain the most efficiency and the best results. During the past couple of years the food was cooked in a temporary kitchen while a new one was being built, or in a new kitchen without complete equipment.

There has been unwarranted delay in equipping the \$400,000 kitchen unit recently opened. There was six months delay in obtaining the funds necessary and there has been eight months unnecessary delay since the money has been available in arranging for the purchase of needed equipment. Whatever justifiable complaint there has been of the condition of food when served

is attributable to this inadequacy of the kitchen equipment and organization.

Boston is feeding a much greater number proportionately than are other institutions as well as feeding them better. The comparison used in the City Council above referred to was based on the cost per patient. Almost all the employees of the hospital are fed at least one meal.

A large percentage receive the noon meal. In Boston it is a substantial dinner and each person can call for as many helpings as one likes. In other institutions visited the noon meal is a luncheon, dinner being served at night. In the other places, therefore, the one-meals are not entitled to dinner rations and do not get them. In certain of the other institutions also regular portions are served and there is seldom a second helping allowed.

In the other institutions only those strictly entitled to a meal or meals are served. In Boston there is the same lack of proper control of the dining rooms that there is elsewhere. As a result many are served daily in the staff dining room who may be employees not entitled to a meal, or who may be brought in by somebody who is.

As an illustration, when according to the steward's figures 125 are entitled to be fed in the staff dining room, he has learned by experience that enough to plentifully supply 175 must be sent there.

The freedom of the dining room is not sufficiently restricted. Certainly the city ought not to be in the habit of feeding visitors of any kind; and those employees entitled to be fed are not entitled to be daily banqueted. A pay cafeteria for employees has worked well in other places and its advantages should be carefully weighed by the Boston hospital authorities. In the new kitchen unit provision has been made for a cafeteria, but it is not intended to be a "pay cafeteria."

Some apparently sometimes take away with them some food, in addition to what they eat. Many are the visitors of one kind or another who know or learn the way to get in.

Food sent from the kitchen on carts for distribution often does not get to its intended destination. A trustee spoke to the Finance Commission of the disappearance of aluminum utensils from the food carts. They are usually misappropriated when filled with food.

The generosity of the table and the freedom of it, the pilfering from the carts, and the spoiling because of poor equipment and handling, therefore, accounts for another large part of the excess in Boston.

There is still, however, another large avenue of loss. Food is undoubtedly stolen or given out surreptitiously before it has reached the table. The sudden jump in the use of butter in 1934 can hardly be explained by any other reason. For three years, with a feeding population more or less stationary, the butter poundage used was fairly constant. Then, in 1934, without great change in the feeding population, the poundage used increased approximately 23,000 pounds. The exact figures taken from hospital records further emphasize the situation and are as follows:

YEAR.	Average Feeding Population.	Poundage Used.
1931.....	2,955	124,635
1932.....	3,113	126,785
1933.....	3,166	124,160
1934.....	3,111	147,044

It is worth noting that in the South Department, according to the hospital figures, the use of butter is three times as great per person as in the Main Hospital. The meat used per person at the South Department equals in poundage the meat used per person at the Main Hospital. The South Department is for contagious cases and the patients are mostly children.

Taking the figures given by the institution for whatever they are worth, the Finance Commission offers the following citations:

The Bellevue Hospital in New York feeds 1,253 more persons than does the Boston City Hospital, yet the Bellevue in a year used 50,000 pounds less meat than the Boston City Hospital.

Bellevue used 25,000 pounds less butter than Boston.

Bellevue used 27,000 dozen more eggs than the Boston City Hospital, but the total cost was about that of Boston's.

Lack of a proper control and inefficient operation is in the opinion of the Finance Commission the reason for the discrepancies between food costs in the Boston institution and in those of other cities.

The comparison of food costs used recently in the City Council is not accepted for this report because the Finance Commission investigation of it convinces that it is not a fair comparison. There are too many other things to be considered than simply the number of patients. In addition, figures are made up differently in different places. The method used at the Boston institution for figuring meals served is equally unreliable. It is an estimate made weeks later from pay roll and staff figures, not from an actual count. Most other places make an actual count at each meal.

There is no doubt in the minds of the members of the Finance Commission that the Boston food cost is greatly excessive.

The following comparison is of figures given officially by the institution mentioned:

Daily Per Capita Cost of Uncooked Food:

Boston, \$0.41; Bellevue, \$0.28; Kings County, \$0.24; Metropolitan, \$0.25.

Such a wide discrepancy can only be accounted for by the looseness in handling, serving, and keeping food in the Boston hospital.

The hospital is not one where so many records are kept that it is impossible to make use of all of them. There are not enough kept and the records that are kept are not the right kind. Counting the meals served by examining the pay roll is one instance. No history cards of employees is another. No reliable records of costs of any kind except the bills paid is another.

It is required that requisitions for grocery stock be in writing. On the other hand, meat and fruit and vegetables are taken from the ice boxes without record by the employees who use them or prepare them for use.

Irregular inventory of the stocked items is taken, but the absence of numbers on requisitions until recently has made it almost useless, because "overs" and "shorts" are not traceable. After a meal is over there is no record kept to tell what and how much food was used except the purchase order that was made out previously. In other words, if 600 pounds of meat were ordered and there is nothing left in the ice box, then, there is nothing but an assumption that it was all used at that meal. If the meal required only 500 pounds, there is nothing to show it.

It has been already mentioned that the method of attempting to arrive at costs in the Boston hospital produces only an estimate of the meals served. In the other institutions visited there is a reliable cost system in operation and an actual count of the meals is only one part of it. This and other features of the system work in effectively with another element of control in operation in New York which Boston lacks. That is in the giving to a chief dietitian a complete control of the menus, the cooking, and serving of meals, as well as complete control of the hiring and firing of the kitchen personnel. In return, this chief dietitian is held strictly responsible for the entire feeding unit and for the costs as well.

The cost system permits the department executive to learn at any time whether or not the feeding is being done economically. The concentration of control in this chief dietitian also reduces to the minimum the amount lost by wastage or theft. The allowance for feeding is determined on a scientific basis, and the actual cost must approximate that basis. There is always the opportunity for finding out if it does or does not. In Boston there is no scientific basis of arriving at the need and at no time can it be learned what the actual cost of a particular period or number of feedings has been.

5. Cause of Present Conditions.

The conditions criticized are not of recent origin or growth. The elements that make them have been piling up for years and years. No one administration or period, board of trustees, or group of executives can be blamed for all of them. All, however, can be blamed for parts of them, and all can be blamed for the lack of a determined, sustained and capable effort to correct them.

It is surprising that a hospital operated under such conditions can be ranked among the best in the country. The high standing that the quality of its medical and surgical treatment has earned for it might be said to be in spite of rather than because of its management.

It lacks many things that proper modern hospital organization requires. Advances in business management to be found in other places have no effect on the antiquated methods employed in Boston, many of which were satisfactory when it was a small hospital, but out of date and incapable in a hospital of the size the Boston department has become. Its officers have for the most part been trained only in its way of doing things, and they give the impression of being interested only in that way. What other hospitals are doing in medical and surgical research is of very great interest. What others are doing in perfecting management apparently little concerns them.

Theoretically the Board of Trustees is the head of the department and the superintendent is its executive officer. Usually the superintendent's decision is accepted as final. Often, however, it is not; and just as often the Board of Trustees' decision is not accepted as final. There is the influence of the appointing power, the Mayor, and the appropriating power, the City Council, to be considered. Threat of a City Council investigation of the Hospital Department, which is really unauthorized by statute except such as to enable the Council to pass upon the necessary appropriation, is never relished by the hospital authorities. Accordingly demands of city councilors sometimes produce action otherwise not intended and it is unnecessary to argue that a superintendent's judgment or a board of trustees' judgment cannot be swayed by a Mayor's expression of his desire.

Then, the medical and surgical activities bring in another and entirely different influence. The medical and surgical men have their own staffs and staff heads. If sometimes their judgment

does not coincide with that of the administrative end, it is usually the administrative end that must give way.

The superintendent is called the "Medical Director," but he is in fact not the medical director, and is not intended to be. His duties would be more properly reflected in the title of "Business Director." Questions of medical or surgical treatment are not at all within his province.

The Board of Trustees is unpaid, of course. The members are busy men in their own lines of business. The city has been fortunate to have been able to obtain men of their type to give gratuitously their time and efforts to manage such an institution. They cannot, however, give enough time to permit them to assume all the responsibility of management that the law intended. If they were able to, it would really require their full time.

The institution has outgrown the size that an unpaid board can be expected to manage without giving full time. Management by others must be in their name, because the law makes them responsible. This, therefore, restricts management by others.

In similar situations other cities have abandoned the board of trustees type of organization and have substituted the paid commissioner. New York has a board of commissioners who are paid. A board, rather than one commissioner, is necessary because there are twenty-six hospitals to manage. Philadelphia has a superintendent with complete authority, and the hospital is a branch of the health department which has a paid commissioner.

In many other cities the hospital management, if it is a large institution, is vested in a single paid official. We have here in Boston a paid commissioner in charge of a large institutional unit at Long Island, an almshouse and hospital. The change from a board of trustees took place several years ago when conditions had approximated the City Hospital conditions today.

Medical influence, however, favors a medical man for superintendent. A medical man is expected better to understand the aims and motives and needs of those who are performing the work that the institution was authorized to do, treat the sick and unwell.

Conclusions and Recommendations.

The Finance Commission believes the greatest need of the Hospital Department today is for an orderly organization and management. A reputation for efficiency and economy to match the medical and surgical reputation of the institution cannot be obtained without more "law and order."

Centralizing the authority and responsibility of the Board of Trustees and the superintendent in one official seems to be the logical remedy. It has worked well in other cities, and in other Boston departments. Giving to the assistant superintendents the authority and responsibility that the salaries paid would warrant is next in importance. A one-man head of department will work best, but the one man must have capable assistants and must assign to them work and responsibility in which their capacity can be utilized.

The foregoing report points out the administrative details that are lacking or in need of improvement. It is therefore unnecessary to list them here.

The commission accordingly recommends:

1. That the position of Business Manager for the hospital be created; that such Business Manager be invested with full responsibility and control over the business administration of the hospital.

2. That authority over and responsibility for the employment of employees other than the surgical and medical staff be vested in the various heads of the divisions of administration under the general supervision of such Business Manager.

3. That adequate methods of control of ingress and egress from the hospital be established and maintained.

4. That efforts be made to bring about a greater coordination of the operation of the various departments engaged in the administration of the hospital, and also such new construction as may from time to time be in process.

5. That a system of adequate and accurate records for the business administration of the hospital be established and maintained.

6. That every effort be made to complete at once the equipment and to begin the utilization of the new kitchen unit.

Respectfully submitted,

THE FINANCE COMMISSION,

Placed on file.

REPORT OF BOSTON FINANCE COMMISSION RELATIVE TO COLLECTION OF TOLLS AT EAST BOSTON VEHICULAR TUNNEL.

City of Boston,

Finance Commission, July 6, 1935.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Sir:—For several weeks the Finance Commission has been observing the system in operation for the collecting of tolls at the East Boston Vehicular Tunnel. The conclusion reached as the result of these observations is that there are so many suspicious circumstances in the work of

the collection of the tolls and in the record of collections that the commission has grave doubt that the city is receiving all the money that it should.

In the first place the system, such as it is, is not being carried out as it was designed. The employees are not complying strictly with the rules intended to make it a success. Sometimes this is due to their own carelessness or neglect and sometimes to the failure of the equipment.

In the next place the equipment has not yet begun to work as it was promised it would. Though it has been in operation now for a year, the recording of tolls by it is irregular and spasmodic. As an accurate check upon the receipt and record of tolls, to date it has been a complete failure.

Finally, as a reliable check the system is inadequate. There are too many ways by which it can be defeated.

The Finance Commission hesitates to accuse the employees of actual thieving, but the grounds for believing that the city does not receive all the tolls that are collected are so many and so emphatic that the commission believes radical changes in the system should take place immediately; and that a much more careful check-up than now exists of both the men assigned to work the system and their practices should be made.

1. The Treadle for the Count of Vehicles.

In the spring of 1934 the Transit Department installed a treadle system. This consists of an apparatus over which all vehicles entering must pass. Each vehicle is automatically registered on a tape which comes from a machine in the administration office. The treadle and registering system has cost to date in excess of \$75,000 for equipment and installation. The treadle can register no more than the count of vehicles passing over it.

Vehicles entering the tunnel are supposed to be paid for according to size or type. The tolls vary from 10 cents for a motorcycle and 15 cents for a passenger car to \$1.50 for the largest trucks. There are 7 different rates of tolls charged, and 14 different classifications of vehicles.

The treadle obviously can give, if working accurately, only the number of vehicles that pass over it. It cannot differentiate between the types. It cannot be, therefore, and was not intended to be a complete check on the amount of tolls collected.

At no time since the tunnel was opened a year ago has the treadle system been working accurately. It was contracted for and installed by the Transit Commission. The officials of this department claim it would be reliable if properly operated.

When the tunnel was ready for use, the tunnel and all its appurtenances were turned over to the Public Works Department to operate. The officials of the department claim it is not mechanically workable and cannot be made to be mechanically workable without another six months of tinkering. They claim it was not mechanically workable when it came under their control and they cite the long delay in acceptance of it and the vigorous opposition to its acceptance as evidence of their registered opinion of its unreadiness.

Two engineers of the Public Works Department have been working on it constantly since it was first put into use and other employees have been assigned to help them from time to time.

After an expenditure of so much money on it, approximately \$75,000 as before stated, it is shocking now to learn from the engineer in charge that it will require six months more to get it into workable shape.

That it is not now workable there can be no doubt. The toll collectors' reports have shown that in a given period of eight hours as many as 200 more vehicles paid fees than were recorded by the treadle. At other times the collectors' reports showed less vehicles than the treadle automatic count. Variation between count by treadle and count from collectors' reports is a daily happening and as frequently one way as the other, varying in different degrees from day to day.

2. The Registering of Tolls.

There is provided in the toll booth at the head of each entering lane a register upon which the collector is required to record cash fee collections at the time he collects it. This device is similar in principle to a cash registering device. In addition to recording on a tape the amount he collects from each vehicle as an individual item, this register is supposed by a system of illuminated numbers to indicate also the type of vehicle.

When the register is pressed to record the fee it is supposed a white light will flash beside the number. These lights appear simultaneously on both ends of the toll booth, but these lights at either end of the booth cannot be seen by the operator of the car who pays the toll. The operator of the paying vehicle has no evidence of the payment of the toll he has paid and he can see no evidence of the recording of it. The collector may receive 25 cents or \$1.50 as the toll fee, and may record only 10 cents or may make no record at all, and the person who paid has no evidence of the recording of it.

The actual taking of tolls has been observed from points in front of the booths and back of the booths on several occasions by representatives of the Finance Commission. At each observation it happened that frequently the toll had been recorded as frequently as vehicles entered and tolls collected were paid. Also, as frequently happened, that when a vehicle entered at the type for which a

number "4" should flash, which would mean a 35-cent toll, a number "1" which would mean a 15-cent toll would appear. There has been a period observed during which the number "3" remained constantly exposed, while a long line of vehicles of different classifications requiring different flash numbers was passing through.

The employees have complained that often the lighting system does not work at all and that at times only parts of it will work. On the occasion mentioned above where flash number "3" was continuously in sight for all types of vehicles, representatives of the Finance Commission at noon of that day inquired of the Public Works Department if the lights had been reported out of order and it was learned that the system had been reported out of order at 8 a. m. of that day. Thus, a whole morning's traffic had been passed without the check intended by the lighting system.

Comparison has been made by representatives of the Finance Commission of the daily reports by the collectors with the records of the registering system. This provides ample proof that something is wrong either with the deposits of collections or the recording apparatus.

In the week of June 10th to 16th, inclusive, there were twenty-three collectors reporting. Nine of them reported and turned in sums ranging from 10 cents to \$23 over the amount the registering device showed was collected by them. Fourteen of them reported and turned in sums ranging from 10 cents to \$31.45 less than the registering device showed was collected by them. The total of the "overs" was \$54.05. The total of the "shorts" was \$133.75. Balancing one against the other, if the machine was right, the city received \$79.70 less that week than it should have.

In a two-hour period of one day, the registering device recorded collections from 475 vehicles. The treadle recorded 405 as having passed through, notwithstanding that representatives of the Finance Commission observed many vehicles going through that were not recorded by the collector when he received the tolls.

In a seven-day period of the Finance Commission observations the daily record of the operations of this automatic checking system reported as follows:

First day, lanes 2, 3 and 10 not working correctly. Second day, lanes 7 and 9 not working correctly. Third day, lane 10 not working correctly. Fourth day, all lanes apparently working correctly.

Fifth day, all lanes apparently working correctly. Sixth day, lanes 2 and 3 not working correctly. Seventh day, lane 8 not working correctly.

Whether the lanes were reported working correctly or not, the collectors' reports in every day of the seven showed "over" or "short" for the majority of the collections as follows:

First day, 3 collections "over"; 10 "short"; 3 "even."

Second day, 3 collections "over"; 10 "short"; 3 "even."

Third day, 4 collections "over"; 10 "short"; 2 "even."

Fourth day, 5 collections "over"; 9 "short"; 2 "even."

Fifth day, 5 collections "over"; 13 "short"; 1 "even."

Sixth day, 6 collections "over"; 10 "short"; 2 "even."

Seventh day, 7 collections "over"; 9 "short."

In other words, the city received exactly the amount the registering device recorded in only 13 periods of duty out of 117. In 71 periods out of 117, the city received less than the registering device recorded; and in 33 periods out of 117 the city received more than the registering device recorded.

It is interesting to relate what is done about these "overs" and "shorts." Those in charge of the tunnel receipts take the figures and balance the gross "overs" against the gross "shorts" and then, in effect, throw the figures away. In other words, the city does nothing about it.

With such a system and oversight of tunnel operations, there is no assurance of accuracy and honesty in toll collections and turn-in of them except the individual consciences of the collectors. If they are careless, nothing happens. If they want to be dishonest, there is nothing to prevent it.

The collectors have been instructed by the department to enter into no arguments with drivers. If a truckman tenders only 15 cents for a truck that the collector believes should pay 25 or 35 cents and puts up an argument against paying more, the collector is instructed to pass him along. "Don't block traffic, get what you can" seems to be the rule.

Conclusions.

The City of Boston has already spent approximately \$20,000,000 on this tunnel. Its sponsors hardly hoped that it would be a paying proposition from the start. However, it is a great convenience to the public, and a splendid addition to the system of highways built by the city and the state to facilitate traffic and to encourage business. It should mean eventually the development of vast tracts of land which are geographically near enough to the city, and to its business center and waterfront to be served by this tunnel to warrant large investments for both business and dwelling purposes. It seems destined to develop greater activity in the sections served by it than has already developed. Eventually, therefore, it undoubtedly will pay for itself. For the time being it is neces-

sary that the city officials devote time and effort in encouragement of its use and in perfecting its operation.

Uncertainty as to the city's receiving all the tolls it is entitled to should not be allowed to exist for a day. It is possible to operate this tunnel with such certainty that not only will all the vehicles using it be properly paid for, but all the tolls will reach the City Treasury. It should be determined at once whether it is the system that is at fault, as the officials of the Public Works Department state, or the employees working the system, as the officials of the Transit Department state. If it is the system that is to blame, a change or changes in it should be made immediately. If the employees are to blame, the city officials ought not to hesitate to change the employees.

It seems to the Finance Commission that any system is inadequate which does not include the giving in hand to one paying a toll fee some evidence of his having paid the toll. If on payment at one end, the payor were given a receipt similar in purport to the receipt turned out by cash registers in common use in stores when sales are paid for, a reliable check would be provided by the collection of such receipts at the other end of the tunnel; also the payor while in transit through the tunnel would have some reliable receipt for his having paid and of the toll having been duly recorded. Such a system would be capable of periodical checking as and when thought advisable by other representatives of the city. The time needed for the giving of such a receipt at one end and the collection of it at the other end would not impede the flow or speed of traffic. Even if this did occasion some small delay the city would be entirely justified in requiring it in view of the convenience furnished by the tunnel and the low cost of the service afforded.

Another suggestion offered is that since the entrance lanes are used in pairs, one lane be reserved for passenger cars and the other for trucks. The greater number of vehicles passing through are passenger cars; they are uniform in toll classification and, therefore, there can be no argument about the amount of the toll.

Trucks are not so numerous that if passed through a particular lane the determination of the amount of the toll and the collection of it will cause unreasonable delay. Truck drivers should not be allowed to determine the class of toll a truck shall pay. The city owns and operates the tunnel and should determine such matters of management.

The Finance Commission assumes that your Honor wants to make this tunnel a paying proposition as soon as possible, and it is of the utmost importance to the taxpayers that it be done. Therefore the commission recommends that your Honor accept no more excuses from those entrusted to operate it on the score of lack of system or equipment, or failure of system or equipment.

Respectfully submitted,

THE FINANCE COMMISSION,
E. MARK SULLIVAN, Chairman.
ALEXANDER WHEELER.
JACOB J. KAPLAN.
W. ARTHUR REILLY.
PHILIP A. CHAPMAN.

Placed on file.

REQUIREMENTS FOR ENROLLMENT IN CIVILIAN CONSERVATION CORPS.

Coun. BRACKMAN offered the following:

Ordered, That his Honor the Mayor be requested to intercede with the proper officials in Washington and to urge them to change the ruling laid down by them to the effect that applicants for the Civilian Conservation Corps are obliged to be on a welfare roll of a city or town, or their parents, so that it will be possible for applicants who are not on any welfare roll but who are needy cases to join said corps.

Coun. BRACKMAN—A short time ago a considerable sum of money was set apart by the Federal Government to extend the enrollments in the Civilian Conservation Corps. However, they passed a ruling, it seems, that only those who are receiving welfare aid in the various cities and towns or whose parents are receiving welfare aid, were entitled to be placed in the Corps. This has entailed a great many hardships in worthy cases where the families are able to get along but are not on welfare. I hope this order will pass because I feel, in view of the fact that they have not as yet filled their enrollments and there are hundreds of applications to be acted upon, that this requirement should be done away with.

Coun. DOWD—I agree with the order. As a matter of fact, I introduced a similar order about a month ago. If those in charge of the United States Government in Boston were to live up to the standard of ruling that was made by the director of the Civilian Conservation Corps, I presume we shouldn't have any kick. As a matter of fact, the ruling that only those whose parents were on the welfare should go to camp is not lived up to. Each councilor here has sent boys down there, and they are advised that they cannot go to the C. C. C. camp unless their parents are on the welfare. I know of hundreds of cases of boys in my district whose people are not on the welfare who have gone to camp in the last two or three weeks. In other words, Mr. Chairman and members of the Council, the bluebloods can go to the C. C. C. camps, but the average boy whose father and mother hesitate to go on the welfare,

if they are sons of immigrant parents, they cannot go to the C. C. C. camps. In other words, the plutocrats and the autocrats that run the C. C. C. must be listened to. It was interesting to see what Mr. Rotch said in reference to the single women, and it was more than interesting to see what that woman who has charge of it says, "The people in the administrative end must be cultured; they must be high type women." Why, Mr. President, the evidence is to the contrary, and these boys who have been born of poor parents and these girls, regardless of their culture or of blueblood, have more ability than those that Mr. Rotch has on his pay roll. It is very galling to see these people from out of Boston, some of them that can write a check to the tune of \$100,000 or \$200,000, driving to work in their automobiles, and Mr. Rotch says they are indispensable. Oh, yes, Mr. Rotch, they are indispensable, because running through their veins is the blood of bluebloods. I say to the President of the United States of America that it is a damnable outrage the things the people in charge of Government work in Boston are doing, and I agree with the councilor who introduced the order that we ought to go one step further, and send boys to the C. C. C. camp whether or not their parents are on the welfare.

The order was passed under suspension of the rules.

IMPROVEMENTS AT DEWEY BEACH.

Coun. KERRIGAN, for Coun. Green, offered the following:

Ordered, That his Honor the Mayor, through the Park Commissioners, include in one of his projects a sum sufficient to put Dewey Beach in proper condition, the building of new buildings to replace old inadequate buildings, the sanding of the beach, and the removal of the obsolete showers and toilets in the present buildings, which are a health menace.

Passed under suspension of the rule.

REPAIRS AND IMPROVEMENTS, SULLIVAN SQUARE PLAYGROUND.

Coun. GREEN offered the following:

Ordered, That his Honor the Mayor request the Park Commissioner to include in one of his projects a sum sufficient for the making of necessary repairs and improvements at the Sullivan Square Playground, the installation of a new handball court of concrete construction, the building of concrete bleachers, and the installation of showers (hot and cold). Also, repairs and additions to the present inadequate building.

Passed under suspension of the rule.

BUILDING MODERNIZATION, BARRY PLAYGROUND.

Coun. GREEN offered the following:

Ordered, That his Honor the Mayor request the Park Commission to issue instructions for the modernization of the present building on the Barry Playground, which has no showers for the children, and no privacy for women. The present building is obsolete and in a dilapidated condition.

Passed under suspension of the rule.

ERECTION OF LOCKER BUILDING AND SHOWER FACILITIES AT AMERICAN LEGION PARK, EAST BOSTON.

Coun. DOHERTY, for Coun. Selvitella, offered the following:

Ordered, That his Honor the Mayor be requested to arrange with the Park Commissioner and the Commissioner of Public Works under a W. P. A. or an E. R. A. project the erection of a suitable locker building and shower facilities at American Legion Park, East Boston.

Passed under suspension of the rule.

REMOVAL OF DANGEROUS SUBSTANCES, WORLD WAR MEMORIAL PARK.

Coun. SELVITELLA offered the following:

Ordered, That the Park Commissioners be requested, through his Honor the Mayor, to take immediate steps to clean and remove all dangerous foreign substances from the beach and park at World War Memorial Park and to resand the said beach as a means of protecting the health of the bathers at the park.

Passed under suspension of the rule.

WILLIAM J. JENNINGS SQUARE.

Coun. McGRATH offered the following:

Ordered, That the space at the junction of Savin Hill avenue and Grampian way, Ward 13, be named William J. Jennings square, in honor of said Jennings, veteran of the World War, and first commander of the All-Dorchester Post No. 154.

Passed under suspension of the rule.

CHARLES D. ANDERSON SQUARE.

Coun. McGRATH offered the following:
Ordered, That the space, running through from Old Colony Boulevard to Savin Hill avenue, Ward 13, be named Charles D. Anderson square, in honor of said Anderson, deceased veteran of the World War.

Passed under suspension of the rule.

RECESS.

On motion of Coun. FINLEY, the Council voted at 3.36 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by Acting President GALLAGHER at 3.45 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on message of the Mayor and orders referred today, for various departmental transfers—that same ought to pass.

Report accepted; said orders passed, yeas 17, nays 0.

2. Report on message of the Mayor and order referred today, appropriating \$12,550 for additional expense of traffic tunnel—that same ought to pass.

Report accepted; said order passed, yeas 18, nays 0.

3. Report on message of the Mayor referred today, for the transfer of \$20,000 from the Reserve Fund for repairs to Quincy Market—that the order ought to pass.

Report accepted, said order passed, yeas 18, nays 0.

4. Report on message of the Mayor and order referred today for the transfer of \$3,266.65 to the Licensing Board—that the order ought to pass.

Report accepted, said order passed, yeas 17, nays 0.

5. Report on message of the Mayor and order referred today appropriating \$15,000 for expenses of investigation of gas rates—that the order ought to pass.

Report accepted; said order passed, yeas 17, nays 0.

6. Report on message of the Mayor and order referred today appropriating \$6,000 for ice for drinking fountains—that the order ought to pass.

Report accepted; said order passed, yeas 17, nays 0.

7. Report on the order referred today for the payment of \$187.72 to the City Collector for a bookkeeping account—that the same ought to pass.

Report accepted; said order passed, yeas 17, nays 0.

8. Reports on the several petitions referred today for children to appear at various places of amusement—recommending that permits be granted.

Reports accepted; permission granted under the usual conditions.

9. Report on the petition of Mary E. McCallum, referred June 10,—recommending the passage of the following:

Ordered, That under the provisions of chapter 340 of the Acts of 1933, an annuity of \$1,000 be allowed and paid to Mary E. McCallum, widow of Daniel A. McCallum, a member of the Police Department, who died on May 12, 1935, from injuries received in the performance of his duty; said annuity to date from May 13, 1935, to continue so long as said widow remains unmarried, and to be charged to the appropriation for Police Department, Pensions and Annuities.

Report accepted; order passed.

FINANCE COMMITTEE REPORT.

Coun. BRACKMAN, for the Committee on Finance, submitted a report on the order referred June 20, for a loan of \$250,000 for sewerage work—that the order ought to pass.

Report accepted; said order which was read once and passed on June 20, 1935, was read a second time and again passed, yeas 18, nays (Coun. Wilson) 1.

VOLLEY BALL COURTS, HEAD HOUSE, SOUTH BOSTON.

Coun. DONOVAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to install two volley ball courts at the Head House beach, South Boston.

Passed under suspension of the rule.

HAND BALL COURTS, HEALEY FIELD.

Coun. MURRAY offered the following:

Ordered, That his Honor the Mayor request the commissioner of the Park Department to make necessary arrangements for the installation of hand ball courts at Healey Field, Ward 19.

Passed under suspension of the rule.

PAVING SYCAMORE STREET, WARD 19.

Coun. MURRAY offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth paving Sycamore street, Ward 19.

Passed under suspension of the rule.

ACCEPTING AND LAYING OUT HAWTHORNE STREET, WARD 19.

Coun. MURRAY offered the following:

Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to accept and lay out Hawthorne street, Ward 19, under the E. R. A. plan of construction.

Passed under suspension of the rule.

RESURFACING PAUL GORE STREET, WARD 19.

Coun. MURRAY offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth paving Paul Gore street, Ward 19.

Passed under suspension of the rule.

LAND FOR LOCUST STREET PLAYGROUND, DORCHESTER.

Coun. KERRIGAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to consider the advisability of purchasing the land on Locust street, Dorchester, formerly known as the Locust Street Playground, to be used for playground purposes.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to install two tennis courts on Columbus Park, Ward 7.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to repair the shelter at the east end of Columbus Park and to replace the swings and benches which were formerly there.

Severally passed under suspension of the rule.

ADDITIONAL LIFE GUARDS AT CASTLE ISLAND.

Coun. DONOVAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide for two additional life guards at Castle Island.

Coun. DONOVAN—There is only one life guard on duty at Castle Island Beach, and there are 500 to a thousand children that bathe in this particular spot. I believe the two additional life guards ought to be placed there to safeguard the lives of those children.

Passed under suspension of the rule.

AMERICAN BAR ASSOCIATION CONVENTION FOR 1936.

Coun. TOBIN offered the following:

Ordered, That his Honor the Mayor request the Director of Public Celebrations to exert every influence to have the American Bar Association Convention for 1936 come to Boston.

Passed under suspension of the rule.

POLL TAX EXEMPTION TO RECIPIENTS OF OLD AGE ASSISTANCE.

Coun. ROBERTS offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Board of Assessors to strike from the poll tax list all persons who are recipients of old age assistance, or are on the welfare rolls.

Coun. ROBERTS—Under the statute provisions, the Board of Assessors has absolute authority and discretion to waive the poll tax of persons who have no money. It seems to me idle to keep sending out these poll tax bills at additional expense to the city and additional work for the Collecting Department. This is something that can be done easily and should be done at once.

Coun. McGRATH—I think something should be said at this time in connection with that order about a statement made by City Collector Doherty. It was his opinion, after studying the entire poll tax situation, that all poll taxes should be eliminated. He said there was \$180,000 assessed on polls in the City of Boston and about \$280,000 of that was collected each year, and that when you took into consideration the number of employees that are called on to do the work of listing, the amount of money at costs for printing and the necessary work entailed in connection with the

collecting of this money, it was a serious question and he believed, after studying the situation, that all poll taxes should be wiped out. He says that poll taxes came down almost from Colonial days, and today, to my mind, they constitute a nuisance tax. We spend a great deal of money in collecting them. Recently I have noticed in the paper that the Mayor wants to deduct them from the salaries of city employees, that is, deduct the amount of the poll tax. He is justified in doing this, but if every male person over twenty years of age is being assessed, it means that people who are unemployed and people on the welfare rolls and everyone else are being hounded, and every once in a while we read of the name of some person who was thrown into the county jail because of failure to pay his poll tax. If all this is being done for no good purpose I believe that the order of the councilor should be amended by calling off the payment of all poll taxes. To my mind there is no man in connection with a city department who is more efficient, who is more studious and who is more conscientious than the Collector of the City of Boston, John F. Doherty. He is the man on whose shoulders devolves the collecting of this money, and when he believes it should be wiped out, this Council should give serious consideration to the wiping out of the poll tax.

Coun. FISH—I think the order is a very good order and I am going to offer an order that the Mayor be requested to instruct the Corporation Counsel, the City Collector, and the Board of Assessors to prepare and introduce legislation for the elimination of the annual poll tax.

The order (introduced by Coun. Roberts) was passed under suspension of the rule.

LEGISLATION TO ELIMINATE POLL TAX.

Coun. FISH offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Corporation Counsel and the City Collector and Board of Assessors to prepare and introduce legislation for the elimination of the annual poll tax.

Passed under suspension of the rule.

LAND DAMAGES AND ASSESSMENTS IN CONNECTION WITH REMOVAL OF ELEVATED STRUCTURE AND REPLACEMENT WITH TUNNEL.

Coun. GREEN offered the following:

Ordered, That his Honor the Mayor request the Transit Department and the City Planning Board to secure the following information: In the aggregate, what would be the total cost of land damages if the El structure is removed and replaced with a tunnel and how much the City of Boston would receive in betterment assessments.

Passed under suspension of the rule.

CENSOR OF BEACH APPAREL.

Coun. GREEN offered the following:

Ordered, That his Honor the Mayor request the Budget Commissioner to make provisions in the budget for a sum sufficient to create a new position of censor at the different beaches and playgrounds, the appointees to be experts on shorts, flimsies and panties, and to be assigned to the Park and Recreation Department.

Coun. FISH—I am opposed to that order of censorship at the beaches. I think the bathing suits are O. K. It looks as though Brother Councilor Green wants to go back to the costumes of 1492.

Coun. GREEN—I might say for the benefit of the councilor who has just spoken that the Park Commissioner has designated himself as a committee of one on the censorship of bathers at Charlestown. I do not think he has bothered the Dorchester beaches or any other section of the city. In acting as censor he has stepped outside of his bounds and is taking too much on himself. And the purpose of this order is to create the position of censor or censors for the different beaches. Why make fish of Charlestown and flesh of other sections of the city, Councilor Fish?

Coun. McGRATH—I believe the President ought to appoint one member of this Council, preferably a bachelor and preferably the gentleman from Ward 16, to act as censor at the beaches.

Coun. WILSON—I want to register my protest against the order because, while I agree with the purpose behind Councilor Green's order, I do not agree with the rather broad wording of this order, because I do not care to set myself up or put myself on record as deciding whether the costumes in 1935 are correct or those worn in 1492 were correct, or those which were worn in the Garden of Eden.

Retorted to Executive Committee.

Coun. GREEN—I object to that order being put to the Executive Committee and I want ask for a call of the roll.

Coun. GOLDMAN—In view of today being so warm, we ought not to do it with trousers today. I move that we table the order.

The order was laid on the table.

ROLLER SKATING TRACK AT FRANKLIN PARK.

Coun. BRACKMAN offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Park Commissioner to construct a roller skating track at Franklin Park.

Coun. BRACKMAN—The police have prohibited children in Dorchester from skating on the granolithic sidewalks and there is no place where the children can skate on roller skates in that section of the city. It would not cost very much to construct a roller skating rink in Franklin Park.

Passed under suspension of the rule.

REMOVAL OF ELEVATED STRUCTURE ON CAUSEWAY STREET.

Coun. FITZGERALD offered the following:

Ordered, That the removal of the Elevated structure on Causeway street, in front of the North Station, extending through to Lowell street, joining the viaduct, be included in the P. W. A. program.

Passed under suspension of the rule.

BATHING FACILITIES, L STREET.

Coun. WILSON offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to advise the City Council as follows:

1. The number of lockers in the L Street men's bath house.
2. The number of lockers in the L Street women's bath house.
3. The number of lockers in the L Street boys' bath house.
4. The fenced-in water frontage now provided for each of the above three houses.

Further Ordered, That the Park Commissioner be requested to consider the feasibility of utilizing further beach frontage for the men's bath house.

Coun. WILSON—I introduced that order without any intention of cutting off the availability of the L Street Bath House facilities to either the boys or the women and girls of Boston. But my personal belief is, since the women, under the regulations, do not require the fenced-in inclosure, and having in mind that I personally have never seen any women in line waiting in either of those bath houses, but have seen thousands of men waiting to get into the men's bath house, which is famous all over the country, I urge in all seriousness the possibility of spreading the beach facilities of the men's bath house on the boy's side and the women's side, even though the bath house facilities themselves remain available for the women and boys. I think that this should receive the favorable consideration of the Park Commission.

Coun. KERRIGAN—I would like to see that order referred to the Executive Committee.

Referred to Executive Committee.

NORTHERN AVENUE BRIDGE, SEPARATORS ON AIR LINES.

Coun. WILSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to advise the City Council as to what plans, if any, are being made for the installation of separators on all air lines incident to the pending reconstruction of the Northern Avenue Bridge.

Coun. WILSON—I hope that can be referred to the Executive Committee. I would like to be able to ask the bridge engineer in Mr. Carven's department some questions concerning it. I understand that the bridge is operated by compressed air, and that it was because of the failure to have the bridge provided with separators, as I now ask for, that the bridge broke down originally. I understand that for a few thousand dollars the separators requested can be installed and, if not installed, it may turn out that even with a new bridge we will have the same difficulty that has caused the reconstruction of this bridge.

Passed under suspension of the rule.

POSSIBLE USE OF ABANDONED JEWISH HOME FOR CHILDREN AS PART OF BOSTON STATE HOSPITAL.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to take up with the state authorities the possible use of the abandoned Jewish Home for Children on Canterbury street, Dorchester, as a necessary part of the Boston State Hospital which it adjoins.

Coun. WILSON—I call attention to this abandoned home for children on Canterbury street, Dorchester, adjoining the Boston State Hospital grounds, feeling that the state might well take the building for some purpose in connection with the Boston State Hospital. It could replace two of the several condemned state buildings. I make reference to buildings A, E and F, all of which are wooden structures and they are fire traps. This Home for Jewish Children might well

be remodeled and brought up to date by the State Employment Agency or by E. R. A. workers or through some project of the Federal Government. Steam and water lines could be readily run from the hospital mains as they now exist. The building is closely adjacent and is now vacant and, in my opinion, use might be made of it.

Passed under suspension of the rule.

CONTRACTS WITH THE STANDARD COAL COMPANY.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to cancel all outstanding contracts with the Standard Coal Company for coal deliveries to the various city departments, and that the School Committee be requested, through his Honor the Mayor, to take similar action.

Coun. WILSON—Warm as it is, I want to speak relative to this, the last of the four orders that I had to introduce. If I read correctly the *City Record* of June 22, it would seem that the Standard Coal Company has been awarded by the School Committee the contract on bids opened April 10, 1935, for all requirements of anthracite coal for the Boston public schools. The bid of that company was \$9.45 per ton as against bids by other companies in the sums of \$10.90, \$10.44, \$10.55, \$11.37 and \$10.49. How was it possible for this particular coal concern to bid almost a dollar per ton under every other coal company? Well, on or about June 19 the company was in the Boston Municipal Criminal Court on charges of short weight and for fraud and deceit, involving deliveries of coal to the Pemberton Square Court House, the same building in which the trial was held. The company was found guilty on each charge although represented by an eminent counsel, State Representative Hays, and promptly appealed. On or about June 21 the company was brought into the West Roxbury District Court on similar charges involving the alleged short weight delivery of coal to the Hyde Park Library Building. The load of coal was alleged to be only 2,200 pounds short. This time the company had not only Representative Hays, but also former Senator Joseph Mulhern, and with that overwhelming battery of legal talent obtained a not guilty finding. It appears that back in 1922 one Max Kline, who I understand is now the real owner of the Standard Coal Company, pleaded *nolo* in the District Court to the charge of a shortage of 975 pounds in a 6,600-pound coal delivery and the plea was accepted. But less than a year later he was in again, this time in the Boston Municipal Criminal Court and after a finding of guilty paid a fine of \$25 for a shortage of 1,120 pounds out of a supposed delivery of 9,250 pounds. Then it seems that the Standard Coal Company was organized by Mr. Kline, and in October of 1926 the corporation took a fine of \$25 in the West Roxbury Court for a shortage of 3,600 pounds in the supposed delivery of 17,600 pounds to the Grant School in the City of Boston. As recently as February of 1933 the Standard Coal Company was in again, this time being found guilty in the Boston Municipal Court for a 1,530 pounds shortage in the delivery of 11,500 pounds of coal. In the light of that history one might almost guess how the Standard Coal Company, which seems to be doing business with the City of Boston under such influential auspices, can bid some 10 per cent per ton lower than the average bidder, both as shown in the School Department and also in contracts for various City Hall Departments as reported in the *City Record* of April 27. I have no coal company interests. I have no personal axe to grind. My only wish is to see the City of Boston obtain the best coal possible at the lowest price possible dealing with reputable coal concerns. I believe that whether the city is buying fruit and produce for the City Hospital, or coal for various public buildings, some degree of real care should be shown to deal with concerns not likely to try and make up with short weights the difference between their low bid on that basis, and fair, but higher, bids of reputable concerns who expect to make honest but not short-weight deliveries. I might call attention to the financial condition of the Standard Coal Company. I took the trouble to check the figures in the office of the Commissioner of Corporations. And I find, for example, in 1931 there was a profit and loss deficit of \$18,063.28. As of December 31, 1932, that figure had changed to \$27,220.27, or about a \$9,000 loss for the year 1932. As of December 31, 1933, the figure had risen to \$39,829.17, or an additional loss of some \$12,000 for the year 1933. And then we had another city election and a new administration, and for December 31, 1934, the 1933 deficit of \$39,829.17 wholly disappeared and they got out of red ink and had a \$4.38 surplus, showing that business was fairly good for the Standard Coal Company in the year 1934. The only other distinction between 1933 and 1934 was that Max was demoted; Goldie Kline was promoted to president and Max was given the office of treasurer of the concern, but the outfit remained the same. I might make one other suggestion, to the effect that it is unusual, to say the least, to see these coal contracts awarded to a nonunion concern under an administration where the Mayor for so many years was so prominently associated with the labor union movement. Perhaps this is one of the items included in that 65 per cent of graft, waste and corruption in city expenditures which

the Mayor talks about in his campaign speeches but which he has obviously made no effort whatever to wipe out. I would ask adoption of the order.

Coun. BRACKMAN—I would like to hear the order read.

(The order was re-read.)

Coun. BRACKMAN—I move reference to the Executive Committee.

Coun. NORTON—Max Kline is no new name here in this Council. Two years ago a similar condition existed, but, regardless of protests, Max Kline had the contract and I believe will continue to have it. Max Kline is one of those individuals whose purpose seems to be to eliminate the reputable coal concerns in Boston.

Coun. McGRATH—I think from the statement presented by the councilor from Ward 17, that for a number of years this Standard Coal Company has been a philanthropic organization who are giving this coal to the city at a loss to themselves up to last year, and last year, according to the reports filed at the State House, they made \$4. This year they will probably increase their business 100 per cent and make \$8. I think this group felt that they owed money to the city and they were willing to take off a dollar a ton in order to do their bit for the great City of Boston, and in losing this money, according to their return, that was their way of making their contribution to the City of Boston.

Coun. DOWD—I do not doubt the statement of Councilor Wilson. As a matter of fact, I know his statements are correct, because I checked up with Sealer of Weights and Measures Sweeney on the same matter. I do not believe this Council should allow this to go to the Executive Committee. If anybody else doing business with the City of Boston had short-weighted the city to such an extent as the Standard Coal Company has, there would not be any ducking. The Mayor of Boston is in duty bound to accept the price of the Standard Coal Company, and I for one would vote against sending this to the Executive Committee.

Coun. BRACKMAN—My only purpose in asking that this be referred to the Executive Committee is this: One of the councilors makes a statement. We have no opportunity to know anything about the matter. Without referring this to the committee we are obliged to take action and ask the Mayor to cancel the contracts, without having an opportunity of knowing anything about the facts of the matter. I object to rushing in with an order at four o'clock in the afternoon. In fairness to the members of the Council we should be given an opportunity to know what it is all about. I do not like to vote for this order to cancel this or that contract without having some evidence brought in to show just what the situation is.

Coun. GOLDMAN—I am grateful to Councilor Brackman for speaking in behalf of the Standard Coal Company. If I had known of this I would be the first to join with Councilor Wilson. If the statement that is in the record is true we should not allow that concern to sell any coal to the city; I don't care whose man he is. I believe that order should be passed immediately.

The motion to refer to the Executive Committee was lost.

The order was passed under suspension of the rule.

FUEL AND OIL CONTRACTS.

Coun. NORTON offered the following:

Ordered, That the Boston Finance Commission furnish the Council with its report on the present City of Boston fuel and oil contract.

Passed under a suspension of the rule.

STUDY RELATIVE TO POLL TAX.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of having a study made in reference to the matter of retaining the so-called poll tax.

Coun. NORTON—Half of the people of Boston pay poll taxes and the other half don't pay any. If the statement of the collector is correct, it costs as much if not more to collect it than the city receives.

Passed under a suspension of the rule.

FEDERAL APPROPRIATION FOR REMOVAL OF ELEVATED STRUCTURE.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to inform the Council just what is the status of the movement to have the Federal Government appropriate money to tear down the Elevated Railroad structure in Boston.

Coun. NORTON—Now is the time, if this city is ever to get anywhere in the elimination by E. R. A. funds of the Elevated structure. Nothing at present is being done.

Passed under a suspension of the rule.

ELIMINATION OF CURVE, RIVER STREET, READVILLE.

Coun. NORTON offered the following:
Ordered, That the Public Works Commissioner, through his Honor the Mayor, consider the advisability of immediately making plans to straighten out the dangerous curve in River street, as it rounds the Mill Pond, in Readville, Boston.

Passed under a suspension of the rule.

STATUS OF UNCOMPLETED P. W. A. SEWERAGE PROJECTS.

Coun. NORTON offered the following:
Ordered, That the Commissioner of Public Works, through his Honor the Mayor, inform the Council regarding the status regarding each project completed or uncompleted under the so-called P. W. A. sewerage projects in Boston, specifying the location of each project, the amount appropriated by the city for each said project, and how much money it will take to complete uncompleted projects.

Passed under a suspension of the rule.

INFORMATION RELATIVE TO REAL ESTATE AND MEDICAL EXPERTS.

Coun. NORTON offered the following:
Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to inform the Council regarding the names, addresses and amounts paid to real estate and medical experts, outside his department, during the year 1934.

Passed under a suspension of the rule.

AIR-CONDITIONING BOSTON CITY HOSPITAL.

Coun. NORTON offered the following:
Ordered, That the trustees of the Boston City Hospital, through his Honor the Mayor, be requested to consider the advisability of air-conditioning a section of one of the new buildings at the Boston City Hospital.

Coun. NORTON—For five years I have introduced a similar order, that one section of the Boston City Hospital be air-conditioned, preferably one of the new buildings to be set aside for this purpose.

Passed under a suspension of the rule.

BUILDING OF NON-MAJOR STREETS BY E. R. A. LABOR.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to consider the advisability of assigning more E. R. A. workers to the building of non-major streets in Boston. A while ago, 3,000 E. R. A. workers were assigned to this work, today between 1,300 and 1,400.

Coun. NORTON—By means of E. R. A. workers we will build about one hundred unaccepted streets. In our ward we have a great many streets to be built. In the streets built by E. R. A. labor they use 4 inches of crushed stone and two and one half gallons of asphalt per yard. The city spent \$120,000 on materials. But instead of having 1,300 men on those streets, here is an opportunity to spend a little more money and get these streets built in the suburban areas where they are needed. Instead of 1,400 men we ought to have 5,000 men working on these streets. Here is a chance to fix the streets. And we should lay emphasis on building the non-major streets with E. R. A. labor. By this summer one hundred streets will have been built. The Government pays the wages of the men and the city furnishes 4 inches of crushed stone and two and one half gallons of asphalt per square yard. This provides a satisfactory street for a non-major avenue or way. Here is a chance for the city to put back to work these men who have been taken off street projects.

Passed under a suspension of the rule.

PURCHASE OF KITCHEN EQUIPMENT FOR BOSTON CITY HOSPITAL.

Coun. NORTON offered the following:
Ordered, That the trustees of the Boston City Hospital, through His Honor the Mayor, be requested to advise the Council regarding the status of the matter of purchasing new kitchen equipment, the money for which has been available since last October.

Coun. NORTON—Last October the City Hospital was authorized to purchase hospital kitchen equipment for the new kitchen. The Mayor's Office suggested one of the Mayor's political appointees as an expert on kitchen equipment and he turned out a report as to what was necessary. To say the least, that report was found to be inadequate. So up to the present time nothing has been done.

Passed under a suspension of the rule.

PROTEST AGAINST INCREASE IN GAS RATES.

Coun. NORTON offered the following:
Ordered, That the Corporation Counsel, through his Honor the Mayor, advise the Council regarding a petition filed by the City of Boston in the year 1934, with the Public Utilities Commission, protesting against an increase in gas rates, for the City of Boston, and specifically pointing out what increase in rates was referred to in this petition brought by the city.

Passed under a suspension of the rule.

CONSULTING AUTHORITIES RELATIVE TO LOWER GAS AND ELECTRIC RATES.

Coun. NORTON offered the following:
Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to consider the matter of asking the advice of outstanding officials such as Chairman Frank Walsh of the New York State Power Authority, Mr. David Lilienthal of the Tennessee Valley Authority, Senator George P. Norris of Nebraska, Prof. Felix Frankfurter of the Harvard Law School in the matter of the efforts which the City of Boston is to make for lower gas and electricity rates in Boston.

Coun. NORTON—I may be wrong and I may be unfair in questioning the motives of any city official, but it seems to me that the time has come when the city should stop this shadow-boxing in the matter of lower gas and electric rates. I wonder what is wrong with asking one of the outstanding public officials of America, such as Mr. Frank Walsh, chairman of the New York State Power Authority, for his advice and approval as to the procedure that the City of Boston will take in fighting these important cases. Some months ago the Mayor sent in an order for \$15,000 to investigate the Edison Electric rates. To date nothing has been done. The Appropriations Committee has not reported on that important item. Today we reported out \$15,000 for the city to fight the so-called gas rate increase. If the city is going along the way it has in the past in cases before the Department of Public Utilities, that money might as well be thrown out of the window. In fighting gas rate increases and utility rate increases we ought to have those who are legitimately interested in lower rates.

Passed under a suspension of the rule.

NEXT MEETING.

Coun. DOWD—I move that when we adjourn today we adjourn to meet on Monday, August 12.

Coun. GOLDMAN—I have no objection, other than this. I know there is going to be a small lease executed to a synagogue in Councilor Agnew's ward. That is going to be drawn on Thursday or Friday of this week. In order to get it through before the high holidays in September I wonder if we could arrange a special meeting between now and that time. If that can be done, I have no objection to a continuance.

Coun. AGNEW—I wish to be recorded as in favor of adjourning until a date in line with the suggestion of Coun. Goldman.

Acting President GALLAGHER—The Mayor or President of the Council can call a special meeting at any time. And I would remind the Council that we have not adjourned.

Coun. WILSON—I move that unless sooner called, when we adjourn we will adjourn to meet on August 12.

Motion carried.

ELIMINATING THE SOUNDING OF AUTOMOBILE HORNS.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to consider the advisability of conferring with the Police Commissioner regarding the possibility and advisability of eliminating the sounding of automobile horns between the hours say of 11.30 p. m. and 6 a. m.

Passed under a suspension of the rule.

AMPLIFIERS ON BAND STAND, JAMAICA POND.

Coun. MURRAY offered the following:
Ordered, That his Honor the Mayor request the Commissioner of the Park Department to make the necessary arrangements for the installation of amplifiers on the bandstand at Jamaica Pond so that people standing more than one hundred feet away will be able to hear the concert.

Coun. MURRAY—At the band concerts at Jamaica Pond, almost every Sunday night people who are standing a hundred feet away cannot hear the music. I propose that they put some amplifiers on the stand, and in that way assist in relieving the congestion of traffic on Pond street and the parkway.

Passed under suspension of the rule.

LAYING OUT AND ACCEPTING BERWICK STREET, WARD 20.

Coun. FINLEY offered the following:
Ordered, That the Board of Street Commissioners, through his Honor the Mayor, be requested to accept and lay out Berwick street, Ward 20, under the E. R. A. plan of construction.

Passed under suspension of the rule.

REDUCTION OF PUBLIC WELFARE PERSONNEL.

Coun. WILSON—I ask unanimous consent to make a short statement.

(Unanimous consent was given.)

Coun. WILSON—I have just opened a letter which leads me to make this statement, in the hope that the Director of Public Welfare will reconsider the apparently contemplated reduction of personnel over there. I understand that it was contemplated last week. My understanding was that fifty persons were being laid off in the Welfare Department. I assume, and I gather from the office, that those laid off will be mostly the older and experienced persons, and I frankly admit that I cannot understand that policy. I cannot follow a system whereby the appointees of a new administration, who are absolutely without experience in welfare work, can be kept on the job and those who have gradually worked into positions and have learned something about the running of the Welfare Department should be the first to go.

I raise the point at this time because I do not feel that there should be any changes in the Welfare Department until they at least catch up with their work.

I have before me a letter which I have just opened, which came in my mail, a letter enclosing another letter. The letter that was enclosed is a letter that was written to me by the Old Age Division of the Public Welfare Department on June 25, to the effect that in a certain case in which I was interested, for an old age pension, the State Department had accepted the evidence in the man's favor, and on June 25 the matter was being turned over to the Social Service Department for investigation. I wrote the old gentleman that if he did not hear anything within a week or so, or if he started to starve to death in the meantime, to drop me a line. That was June 25. Today I opened a letter from the old gentleman in which he says:

"In answer to your letter relative to old age pension, I wish to state that as yet I have failed to receive any further correspondence whatever regarding the matter, although it is now over two weeks since you took this matter up at my request."

I urge, especially in the case of old people—and in many cases destitute people—that until we can get within two weeks or three weeks or a month for food and bread, that we do not lay off any of the employees of the Welfare Department, especially the experienced ones.

Coun. McGRATH—What the councilor says is absolutely true. We should long ago have learned from experience that the way to economize in the Welfare Department is to have enough help to carefully check every recipient of welfare and every recipient of old age pension. We find now, sir, that the Federal Government has made it an incentive for men to go on the welfare rolls, and in one ward of Boston within the last few weeks, 421 new applicants came to the Welfare Department. The Federal Government says today to every man who is unemployed, "We won't consider your application for work unless you come to us through the Welfare Department."

The old time family in Dorchester, South Boston, Charlestown or Roxbury presents the picture of a man going home and saying to his mother of that family, "We have seen some pretty dark days during the last twenty years of married life, and we fought them alone together." The brother who was working took the little family into his home and did what he could to keep them off the pauper's rolls. Many people are paupers today. But they say to the poor man who has struggled for twenty years and has kept his respect even though he has gone to bed hungry—the Federal Government says, "Pack up your stuff before we will even consider your application." Today you can go to any social service agency in Dorchester, Roxbury or South Boston and they say to the applicant, "My good friend, send a son at once to the Hawkins street and get on the welfare roll." No decent citizen is entitled to work unless he has the stamp of approval of the Public Welfare Department.

We are only beginning to see the welfare recipients filing down there, when the Government that we supposed to be a better one is saying to these people in relief, "Get on the welfare roll before we consider your application." At a time when they need experience and training, at a time when they need more education than ever before, we are taking away from them the chance to get that education. I am sure that the directors and the welfare workers and public officials are aware of this. It is a disgrace that we have come to a point where that pride and dignity are lost and that the only man or woman who has a chance of going to work are those who are forced to go down to Hawkins street.

Do you know, Mr. President, that within two weeks' time, one of the high officials in this city, who is a member of the Public Welfare Board, found a man making an application there who had \$90,000 worth of property in the City of Boston. Check that one up—a man with \$90,000 worth of property. And they were about to accept his application when somebody raised the cry. Has the time come when people with that amount of real estate can get work down there?

These are serious times. These are times of increased rather than decreased welfare work, and if the Government insists on penalizing independent, frugal, courageous people, we should have experienced welfare workers so that we will not have welfare rolls so large that the entire financial structure of the city will collapse. It has got to stop, sir. We have to offer some incentive to these men and women who have so long stood out and tried to help themselves.

We know about some of these social service agencies. We heard of a social service agency that tried to break up the family, urged mothers to practise birth control. The same social service agency want more control. You are building up a Frankenstein. In this and every other city you are building welfare rolls controlled by social service workers, men like Arthur G. Rotch and Harry L. Hopkins. Today they will tell you that they have social serviced the situation 100 per cent. They are working towards that goal. Social service men under the leadership of Harry L. Hopkins are making this country a social service country and the public welfare rolls are fully in their control. We have to rise up and say that we will make a fight against taking that man who has struggled so long and making him a pauper before he can have the respectability of being recognized by the Federal Government. (Applause.)

Adjourned, on motion of Coun. DOWD, at 5.30 p. m., to meet on Monday, August 12 1935, at 2 p. m.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of St. Botolph street, Roxbury district, as a highway, from Gainsborough street westerly, bounded and described as follows:

An extension of the highway named St. Botolph street is hereby laid out, from Gainsborough street southwesterly for a distance of approximately two hundred and eighty feet, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Gainsborough street, fifty feet; southeasterly by the southeasterly line of said extension of said St. Botolph street as hereby laid out, by two measurements, ninety-six and 43-100 feet and one hundred ninety-three and 44-100 feet; southwesterly by the southwesterly line of said extension of said St. Botolph street as hereby laid out, fifty feet; and northwesterly by the northwesterly line of said extension of said St. Botolph street as hereby laid out, by two measurements, one hundred eighty-four and 66-100 feet and eighty-seven and 97-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of St. Botolph street, Roxbury district, as a highway, from Gainsborough street southwesterly for a distance of approximately two hundred and eighty feet, under the order of the Board of July 31, 1935, and awards no damages therefor.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

CITY OF BOSTON.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE.

PROPOSALS FOR FURNISHING METAL OFFICE FURNITURE.

The Overseers of the Public Welfare of the City of Boston invites proposals for furnishing metal office furniture according to specifications to be obtained from the office of the Board, first floor, 43 Hawkins street, Boston. *There will be a charge of twenty-five cents (25 cents) for each set of blank proposals taken out.* Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one fourth of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for one hundred (100) dollars payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Board, first floor, 43 Hawkins street, before 12 m. Wednesday, August 21, 1935, at which time and place they will be publicly opened and read. A duplicate proposal, without check, must be left with the City Auditor prior to the time stated for opening the bids. The Board of Overseers of the Public Welfare reserves the right to accept or reject any and all bids or any part of the bid and to award the contract in whole or in part. All contracts made subject to appropriations to meet the payments thereunder.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE,
JAMES A. McMURRY,
(Aug. 10-17.) *Chairman.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FRUITS AND VEGETABLES.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, fruits and vegetables, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of thirty cents (\$0.30) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Friday, August 23, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Aug. 10.) *Superintendent of Supplies.*

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

READVERTISEMENT.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR ERECTING AND COMPLETING THE WASHINGTON IRVING INTERMEDIATE SCHOOL FOR THE DEPARTMENT OF SCHOOL BUILDINGS, CITY OF BOSTON, MASS., NATIONAL INDUSTRIAL RECOVERY PROJECT, P. W. A., DOCKET NO. 4217 W. R.

Sealed proposals for erecting and completing the Washington Irving Intermediate School, in the district of West Roxbury, will be received by the Superintendent of Construction at the office of the Department of School Buildings, 11 Beacon street, Boston, Mass., until 2 o'clock p. m., daylight saving time, of Thursday, August 22, 1935, and at the place and time will be publicly opened and read. The proposal submitted to the Superintendent of Construction shall not be separated from the book of specifications. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City at the City Hall, School street, Boston, before the time for the opening of the proposals. Consideration shall be given to the fact that this is a project constructed and financed in part by grant under the terms of the National Industrial Recovery Act and chapter 366 of the Acts of 1933 of the Commonwealth of Massachusetts, as amended by chapter 21 of the Acts of 1934. The attention of bidders is directed to the construction regulations prescribed by the P. W. A. Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project. The employment agency designated by the Government for this project is Everett L. Hanna, Manager, 100 Nashua street, Boston, Mass. All bids must be accompanied by a certified check on a bank located in the Federal Reserve District (5), payable to the City of Boston, in the sum of \$30,000. The certified check shall be attached to the proposal, sealed and delivered to the Superintendent of Construction. The right is reserved to reject any or all proposals or to accept the proposal deemed best for the City of Boston. The certified check of the three lowest bidders will be retained until the contract has been signed by all interested parties. All other certified proposal checks will be returned not less than forty-eight hours after the date of the opening of the proposals. A bond of an approved surety company shall be given by the Contractor in the full amount of the entire contract price. The contract is subject to the approval of the Mayor. No award can be made without the approval of the State Engineer, P. W. A. Plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, 11 Beacon street, Boston, Mass. A deposit of a certified check for \$300, made payable to the City of Boston, will be required for each set of plans and specifications, said sum to be refunded if plans and specifications are returned not later than seven days after the opening of bids. Mutilation of the plans or the specifications shall be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
Superintendent of Construction,
Department of School Buildings.
(Aug. 10.)

THE SCHOOL COMMITTEE OF THE
CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING FOOTBALL UNIFORMS
AND SUPPLIES FOR THE BOSTON PUBLIC
SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing football uniforms and supplies for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Football Uniforms and Supplies." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Tuesday, August 20, 1935. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Aug. 10.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PLUMBING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for plumbing work at the Mary E. Curley School, Centre street, Jamaica Plain, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 p. m. of Monday, August 19, 1935, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder if specifications are returned prior to noon of August 26, 1935. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(Aug. 10.) Superintendent of Construction.

PROPOSALS FOR FURNISHING HARD AND SOFT
WOOD.

The Supply Department of the City of Boston invites proposals for furnishing to the Overseers of the Public Welfare Department, hard and soft wood, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Monday, August 19, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Aug. 10.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING BUTTER, EGGS, ETC.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, butter, eggs, etc., as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, August 21, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Aug. 10.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CHESTNUT COAL.

The Supply Department of the City of Boston invites proposals for furnishing to the Overseers of the Public Welfare Department and Soldiers' Relief Department chestnut size American anthracite, to be delivered in quarter and half ton lots, in 100-pound bags, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$250, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Tuesday, August 20, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(Aug. 10.) Superintendent of Supplies.

CITY OF BOSTON.

SCHOOL COMMITTEE.

EXAMINATIONS FOR CERTIFICATES OF
QUALIFICATIONS, AUGUST, 1935.

Boston Public Schools.—Examinations of candidates for certificates of qualification to serve as teachers in the public schools of Boston will be held in The Teachers College, Boston, beginning Monday, August 26, 1935.

Address all questions in regard to these examinations to Board of Examiners, 15 Beacon street, Boston.

PHILIP J. BOND,
(Aug. 10.) Chief Examiner.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Wednesday, August 21, 1935, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various city departments. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay. Hay must be no less than 40 per cent green. The grade of hay must comply with the federal hay grades, and No. 2 white oats to test no less than thirty-six pounds to bushel graded under federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposals to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No recommendations or stipulations submitted by the various bidders will be considered by the Superintendent.

WARREN W. LOOMIS,
(Aug. 10.) Superintendent of Supplies.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, AUGUST 17, 1935.

No. 33

MAYOR MANSFIELD FELICITATES HIS EMINENCE WILLIAM CARDINAL O'CONNELL UPON THE OCCASION OF HONOR BESTOWED BY FRANCE ON BOSTON'S FIRST CITIZEN — THE GRAND CROSS OF THE LEGION OF HONOR PRESENTED BY AMBASSADOR DE LABOULAYE OF FRANCE IN BRILLIANT CEREMONY WITH DISTINGUISHED CITIZENS SHARING IN EXERCISES — MAYOR MANSFIELD VOICES SENTIMENTS IN HEARTS OF BOSTON AND AMERICA IN TELLING OF ESTEEM IN WHICH NOTED DIVINE IS HELD BY ALL AND REJOICES THAT SUCH HONOR HAS COME TO BOSTON'S GREAT LEADER.

The following is the address of Mayor Mansfield upon occasion of presentation of Grand Cross of the Legion of Honor to His Eminence Cardinal O'Connell:

Your Eminence, My Lord Cardinal, Your Excellency, M. Andrew de Laboulaye, Your Excellency, Bishop Spellman.

It is with an acute sense of my very limited powers of expression that I venture to address you upon this momentous and most significant occasion. And yet, modest as my efforts may be, it is entirely fitting that I, as the chief executive officer of the City of Boston, should endeavor to convey to your Eminence and to your Excellency some intimation of the thoughts and emotions that fill the minds and hearts of every citizen of Boston upon this memorable day.

The City of Boston and all of its people are grateful to France for this well-deserved honor extended to our first citizen.

And while we know that the conferring of this high honor upon our distinguished Cardinal — the most exalted within the power of the Government of France to bestow — is in acknowledgment primarily of the aid, counsel, friendship and encouragement which he has extended so cordially to his French brethren in Portland and in Boston, yet we also know and keenly realize that it is in recognition, too, of a lifetime of labor for humanity, and that his Eminence's services for mankind in general, as well as for our French friends in particular, have thus been fittingly and signally crowned by one of the first and greatest governments in the world.

Great Qualities Known.

Your Excellency, we in Boston — yes, in America — have long known of the shining qualities of our beloved leader, of his charity, of his great faith, of his kindliness of heart, of the warmth of his nature and of his friendship, of his loyalty and devotion to his church and his ideals, of his intense patriotism, his love of liberty and of his native land, and his love for Boston, the chief scene of his labors.

And we have long known, too, of the remarkable qualities of his mind, as well as those of his heart, and we have admired and marveled at that wonderfully comprehensive grasp of the perplexing problems of the hour as they arise, of his native common sense and powers of reasoning, and of his keen far-sighted judgment, and of the brilliancy of his intellect, trained as it has been by so many decades of study, reflection and hard experience.

We knew of all this, your Excellency, and we also knew that all the world knew of it, but today we are deeply gratified to realize that that knowledge, that world awareness — if I may use the term — has crystallized into this striking expression of the esteem in which our beloved Cardinal is held by the important nations of the world.

For we like to think that this gracious act of your Excellency's highly esteemed government is indicative, not of the opinion of France alone, but of the whole civilized world, and that this honor conferred today by France eloquently expresses the admiration in which our Cardinal is held by all the peoples of the earth and by all nations.

And we are particularly pleased that this honor has come to us from the hands of France — France to whom the American people will always look with gratitude for its aid in the trying days of the struggle for American independence. France made us her debtor then — she continues to make us more indebted to her than ever by this gracious act of international comity and good will.

And may I say that in honoring our Cardinal you have honored us and that we thank you and your most respected government on behalf of Boston and the people of Boston.

And may I add, as Mayor of Boston, that I am greatly honored by being privileged to participate in this epoch-making event and to bring to your eminence the congratulations and felicitations as well as the cordial greetings of the City of Boston and to your Excellency the thanks of its people for thus honoring a great Cardinal, a great humanitarian, a great man and a great American citizen.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Meeting of the City Council Monday, September 9, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending August 10, 1935:

Population as of July, 1935, Massachusetts State Census, 820,190; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 129; nonresidents, 33; total, 162.

Death rate per 1,000 of population: All deaths, 10.55; nonresidents deducted, 8.40.

Death rate per 1,000 of population:

Last week, 10.81; corresponding week last year, 11.37.

Deaths by age periods, sex, etc.: Under one year, 10; one year to four years, inclusive, 3; sixty years and over, 85. Total deaths: Male, 84; female, 78; deaths in hospitals and institutions, 107; deaths of colored, 5.

MAYOR MANSFIELD TAKES MORNING PUBLICATION TO TASK FOR MISLEADING INFERENCES IN HEADLINE — SAYS USE OF TERM “JUGGLING OF FUNDS” IN PUBLISHED STORY TOTALLY UNWARRANTED — EXPLAINS ENTIRE PROCEDURE IN MATTER HAS BEEN IN KEEPING WITH BEST TRADITIONS OF CITY FINANCING AND ACCORDING TO LAW, RECORD BEING CLEAR AND DISTINCT.

The following letter on August 13 was addressed to the Boston *Herald* by Mayor Mansfield:

To the Editor of the Herald.

According to my understanding of the meaning of words in common use, the term “juggling” when applied to the handling of funds is associated with deception, trickery, cheating and underhanded practice. Because of this understanding I feel I must question the use of a headline which appeared on the front page of this morning’s issue of the *Herald* to the effect “‘Juggling’ Bared in Police Funds.”

While undoubtedly the term in question was included in the headline because of certain remarks made by Councilors Wilson and Shattuck during the meeting of the City Council yesterday afternoon, the official records of the city clearly indicate that the use of the term was totally unwarranted. The record is as follows:

DOCUMENTARY SUPPORT.

City Document No. 56, 1935, containing the message of the Mayor recommending budget appropriations to the City Council for the current financial year indicates on page 2 that of the total of budget recommendations submitted, \$8,000,000 was to be financed by loans; this sum to consist of \$2,000,000 from tax titles, and \$6,000,000 from borrowings under chapter 188 of the Acts of 1935. On page 3 the possibility of the necessity for an additional loan of \$1,000,000 for public welfare purposes before the end of the year was clearly pointed out.

On page 83 a notation at the bottom of the page indicates that the \$2,000,000 tax title loan had been allocated entirely to meet the salaries of patrolmen, such an allocation being in accordance with chapter 49 of the Acts of 1933 allowing tax title borrowings to be used for “ordinary maintenance purposes.”

The tax title loan was authorized by the City Council on April 15, 1935, and a first reading was given to the \$6,000,000 loan on May 13, 1935, but two weeks later, namely, May 27, 1935, this loan did not secure a sufficient number of votes to assure its passage, and consequently was defeated. This action by the Council created the following serious complication.

Under the financial procedure of the city, no expenses can be charged against a loan until the loan has received a second reading by the City Council, and has been approved by the Mayor. Five

million two hundred thousand dollars of the \$6,000,000 loan in question had been allocated for public welfare purposes. Defeat of the loan, therefore, meant that the appropriation recommended in the budget for welfare disbursements, namely, \$9,000,000, was automatically reduced to \$3,800,000.

Since the actual expenditures of the Welfare Department up to the end of May practically equalled this latter figure, it became absolutely necessary, if payment of welfare relief was not to be totally suspended, that action be taken immediately to increase the amount of the welfare appropriation originally recommended.

In a message sent by the Mayor to the City Council under date of May 29, 1935, which message was considered at considerable length by the committee on appropriations in executive session, certain adjustments in the original recommendations of the Mayor were proposed. Among these adjustments was a transfer from the item of patrolmen’s salaries to the Welfare Department of \$1,000,000, or one half of the contemplated proceeds of the tax title loan. This transfer or change in allocation was explained at length by the City Auditor to the Committee on Appropriations, of which committee Councilor Shattuck was chairman. The transfer or change in allocation was possible because the tax title loan had already been approved by the Council. Councilor Shattuck’s committee accepted my adjustment recommendations, and the budget adopted by the Council under date of June 3 (City Document 62, 1935) clearly reflected the change in allocation.

APPROPRIATIONS REDUCED.

The temporary reallocation of the \$1,000,000 reduced the appropriation for patrolmen’s salaries so that it now appears that on or about September 22 said appropriation will be completely exhausted. No one will question, I believe, the necessity for taking steps at this time to make certain that compensation of these guardians of public safety will be assured during the balance of the year.

The \$1,000,000 which it is now proposed shall be borrowed upon tax titles represents the ninth million to be borrowed for maintenance purposes in 1935. Thus the possibility pointed out by me in my original budget recommendations has actually become fact.

In my budget message to the Council, I stated that this large program of borrowing was necessary “in order to avoid the necessity for the declaration of a confiscatory tax rate, and in the absence of any other alternative.” Since the reason for this borrowing program was specifically outlined in the early part of this year the charge that this so-called “juggling” resulted in a 60 cent decrease in the 1935 tax rate is pure moonshine, the official record clearly indicating that there is not the slightest justification for any such charge.

As I have stated, the official record is clear and distinct on this whole matter. It is unfortunate that loss of memory on the part of two councilors should lead to the use of a term which is not only totally unwarranted, but which also tends to create an erroneous impression to the readers of your newspaper.

FREDERICK W. MANSFIELD, Mayor.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for plumbing work at the Mary E. Curley School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Superintendent of Construction, Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by

certified check in the sum of \$250, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, August 19, at 2 p. m.

Readvertises for proposals for erecting and completing the Washington Irving Intermediate School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, August 23, at 12 m.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for the period commencing Wednesday, August 7, and terminating Saturday, August 10, 1935, both inclusive, no operator of any truck which is incapable of making a speed of at least twenty miles an hour throughout the Sumner Traffic Tunnel shall proceed through said tunnel between the hours of 12.30 p. m. and 2.30 p. m.; and, further,

Voted, That whoever violates any of the provisions of the foregoing rule and regulation shall be punished by a fine not exceeding fifty dollars for each offence.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be two (2) days, vehicles are excluded from Victory road, Dorchester, between Mill street and Houghton street, effective August 9, 1935.

Voted, That as urgently required by considerations of public safety and convenience, for the period commencing Saturday, August 10, 1935, and terminating Friday, August 23, 1935, both inclusive, the following temporary rules are effective:

The operator of a vehicle proceeding in a southwesterly direction in Chelsea street, East Boston, shall make only a right turn from Chelsea street into Porter street.

The operator of a vehicle shall not make the following left turn:

Sumner Tunnel.

Into Cross street.

The operation of the automatic traffic signal at the intersection of Cross street and Hanover street is suspended.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage

construction, estimated to be three (3) weeks, the following temporary rules are effective August 13, 1935:

The operator of a vehicle proceeding in a northwesterly direction in Seaver street, Roxbury, shall make only a right turn from Seaver street into Walnut avenue.

Parking of vehicles is prohibited in Walnut park, northeast side, from Walnut avenue to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, the following rule which was adopted and was effective December 18, 1934, for a trial period of thirty (30) days, which was extended for thirty (30) days from January 18, 1935, and was extended for ninety (90) days from February 18, 1935, and was extended for ninety (90) days from May 18, 1935, is hereby extended for a further trial period of ninety (90) days from August 18, 1935.

The operator of a vehicle shall not make the following left turn:

From

Hanover Street.

Into Scollay square, southerly.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be eight (8) days, vehicles are excluded from Fellows street, Roxbury, between Randall street and Hunneman street, effective August 15, 1935.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 15-inch pipe (to be built in old taking) in Coffey street, between 470 feet west of Neponset avenue and 120 feet westerly, in the Dorchester district, at an estimated cost of \$990.

Twenty-five feet of surface drain of 12-inch pipe, one catch-basin and two manholes in Faneuil street, at Ruth street, in the Brighton district, at an estimated cost of \$990.

A surface drain of 12-inch Akron pipe and two catch-basins and connections in Vermont street, between Potomac street and Mt. Vernon street, in the West Roxbury district, at an estimated cost of \$990.

FIRE DEPARTMENT ORDERS.

General Order No. 37.

ADDITIONAL ASSIGNMENTS, HIGH PRESSURE.

On and after Wednesday, August 7, 1935, the following boxes will be added to the assignments for Division A, High Pressure, on receipt of which the pumps at High Pressure Station No. 1 will be operated: Box 123, Box 1235,

On and after the above date the pumps at High Pressure Station No. 1 will be started on receipt of all first alarms from the above boxes in the same manner as for all other boxes assigned to High Pressure Station No. 1.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

TRANSIT DEPARTMENT AND CITY PLANNING BOARD JOINTLY PRESENT TO MAYOR MANSFIELD THEIR REPORT ON REMOVAL OF ELEVATED STRUCTURE—DOCUMENT FOLLOWS REQUEST MADE BY CITY COUNCIL FOR INFORMATION AS TO COSTS AND DAMAGES.

The following is a copy of the joint report of Transit Department and the City Planning Board to Mayor Mansfield relative to the removal of the elevated structure:

BOSTON, July 30, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The Transit Department of the City of Boston and the City Planning Board submit herewith the following joint report with regard to the estimated cost of land damages and the estimated amount of betterment assessments in the event of the removal of the elevated structure and its replacement with a tunnel.

This report is submitted in accordance with the requests contained in the following order passed by the City Council at its meeting on July 15:

"Ordered, That his Honor the Mayor request the Transit Department and the City Planning Board to secure the following information: In the aggregate, what would be the total cost of land damages if the 'El' structure is removed and replaced with a tunnel, and how much the City of Boston would receive in betterment assessments."

The report is based upon studies previously made and estimates prepared by various groups as a result of legislative action in recent years. The material has been considered by representatives of the Transit Department and the City Planning Board, together with representatives of the Division of Metropolitan Planning at a conference on Tuesday, July 23, at which time there was unanimous agreement with regard to the most advantageous route to be followed in the event of the proposal being carried out.

The consideration of the project naturally divides into two parts, namely, that between Haymarket square and Sullivan square, Charlestown, and that between Nassau street, near Broadway, and Forest Hills.

For the part between Haymarket square and Sullivan square there seems to be but two practical routes to be considered, one following all the way along the line of the present elevated structure and the other described as follows: Beginning just north of Haymarket square where the present tracks begin to incline to rise to the elevated structure at the North Station, the tracks will be depressed and will pass under and at right angles to Causeway street, thence, curving slightly, will pass under private property owned by the Boston & Maine Railroad, thence will pass under the Charles river, then again under a corner of the Boston & Maine Railroad property into Warren street and City square,

thence under City square and both private and public property into Rutherford avenue, thence by the way of Rutherford avenue to Sullivan square, Charlestown, thence by an incline to the present elevated structure which runs to Everett. On this route there would be an underground station at Causeway street to replace the elevated North Station, a station at or near City square, Charlestown, and a surface station at Sullivan square to replace the present elevated structure. A station might be included between City square and Sullivan square.

This latter route, rather than the one following the line of the present elevated structure, is favored for the following reasons:

1. It avoids passing under the foundations of the Charlestown Bridge.
2. It avoids objectionable curves.
3. It eliminates the necessity of building a subway below the present elevated structure while that structure is in operation.

The estimate of cost of construction, including equipment, is \$10,400,000, and land damages \$600,000 additional.

The route unanimously favored for a new subway between Nassau street and Forest Hills is by the way of Washington street, following along the line of the present elevated structure. The cost of construction and equipment is estimated to be \$23,000,000. The subway along this route could be built such that no land damages for takings or easements would be required.

It should be noted that the assumption is made in this report that any real estate now belonging to the Boston Elevated Railway and occupied by the elevated structure may be available to be used as a right of way for underground structures without damages being paid to the Boston Elevated Railway. This land referred to is that which is occupied by the inclines of the present elevated structures from the Washington Street Subway not in public streets, the Sullivan square terminal and the Forest Hills terminal and car shops.

It is the unanimous opinion of the members of the Transit Department and of the City Planning Board that direct betterments could not be collected, but there would probably be an increase in the assessed valuation of the property along the routes over a term of years, thereby increasing revenue from taxes.

The total cost of construction of a subway from Sullivan square to Forest Hills, therefore, to replace the present elevated structure, is estimated to be \$34,000,000, of which only \$600,000, or less than 2 per cent, is for land damages.

Respectfully submitted,

THOMAS F. SULLIVAN,
Chairman, Transit Department.

FREDERIC H. FAY,
Chairman, City Planning Board.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, August 15:

HEALTH DEPARTMENT.

Ethel Fisher, cleaner at \$14 a week has been transferred to matron in the Park Department at \$22 a week.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital during the week ending Thursday, August 8:

Temporary.—James McWhorter, kitchenman, \$17.50 a week; Eugenia Karagenies, stenographer, \$12 a week; Walter Boyce, male nurse, \$32 a week; Allen Trant, kitchenman, \$17.50 a week.

The following change has occurred:

Ellen Corcoran, temporary wardmaid at \$15 a week to temporary charwoman at \$12 a week.

South Department.

Temporary.—Emelio Marabella Alfred Denno, Alfred DeForge, kitchenmen, \$17.50 a week.

Main Department.

Temporary.—Flora Hamilton, Ina Nulty, Ila Allen, Ella LeBlanc, Theresa McKenven, Frances Sullivan, special nurses, \$4.50 a day.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, August 8:

Francis J. Woods, supervisor, temporary, \$3 a day; Ferdinand Kelly, relief supervisor, temporary, \$4 a day; Joseph Monahan, waiter, \$14 a week, changed to choreman, \$17.50 a week; Mario DiBacco, waiter, \$14 a week; Martin Malloy, George Hodge, male nurses, patients, temporary, \$480 a year; Frank McLeer, Catherine Fowler, Edward Hulen, maids, patients, temporary, \$240 a year.

The following person has ceased to be employed: Arthur Powell, choreman, temporary, \$14 a week.

INSTITUTIONS DEPARTMENT.

The following changes in the personnel were made for the week ending Thursday, August 8:

Long Island Hospital.

Appointments: Helen E. Ryan, institution employee, waitress, \$316 a year, on account of transfer of Helen O'Connell; Leo F. Foley, institution employee, porter, \$526 a year, on account of transfer of George Richmond; Genevieve C. Hamilton, institution employee, waitress, temporary, \$316 a year, on account of transfer of Catherine Chaston; Anna M. Cunningham, institution employee, waitress, \$316 a year, on account of transfer of Catherine McLellan.

Transfers: Luke H. McCarthy, engineer, temporary, \$40 a week and board, from helper, \$200 a year, at \$800 a year temporary, on account of resignation of Thomas Grady; Helen O'Connell, institution employee, housemaid, temporary, \$500 a year, from waitress at \$316 a year; Natalie Conroy, institution employee, attendant, \$800 a year, from housemaid at \$500 a year.

Course Completed: Mary W. Higgins, Winifred M. Kelly, student nurses, \$600 a year.

Steamers "Hibbard" and "O'Meara."

Appointment: John J. Colombo, deck-hand, \$1,700 a year, temporary, due absence of Herbert Cornbloom.

LAW DEPARTMENT.

Anna F. Panska has been appointed temporary telephone operator in the Law Department at \$18 a week, for a period of two weeks, commencing Monday, August 19.

MUNICIPAL EMPLOYMENT BUREAU.

Margaret M. Crowe has been appointed a temporary clerk at \$22 a week.

PARK DEPARTMENT.

Approval has been given for the temporary employment as matron until September 15, of Elizabeth E. Costello, at \$22 a week, from Friday, August 9.

Approval has been given for the emergency employment, due to extreme weather conditions, of Dennis Geaney, as lifeguard, at \$5 a day, on August 2, 3 and 4.

Approval has been given for the emergency employment of the following men on July 13 at \$5 a day: George F. McGowan, Frank Rychlak.

Approval has been given for the increase in salary for Robert F. Mulvey, from gardening laborer at \$5 to zoo attendant at \$5.50 a day.

Approval has been given for the temporary employment, for a period of ten days, of Anna Herbon as laundress, at \$22 a week, effective from August 8.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Approval has been given to transfer John J. O'Toole, officer at Deer Island, Penal Institutions Department, to this department as tollman-guard at the Sumner Tunnel, \$5.50 a day, seven days a week, to fill a permanent vacancy in that division, effective August 16, 1935.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given to continue the temporary employment of the following as rodmen at \$20 a week for three months from August 16, in paving service: Robert O. Thompson, Charles A. LeVengie.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Approval has been given to promote Edward T. Duffy, teamster-laborer in the Sanitary Division at \$5 a day, to inspector of sanitary street cleaning at \$1,700 a year, to fill a permanent vacancy and to take effect August 9.

PUBLIC WORKS DEPARTMENT (Sewer Service).

William J. Nutley, foreman in the Sewer Division who has been retired to take effect at the close of work July 31, has been continued in employment for an additional period of fifteen (15) days from August 1, to clean up odds and ends of his work and also to instruct his successor in the duties, etc., at the Moon Island sewage disposal plant. His wages to be at the rate of \$2,500 a year.

Approval has been given to appoint the following as temporary oilers, for three months at \$41.50 a week, at the

Calf Pasture pumping station, effective August 9: John L. McGovern, Roy A. McPherson.

Approval has been given to appoint John J. Bardon as a temporary fireman, at \$41.50 a week for three months, effective August 9, at the Calf Pasture pumping station.

PUBLIC WORKS DEPARTMENT (Water Service).

Approval has been given to appoint Harold F. Lampron, as temporary clerk-stenographer at \$1,000 a year for three months in the Water Division, effective August 9.

PUBLIC WORKS DEPARTMENT (Water Income Division).

Approval has been given to appoint George F. Beeman, as temporary plumber for three months at \$6 a day in the Water Income Division, effective August 16, 1935.

SOLDIERS' RELIEF DEPARTMENT.

Guy Joyce has been appointed to the position of statistical clerk, for a period of three months beginning Saturday, August 10, at \$1,000 a year.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

POLICE SERVICE (MALE).

CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, OCTOBER 5, 1935.

Last date for filing applications, Saturday, September 21, 1935, at 12 noon.

BOSTON AND METROPOLITAN DISTRICT, OCTOBER 19, 1935.

Last day for filing applications, Saturday, October 5, 1935, at 12 noon.

This is the regular examination for police service for state, all cities and such towns as are classified under civil service.

NOTE.—Applicants for any city or town police department who desire to have their names placed on the eligible list for Metropolitan police service must so signify when filing application.

On October 5 the examination will be held in various centrally located cities. On October 19 the examination will be held in Boston and all persons who live within commuting distance will be notified for the examination on this day.

Chapter 153 of the Acts of 1935 provides that no person shall be appointed as an officer or member of the Boston police force unless he has been a resident of said city for at least two years immediately preceding the date of his appointment.

Applicants for the police service of Boston and Metropolitan Park are required to be not less than twenty-five nor over thirty-five years of age at the time of filing their applications and must be not less than 5 feet eight inches in height in bare feet, and weigh not less than 135 pounds without clothing.

Applicants for Metropolitan Park police service must be able to swim and will be given practical tests in swimming.

Applicants for service in the cities and towns outside of Boston are required to be not less than 5 feet 7 inches in height, not less than 135 pounds without clothing, and not less than twenty-

one nor over forty years of age at the time of filing applications, except in those cities which have provided for the retirement of police officers by pension under statute, in which cases applicants shall be not less than twenty-one nor over thirty-five years of age.

A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; general information, 2; memory test, 1; practical questions, 4; total, 10.

Physical fitness to be determined by physical examination and strength tests.

Educational test, 3; physical test, 2; total, 5.

Applicants will be required to obtain at least 50 per cent in general information and in memory test; at least 60 per cent in practical questions, and at least 70 per cent in training and experience, in the educational average, and the strength test, in order to become eligible.

The practical questions will be based largely upon information contained in a manual known as the "Blue Book". This manual may be obtained from the Secretary of State, Room 118, State House, at ten cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

CIVIL SERVICE EXAMINATIONS. (STATE.)

LOCOMOTIVE INSPECTOR, DEPARTMENT OF PUBLIC UTILITIES, SEPTEMBER 21, 1935.

Last day for filing applications, Saturday, September 7, 1935, at 12 noon.

The minimum salary is \$2,400 a year; the maximum salary is \$2,940 a year.

Duties: Under general supervision to make examination of locomotives and locomotive boilers in the enforcement of laws and regulations governing public utilities and to perform related work as required.

Applicants should have experience in mechanical engineering and the maintenance of locomotives and other railroad equipment.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness as determined by an oral interview, 3; total, 10.

Passing Requirement: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

James Chesaroni has been granted an extension of the time of completion of the contract for building sewerage works for the outlet for Hyde Park avenue in New York, New Haven & Hartford Railroad land, between Neponset river and Hyde Park avenue, Hyde Park, from July 22, 1935, to August 21, 1935.

This extension is requested because of the time lost during a severe winter and wet spring, when it was impossible to make the necessary progress to complete the contract within the time limit.

OVERSEERS OF THE PUBLIC WELFARE, CITY OF BOSTON.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon August 9 the Mayor approved a contract with William F. Henderson for furnishing and installing automatic temperature control pumps for various schools. Bids, opened July 26, were as follows:

William F. Henderson, \$1,690; Powers & Mehegan Company, \$1,900; Johnson Service Company, \$2,785; The Powers Regulator Company, \$3,506.

Upon August 9 the Mayor approved contracts with the Hodge Boiler Works for repairing and retubing boilers in various schools. Bids, opened August 5, were as follows:

The Hodge Boiler Works, \$5,986; Daniel Russell Boiler Works, \$6,279; Mills Engineering Sales Company, \$6,432.

Upon August 9 the Mayor approved a contract with J. L. Hammett Company for steel lockers at the Roxbury Memorial High School for Boys. Bids, opened August 8, were as follows:

Item No. 1.—J. L. Hammett Company, \$2,742.90; Fred Medart Manufacturing Company, Thorp and Martin Company, agents, \$2,742.90; International Engineering Works, Incorporated, \$2,742.90; Art Metal Construction Company, \$2,742.90; Hart & Hutchinson Division of Tuttle & Bailey, Incorporated, \$2,742.90; The Berger Manufacturing Company of Massachusetts, \$2,742.90; All Steel Equipment Com-

pany, Incorporated, \$2,742.90; Lyon Metal Products, Incorporated, \$2,742.90
Alternate No. 1.—J. L. Hammett Company, \$2,562.90; Fred Medart Manufacturing Company, Thorp and Martin Company, agents, \$2,562.90; International Engineering Works, Incorporated, \$2,562.90; Art Metal Construction Company, \$2,562.90; Hart & Hutchinson Division of Tuttle & Bailey, Incorporated, \$2,562.90; The Berger Manufacturing Company of Massachusetts, \$2,562.90; All Steel Equipment Company, Incorporated, \$2,562.90; Lyon Metal Products, Incorporated, \$2,562.90
Alternate No. 2.—J. L. Hammett Company, add \$98; International Engineering Works, Incorporated, add \$104; Art Metal Construction Company, on a time and material basis for repairs;

Alternate No. 1.—Dudley S-630 locks instead of Ileo No. 4075 as called for in specifications.
Alternate No. 2.—Repairs and replacements as called for in specifications.

These bids do not include repairs to present lockers at the school as called for in the specifications.

Upon August 12 the Mayor approved a contract with Travers-Sandell, Incorporated, for painting, masonry, etc., at the Girls High School. Bids opened August 5, were as follows:

Vincenzo Pulcizi, \$2,125; Travers-Sandell, Incorporated, \$2,608; Arthur M. Tobin, \$3,400; Maurice M. Devine, Incorporated, \$3,500; P. J. Cantwell & Son, \$3,870; J. J. Callahan, \$4,000; Martin DeMatteo, \$4,133; Carilli Construction Company, \$4,217; National Waterproofing Company, \$8,316.

Upon August 12 the Mayor approved a contract with Charles G. Kelliher for fire

escapes at the Benjamin Pope School. Bids, opened July 22, were as follows:

Charles G. Kelliher, \$2,624; American Architectural Iron Company, \$2,790; Hub Steel and Iron Works, Incorporated, \$2,893; Carilli Construction Company, \$3,142; P. J. Cantwell & Co., \$3,232; M. Solimando, \$3,321; Federal Contracting Company, Incorporated, \$3,357; West End Iron Works, \$3,587.*

* Will allow 3 per cent per pound on all material which is used from salvage described in specifications.

PUBLIC WORKS DEPARTMENT (Ferry Service.)

Upon August 12 the Mayor approved a contract with the Quincy Dry Dock & Yacht Corporation for repairing hull, etc., of ferryboat "General Sumner." The following bids were received July 30:

Quincy Dry Dock & Yacht Corporation, \$6,445; The Marine Company, \$6,710.60; Bethlehem Shipbuilding Corporation, Limited, \$8,913.

SCHOOL COMMITTEE.

The School Committee has approved contracts for furnishing art education and manual training supplies for Boston public intermediate and elementary schools. Bids, opened Tuesday, May 14, were received from the following concerns:

Arnold-Roberts Company; E. E. Babb & Co.; Barrett-Brown, Incorporated; Boston Envelope Company; Milton Bradley Company; Carter Rice & Co., Incorporated; Columbia Mills, Incorporated; Fellowcrafters, Incorporated, Fort Hill Paper Company; H. R. Giger, Limited; Gledhill Brothers, Incorporated, J. L. Hammett Company; Hurlbert & Hatfield Company; B. L. Makepeace, Incorporated; D. F. Munroe Company; Papercrafters, Incorporated; Pohlmeier Brothers; M. M. Ross Company; Spaulding-Moss Company; Wadsworth-Howland Company; Warrenton Hardware Company; Henry S. Wolkins Company.

Awards were made to the lowest bidders in accordance with specifications and contracts executed as follows:

July 15, 1935, E. E. Babb & Co., \$3,876.93; July 19, 1935, Milton Bradley & Co., \$10,797.02; July 16, 1935, Gledhill Brothers, Incorporated, \$4,725; July 15, 1935, J. L. Hammett Company, \$3,692.51; July 15, 1935, M. M. Ross Company, \$737; July 15, 1935, Henry S. Wolkins Company, \$2,143.79.

The School Committee has approved contracts for furnishing art education and mechanical drawing supplies for Boston public high and special schools. Bids, opened Wednesday, May 22, received from the following concerns:

E. E. Babb & Co.; Milton Bradley Company; Eugene Dietzgen & Co.; Fellowcrafters, Incorporated; H. R. Giger, Limited; Gledhill Brothers, Incorporated; J. L. Hammett Company; John Henschel & Co., Incorporated, B. L. Makepeace, Incorporated; M. M. Ross Company; Spaulding Moss Company; Technical Supply Company; Wadsworth-Howland & Co., Incorporated; Henry S. Wolkins Company.

Awards were made to the lowest bidders as follows:

July 29, 1935, M. M. Ross Company, \$973.84; July 31, 1935, Henry S. Wolkins Company, \$1,416.88; August 1, 1935, Eugene Dietzgen & Co., \$1,300.00; August 5, 1935, Milton Bradley Company, \$1,285.99.

The School Committee has approved contracts for furnishing Toilet Paper in Rolls for Boston Public Schools. Bids opened Tuesday, June 4, were received from the following concerns:

Carter Rice & Co., Corporation; H. J. Dowd Company, Incorporated; Fort Hill Paper Company; Hurlburt & Hatfield; M. A. King Company; D. F. Munroe Company; Stone & Forsyth Company; Woodland Paper Products.

Award was made to M. A. King Company, under date of July 29, 1935. Tabulation follows:

Toilet Paper, Per Carton.—Carter Rice & Co., Corporation, \$2.75; H. J. Dowd Company, Incorporated, \$2.48; Fort Hill Paper Company, \$2.60; Hurlburt & Hatfield, \$2.67; M. A. King Company, \$2.30*; D. F. Munroe Company, \$2.61; Stone & Forsyth Company, \$2.41; Woodland Paper Products, \$2.112.†

Cash Discount.—Carter Rice & Co., Corporation, 2 per cent, thirty days; H. J. Dowd Company, Incorporated, 2 per cent, thirty days; Fort Hill Paper Company, 2 per cent, ten or thirty days; Hurlburt & Hatfield, 2 per cent, ten days or tenth of following month; M. A. King Company, 2 per cent, ten days; D. F. Munroe Company, 2 per cent, thirty days; Stone & Forsyth Company, 2 per cent, ten or thirty days; Woodland Paper Products, 2 per cent, ten days.

Delivery.—Carter Rice & Co., Corporation, no delivery date given in section 1, bid defective; H. J. Dowd Company, Incorporated, deliver on or before June 20, 1935; Fort Hill Paper Company, deliver on or before July 10, 1935, or within one week after receipt or order; Hurlburt & Hatfield, deliver on or before ten days after receipt of order; M. A. King Company, deliver as wanted; D. F. Munroe Company, deliver on or before thirty days; Stone & Forsyth Company, deliver on or before fourteen days; Woodland Paper Products, deliver on or before two weeks.

* Contract awarded for 400 cartons only.

† Evidently the total for the 800 carton—the unit price should be \$2.64.

The School Committee has approved a contract for furnishing groceries for the Boston public schools. Bid, opened Tuesday, July 2, and contract was awarded to S. S. Pierce Company, the sole bidder, under date of July 23, for the amount of \$2,961.58.

SUPPLY DEPARTMENT.

Upon August 9 the Mayor approved a contract with J. P. O'Connell Company for 214 cubic yards of ready mixed concrete for Park Department Project No. 2235-B15-338 (Franklin Field Locker Building). Bids received, as follows:

The Whittemore Company, \$6.50 per net cubic yard, total, \$1,391; J. H. McNamara & Son, \$6.50 per net cubic yard, total, \$1,391; Boston Sand and Gravel Company, \$6.50 per net cubic yard, total, \$1,391; J. P. O'Connell Company, \$6.50 per net cubic yard, total, \$1,391.

Upon August 12 the Mayor approved a contract with the Mechanics Iron Foundry for iron castings and bronze fittings for the Sewer Division. Bids opened August 7, were as follows:

One bid only, that of the Mechanics Iron Foundry, of Roxbury, Mass., was received.

Approximate Amounts on all Items.

Item 1, Class A, 99,420 Pounds Common Castings, Per Pound—Mechanics Iron Foundry Company, 2.2 cents.

Item 1, Class D, 14,300 Pounds Catch-basin Traps and Pipe Inlets, Excepting Bronze Parts, Per Pound—Mechanics Iron Foundry Company, 5.5 cents.

Item 2, 125 Bronze Pins, Including Drilling of Castings and All Incidental Work, Per Pin—Mechanics Iron Foundry Company, 30 cents.

Item 3, 100 Pounds Bronze Fittings, Bolts, Nuts, etc., Including All Machine Work, Fitting and Placing and All Incidental Work, Per Pound—Mechanics Iron Foundry Company, 60 cents.

Item 4, 100 Pounds, Tobin Bronze, or Equivalent, Including All Machine Work, Fitting and Placing, and All Incidental Work, Per Pound—Mechanics Iron Foundry Company, 55 cents.

Approximate total, \$3,126.24.

Upon August 12 the Mayor approved a contract with the New England Electric Supply Company of Boston. A communication from the Superintendent of Supplies reads as follows:

BOSTON, August 6, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Publicly advertised bids on twelve months' supply of incandescent lamps were opened and read in the Supply Department on July 8, 1935.

The lowest of the bids received and shown on the attached summary is that filed by the Birdseye Electric Company, Incorporated, of Gloucester, with a discount of 50 per cent from standard list on both standard and broken package quantities. It is my understanding, however, that the Birdseye Electric Company has been manufacturing new incandescent lamps for only a comparatively short time (about three months). I, therefore, believe that although this company is the low bidder on this contract, the interests of the City of Boston will be better served if lamps produced by a manufacturer who has had longer manufacturing experience are purchased.

The second lowest bid was filed by the Voye Electric Company, of Boston, with a discount of 42 per cent on standard package quantities and 32 per cent on broken package quantities. As it will be the policy of the Supply Department to order in standard package lots, the discount of 42 per cent will apply in practically all cases.

It is my opinion that only those lamps which conform to the requirements of the Bureau of Standards and are therefore acceptable for purchase by the Procurement Division of the Federal Government should be purchased by the City of Boston.

In spite of considerable correspondence with the Director of the Bureau of Standards of the Department of Commerce, at Washington, I have not been able to secure definite information that lamps offered either by the Birdseye Electric Company, the low bidder, or by the Voye Electric Company, the second low bidder, meet the requirements of this Bureau.

Among several other makes, the "Hygrade" lamp, manufactured by the Hygrade-Sylvania Corporation, in Salem, Mass., meets the requirements outlined above.

These lamps are offered by the New England Electric Supply Company of Boston at prices which are as low as any bid received on lamps of acceptable quality.

As this make of lamp has been supplied by this contractor during the last contract

period and has been found satisfactory I respectfully request your approval of the award of this contract, amounting to approximately \$5,000, to them.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, August 8, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Supplementing my letter of August 6, 1935, regarding bids opened on incandescent lamps, on July 8, 1935, I wish to advise as follows:

Incandescent lamps are purchased on a list and discount basis, that is, a list price standard with all manufacturers for each size and type of lamp, to which list the various discounts quoted in the proposals apply.

According to Supply Department records, the list price value of lamps purchased from May 15, 1934, to June 1, 1935, through the Supply Department, was approximately \$14,000 which, less the contract discount, equals a net value of approximately \$9,000.

Assuming that purchases under this proposed contract may gross approximately \$12,000 (list prices have been reduced an average of 15 per cent) and, further, assuming that all purchases are made in standard packages, as intended, the approximate total amounts of the three lowest bids will be as follows:

Trade Name of Lamp.—Birdseye Electric Company, Birdseye; Voye Electric Company, Hub; New England Electric Supply Company, Hygrade.

Gross Amount of Contract.—Birdseye Electric Company, \$12,000; Voye Electric Company, \$12,000; New England Electric Supply Company, \$12,000.

Discount.—Birdseye Electric Company, 50 per cent; Voye Electric Company, 42 per cent; New England Electric Supply Company, 35 per cent.

Approximate Net Amount.—Birdseye Electric Company, \$6,000; Voye Electric Company, \$6,960; New England Electric Supply Company, \$7,800.

Extra Cost.—Voye Electric Company, \$960; New England Electric Supply Company, \$1,800.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

Bids were as follows:

Privilege of Purchasing on Same Terms and Conditions Extended to July 31, 1936. Large Incandescent Lamps—to the Amount of \$5,000.

Discounts from List, Standard Package Quantity.—Incandescent Lamp Department of General Electric Company, 31 per cent; Birdseye Electric Company, Incorporated, 50 per cent; New England Electrical Supply Company, 35 per cent; Bay State Electric Supply Company, 35 per cent; Wetmore-Savage, Division of Westinghouse Electric Supply Company, 31 per cent; Milhender, Incorporated, 38 per cent, 50 per cent, alternate; Lednew Sales Company, 40 per cent; The Hardy Company, 35 per cent; Charles L. Devoe Company, Incorporated, 31 per cent; Graybar Electric Company, 31 per cent; Voye Electric Supply Company, 42 per cent; American Electric Supply Company, 35 per cent; Simons Brothers Company, 35 per cent; Cutter, Wood & Sanderson Company, 35 per cent; Ralph Pill Electric Supply Company, Incorporated, 35 per cent; Eagle Electric Supply Company, 35

per cent; 31 per cent, alternate bid No. 1, 41 per cent, alternate bid No. 2; Massachusetts Gas and Electric Light Supply Company, 31 per cent; 35 per cent, alternate bid.

Discounts from List Broken Package Quantity.—Incandescent Lamp Department of General Electric Company, 21 per cent; Birdseye Electric Company, Incorporated, 50 per cent; New England Electrical Supply Company, 25 per cent, f. o. b. warehouse; Bay State Electric Supply Company, 25 per cent; Wetmore-Savage, Division of Westinghouse Electric Supply Company, 21 per cent; Milhender, Incorporated, 31 per cent; 45 per cent, alternate; Lednew Sales Company, 30 per cent; The Hardy Company, 25 per cent; Charles L. Devoe Company, Incorporated, 21 per cent; Graybar Electric Company, 21 per cent; Voye Electric Supply Company, 32 per cent; American Electric Supply Company, 25 per cent; Simons Brothers Company, 25 per cent; Cutter, Wood & Sanderson Company, 25 per cent; Ralph Pill Electric Supply Company, Incorporated, 25 per cent; Eagle Electric Supply Company, 25 per cent; alternate bid No. 1; 21 per cent, alternate bid No. 2; 41 per cent, alternate bid; Massachusetts Gas and Electric Light Supply Company, 21 per cent, alternate bid 25 per cent.

Kind of Lamps.—Incandescent Lamp Department of General Electric Company, Mazda; Birdseye Electric Company, Incorporated, Birdseye; New England Electrical Supply Company, Hygrade; Bay State Electric Supply Company, Hygrade; Wetmore-Savage, Division of Westinghouse Electric Supply Company, Westinghouse Mazda; Milhender, Incorporated, General Electric Mazda Northern, alternate; Lednew Sales Company, Lednew; The Hardy Company, Champion; Charles L. Devoe Company, Incorporated, Mazda; Graybar Electric Company, General Electric, Mazda; Voye Electric Supply Company, Hub; American Electric Supply Company, Champion; Simons Brothers Company, Champion; Cutter, Wood & Sanderson Company, Hygrade; Ralph Pill Electric Supply Company, Incorporated, Hygrade; Eagle Electric Supply Company, Hy-Grade; alternate bid No. 1; Mazda, alternate bid No. 2; Hub; Massachusetts Gas and Electric Light Supply Company, Westinghouse Mazda, alternate bid, Champion.

Cash Discount, Ten Days.—Incandescent Lamp Department of General Electric Company, 2 per cent 30 days net; Birdseye Electric Company, Incorporated, 2 per cent; New England Electrical Supply Company, 2 per cent; Bay State Electric Supply Company, 2 per cent; Wetmore-Savage, Division of Westinghouse Electric Supply Company, 2 per cent; Milhender, Incorporated, 2 per cent, 2 per cent, alternate; Lednew Sales Company, 2 per cent; The Hardy Company, 2 per cent; Charles L. Devoe Company, Incorporated, 2 per cent; Graybar Electric Company, 2 per cent; Voye Electric Supply Company, 2 per cent; American Electric Supply Company, 2 per cent; Simons Brothers Company, 2 per cent; Cutter, Wood & Sanderson Company, 2 per cent; Ralph Pill Electric Supply Company, Incorporated, 2 per cent; Eagle Electric Supply Company, 2 per cent; alternate bid No. 1; 2 per cent, alternate bid No. 2; 2 per cent, alternate bid Massachusetts Gas and Electric Light Supply Company, 2 per cent; alternate bid, 2 per cent net 30 days.

Remarks.—Incandescent Lamp Department of General Electric Company,

both copies filed at Supply D, Birdseye Electric Company, Incorporated, no price schedule included, Bay State Electric Supply Company, no letter re requirements of Federal specifications; Wetmore-Savage, Division of Westinghouse Electric Supply Company, no letter re requirements of Federal specifications; Milhender, Incorporated, bid withdrawn, see letter; check not certified, no letter re requirements of Federal specifications; no cash discount in auditor's copy; Cutter, Wood & Sanderson Company, auditor's copy filed at Supply Department; Massachusetts Gas and Electric Light Supply Company, no letter in re requirements of Federal specifications.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms and contractors for supplies and labor, etc. Communications from the heads of the several departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, August 9, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MANSFIELD,—The trustees of the Public Library of the City of Boston request your permission to award a contract for the reconstruction of the parapet wall along the roof of the North Bennet street facade of the North End branch building of the library without public advertising for bids.

Under the terms of the proposed contract the sum to be expended would not exceed (\$1,265.).

This action is based upon reports of an inspector from the office of the Superintendent of Public Buildings and a study of the conditions by the architects of the building, Messrs. Maginnis & Walsh, to the effect that immediate action is advisable.

Due to the great weight of certain ornamental stone castings and the action of rains causing erosion of the mortar the supporting brick construction of the parapet has weakened, causing thereby a pitching forward of the entire parapet to an extent deemed dangerous.

The figure quoted above as the outside cost of the work is the lowest of three bids which have been obtained directly without public advertising, namely, as follows:

Rugo Construction Company, Incorporated, \$1,265; M. Spinelli & Sons Company, Incorporated, \$1,435.50; M. H. Loonie, \$2,775.

Permission is requested to act without further delay and award this contract to the Rugo Construction Company, Incorporated, at the sum of \$1,265.

Very respectfully,

TRUSTEES OF THE PUBLIC
LIBRARY OF THE CITY OF BOSTON.
by F. W. BUXTON,
President.

OVERSEERS OF THE PUBLIC WELFARE.

BOSTON, August 10, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR, The Board of Overseers of the Public Welfare respectfully request your permission to award a contract without advertising, to William J. Gormely, 2660 Washington street, Roxbury, and to Thomas D. Russell, 1409 Dorchester avenue, Dorchester, for burials of poor persons who have no one to assume the cost of their burials at the

following rates: \$15 for persons under sixteen years of age and \$25 for persons over sixteen years of age of which \$1.50 in the first case and \$3 in the latter is paid for opening the grave at Mt. Hope Cemetery. This fee includes an honorarium of \$1.50 for religious services for religious services for persons under sixteen years of age and \$2 for religious services for persons over sixteen years of age.

We find upon investigation that it is inadvisable to advertise publicly for bids for this work as it is impossible to state with exactitude the number of burials each year and because it is imperative that only responsible morticians be employed to bury in a decent fashion the poor of our city.

Yours truly,

JAMES A. MCMURRY,
Chairman.

PUBLIC WORKS DEPARTMENT (Paving Service.)

BOSTON, August 1, 1935.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract without advertising, for resurfacing Norfolk avenue, from Shirley street to a point about 190 feet southeast of New York, New Haven and Hartford Railroad, Roxbury, to Samuel J. Tomasello Corporation, 15 Bay street, Dorchester, at an estimated cost of approximately \$5,700. This contract is made necessary due to the fact that sewer construction caused the removal of the original pavement, and as the Tomasello concern constructed this street under a contract, and has a five-year guarantee on same, said concern is the only one who can restore this pavement under said guarantee. The pavement is in poor condition and may occasion law suits if not permanently repaved in the immediate future, and the price is considered fair and satisfactory.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, July 27, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Linscott Sales and Service Company of Boston, for furnishing to the Water Service, Public Works Department, the following:

One 1935 Reo coach, fully equipped, at \$945; less discount for trade in of one 1931 Pontiac sedan, Motor No. 805613, at \$125; total net, \$820.

As the Linscott Sales and Service Company are the manufacturer's representatives for this car, no advantage would accrue from publicly advertising for same.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, August 5, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Under date of April 8, 1935, the City of Boston entered into a contract with the Thomas W. Reed Company relative to the purchase of surgical dressings for delivery to the various city departments.

Included in the contract is the following clause:

"It is agreed that the City of Boston, with the approval of the Mayor, and the consent of the contractor, may, beginning August 15, 1935, continue to purchase upon the same terms and conditions as aforesaid, such quantities of said materials as may not have been ordered up to and including August 15, 1935. This privilege may be extended to December 31, 1935."

I respectfully request that you approve the purchase on behalf of the City of Boston, pursuant to the above-quoted option, upon the same terms and conditions as are stated in said contract, such quantities of surgical dressings referred to therein, as may not have been ordered up to and including August 15, 1935, for the extended period permitted thereby, to wit, to December 31, 1935.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

Earth Fill, World War Park, Park Department Project No. 2235-B12-29, Requisition No. A-870.

BOSTON, August 9, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

The following bids were received August 7, 1935, on 2,000 cubic yards of Earth Fill:

John Deveney, 75 cents a yard, total, \$1,500; M. McGinnis Company, 85 cents a yard, total, \$1,700, cash discount, ten days, 1 per cent; R. E. Cuniff, Incorporated, 68 cents a yard, total, \$1,360, cash discount, 10 days, 2 per cent.

The following firms were given an opportunity to bid, but did not do so, J. A. Singarella, Coleman Brothers.

I respectfully request your permission to award this contract to the low bidder, R. E. Cuniff, Incorporated, without advertising. Contract amounts to approximately \$1,360.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridle and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway.

About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

SOLDIERS' RELIEF DEPARTMENT REPORT FROM COMMISSIONER CHARLES H. CAREY SHOWS LESSENING OF BURDENS IN JUNE AND JULY.

The Mayor has received the following communication from Charles H. Carey, Soldiers' Relief Commissioner, showing department operations for the months of June and July:

August 9, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of the City of Boston.

SIR,—I have the honor to submit Soldiers' Relief Department report for the month of July, 1935.

RELIEF EXPENDITURES COMPARISON.

EXTRA WORK UNDER CONTRACT.

A. Piatelli and C. Di Martino have been directed to perform the following extra work under the contract for building sewerage works, Stony brook, Section 12, between 150 feet northwest of Florence

street and Neponset avenue, West Roxbury. Items ordered: Build pump well at station 54 + 60 + — and pump additional water due to dipping structure 12 inches in last 48 feet to meet grade at Section 13. Although this is in addition to the work contemplated in the original contract it is incidental thereto. Estimated cost of extra work, \$155.

PROCEEDINGS OF SCHOOL COMMITTEE.

July 24, 1935.

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7.37 o'clock P. M., the Chairman presiding.

Present: Messrs Hurley, Lyons, Mackey, Sullivan, and Tobin.

APPROVAL AND AMENDMENTS OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

On motion, the minutes of previous meetings were amended as follows:

Nov. 26, 1934, on page 217, to provide that the appointment from the eligible list of William G. Anderson, as shop instructor, eighth year, in the Boston Trade School, to take effect Dec. 10, 1934, shall read "fifth year."

Nov. 26, 1934, on page 217, and Feb. 18, 1935, on page 23, to provide that the appointment from the eligible list of Robert V. Dandrow, as shop instructor, fifth year, to take effect Dec. 10, 1934, shall read "second year."

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

DEATHS

The Superintendent reported the deaths of the following-named teachers:

English High School—Angus J. Chisholm, junior master, July 2, 1935.

High School of Practical Arts—Constance Billings, assistant, July 7, 1935.

Placed on file.

The Superintendent reported the death of the following-named secretary:

Girls' High School—Margaret E. McDermott, secretary, July 18, 1935

Placed on file.

The Superintendent reported the death of the following-named teacher who had been retired on pension:

East Boston High School—Gracia E. Read, June 27, 1935.

Placed on file.

The Superintendent reported the death of the following-named teacher, who had been retired under the provisions of the Boston Retirement Sys em:

Francis Parkman District—Mary E. Roome, July 7, 1935.

Placed on file.

RESIGNATIONS

The following resignations reported by the Superintendent to take effect on the dates stated were presented:

Dillaway District—Mary E. Hutchens, assistant, intermediate, Aug. 31, 1935; Barbara M. Mulcahy, assistant, elementary, Aug. 31, 1935

Donald McKay Intermediate District—Ida F. Revis, assistant, intermediate, Aug. 31, 1935.

Dudley District—Lillian Dosick, assistant, elementary, Aug. 31, 1935.

Julia Ward Howe District—Marion Goldstein, assistant, elementary, Aug. 31, 1935.

Mather District—Hazel L. Jameson, assistant, elementary, Aug. 31, 1935.

Quincy District—Marion C. Kieran, assistant, elementary, Aug. 31, 1935

Robert Treat Paine District—Mary C. Hawkins, assistant, elementary, Aug. 31, 1935.

Robert Gould Shaw District—Mary P. Keane, assistant, elementary, Aug. 31, 1935.

William E. Russell District—Edna Livingston, assistant, intermediate, Aug. 31, 1935.

Accepted.

RETIREMENTS ON PENSION

The Superintendent offered the following:

ORDERED, That the following-named teachers are hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as hereinafter specified:

Abraham Lincoln District—Mary E. W. Haggerty, assistant, elementary, Aug. 31, 1935, \$600; Etta D. Morse, first assistant, kindergarten, Aug. 31, 1935, \$600.

Chapman District—Jessie C. Skinner, assistant, elementary, Aug. 31, 1935, \$600.

Michelangelo Intermediate District—Agnes C. Moore, assistant, intermediate, Aug. 31, 1935, \$600; Armenta V. Paasche, assistant, intermediate, Aug. 31, 1935, \$600.

Washington Allston District—Louise A. Keeler, assistant, elementary, Aug. 31, 1935, \$600.

Woodrow Wilson Intermediate District—Edith A. Scanlon, assistant, intermediate, Aug. 31, 1935, \$600.

Passed unanimously.

APPOINTMENTS AND TRANSFERS

The following appointments and transfers by the Superintendent, certified by him as being in accordance with the rules and regulations to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancy caused by increase in numbers.)

Trade School for Girls—Mary Marto, trade assistant, Sept. 1, 1935.

The rules were suspended and the appointment approved.

(BY PROMOTION)

(To fill vacancy caused by promotion.)

The Teachers College of the City of Boston—Robert Bizzer, assistant

professor (from junior master, High School of Commerce), Sept. 1, 1935.

The rules were suspended and the appointment approved.

(To fill vacancy caused by retirement on pension)

Mary Hemenway, District—John H. Treanor, sub-master (from assistant, intermediate, William Barton Rogers Intermediate District), Sept. 1, 1935.

The rules were suspended and the appointment approved.

(New position)

Department of Educational Investigation and Measurement—Mary B. Cummings, research assistant, (from assistant, elementary, Wendell Phillips District), Sept. 1, 1935.

The rules were suspended and the appointment approved.

SUMMER REVIEW SCHOOLS

Term 1935

Central Summer Review High School—John F. Cray, Elizabeth D. Curran, Burton L. Cushing, Roland J. Godfrey, Charles J. Keelon, Alfred B. Kershaw, Margaret M. McDonald, Alice V. Rice, Barnet Rudman, Clinton C. Scheffy, Rufus Stickney, Mary Stuart, Edward N. Wilson, Elmer S. Woodward, assistants, July 1, 1935; Charles H. Kirschbaum, assistant, July 9, 1935.

Approved.

PLAYGROUNDS

Season of 1935

(To take effect June 26, 1935)

First Assistants—Mary A. Decareau, Isabelle A. Downey, Dorothy F. Dunbar, Alice G. Dunne, Elizabeth J. Gallagher, Eleanor R. Greene, Edith Keeler, Dorothy M. Killion, Sylvia Lipson, Mary E. Mason, Florence E. Rubin.

Assistants—Frances H. Cohen, Catherine M. Dacey, Edith E. Drew, Pauline Ehrlich, Frances Epstein, Sylvia Ginns, Catherine J. Harrington, Marcia Karp, Patricia F. Kelleher, Patricia R. Lynch, Mary A. Lyons, Helen F. McCarthy, Mary F. McCarthy, Doris L. McClure, Catherine M. O'Brien, Anna T. O'Connell, Amy Palladino, Edna G. Quinn, Alice C. Rogers, Sarah M. Rollo, R. Emily Smith, Pearl I. Tucker, Mary C. Walsh, Constance G. Willson, Dorothy Wolfson, Ruth A. York.

Sand Garden Assistants—Mary G. Adams, Martha W. Allen, Eleanor V. Amirault, Helen E. Amrhein, Irene C. Anderson, Edith J. Appleblad, Doris M. Appleton, Selma R. Axelrod, Ruby Benrimo, Lillian L. Berkowitz, J. Eileen Barrett, John H. Brougham, Catherine A. Bunyon, Anna G. Boudwin, Catherine I. Boylan, Matilda A. Camer, Marie H. Campbell, Rosamund E. Campbell, Margaret M. Casey, Alberta Coughlan, Marion D. Cohen, Mary P. Collieran, Irene E. Collicott, Janet L. Cook, Marie J. Colpoys, Matthew T. Connolly, Alice H. Cooney, Albina R. Coppola, Irene Crosby, Paul G. Crotty, Thomas R. Cunningham, Gertrude L. Cusack, Yolanda D'Allessandro, Lilia C. Daly, Evelyn S. Druskin, Edith R. Eldracher, Lillian Epstein, Julia M. Fallon, Claire M. Flannery, Loretta M. Feeley, Margaret F. Flaherty, Catherine A. Flynn.

James J. Foley, Margaret M. Foley, Edith M. Foster, Helen M. Friedel, Elizabeth M. Flynn, Mary M. Gavin, Mildred E. Glennon, Nura Globus, James H. Good, Sylvia Green, Rose M. Haddad, Frances E. Heenan, Florence I. B. Herman, Wanda A. A. Herman, Mary F. Horan, Alice M. Hurley, Mary J. Kelleher, Dorothea M. Kelley, Marjorie T. Kelley, Mary A. Kelley, Agnes C. Kilduff, Margaret R. King, Marguerite M. Klueber, Albert F. Landrigan, Margaret A. Lavin, Marion A. Long, Marcella J. Laundrie, Mary I. Lord, Elizabeth A. Lyons, Margaret E. Leahy, Helen M. Lorenz, Catherine M. Loughlin, Helen M. Lynch, Mary R. MacDonald, Anna I. Machado, Dorothy E. Mackenzie, Genevieve L. K. Mackey, Marie T. MacNeil, E. Eileen Maher, Gladys E. Mahoney, Ruth E. Malone, Evelyn J. Martin, Eileen M. McCarthy, Anne M. McGrath, Catherine E. McMorow, Ruth C. McNulty, Dorothy L. McQuilland, Inez B. Miller, Mary C. Millitari, Helen J. Mitchell, Dorothy C. Muldoon, Dorothy M. Mulloney, C. Irene Murohy, Frances E. Murphy, Veronica R. Murphy, Helene M. Mutz, Harriet L. Nee, Mary E. Nichols, Catherine E. O'Connor, Mary E. Pendergast, Mary K. Phelan, Rose R. Rappaport, Judith Ravit, Bertha Reifel, Rosemary L. Reilly, Marjorie P. Riley, Mary K. Riley, Bernice Rosenbaum, Betty Rosenfield, Eben Rosenfield, Cecile B. Rubin, Eva R. J. Sacco, Dorothy E. Salisbury, Helen L. Schmidt, Helen M. Seegel, Clara Shaman, Freda P. Shapiro, Eleanor A. Shea, Marion H. Sheehan, Samuel N. Sheinfeld, Ralph Simes, Alice V. Slater, Grace V. Sloan, Ethel M. Smith, Miriam H. Sullivan, Catherine A. Twomey, Mary E. Twomey, Rose E. Vinton, Doris A. Warner, Edith G. Weiner, Marion J. Welch, Gertrude I. Wildberger, Marjorie M. Williams, Eunice M. Wilson, Rosamond A. Wilson, Esther S. Winn, Rebecca L. Wolf, Mary Weronoff, Myrtle A. Ziergiebel.

Approved.

(To take effect July 1, 1935)

Sand Garden Assistants—Mary F. Atkins, Helen F. Bailey, Louise T. Bailey, Marie G. Bannister, Goldie Bazoll, Anna E. Beck, Anna F. Bell, Sadie Berkowitz, Ethel Bickoff, Freda Blume, Antoinette M. Bontempo, Leonora R. C. Boris, Milton Bornstein, Estelle S. Boselli, Jane R. Bowen, Irma M. Bradley, Maurice S. Brooker, Rita Burak, Agnes C. Burke, Marguerite L. Cahalan, Fortunata C. Caliri, William F. Carr, Mary L. Cassone, Margaret A. Childs, Lillian C. Christensen, Kathryn T. Clare, Lillian A. Cohen, Helen M. Collins, Claire P. Comey, Mary Conaty, Esther T. Connolly, William T. Connor, Adelaide A. Connors, Catherine M. Conroy, Frances E. Courtney, Evelyn E. Cronin, Frances C. Cronin, Catherine M. Cuddy, Helen W. Cuddy, Mary M. Cunningham, Helen E. Cushing, Mary B. D'Arcy, William V. Delaney, Elizabeth Dempsey, Agnes V. Denehy, Catherine T. Doherty, Mary E. Doherty, Helen T. Dole, Mary A. Donahue, Dorothea M. Donovan, Margaret V. Donovan, Mary K. Donovan, Margaret M. Drinkwater, Mildred M. Dungan, Ethel R. Ellis,

Mary E. Espinola, Mary L. Fallon, Florence Farber, Samuel Feldman, Elizabeth S. Field, Rose Fine, Dorothy M. Flynn, Ruth G. Ford, Catherine T. Frazier, Sarah Freed, Sylvia Friedman, Katherine P. TRANSFERS

A communication was received from the Superintendent, under date of July 24, 1935, reporting that subject to the approval of the School Committee, he has made the following transfers of teachers:

Alice C. Manning, master's assistant, Ulysses S. Grant District, to the same position in the Mary Hemenway District, Sept. 1, 1935.

Albert J. Pfau, cooperative instructor, East Boston High School, to the same position in the Hyde Park High School, Sept. 1, 1935.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence was granted each of the following-named teachers for the terms specified:

William Barton Rogers Intermediate District—William F. Minihan, assistant, intermediate, June 18, 1935, one day, court summons.

William E. Endicott District—Alice M. Williams, assistant, elementary, June 3, 1935, one-half day, court summons.

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted each of the following-named teachers and librarian for the term specified:

Department of Manual Arts—Willis C. Brown, shop foreman, June 26 and 27, 1935, two days, attendance at convention, without loss of pay.

Department of Physical Education—William J. McCluskey, instructor, military drill, June 18 to 27, 1935, inclusive, without loss of pay.

Administration Building—Elizabeth Burrage, librarian, June 10 to 15, 1935, six days, attendance at convention, without loss of pay.

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted the following-named clerical assistant for the term specified:

Norcross District—Adaline A. Kelly, clerical assistant, March 11, 1935, to August 31, 1935, without pay.

ASSIGNMENTS

A communication was received from the Superintendent, under date of July 24, 1935, reporting that subject to the approval of the School Committee, he has assigned Edith M. Bishop, assistant, elementary, Roger Wolcott District, to Speech Improvement Classes, without change of rank or salary, said assignment to take effect Sept. 1, 1935, and to continue during the school year ending Aug. 31, 1936, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of July 24, 1935, reporting that subject to the approval of the School Committee, he has reassigned the following-named school physicians as indicated to take effect Sept. 1, 1935, and to continue for the school year ending Aug. 31, 1936, unless earlier terminated by the Superintendent with the approval of the School Committee:

Dr. James J. Regan, school physician, Department of School Hygiene, for ophthalmological duties.

Dr. Philip E. A. Sheridan, school

physician, Department of School Hygiene, for otological duties.

Placed on file and the reassignments approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of July 24, 1935, reporting that subject to the approval of the School Committee, he has re-assigned the following-named clerical assistants in the Continuation School, to the positions indicated, without change of rank or salary, to take effect Sept. 1, 1935, and to continue for the school year ending Aug. 31, 1936, unless earlier terminated by the Superintendent with the approval of the School Committee:

Dorothy M. Casserly as clerical assistant, Bennett District.

Josephine M. Mahoney as clerical assistant full-time, Jamaica Plain High School (half-time in the agricultural course)

Mary H. Spillane as clerical assistant, Solomon Lewenberg Intermediate District.

Placed on file and the reassignments approved, to take effect on the date stated.

DESIGNATIONS

A communication was received from the Superintendent, under date of July 24, 1935, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1935:

Edmund P. Tileston District—Alice B. McGowan, assistant, kindergarten, as acting first assistant, kindergarten (vice Irene M. Foster, absent on leave), June 3, 1935.

Rice District—Ruth B. Highbee, assistant, kindergarten, as acting first assistant, kindergarten (vice M. Alice Costello, absent on leave), May 20, 1935.

Samuel Adams District—Grace E. Parlon, assistant, kindergarten, as acting first assistant, kindergarten, (vice Mary R. Crane, absent on leave), April 22, 1935.

Placed on file.

ANNUAL REAPPOINTMENTS

The Superintendent submitted a list of appointments on tenure and reappointments of teachers and members of the supervising staff, under date of July 24, 1935, contained in School Document No. 6, 1935—Reappointment of Teachers and Members of the Supervising Staff—and in connection therewith offered the following:

ORDERED, That the recommendations of the Superintendent with reference to retention of excess teachers in the schools as set forth in School Document No. 6, 1935—Reappointments of Teachers and Members of the Supervising Staff—are hereby accepted and the continuance of teachers in the respective schools or districts and ranks is hereby allowed pending transfer or other adjustments.

ORDERED, That the recommendations relative to the reap-

pointments of teachers with higher ranks than allowed under the regulations, as submitted by the Superintendent and contained in School Document No. 6, 1935, are hereby approved.

ORDERED, That the recommendations of the Superintendent relative to the re-establishment of conservation of eyesight classes, lip reading classes, special classes, speech improvement classes, for the school year 1935-36, as contained in School Document No. 6, 1935, are hereby approved.

ORDERED, That the recommendations of the Superintendent relative to the re-establishment of rapid advancement, ungraded, and special English classes for the school year 1935-36, as contained in School Document No. 6, 1935, are hereby approved, and it is hereby ordered that all such classes be discontinued at the close of the current year and be re-established in the fall only by order of the School Committee.

The appointments on tenure and the reappointments of teachers and members of the supervising staff as contained in School Document No. 6, 1935, were approved, the regulations were suspended and the foregoing orders were collectively passed.

EMPLOYMENT OF TEACHER ON SEWING ON PART TIME.

On motion of the Superintendent, it was

ORDERED, That during the school year ending Aug. 31, 1936, Helen E. Hapgood, teacher of sewing, elementary, Department of Household Science and Arts, be placed on four-fifths time and that she be paid four-fifths of her regular salary.

EMPLOYMENT OF TEMPORARY CLERICAL ASSISTANT IN SUMMER REVIEW HIGH SCHOOL

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to assign one temporary clerical assistant in the Central Summer Review High School during the period July 1, 1935, to Aug. 21, 1935, both dates inclusive.

CHANGES IN RANKS

On motion of the Superintendent, it was

ORDERED, That the rank of Dr. David P. Hayes, School Physician, Certificating Office and Continuation School, is hereby changed to that of School Physician, Certificating Office and schools that are wholly state-aided, to take effect Sept. 1, 1935.

On motion of the Superintendent, it was

ORDERED, That the rank of John M. Sullivan, sanitary inspector, Department of School Hygiene, is hereby changed to that of sanitary engineer.

EXTENSION OF VACATION OF SCHOOL NURSES

The Superintendent offered the following.

ORDERED, That for the current school year the summer vacation of the assistant supervising nurses and the school nurses is hereby extended up to and including Saturday, Sept. 7, 1935.

The rules were suspended and the order passed.

PRINTING OF AUTHORIZED LIST OF TEXT BOOKS.

On motion of the Superintendent, it was

ORDERED, That School Document No. 7, 1935, is hereby adopted as the List of Text Books authorized for use in the Boston Public Schools, and thirty-five hundred (3500) copies ordered to be printed.

PRINTING OF OUTLINE OF GEOMETRY

On motion of the Superintendent, it was

ORDERED, That the accompanying outline of Geometry, Part III, is hereby adopted as a tentative course of study for the English High School, and that seven hundred (700) copies be printed as a school document.

PAYMENT OF SALARY DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the salary due Marie G. Hassett, late assistant, elementary, in the Henry L. Higginson District, be paid to her mother, Mary T. Hassett.

SALARIES OF EMPLOYEES IN ADMINISTRATIVE OFFICES AND IN SUPPLY ROOM

On motion, it was

ORDERED, That for the year ending Dec. 31, 1935, and to continue until otherwise ordered, the salaries or compensation of clerks and other employees in the administrative offices and in the supply room are hereby established in accordance with the following classifications: and that persons in Groups B, C, D, and E, may be allowed an annual increment as approved by the School Committee, to take effect Jan. 1, 1935, except as otherwise indicated:

Group A. Persons occupying administrative positions: As determined by the Salary Board.

Group B. Persons occupying positions which, in addition to clerical duties, have large administrative responsibilities, as determined by the Salary Board. Minimum—forty dollars (\$40) per week; maximum—forty-five dollars (\$45) per week.

Group C. Persons occupying positions which, in addition to clerical duties, have certain administrative responsibilities and years of experience, as determined by the Salary Board. Minimum—

thirty-six dollars (\$36) per week; maximum—forty dollars (\$40) per week.

Group D. Persons performing clerical services, but without administrative responsibilities: Minimum—twenty dollars (\$20) per week; maximum—thirty-five dollars (\$35) per week.

Group E. Employees not otherwise classified: As determined by the Salary Board.

ADDITIONAL COMPENSATION TO ADELAIDE P. ENGLISH

On motion of the Superintendent, it was

ORDERED, That there be allowed and paid to Adelaide P. English, assistant in the offices of the Superintendent-Secretary, the sum of fifty dollars (\$50) for additional and overtime services rendered to the Athletic Survey Committee appointed by the Boston School Committee, in connection with the regular meetings of the Survey Committee during the period May, 1934, to March, 1935.

BOUNDARY LINES

On motion of the Superintendent, it was

ORDERED, That the boundary lines of the following-named districts are hereby amended to read as follows:

BENNETT DISTRICT, FOR BOYS AND GIRLS

Beginning at the Watertown Bridge on North Beacon street; thence by the centers of North Beacon and Dustin streets, the rear of the southerly side of Cambridge street, the northerly side of Warren street, the westerly sides of Monastery road extended and Monastery road, the westerly side of Colborne road, the southeasterly side of Sutherland road, the rear of the northeasterly side of Lanark road, the Brookline and Newton lines, and the Charles River to the point of beginning.

WASHINGTON ALLSTON DISTRICT, FOR BOYS AND GIRLS

Beginning at the point where Market street crosses the Boston and Albany Railroad; thence by said railroad, the Brookline line, the rear of the northeasterly side of Lanark road, the southeasterly side of Sutherland road, the westerly side of Colborne road, the westerly sides of Monastery road and Monastery road extended, the northerly side of Warren street, and the southerly side of Cambridge street, the centers of Dustin and North Beacon streets, and the rear of the easterly side of Market street to the point of beginning.

REPORT ON ATTENDANCE AT CONVENTION

A communication was received from the Superintendent, under date of July 24, 1935, submitting in accordance with the provisions of Section 3 of Chapter 274 of the Acts of 1914, report of Bertha A. Connor, Director of Penmanship, on her attendance at the convention of The National Association of Penmanship Teachers and Supervisors, held at New York City, April 4 to 6, 1935, inclusive.

Placed on file.

AMENDMENTS TO REGULATIONS

The following was offered:

ORDERED, That the Regulations are hereby amended as follows:

Sect. 298, paragraph 1. In the seventh line, strike out the words—and instructors—so that the paragraph shall read as follows:

Sect. 298. 1. Teachers in the Boston Trade School shall consist of a principal holding the rank of master, and subordinate teachers as follows: A vice principal, a shop superintendent, division heads, division foremen, trade instructors, senior shop instructors, shop instructors, and senior instructors.

Sect. 308, paragraph 9. In the first and second lines, strike out the words—a first assistant director of practice and training—so that the paragraph shall read as follows:

9. A director of practice and training and four assistant directors of practice and training.

The rules were suspended and the order passed.

The Superintendent offered the following:

ORDERED, That the Regulations are hereby amended as follows:

Sect. 252, paragraph 3. In the first and second lines, strike out the words—and Saturdays—so that the paragraph shall read as follows:

3. He shall be on duty on school days during the regular term of the day schools and such other days of June, July, and September as the director of physical education may consider necessary for the proper care and repair of military equipment.

Paragraph 4. Strike out the paragraph.

The rules were suspended and the order passed.

ELIGIBLE LISTS

A communication was received from the Board of Superintendents, under date of July 24, 1935, transmitting lists of successful candidates of August, 1934, for the certificates of qualification indicated, as reported by the Board of Examiners.

These names do not constitute separate eligible lists, but should be inserted in School Document No. 5, 1934, at the places indicated by the respective ratings.

SALARY SCHEDULE FOR
TEACHERS, MEMBERS OF
THE SUPERVISING STAFF
AND OTHERS, YEAR ENDING
AUG. 31, 1936.

The following eighteen orders establishing a salary schedule for teachers, members of the supervising staff and others, for the year ending Aug. 31, 1936, were offered:

1—ORDERED, That the salaries of teachers, members of the supervising staff and others, are hereby established for the school year September 1, 1935, to August 31, 1936, inclusive, in accordance with the following schedule and subject to the following adjustments or limitations:

2—ORDERED, That during the year beginning September 1 1935, and ending August 31, 1936, teachers, members of the supervising staff and others, who on August 31, 1935, shall not have reached the maximum of their salary schedules shall be advanced in accordance with the provisions of the regulations on their respective anniversaries by the amount of the annual increment provided for in the following schedules.

4. ORDERED, That for the year ending August 31, 1936, any teacher or member of the supervising staff who may be designated by the Superintendent in accordance with the regulations to fill a vacancy caused by the death, disability or absence of a principal of a school or district, or of a director, associate director, assistant director in charge of a department, or supervising nurse, for a continuous period exceeding two weeks, shall be paid at the rate of \$1.00 per day of service in addition to the regular salary of his rank. A teacher or member of the supervising staff who may be similarly designated to fill the position of assistant director, head of department, co-ordinator, submaster, master's assistant, master's assistant, special classes, assistant in charge, Day

School for Immigrants, or first assistant kindergarten (either one or two sessions), shall be paid at the rate of fifty cents (50c.) per day for each day of service, in addition to the regular salary of his rank. A school physician who may be similarly designated to fill the position of supervising school physician shall be paid at the rate of \$3.50 per day of service in addition to the regular salary of his rank.

5. ORDERED, That for the year ending August 31, 1936, any junior master or assistant, Latin and day high schools, who may be designated by the Superintendent in accordance with the regulations as acting head of department in charge of a single subject where there are in the proposed department not less than two thousand pupil hours, taught by at least four teachers, whole or part-time, shall be paid at the rate of fifty cents (50c.) per day for each day of service, in addition to the regular salary of his rank.

6. ORDERED, That for the year ending August 31, 1936, there be allowed and paid to William F. Linehan, Dean, The Teachers College, three hundred sixty dollars (\$360) in addition to the regular salary of his rank for service in connection with the conduct of summer courses in The Teachers College of the City of Boston.

7. ORDERED, That Mary R. Bailey, Assistant, Elementary, Minot District, is hereby placed upon the fifth year of the salary of the rank, namely, sixteen hundred thirty-two dollars (\$1632) per annum, to take effect September 1, 1935; her anniversary to remain as of December 1.

8. ORDERED, That Florence E. Caspole, Assistant, Elementary, Chapman District, is hereby placed upon the eighth year of the salary of the rank, namely, nineteen hundred twenty dollars (\$1920) per annum, to take effect September 1, 1935, her anniversary to remain as of December 1.

9. ORDERED, That Anne V. Cronin and Louise M. Duffy, Teachers of Sewing, Intermediate, Department of Household Science and Arts, are hereby placed upon the eighth year of the salary of the rank, namely, two thousand sixteen dollars (\$2,016) per annum to take effect September 1, 1935; their anniversaries to remain as of September 1.

10. ORDERED, That Annette M. Havey, Teacher of Sewing, Intermediate, Department of Household Science and Arts, is hereby placed upon the seventh year of the salary of the rank, namely, nineteen hundred twenty dollars (\$1,920) per annum, to take effect September 1, 1935; her anniversary to remain as of September 1.

11. ORDERED, That Adelaide T. Keiran, Teacher of Sewing, Intermediate, Department of Household Science and Arts, is hereby placed upon the fifth year of the salary of the rank, namely, seventeen hundred twenty-eight dollars (\$1,728) per annum, to take effect September 1, 1935; her anniversary to remain as of September 1.

12. ORDERED, That Sarah A. Lyons, Examiner, Board of Ex-

aminers, is hereby placed upon the eighth year of the salary of the rank, namely, four thousand eight hundred ninety-six dollars (\$4,896) per annum, to take effect September 1, 1935.

13. ORDERED, That Eric W. Mattson, Trade Instructor, Boston Trade School, is hereby placed upon the seventh year of the salary of the rank, namely, twenty-eight hundred eighty dollars (\$2,880) per annum, to take effect September 1, 1935; his anniversary to remain as of November 1.

14. ORDERED, That Rufina M. McCarthy, Assistant, East Boston High School, is hereby placed upon the fourth year of the salary of the rank, namely, two thousand sixteen dollars (\$2,016) per annum, to take effect September 1, 1935; her anniversary to remain as of December 1.

15. ORDERED, That Ralph J. Nielsen, Assistant, Manual Training, Elementary, Department of Manual Arts, is hereby placed upon the sixth year of the salary of the rank, namely, seventeen hundred twenty-eight dollars (\$1,728) per annum, to take effect September 1, 1935; his date of anniversary to remain as of December 1.

16. ORDERED, That Catherine C. Roche, Assistant, Elementary, Warren District, is hereby placed upon the ninth year of the salary of the rank, namely, two thousand sixteen dollars (\$2,016) per annum, to take effect September 1, 1935; her anniversary to remain as of March 1.

17. ORDERED, That Francis J. Roland, Master, Head of Department, High School of Commerce, is hereby placed upon the seventh year of the salary of the rank, namely, thirty-seven hundred forty-four dollars (\$3,744) per annum, to take effect September 1, 1935; his anniversary to remain as of October 1.

18. ORDERED, That during the school year 1935-36 the Superintendent is hereby authorized to fix the compensation of all persons giving lectures and improvement courses for teachers other than those whose compensation is fixed in the salary schedule for teachers and members of the supervising staff.

Question came on the adoption of the eighteen orders establishing a general salary schedule for the year ending Aug. 31, 1936.

The eighteen orders were passed collectively and unanimously.

APPROPRIATIONS AND EXPENDITURES TO JULY 1, 1935

A communication was received from the Business Manager, under date of June 30, 1935, submitting a statement showing the appropriations, the expenditures and the balances for maintenance of the public schools for the first six drafts of the current financial year, the expenditures for the first six drafts of the financial year 1934 and the increases and decreases in the several items.

Placed on file.

APPOINTMENTS OF CUSTODIANS DURING SUMMER

A communication was received from the Schoolhouse Custodian, under date of July 24, 1935, recommending that he be authorized to make appointments of custodians during the summer months to fill vacancies, provided that such appointments shall be in accordance with the Civil Service rules and regulations.

Placed on file and the authority granted.

RE-CERTIFICATION OF AREAS

A communication was received from the Schoolhouse Custodian, under date of July 24, 1935, transmitting a re-certification of the areas of the Randall G. Morris School-house, upon which the compensation for custodian service is based, to take effect Apr. 20, 1934.

Placed on file and the Chairman authorized to approve such re-certification, to take effect on the date stated.

LEAVE OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of July 24, 1935, recommending that the following-named custodians be granted leave of absence on one-half net compensation for the periods specified because of personal illness:

Albert G. Callaghan, custodian, Randall G. Morris School-house, June 2 to 27, 1935, inclusive.

John D. Devine, custodian, Phineas Bates School-house and Annex, June 19 to 26, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the periods specified.

A communication was received from the Schoolhouse Custodian, under date of July 22, 1935, recommending that the leave of absence on one-half net compensation granted Francis L. Butler, custodian, Frank V. Thompson School-house, because of personal illness, be extended for the further period June 28 to Sept. 27, 1935, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of July 24, 1935, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

John H. Hession, from the Champlain to the Frederic W. Lincoln School-house, July 19, 1935.

James V. Manning, from the Ira Allen to the Cora L. Etheridge School-house, July 19, 1935.

Patrick J. O'Sullivan, from the Williams to the Comins School-house, July 26, 1935.

Daniel J. Reardon, from the Audubon to the Paul Jones School-house, July 19, 1935.

James T. Saunders, from the Florence Nightingale to the Cudworth School-house, Sept. 1, 1935.

Placed on file and the transfers approved, to take effect on the dates stated.

SALARY OF CUSTODIAN, ADMINISTRATION BUILDING

On motion, it was

ORDERED, That the salary of the custodian of the Administration Building is hereby increased by the sum of ten dollars (\$10) per week, to take effect July 26, 1935, and to continue until otherwise ordered, the additional compensation now allowed being for the purpose of adjusting the compensation of his employees.

UNFINISHED BUSINESS

The three orders laid over at the meeting of June 26, 1935, making additions to and changes in the Authorized List of Text Books, were taken up.

On motion, Order No. 3 was amended by striking out the following item:

Pearson, H. C. Essentials of Latin for Beginners, revised by Supplement 1919. American Book Co. cpt. 1915.

The three orders, as amended, were passed unanimously.

The order laid over at the meeting of May 20, 1935 (see p. 59) amending sections 406 and 416 of the regulations, establishing regulations for the Supervisor of Licensed Minors, was taken up and passed.

THANKS TO PHYSICAL EDUCATION SURVEY COMMITTEE

Mr. Tobin: The Athletic Survey Committee appointed by the School Committee on May 7, 1934, to study the various activities of the Physical Education Department, after a year's constant labor has produced a complete and constructive report which has been referred by the School Committee to the Board of Superintendents for careful study and recommendation to the School Committee.

The membership of the committee was as follows: William Arthur Reilly, Chairman; Brother Gilbert, C. F. X.; Bernard D. White; Frank L. Kane; Joseph McKenney; Augustus Rooney; and Adolph W. Samborski.

The School Committee is deeply appreciative of the sacrifice of time and effort made by the public-spirited members of this committee in developing this excellent report on the Physical Education Department of the Boston school system, and hereby expresses its gratitude to the Survey Committee.

On motion, the statement of appreciation was adopted unanimously and ordered spread on the records of the meeting.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,

Secretary.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, September 16.
Worcester, Wednesday, September 18.
Springfield, Thursday, October 17.
Pittsfield, Friday, October 18.
Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,

PAYSON SMITH,

STEPHEN C. GARRITY,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 413A, State House, Boston, Mass.

NEWTON REDUCES WATER RATES.

The city of Newton reduced its water rates 10 per cent in 1932, from 25 to 22.5 cents per 100 cubic feet, and for 1934 has reduced them 11.5 per cent, to a flat price of 20 cents per 100 cubic feet. This reduction was made possible by savings effected by reorganizing the administration and maintenance methods and equipment of the department before and since the beginning of the city's "four-year plan" of water development in 1931.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

POSTPONEMENT NOTICE.

CHANGE IN ENTRANCE REQUIREMENTS.

RECONSTRUCTION AIDE, BOSTON CITY HOSPITAL, SEPTEMBER 10, 1935.

Last date for filing applications, Tuesday, August 27, 1935, at 5 p. m.

Salary: \$15 a week. This position is for part-time service.

Duties: Applicants should be familiar with the physics of galvanic, sinusoidal, high frequency, faradic and static currents; ultra-violet ray of the quartz-mercury lamps; and the carbon-arc lamp. Applicants should have a thorough knowledge of the technique employed when using any one of the above mentioned modalities for the purpose of treating disease.

The department requests that applicants be graduated from a recognized school for nurses or graduated from a school in physical training and in the absence of the above that they have (1) a thorough knowledge of anatomy, (2) familiarity with physiology and pathology, and (3) a thorough knowledge of massage and remedial exercises. Credit will be given in the examination for these qualifications.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Thatcher street, Hyde Park district, as a highway, from Wood avenue to Bradlee street, with the name of Tacoma street, or some other distinctive name, bounded and described as follows:

A highway named Tacoma street is hereby laid out, from Wood avenue to Bradlee street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

For the making of the aforesaid improvement, an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto.

A parcel of land supposed to belong to Carl W. Melin, bounded:

Westerly by Bradlee street, twenty feet; northerly by other land supposed to belong to said Melin, one hundred thirty-one and 28-100 feet; easterly by Thatcher street, twenty and 36-100 feet; and southerly by the same, one hundred twenty-seven and 49-100 feet, containing twenty-five hundred and eighty-eight square feet, more or less.

The land, owners unknown, being the private way known as Thatcher street, running from Wood avenue to Bradlee street.

Said Tacoma street as hereby laid out is bounded:

Easterly by Wood avenue, by two measurements, twenty-three and 15-100 feet and one hundred forty-one and 1-100 feet; southerly by the southerly line of said Tacoma street as hereby laid out, by three measurements, forty-seven and 5-100 feet, on a curve of twenty feet radius, twelve hundred and seven-teen and 44-100 feet and one hundred thirty-four and 64-100 feet; westerly by Bradlee street, sixty feet, and northerly by the northerly line of said Tacoma street as hereby laid out, by three measurements, one hundred thirty-two and 97-100 feet, twelve hundred eighty-nine and 57-100 feet, and sixty-two and 42-100 feet, on a curve of ninety feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Tacoma street, Hyde Park district, from Wood avenue to Bradlee street, under an order of this Board of August 9, 1935, and awards no damages therefor.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Alley No. 807, Roxbury district, as a public alley, from Hemenway street to Alley No. 807A, bounded and described as follows:

A public alley named Public Alley No. 807 is hereby laid out, from Hemenway street to Alley No. 807A, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said public alley and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for public alley purposes is hereby taken, is bounded and described as follows:

Easterly by Hemenway street, sixteen feet; southerly by the southerly line of said Public Alley No. 807 as hereby laid out, seventy-five feet; easterly by the easterly line of said Public Alley No. 807 as hereby laid out, three hundred seventy-five feet; again southerly by the southerly line of said Public Alley No. 807 as hereby laid out, sixteen feet; westerly by the westerly line of said Public Alley No. 807 as hereby laid out, three hundred and ninety-one feet; and northerly by the northerly line of said Public Alley No. 807 as hereby laid out, ninety-one feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Public Alley No. 807, Roxbury district, from Hemenway street to Alley No. 807A, under the order of the Board of July 29, 1935, and awards no damages therefor.

BUILDING PERMITS ISSUED AUGUST 8 TO AUGUST 14, 1935.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Warren avenue, Hyde Park district, as a highway, from Summit street to Prospect street, bounded and described as follows:

An extension named Warren avenue is hereby laid out, from Summit street to Prospect street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement

for street purposes is hereby taken, is bounded and described as follows:

Northerly by Summit street, forty and 31-100 feet; easterly by the easterly line of said extension of said Warren avenue, as hereby laid out, eight hundred twenty-two and 6-100 feet; southerly by Prospect street, forty feet; and westerly by the westerly line of said extension of said Warren avenue, as hereby laid out, eight hundred twenty-seven and 5-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Warren avenue, Hyde Park district, from Summit street to Prospect street, under an order of this Board of August 9, 1935, and awards no damages therefor.

MAYOR MANSFIELD ACTS TO SAFEGUARD THE LIVES OF CHILDREN AT BEACH.

The following is a copy of letter sent by Mayor Mansfield to William A. Callahan, Commissioner of Public Works for the Commonwealth of Massachusetts, on August 12:

BOSTON, August 12, 1935.

MR. WILLIAM A. CALLAHAN, *Commissioner of Public Works*, 100 Nashua Street, Boston, Mass.

DEAR COMMISSIONER CALLAHAN,—
Councilor Finley has written to me about the danger to life that has been created by certain excavations made by a contractor near the Charles river, and about which he wrote to you on August tenth.

May I join my voice to his and most earnestly urge that some measures of protection be taken to safeguard the lives of the children in that community. I think there were a few children drowned in just such holes as those that have been dug by the present contractor, and I know that the people in West Roxbury are very much concerned with the situation. I hope you can do something about it. I would suggest that future diggings be prohibited and that the contractor be compelled to make the excavations already dug safe for the children in the community.

Yours truly,

FREDERICK W. MANSFIELD, *Mayor*.

36,000 TRAFFIC DEATHS IN 1934.

The automobile casualty toll for 1934 was 36,000 persons killed in 882,000 personal-injury collisions on streets and highways, according to the Travelers Insurance Company. Pedestrians accounted for 44 per cent of the fatalities.

The death gain was 16 per cent against an increase of only 6 per cent in registrations and gasoline consumption. Fast driving is given as the dominant factor. Alcohol is known to have figured with 3.16 per cent of the drivers and 4.46 per cent of the pedestrians, compared with 2.43 and 2.99 per cent respectively in 1933.

Despite figures indicating that nine out of ten cars involved in accidents were in good condition, three out of every four cars inspected were found to be defective, says the report. Defects were as follows: Brakes bad on 29 per cent of the cars; tires fair to poor on 56 per cent; lamps needed adjustment or replacement on 63 per cent.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 66 Sawyer street, Ward 9.

The building at 16 Mill street, Ward 2.

The building at 76 Harrison avenue, Ward 3.

The building at 5 and 7 Dana avenue, rear, Ward 18.

The building at 240 West Canton street, Ward 4.

The building at 13 Woodbury street, Ward 9.

The building at 66 Sawyer street, Ward 9, the windows smashed and generally dilapidated, a menace, and condition is dangerous and unsafe. The owner, John A. B. Gebhardt of 67 Baker street, West Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that the owner is unable to pay for the razing of the building.

The building at 93 B street, Ward 6.

The building at 81 Williams street, Ward 9, as the said building is in an unsafe and dangerous condition.

**CIVIL SERVICE EXAMINATIONS.
(STATE.)**

DIETITIAN, MEDFIELD STATE HOSPITAL,
DEPARTMENT OF MENTAL DISEASES,
SEPTEMBER 21, 1935.

Last date for filing applications, Saturday, September 7, 1935, at 12 noon.

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,560 a year.

Credit will be given in the examination to applicants who are graduates of a domestic science course and have had some experience.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

**RELIEF-ROLL EMPLOYEES FOR SNOW
REMOVAL.**

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

TAX COLLECTIONS FOR MUNICIPALITIES IMPROVE.

The results of a nation-wide survey of tax collections covering reports from 106 cities throughout the United States, just completed by Frank H. Morse of Lehman Brothers, New York, show that there has been a definite improvement in tax collections in 1934 over 1933.

Questionnaires were sent to the finance offices of the principal cities in each section of the country and 106 replies were received from city officials throughout the country. Of the 106 cities which reported, 82, or 77.3 per cent, showed an improvement in 1934 collections over those of 1933, as against 24 cities, or 22.7 per cent, which reported a decrease in 1934 collections. (From the *American City Magazine*.)

COST OF UNEMPLOYMENT RELIEF.

The annual cost of various types of unemployment relief made by the National Industrial Conference Board, based on 3,500,000 relief cases, have been estimated at from a little less than \$1,000,000,000 for direct relief of the type received by more than half of the persons now on the relief rolls to over \$8,000,000,000 for public works relief, with full-time employment, at the "prevailing wage" rate. According to the report released February 28 the story is: "The average cost of direct relief per case during the third quarter of the past year was at the rate of slightly over \$280 per year. At this annual rate the total cost for 3,500,000 cases would amount to \$989,000,000. The average cost of work relief has been around 50 per cent greater than the cost of direct relief. The average for the third quarter of 1934 was slightly over \$35 per month, or around \$420 per year. Continuous employment for 3,500,000 persons during a period of twelve months would cost \$1,475,000,000.

READVERTISEMENT.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.**MANUFACTURERS OF STEEL LOCKERS.**

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and setting up steel lockers in the East Boston High School, White street, East Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, August 23, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Friday, August 30, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
Superintendent of Construction.

CITY OF BOSTON.**BOARD OF OVERSEERS OF THE PUBLIC WELFARE.****PROPOSALS FOR FURNISHING METAL OFFICE FURNITURE.**

The Overseers of the Public Welfare of the City of Boston invites proposals for furnishing metal office furniture according to specifications to be obtained from the office of the Board, first floor, 43 Hawkins street, Boston. There will be a charge of twenty-five cents (25 cents) for each set of blank proposals taken out. Bidders must use the form of proposal to be obtained at this office and the successful bidder must furnish a bond for one fourth of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for one hundred (100) dollars payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Board, first floor, 43 Hawkins street, before 12 m. Wednesday, August 21, 1935, at which time and place they will be publicly opened and read. A duplicate proposal, without check, must be left with the City Auditor prior to the time stated for opening the bids. The Board of Overseers of the Public Welfare reserves the right to accept or reject any and all bids or any part of the bid and to award the contract in whole or in part. All contracts made subject to appropriations to meet the payments thereunder.

BOARD OF OVERSEERS OF THE PUBLIC WELFARE,

JAMES A. MCMURRY,
Chairman.

(Aug. 10-17.)

DEPARTMENT OF SCHOOL BUILDINGS.**TO SHEET METAL CONTRACTORS.**

The Superintendent of Construction of the City of Boston invites sealed proposals for installing a new ventilating system for the toilets in the English High School, Montgomery street, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, August 23, 1935, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of August 30, 1935, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of said deposit.

WM. W. DRUMMEY,
Superintendent of Construction.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, AUGUST 24, 1935.

No. 34

MAYOR MANSFIELD FINDS ENCOURAGEMENT IN THE ANNUAL REPORT OF THE PUBLIC WELFARE DEPARTMENT AS SUBMITTED BY THE EXECUTIVE DIRECTOR—REPORT SHOWS DECLINE OF NUMBERS ON WELFARE FOR 1934 AND A BETTER AND MORE SATISFACTORY HANDLING OF THE ENTIRE PROBLEM—DECENTRALIZATION OF OPERATION HAS BEEN ACCOMPLISHED AND SEVERAL OTHER IMPORTANT CHANGES HAVE BEEN NOTED AND APPROVED—FRAUD CASES TO LAW DEPARTMENT.

The following is a résumé of the annual report of Overseers of Public Welfare for 1934 submitted to Mayor Mansfield by the Executive Director:

The Welfare Department of the City of Boston was taken unawares by the depression and passed through the unemployment crisis without opportunity to make soundings or take measurements.

Now, however, the seventy-first annual report for the year 1934, recently submitted by the Board of Overseers to Mayor Mansfield, gives a picture of the extent of the disaster, and of the rising tide of public relief during five depression years — 1929-1934.

Graphic charts show an increase from 7,463 recipients in 1929 to 45,777 at the peak in 1933, and an increase in aid given to recipients from \$2,480,382 in 1929 to \$13,593,447 in 1933.

An encouraging note is recorded in the decline both in number of clients and in cost of aid, as well as total cost of maintenance for the year 1934 — the latter half of which year brought with it reorganization under the administration of the new executive director, John C. L. Dowling.

The report of the department's activities made by the director marks a departure in that it describes the functions of different divisions — Dependent Aid, Old Age Assistance, and Mothers' Aid — and takes up in detail the vast machinery of the settlement division, describing the method by which this division secures from the Commonwealth and from other towns and cities a refund for aid given to those with outside settlements.

Decentralization.

One high spot in the report describes decentralization which began last May, when the present director was appointed, and by which the throngs of recipients who flocked to the Hawkins street building were distributed throughout the city, and cared for in their own localities and neighborhoods. The department now dispenses aid from fourteen branch offices and has under its management eleven commodity stations, from which Federal commodities are distributed to the needy. All these offices are located in rent-free buildings owned by the city, many of which have been abandoned but were restored to usefulness by E.R.A. labor — at a cost to the city for materials only, giving Government work to the unemployed, and thus keeping many off public welfare.

Advancement is noted in the prevention of fraud and the handling of cases of "chiselling" by transferring cases for prosecution from the Welfare Department to the City Law Department, and by various changes in application blanks and other methods of safeguarding the city's welfare rolls against imposters.

The signing of affidavits, the re-registration of applicants and re-affirming each month of need of relief and of unemployment are methods now used to protect the department. The report shows that 351 cases of fraud unearthed during the year were turned over to the Law Department within the six months after the new system was inaugurated.

The various methods organized to help families to remain self-supporting and keep them off welfare are a key to the preventive measures being resorted to — these include the establishment of real estate and insurance sections and the extension of the employment section.

Other Innovations.

An advance in efficiency of the business and financial management of the department is looked to by the installation of a new tabulating system, and the introduction of up-to-date office machinery and filing systems for records.

The placing of the department on a civil service basis and the use of social service methods and case work in all departments which come in contact with the city's clients are noted.

The extent of detail involved in reorganizing and decentralizing the work is described under the heading "What Decentralization Means."

In concluding this account the director pays tribute to all the welfare employees "who have aided in the process of adjustment and made it possible to meet the demands of the public while the machinery and set-up of the organization were undergoing change."

The financial report is interpreted by a series of charts prepared by the department and executed by the Emergency Planning and Research Bureau, which show how the welfare money is expended and give a picture of depression's effects on public relief for the past twelve years.

The use of E. R. A. funds and assistance to lighten the city's load is exemplified in various ways. Workers paid by the Government, for instance, are being used to help the department determine responsibility for relief. In 12,000 settlement cases which the present Board found had accumulated between 1920 and 1934, the status of people had not been definitely settled. As a result of the work of seventy-five E. R. A. investigators, the city will eventually be enriched many hundreds of thousands of dollars.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, September 9, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific re-

pairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending August 17, 1935:

MAYOR MANSFIELD PAYS TRIBUTE TO LATE WILL ROGERS—ASKS ALL BOSTON CITIZENS TO JOIN WITH NATION IN MOURNING SUDDEN DEMISE OF ONE OF AMERICA'S BEST LOVED CHARACTERS—CITY PAUSES FOR ONE MINUTE IN TRIBUTE DURING LOS ANGELES BURIAL SERVICES AT REQUEST OF MAYOR.

Mayor Mansfield, on August 19, issued the following statement on the death of Will Rogers and requested that tribute be paid his memory.

The hearts of the nation, if not of the entire world, have been deeply touched by the tragic passing of "one of the great multitude" who, from lowly circumstances, carved his name on the Nation's Roll of Honor and enshrined himself in the deep affection of his fellow men.

On Thursday afternoon, at two o'clock, in the Wee Kirk o' the Heather, at Los Angeles, the hearts of the people will beat in unison as a final tribute of love and respect for Will Rogers.

The people of Boston share with their fellow citizens throughout the nation the deep sorrow that has come to Mrs. Rogers and her children. The tragic passing of Will Rogers in the isolated and barren wastes of the Arctic is an irreparable loss that has taken from them a devoted husband and a loving father, and it has removed from us a gentle character whose untainted humor and wisdom and whose

wholesome philosophy have served as a tonic for the people of a war-worn world.

Will Rogers lived while the world needed him most. His quaintness was irresistible; his sincerity was traditional of the great masses whom he loved. He had, in large measure, all of the outstanding characteristics which represent the full measure of a man.

The hearts of women and men, and countless millions of children, of all races and all creeds, will be with Mrs. Rogers and her children during the solemn committal service in the little chapel at Forest Lawn Memorial Park on Thursday. Their loss is ours. For just a brief moment, the hearts of the nation will stand still. In common with the people of this city, who knew and loved Will Rogers, and to whom he has been an inspiration in hours of deep trial and uncertainty, I pay my meed of respect, and I suggest that for a brief one-minute period, at the beginning of the service in the Wee Kirk o' the Heather, we suspend every activity that can be dispensed with and unite in a moment of silent prayer.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

PENAL INSTITUTIONS DEPARTMENT.

Advertises for proposals for repairing wharves at Deer Island, Boston Harbor. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Penal Institutions Department, Room 803, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, September 3, at 12 m.

POLICE DEPARTMENT.

Advertises for proposals for furnishing and delivering anthracite coal. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Property Clerk, 154 Berkeley street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the office of the Police Commissioner at the same address.

Bids close Wednesday, August 28, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing traffic signal equipment to the Boston Traffic Commission. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office

of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, September 4, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, August 22:

ASSESSING DEPARTMENT.

The services of William H. Cuddy, deputy assessor, whose retirement becomes effective August 31, have been continued for a period of thirty days at \$362.50 upon the basis of \$4,500 a year.

AUDITING DEPARTMENT.

Philip Goldberg has been appointed permanent clerk at \$1,000 a year, to fill the vacancy caused by the transfer of John F. McGrail to the Public Works Department.

FIRE DEPARTMENT.

Capt. John Williams of Engine Company 44 has been placed on the pension roll at the rate of \$1,350 a year.

HOSPITAL DEPARTMENT.

The following persons have been employed for the week ending Thursday, August 15:

Temporary: Zita Noonan, ward assistant, \$15 a week; Hugo Housman, William Reid, George Regan, transfer porters, \$16.50 a week; James Mechem, porter,

\$17.50 a week; William Good, fireman, \$41.50 a week; Ina Nulty, Priscilla Beckwith, Margaret Hughes, Mary Barry, Agnes Ahearne, Mary Belmore, Catherine Reynolds, Stephen Smolukas, Louise Sachs, Mildred Crowley, Edna Kolus, Stella Polofski, special nurses, \$4.50 a day.

The following changes have occurred:

William Herd, orderly at \$11.50 to outpatient orderly at \$16.50 a week; John Gallagher, center orderly at \$11.50 to transfer porter at \$16.50 a week; Alfred Ober, William Siney, Fred Swift, Charles Collins, changed from center orderlies to acting gatemmen, no change in salaries.

South Department.

Arthur Cross, temporary kitchenman, \$17.50 a week; Florence Eichorn, temporary pharmacist, \$25 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, August 15:

George Hardy, George Hodge, male nurses (patients) (temporary), \$480 a year; Catherine Fowler, Louis Flavio, Edward Hulen, maids (patients) (temporary), \$240 a year.

The following person has ceased to be employed:

Mary Fahey, nurse, \$840 a year.

INSTITUTIONS DEPARTMENT.

Dr. John W. Chamberlain, resident physician, Long Island Hospital, has resigned to become assistant to Dr. William Ladd, effective October 1.

Dr. Samuel E. Marcellino has been appointed resident physician at the Long Island Hospital at \$2,700 a year and maintenance, beginning October 1.

Dr. David G. Miller, Jr., has been appointed interne at \$600 a year at the Long Island Hospital, for a period of one year beginning September 1.

The following appointment will be made in the personnel for the week ending Thursday, August 8:

Long Island Hospital.

Appointment: Mrs. Winfield S. Small, staff nurse, \$960 a year, on account of graduation of student nurses.

The following changes will be made in the personnel for the week ending Thursday, August 15:

Appointment: William F. Hoff, engineer, \$10 a week and board, to succeed Thomas Grady.

Transfer: Catherine M. McLaughlin, institution employee, attendant, \$600 a year, from waitress at \$316 a year.

The following changes will be made in the personnel for the week ending Thursday, August 22:

Appointments: Rev. James F. Powers, C. SS. R., chaplain, temporary, \$1,000 a year, on account of vacation of Rev. Benet O'Brien; Rev. Richard M. Rowe, chaplain, temporary, \$800 a year, on account of vacation of Rev. Chellis Smith;

Arthur J. Gardner, institution employee, porter, \$326 a year, temporary; Adl A. Sopher, institution employee, waitress, \$316 a year, to succeed Helen Ryan; Katherine A. Mooney, institution employee, waitress, \$316 a year, temporary.

Resignation: Helen Ryan, institution employee, waitress, \$316 a year, voluntary.

Transfer: Catherine M. Chipman, institution employee, attendant, \$600 a year, from waitress at \$316 a year.

Steamers "Hibbard" and "O'Meara."

Appointment: John Colombo, fireman, \$1,800 a year, temporary.

Resignation: James F. Manning, oiler, temporary, \$1,900 a year.

Employment Terminated: John J. Colombo, deckhand, temporary, \$1,700 a year.

Employment Terminated: George H. Reynolds, deckhand, temporary, \$1,700 a year.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued provisional temporary employment of the following persons as aid and settlement agents, up to and including August 15, at \$900 a year:

Antonio A. Cammarata, Richard E. Clancy, William J. Ferguson, Raymond E. Kratzer, William I. Leonard, Bartholomew Sullivan.

Approval has been given for the continued provisional temporary employment of the following persons as aid and settlement agents, up to and including August 15, at \$1,000 a year:

Harold Aronson, Albert Beck, Frances A. Bousard, Charles Brack, Mary Breen, Marie J. Brooks, Doris L. Burke, Jeanette M. Burke, Albert H. Chase, Helen J. Clancy, Katherine F. A. Connolly, Matthew W. Piggott, John J. Piscitelli, Leo J. Pitts, John E. Powers, Elizabeth A. Ratigan, Joseph Reardon, Claire T. Reavey, Mary Robbins, Mary Roche, Grace L. Rogers, Edward S. Ryan, Thomas Ryan, Joseph W. Scally, Irving Seigel, Gladys Shepard, Mary R. Smith, Sam Steinman, Flora G. Sullivan, Josephine Sullivan, Katherine V. Sullivan, Mary E. Sullivan, Mary J. Sullivan, Walter F. Sullivan, Mary E. Sutton, Lillian Taylor, Katherine P. Toomey, Agnes G. Towle, Mary T. Townsend,

Approval has been given for the continued provisional temporary employment of Katherine Gordon as aid and settlement agent, from August 15 to September 12, inclusive, at \$1,000 a year.

PARK DEPARTMENT.

Approval has been given for the extension of the temporary employment, for a period of ten days from August 20, of Anna Herbon as laundress at \$22 a week.

Approval has been given for the emergency employment, due to extreme heat, of Dennis J. Geaney, 3 days, at \$5 a day.

PENAL INSTITUTIONS DEPARTMENT.

The following appointments have been made:

House of Correction.

Dr. Edward V. Bulger, dentist, \$13 a day, to succeed Arthur F. Glennon.

Dr. George Schwartz, M. D., physician, \$2,500 a year and maintenance, temporary.

Margaret Dolan, matron and cook, \$1,300 a year and maintenance, temporary.

Steamer "Michael J. Perkins."

John J. Darragh, watchman and marine fireman, two weeks, \$5.50 a day, during vacation of Watchman Doherty.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Approval has been given for the transfer of Arthur F. Kitchen, employee of the Boston City Hospital, as laborer in the Sanitary Service, Street Cleaning Division, effective August 23.

Abram J. McVicar, inspector at \$2,100 a year, has been granted an extension of leave of absence, without loss of pay, on account of injuries received while in the performance of duty on June 11.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Approval has been given to continue the temporary employment of the following, for three months from August 23, on P. W. A. and sewerage works construction, interchangeably, as their services are required: Francis A. Cass, rodman at \$1,200 a year; Charles T. Dinneen, transitman at \$1,800 a year; Charles W. Fagan, transitman at \$1,800 a year.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of July 17, 1934, as amended March 12, 1935, determining damages caused by the making of the public improvement consisting of the extension of Greateon road, be, and the same hereby is, amended, by adding to said order the amount \$325 as an award to Lela M. Gilliland and Carrie M. Cornwell; that the amount \$325 be, and the same hereby is, awarded to Lela M. Gilliland and Carrie M. Cornwell for damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 25, 1932, as amended, determining damages caused by the making of the public improvement consisting of the laying out of St. Theresa (formerly Cottage) avenue, be, and the same hereby is, amended by adding to said order the amount \$60 as an award to Elizabeth W. Hamer; that the amount \$60 be, and the same hereby is, awarded to Elizabeth W. Hamer for the damages so sustained.

* Disregarded, no delivery date given.

† Purchase order.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms and contractors for work, supplies, etc. Communications from the heads of the several departments were as follows:

SUPPLY DEPARTMENT.

BOSTON, August 16, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—On May 11, 1935, the city contract for gasoline with the Cities Service Refining Company expired and deliveries of gasoline under the new contract with Quincey Oil Company did not begin until July 18, 1935. Delay in signing the new contract was due to several causes, as follows:

Waiting for decisions from code authorities in Boston, New York and Washington on questions of code violation in proposals filed by several bidders. Readvertising for new proposals on revised proposal forms after suspension of N. R. A. regulations.

During the period from May 12, 1935, through July 17, 1935, it was necessary to keep the various city departments supplied with gasoline. Inasmuch as prices under the expired contract with Cities Service Refining Company were lower than those received in the proposals received on the first advertising, the Cities Service Refining Company was authorized to continue deliveries until such a time as bids could be readvertised for and a new contract negotiated. During the period beginning May 12 and ending July 17, 1935, the total amount of gasoline delivered to various city departments, was as follows:

Approximate gallons, 146,333; approximate total cost, \$15,194.30.

In view of the emergency existing, as stated above, I respectfully request that you approve an award, without advertising, to the Cities Service Refining Company, of this contract, amounting to approximately \$15,194.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, August 19, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis. The following bids were received at the E. R. A. Supply Unit, 18 Oliver street, on 1,000 cubic yards of loam for Park Department Project No. 2235-B12-390, Victory Road Playground.

R. E. Cunniff, Incorporated, \$1.18 cubic yard; total, \$1,180; discount, 2 per cent, ten days; John Deveney, \$1.15 cubic yard; total, \$1,150; M. McGinnis Company, \$1.15 cubic yard; total, \$1,150; discount, 1 per cent, ten days.

Bids were also requested from J. A. Singarella and Coleman Corporation, but no bids were filed. Inasmuch as M. McGinnis Company is the low bidder on this loam I recommend that the contract be awarded to him and respectfully request your approval of this award, without advertising.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

LIBRARY DEPARTMENT.

BOSTON, August 9, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MANSFIELD,—The trustees of the Public Library of the City of Boston request your permission to award a contract for the reconstruction of the parapet wall along the roof of the North Bennet street facade of the North End Branch building of the library without public advertising for bids.

Under the terms of the proposed contract the sum to be expended would not exceed \$1,265.

This action is based upon reports of an inspector from the office of the Superintendent of Public Buildings and a study of the conditions by the architects of the building, Messrs. Maginnis & Walsh, to the effect that immediate action is advisable.

Due to the great weight of certain ornamental stone castings and the action of rains causing erosion of the mortar the supporting brick construction of the parapet has weakened, causing thereby a pitching forward of the entire parapet to an extent deemed dangerous.

The figure quoted above as the outside cost of the work is the lowest of three bids which have been obtained directly without public advertising, namely, as follows:

Rugo Construction Company, Incorporated, \$1,265; M. Spinelli & Sons Company, Incorporated, \$1,435.50; M. H. Loonie, \$2,775.

Permission is requested to act without further delay and award this contract to the Rugo Construction Company, Incorporated, at the sum of \$1,265.

Very respectfully,

THE TRUSTEES OF THE PUBLIC
LIBRARY OF THE CITY OF BOSTON,
by F. W. BUXTON,
President.

PUBLIC WORKS DEPARTMENT (Paving
Service).

BOSTON, August 14, 1935.

To the Honorable Mayor.

I respectfully call attention to the construction of a permanent pavement in Weld street, between Cerdan avenue and the West Roxbury Parkway. This street construction was approved by the Board of Street Commissioners, August 29, 1933, and the street must be entered and construction started within a two-year period of that date. Consequently, if no work is performed previous to August 29, 1935, the order of construction lapses. As the construction of this street calls for the payment of damages, said damages already approved to the extent of \$6,100, it is impossible to construct in any other manner except as a charge under Highways, Making of, Loan, as per chapter 393 of the Acts of 1906.

The sewerage work involved in this street was completed in 1933 and there remains now the actual construction of street surface and the demolition of a house which stands exactly in the center of the proposed widening.

I respectfully request permission to advertise a contract to be charged under the Highways, Making of, Loan.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

CONTRACTS AWARDED.

SCHOOL COMMITTEE.

ITEM 5A—188 PAIRS COTTON UNDER SOCKS, ANKLE LENGTH.

NAME OF BIDDER.	Unit Price.	Total.	Cash Discount and Remarks.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water pipe construction, estimated to be three (3) weeks, the following temporary rules are effective August 19, 1935:

The operator of a vehicle proceeding in a northwesterly direction in Seaver street, Roxbury, shall make only a right turn from Seaver street into Harold street.

Parking of vehicles is prohibited in the following streets:

Harold Street.

East side, from Seaver street to Abbotsford street.

Abbotsford Street.

North side, from Harold street to Walnut avenue.

Westminster Avenue.

North side, from Walnut avenue to Washington street.

Vehicles are excluded from the following streets:

Walnut Park.

Wardman road to Walnut avenue.

Walnut Avenue.

Abbotsford street to Seaver street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted December 21, 1934, and January 2, 1935, and were effective December 26, 1934, and January 2, 1935, respectively, for trial periods and were extended for ninety (90) days from February 26, 1935, and were extended for ninety (90) days from May 26, 1935, are hereby extended for a further trial period of ninety (90) days from August 26, 1935:

Washington street is a two-way street, from Broadway to Kneeland street.

Parking of vehicles is prohibited in Washington street, east side, from Kneeland street to a point eighty (80) feet south of Kneeland street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was effective January 23, 1935, for a trial period of thirty (30) days, and was extended for a further trial period of ninety (90) days from February 23, 1935, and was extended for a further trial period of ninety (90) days from May 23, 1935, is hereby extended for a further trial period of ninety (90) days from August 23, 1935:

The following street is one way in the direction indicated:

North Market Street.

From Commercial street to Merchants row.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted May 17, 1935, and was effective May 27, 1935, for a trial period of ninety (90) days, is hereby extended for a further trial period of ninety (90) days from August 27, 1935:

Parking of vehicles is prohibited in the following street:

Charles Street.

Both sides of both roadways, from a point one hundred and ten (110) feet south of Allen street to a point one hundred and ten (110) feet north of Allen street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted May 17, 1935, and was effective May 22, 1935, for a trial period of ninety (90) days, is hereby extended for a further trial period of ninety (90) days from August 22, 1935:

The following street is one way in the direction indicated:

Carleton Street.

From West Newton street to Brad-dock park.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Eulita terrace, Brighton district, as a highway, from Union street to Winship street, bounded and described as follows:

A highway named Eulita terrace is hereby laid out, from Union street to Winship street, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Union street, twenty and 14-100 feet; northwesterly by the northwesterly line of said Eulita terrace as hereby laid out, one hundred thirty-three and 80-100 feet; northerly by the northerly line of said Eulita terrace as hereby laid out, fifty-eight and 90-100 feet on a curve of thirty-seven and 50-100 feet radius; northeasterly by the northeasterly line of said Eulita terrace as hereby laid out, seventy-five feet; southeasterly by Winship street, twenty feet; southwesterly by the southwesterly line of said Eulita terrace as hereby laid out, seventy-five feet; southerly by the southerly line of said Eulita terrace as hereby laid out, twenty-seven and 49-100 feet on a curve of seventeen and 50-100 feet radius; and again southeasterly by the southeasterly line of said Eulita terrace as hereby laid out, one hundred thirty-one and 46-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Eulita terrace, Brighton district, as a highway, from Union street to Winship street, under the order of the Board of August 19, 1935, and awards no damages therefor.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

POLICE DEPARTMENT ORDERS.

General Order No. 73.

A trial board consisting of Captains McGrath, Kavanagh and Flaherty, having heard by reference a complaint made by Thomas F. Mulrey, captain, detailed to Division 10, against George Dane, patrolman, Division 10, for alleged violation of Rule 36 of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the 2d day of August, 1935, the said Patrolman George Dane, while not on duty and not in uniform, was under the influence of intoxicating liquor to such an extent that he was unable to properly perform the duties of a police officer if called upon so to do,—

has submitted the following finding and recommendation:

"The Board accepts the patrolman's plea of guilty and after taking into consideration the high recommendation of his superior officers, the fact that this is his first appearance before a trial board and that this offence was committed while he was off duty and not in uniform, respectfully recommends that the said Patrolman George Dane be suspended from duty for a period of fifteen days as of August 3, 1935, and at the expiration of said period of suspension he be ordered to perform 105 hours of punishment duty."

The commissioner accepts the finding and recommendation of the Trial Board and hereby orders that the said Patrolman George Dane be suspended from duty for a period of fifteen days as of August 3, 1935, and at the expiration of said period of suspension he perform 105 hours of punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

RELIEF-ROLL EMPLOYEES FOR SNOW REMOVAL.

It was good news to cities throughout the country when the Federal Emergency Relief Administration notified State Emergency Relief Administrations that men on relief rolls might be used for snow-removal projects in all communities where there was need for such labor. This action gave work to thousands of men who were in urgent need of help, and at the same time it aided materially in keeping streets and sidewalks open for traffic in many communities where street cleaning departments were financially unable to cope with the storm.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

POLICE SERVICE (MALE).

CITIES AND TOWNS OUTSIDE OF BOSTON
AND METROPOLITAN DISTRICT, OCTOBER
5, 1935.Last date for filing applications, Sat-
urday, September 21, 1935, at 12 noon.BOSTON AND METROPOLITAN DISTRICT,
OCTOBER 19, 1935.Last day for filing applications, Satur-
day, October 5, 1935, at 12 noon.This is the regular examination for
police service for state, all cities and
such towns as are classified under civil
service.NOTE.—Applicants for any city or
town police department who desire to
have their names placed on the eligible
list for Metropolitan police service must
so signify when filing application.On October 5 the examination will be
held in various centrally located cities.
On October 19 the examination will be
held in Boston and all persons who live
within commuting distance will be noti-
fied for the examination on this day.Chapter 153 of the Acts of 1935
provides that no person shall be ap-
pointed as an officer or member of the
Boston police force unless he has been
a resident of said city for at least two
years immediately preceding the date
of his appointment.Applicants for the police service of
Boston and Metropolitan Park are re-
quired to be not less than twenty-five
nor over thirty-five years of age at the
time of filing their applications and
must be not less than 5 feet eight inches
in height in bare feet, and weigh not less
than 135 pounds without clothing.Applicants for Metropolitan Park
police service must be able to swim and
will be given practical tests in swimming.Applicants for service in the cities
and towns outside of Boston are required
to be not less than 5 feet 7 inches in
height, not less than 135 pounds with-
out clothing, and not less than twenty-
one nor over forty years of age at the
time of filing applications, except in
those cities which have provided for the
retirement of police officers by pension
under statute, in which cases applicants
shall be not less than twenty-one nor
over thirty-five years of age.A certificate of date of birth must be
filed with the application, unless one has
been filed with a previous application.The subjects of examination with their
respective weights will be as follows:
Training and experience, 3; general in-
formation, 2; memory test, 1; practical
questions, 4; total, 10.Physical fitness to be determined by
physical examination and strength tests.Educational test, 3; physical test, 2;
total, 5.Applicants will be required to obtain
at least 50 per cent in general infor-
mation and in memory test; at least 60
per cent in practical questions, and at
least 70 per cent in training and ex-
perience, in the educational average, and
the strength test, in order to become
eligible.The practical questions will be based
largely upon information contained in
a manual known as the "Blue Book".
This manual may be obtained from the
Secretary of State, Room 118, State
House, at ten cents a copy. It is neces-
sary that applicants obtain a copy of
this manual and study it carefully.CIVIL SERVICE EXAMINATIONS.
(STATE.)

Examinations, 1935.

Examinations will be held at the fol-
lowing points and on the following dates:

Boston, Monday, September 16.
Worcester, Wednesday, September 18.
Springfield, Thursday, October 17.
Pittsfield, Friday, October 18.
Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in
English.Applicants for Class B or journeyman's
certificate must be at least eighteen years
of age and have had at least two years'
practical experience or the equivalent in
the installation of wires, conduits, appa-
ratus, fixtures and other appliances for
carrying or using electricity for light,
heat or power purposes.Applicants for Class A or master's
certificate must be at least twenty-one
years of age and have had at least two
years' experience in the business of in-
stalling wires, conduits, apparatus, fix-
tures and other appliances for carrying
or using electricity for light, heat or
power purposes.Examinations shall consist of appli-
cant's knowledge of the National Elec-
trical Code and practical electrical work.All persons desiring to be examined,
either for a Master or Journeyman Cer-
tificate, shall have application on file at
least ten days previous to the date of
such examination.Applicants for examination will be
required to obtain at least 70 per cent in
order to obtain a certificate.Applicants who fail to obtain the re-
quired 70 per cent will not be entitled to
re-examination until a period of three
months has elapsed, and those who re-
ceive less than 50 per cent, or who fail
on the practical demonstration, will not
be re-examined for a period of six months.Any person found referring to notes or
books, or misbehaving during an exami-
nation, will be debarred from that exami-
nation.Notice will be sent to applicants for
certificates when and where examination
will be held, and only those so notified
will be examined on that day.

HOMELESS MEN'S SERVICE IN CITY OF BOSTON.

The following statement has been sent to Judges of Boston's Municipal Courts, police and probation officers:

Since January, 1935, the Department of Public Welfare has put into operation a complete service for homeless men in conjunction with the Central Application Bureau, operated by the Council of Social Agencies, and the Travelers' Aid Society, and the Federal Transient Bureau.

Because this service is so thorough it is no longer necessary for a homeless man who either belongs in Boston or who comes from elsewhere to panhandle in order to exist.

The Central Application Bureau, now located at 199 Cambridge street, but later to be housed in the old Station 3 building at 80 Joy street, with the Public Welfare Homeless Men's Service, acts as a sorting machine.

Men Under Thirty: Men and boys under thirty years of age are taken care of by the Industrial Aid Society at 41

Hawkins street. These younger men are placed in rooms and furnished with meal tickets or cash, as the organization sees fit.

Transients: Men who have not lived in Massachusetts for a period of a year or more are taken care of by the Federal Transient Bureau, and are housed at the Federal Transient Shelter, Eden street, Charlestown.

Those physically fit are later sent to camp, either at Wakefield or Warwick. Interstate transients are sent to the Travelers' Aid Society, which provides meals and lodgings pending a return to their home city or town. If this is not possible, an attempt is made to get employment for the man, but in all events he is cared for until provision is made for him.

Men Over Thirty: Men over thirty, who are not accepted by one of the above-named organizations, are referred to the Boston Public Welfare Homeless Men's Service. Here a plan of adequate relief is provided.

The day a man makes his application emergency meal tickets are given him,

and he is housed at Wayfarers' Lodge, 30 Hawkins street.

Immediately, the social worker in charge attempts to get in contact with the relatives, if any. In many instances, through the efforts of the department, men have been returned to their families.

No man is compelled to go hungry under any condition. Pending further action, as soon as the applicant is registered he is granted a \$2 meal book and housed at the Wayfarers' Lodge.

Once the investigation is complete the man is either placed in a room and taken care of or absorbed by the regular welfare routine; or he may be sent to the former Veterans' Hospital at West Roxbury, where the E. R. A. has established a single men's farming work relief project.

The men here receive \$12 a week—regular E. R. A. laborer's wages—and are thus self-supporting.

From the foregoing you can see that the former attitude of the police and the courts towards panhandling by homeless men, as the only solution, is no longer necessary.

The new plan is working out efficiently. All that is necessary to make it entirely successful is a thorough knowledge of the procedure by the police, an understanding by needy men, and by the public, that relief and planned rehabilitation await them if they apply to the above-mentioned agencies.

In view of this program I request that the police and the courts cooperate with the Department of Public Welfare and other agencies in putting an end to panhandling and other acts of vagrancy.

It was called to my attention recently that a man arrested for panhandling was found to have both a Department of Public Welfare meal book and a lodging card in his pocket, showing, in this particular instance, that panhandling was not necessary, yet the following morning the man was released by the court.

Another problem of our Homeless Men's Service is that of innumerable releases after successive arrests for drinking. This problem, however, has adjusted itself to a great extent by the issuance of meal books. Most men welcome food instead of drink. Many coming to our office under the influence of liquor have told us, "Nobody will buy you a cup of coffee, but nearly anyone will buy you a drink."

Since the establishment of this service and the issuance of meal books the men very rarely come to the office under the influence of liquor.

On the other hand, there are those who are rarely sober, and for these chronic drinkers the department feels that institutional care is the only remedy.

JOHN C. L. DOWLING,
Executive Director.

EXTRA WORK UNDER CONTRACT.

James L. Pierce has been directed to perform the following extra work under the contract for laying sheet asphalt pavement on LaGrange street (Section B), from Washington street to Centre street (P. W. A. Docket 4205-J). Items ordered: Construct double frame on sidewalks for boom space. These frames will consist of 8,000 linear feet of 2-inch by 4-inch lumber at four cents per linear foot; for setting and stripping the same, three and one half cents per linear foot. This extra work has been approved by the Federal authorities. Estimated cost of extra work, \$600.

FIRE DEPARTMENT ORDERS.

General Order No. 38.

I. ALBERT F. MITCHELL.

It is with sincere regret that the Fire Commissioner announces the death of Albert F. Mitchell of Ladder Company 8 who died on August 9, 1935, as the result of injuries received in the performance of his duty at Box 1245 on the same day. Ladderman Mitchell sacrificed his life for the protection of the life and property of the citizens of Boston.

The funeral was held from the residence of his sisters, 23 Reedsdale road, Milton, Monday morning, August 12, 1935, followed by services at St. Mary of the Hills Church.

The Chief of Department made the customary detail to act as a funeral escort and the members of Ladder Company 8 were excused from duty in order to attend the funeral.

II. NEW FIRE ALARM BOXES.

New fire alarm boxes will shortly be established as follows:

Box 3386, Boston State Hospital, Harvard and Morton streets. This box will be connected into circuit No. 31 and the assignments will be the same as for Box 3384.

Box 6242, Ashley and Breed streets. This box will be connected into circuit No. 6 and the assignments will be the same as for Box 6243.

New assignment cards, dated August 16, 1935, for Box 6242, Ashley and Breed streets, are being issued to the department today. Company commanders will mark the company number on back of old cards for this box and return them to Headquarters on or before Wednesday, August 21, 1935.

III. COMMENDATION.

Ladderman Henry F. McDonald of Ladder Company 31 is hereby commended for responding to and working at fire, 2d alarm, Box 6163, August 6, 1935, while off duty.

By order of Fire Commissioner
EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

CHANGE IN CONTRACT.

PUBLIC WORKS DEPARTMENT.

Coleman Brothers Corporation has been ordered to make the following change in the contract for repairing and strengthening the Chelsea Bridge North over the Mystic River. Item 29: Said item calls for the contractor, among other things, to furnish 4-inch paving blocks. This paving block will be furnished by the Public Works Department on the work and the item as changed will read: "For furnishing and placing sand cushion, asphalt joint filler, and precast expansion strips on the new pile approaches, and the placing of the 4-inch granite blocks delivered, including all incidental work, for the sum of \$1.25 per square yard in place of the \$2.50 per square yard as bid." This will make a reduction in the estimate of this item of approximately \$5,000.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 145 Silver street, Ward 6, the building is in an unsafe and dangerous condition; dilapidated and a fire hazard. The owner, Edward J. Mahoney of 140 Silver street, South Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Mr. Mahoney states that he is financially unable to pay for the razing of the building, and our inspector reports that his investigation bears out this statement.

The building at 57 Gibson street, rear, Ward 16, the structure is unsafe and dangerous, out of plumb, open to the weather, parts of the structure are missing and broken and it constitutes a fire menace. The owner, C. Alford Wilton of 67 Clayton street, Dorchester, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that the owner is financially unable to pay for the razing of this building.

The building at 192 Gardner street, rear, Ward 20, the building is in a dangerous and dilapidated condition. The owner, Andrew H. Hodgdon, care of Waldo C. Hodgdon of 197 Clarendon street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. Our inspector reports that his investigation discloses that the owner is financially unable to pay for the razing of the building.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

POSTPONEMENT NOTICE. CHANGE IN ENTRANCE REQUIREMENTS.

RECONSTRUCTION AIDE, BOSTON CITY HOSPITAL, SEPTEMBER 10, 1935.

Last date for filing applications, Tuesday, August 27, 1935, at 5 p. m.

Salary: \$15 a week. This position is for part-time service.

Duties: Applicants should be familiar with the physics of galvanic, sinusoidal, high frequency, faradic and static currents; ultra-violet ray of the quartz-mercury lamps; and the carbon-arc lamp. Applicants should have a thorough knowledge of the technique employed when using any one of the above mentioned modalities for the purpose of treating disease.

The department requests that applicants be graduated from a recognized school for nurses or graduated from a school in physical training and in the absence of the above that they have (1) a thorough knowledge of anatomy, (2) familiarity with physiology and pathology, and (3) a thorough knowledge of massage and remedial exercises. Credit will be given in the examination for these qualifications.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

TAX COLLECTIONS FOR MUNICIPALITIES IMPROVE.

The results of a nation-wide survey of tax collections covering reports from 106 cities throughout the United States, just completed by Frank H. Morse of Lehman Brothers, New York, show that there has been a definite improvement in tax collections in 1934 over 1933.

Questionnaires were sent to the finance offices of the principal cities in each section of the country and 106 replies were received from city officials throughout the country. Of the 106 cities which reported, 82, or 77.3 per cent, showed an improvement in 1934 collections over those of 1933, as against 24 cities, or 22.7 per cent, which reported a decrease in 1934 collections. (From the American City Magazine.)

COST OF UNEMPLOYMENT RELIEF.

The annual cost of various types of unemployment relief made by the National Industrial Conference Board, based on 3,500,000 relief cases, have been estimated at from a little less than \$1,000,000,000 for direct relief of the type received by more than half of the persons now on the relief rolls to over \$8,000,000,000 for public works relief, with full-time employment, at the "prevailing wage" rate. According to the report released February 28 the story is:

"The average cost of direct relief per case during the third quarter of the past year was at the rate of slightly over \$280 per year. At this annual rate the total cost for 3,500,000 cases would amount to \$989,000,000. The average cost of work relief has been around 50 per cent greater than the cost of direct relief. The average for the third quarter of 1934 was slightly over \$35 per month, or around \$420 per year. Continuous employment for 3,500,000 persons during a period of twelve months would cost \$1,475,000,000.

CHANGE IN DATE FOR OPENING OF BIDS.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

ADDITIONS AND ALTERATIONS TO THE ROBERT GOULD SHAW INTERMEDIATE SCHOOL FOR THE DEPARTMENT OF SCHOOL BUILDINGS, CITY OF BOSTON, MASSACHUSETTS. NATIONAL INDUSTRIAL RECOVERY PROJECT. P. W. A. DOCKET NO. 4217 W. R.

SPECIAL NOTICE TO GENERAL CONTRACTORS.

Contractors are hereby notified that the opening of sealed proposals to erect and complete an addition and alterations to the Robert Gould Shaw Intermediate School in the District of West Roxbury, Mass., is hereby deferred and the day for opening of bids is extended to 2 o'clock p. m. of Friday, August 30, 1935, and all of the terms and conditions contained in the notice of July 13, 1935, shall apply to this notice.

WM. W. DRUMMEY,

(Aug. 24.) Superintendent of Construction.

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR ANTHRACITE COAL.

The Police Department of the City of Boston invites proposals for furnishing and delivering anthracite coal. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, 154 Berkley street, Boston, Room 106, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$500, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Wednesday, August 28, 1935, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkley street, Boston. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to the estimated contract amount.

EUGENE M. MCSWENEY,

(Aug. 24.) Police Commissioner.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TRAFFIC SIGNAL EQUIPMENT TO THE BOSTON TRAFFIC COMMISSION.

The Supply Department of the City of Boston invites proposals for furnishing traffic signal equipment to the Boston Traffic Commission. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each proposal taken out. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Wednesday, September 4, 1935, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,

(Aug. 24.) Superintendent of Supplies.

CITY OF BOSTON.

PENAL INSTITUTIONS DEPARTMENT.

PROPOSAL FOR REPAIRING WHARVES AT DEER ISLAND.
